

The Charismatic Charlie Wade Chapter 2661

Chapter 2661

Charlie and Faisal passed through the central square together, and the roar of diesel generators in his ears became more and more deafening.

Under such a loud mechanical noise, ordinary people have difficulty talking, so that many other voices around them are covered up. This is a good thing for Charlie, even if something happens in the rescue and pursuit later. When someone yells by accident, it is hard to be spotted by outsiders.

So Charlie asked Faisal next to him: “How long does your diesel generator set usually work?”

Faisal hurriedly said respectfully: “Because the government army cut off our electricity supply, all our electricity is supplied by a set of 50-kilowatt diesel generator sets. It also has a power storage device.”

“Because the electricity consumption during the day is generally low, we generally do not use motors during the day. We use power storage devices to ensure that the necessary devices operate normally during the day. The generator sets will be turned on after dark, mainly for lighting and other purposes. The electric device, and then charge the storage device.”

“It opened early today, mainly because of the poor sunlight on rainy days.”

Charlie asked curiously, “If you make this place brightly lit at night, aren’t you afraid that the government will send planes to bomb it?”

Faisal explained: “In Syria, whether it is the government army, the opposition, or the Kurdish armed forces, 90% of all wars are ground wars. The planes in the hands of the government forces have long been attacked. Now, the remaining few old fighter planes

are guarding Damascus and the southern province of Dar'a. They don't dare to send them out to fight, and we have a large number of civilians here. If they send planes to attack indiscriminately, they will surely arouse public anger. At that time, it will be more beneficial to our opposition."

Charlie nodded lightly.

The war in his understanding is a modern war based on the Gulf War pattern.

The core of modern warfare is dominated by the air force, supplemented by the navy and army.

Just like the United States fighting in Iraq, the two armies do not need to engage in short-handed combat. First use fighter jets to fight and seize air supremacy, and then use bombers to carry precision-guided bombs to destroy the enemy's key defense forces and military industry one by one. , After the opponent is completely paralyzed, a large number of ground troops directly rush in, and they will be able to drive straight into the direct occupation.

However, it now appears that in places like Syria, the method of warfare is basically the same as that of World War II. The two armies mainly rely on the ground forces to fight head-on, and the air force can have little influence.

Charlie remembered that Faisal was the captain of the armored brigade, so he asked him: "Faisal, since 90% of the wars here are ground wars, then your armored brigade must have an extraordinary identity and status?"

Faisal nodded and said truthfully: "Our two most important forces are the armored squadron and the flying squadron. However, the flying squadron only has four armed helicopters, so the main combat effectiveness still depends on my armored squadron."

Charlie asked curiously: "Faisal, since you can be the captain of the armored brigade, should you rank higher in this armed force?"

Faisal said hurriedly: "Actually, my armored squadron was completely commanded and dispatched by the commander during the war. The reason why I was able to lead a squadron was also that I knew more about tanks, so I acted more as an instructor. The role does not have much real power."

Charlie nodded lightly. Since the armored brigade is the core combat power here, it is reasonable to be dispatched directly to the commander.

Under the leadership of Faisal, Charlie came outside a courtyard wall made of loess. At this time, the courtyard was full of voices, and the communication between people was basically by shouting.

Moreover, Charlie found that the languages they spoke were different. Some spoke English, some spoke French, and some others spoke a language that he didn't understand at all. It should be Arabic.

Chapter 2662

Charlie asked Faisal, "Don't you have a unified language here?"

Faisal shook his head: "The unified language should be Arabic, but the composition of our opposition soldiers is more complicated, so many of us don't speak Arabic."

"Some of these people have lived in other countries since they were young, and some have lived in former colonial areas. so they are English or French, so the language between them is not completely smooth."

"Like myself, I actually went to the United States with my parents when I was very young, and I took a green card and served in the U.S. Army for three years. Only a few years ago I responded to the call and came back to join the Freedom Army. So my basic Arabic It's very poor, and basically, I only communicate in English."

Charlie nodded. This multilingual situation is just like India. A considerable number of Indians do not speak Hindi. Even each state in India has its own official language, plus it was once a British colony. So English is also one of the official languages.

However, this kind of language confusion is relatively friendly to him. The more confused the language landscape, the easier it is for him to mix in.

So he said to Faisal: "After you go in, remember to act by chance and don't let people see the clues."

Faisal hurriedly said, "Please rest assured, I will give my all!"

Charlie gave a hum, pointed to the courtyard gate, and said, "Go in!"

"OK!"

Faisal stepped forward and pushed open the courtyard door.

In the yard at this time, more than a dozen soldiers carrying AK47s were grilling around a campfire to warm up. On the campfire, two legs of lamb were worn with wooden sticks. At this time, they were already roasted with oil and smelled really delicious.

Charlie followed Faisal in, and one of the soldiers recognized Faisal and blurted out, "Captain Faisal, would you like to have some barbecue? Ansala's mother also made some pita bread, and it'll be ready soon."

Faisal waved his hand: "I won't eat anymore, I'm here to see the hostage situation."

As soon as the man heard this, he immediately said with a grin: "Captain Faisal, are you interested in those women? But I have to make it clear to you that the commander has given the order without his permission. No one can fool around!"

Faisal said immediately: "Don't talk nonsense! I just come to see the situation, go back to report to the commander, and open the cellar entrance quickly!"

The man nodded hurriedly, turned to greet a soldier, and together? Bend over and opened a thick wooden board from the ground. Then, a staircase made of loess appeared under the wooden board, and the man respectfully treated Faisal. Said: "Captain, please come in!"

Faisal nodded in satisfaction, and led Charlie to the entrance. The man took out a flashlight. After turning it on, Faisal said graciously: "Captain, the stairs are not lighted and are dark. I will be in front leading the way, watch your steps!"

Faisal glanced at Charlie, and when he saw Charlie nodding to him quietly, he agreed and said, "Okay, you can lead the way!"

Chapter 2663

Charlie and Faisal followed the man into the cellar, only to discover that the cellar was dug very deep, and the stairs alone were at least five or six meters deep, almost the height of two stories.

Because the winter in Syria is the rainy season and there is a lot of rain, the stairs are dark and wet, and the soil on both sides even reveals a strong smell of soil.

As he went all the way down, the person leading the way in front said flatly, "Captain Faisal, can you please do something?"

Faisal asked coldly, "What's the matter?"

The man hurriedly said, "Captain Faisal, I want to apply to join your armored team, I can control heavy machine guns!"

Faisal sneered and asked him, "I think you are joining the armored team because you are afraid of death, right?"

"No, no," the man hurriedly said, "I just wanted to exercise the armored brigade..."

Faisal smiled and said, "I will think about it and let you know when the time comes."

The man said excitedly, "Thank you, Captain Faisal!"

With that said, he had already stepped down to the bottom of the cellar.

There is an iron door at the bottom of the cellar, and a small window is open on the iron door, you can see the light inside.

At this moment, the man who led the way patted the iron door hard and said, "Open the door, Captain Faisal is here!"

Someone inside immediately opened the door latch, and a curly-haired man poked his head out, waved at Faisal, and smiled: "Captain Faisal, why are you here?"

Faisal said coldly: "The commander asked me to come over and have a look and also communicate with the hostages."

The man hurriedly stepped out of the passage and said with a smile, "Captain, please come in!"

Faisal said to the person who led the way: "Go back. You remembered what I just said. If there is a result, I will tell you as soon as possible."

"Thank you so much, Captain Faisal, you get busy, I will go up! I will save you some roast leg of lamb later, wait for you to come up to eat!"

The man turned and left, Faisal waved to Charlie, and the two entered the cellar one after another.

Charlie originally thought the cellar was a small space, but he didn't expect that there was a cave inside.

There are two rooms in the cellar. The outer room is about 20 square meters. There are four soldiers guarding. Inside there is a wall and a big iron door without windows. Charlie can perceive that there are eight people inside. , It must be Melba and her friends.

At this moment, Faisal let someone close the door to come in, and then looked at Charlie, wondering what he would order next.

The four-guard soldiers were not very alert and stood aside with their guns hanging around. One of them was still wearing headphones and seemed to be listening to a song.

At this moment, the soldier who had opened the door approached Faisal and asked in a low voice, "Captain Faisal, when is the commander going to do it? If I say, it's better to kill these Yankees. It's useless to keep them a little bit longer. We have to let a few of our brothers stay here. It's damp and smelly. After a long time, the panel is itchy and uncomfortable!"

Faisal said indifferently: "The commander of affairs naturally has his plan, so you can honestly carry out the commander's order, don't say anything else, don't ask!"

“Okay.” The man sighed helplessly and said: “It’s really not possible. Captain Faisal will help us to talk to us and arrange for a few brothers to change shifts. We always stay in the cellar. It is too painful. “

Charlie walked up to the man at this time, patted his shoulder lightly, and said with a smile: “Brother, everyone works for the commander, so don’t have so many complaints!”

Chapter 2664

As he said, a trace of spiritual energy penetrated into the opponent’s body and went straight to the opponent’s brain.

Immediately afterwards, just like Faisal, this person was given psychological hints by Charlie. Hearing this, he hurriedly said, “You are too right!”

Charlie nodded in satisfaction, pointed at another person, and said, “This brother must be dissatisfied, right?”

The man hurriedly said, “I dare not, what the commander asks me to do, I will do, no more two minds!”

Charlie smiled, walked to him, patted him on the shoulder, and smiled: “You have a high level of consciousness! I will definitely say something for you in front of the commander in the future.”

After that, another trace of spiritual energy entered, following the method, and firmly controlling this person’s consciousness.

At this time, a guy with a full face cursed and said, “The commander said that as soon as the time is up, he will start to kill. I think it is almost the time, and I will execute the sentence then!”

Charlie looked at this man, sneered, and asked, “You like killing people?”

The guy stared at Charlie and said disdainfully, “Yes, I just like it, why? Do you have an opinion? Or do you want to speak for these Yankees?!”

Charlie smiled and said: “Why should I speak for them? I just think that the hostages really can’t come to the table. If you have the ability, it is better to wait for the government forces to come and kill a few more enemies on the battlefield.”

The guy stepped up to Charlie in two steps, reached out his hand and grabbed Charlie’s collar, and yelled, “Are you sarcastic to me?!”

Charlie smirked, “It seems you are not stupid.”

The guy was very angry. As soon as he raised his hand, his fist was about to hit Charlie’s face. Charlie suddenly yelled, “As\$hole, even you dare to fight your dad?! Don’t hesitate to kneel down and admit your mistake!”

This voice scared the other party into a sluggish moment.

He didn’t know that at that moment, Charlie had already given powerful psychological hints to his brain.

His whole figure was startled, and then he knelt on the ground with a thud, and said with sincerity, “Dad, I was wrong...”

Charlie pushed him away. At this moment, the person wearing the headset took off the headset in a bit of surprise, and blurted out, “Kamil, why did you kneel down? This person is your father?!”

The strong man called Kamil blurted out, “Yes, he is my father!”

The man stunned and said, “Your brain is broken, right? Didn’t your dad only die last year? I came to help carry the coffin!”

Charlie looked at him at this time and said lightly: “I am not only his father, but also your father. Why don’t you just kneel down and admit the mistake like him?”

This sentence scared this person to death.

He felt dizzy in his mind, and then he knelt down beside Kamil subconsciously, choked up, and said, “Dad, I was wrong...”

Charlie also felt a sharp pain in his brain at this time, and then carefully examined his body, there was only a trace of aura left, which made him realize that he had just given five people consecutive psychological hints, and the aura consumption was indeed too great.

In the past, he seldom used aura intensively. At this moment, the aura consumption was greater than in the past few months.

Fortunately, the five people, including Faisal, have been psychologically hinted at by him, and these five people have become his most loyal puppets.

So he pointed to the door of the room inside and said to the five people: "Who has the key? Open the door!"

Chapter 2665

Hearing Charlie's order, someone immediately took out the key and prepared to open the iron door inside.

Charlie said: "You will guard outside the door for a while, and if someone comes, try to spread it out."

With that, Charlie looked at the time and said, "I guess your commander will come over soon. If he wants to come in, let him in. You guys should behave naturally and don't let him see any clues."

"Okay!" The five people agreed in unison.

Immediately, the door opened.

As soon as the door opened, there was a smell of earthly soil inside. He stepped forward and found that there was nothing in the whole room, only a lamp hung on the top of the room alone, and the wattage of the bulb was very low and the light was very dim.

There are some traces of artificial reinforcement on the top of the room, but there are still mud walls around it. In this kind of room, there is basically no chance of suicide.

In the corner of the wall, there are eight people sitting on the floor in a row, wearing black hoods with their hands tied behind them, leaning against the wall.

Charlie couldn't see their faces, but through their clothes and figure, one could see that among the eight people, there were three women and five men.

Hearing the opening of the door, the eight people were all nervous, and a few even began to curl up and tremble unconsciously.

Charlie entered the house and closed the iron gate by the way. Then, he paced up to the eight people and took off the black hoods on their heads one by one.

From left to right, Charlie took off the headgear of seven people in a row. As a result, the five boys and two girls had different skin colors. One of the boys was yellow, but the two girls were both blond and white.

After picking the last one, he finally saw a yellow female with short hair and a beautiful appearance.

Because these eight people have always been covered by thick blackheads, their vision has been in the dark, and now they suddenly get light. Even if it is only dim, the light bulb makes them feel very dazzling, so they are all subconsciously cover the light in front with their hands.

After a while, everyone's vision finally returned to normal.

What frightened them was that in front of them stood a man dressed as a standard terrorist with a black mask on his head.

The man also held an AK47 in his hand, which was a look of a gangster.

Charlie looked at the yellow girl who looked a bit like southeast Asian and asked directly: "Are you, Melba Watt?"

As soon as the words were said, the girl's body twitched suddenly.

She looked at Charlie and subconsciously asked: “How do you know me?!”

Charlie stretched out his hand to take off the mask, and said lightly: “I am entrusted by your dad to take you home.”

As soon as these words came out, Melba was struck by lightning!

She looked at Charlie with an incredulous look, and blurted out, “What did you say?! My dad entrusted you to take me home?! How does he know that I am here?! And, why are you here? You Are you part of the armed opposition?”
