

The Charismatic Charlie Wade Chapter 3011

Chapter 3011

According to what he knew about Zhiyu, he felt that she couldn't even want his island.

First of all, Zhiyu must now devote all her attention to the ocean transportation business.

She is definitely not interested in letting herself go to the Maldives.

Secondly, her mother may now hate him so how can she go to his island to relax on vacation. Liona will definitely not agree.

really.

Zhiyu frowned when she heard what he said.

She is not stupid either.

She knows that there are at least nine points of hypocrisy in what Grandpa said.

But what to do with Maldives islands, she is not interested at all!

Zhiyu was about to refuse, when she saw Charlie winking, she signaled her to agree.

So, she hesitated for a moment, and said, "Thank you, grandpa. I will trouble Grandpa to let Mr. Anson bring the property rights of the island to Aurous Hill.

After the property rights are in my name, I will take time to take my mother and relax."

When Chengfeng heard this, he immediately felt a strong pain.

He secretly thought: "I'm just being polite, why did you really agree? You are young, what do you want an island for retirement? You have to leave it for me, what will I do in the future? I can never develop one from scratch?"

Thinking of this, he hurriedly said: "Zhiyu, the property rights documents of the island are to be transferred from the Maldives. It is relatively troublesome, but you and your mother can go there to rest first."

Zhiyu said smoothly: "That's right, when I go there, the property rights will be transferred by the way."

After that, she added: "Grandpa, you also know that my mother must have some opinions on you."

If that island is in your name, she will definitely not go, but if it is in my name. It's different."

Chengfeng could only say angrily: "You are right, grandpa owes it to you. In this case, if you have time to go, I will ask Anson to go there too and complete the formalities..."

With that, he hurriedly said again: "By the way, Zhiyu, Grandpa has to ask you for a favor this time..."

Zhiyu snorted: "You say it."

Chengfeng hurriedly said: "That's right, your benefactor, he called me just now. He may have misunderstood me."

He didn't seem to be happy about what he said on the phone, so I would like to ask you to help me make peace with him.

In the future, everyone will keep the well water from the river water, do you think it will be doable for you?"

Chapter 3012

Zhiyu heard this and couldn't help but look up at Charlie.

She found that he had a clear idea of the scheming of her grandfather.

He said that grandpa would definitely come to ask for her help, but she did not expect her grandpa to so predictable.

However, she didn't know why Grandpa angered Charlie, nor did she know that he had sent a Gu art master to Aurous Hill to try to assassinate attempt on Charlie.

So, she did not immediately agree, but instead asked: "Grandpa, you said you had a misunderstanding with Grace. Can you tell me the specific misunderstanding?"

Even if I promise you, I have to understand it before I can find him. I need an entry point to communicate with him."

Chengfeng hesitated for a moment, sighed, and said:

"Hey...it's not a misunderstanding, it's mainly because I was confused for a while. I hired a metaphysical master from England.

I sent him to Aurous Hill to find for once the whereabouts of my benefactor."

After that, Chengfeng excused himself again:

"Actually, I didn't want to hurt the benefactor, I just wanted to find this man out and talk to him face to face, but the metaphysical master I invited may have tried hard.

He killed an innocent person in Aurous Hill, and tried to kill the benefactor, but it was all that guy's own idea, but your benefactor didn't know.

Now he thinks I sent that master to kill him, so he is mad at me....."

Zhiyu was dumbfounded.

She didn't expect that grandpa would dare to engage in such small actions!

And this little action is no longer directed at her, but at the benefactor!

This immediately made her angry, and blurted out, “Why did you send someone to assassinate Grace?!”

Chengfeng realized that she must be very angry, and hurriedly explained: “This was not my intention, it’s all that guy he didn’t know what to do.

He must have tried to be competitive...”

Zhiyu asked back: “Do you think I will believe it? You can even kill my mother, let alone benevolent?”

Chengfeng knew that his sophistry was meaningless, so he had no choice but to say:

“Zhiyu, it is meaningless to say these now. I can guarantee that I will never make the same mistake again in the future, and I hope you will talk to the benefactor. to ease the situation.....”

Chapter 3013

Although Zhiyu was very angry, remembering what Charlie had said, her tone eased a little, and she said:

“I’m currently in the Shangri-La meeting Ito Takehiko of the Ito family. The situation on my friend’s side is really not very good.

Clearly, but after I finish talking with Mr. Ito, I will try my best to intercede with Grace.”

After finishing speaking, Zhiyu warned solemnly: “Grandpa, I have to tell you something clearly. Grace has saved me twice, and also saved my mother and my brother.

He was kind to me and I revere that. In fact, in my heart, he is more important than you!”

Although Chengfeng was very upset, he did not dare to say anything at this time.

He knew that what she said was the truth. In her mind, he was not the grandfather who petted her, but a half enemy, so he was not surprised when she said this.

However, he was surprised by her clear-cut attitude. It seems that the acting style of his granddaughter has become more simple and rude.

Although he felt unhappy, he was relieved when she said she was willing to intercede for him as much as possible.

Immediately, he achieved his goal and did not continue to struggle too much on this issue.

He directly changed the subject and said: "By the way, Zhiyu, how is your talk going with Takehiko?"

This guy has always wanted to cooperate with us before.

We rushed out of Asia and to the world together, but since the incident in Tokyo, it seems that he doesn't have a good image of us anymore."

"Yes." Zhiyu said: "Mr. Ito's attitude has indeed undergone some changes, but his mentality is understandable.

At the moment we are talking pretty well. After all, now is not what it used to be, and I have also lowered my expectations.

In some gestures, I intend to use the entire ocean shipping group to establish a new company with the Ito family.

At that time, the Ito family will hold 51% of the shares and I will hold 49%.

In this way, the fixed assets will be transferred to the new company name, and then the Su family assets will be transferred to the new company.

The cancellation of the ocean shipping group should be able to circumvent the previous restrictions and risks."

Chengfeng was surprised when he heard this, but he did not feel very resistant.

He didn't expect that she would really be able to reconnect with Ito Takehiko.

Chapter 3014

Although this cooperation sounds a bit uncomfortable to lose controlling rights, it is a special situation now, and if you want to, you must make appropriate sacrifices.

In the long run, assets and business can be reborn from the shell, even at the expense of a part of the profit, and the entire business can be revitalized, so as not to lose more and more.

Thinking of this, he reminded her: “Zhiyu, it’s okay to cooperate with the Ito family to establish a new company, but you must keep a backhand and state in the contract that after you buy these assets and resources into shares.

We retain the power to withdraw all, so that once the restrictions on us are lifted, we can also withdraw all these assets and restart Su’s own ocean transportation group.”

Charlie listened to the side, and couldn’t help but wonder in his heart that this old guy is really good at calculating, and he didn’t forget to keep a backhand at this time.

Zhiyu felt in her heart that since she decided to cooperate with Charlie, naturally she couldn’t play this kind of mind with her benefactor.

Doing this kind of trick is equivalent to notarizing the dowry before you get married to your husband’s house.

In this way, once the marriage breaks up, or if you don’t want to spend time with your husband, you will leave with all your dowry.

Although there is no problem in the law, with this premise, the relationship between the couple cannot always be stable, and this behavior will naturally become a gap between the two.

Therefore, she said to Chengfeng: “In this matter, I still intend to show 100% sincerity to cooperate with the other party.

Only in this way can everyone cooperate perfectly without reservation and make the assets bigger and bigger together.

As soon as everyone came up, they kept each other's minds, and this kind of cooperation will certainly not last long."

Chengfeng said seriously: "Zhiyu, it is not that our family has never engaged in joint ventures with others.

The premise of the joint venture has always been that we have absolute controlling shares.

This is actually very important. We must hold the initiative in our hands. Now that Ito Takehiko wants to take control, then we have to leave a way for ourselves.

Otherwise, if everything is led by others, it would be too passive!"

Zhiyu heard this and said in a serious tone: "This is not the same as yours. If I want to leave a complete divestment right now, the Ito family will definitely make the same request.

If the other party isn't okay to do it, but if the other party sweeps us out before we solve the problem, what should we do? Not everyone has to do things in our mindset."

Speaking of this, Zhiyu said again: "In addition, since you have paid me the Ocean Shipping Group as compensation, I also hope that you can abide by your promises and respect my operational decisions."

Immediately, she changed the conversation and said, "Of course, I will honor my promise to you. After talking with Mr. Ito for a while, I will immediately communicate with Grace and try to persuade him."

Chengfeng could only say angrily: "Okay! That being the case, I will never interfere with your operational decisions in the future!"

Before hanging up the phone, she reminded:

"By the way, things in the Maldives are easy to do. Or I will go there tomorrow.

It should only take seven hours to fly by. If it is more efficient, it will take one day. The transfer will be completed."

Chapter 3015

Chengfeng on the other end of the phone rubbed his chest and said dejectedly: "Okay, tomorrow I will let Anson fly to the Maldives too!"

After hanging up the phone, he was relieved, but his expression was still very ugly.

The islands of Maldives, he used it to be polite with her, but he didn't expect her to accept all orders.

Now she couldn't wait to complete the transfer, which made him feel very painful.

This is the old-age place he prepared for himself, and its significance is no less than the heavy coffin that the ancient old men prepared for themselves in advance.

The ancients said that the coffin was originally meant to be a set of expensive and heavy before death.

Many old people regard the coffin as more important than life, because after death, they have to sleep in the coffin, which is not the last resort. Give it a hand.

Although modern people don't think so much about what's going on after them, they still pay special attention to old-age care.

Everyone wants to be able to take care of themselves when they are old. That's why so many people are desperately going to the South to buy properties and prepare for the future.

The same is true for Chengfeng. He had painstakingly developed an island in order to enjoy the most luxurious old-age life there in the future.

But right now, he hasn't retired yet, and the island has already been handed over to Zhiyu.

Although distressed, he felt a little relieved when he thought that Zhiyu might be able to help make peace and let him escape for his life without worrying about it.

On the other hand, she was not excited about getting to the island.

For her, she just wanted to make Chengfeng hurt. As for the transfer of the island to herself, she didn't bother to enjoy it.

And she knows very well that her mother is even less likely to go.

Mother herself doesn't catch a cold for these luxurious enjoyments, so at the moment her biggest wish is not to go to some holiday resort to relax.

It is to renovate the old house where Changying lived as soon as possible, and then live in that small courtyard to see things. Thinking of him.

So she said to Charlie: "Mr. Wade, the island in the Maldives was built by my grandfather with great effort.

The environment is indeed very good, but my mother and I are not very interested, or I will borrow flowers to present the Buddha. I will give it to you."

Charlie waved his hand and smiled: "You are not interested, and I am not interested either. For me, where I live, there is actually no essential difference."
