

# The Charismatic Charlie Wade Chapter 2621

## Chapter 2621

Charlie didn't expect this girl to reject him as soon as he came in contact with her, but it was naturally impossible for him to admit defeat so easily, so he immediately replied: "I thought Miss Watt was in the United States, but I didn't expect you to be in Syria. I don't know why you are running there?"

Melba replied: "I and some of my college classmates came to make a documentary about war, and then prepared to use the documentary as an opportunity to launch an anti-war charity fund."

Charlie hurriedly said: "If Miss Watt is interested in an anti-war charity fund, I can personally donate a sum of money to you. If Miss Watt, you can cooperate with me for a long time, then I can give you a one-time charity. The fund of 30 million U.S. dollars would be transferred."

After speaking, Charlie said again: "To be honest, you graduated from finance majors are going to Syria to shoot war documentaries. This is because the donkey's lips are not right. Professional talents must do professional things. Shooting documentaries. This kind of thing can be done by a professional documentary team, and financial talents like you should do everything possible to create more wealth and more jobs for the society."

Melba replied: "Mr. Wade, what you said is very reasonable, but to be honest, the situation in Syria is more dangerous. Even many professional documentary teams are unwilling to come to this place and go deep into the front line of the war and shoot videos."

"Moreover, we have also seen some European and American documentary team's methods of doing things. They generally try to stay away from the front line as much as possible, and their shooting angles are also very narrow. They are even influenced by the mainstream Western media. Praise the war and beautify the war."

“It is impossible for people outside to realize how cruel wars are, so it is impossible for people in peaceful times to realize the meaning of anti-war ideas.”

Charlie said immediately: “Ms. Watt, can you see it like this? I can sponsor your team for 20 million dollars so that you can make this documentary better. But I only have one request, which is, you can’t stay in Syria anymore. The money goes to your team, but you must come to Aurous Hill to help me set up the ocean shipping business. What do you think?”

As soon as Charlie finished speaking, Pollard, who was on the side, immediately gave him a thumbs up and praised: “A good way to move the tiger away from the mountain!”

Charlie smiled and said, “This is not about adjusting the tiger away from the mountain, this is adjusting the lamb away from the wolf pack...”

At this time, Melba replied: “Let me leave the team? How can I do it! My team and I have promised to each other that neither of us will back down without authorization.”

Charlie smiled and said, “This is not to make you retreat without authorization, I just gave your team a better choice.”

With that, Charlie deliberately changed the subject and asked her: “Miss Watt, I don’t know how you are living in Syria? Are all kinds of supplies available and whether your personal safety is adequately guaranteed?”

Melba replied: “We have relatively difficult conditions here because we are in the war zone and the supply of materials is severely lacking. As for our personal safety, the government has sent a few soldiers to protect us. The overall situation is still relatively good. It is safe.”

Pollard, who was on the side, heard this and he was relieved immediately.

## Chapter 2622

Charlie smiled and said at this time: “As far as I know, it seems that their government and opposition forces have been fighting very close together, and their government forces are short of money, food, weapons, and ammunition. They must have been inadequate training all the year-round, and their combat level. It must be very low. In this case, only a few soldiers have been sent to protect your safety. Then I guess it is basically useless, and you are also unarmed high-achieving students. If something, an accident happens, you will even have the chance to escape. No.”

Melba replied hesitantly: “This...I don't think it should be that serious...”

Charlie smiled and said, “That's just what you think. If something really happens, it won't matter how you think it is.”

As he said, he remembered something, and said, “I heard that mercenaries are very popular in the turbulent place in the Middle East. You can hire dozens of well-equipped and well-trained mercenaries to protect your safety throughout the process. , So your safety will be more guaranteed.”

Melba embarrassedly said: “The cost of mercenaries is too high. We have consulted the Blackwater Company in the United States. On the front line in Syria, their mercenaries' salary requirements are all settled on a daily basis. A person's daily cost is only two thousand US dollars, and this The cost of any weapons and equipment is not included. The cost of ammunition has to be calculated separately. If they need to be equipped with vehicles, the price is ridiculously high. Our budget is very tight and we can't afford mercenaries.”

Charlie smiled and said, “Look, you can figure it out right now. What is the significance of the 20 million dollars I promised you just now!”

“As long as you return home to help me, 20 million dollars can be given to your team.”

“If a mercenary needs two thousand dollars a day, your team can hire twenty mercenaries, which is only forty thousand dollars a day.”

“Even if your team members have to stay there for half a year, if you calculate it at \$40,000 a day, it will be \$6 million.”

“Plus the cost of renting some armored vehicles, the ten million dollars will definitely stop.”

“The remaining 10 million US dollars, you can all put into the shooting, only you can use the best photography equipment, the best aerial photography equipment, and even the local armed men with AK47 when conflicts break out on the ground, your team can spend money to rent an American mercenary gunship, and take you to shoot from the perspective of God in the sky. The effect of that shot will surely shock the world!”

Melba was obviously a little tempted, but she still hesitated to say: “What you say is really reasonable, but... But when we set out, a few of us have already said that we must live and die together, and advance and retreat together. If I leave at this time, it will be a violation of our original agreement...”

Charlie smiled and said, “Don’t have such a strong psychological burden. You are like a few friends driving a broken car to cross the desert. Now because there is no oil, they have broken down in the middle of no man’s land. Scarce, you people can’t stay in the car and consume it together. You have to send someone out to find gasoline so that everyone can have a chance to live.”

“Although this person got out of the car and left the team, she will be able to bring back enough gasoline for the car and save other passengers, better vehicles and equipment, and various supplies can let them move forward better, faster, and safer. Don’t you think this is a good choice? Especially for those who are still in the car, it greatly improves their survival security. “

“So, I think you can discuss it with your companions. I believe they will also think that this is a very good deal!”

## **Chapter 2623**

Melba, who was far away in Syria, was indeed very moved after hearing what Charlie said.

During this period of time, their classmates were many, and they also encountered a lot of difficulties and dangers in Syria. Although all these dangers were avoided by chance, everyone knew in their hearts that the risk of staying in Syria to shoot documentaries was still very high.

Melba felt that if she could really get 20 million US dollars in sponsorship from Charlie, it would be a qualitative improvement for everyone's personal safety and for everyone's shooting expenses.

Thinking of this, she replied to Charlie: "Mr. Wade, let's do it, I will discuss your suggestion with the people in my team and see what they suggest. If they agree, then I have no opinion."

Charlie smiled and said, "That's great, when will you give me a clear conclusion?"

Melba hurriedly said: "We are now preparing to participate in a military operation by the local government forces. They are going to attack a small military base of the opposition before dawn. The entire offensive mission is estimated to last six hours. I'll give you a final reply before the dark, do you think it's okay?"

When Pollard heard that Melba was going to take part in the military operation, he hurriedly said to Charlie: "Charlie, you must persuade her to not go! This is really a war. The bullet does not grow eyes, just in case she gets wounded. If it hits her, you have to lose half your life if you don't die!"

Charlie nodded and said, "Then I will try to persuade her..."

After finishing speaking, he continued to send a voice to Melba: "Miss Watt, I personally suggest that you do not participate in this kind of military operation, or your team will stop going today. Just sit down and have a meeting together and think carefully about my suggestion. If you all agree, I will pass the money immediately, and your team can immediately hire a group of mercenaries from the Blackwater Company to protect your safety, what do you think?"

Melba replied: "Mr. Wade, we started preparing for this operation three days ago, and my companions have started to install the device in the car now, and it will be time to set off soon, so we will wait until we finish this operation to give you a definite reply."

After that, Melba immediately sent another message: "Excuse me, Mr. Wade, we are leaving now! After leaving the base, there will be no communication. Let's talk when we get back!"

Charlie hurriedly replied: "I still suggest you not to go."

However, Melba did not reply this time.

Charlie looked at Pollard and said helplessly, “Uncle Pollard, I guess she has already set off.”

“Hey!” Pollard sighed, “I have been studying for half a lifetime, how can I raise such a rebellious daughter? What a crime!”

Charlie shrugged his shoulders and said, “Uncle Pollard, Syria is at least six to seven thousand kilometers away from ours. No matter how much you worry, it will be difficult to actually solve the problem. It is better to wait patiently for her reply. I think the terms I gave this time are so generous, they shouldn’t refuse.”

Pollard said with emotion: “Charlie, thank you so much, for your work, I need to pay for it...”

As he said, he said with a bit of sullen emotion: “Since I decided to give up my work and life in the upper class and choose to teach and educate people, almost all the money I can donate at home has been donated, and I have also given a part of Melba’s money as charity. Now all my assets are a small villa in here, plus less than 10 million yuan in cash and all of them in total are just over 20 million. If converted into U.S. dollars, it will be around three or four million. I’ll give you all the money and the house, and I will slowly find a way to pay the rest!”

Charlie hurriedly said, “Uncle Pollard, don’t be so polite to me. To be honest, I came to you and your daughter to help me make money. This little money should be invested in the early stage, and you can rest assured that if Melba is willing to come back and help, I will definitely give her a generous annual salary; if Melba can help me push the ocean shipping business on the right track, I can double the salary!”

## **Chapter 2624**

Pollard gratefully said, “Charlie, thank you so much, don’t worry, your uncle will do my best to repay you by then!”

Charlie bowed slightly and said, “Uncle Pollard, don’t be so polite with me.”

After that, Charlie checked the time and said, "Uncle, you will definitely have classes later? Then I won't disturb you, let's talk another day."

Pollard looked at his watch and hurriedly said, "Oh, I almost forgot to mention it. There will be a class right away. Otherwise, Charlie, if you have nothing to do, just stay in my office. Don't worry. When I finish this class, we will have a meal together at noon."

Charlie said, "Uncle Pollard, you must be very busy at work. Or maybe you can change the day for dinner."

Pollard waved his hand: "I'm busy, but there is always time to rest. Besides, let's meet again. To be honest, I am really kind in my heart, and I still want to chat with you more."

With that, Pollard said earnestly: "But this also depends on your time. If you have something to do at noon, let's change the day. Anyway, we are in the same city, so we can look for opportunities."

Charlie was actually fine at noon, mainly because he was afraid of staying here and delaying Pollard's work. In fact, he still wanted to chat more with Pollard, because he didn't know much about his mother in the past 20 years. It's easy to meet a classmate of his mother's from back then. He really wants to take this opportunity to learn more about his mother's story from Pollard.

So he opened his mouth and said: "If this is the case, then Uncle Pollard, you should be busy first, I am here waiting for you."

"Okay!" Pollard nodded excitedly, and said, "Sit and wait. I have 50 minutes of this class. I'll be here right after the class."

Charlie nodded and watched Pollard leave with the teaching plan materials. He was doing nothing by himself, so he sat down on the reception sofa in Pollard's office.

Just when he had nothing to do, he searched for information about Melba and found that this girl was really amazing. She had excellent grades at Stanford, and she had even published on the official website of Stanford University, and the official website also has her details. There is a photo, Melba in the photo has light golden curly hair and a sweet and flawless face, full of femininity.

Charlie really couldn't understand, for such a beautiful and excellent girl, there must be many men madly pursuing her on weekdays, but why she prefers women.

However, Charlie didn't entangle too much with this kind of thing, he was very open to these things, and his orientation in this area was completely personal freedom, even the parents have no right to interfere, this is what he thought.

Just when he turned off Melba's search results, his mobile phone suddenly received a call from Aoxue.

Charlie answered the phone and heard Aoxue say nervously on the other end of the phone: "Master Wade, someone in our school inquired about Wu Qi and also inquired about Luna's original matter. Could it be that someone wanted to target you?"

Charlie was slightly startled. He remembered that Luna was the girl who almost committed suicide by jumping into the lake at the hands of Wu Qi's psychological suggestion.

And this Luna was also Wu Qi's girlfriend before the accident.

Now someone inquired about Wu Qi's affairs and found out on her head, is it to find out the whole story of Wu Qi's accident?

## **Chapter 2625**

Charlie didn't quite understand why someone would investigate Wu Qi's affairs now.

After all, Ragnar already knew that Wu Qi's accident was his own work. As a stakeholder, the Wu family would definitely not take off their pants and f@rt, and then came to investigate again.

Therefore, the only possibility is that the people who are investigating Wu Qi now are not sent by the Wu family.

Charlie thought about it carefully. Most of the people he had offended were already cold, and those who were not cold were nothing more than the Su family in China and the Hogwitz family in the United States.

The two families are under his own hands and have suffered heavy losses, and he's aware that they are in the dark. If they want to find him, they can only clear the fog layer by layer.

So Charlie immediately deduced that the person who was investigating information about the Wu Qi incident at this moment must have an inseparable relationship with one of the two.

So he asked Aoxue, "Who is investigating Wu Qi's affairs? Have you seen them?"

"I saw them." Aoxue said, "It's two people, one old and one young."

Charlie asked again, "Where are these two people now?"

Aoxue said, "I met them in the small square outside the teaching building just now. It is not clear where they are now."

Charlie thought that the teaching building was on the opposite side, so he walked to the window and looked downstairs.

Sure enough, on the small square opposite, he saw two people, one old and one young, walking out.

The old man among them seemed faintly unusual temperament on his body. Charlie once felt this kind of feeling in Lai Qinghua, but the temperament of this person seems to be more important than that of Lai Qinghua. Weak.

Charlie has been particularly keen on this feeling since he obtained the Nine Profound Sky Sutras, so he immediately realized that this old man is either a Feng Shui master like Lai Qinghua, or a metaphysics like Master Yu Jinghai from Hong Kong.

So he took out his mobile phone, called Issac, and said, “Mr. Issac, there are two people in Aurous Hill College of Finance and Economics, one old and one young, and they seem to be visiting things related to Wu Qi. Arrange for someone to keep an eye on them. , But you must remember to choose the strongest person to observe from a distance, don’t behave in the dark, and report any movements to me in time.”

Issac hurriedly said, “Okay young master, I will send a few men who have served as scouts in special forces.”

At the same time, the small square in front of the teaching building.

After questioning many students, Mike couldn’t help but whisper to Dan Mai: “Grandpa, I’m just asking about Wu Qi’s affairs so openly, if that big man is really in this university or in the vicinity. If the university has his informants, wouldn’t we be exposed soon?”

Dan nodded and said faintly: “It is right to be exposed. The other party is a real dragon. It is far from being an existence that I can see through. If his deity is unwilling to come forward, no matter how hard we try, it will be in vain. It’s better to disclose our purpose directly. If it attracts his attention, maybe he will take the initiative to show up.”

Mike asked again: “Grandpa, will the other party anger us and treat us as enemies?”

Dan said: “If he is a person who must report to you or is suspicious, he will definitely treat us as enemies, but such a person has a narrow belly, and it is generally impossible to have a true dragon fate.”

“The true lifestyle of the true dragon must be broad-minded and clear-cut, and will never be malicious to us just because we came to investigate Wu Qi.”
