

The Protector Chapter 750

“It’s just that I have special feelings for military things and that medal looks like one, so I have this urge to protect it.” lied Syllas quickly.

“That’s understandable. I’ll keep it locked in the safe, then,” assured Zoey with a smile before Syllas breathed a sigh of relief.

After that, Zoey looked at Iris and inquired, “Is there something I can help you with?”

“Because your company’s movie recently broke the industry record, Star Entertainment, South Hampton’s top entertainment company, will be sending their people here in the afternoon to learn from yours. If you managed to take good care of them, there may be cooperation in the cards,” explained Iris.

“Sure. Leave them to me! I have time anyway,” responded Zoey with an ‘okay’ sign.

Star Entertainment is one of the top three domestic entertainment companies, and they have big-shot stars and online celebrities.

Even though the Oriental Star Group was growing rapidly, they still had a long way to go since Helena was the only valuable star they had.

There was much to be gained from working with a giant like Star Entertainment.

Zoey deliberately cleared her schedule to wait for their arrival.

In the afternoon, three sedans and four MPVs parked outside of the Morris Group building.

The Star Entertainment group had arrived, and Zoey was thrilled to see their chairman, Pierre leading the group himself.

Seeing how sincere Star Entertainment was about the meet-up, Zoey welcomed the group along with her team.

Still sleeping, Levi was suddenly awakened by the noise.

“What the hell is going on?” asked Levi frustratedly before Seth replied with a smile, “Star Entertainment has sent a group to visit Oriental Star Group. Everybody’s gone to see the many famous stars and online celebrities in the building. Do you want to go take a look?”

The minute Levi heard that there were stars and online celebrities, he lost interest.

But if it helped with his wife’s career, he thought it would not hurt to let them carry on.

Star Entertainment almost sent over every one of the best.

Not only did they send Pierre and eight others from management, eighteen of their hottest superstars and online celebrities were also there.

The online celebrities then started to live stream and record everything around them, including almost everything in the Morris Group building.

Seeing how it was, Seth had to step in to stop them from broadcasting the company’s internals, many of which were confidential.

He then brought two men with him to approach the broadcasters.

“Excuse me. Live streaming is not allowed in the building! Thank you for your cooperation,” advised Seth, but the live streamers could not be bothered to listen to him as they continued with the streaming.

Seth then had to repeat himself, “Excuse me. You’re not allowed to do your live stream here. Please stop immediately!”

“You’re nothing but a bunch of lowly security guards. Who are you to tell me that I can’t do my live stream here?”
