

The Charismatic Charlie Wade Chapter 2451

Chapter 2451

At this moment, Zhiyu didn't know whether she was in reality, in a dream, or a wishful thinking before her soul was out of her body and was about to die.

However, she saw Charlie's face clearly.

"This is the benefactor who once descended like a god soldier, rescued her and her brother from the hands of Japanese ninjas!"

"This is the benefactor who once scolded me for being superficial and obstructive on the streets of Tokyo!"

Thinking of this, Zhiyu subconsciously raised her hand regardless of whether everything in front of her was a dream or not.

When Zhiyu's somewhat cold fingertips touched Charlie's profile for an instant, she couldn't help exclaiming: "Okay... so real..."

Charlie was about to put her by Liona's side, but Zhiyu would wake up unexpectedly, which caught him by surprise.

At this time, Zhiyu yelled excitedly: "Benevolence, it's really you!!"

Charlie frowned slightly: "Fake! You are dreaming! Go to sleep!"

After finishing speaking, he reached out and tapped a little on her forehead.

A little spiritual energy penetrated into Zhiyu's brain, making her fall asleep instantly.

Charlie looked at Zhiyu who was sleeping, and couldn't help but slapped his lips: "Why does this woman wake up so soon."

In order to avoid unnecessary trouble, he lightly tapped Liona's forehead to ensure that she would not wake up in a short time.

As soon as Charlie finished this, loud noises came from the other end of the tunnel.

Issac hurriedly said, "Master, the clearance work at the tunnel entrance should have started, let's get out of here."

Charlie nodded, and didn't care to put Zhiyu down first, and carried her on his left shoulder with one hand, and with the other hand he picked up the unconscious Liona and carried her on his right shoulder. Then he said to Issac, "Go!"

At this time, at the other end of the tunnel, a helicopter had carried Chengfeng's four men down to Orvel's kennel, and two other helicopters remained at the scene, one parked on the high-speed road, the other Then hover in mid-air alert.

Charlie quickly put the mother and daughter into the helicopter, and then stepped up with Issac.

Issac got directly into the co-pilot seat of the cockpit and said to the pilot: "Back to the hotel!"

The pilot immediately pulled the plane up on the spot and flew towards the City at the fastest speed.

During the flight, Issac had called the hotel staff to inform them. Originally, Ruoli and a few crew members who betrayed the Su family lived on an isolated executive floor. There were still a lot of rooms on this floor. People immediately prepared the largest executive suite for Liona and Zhiyu the mother and daughter.

Twenty minutes later, the helicopter landed on the helipad on the top floor of the Hotel.

At this time, the entire top floor has been completely wiped out. From the top to the closed and isolated administrative level, there is not even a single service staff except for Issac's most trusted subordinates.

Charlie carried the mother and daughter on his shoulders and sent them directly to the room that Issac had arranged.

Settling in the mother and daughter, Charlie checked the time and said to Issac, "I guess, before 8 o'clock in the evening, the two of them should not be awake. First, arrange for a few trusted female employees to watch them."

Issac nodded immediately and said, "OK master, don't worry, I will make arrangements."

At this moment, Charlie's mobile phone suddenly received a message with a few lines of big characters: "A major car accident occurred in the Forbidden Mountain Tunnel! The scene is terrible! A-level wanted criminal Shred was killed! Two hostages are missing!"
