

The Charismatic Charlie Wade Chapter 1696 – 1700

Chapter 1696

Onizuka Ryuji laughed presumptuously, and gritted his teeth: “You don’t even look at Bunkyo’s runaway group, boy, you are dead today!”

The girl was shocked and hurriedly shouted: “Sir, go away! They are all members of the runaway group! The Bunkyo runaway group is the largest violent organization in the entire Bunkyo district, and you can’t afford them!”

Charlie touched his nose, looked at Onizuka Ryuji and said with a smile: “I heard that there are 23 districts in Tokyo. Doesn’t that mean that there are at least 23 groups in Tokyo like your Bunkyo Bandit One?”

Onizuka Ryuji asked angrily: “So what? Our Bunkyo runaway group ranks in the top five in Tokyo! Can you afford it?”

Charlie snorted: “You can’t provoke it or not, I will know after you provoke it!”

“b*stard!” another mobster shouted angrily: “Boy, you are too arrogant!”

Onizuka Ryuji winked at those people and shouted sharply, “Kill him to death!”

When the other people heard this, they immediately pulled out the forearm iron rods from their waists, swarmed up, and rushed towards Charlie.

These people, without exception, are all ordinary gangsters, and their strength is almost equal to zero in Charlie’s eyes.

Therefore, he was not afraid of so many people rushing to him at once.

At this time, the girl who was caught tightly by Onizuka Ryuji shouted: “Sir, be careful! Run!”

“Run?” Charlie smiled, “Dignified boy, how can you run?”

After that, his eyes suddenly became cold.

Immediately afterwards, the four people who rushed towards him suddenly felt a flower in front of them, only that Charlie’s right leg seemed to move very fast, kicking four feet in an instant.

Before they could see Charlie’s figure clearly, their abdomen was hit by a huge force. All four of them were kicked in the abdomen by him. The whole person immediately flew out uncontrollably, all in a parabolic posture. Fell into the green belt on the side of the road.

Although Charlie deliberately reduced most of his strength so as not to be directly fatal, the four of them were still severely injured. They fell into the green belt one by one, and couldn’t get up at all, as if they were kicked. Half-life.

Onitsuka Ryuji and the girl who was caught by him looked dumbfounded.

Especially Onizuka Ryuji.

He never dreamed that Charlie had such a strong strength, and the four men were kicked when they went up. Isn’t this kicking on the iron board?

Thinking of this, he hurriedly took out a small dagger from his pocket, pointed it at the girl’s neck, and threatened nervously: “You, you...Don’t come here! Or I will kill her!”

Charlie said coldly: “If you let her go now, I will neither beat you nor scold you.”

Onitsuka Ryuji heard this, and his eyes revealed a kind of joy after the disaster.

He was about to ask Charlie if his words counted.

Then Charlie continued: “I only need one of your right arms as punishment, so you can use at least one arm in the future.”

“What?!” Onizuka Ryuji almost collapsed.

Don't hit me or scold me, “just” want me to have a right arm!

Are you a f*cking devil?

At this time, Charlie continued to say without expression: “I'll give you the opportunity, but if you still resist, then I will abolish your two arms and let you even use the toilet and wipe your a** in the future. No! I'll count three seconds, consider it yourself!”

Chapter 1697

Onitsuka Ryuji felt a deep chill, and hit the sky from the soles of his feet!

He had never seen someone like Charlie, such a cruel person, not only was a bit perverted with strong strength, but even spoke with a cruel strength that was countless higher than that of the Bozou clan.

The rioters threaten others, it will always be you who are looking for death, and I will kill you and other unnutritious words.

It is possible that the throat is screaming dumb, but in the end there is no fight at all.

But isn't it like this in the arena? Three points rely on momentum, three points rely on face, and the remaining four points rely on the means of fighting for power.

But this guy, when he opened his mouth, he said lightly that he wanted his right arm? Is his arm like a motorcycle tire? Say you can remove one without blinking? !

Seeing that this kid was stubborn, Charlie lost his patience and said coldly: “I originally wanted to leave you an arm, but you just didn't want to be on the road. If that's the case, don't blame me for being impolite.”

Onitsuka Ryuji was guilty, but yelled hoarsely: “b*stard! You Chinese had better keep a low profile! This is Japan! It's Tokyo! Are you afraid that my brothers will hack you to death?!”

Charlie smiled indifferently: “Your brothers? Are they all lying in the green belt.”

Onizuka Ryuji said loudly, “We have five hundred people in the Bunkyo Runaway Group! One person can beat you into flesh with one punch! No matter how you dare to take care of your nostalgia, just wait for our Bunkyo Runaway Team to kill you!”

Charlie snorted coldly: “Noisy! Don’t talk about the runaway group, even if your Heavenly King Yamaguchi team comes, I won’t take it seriously.”

Onitsuka Ryuji’s legs were frightened by Charlie’s words!

What’s the source of this guy? ! He dares to talk about the Yamaguchi group with contempt? ! Is he really not afraid of death? !

He almost collapsed. He just wanted the evil star to leave quickly, so the tip of the knife pressed against the Chinese girl’s neck and shouted nervously: “If you don’t go away again, I will kill this woman!”

Charlie said with a gloomy expression: “If you dare to hurt her today, I want everyone in the Wenjing gang to be buried together!”

Onizuka Ryuji is really going to collapse.

Why doesn’t this person eat soft and hard? Moreover, looking at his posture when he speaks, it seems that if he really hurts this girl, he will really kill all the members of the Bunkyo gangsters...

What kind of perversion is this? !

At this time, Charlie had exhausted his patience. He grasped the zipper of the jacket with his fingers, twisted his fingertips lightly, and he directly took off the metal slider of the zipper.

However, Onizuka Ryuji didn’t see the movements of his hands, thinking that Charlie was just finishing his clothes.

Immediately afterwards, Charlie shook his hand. Before Onizuka Ryuji recovered, he felt a sharp pain in his right hand. The pain immediately dissipated the power of his palm, and the dagger involuntarily fell to the ground!

He was shocked in his heart and looked at his right hand, only to find that a piece of metal zipper pull was inserted into the back of his right hand!

At this time, the girl seized the opportunity in time, her arms suddenly broke free of his restraints, and ran to Charlie quickly.

At this time, Onizuka Longer didn't dare to come forward and chase him. He looked at Charlie in amazement. After hesitating for a second, he immediately held his right hand, turned his head and ran!

Because the girl was singing on the side of the road, facing the sidewalk, now Onizuka Ryuji ran in the opposite direction and rushed directly onto the road.

Chapter 1698

Seeing that he was about to escape, Charlie immediately took a step and chased him. The girl said nervously, "Sir, stop chasing, it's dangerous!"

Charlie said coldly: "I have said that should have two arms, and can't break his words, so as not to let international friends not laugh at me!"

Onitsuka Ryuji heard Charlie's remarks, his fear in his heart increased sharply, and he ran a little faster under his feet, almost trying his best to escape.

Just as he rushed to the middle of the road, a car suddenly couldn't get away, hit his lap and knocked him out at an angle.

After Onizuka Ryuji was hit, his whole person lost his balance completely, and he slumped to the side lane.

At this time, on the side lane, a convoy composed of Rolls-Royce was passing quickly.

Onitsuka Ryuji suddenly became uncontrollable and rushed in front of one of the Rolls-Royces. The Rolls-Royce was too late to dodge, and then rolled over his arms!

Hearing only two clear cracking sounds, the three-ton Rolls Royce directly broke Onitsuka Ryuji's arms!

Rolls-Royce braked, and then the entire Rolls-Royce team stopped.

In the Rolls-Royce car that broke Onitsuka Ryuji's arm, a young man with an angry expression came down. He was about twenty-six or twenty-seven years old. When he got out of the car, he angrily kicked between Onitsuka Ryuji's ribs. He screamed: "b@stard thing! Did you know there is a distinguished guest in my car?! It doesn't matter if you are dead, it shocked the distinguished guest in my car, and I threw you down!"

Onitsuka Ryuji's arms were crushed, and he wanted to die in pain, but being kicked over with this foot made him cough violently.

However, he raised his head weakly and saw the man kicking him. He was so frightened that he cried and said, "Taka...Mr. Takahashi, I didn't deliberately hit you. I was caught by the man behind. Chasing and rushing to escape, only then fell under your wheels, please forgive me..."

The young man who walked down from the Rolls-Royce is the eldest master of the Takahashi family, Eiki!

He had just picked up Zhifei and Zhiyu from Narita Airport and was about to escort them to the Aman Hotel where they were staying, but he didn't expect something like this to happen on the road!

Moreover, Zhifei and Zhiyu were in the same car with him. He was sitting in the co-pilot and proudly introduced to the two siblings that there would never be a pedestrian running a red light in Tokyo when the Onitsuka Ryuji suddenly ran into a red light!

This incident simply slapped Eiki in the face with lightning speed, and also shocked him, Zhifei and Zhiyu.

Fortunately, there is nothing wrong with the two of them. Otherwise, if it affects the cooperation and negotiation of the next two, wouldn't it be a mistake?

Therefore, he slammed on Onizuka's body in anger and looked at Charlie who was chasing him.

He pointed at Onizuka Ryuji at his feet, and asked Charlie coldly, “Did you chase this person to the middle of the road?”

Charlie frowned: “It’s me, do you have an opinion?”

Eiki angrily roared: “Enough to live, right? Do you know who I am?”

Charlie squinted his eyes and snorted coldly: “Don’t know who you are, and I don’t bother to know who you are. I only know that the two arms of the person under your feet are reserved in advance by me. Now you broke his two arms, so you must give me a satisfactory explanation!”

Eiki was stunned, and asked dumbfounded: “What did you just say?!”

Charlie looked at him and asked contemptuously: “What? Didn’t you hear what I just said? Seeing that you dress up like a dog, do you still suffer from intermittent deafness?”

Chapter 1699

At this moment, Eiki almost exploded in anger.

He is the eldest son of the Takahashi family and the rising star of the family. Not only does he have an extraordinary position in Tokyo, he can be regarded as widely known even in Japan.

To some extent, his status in Japan is very similar to that of the national man who was very popular in the past few years.

Because of this, Eiki’s character has always been rebellious. In his dictionary, there are no words for tolerance and bullying.

Seeing that this young man who was about his age ignored his Carden and identity, he choked with himself, and even questioned whether he had intermittent deafness. In his opinion, it was a crime worthy of death!

So, he immediately waved at the front and rear vehicles, and a dozen strong men in black suits immediately descended from a few Rolls-Royces.

These people, without exception, are all bodyguards of the Takahashi family, and they are top masters.

The bodyguards got out of the car and surrounded Charlie. Everyone looked at Charlie and at the same time looked at Eiki. As long as Eiki said a word, they would attack Charlie.

At this time, Zhifei and Zhiyu in the car exchanged glances, and Zhifei said: "There is no fraud in this matter, right?"

Zhiyu shook her head: "It shouldn't be. If someone really wants to do something, they will never do it on the streets of downtown Tokyo, Japan. Isn't the viaduct from the airport to the city more suitable than here?"

Zhifei relaxed, smiled, and said, "He must have a hard time hanging on his face. Just after he said that no one ran the red light, he bumped into one."

After that, Zhifei raised his eyebrows at Zhiyu again: "I feel that Eiki seems to be a little bit interesting to you. This kid is also very handsome. There are five people. Would you like to consider it?"

Zhiyu said firmly: "I would never consider Japanese men."

"Why?" Zhifei said: "Japanese men are at least similar to Chinese men, with less body hair and no body odor. If you change to men from Europe, America, Latin America, and Africa, that would be indescribable."

Zhiyu curled her lips: "Don't say I haven't thought about falling in love now. Even if I fall in love, I must find a pure Chinese."

Zhifei asked again: "Why?"

Zhiyu said indifferently: "When two people get along, they have the same culture, the same tradition, the same habits, and the same cognition. It will save a lot of worry. If I tell my boyfriend, I want to go to Dunhuang to have a look. At Mogao Grottoes, he replied to me, "Where is Dunhuang? What is Mogao Grottoes?" I can slap him to death!"

Zhifei laughed: “My dear sister, don’t have such a strong character. Is it okay to beat your boyfriend at every turn in the future?”

Zhiyu said: “I’m just making an analogy with you to let you know that Chinese men and Chinese women are the best combination, so you should never blindly pursue any foreign love in the future.”

Zhifei sighed and didn’t want to continue talking about this topic. Instead, he looked out the window and saw that Charlie was surrounded by so many bodyguards, and his expression was not scared at all. He couldn’t help but smile: “This Japanese guy he is kind of kind, surrounded by so many bodyguards, I’m not afraid at all.”

Zhiyu nodded and hummed: “Maybe your brain is not so good?”

Zhifei smiled and said, “Don’t say it, this Japanese guy is pretty handsome.”

Zhiyu smacked his lips: “Pray that he won’t be beaten and disfigured by Eiki Takahashi later.”

Zhifei helplessly: “Why is your mouth so poisonous?”

Chapter 1700

Zhiyu asked back: “Do you know me from the first day?”

.....

At this moment, Eiki was looking at Charlie coldly.

He wanted to give an order to let people beat Charlie to death.

However, after all, this place is near the University of Tokyo and a downtown area. So many people watched it. If it is done publicly, all kinds of public relations will be inevitable in the follow-up.

In addition, there are two distinguished guests in the car, especially Zhiyu, who is quite appetizing of him, and he has to maintain sufficient demeanor in front of her. If he shows the overbearing and violent side, it will definitely affect her impression of himself.

So, he looked at Charlie, snorted, and said high up: "Boy, today is your lucky day, I don't want to be familiar with you, you kneel and knock me three heads, this matter is over!"

Charlie seemed to hear a joke: "You seem to be a little confused about the situation. The crux of the problem now is that you still owe me two arms!"

"You..." Eiki was really convinced, and he thought to himself: "It's kind to give this kid a way to survive, but he ran into the road to death. If I take advantage of the situation to beat him, no one will blame me?"

Thinking of this, he gritted his teeth and said: "Good boy! I give you face, not to make you cheek! Since you don't want your face, then don't blame me for being impolite!"

After speaking, he immediately shouted at the bodyguards: "Hit him for me!"

As soon as the voice fell, a thin girl suddenly rushed into the crowd, it was the girl who was playing and singing on the street.

The girl rushed in and stood in front of Charlie, blurring out: "I'm sorry, this gentleman clashed with the mobster to protect me, and I hope you don't embarrass him!"

As she said, she bowed to everyone.

At this time, Charlie directly stopped the girl and said lightly: "These people are not worth your bow to them, go and wait."

"He is Eiki Takah..." The girl shed tears anxiously: "He is one of the most powerful second-generation rich in Tokyo. If you mess with him, you will have a lot of trouble!"

Charlie said lightly: "I don't care if he is a high bridge, a low bridge, or a dangerous bridge. He owes me two arms today, and he must return it."

Having said that, Charlie gently pushed her, and said: "Hurry and hide, otherwise if I am distracted and injured because of protecting you, you must be upset, right?"

The girl was pushed out by Charlie and subconsciously wanted to break in again, but when she thought of Charlie's words, she suddenly hesitated again.

She saw Charlie's skill just now, knowing that Charlie is not an ordinary person, maybe he has the ability to compete with these people, but if he is injured because of being distracted by her, then she is really to be blamed!

Thinking of this, she had to stand aside nervously, the phone in her hand had already entered the emergency number, and planned to call the police as soon as the situation was wrong.

At this time, Zhiyu in the car looked at Charlie and couldn't help raising her eyebrows, and said to Zhifei, "Hey, the Japanese guy in your mouth is actually a Chinese!"

Zhifei sighed: "Since I am a Chinese, I should know the reason why a strong dragon does not suppress a snake. Why is he still against Eiki? This kid has a bit of a tiger character..."

Zhiyu shook his head and said regretfully: "This guy looks pretty good, but I didn't expect his brain to not work well..."
