

The Charismatic Charlie Wade Chapter 2606

Chapter 2606

This kid was indeed smart, otherwise, it would not be possible to practice the brainwashing methods for the little girl. It is a pity that his cleverness finally made him take a detour and was turned into a shit-swallowing beast by Charlie.

The grandfather and grandson walked around the campus, and Mike asked, "Grandpa, do you think that the master of psychological hints to Regnar's son is in this school?"

Dan shook his head and said, "I'm not sure about this, but I think that Regnar's son's accident happened in this school at the time. Whether that person is in this school or not, the clues will come from here. Start sorting out."

After all, Dan said, "Mike, you are young. In between classes, ask some students to inquire about Wu Qi, especially who he has been in contact with before the accident. You must find out first!"

"OK, grandpa!"

At this moment, a BMW 530 is slowly passing by the grandparents.

Sitting in the cab is Charlie.

He had asked Doris to make an appointment with Pollard Watt in advance, so he drove directly into the school. When he heard that he had an appointment with Professor Watt, the security guards not only did not stop him but also enthusiastically told Charlie the route.

At this time, Charlie happened to drive past the artificial lake of Aurous Hill University of Finance and Economics.

This is also his second visit to Aurous Hill University of Finance and Economics.

Last time, at Aoxue's request, he came to persuade her female classmate who wanted to commit suicide.

It was also that time that he knew that there was garbage that specifically brainwashed girls, allowed girls to self-mutilate, and commit suicide on college campuses.

So, he gave Wu Qi a little psychological hint, which made his life gloomy.

Charlie was sighing in his heart, his eyes were attracted by the old and the young walking on the side of the road.

The young man was not too old and looked like he was in his early twenties, but the old man next to him was full of white hair and looked at least eighty or ninety years old.

Charlie felt that although the old man was very old, he seemed to be relatively strong physically and mentally, and his gait was smooth and steady, and even somewhat relaxed.

And the young man around him seemed to be helping, but in fact, he just made a look, the old man didn't need anyone to help him.

What makes Charlie feel a little strange is that he feels a familiar aura in this old man. This feeling is very similar to the Lai Qinghua he had seen on Yeling Mountain.

But Charlie didn't think much, so he drove past the two of them.

What he cares more about now is the meeting with Pollard.

This is the first time Charlie has come out to meet people as the chairman of Emgrand Group.

Even when meeting Doris for the first time, he used the identity of Wade Family Master, not the chairman of the Emgrand Group.

Therefore, he was more or less worried.

If Pollard can be persuaded to cooperate with him, then everything is fine, but if he cannot be persuaded, then his identity as the chairman of the Emgrand Group will be exposed?

Pollard is not his own subordinate, so he is an uncontrollable factor. Once the secret is mastered by an uncontrollable person, the possibility of spreading out will increase geometrically.

Charlie didn't know whether Pollard would tell Meiqing and she would tell his father-in-law.

However, this project is very important at the moment, so he can only go all out to chat with Pollard, and strive to take this awesome man!

Chapter 2607

Charlie drove the car to the administrative building of Aurous Hill University of Finance and Economics, and according to the room number told by the security guard, came to the door of the office of the deputy dean of the School of Economics and Management.

After hesitating for a moment, Charlie knocked on the door.

After three beeps, Pollard's voice came from inside: "Please come in!"

Charlie pushed the door in and saw Pollard wearing a decent suit, now wearing glasses and sitting at his desk reading information.

After a few seconds, he put down the file in his hand and looked up at Charlie, a little startled.

Immediately, he asked in surprise, "Charlie? Why did you come here?"

Seeing his surprised look, Charlie knew that he had not connected himself with the identity of the chairman of the Emgrand Group.

So, he smiled slightly and said seriously: "Hello Professor Watt, I asked Doris to make an appointment with you on my behalf."

"Ah?!" Pollard stood up suddenly, and said in shock, "You...are the chairman of the Emgrand Group?!"

Charlie nodded and said frankly: "Yes, Professor Watt, I am indeed the chairman of the Emgrand Group."

“My God...” Pollard couldn’t help but exclaimed: “When I ran with your Meiqing yesterday, she told me that you are a Feng Shui... That’s good, the group The chairman’s identity seems to be a bit bad...”

Charlie smiled and said: “The so-called Feng Shui is just a rumor among some friends in Aurous Hill. I have studied a little Feng Shui, but the overall business is relatively business and it’s not enough.”

As he said, he explained: “As for the identity of the chairman of the Emgrand Group, I also hope that Professor Watt can help me keep it secret. Even my wife and my father-in-law don’t know my identity. Don’t tell others, especially Aunt Meiqing.”

Pollard couldn’t help asking: “I’m not sure about one thing. With such a big identity, how did you hide it from your wife and your father-in-law? Did they know nothing about the whole process of establishing the Emgrand Group?”

Charlie explained: “Even though the Emgrand Group is mine now, it was not founded by me. The Emgrand Group has been established for nearly 10 years, and I only took over it last summer. As for the family, it is mainly because of some individuals. The reason is not convenient to tell them for the time being.”

Pollard was silent for a moment, nodded lightly, and said, “Okay, I promise you not to tell anyone else about this, but I am not sure, what is your purpose for looking for me today?”

Charlie said seriously: “Ocean shipping has been gaining momentum recently. I personally want to invest in this business, but I have been suffering from not having a suitable managerial talent.”

With that, Charlie looked at Pollard and continued: “Doris introduced you to me, saying that you are very capable and respected by her, so I want to ask, Professor Watt, are you interested in following me for cooperation.”

After hearing this, Pollard shook his head slightly, and said sincerely: “I’m sorry, Mr. Wade, since the day I went to teach at MIT, I have decided to give up this work.”

Charlie didn’t expect that Pollard directly rejected him as soon as he came up, so he asked: “Professor Watt if it is about money, everything is actually easy to talk about. You just have to say the number and you will be accommodated.”

Pollard shook his head and said, “No, it’s not a question of money. It’s my personal decision. I have worked in several Fortune 500 companies for 20 years. I have been racking my brains for the past 20 years to think about how to help companies earn money. More profit, which makes me feel particularly meaningless, so I decided to teach and use another way to prove my value.”

Chapter 2608

Charlie asked in a puzzled way: “Why does it make you feel boring to help companies make more profits? Isn’t your teaching now also helping schools cultivate more talents? I think there is nothing between the two. They’re absolutely different.”

Pollard smiled slightly and said seriously: “To be honest, I am not a person who loves money very much.”

With that, Pollard said with some emotion: “Actually, after the money reaches a certain level, it doesn’t make sense to me. My living condition must have been fixed since I earned half a million dollars a year until When I made 10 million U.S. dollars a year, my standard of living and condition were the same as when I made half a million dollars a year.

“Although I am not a rich person, I have worked for so many years and have saved tens of millions of dollars. In addition, I have made some stock investments. I have some shares of Apple and Tesla. If you discount it all, you might get two to three hundred million dollars. Although the money is not comparable to Mr. Wade’s Emgrand Group, I don’t know where to spend it.”

“The house I live in now is not expensive. All the investment is added up, and it is about one million. I can afford an expensive house. I just find it too troublesome to live in, and it is unnecessary.”

“The car I drive is a Tesla. This is the most common one. It is economical and environmentally friendly. When all the investment is added up, it is less than 60,000 US dollars in RMB.”

“And my monthly expenses, only a few thousand dollars are enough, and my current salary alone can cover all these expenses. As for the remaining money, it can only be

stored in the bank account. It has completely lost its liquidity, no matter how much money I earn, I will donate all of it to charity in the future, so for me, I feel that I might as well just teach diligently here.”

Charlie asked in surprise, “Aren’t you going to leave a generous sum of money for your children?”

Pollard smiled and said, “I really don’t have any thoughts about this. My daughter is about the same age as you, and her living condition is about the same as mine. She can make money, but she won’t spend money at all, and she has no motivation to spend money.”

Charlie couldn’t help feeling a bit difficult when he heard this.

Pollard is obviously not interested in money and only wants to teach and educate people. In this case, what does he do to impress him and make him willing to do it with him?

After thinking about it, Charlie didn’t think of a good way.

However, a black and white sketch on the wall of Pollard’s office attracted his attention.

The simple strokes of the sketch only drew the shape of a tree. It didn’t seem to be peculiar. Even most people could hardly tell the species of this tree by its shape.

But Charlie still looked at the painting and said with interest: “Professor Watt, did you draw this sketch by yourself?”

Pollard asked curiously, “How do you know? I didn’t sign the money on it either.”

Charlie smiled and said, “Because I know this tree.”

“Oh?” Pollard hurriedly asked him, “Since you know this tree, can you tell me something about it?”

Charlie nodded and smiled: “Professor Watt, the tree you painted is actually a redwood tree in California, USA.”

Pollard was taken aback for a moment. At this time, Charlie continued: "In fact, this simple stroke of yours should have been taken from the Stanford University emblem. If I remember correctly, the pattern in the center of the Stanford University emblem is like this. A red cedar tree."

Pollard asked in surprise: "Is Mr. Wade also a graduate from Stanford?"

Chapter 2609

Seeing Pollard Watt's expression of excitement, Charlie hurriedly explained: "Sorry, Professor Watt, I am not a Stanford graduate."

Pollard asked puzzledly: "Then how do you know that the red cedar tree I painted is the one in the Stanford University badge? If you don't have a deep understanding of Stanford, you probably won't remember the pattern in the school badge. Am I right?"

Charlie didn't hide it and said seriously: "My mother did study at Stanford back then. When I was a child, I was fortunate to follow her to visit Stanford."

"So that's it!" Pollard nodded slightly, "I think you are only twenty-seven or eighteen this year. Your mother's age should be similar to mine, right?"

Charlie nodded. When I was born, my mother was twenty-six years old, and she would be fifty-four this year."

Pollard pondered for a moment, and said, "Fifty-four years old, that is, one year younger than me. It is likely to be in the same class as me, or just before me. Can I take the liberty to ask, what is your mother's name? Maybe I still know!"

Charlie hesitated for a moment, and inevitably said sadly: “My mother has passed away for many years, so I still don’t mention her name.”

As soon as Charlie’s voice fell, Pollard was already stunned!

He looked at Charlie, his voice was trembling with shock, and he asked, “Charlie...your surname is Wade...then your mother, is her surname An?!”

Charlie couldn’t help but exclaimed: “Professor Watt knows my mother?!”

Pollard became excited all of a sudden, and said, “Are you really Margaret’s child?!”

When Charlie heard the word “Margaret” at first, tears filled Charlie’s eyes.

Margaret An is his mother’s name.

This name has been missed in his heart for many years, but Charlie has almost heard someone mention it for the first time in so many years.

His mother’s surname is An, which is safe and happy.

Literally, peach trees and plum trees do not speak, but because they bloom beautiful flowers and produce sweet fruits, people will spontaneously walk in front of them and step on a path under them. and his mother’s name in Chinese is derived from these trees.

Its true meaning is to metaphor a person who is sincere and self-disciplined enough and possesses a flawless character, so he will naturally touch and attract others, and be loved and admired by people.

Because Charlie’s mother was his grandfather’s eldest daughter and the one who was most loved, the old man had high hopes for her, so he gave her An Chengqi, a name with deep meaning.

When Pollard saw Charlie with tears in his eyes, he immediately confirmed his guess. He stepped forward, grasped Charlie’s hand, and said with red eyes: “Charlie, we two met more than twenty years ago. Yes! At that time you were very young, and your mother took you to Stanford and Silicon Valley. My wife and I were always accompanied

at the time, but there were still many people around. You may not have any impression of me.”

As he said, he suddenly thought of something, and said excitedly: “My lover even hugged you at the time! Do you still have an impression?”

Charlie shook his head and said a little apologetically, “I’m sorry, Professor Watt, it’s been too long, I really don’t have any impression.”

Then he asked, “Professor Watt, were you classmates with my mother?”

Chapter 2610

“Yes!” Pollard nodded and said with emotion: “We have been classmates for several years, and the relationship between us is also very good. When I pursued my lover, it was your mother who handed me the love letter.”

Charlie asked curiously: “Professor Watt, can you tell me about my mother? I don’t know anything about her experience before marrying my father.”

Pollard sighed: “Your mother was a celebrity at Stanford back then! Not only was the best Chinese female student in Stanford University’s history, but also the president of the Stanford Chinese Alumni Association and the sponsor of the Stanford Internet Venture Capital Fund Well, many of the top high-tech companies that are now in full swing in Silicon Valley, they used your mother’s funds to do it step by step...”

Speaking of this, Pollard couldn't help sighing, and said with a bit of melancholy and regret: "Your mother was really a powerful woman in Stanford and Silicon Valley back then..."

"Not only was she beautiful, majestic, and knowledgeable, she was also extremely capable, and her family's strength can be called a rich and enemy country!"

"The point is, the family is so rich, one can still work so hard, and make great achievements, I have only seen your mother in my life..."

"All our classmates, including those local classmates, were eclipsed by your mother..."

Speaking of this, Pollard sighed: "Back then, there was a saying in Stanford, saying that with so many entrepreneurial elites in Silicon Valley, at least one-third of men are admirers of your mother. This sentence sounds like an exaggeration. But at that time, almost everyone in Silicon Valley knew your mother's name. Everyone respected her and admired her very much."

In fact, it was the first time Charlie heard about these things about his mother.

Charlie was not born when his mother was studying at Stanford and investing in Silicon Valley.

After Charlie was born, his mother gradually became a good helper of his father. Therefore, in Charlie's memory, his mother was not an image of a business elite.

Moreover, Charlie didn't know much about his mother before he was born. His mother was low-key and never talked about it with him.

Now that he heard what Pollard said, Charlie was also very interested in his heart, and asked: "Professor Watt, do you still know anything about my mother?"

Pollard said seriously, "That's too much... Three days and three nights can't be finished..."

Speaking of this, Pollard's expression couldn't help but feel sad and said with emotion: "After your mother had an accident in Aurous Hill, dozens of people from our classmate rushed back by chartered flight overnight to find you. I was there at the time, and there

were many others who came together. Your mother's classmate at Stanford, although I was born and raised in Aurous Hill, I started all the relationships I could in the city at that time, and I couldn't find your whereabouts."

"Later, more than 300 people in our Stanford Alumni Association, as well as your mother's nearly 100 friends in the Silicon Valley venture capital field, worked together to find your whereabouts all over the world. They searched for a full ten years without any results. Where have you been for so many years?"

Charlie didn't expect that after his parents had an accident that year, his mother's classmates and friends would still look for him for ten years.

When he was moved, he couldn't help saying with emotion: "Professor Watt, in fact, I have been in Aurous Hill for so many years."

After all, Charlie explained his hiding in the orphanage to Pollard.

Pollard couldn't help sighing, "I really didn't expect you to be in Aurous Hill all the time..."

Charlie asked him, "Professor Watt, do you know my father?"

Pollard shook his head and said, "When your father was in love with your mother, he never contacted us. We only know that your father was the young master of the Eastcliff family, but more details are not very clear. When your parents held their wedding in Eastcliff, my wife and I were originally planning to come over to attend, but something happened in the United States at the time and we had to change our plan temporarily."

As he said, he couldn't help sighing: "The United States and China are still too far apart after all. If I remember correctly, after your mother and your father returned to China and got married, I met her three times until she had the accident in Aurous Hill. , The last time, it was the time she took you to Stanford..."
