

The Charismatic Charlie Wade Chapter 1026 – 1030

Chapter 1026

He panicked and said: “What are you going to do? My daughter is innocent! Don’t involve her!”

The man in black sneered: “How many babies and children in your beggar gang have been kidnapped by you, aren’t they innocent? Isn’t your Nanshan’s child a human, and other people’s children are not humans?”

Nanshan was shocked!

Before he and his wife could recover, they were forcibly taken into the helicopter by the man in black.

They were taken on the helicopter along with their daughter.

One of the men in black directly took out a syringe and gave Nanshan’s daughter a tranquilizer.

This shot of tranquilizer can give Nanshan’s daughter at least another 10 hours of sleep.

Afterwards, the plane quickly climbed and flew towards the bridge where Charlie was.

.....

At this moment, above the bridge.

Liu Zhaochen’s family of six is almost shocked.

Jiang Ming had already fainted a few times with fright, and regained consciousness.

The elder of the Beggar Gang, who was responsible for buying and selling people, was already on the way here. Issac's subordinates were already on the bridge and had no nets. As long as this person appeared, he would be immediately controlled.

Liu Zhaochen knelt in front of Charlie at this time. The blood that had been kowtow before, had formed blood scabs, making him look terrible.

But his expression was full of horror. He looked at Charlie and begged: "Brother, if the elder beggar comes over later, please let us go! We will definitely reform in the future. , Never do this kind of unconscientious thing again!"

Charlie sneered and said: "If you really have a long memory, when you make a pirated CD and your right hand is cut off, you will already have a long memory. Others have worked so hard to make a movie and prepare to be shown in the theater to earn the box office. , To recover the cost, and as a result, you stupid stole the fruits of other people's labor directly. If you are a pirated rubbish, brazen stupid, you should have no place to bury the whole family! I didn't expect you to be a pirate. You even hit the child with the idea, you are adding sin to sin!"

Liu Zhaochen burst into tears. He raised his severed right hand and begged: "Brother, I do piracy is really not something, really d*mn it, I have already paid the price! You see, I lost my right hand when I was young It's not easy for me to live the past few years!"

Charlie said coldly: "Your right hand is just the price you paid for piracy. Now you have to pay the price for kidnapping and stealing children!"

Liu Zhaochen cried and said, "Brother, why don't you take one of my legs, take one of my legs, I will definitely be a good person in my life!"

Charlie smiled and said: "You are quite good at discussing with others. It is not impossible to abandon your leg, but you have stolen 10 children in total. For each child, I abandon your leg. You have ten legs for me. ?"

Liu Zhaochen was stunned.

Seeing Charlie's face full of solemnity, as if he was about to kill him today, he said in a flustered heart: "Brother, although I don't have ten legs, there are seven of us! Seven people, that is fourteen legs. what....."

Charlie smiled and said: "You are quite good at doing arithmetic problems, but this kind of thing cannot be offset by the seven of you, because the results you seven have to face are exactly the same."

Just as he was talking, a heavy forklift drove over from the bridge head with a Mercedes-Benz S-Class directly on the fork!

Issac's voice came from the intercom: "The young master, the elder of the beggar gang has been brought over. It is in the Mercedes-Benz sedan. The car is bulletproof. He is unwilling to get out of the car, so I just let him be forked!"

Chapter 1027

As the forklift got closer and closer, Charlie asked the people around to make an open space, and waved at the forklift driver: "Come on, put him here!"

The forklift driver immediately drove the bulletproof Mercedes-Benz S-Class all the way to Charlie.

Issac said at this time: "Don't worry, don't put him down now, otherwise he will suddenly hurt the young master if he puts on the gas pedal. First remove his four wheels, and then put him down."

As a result, several workers from construction sites immediately took equipment and went up and unloaded all his four wheels.

At this time, there was a fat man sitting in the car. The fat man was full of horror and shouted in the car: "Who are you guys and what do you want to do?"

Charlie ignored him.

After all four of his wheels were unloaded, the forklift put the car in place.

Charlie took out his phone, turned on the video recording function, looked at the fat man in the car window, and said coldly: "The elder of the Beggar Gang, right? You are responsible for buying minors for the Beggar Gang, right? I will give you a chance now. If you don't grasp the opportunity to walk down, you are at your own risk."

The fat man looked at him with trepidation, and blurted out, "Who are you? I have never seen you before. We can't have any hatred, what's the resentment!"

Charlie lifted Liu Zhaochen up, pointed at him, and asked the fat man: "Do you know this person? Have you told him that you want to take over ten orphans from him?"

The fat man's face instantly turned pale.

Immediately, he glared at Liu Zhaochen and cursed: "You, you f*cking dare to sell me!"

Liu Zhaochen was also full of anger with nowhere to vent, staring at him, hysterically cursing: "You b@stard, if it weren't for you, I wouldn't be able to walk this way! You f*cking killed our family!"

Charlie looked at the fat man again and asked in a cold voice, "I will ask you one last time, will you not come down?"

The fat man didn't dare to get off, at least he could find a sense of security in the car.

Seeing that he was indifferent, Charlie said to Issac: "Are there electric welding equipment in these construction vehicles?"

Issac immediately asked through the walkie-talkie: "Whose car has an electric welding machine?"

A voice came from the walkie-talkie: "Master, I have a set of welding equipment and inverters in my car, just for mobile welding!"

Issac blurted out: "Bring here quickly!"

After a while, a truck drove over. After the driver jumped out of the car, he immediately lifted a set of electric welding equipment from the back of the truck.

Charlie pointed to the Mercedes-Benz S-Class and said, "Since this fat guy likes to stay inside, then weld all the doors, find some steel bars, and weld all the windows!"

There were so many construction vehicles, and various construction site materials were pulled inside, the most of which were cement, yellow sand and muck, followed by steel bars and other steel plates.

Upon hearing that Charlie ordered the car to be welded to death, the worker immediately greeted several workers for help. Then, many people carried various steel bars and the steel plates ran over quickly.

When the fat man in the car saw the battle, his soul was frightened. He asked hoarsely, "What are you going to do? I have no grudges against you, why are you doing this to me?"

Charlie sneered: "You kidnap and sell children, everyone will be punishable! To do this kind of conscience business, you must have enough psychological preparation!"

After that, he roared: "Do it now!"

Several workers immediately got busy. First, all the doors of this Mercedes-Benz were welded to death, and then all the windows of this Mercedes-Benz were welded into cages with various steel plates.

The fat man became more and more frightened inside, and his whole person almost collapsed.

He had already felt something subconsciously, but at this moment, deep down in his heart, he was still deceiving himself and couldn't believe it.

Chapter 1028

Charlie's mobile phone has been recording his images, and naturally recorded all the scene of him being welded to death in the car.

The fat man looked at Charlie and threatened with all his strength: "I warn you, let me go quickly, our boss's brother-in-law, is no one but Regnar of the Wu family! You must have heard of Regnar's name. How can you not provoke him, if you dare to be against me today, my boss and his brother-in-law Regnar will definitely not spare you!"

Charlie smiled and said: “Your boss? Your boss is already on the way here, so let’s let him watch you on the road later!”

As he was talking, a helicopter in the sky had already moved quickly!

After a few minutes, the plane landed slowly, and several people in black escorted him. Nanshan and his wife Kaili walked off the helicopter.

When Nanshan saw the battle in front of him, he was shocked, his soul lost his body!

He has been out for so long and has never seen such a scary battle!

Dozens of engineering vehicles directly sealed the entire bridge, several helicopters were parked on the bridge, and dozens of men in black with guns and live ammunition.

H thought it was the troops doing some exercises.

He couldn’t help wondering in his heart, who are these people? Whom did you offend? Those beggars who usually rob themselves of buying and selling, who has such great ability?

Those people in black brought him to Charlie.

Charlie observed at him and asked in a cold voice: “Are you Nanshan?”

Nanshan felt tight, and subconsciously asked: “Who are you? What are you looking for?”

Charlie smiled and said: “Me? I am the one who will kill you!”

When Nanshan heard this, his face became cold, and he immediately said angrily: “You want my life? Do you know who my brother-in-law is?”

Charlie smiled and said, “I know, isn’t it Regnar? Do you think Regnar can save you at this time? If this old dog Regnar rushes over today, I will kill the entire Wu family today. Right here!”

“You...” Nanshan was shocked. He couldn’t understand why the young man in front of him had such a strong confidence, and he dared to say such arrogant words.

Who is Regnar? Regnar is an existence that no one can match in the whole Aurous Hill and no one dares to mess with!

He is the king of Aurous Hill!

But the young man in front of him didn’t pay attention to Regnar at all. What gave him such a confidence?

At this time, the fat man who had been completely welded to death in the Mercedes-Benz car opened a window in the car and shouted to the outside: “Boss, Boss, you must save me, Boss!”

Nanshan was shocked. He turned his head and found that in the Mercedes-Benz that was welded to death, there was sitting in one of the nine elders of his beggar gang.

He hurriedly blurted out and asked: “Old Liu, why are you here?”

The beggar elder in the Mercedes Benz cried and said, “Boss, I came to pick up the goods. I didn’t expect that the boy who talked to me, he actually cheated me, because he united with others to do the crime I, boss, you must save me!”

Nanshan was frightened and stupid, this battle is clearly to kill!

If the opponent dares to kill own elder, he must dare to kill him...

He was nervous and scared to die, and tremblingly asked Charlie: “Brother, what on earth do you and I have misunderstood? Or what do you want? Just ask, as long as I can give it to you, I just beg you to let us go!”

Charlie said coldly: “Your beggars help to do some conscienceless things. What I want today is a heaven! A justice!”

Chapter 1029

Nanshan said in horror: “Brother, how can my brother-in-law Regnar be regarded as a face and face in the south of the Yangtze River. If you kill me, he will definitely not let you go. Instead of repaying injustices like this, why can’t turn fighting into jade?”

Charlie smiled indifferently, and said: “I’m sorry, you want to turn a fight with me into a jade silk, you are not worthy! Even Regnar is not worthy! You see Regnar as a god, but in my eyes he is just a pile of sh!t!”

After that, he said again: “Nanshan, don’t worry, come one by one, I will send your brother on the road first, and then have a good chat with you!”

Immediately afterwards, Charlie looked at the fat man in the Mercedes-Benz, and said coldly: “You kidnap and sell children, you lose your conscience, you are a tiger, and everyone is punishable. Today I will act for the sky and let you do what you do. To pay the price! Don’t you like your Mercedes-Benz? Don’t you like to stay in it and not get down? Okay, let this car be your coffin and let your boss send you on the road!”

After all, he looked at Nanshan and said coldly: “Come on, you sing a song loudly for me, sing a famous Italian song! Goodbye friends!!”

Nanshan subconsciously shivered and said: “I...I won’t...”

Charlie scolded: “You f*cking bluff me? Who can sing such a classic song?”

Nanshan does sing this song, and he often sings it in KTV, but how could he be willing to sing it at this time?

The young man in front of him welded one of his generals in a Mercedes-Benz car, and said that he wanted this car to be his coffin, which meant that he would die in the car.

He can’t save his brother, nor can he sing goodbye to friend when he dies, right?

Seeing that he didn’t even speak, Charlie immediately yelled: “The sniper take his right leg!”

As soon as the voice fell, he heard a gunshot!

Then Nanshan knelt on the ground with a plop.

His right knee has become a mass of fleshy flesh, and the pain makes him cry.

Charlie continued: "I count 123, and within three seconds, if this person doesn't sing to me, you'll break his other leg!"

"One!"

"two!"

Nanshan was so scared to cry when he heard this: "Don't shoot, don't shoot, brother, I sing, I will sing!"

After all, he endured the sharp pain in his right leg and knee, and sang choked with a trembling voice: "Oh goodbye friend, ah, goodbye friend, ah, goodbye friend, goodbye, goodbye... .."

Charlie looked at the fat man in the Mercedes-Benz car and asked him with a smile: "Have you heard? Your big brother is singing to see you off, you can go on the road with peace of mind!"

The fat man collapsed in pain, slapped the car window and shouted: "I don't want to die, please spare my life, I really don't want to die..."

Charlie stopped paying attention to him, but yelled, "Hang up this Mercedes Benz for me with a heavy helicopter!"

Issac immediately ordered one to go down.

In the car, the big fat man was completely crazy. He slapped the car window frantically, crying and begging: "Brother, uncle, please let me go. I'm still young and I don't want to die. I have 80 mothers. There are three-year-old children. If I die, they will all be over!"

Charlie sneered: "Before you do this business, you should have thought that you will end up like this!"

A heavy helicopter tied the Mercedes-Benz with a cable, and then slowly hoisted it in the air.

Chapter 1030

Charlie said coldly: "Throw him into the river for me!"

The helicopter immediately flew to the river surface by the bridge, and then the aircraft suddenly disconnected the rope, and the Mercedes Benz crashed into the river surface at a very fast speed.

This Mercedes-Benz itself is bulletproof, and the body is very heavy, plus the steel plate welded in a circle makes it heavier.

Therefore, the moment it plunged into the river at high speed, it immediately threw a spectacular splash of water!

The splashing water even formed a small rainbow in the sun!

Immediately afterwards, the Mercedes-Benz car sank directly into the river bottom and disappeared without any delay!

Everyone present knew that this fat man was bound to death.

Because that car has been completely welded to death, it is impossible to escape for him now!

Jiang Ming, Liu Zhaochen's family, and Nanshan's couple suddenly collapsed with horror as they watched the Mercedes-Benz sink to the bottom of the river.

No one thought that Charlie would be so decisive when killing someone.

Jiang Ming also clearly realized at this moment that this orphan, who grew up with him since childhood, seemed to be able to kill him today.

He crawled to Charlie's feet, crying and his whole person was out of breath: "Charlie, please let me go. I am different from them. I have never done such a mourning before. For the best things, I was just confused for a while, and blinded for a while, I beg you to give me another chance, you grew up with me, you know that I am not the kind of heinous person..."

Charlie looked at him in disgust, and said coldly: "Jiang Ming, there is a truth you have to understand. Some mistakes can be forgiven, but some mistakes can never be forgiven, even for the first time!"

After finishing talking, he used the camera of his mobile phone to aim at Nanshan and his wife, and said coldly: "Come on, I will give you and your wife a chance to confess to the people of the whole country. Looking at my mobile phone camera, you have done it all these years. If you do well, I might be able to make you suffer less."

Nanshan's wife Kaili was almost silly, but at this moment, she knelt on the ground with a thump, crying and begging for mercy: "Big brother, please forgive me, I'm just Nanshan's wife, I don't even know. What did he do on weekdays, I am really innocent!"

As she said, she pointed to her flat lower abdomen, and said: "You tell me, I have been pregnant for two months, please let us go and give us a way out!"

Upon hearing this, Nanshan subconsciously cursed: "Kaili, you actually want to betray me at this time!"

Kaili suddenly exploded: "Nanshan, I have your seed in my stomach! Don't I want to leave a queen for you Xue family? If we both die here today, your Xue family's incense broken!"

In fact, Kaili's thinking is very simple, just to survive.

She didn't live enough and didn't want to die!

If she is allowed to die with her husband and live as a widow by herself, choose one of the two, then she must choose the latter.

Nanshan also thought at first that she was going to live alone.

But listening to her say this, his heart suddenly shuddered.

His wife is right, if both him and his wife are dead, even if the young man in front of him let go of his daughter, his own incense will be cut off!

With a daughter, in the eyes of the Xue family, the incense cannot be continued!
