

# The Charismatic Charlie Wade Chapter 2409

## Chapter 2409

Although Shoude has a moral character in his name, he doesn't have any "morality" in himself.

Not only is there no morality but even a hint of it is missing in his demeanor.

And Chengfeng, although he is also an unscrupulous person, at least he has the skill of scheming.

Such people are generally full of benevolence and morality on the surface and full of the mindset of vile men, thieves, and prostitutes.

But the key is that the full belly of male thieves and female prostitutes cannot be seen.

In the belly of Old Man Su, the bad water fermented for a lifetime, and no one except himself knows how many wicked things have been done, but the only one who really broke it was Ruoli.

In most cases, Elder Su is still very good at superficial skills.

At this time, Father Su had already regarded Shoude as his future successor, so he said with earnest words: "Shoude, you have to know that the survival rules and know-how of upper-class society, in general, are two words, teacher Famous!"

"A famous teacher?" Shoude hurriedly asked: "Dad, can you tell me more specifically?"

Elder Su explained: "The so-called famous teacher means that everything must have a decent reputation!"

“If we don’t have any status, we will go straight up and give the other party a mess, then this belongs to the young people who don’t play cards according to the routine and don’t perform martial arts, and we can only do it for ourselves.”

“Look at it. In wars between countries throughout the ages, even if the aggressor wants to invade a country, under normal circumstances, it will find a reason that can barely be justified.”

“Just like the Lugouqiao July 7th Incident, the Japanese also lied that a soldier was missing, and then took the opportunity to start the incident.”

“We still need a reason between countries, let alone our families.”

Speaking of this, Mr. Su said with a cold expression: “Actually, I wanted Liona’s life a long time ago! From the moment I knew Liona was going to Aurous Hill, I wished that Liona’s plane crashed and died on the way to Aurous Hill. Then you can get it done once and for all, once and for all!”

“But, I could only think about it in my heart, not just do it!”

“Because Liona only went to Aurous Hill, and didn’t do anything that would humiliate the Su family’s reputation. If she gets off her private jet because she is going to Aurous Hill, then once the incident happens, the entire Su family will be destroyed. !”

“So, if we want her life, she must be known as a teacher only after she has done things that substantially damage the reputation of the Su family!”

“Now, during the duration of the marriage between Liona and your elder brother, she went to Aurous Hill to bid for the old house where Changying lived, and the price was still multiple times higher than the market price. This has indeed affected the reputation of the Su family. At this time, you have a certain reason to kill her.”

Shoude heard this and said with a face of being taught: “Dad, I understand what you mean! Hearing this from you today really made me start! In the future, I will follow you to study hard and polish myself!”

Shoude grew up so old, and today is really the first time he heard his father talk about this strategy.

In fact, the old man Su is very scheming, and there are countless strategies in his stomach. This is just a very simple point, not a sophisticated strategy.

However, because Shoude is the second child, he had no chance to learn such a strategy before.

This kind of strategy, like the art of the ancient emperor, is often only passed on to the prince who wants to inherit the ruler in the future. The other princes have no chances to learn, and they are not even qualified to listen.

The reason why the emperor was unwilling to teach his country's methods and strategies to other princes was that he was afraid that other princes would threaten the eligible prince's safety in the future.
