

# The Charismatic Charlie Wade Chapter 2508

## Chapter 2508

The housekeeper couldn't help sighing, "Hey! Lord, I didn't expect that Stuart would take people to do this thing personally, and he would be able to do it like this. There is also a second son. I can't imagine, master being there and people there dare to attack the second son. Are they tired of their life?"

Chengfeng roared with a splitting eye, "Check it out! Be sure to find out who is working against me! In addition, another 5 billion will be used for crisis public relations. Within 10 minutes, the video must go away from all websites and APPs. At the same time, no media is allowed to publish any opinions and article related to this video!"

The butler said embarrassedly: "Master...other platforms and apps are fine, but this short video platform, that is owned by Wade family..."

"What is it?!" Chengfeng's eyes widened, and he blurted out, "This short video platform belongs to the Wade family? When did that family start to enter the Internet industry?"

The butler opened his mouth and said: "In fact, they bought this short video platform several months ago, and it seemed to have spent more than 80 billion."

"However, I don't know what exactly their purpose is to buy this short video platform."

"Although this platform is very popular, because it is basically free for users, the profitability is relatively single."

"In addition to advertising, it is to let a bunch of Internet celebrities go up and engage in live streaming sales, and then the platform will take a profit from it. The profit margin is much lower than the industry we usually engage in."

Chengfeng looked desperate and said, “What the hell *does the Wade family do, what is it not good to buy, buy this kind of online platform?! What a fcking wicked one!*”

Both the Su family and the Wade family are top big families with a century-old history.

This kind of big family, like the Rothschild family, generally operates in traditional industries.

For example, the energy industry, financial industry, manufacturing industry, real estate industry and ocean shipping industry.

But the established families basically don't touch the Internet industry.

This is not to say that they are not interested in the Internet industry, but because they have been working in traditional industries for many years, and all their advantages, contacts, and resources are concentrated in traditional industries.

Moreover, this kind of people's way of thinking is relatively conservative, so they generally do not take the initiative to do the Internet and tech purchases and operations.

This is also why Internet bigwigs all over the world are basically emerging wealthy people. It is rare to hear of a top family with a century-old history that has created outstanding achievements in the Internet industry.

The Su family is naturally the same.

Chengfeng basically has no access to the Internet, so the Su family rarely does Internet business.

Therefore, he basically doesn't know much about short video platforms. He only knows that it is a leisure platform that some young people prefer.

In his impression, the Wade family seemed to be no different from the Su family.

But he really didn't know that the Wade family actually bought the short video platform.

If this short video platform belongs to the Wade's, then the possibility of wanting them to stop publicize this video is almost zero.

But Chengfeng was unwilling to give up.

He knew that the most important thing for him now was to quickly delete this video so that others could no longer watch it and completely interrupt its spread.

So if you want to achieve this goal, you can only ask the Wade Family for help.

So he covered his chest and said with difficulty: "Go and get my phone, I want

to call Zhongquan!"
