

The Charismatic Charlie Wade Chapter 2403

Chapter 2403

Charlie nodded lightly.

He is also determined to win the former residence of his parents.

After all, this former residence carries the last time of being together with his parents, which is of great significance.

As several foreclosure cars were gradually taken away, the auction entered the real estate auction part.

This time, there are 13 properties in the judicial auction, but among the 13 properties, the cheapest starting price is the one where Charlie's parents once lived.

The main reason is that the old house has been classified as a protective building in the city. Not only is it forbidden to demolish, but also to turn over.

More importantly, whoever buys this old house has a certain obligation to protect this old house.

The house is very old and cannot be demolished to obtain greater economic value. Even if you want to rebuild it, you are not allowed to do so. Therefore, such a house is basically not interesting for the developers.

No matter who buys this house, there is no chance of realizing it again.

However, Charlie and Liona are both waiting for the shooting of this house.

Because this house has the lowest starting price, as soon as it enters the real estate auction, the auctioneer directly puts the photos of the house on the big screen and says: "The first house we are going to auction today is A protected old mansion located at the mouth of the old street. The specific information about this old mansion can be found in the auction manual, so we won't introduce more here, and we will start the auction directly. It's 880,000, and the auction begins now!"

As soon as the auctioneer's voice fell, Liona directly raised the sign and said, "One million."

"Good!" The auctioneer said immediately: "Bidder No. 34 bid one million, is there anything higher than one million?"

A plain-looking middle-aged man sitting in the corner immediately raised a sign and said: "One and a half million!"

This middle-aged man is Issac's driver.

"One and a half million?!" The auctioneer was dumbfounded, and the starting price was 880,000. After only two rounds, it reached 1.5 million, almost doubled!

You know, there is almost no room for appreciation for this property!

If you spend 1.5 million to buy such a house, the only possibility is to smash it in your own hands.

Because of his surprise, he still didn't come back to his senses, Liona raised the sign again and said seriously: "I will pay two million."

The auctioneer was even more surprised.

He immediately looked at Liona and reminded: "Bidder No. 34, I have to remind you that the property is forbidden to be demolished and developed, and re-opening is forbidden. It must be kept in its original shape according to the requirements of the city, and at the same time bear the responsibility for its look after. Certain maintenance obligations must be met. Are you sure you know about these particularities?"

Liona counted and nodded: "I know for sure."

Although the auctioneer was confused, he nodded and said, "Bidder No. 34 bids 2 million. Is there anything higher than 2 million?"

The middle-aged man in the corner immediately said, "I'll pay 3 million!"

"Three million..." The auctioneer wiped his sweat and continued to ask: "Now the bidder on the 22nd is bidding 3 million, is there anything higher than him?"

"Four million!" Liona raised her hand almost without thinking.

Upon hearing this, the auctioneer hurriedly said: "Bid No. 34..."

After speaking, Issac's driver said loudly: "I will pay 5 million!"

This time, Liona didn't even give the auctioneer any time to think, and said directly: "I'm paying eight million."

Eight million?

The scene suddenly exclaimed!

This old house is worthless in the eyes of other people participating in the auction.

An old and dilapidated old house not only has no commercial value, but it is also very uncomfortable to live in.

An old house like this is either leaking or crumbling. It is very cold in winter and very hot in summer. If you live in such a house, it is better to just rent a low-rent house provided by the city.

So everyone feels that based on the starting price of 880,000, this house is likely to be unsold.

However, who would have thought that such a house of almost no value could be scrambled and pushed up to a price of 8 million in a short period of time.
