

# My Wife Is a Superstar Chapter 31

Nan Chen dropped the documents in his hands heavily on the table.

That shocked Jiang Zhe and Luo Fei so much that they both went silent.

Nan Chen was very displeased at the fact that Luo Fei was still putting up an act of innocence.

But at the same time, this only served to prove his conclusion that Luo Fei had intentionally kept him in the dark about the children. That was why she refused to let the press release the photos.

He was not intending to speak to Luo Fei at all, but Luo Fei's pretense disgusted him so much that he had had enough of it.

He got up from the chair, took the photo from Jiang Zhe and held it to Luo Fei's face.

"Whose child is this?" Nan Chen said in his usual deep, magnetic voice.

Although Mr. Chen never talked much, he had a surprisingly nice voice. However, it also sounded cold at the same time.

Luo Fei panicked even more.

This was what she had feared the most. She was afraid that Nan Chen would find out about Ning Ran because of this child, and learns about what really happened back then.

But fear as she may, Nan Chen had still found out about the photos and had begun to search for the mother of the child.

Luo Fei went deathly pale. She tried to look calm as she said, “How would I know?” “It’s just a child I happened to meet at the airport. I don’t know whose child that is.”

Nan Chen’s eyes narrowed.

The temperature in the room seemed to drop a few degrees. Luo Fei took a step back.

“Alright.” Nan Chen said.

Even Jiang Zhe couldn’t figure out what his boss meant by “alright”.

What’s “alright”? What does he mean by “alright”?

He waved at Luo Fei, motioning her to leave.

Glad that it was finally over, Luo Fei let out a sigh in relief.

She glanced at her watch and asked, “Shall we have dinner together?” “We haven’t had dinner together in quite a while.”

Nan Chen did not respond. He just returned to his seat and looked at his documents.

Luo Fei stood there awkwardly for a few seconds, and reluctantly left when she was sure that Nan Chen would continue to ignore her.

She turned to look at Nan Chen once more before walking out the door, but he was still looking at the documents. It was as if he had completely forgotten about her existence.

“Ms. Fei, I’ll see you out.” Jiang Zhe said with a bow, motioning her to leave.

“Piss off!” Luo Fei who was still filled with rage, yelled at Jiang Zhe.

Jiang Zhe was taken aback. Did Luo Fei just tell him to piss off?

He was Nan Chen’s assistant, a very high ranked position in the company’s administration.

Furthermore, he was the one closest to the “king”. Most people would try to get on his good side, but Luo Fei had the guts to tell him to “piss off”?

Jiang Zhe’s eyes went cold, but he kept his composure. He smiled and said, “Have a nice day, Ms. Fei.”

Jiang Zhe had intended to send her off to the parking lot at first, but decided not to after she was so rude to him.

“A low-quality star like you dreaming to be the lady boss of Nanshi Corporation?” “In your dreams!” Jiang Zhe cursed angrily under his breath after he saw Luo Fei enter the elevator.

But when he looked up, he saw his boss walking out of the office.

Jiang Zhe got scared as he didn’t know if Nan Chen had overheard his rant.

“Get someone to follow her.” Nan Chen said to Jiang Zhe.

Jiang Zhe understood what his boss meant after a giving it a brief thought.

Luo Fei clearly knew who that child belongs to. That’s why she had tried to keep it a secret.

Now that they had startled her by confronting her about it, she would definitely make a move to clean up her mess.

If they sent someone to follow her, track her whereabouts and find out who she's been seeing, they might be able to find some clues.

It seemed the boss had taken an interest in the child. But you couldn't blame him for it, considering how they looked so alike.

Anyone else would be interested too if they found a child that looked just like them.
