

# The Charismatic Charlie Wade Chapter 1761 – 1765

## Chapter 1761

Just when Nanako looked up at the sky and missed Charlie in her heart.

Charlie, who was hiding on the wall, finally saw the moving figure in the courtyard below.

He bypassed the security of Ito's mansion and circled the house halfway around the fence, only then saw Nanako, who was always concerned about him.

Seeing Nanako wearing a kimono with a light bun, Charlie couldn't help sighing: "It is said that Nanako is a standard Yamato Nadeshiko. It is indeed no exaggeration. She is definitely the most beautiful and perfect he has ever seen a woman."

However, the wheelchair under Nanako made Charlie a little bit embarrassed.

She could have not participated in the final with Aoxue, and could also admit defeat and end the game early in the competition, but she had to persist to the end, which caused great physical trauma to her body.

At this moment, Charlie wanted to jump in directly from the wall and meet her next to him, but when he thought of using this kind of gentleman's way, he suddenly appears in front of her, it might be a little embarrassing.

If she is scared by him, how can he explain it?

If she asks him why, how can he explain it?

Charlie, who has always had excellent psychological quality, hesitated at this moment.

At the same time, in Tokyo, hundreds of kilometers away.

Matsumoto, who is hiding in the dark, is still continuing his cruel game.

While letting the subordinates who held Zhifei and Zhiyu brothers and sisters wait for an opportunity to come and kill, he let another wave of people start a new round of planning in Tokyo.

He is like the evil clown in “Batman: The Dark Knight”, intending to play with everyone, and then gradually divide them and kill them one by one.

This time, his target was Eiki.

He felt that it was just that when Zhifei and Zhiyu were kidnapped, they left a little trouble for their two families, and this was not enough to make the two families completely turned their faces.

Therefore, he wanted to add a bloody feud between these two families.

Only blood and blood will make people lose all their sanity and become extremely crazy.

So, in this evening, he stretched his claws towards Eiki Takahashi, whose arms had been dismantled.

Eiki is a young man in his prime.

His arm injury and a cast will not affect his physical needs.

And he is usually in Tokyo, and he is also well-known as a young girl seeker. Many well-known actresses in Tokyo are his lovers and playthings.

Some time ago, he had just made a huge sum of money to acquire Hua Dan, the head of a popular Japanese girl group, to make her his lover. It happened that the girl group was doing a variety show on TV Tokyo today.

Therefore, Eiki intends to sneak out tonight and spend the night with her.

The other party is eager to establish a long-term relationship with him, and naturally she readily agrees.

So, under the stimulation of hormones, Eiki scorned his father to let him stay at home and wait for the rest of the storm to pass, and quietly arranged for his subordinates to drive him out of the house and head to the most luxurious high-end club in Shibuya, Tokyo.

## Chapter 1762

In that high-end clubhouse, he has a fixed high-end private room all year-round. It is luxuriously decorated and concealed and private. It is the home ground of his unspoken female stars all year round.

A convoy of three Rolls-Royces took Eiki to Shibuya, and Eiki in the car was too excited, looking forward to the strong clouds of romance and rain of love tonight.

When the convoy passed through an underground passage, a normal truck suddenly braked and hit the direction, blocking the entire road horizontally.

Several black commercial vehicles drove immediately behind, blocking the three Rolls-Royces of the Takahashi family.

The bodyguards in the leading and trailing vehicles realized that something was wrong, and they pulled out their guns to protect Eiki.

However, in the black business cars behind, a large group of people in black with automatic weapons suddenly jumped out!

The firearms in these people's hands were all automatic rifles and mini-submachine guns. The firepower was much stronger than that of the Takahashi family's bodyguards. Before the Takahashi family's bodyguards could recover, all eight bodyguards were sifted.

At this time, Eiki in the Rolls Royce in the middle was already shocked.

In his car, there is only one driver and one assistant, both of whom are ordinary people, and they have no combat effectiveness at all.

And the other party, not only has a large number of people, but also has extremely strong firepower, completely crushing!

Eiki was so scared that he hurriedly called his father and said in a panic: “Dad! Save me, Dad! I’m surrounded by killers, come and save me!”

Machi Takahashi blurted out: “Aren’t you at home?! Where’s the killer?!”

Eiki collapsed and cried: “Dad, I’m outside... on the way to Shibuya... I am surrounded and attacked by people, and the bodyguards are dead. They have already come to me, Dad. You think of a way to save me, I don’t want to die...”

Machi Takahashi only felt that the sky was spinning, and he roared hoarsely: “Tell them, I can give them no matter how much they demand! As long as they keep you forever!”

As soon as the voice fell, the group of people in black had already surrounded the Rolls Royce where Takahashi was riding.

Eiki rushed out of the car and shouted hysterically: “Please don’t kill me! My father said, no matter how much money you want, he can satisfy you!”

The headed man in black grinned: “Money? We, the Ito family, don’t care about money! What we want is the life of everyone in the Takahashi family! Now we will send you on the road first, and we will send your father and your family soon join you!”

Eiki was so scared that he collapsed and wailed frantically: “I beg you not to kill me, I’m still young...I don’t want to die...”

Machi Takahashi also yelled as hard as he could on the phone: “Let go of my son! Something is coming at you!”

The headed man in black sneered, “Oh? You’re still on the phone with President Takahashi? That’s good, President Takahashi, just listen to your son’s desperate scream before his death!”

After all, he smashed the Rolls-Royce glass with a gun, but the moment the gun was pointed at Eiki, seeing the tears on Eiki’s face, he suddenly took the gun back.

Eiki thought he had changed his mind and blurted out excitedly: “How much do you want, if you say a number, my father will give you the money immediately!”

“Yes!” Takahashi thought that things had turned for the better, and blurted out: “I can give you 100 million. Give it up now!”

The man in black chuckled and said grimly: “The two have thought too much, I just want to change the way of playing.”

After that, he turned to look at his men and said coldly: “Come over with two barrels of gasoline from the trunk, and I will put them on fire together with the people and the car!”

## Chapter 1763

The next five minutes are the most painful, suffering, and collapsed five minutes of Takahashi’s life.

He didn’t dare to hang up the phone, because he knew that the next voice he heard might be the last voice his son left in the world.

However, he was also very clear in his heart that the other party would torture his son to death and make him suffer tremendous pain when he died.

As a father, does he really want to listen to his last scream in his ears, but he can do nothing and has no choice?

Immediately afterwards, the murderer poured gasoline into the Rolls Royce where Eiki was sitting, and even Eiki’s hysterical yelling in the car was completely disregarded.

After all the gasoline was poured in, the leader took out a pack of cigarettes and a box of matches, coldly lit the cigarette, took a hard sip, and then threw the still burning matchstick into the window!

The extremely luxurious Rolls-Royce turned into an incinerator in an instant, and the flames inside even spurted out frantically.

In the car, the screams of Eiki, his assistant, and the driver were like h\*ll on earth!

Machi Takahashi on the other end of the line burst into tears.

And the screams lasted for more than a minute before finally he couldn't hear them.

Takahashi knew very well that his son was dead.

It is even possible to die without a whole body!

At this moment, the anger of vengeance burned his sanity!

“Takehiko! You killed my son, I will kill your family!”

Having said that, he immediately called the temporary Patriarch of the Tenglin family, and as soon as he spoke, he said in a cold voice: “The Ito family killed my son. The four Tenglin family members, including Tenglin Zhengzhe, are also Because of him, I want you to kill Takehiko's daughter first, and then kill Takehiko, that old dog too!!!”

The other party's voice suddenly shuddered: “Mr. Takahashi, don't worry, our people are looking at the Ito family mansion in Kyoto. Takehiko's daughter has not left the place. We can kill her tonight!”

Machi Takahashi roared hoarsely: “Kill her now! I want you to kill her now!!! I want you to behead her alive, and then send me the video, Takehiko let me hear with my own ears my son's tragic death, I want him to see his daughter's head in a strange place!!!”

The other party immediately said: “Okay Mr. Takahashi, I will order them to kill Nanako!”

.....

at the same time.

Kyoto.

The snow is getting bigger and bigger.

In this heavy snow, Charlie has quietly observed Nanako for nearly ten minutes.

In these ten minutes, Nanako looked at the sky in a daze, and sometimes bent down, collecting white snowflakes from the ground, playing alone seemed very happy.

At the moment when Charlie decided to go down to see her, he suddenly noticed that from the darkness in the distance, several black shadows were attacking at his location at an extremely fast speed!

Judging from the posture when running and the way of breathing when running, these black shadows are quite similar to the four of Tenglin.

Charlie immediately became alert.

These people should all be ninjas!

Moreover, these are the ninjas of the Tenglin family!

## **Chapter 1764**

Charlie felt that they were not good at coming, so he immediately concealed his breath and observed it secretly, and saw that these people climbed over the wall at an extremely fast speed, and then rushed toward Nanako from multiple directions!

Although Nanako was seriously injured but still hadn't healed, she was still a martial arts master after all, and she had a very high acumen. She had already noticed these six people before they got close.

At this moment, Nanako wanted to shout and call the housekeeper and housekeeper from other courtyards to help, but when she was about to ask for help, she suddenly gave up this idea.

Because, she has seen from the figures of these six people that these people are all ninjas without exception!

Although there are ninjas in her family, they are all in Tokyo, not in Kyoto.

The strength of the ninja is very strong, and the actual combat ability is stronger. Even before he is injured, he can't beat an ordinary ninja, let alone there are six!

And it seems that they have at least the strength of a mid-level ninja.

Almost at this moment, Nanako understood that to gather all the people in this mansion, it was probably not the opponent of these six.

In this case, why bother calling for help and letting others die for her?

After all, this group of people came for her at first sight.

So, just when these six people were almost rushing to Nanako, she spoke neither humble nor strong: "You seniors, if you have come to kill me, then I can cooperate, but please also let the rest of the people in the house be spared. Most of the human lives are not children of the Ito family, but only servants working in the family."

The leader sneered: "I have long heard that the eldest daughter of the Ito family is extraordinary. When I see you today, indeed you are extraordinary!"

After that, he drew out his sword and said coldly: "It's true that we are here to take your life to make your father pay for it. He secretly killed four members of my Tenglin family and Takahashi's eldest master, I can only take your life to your life to make your father pay a little interest first!"

Charlie was startled when he heard this, "What? Eiki is dead? It seems that after he left Tokyo, Tokyo is not at all peaceful!"

At this time, Nanako, who was surrounded by six people in the courtyard, blurted out: "Impossible! My father is definitely not such a person! This matter must be another misunderstanding!"

"Misunderstanding?" The man gritted his teeth and cursed: "He froze the four masters of the Tenglin family into human-shaped popsicles and burned the young master of the Takahashi family into coke. Tell me this is a misunderstanding?!"

Nanako said unswervingly: "I know my father. Although he is not a good person, he has at least a bottom line! Even if he is an enemy, he is upright and will never do things that would hurt people with secret arrows!"

The man sneered and said, "Knowing others, knowing the face and not knowing the heart, you may not really understand Takehiko! But you can take a step first, and after he gets on the road, you can ask him if he has done anything!"

After that, he immediately said to the person next to him: "Take out the mobile phone video, I will send the video of the beheading to Mr. Takahashi!"

"OK!"

The leader took out an extremely sharp ninja sword from his waist, flashed a cold light, and said to Nanako: "Miss Ito, time to die!"

Nanako nodded silently, and then closed her eyes confessing her fate, muttering to herself in grief: "Master, see you in the next life..."

The leader sighed slightly: "Miss Ito, I will make you die happy, and I hope you will not be born in a rich family in the next life!"

Having said that, he raised his ninja sword high, all his strength gathered in his arms, ready to chop Nanako's neck at any time.

Nanako was also heartbroken at this time, her beautiful eyes were tightly closed, waiting for the moment when fate finally arrived!

At the moment when the head of the man raised to make the sword fall, a blade of Hanmang came to him quickly through the air at an extremely fast speed!

With a scream, a poisonous shuriken has been shot from the center of his eyebrows!

And this person who was about to behead Nanako died suddenly at this moment!

Charlie finally made a move!

## **Chapter 1765**

In fact, just as the man raised the ninja sword, the other five people took two steps back.

This is because they don't want the blood to splash on them when it is sprayed out.

However, their eyes have been staring at Nanako, waiting for the blood to come.

And Nanako herself is also ready to meet death.

However, the picture stopped abruptly at this moment!

The ninja sword held high, has been hovering in the air, and other people don't know why he has been so late.

When they looked over, they realized that the executioner wielding a sword was already dead!

Only a few centimeters in length was left on the center of his forehead. The wound was too close to the sword body, so only a small amount of blood penetrated from the wound and dripped on the white and thick snow. , A bright red fainted instantly!

Just when these people were dumbfounded and didn't know what happened, they found that the sword in the hand that pierced this person's eyebrows was surprisingly familiar!

The person who took the phone to shoot the video shouted in horror: "Ah! This...this is Qingtian's shuriken!"

This is indeed Tenglin Qingtian's Shuriken!

After Charlie killed him, he kept all his shurikens, and it just came in handy at this time!

The remaining five people were suddenly shocked!

The tragic death of Tenglin Zhengzhe and Tenglin Qingtian has left them with lingering fears. Now, Tenglin Qingtian's shuriken killed another member of their family. It can be seen that the crisis is in sight!

The person who took the video with his mobile phone, threw away the phone and blurted out to the other four people: "Arrange an array! Arrange an array!"

The other four people recovered for a while, and took out ninja knives one after another. The five people formed a small circle back to back, and each one was guarded in different directions.

This is the most commonly used pawn formation when ninjas are defending.

At this time, Nanako heard the movement and opened her eyes, and suddenly realized that the man who was about to slash her had become a standing corpse, and the other five people formed a defensive formation like a big enemy!

She hadn't figured out what was going on. Suddenly, one of the five people suddenly fell straight forward and plunged into the thick snow!

The people around her hurriedly reached out and turned over, only to find that there was a shuriken stuck in the center of his forehead and brow!

The man pointed to the wall and said nervously, "At the wall!"

As a result, the remaining four people gave up the circular defensive formation, one after another with twelve points, staring at the direction where the shuriken shot just now.

One of them trembled and said, "What is the ability to injure people with a secret arrow! Come out if you have the ability!"

Although he said so, he didn't expect such words to really excite the other party.

After all, this sounds too pediatric, how can the opponent be fooled by him if he has such strength.

However, no one thought that just as his voice fell, a dark figure suddenly jumped down on the wall.

Immediately, the dark shadow took a leisurely pace and strode towards them!

Every time that black shadow took a foot, the snow creaked on the ground, making the four people more and more frightened.

Nanako observed the dark shadow with wide-eyed eyes. She wanted to know who the man who saved her secretly was.

And when the dark shadow came to her to let her see the people, she was instantly struck by lightning!

She never dreamed that the person who saved her would be Charlie, who she had been thinking about for a long time!

At this moment, Nanako thought that she was wrong, and she had hallucinations.

So she wiped her eyes and looked carefully.
