

The Charismatic Charlie Wade Chapter 2455

Chapter 2455

For a scheming old fox like Chengfeng, calling a thief to catch a thief is just a very common trick.

The reason for issuing condemnation and offering rewards is actually to divert the public's attention to the greatest extent.

In Chengfeng's view, most people are clueless. They don't actually have too strong ability to distinguish right from wrong. They just rely on the amount of information they receive to vaguely judge whether something is right or wrong, true or false. .

If they listen to more positive opinions, they will also feel that the result is positive;

But if they have heard too many opposing opinions, they will naturally feel that the opposing side is right.

There are so many people on the Internet now making various guesses. Everyone has a mouth, and everyone has a pair of hands. They can say anything and make all kinds of guesses on there.

No matter how strong the Su family is, it is impossible to affect everyone.

So what the Su family has to do now is to do everything possible to post more comments that are beneficial to the Su family.

As long as there are enough speeches favorable to the Su family, it will naturally be able to overwhelm those unfavorable speeches and speculations against their narrative.

It's like scolding someone on the street. If 10 people scold you, you can't scold more than ten people with one mouth.

But if you can find 10,000 people to help you curse, the curses of the 10 people on the opposite side will soon be completely drowned out.

Shoude heard the old man's order and immediately said without hesitation: "OK dad! I will find some media reporters and Internet veterans who are close to us, and let them help us speak out!"

Elder Su nodded gently.

Now, he couldn't think of any other better way.

Later, he hurriedly said to Shoude, "There is one more thing I want you to do right away!"

Shoude hurriedly said, "Dad, don't hesitate to tell me if you have any orders!"

Elder Su said coldly: "If Zhiyu and Liona have encountered an accident, then the person who took them will definitely not be able to run very far with the corpses. They will definitely choose to throw them away in Aurous Hill and the surrounding areas;"

"If Zhiyu and Liona are still alive, then judging from the photos on the scene, they must be seriously injured now!"

"Such a serious injury cannot be solved by a small clinic or a black hospital. The other party will definitely send them to a formal tertiary hospital, and if they are seriously injured, it is impossible to go far for treatment, so You immediately send people to

Aurous Hill to search in the city and the surrounding area, especially the regular hospitals in Aurous Hill. I want to see them alive, and a corpse if they are dead!”

Shoude quickly nodded and said, “Then I will make arrangements!”

Elder Su waved his hand: “Don’t just make arrangements, you have to go there yourself! Once this incident leaks out, it will be a blow to our family, so you must not take it lightly!”

Shoude nodded, “Then I will arrange a plane and fly directly to Aurous Hill!”

At this moment, there was a loud noise outside the door of Old Man Su’s study.

Zhifei yelled eagerly at the door: “Don’t stop me, I want to see Grandpa!”

The butler of the Su family said with heartfelt words: “Young master, the master is talking about important matters with the second master, and has already ordered me, no one can enter...”

“No!” Zhifei said with a trembling voice, “My mother and sister are still alive or dead, I need to ask my grandfather!”
