

The Charismatic Charlie Wade Chapter 2966

Chapter 2966

When Cary hung up the phone, his expression was venomous.

He really didn't expect that an old thing like Dan would dare to negotiate terms with him.

Just as he was feeling resentful, something suddenly tumbled in his arms, he hurriedly reached in and took out his natal Gu-worm from his arms.

As soon as the white and fat worm came out, it twisted its body vigorously, and it kept squeaking in his mouth, seeming to be a little dissatisfied and protesting.

Cary touched it, while comforting: "Don't worry, don't worry, I know you didn't eat enough last time, don't worry, I have prepared two meals for you tonight, and you will definitely fill your stomach tonight!"

What's interesting is that the big white worm seems to be able to understand what he said.

When Cary promised to let it have a good meal, it immediately stopped the dissatisfied protest, and cleverly rolled repeatedly in his palm.

He laughed evilly at this time, and said to himself: "Dan, Dan, since you are such an old man so ignorant of good and bad, don't blame me for being ruthless! Next year, on this day, it will be your anniversary. Tonight, I will use the brains of you and your great-grandson to feed my baby!"

At this moment, Dan hung up the phone, looked at Charlie next to him, and said honestly: "Master Wade, what you asked me to do, I'm done..."

Charlie nodded slightly, and said lightly: “Then you have to work hard to go to Phoenix Mountain Cemetery with me at night.”

Dan’s expression was shocked, and he blurted out, “Master Wade, didn’t you say that as long as I arrange an appointment for you with Cary, you will let me go?”

Charlie said: “The area of Phoenix Mountain Cemetery is very large. If you don’t show up, Cary will most likely not show up as well. If he notices an abnormality and runs away, he will immediately guess that you betrayed him. Do you think he will let you go, then?”

Dan’s expression immediately became very ugly.

“Charlie was right. Since I have made an appointment with Cary to meet at Phoenix Mountain Cemetery, if anything goes wrong, he will immediately suspect that I betrayed him. If he retaliates at this point, I can’t do anything with him...”

Thinking of this, he thought again in his heart: “But, if I followed this man and he couldn’t kill Cary, would I be buried with him?! Cary’s methods are so harsh, just that is the trouble. The natal Gu-worm is extremely powerful. If Charlie’s strength is not good, then in the end both I and him will have to become food for that white worm...”

Chapter 2967

At this time, Dan was constantly thinking about any possible situation and the corresponding results.

After thinking about it, he still felt that he had to believe in Charlie and hope that he could kill Cary.

The reason is also very simple. If Charlie kills Cary, he still has a chance to survive; but if he can’t kill Cary, he will undoubtedly die too.

Therefore, he could only bite the bullet and promise, “Okay Master Wade...I will go to Phoenix Mountain with you in the evening...”

...

In the evening, Charlie sent Claire home and ran out of the house on the excuse of something.

At the door of Tomson, Orvel drove a taxi and parked on the side of the road.

In front of the taxi at this time, the words hired were displayed.

Orvel had been waiting here for a long time. Seeing Charlie coming out, he hurriedly got out of the car and said respectfully: "Master Wade, you are here."

Charlie nodded, pointed to the taxi, and asked him, "Is there nothing wrong with this car?"

Orvel hurriedly said: "This is a standard operating taxi. The license plates and certificates are real. Don't worry."

Charlie said with satisfaction: "Okay, good job, give me the car key."

Orvel didn't dare to delay, and hurriedly handed the keys to Charlie's hand, and said: "Master, if you have anything, please feel free to contact me."

"Okay." Charlie nodded slightly, took the car key, and said: "I'm leaving now."

After speaking, he got into the taxi, started the car, and drove towards Shangri-La.

Chapter 2968

When Charlie came to the front of the hotel, Dan also walked out of the lobby.

When he walked to the door and saw Charlie driving the taxi, he waved his hand at him.

Charlie drove the car up to him, lowered the window, and asked, "Are you going to take a taxi?"

“Yes!” Dan nodded and said, “I’m going to Phoenix Mountain Cemetery.”

“To Phoenix Mountain?” Charlie pretended to be horrified: “Why do you want to go to such a place in the middle of the night? I can’t go, it’s too bad.”

Dan hurriedly said: “Brother, I have something very urgent to go to Phoenix Mountain. If you feel unlucky, I can add more money to you?”

Hearing this, Charlie rolled his eyes and asked: “Add money? How much can you add?”

Dan directly took out ten hundred yuan bills, handed them to Charlie’s hand, and said, “One thousand yuan, what do you think?”

Charlie pretended to get shocked with his eyes wide open, and he waved happily and said, “Come on, get in the car!”

Dan opened the car door and sat in.

Charlie started quickly, and the vehicle headed towards Phoenix Mountain.

On the way, Dan asked nervously: “Master Wade, do you think that Cary is following us?”

Charlie said indifferently: “Regardless of whether he is following or not, we have to do a full set of the show, otherwise, if there is a disclosure, the other party will disappear without a trace for good.

Dan nodded, and then asked, “After we reach the place after a while, do I go in by myself, or do you have other arrangements?”

Charlie said: “Just get in when you get off the car and wait for Cary to contact you.”

Dan asked nervously: “Then what do you do after I get off the car? Do you follow in secret, or just wait outside?”

Charlie said calmly: “Don’t worry, I will follow you in openly when the time comes.”

Dan couldn’t help asking: “Will that make Cary suspicious?”

Charlie said confidently: “No, I will definitely find a way to come in when the time comes.”

Dan was surprised: “Why are you so sure?”

Charlie sneered: “Because Cary attaches great importance to that natal Gu-worm, he wants to feed it, so he will definitely not let go of potential food, and once let me go, there is a bit more risk of exposure, why not just kill me and give more brains to his worm. This is like killing two birds with one stone?”

Dan couldn't help asking: “What if he doesn't want to have extra troubles and just wants to solve the problem with me only? That way, if you don't drive the taxi away, Cary will definitely have doubts in his heart.”

Charlie waved his hand and said confidently: “Don't worry, he will definitely be reluctant to let me go!”

Chapter 2969

Although Charlie didn't know Cary or his acting style, he felt that cruelty and killing must be carved in the bones of people like him.

He usually doesn't kill people. It is by no means a kind heart, but the conditions do not allow him. Once the conditions permit, he will certainly not have any mercy.

According to Dan, the last time he saw Cary at Phoenix Cemetery, the cruel man also lamented that the huge Cemetery had only one security guard, so that he could not feed enough to his natal Gu-worm.

This shows that once conditions permit, Cary cannot kill only one person, he must kill as many people as possible.

Today, Dan wanted to get a piece of the pie from his pocket, and he must have touched his nerves. He would definitely be murderous towards this old man, otherwise, he would not invite him to meet at this desolate and haunted place again.

At that time, as long as he sees Charlie as a taxi driver, he will never be merciful to him.

Cary at this time kept driving behind Charlie's taxi.

He was thinking about killing Dan and his great-grandson Mike together tonight.

Unexpectedly, only Dan walked out of the hotel.

Seeing that he got on a rental car, Cary had made up his mind to kill the taxi driver as well, so that he could feed his natal Gu-worm, otherwise, it would only have to eat the bad old man Dan. It's not enough for his starved natal Gu-worm.

And he has made up his mind. When Dan arrives at Phoenix Mountain by car, he will not talk nonsense with him at all. First, kill the driver, and then force Dan to give specific clues. After Dan explains clearly, he will end his life too.

Cary didn't put the elderly Dan in his eyes. He knew that Dan had only learned Feng Shui mystery for a lifetime and was not proficient in killing. Besides, he was too old to be his opponent.

As for the taxi driver who stopped casually, he was even less worried.

Not to mention an ordinary driver, even a well-trained special soldier, or a master of internal boxing, has no chance of winning in front of his Gu-worm.

In his eyes, such an ordinary person is nothing more than the ration of a day for his beloved pet.

Chapter 2970

When Charlie drove out of the city, he had already found a Volkswagen sedan that was always separated from him by a few cars and following him all the way.

He also guessed that the person sitting in that car should be Cary.

However, he did not make any response, as if he hadn't seen him, went straight to the Phoenix Mountain Cemetery.

At this time, the Cemetery, as Cary said on the phone, has long since become desolate. The previous case of the security guard being drained of brains has not been solved.

The entire Phoenix Mountain Cemetery operation team is panicking, so it is also no longer sending people to watch the night.

Cary saw Charlie's taxi enter the winding road of Phoenix Mountain Cemetery, so he turned off the lights and followed directly.

The taxi drove halfway up the mountain. Charlie parked the car at the entrance of the cemetery. Dan said to him nervously, "Master Wade, then I will get off first. Please be careful and don't leave me alone to face the wrath of Cary!"

Dan was extremely nervous, he was afraid that Charlie's lack of ability or the inability to take care of himself would cost his life today.

Charlie said calmly at this time: "You get out of the car first, Cary will be behind, and you will find him soon. As long as you follow my instructions, I can naturally keep you safe."

Dan gritted his teeth and nodded. Even if he didn't trust Charlie, he didn't have any other choice at this time, he could only bite the bullet and walked out of the taxi.

At this moment, Cary drove the Volkswagen car quickly up the mountain. Seeing that Dan had gotten out of the car, he kicked the accelerator and drove into the rear of Charlie's taxi.

With a bang, Charlie's taxi was knocked out a few meters away. He waited for the car to stop, and got out of the car pretending to be angry. He shouted at the Volkswagen behind him: "Are you crazy in this broken place at night? Can you rear-end only with my car?!"

The door of the Volkswagen behind was suddenly pushed open, and a man full of a sullen body pushed the door and walked down, watching Charlie sneer: "Young man, don't be so angry!"

Charlie questioned angrily: "You knocked me down and ask me not to get angry?"

Cary smiled gloomily and said: "When a person gets angry, his brain is easily congested. This blood-filled brain is like pork without bloodletting, it's not delicious!"

Charlie yelled: "Damn, are you mentally ill?"
