

The Charismatic Charlie Wade Chapter 2456

Chapter 2456

The butler had to plead: "Young master, please calm down first, wait a while, and after the master has finished talking with the second master, I will go in and report!"

Zhifei shouted: "No! I can't wait! I'm going in now. If you stop me again, then I'll be rude to you!"

The housekeeper didn't know what to do, so Grandpa Su said to Shoude with a dark face, "Shoude, you go and bring him in."

"it is OK!"

Shoude hurriedly turned around and left the study, and said to the butler: "Master said, let Zhifei come in."

The housekeeper was relieved and quickly gave up the passage.

Zhifei took a step and rushed into the study. As soon as he entered, he questioned Chengfeng a little anxiously: "Grandpa! Where are my mother and my sister?!"

Elder Su said earnestly: "My boy, I just learned about this. As for where your mother and your sister are now, and what their condition is, I don't know anything now."

“Just before you came in, I told your uncle that he would immediately release a reward to the outside world. He needs to spend 50 million to collect useful clues. If anyone can save your mother or your sister, I will directly give 100 million.”

Zhifei clenched his fists and asked angrily: “Many people on the Internet now say that you wanted to kill my mother, isn’t it true?!”

Old Su’s face changed suddenly, and he sternly said, “As\$hole! What are you talking about? I am the head of the Su family. Will I do such a shameful thing?”

Shoude on the side saw his father full of indignation and majesty, and his heart was shocked!

“The old man is indeed an old man, and he can speak so righteously with his eyes open to speak nonsense! If I didn’t know everything, I would think it was really impossible for him to do such a thing...”

“Hey, it seems that the gap between me and the old man is not one and a half!”

Zhifei said aggressively at this time: “If it was put before, I would definitely not believe it! But some time ago, Ruoli was betrayed. Although the outside world now thinks that my father did it, and treats badly my father no matter what. I can’t understand it, no matter how bad he is, he is not so evil that he would murder his own daughter! So, he is really doing you a scapegoat!”

Speaking of this, Zhifei gritted his teeth and said: “Ruoli is your granddaughter, so you can do it, let alone my mother?!”

When Grandpa Su heard this, his whole expression was furious!

He angrily grabbed an embossed dragon-print inkstone on the desk worth over ten million, and slammed it to the ground with a snap, and the powder was shattered.

At the same time, he pointed at Zhifei and roared in anger: “Unreasonable! Unreasonable! Am I still your grandfather in your eyes? Is there still me the head of the family in your eyes?”

Zhifei did not flinch and said angrily, “If my mother and sister are really harmed by you, not only will I deny you as a grandfather, I will fight you hard!”

Elder Su was very angry, pointed at Shoude, and shouted: “Shoude! Give him a palm! A hundred palms!”

Shoude immediately stepped forward, grabbed Zhifei by the collar, and gritted his teeth and cursed: “You are an inexhaustible rebellious son! Your father is not here, I am your uncle, so I will teach you a lesson for him!”

Zhifei gritted his teeth and pushed Shoude away. Then he immediately stepped back and stepped back to the door of the study. He pointed to Mr. Su and shouted word by word: “You remember what I say! If my mother and sister are killed by you, I want your life!”

After speaking, he immediately turned around and dashed away!

Chengfeng was holding his chest in resentment, trying to speak, but because he couldn't come up with a single breath, he coughed for several times: “Ahem...ahhhhhh... b@stard... .. Sure enough, it is a rebellious son!!! the family, the whole damn branch is born rebellious!!!”?

Then, after another violent cough, immediately said to Shoude: “Go! Go! Get this b@stard back to me!!!”
