

# The Charismatic Charlie Wade Chapter 1661 – 1665

## Chapter 1661

Ito Yuihiko couldn't understand why Charlie came here, and Tanaka couldn't understand even more.

After all, in his impression, Charlie's identity is just Aoxue's coach, a local master in Aurous Hill, but why did he suddenly appear in Tokyo, and also in the meeting room of Kobayashi Pharmaceutical?

What is even more confusing is why Charlie said he is a major shareholder of Kobayashi Pharmaceutical? !

At this time, Ito's expression was a bit ugly.

On the way he came, he heard Tanaka talk about Charlie. In fact, he was very disdainful of such so-called masters, so he didn't take him to heart.

So he observed at Charlie and shouted in a cold voice: "Boy, you must consider the consequences before speaking. You can't afford the price of talking about it!"

Charlie didn't know Ito Takehiko. Seeing that this man looked like he was about fifty years old, with a big back, his expression and tone were very arrogant, and he suddenly felt a little dissatisfied.

He observed at Ito Takehiko, and said coldly: "Don't think you can pretend to be aggressive when you are old, and you will hit me if you get angry."

When did Takehiko Ito feel so angry?

Even the current Yamaguchi Group's Seventh Generation Mee must be respectful when meeting him. In this country, no one dares to talk to him like that.

As a result, Takehiko Ito was immediately furious, pointed at the two bodyguards beside him, and shouted angrily: "Teach him a lesson!"

As soon as the voice fell, the two people who had not moved like a mountain immediately rushed to Charlie.

They are all top masters, and different from the competition-type players like Yamamoto Kazuki, they are all real combat players, really hands-on, there may not be any good-looking tricks and postures, but they are absolutely lethal!

The two of them let out a low growl, all the strength of their bodies was raised, and they immediately attacked Charlie.

Seeing these two people rushing towards Charlie, Tanaka became tense.

He was not worried about Charlie, but about the two personal bodyguards of Ito Takehiko.

He had seen it with his own eyes at that time, how Charlie used a palm to destroy Yamamoto Kazuki, and Yamamoto Kazuki was a sc\*m without fighting power in front of him!

No matter how strong these two bodyguards are, they can't be several times stronger than Kazuki Yamamoto, right?

For Charlie, it could be done in just a few palms.

At this moment, the two bodyguards had already rushed to Charlie, one on the left and the other on the right, hitting both sides of Charlie's ribs with heavy punches.

The ribs on both sides are one of the weakest parts of an adult's body. The ribs are not as hard as a skull, and they are extremely prone to breakage when hit from the side. If the ribs are broken from the side, the broken ribs themselves will also become A sharp blade pierced the victim's body.

The ribs protect the most important internal organs. Once a broken rib pierces the internal organs, it is extremely easy to cause severe internal bleeding, which may directly kill the other party!

This kind of cruel trick is almost lethal!

Charlie couldn't help narrowing his eyes slightly.

In ordinary conflicts, very few people come up and use such insidious tricks, either running their faces or running their limbs, even if they abolish all limbs, they will not kill others.

But he didn't expect that these two men would be so insidious that they wanted to kill him if he didn't agree with them. Looking at it this way, don't know how many people have already lost their lives!

Moreover, these two people know how to use hands, and it seems that they are also a good practice.

So Charlie sneered, and at the moment when the two fists were about to hit his ribs on both sides, he suddenly stretched out his hand and grabbed the wrists of the two at extremely fast speed.

## **Chapter 1662**

The two powerful offensive stopped abruptly at this moment!

Both of them were frightened by the sudden huge force on their wrists, and found that their fists couldn't move in, and they couldn't retreat. They immediately realized that they had met a master today!

The two looked at each other, and they could see the panic in each other's eyes.

Afterwards, the two exchanged glances, and at the same time they exerted force, trying to free their right hand from Charlie's hand.

But unfortunately, with all their strength, they still couldn't withdraw their right hand even at all!

Charlie looked at the two with a smile on his face, and said with interest: “The hands of the two are a bit dark! They attacked others’ ribs when they came up, are you afraid of killing them?”

The two were very nervous, and one of them said: “We just want to test your strength, nothing else!”

Charlie laughed: “Such a bad reason can be imagined, and it seems there is really something!”

Seeing that his two personal bodyguards were completely controlled by Charlie, Ito became nervous and blurted out: “What do you want to do?! Do you know who I am? If you mess with me, you will never end well in Japan!”

Charlie smiled: “The duck has a hard mouth when it dies, you really have your unique opinion.”

After finishing speaking, he looked at the two bodyguards of Ito Takehiko, and said lightly: “You two remember that all your encounters today are due to your master!”

The two of them were asking for mercy, and Charlie suddenly twisted his hands, and their right arms were twisted into woven ropes!

At this moment, the two cried out in pain, and everyone at the scene paled!

What is the identity of Ito Yuhiko?

He is the patriarch of Japan’s top family!

The bodyguard next to him is almost the strongest bodyguard in Japan, but what they didn’t expect is that the two people added up are not Charlie’s opponent!

At this time, Ito Yuhiko was also dumbfounded.

He never dreamed that these two bodyguards with rich practical experience and lots of blood on their hands would be abandoned at the same time so easily.

In Charlie's eyes, these two people are just a little bit stronger than ordinary people, but they are still far from the level of a master.

Even the worst among the eight heavenly kings can't match.

Together, the two can at most be similar to Oliver Vincent.

How could such a person be Charlie's opponent.

If Yuhiko Ito really finds out the so-called master of ninjutsu in Japan, he might even give Charlie a look.

At this time, Takehiko Ito scolded with a little nervousness: "You are an outsider, so you dare to go wild in Tokyo! Are you not afraid that I will not let you return to China?"

Charlie smiled and said: "What? Do you still want to keep me in Japan as your son-in-law?"

"b@stard!" Ito Yuihiko exclaimed, "Boy, you are too arrogant!"

Charlie said with a bit of disdain in his eyes: "I have no one in my eyes? I came here today to take over my own company. Instead, you barked at me in my company. What are you? I didn't beat you out. I am already respecting the old and loving the young!"

Hiroshi Tanaka hurried forward and said respectfully, "Mr. Charlie, calm down your anger. This is the head of the Ito family and the chairman of Ito Corporation, Mr. Yuhiko Ito!"

## Chapter 1663

"Ito Yuhiko?"

Charlie frowned when he heard this, and asked Koichi Tanaka: "What is his relationship with Nanako?"

Hiroshi Tanaka hurriedly said: "Mr. Charlie, President Ito, is Miss Nanako's father!"

Charlie suddenly realized.

He actually didn't know much about the Ito family, except for Nanako, he didn't know anyone else.

Hearing that the middle-aged Japanese man with a big back head turned out to be Nanako's father, his expression eased slightly.

Afterwards, he looked at Ito Takehiko, and said lightly: "For the sake of your daughter's face, I won't be familiar with you this time. Since you are not from the Kobayashi family, then you don't need to stay here and take your people and leave."

Ito Yuhiko's face was pale with anger!

As the patriarch of the dignified Ito family, when did he receive such contempt?

Moreover, this young man's tone was extremely proud, as if he was just taking care of his daughter's face, so he didn't care about himself. It was too much!

Thinking of this, he gritted his teeth and said: "Boy, why do you say that this is your company? You also said that you are a major shareholder of this company? I tell you that I just signed a contract with the representative chairman of Kobayashi Pharmaceutical. Officially acquired a 30% stake in Kobayashi Pharmaceutical!"

"Oh?" Charlie said with a smile: "Which representative chairman has this right to sign a contract with you on behalf of Kobayashi Pharmaceutical?"

Masayoshi stood up and said, "I am the acting chairman of Kobayashi Pharmaceutical. All shareholders clearly agreed to Mr. Ito's shareholding in Kobayashi Pharmaceutical. Why are you an outsider interfering? Besides, you in this company have nothing to do. If you don't leave, I will call the police!"

Charlie smiled: "I have nothing to do with this company? Come here, I will introduce you to an old acquaintance."

After that, he clapped his hands and shouted outside the door: "Come on, invite Mr. Kobayashi in!"

Issac and Mr. Orvel immediately took Ichiro and walked into the meeting room.

When Ichiro entered the meeting room, everyone was stunned in shock!

“This...this...isn't this Ichiro?!”

“Isn't he dead?!”

“Yes! Jiro issued a kill order before and ordered his life to avenge the old president!”

There were a lot of discussions.

Ichiro's expression was a bit ugly at this time, and he said coldly: “I tell you, you are all deceived by that b@stard Jiro! I didn't poison my father to death at all, but he was poisoned to death and then blamed on me! In order to monopolize Kobayashi Pharmaceutical, he also spent a lot of money and wanted to take my life!”

“Impossible!” Masayoshi said coldly: “I know exactly how the president died! You said that you got a magic medicine from China that would make the president stand up again, and the president was excited, he took Jiro and me to the airport to wait. After the medicine was delivered, the president died suddenly after taking the medicine. Do you dare to deny it?!”

Ichiro gritted his teeth and said: “I did get the magic drug at the beginning, but Jiro arranged for the magic drug to be dropped! You don't even think about it, why should I kill my father?”

## **Chapter 1664**

Masayoshi angrily said: “You naturally want to monopolize Kobayashi Pharmaceutical, so that's why you killed the president!”

Ichiro scolded angrily: “Your dog's brain is broken. You keep saying that I killed my father to save Kobayashi Pharmaceutical, but you keep your dog's eyes open to see clearly, I am exclusive. After father died, who became the new president of Kobayashi Pharmaceutical?!”

Everyone observed each other when he said this.

Ichiro was right.

After the death of the old chairman, Masao Kobayashi, it was Ichiro's younger brother, Jiro, who succeeded the chairman.

Moreover, Jiro also spent a lot of money to get the head of Ichiro.

If this incident was really planned by Ichiro, is he too stupid? Not only did he not get any benefits, he even gave others a wedding gown, and even worse, after others put on the wedding gown, they wanted his life in turn...

Thinking of this, everyone suddenly realized that what happened back then might have something else hidden.

At this time, Masayoshi's mood is very complicated.

First of all, he managed to get rid of Masao Kobayashi and Ichiro, and then missed Jiro and took the position of acting chairman of Kobayashi Pharmaceutical Co., Ltd.

But in a blink of an eye, Ichiro came back unscathed!

Isn't this f\*cking epic unluck?

The good life of co-working himself is just beginning to end? !

He was full of resentment, and said angrily: "Ichiro, you have left Kobayashi Pharmaceutical for a long time. The current Kobayashi Pharmaceutical has been fully exercised by the shareholders meeting, and you have not eliminated the murder of your biological father. We will not allow you to take the Re-in charge of Kobayashi Pharmaceutical!"

Ichiro was also furious, and he sternly reprimanded: "Uncle, you are my elder. I wanted to give you respect. I didn't expect you to be so ignorant of good or bad! I am the real heir of the Kobayashi family, and the entire Kobayashi Pharmaceutical. It was founded by my dad. You just follow part-time jobs and get a high salary. Why do you interfere with our family's property? What the h\*ll are you? Believe it or not, I will let you get out of the company now?!"

“You...you...you...” Masayoshi was scolded bloody, and trembling with anger, cursed: “You murderer of the father sc\*m, Kobayashi Pharmaceutical will never fall into your hands!”

During this period of time, Ichiro worked hard at Orvel’s kennel, and he was suffocated. He finally returned to Japan and returned to his own company. He didn’t expect that this man would dare to yell at him. He immediately became angry and went up and gave Masayoshi a slap in the face!

After working in the kennel for so long, Ichiro’s physical fitness has improved a lot. In addition, he is a mature man, and Masayoshi has been slapped with a slap.

All the members of the Kobayashi family present were horrified. Ichiro pointed to the bewildered Masayoshi and cursed: “Dog stuff, I will let you know today!”

After that, he looked at Charlie and bowed respectfully: “Mr. Charlie, please publish the video of Jiro’s confession to let them know the truth!”

Charlie nodded and winked at Mr. Orvel. Mr. Orvel immediately took out his phone and played the video of Jiro’s confession to everyone.

In the video, Jiro confessed in tears that his biological father, Masao Kobayashi, was killed by him, and he also admitted that he had spent a lot of money to hire someone to chase and kill his elder brother in an attempt to eliminate the trouble.

This completely subverted everyone’s understanding of the whole thing.

Masayoshi was also panicked. He now realized that Jiro might have been killed by Ichiro, and now this guy is going back to seize power!

## **Chapter 1665**

At this time, Masayoshi was 10,000 unconvinced.

It was so hard for him to get to an acting president, just about to take charge of the entire Kobayashi Pharmaceutical, he didn’t expect to wake up so soon!

So, he gritted his teeth and said: "Ichiro! Did you poison the old president? You haven't completely cleared the suspicion of this matter! Even if Jiro recorded this video, it cannot prove that the murderer must be him! Who knows if you kidnapped Jiro and forced him to record this video?"

Having said that, he immediately looked at everyone and fanned the flames, and said: "Am I right?"

Everyone nodded.

Kobayashi found out that he had a mass foundation, so he immediately continued to aggressively say: "This matter must be handed over to the police for investigation. When the police say that Ichiro is no longer suspicious, and then will we hand over the rights of the shareholders meeting? Here you are, before that, you must not interfere with Kobayashi Pharmaceutical in anything!"

As soon as Ichiro heard this, he ran away!

He kicked Masayoshi's abdomen, and yelled, "Masayoshi, you f\*cking tell me, are you shameless? According to Japanese law, I am the eldest son of the family and I should inherit the family business, and now my brother has also disappeared. I am the only legal heir to my father. The company he founded is naturally inherited by me. You are a hired worker who works in the company. Why are you shouting at me here?"

Thinking of the torture he suffered during this period of time, Ichiro was full of evil fire, and now Masayoshi still wants to prevent him from taking over Kobayashi Pharmaceutical, this kind of man-armed car behavior makes him very angry!

So, he rushed up angrily to punch and kick at Masayoshi, and yelled: "Don't look, what the hell are you? *Have you ever seen a group of servants occupying the house and not letting the owner's son live? Did you come in? How the hell dared to stop me back to Kobayashi Pharmaceutical? I tell you, you are now officially fired by Kobayashi Pharmaceutical, immediately get out of here!*"

Masayoshi was beaten in various ways and grinned in pain. Although his heart was extremely angry, he was really frightened by Ichiro.

Ichiro's words sounded rude, but what he said was reasonable and legal.

He was originally the first heir of Kobayashi Pharmaceutical. Even if he was suspected of murdering his biological father and the police convicted him and arrested him in prison, it would not be possible to deprive him of the right to inherit the estate.

What Masayoshi said sounds like awe-inspiring justice, but in fact it is a manifestation of not knowing the law at all.

Seeing that Masayoshi was beaten up, Charlie said: "Okay, continue the fight. If something happens to him, then you might really go to jail."

Ichiro stopped then and said respectfully to Charlie: "I'm sorry, Mr. Charlie, I made you laugh."

Charlie nodded slightly and said, "You all listen to me. As the legal heir of Kobayashi Pharmaceutical, he has signed an equity transfer agreement with me. From now on, 90% of Kobayashi Pharmaceutical's shares are owned by me. The remaining 10% goes to Ichiro, so now I am the absolute majority shareholder of Kobayashi Pharmaceutical."

After that, Charlie waved to Paul: "Come on, Lawyer Paul, take out the copy of the contract and pass it on to them!"

Everyone at the scene was shocked upon hearing this.
