

## Chapter 851.

After solving the two, Chen Fei returned to Hanjia Manor.

Here, Boss Jiao has called for people to come, and released all the people detained in the basement of the manor.

Subsequently, the group returned to the urban area. Yang Miaomiao also came over, Chen Fei gave her some treatment, completely removed the breath of her body, and then returned Yang Miaomiao to Shuguang Hospital.

At night, Chen Fei stood on the bed, but did not feel a little sleepy. In his mind, he kept thinking about the various things of the Skull and Bones. Immediately afterwards, Lin Qiuyuan, mother-in-law Xie Lingshuang and Wushuanglou were also associated.

Some thoughts, no clue.

Chen Fei suddenly thought of the little axe of the Fire Skull that he had collected during the day. At that time, the Fire Skeleton used a small axe, and even burst out of power beyond his own realm, making Chen Fei a little surprised.

Now think about it, maybe this little axe may be a treasure.

Thinking of this, Chen Fei took out the small axe. At this moment the little axe was restored to its original size, only the size of a slap.

The small axe is completely dark, and it is made of stone with a warm feeling when touched.

"This stone is only strong and heat resistant, and there is nothing special about it! It is impossible for this stone alone to make the axe so powerful." Chen Fei thought.

Suddenly, his eyes narrowed and his eyes fell on a small red spot on the back of the axe.

Looking closer, the red dot is a small hole. Red is also the color that emerges from the hole. Reaching out, you can feel a burning breath inside.

"There are good things inside!" Chen Fei's heart moved, and then his hands were slightly hard, and he directly broke the small axe.

Immediately, at the fracture, a small red ball the size of a nail shell rolled out, and Chen Fei immediately caught it. When you put it in your palm and focus on it, the surface of the ball is not regular. It is better to say it is a stone than a ball.

The surface of the stone exuded a warm breath, which flowed into Chen Fei's palm and poured into the body, suddenly making Fei feel warm.

Chen Fei felt the warmth, his eyes flashed, revealing surprise, and said: "This, this is fire obsidian."

Fire obsidian, which is a good thing with fire attributes, contains a very rich fire attribute aura.

The reason why this little axe can explode that power is also due to the role of this obsidian.

The real role of obsidian is not to make weapons, but to enhance strength. It's just that the level of the fire skull is too low, and I don't know how to use this fire obsidian. I can only make a small axe crudely and use it to fight the enemy.

Now that the obsidian is in Chen Fei's hands, Chen Fei will naturally not violently die.

His own practice is the masculine Jiuyang burning heaven tactics, it is more appropriate to use this fire obsidian to practice.

Moreover, except for practice. It is just possible to use this obsidian to ripen the nine-leaf ice-cold flower, which was one step ahead of maturity.

Thinking of this, Chen Fei couldn't help but get excited. Without delaying time, Chen Fei immediately held the obsidian with both hands, sat cross-legged on the bed, and began to absorb practice.

After one night, Chen Fei felt his strength, and there was a slight improvement in the faint.

You have to know that in his realm, it is extremely difficult to improve your strength. Therefore, after one night of practice, you can feel the ascension, which is enough to prove the preciousness of pyroclastic stone.

After collecting the obsidian, Chen Fei was about to leave Xiwu City. After all, everything here has been resolved, and there is no need to continue.

When they went out, Chen Fei, Boss Jiao and Yue Hongan said aloud, and refused their request for a feast. Immediately came to Shuguang Hospital, and Yang Miaomiao told each other. Finally, Chen Fei took the bus and returned to Yuqing City.

During the time Chen Fei went out, Yu Qingmei had reorganized the Yue family industry.

After understanding the situation here, Chen Fei said goodbye to Yu Qingmei, and he was going back to Longjiang City.

Yu Qingmei reluctantly sent Chen Fei to the airport and watched Chen Fei board the plane. Then she turned back.

After getting on the plane, Chen Fei sat in the first class. Four or five passengers are already seated in the cabin.

Among them are an elderly couple, two middle-aged wealthy businessmen, and a 26-year-old woman.

Seeing the woman's first glance, Chen Fei was shocked. The woman in an ordinary suit, only a light makeup on her face, plus a slightly curly long shoulder-length hair, very simple and ordinary dress.

But at the moment, the woman's delicate face and concave-convex figure gave it a special sense of temptation.

Just a glance, Chen Fei felt that his body was slightly warm.

"This woman, what's the matter, the charm is so big!" Chen Fei shook his head, throwing out the cranky thoughts in his mind, and then came to his seat and sat down.

Chen Fei was able to control himself, but several others still couldn't help glancing at the woman. In particular, the two middle-aged wealthy businessmen, with their eyes shining through and revealing an unabashed greed, seemed to be eager to rush up and directly strip the woman.

Even Chen Fei has seen that two wealthy businessmen have begun to touch their business cards, ready to hand it to the woman.

Upon seeing this, Chen Fei couldn't help but smile lightly, then shook his head, then closed his eyes and nourished himself, not wanting to ignore these things.

Soon after a footstep came, Chen Fei opened his eyes and saw a stylishly dressed young man, about twenty-six or seventy years old, walking into the first class.

The man wore sunglasses and whistled in his mouth. Walked in with a swing.

He had originally planned to go to his seat, but when he looked at the woman, he was completely stunned. He looked straight at the woman, motionless, completely stunned.

It wasn't until the flight attendant reminded him that he had recovered and walked to his seat.

However, after sitting down, he still did not want to look away. Directly turned over, looked over toward the woman, even offer to give a business card, handing me a smile, "beauty, my name is Caohuang Qi, can know about it?"

The original impulse of two wealthy businessmen, a first look at this young hands And, the business card that the other party took out was specially customized at first glance, and the family background is definitely not bad.

Suddenly, the two frowned and scolded in their hearts.

"This kid, don't pay attention to it, don't talk about coming first, obviously I am the first to fancy it."

"Boy, working hard, I'm worth more than one billion yuan, are you my opponent!" The

two of them were insulted. At this time, the young man Cao Huangqi had already smiled and joined the woman.

## **Chapter 852.**

The charming woman looked at Cao Huangqi and heard a look of surprise on her face.

"Beauty, it's also a fate to meet here, let's get to know it." Cao Huangqi said again, the special business card in his hand glittered with gold, which was very eye-catching.

However, the beauty didn't pick up Cao Huangqi's business card, but smiled lightly and politely refused: "Sorry, I'm a little uncomfortable, I'm going to take a break."

Then, the beauty leaned on the back of the chair and closed eye.

This is a very obvious meaning of refusal, but Cao Huangqi did not give up. He continued to gather beside the beauty and offered diligent concern: "Beauty, where are you uncomfortable. I happen to be a doctor, I can help you see Look. "As

soon as this remark comes out, the beauty must not open her eyes again.

The other two middle-aged wealthy businessmen, but whispered, secretly said this boy's face is thick enough. As soon as the beauty said that she was uncomfortable, he said he was a doctor. If the beauty says that she is hungry, this kid might say he is a cook.

Just when two middle-aged rich businessmen secretly vomited, Cao Huangqi drew out a pair of silver needles and said, "Beauty, I didn't lie to you. I am indeed a doctor, an ancestral Chinese medicine."

"Chinese medicine!" After some interest, he said.

Cao Huangqi was even more excited and proudly introduced: "Beauty, my surname is Cao, from Nan'an City. My family is an ancestral family of Chinese medicine. My grandfather is a famous hand of Chinese medicine in Nan'an City. No. character. "

" So powerful? "Said the beautiful woman in surprise.

The two rich merchants frowned deeper, secretly vomiting more than once.

"Stinky

kid, how dare you blow it! Even the holy hand of the doctor of traditional Chinese medicine is blown out." "Damn, this kid is stalking, bragging, and farting, maybe this beauty really made him get it."

Tucao, the two wealthy merchants were faintly unable to sit still, ready to get up and take part in this beauty contest.

But at this moment, Cao Huangqi said: "My grandfather is called Cao Liquiu. You may not be familiar with this name. But he still has a nickname. You should have heard it. The king of the needle said my grandfather. And I got it. My grandfather's true biography is called the King of Little Needles. "

After that, Cao Huangqi looked at the beautiful woman with a show of face.

But the beauty at the moment, but his face was blank, never heard of this title.

It was the old couple who closed their eyes and

nourished their spirits . At the moment, they opened their eyes and were surprised: "Lao Pin Cao, that's a famous character! Boy, are you really the heir of Pin King?" Cao Huangqi showed a piece Yu Pei said, "That is of course, this is my heir to the Cao family, and my father has passed it to me. I can represent our king Cao family." When the

old couple looked at Cao Huangqi's jade, his eyes lit up. Surprised, "It's really the jade of the Cao family, you are really the heir of Cao Lao!"

"That is of course!" Cao Huangqi looked proud.

The old couple immediately came together excitedly, with a hint of pleading, and said: "Little Needle King, Mr. Cao, the two of us have always felt chest tightness, not very comfortable, can you help us see? "

Cao Huangqi heard the words, frowning instinctively, wanting to refuse. But when the words were about to exit, he glanced at the charming beauties around him, and immediately patted his chest, then changed his mouth and said: "We met on this plane, that is fate. The two of them spoke, of course I will not refuse. I will now Give them a diagnosis. "

" Thank you Mr. Xiao Cao so much. "The elderly couple quickly thanked.

Cao Huangqi then stepped forward and pulsed the old couple. After a few minutes, he let go of his hand with a smile on his face and said: "Two, your condition is actually very simple, because of insufficient blood and blood, the spleen and lungs are cold, which causes chest tightness and shortness of breath."

"Now, I give you some acupuncture and moxibustion, it will immediately relieve your symptoms." Cao Huangqi said.

The old couple looked at each other, then nodded and said, "That's trouble Mr. Xiao Cao."

Immediately, the two asked Cao Huangqi to give them acupuncture. I have to say that Cao Huangqi really didn't lie. As soon as he shot, acupuncture kung fu shocked a few people, and his eyes were straight.

After a while, close the needle.

The old couple's faces suddenly showed excitement, "We really feel much better and more comfortable. Mr. Xiao Cao, thank you so much."

Cao Huangqi smiled with a smile on his face, and kept looking at the charming women.

Said to the old couple: "Two, I will give you a prescription for supplementing qi and nourishing blood to expel cold and dampness. You can take two weeks to get a complete recovery from the condition." After that, Cao Huangqi wrote. After

taking the prescription, the old couple "Huanglian Yiqiang , Artemisia annua, Sangzhi" took the prescription and took it as carefully as if it were a treasure, and thanked Cao Huangqi again.

At this moment, even the two middle-aged wealthy businessmen were attracted by their attention. They looked at Cao Huangqi and seemed to want to ask him to help him see his illness.

But at this moment, Chen Fei, who had not spoken, suddenly opened his mouth to the old couple and said, "Two of you, add a dollar of Lugen in your prescription, the effect will be better."

" Uh, this— "The old couple was surprised for a moment, and looked at Chen Fei." Young man, are you also a Chinese medicine? "

" Yes. "Chen Fei nodded and was about to say something.

But at this time, Cao Huangqi looked at him seriously, and said coldly: "You talk nonsense, the prescription I prescribe, who let you intervene casually!"

Chen Fei frowned, explaining: "Your pair The prescription has a therapeutic effect. However, it also has a few side effects. If you add a pound of reed root, you can eliminate this side effect and make the prescription perfect. I just make a few suggestions. "

" Side effects? Suggestions? Are you kidding me? "Cao Huangqi stared at Chen Fei," What are you, my Cao family is a needle king family, my grandfather is a doctor of traditional

Chinese medicine. When is my Cao family's medical skills, it's your turn to be a stupid kid to comment on. "

Chen Fei said. She could not help frowning for a while.

At this time, the old couple said: "Don't quarrel, two little gentlemen, if it is because of our two old guys that you two are not happy, it will be bad."

Immediately, the two looked at Chen Fei, Dao: "Boy, thank you for your kindness, we got it."

The following words were not continued, but the meaning was obvious. With good intentions, it means that they still choose to believe Cao Huangqi.

Since this couple is like this, Chen Fei does not need to continue to say anything.

He leaned back on the back of the chair, closed his eyes gently, rested in peace, and did not respond to Cao Huangqi's words.

### **Chapter 853.**

When Cao Huangqi saw it, he didn't say anything more. He snorted and turned his head to please the charming beauty.

The two middle-aged wealthy merchants, who saw Cao Huangqi's medical skills with his own eyes at this moment, also showed smiles one by one and got close to Cao Huangqi and asked him to help him diagnose.

However, Cao Huangqi has not agreed yet. At this time, the flight attendant came over and told everyone that the plane was about to take off, and asked everyone to sit down and fasten their seat belts.

The plane took off, and half an hour later, it calmed down in the air.

Cao Huangqi could not wait to untie the seat belt immediately, and joined the beautiful woman again, and began to show diligence.

"Beauty, you are also in Longjiang City. I'm going to stay in Longjiang City for a while. I don't know if you are free. At that time, we will come out together and drink tea." Cao Huangqi said.

The attitude of the beauty is still not too salty, "I'm sorry, I'm busy at work, I'm afraid I don't have time to come out to drink tea."

Cao Huangqi continued to struggle: "Work is busy? What are you doing that beauty? Where do you work, if you are busy? If you like, I can go to your work place to find you according to your time. "

" I am a teacher, a school that works, it is not convenient for outsiders to come. "Beauty said softly.

Cao Huangqi said: "Teacher, it's really good. In fact, speaking of it, I can be considered to be with you. I'm a teacher in several schools in Nan'an, China." The

beauty seems to finally be unable to bear Cao Huangqi's entanglement and get up Tao: "I'm sorry, please give me a hand, I'm going to the bathroom."

Although Cao Huangqi was reluctant, he could only make way.

The beauty went to the bathroom and came out a few minutes later. Walking back to the seat with a swing, the curvaceous figure made Cao Huangqi and the two wealthy businessmen's eyes straight.

Cao Huangqi was extremely attentive, reaching out to prepare for the beauty.

But at this moment, the beautiful woman who walked to Chen Fei's seat suddenly had white eyes, and the whole person softened, and fell into Chen Fei's arms by accident.

Chen Fei, who was closing his eyes and raising his mind, suddenly felt a heavy weight in his arms, and then added a body of Wenxiang nephrite, which was a surprise. He opened his eyes and immediately found that a beautiful woman fell completely in her arms, her soft body squeezed on it, which made her feel very comfortable and a little unbearable to leave.

"Miss, miss, you--" Chen Fei shouted, but the beauty did not respond.

And at this time, Cao Huangqi had rushed over with excitement: "What did you do to her? Let go of your dirty hands and don't touch her."

During the speech, Cao Huangqi lifted the beauty up and called a few times, but found The beauties did not react in any way.

At the moment, Chen Fei, aware of the abnormality of the beauty, said: "She seems to have passed out, it should be an illness. You should let her lie down."

Cao Huangqi looked at the beauty's eyes for a moment. Suddenly surprised, quickly placed the beautiful woman lying on the ground. Moreover, at this moment, I did not forget to stare at Chen Fei, and said, "I am a doctor, I don't need you to remind you."

At this time, the stewardess came to know the situation here, and came over with a look of anxiety, asking: " What's wrong with this passenger? "

Cao Huangqi has finished pulsing the beautiful woman and said to the stewardess:" She was comatose due to anemia and fatigue, and due to airsickness. "

" Ah, then, what should I do? Do you want to return? " Said the stewardess.

Cao Huangqi said: "No, this is not a big problem. I am a doctor. I will treat her and it will be fine soon."

"Then, that's the trouble for you." The stewardess said.

Cao Huangqi immediately took out the silver needle and started treatment.

At the beginning, he put a few stitches on the beauty's forehead and neck.

Then, the part where he stuck the needle went down more and more, untied the beautiful woman's coat, revealing the white shirt and the straight curve inside. Cao Huangqi couldn't help but swallow.

But at this time, his movements had not stopped, and he began to reach out to unbutton the white shirt. At the same time, he explained aloud: "I want to give her acupuncture without any obstruction. So, don't think about it."

He didn't say it was okay, so, it suddenly gave people a strange feeling.

However, the two middle-aged wealthy businessmen looked at them intently at the moment and nodded: "Mr. Xiao Cao is the King of Needles, we believe in your medical skills." During the

talk, the two watched the beauty's unbuttoned white shirt showing Her delicate underwear suddenly stared out, and she swallowed in her throat.

At this time, Cao Huangqi finally did not continue to undress, but touched the silver needle and began to pierce.

However, at this moment, the action of puncturing the needle in the chest of the beautiful woman is much slower than before. Every silver needle can't wait to spend four or five minutes. Moreover, while piercing the needle, his hand was not honestly touching the skin of the beauty.

This strange movement suddenly made the old couple frown. It's just that, after all, the two of them have just received the favor of Cao Huangqi, and it's hard to say anything at this moment.

The two middle-aged wealthy businessmen had an envious expression, their eyes straightened, and their saliva almost dripped.

Although the stewardess felt something was wrong, she didn't dare to intervene indiscreetly.

In this way, Cao Huangqi's actions are getting slower and slower, and the action of tapping oil to take advantage of his hands is getting bigger and bigger.

The beauty fell on the aisle beside her seat, and Chen Fei frowned when she looked at it all.

At this moment, the beauty suddenly frowned unconsciously, let out a soft hum, and the expression seemed a bit painful.

Cao Huangqi glanced at it. He didn't take it seriously, withdrawn his gaze, and started his slow needle insertion work again.

At this moment, the beauty's brows were deeper and deeper. Chen Fei noticed that something was wrong, his eyes

narrowed, and he said, "Stop!" After breaking his interest, he suddenly looked up and glared over, shouting: "What are you doing? Don't disturb me to save people."

"Cure to save people?" Chen Fei snorted, "Don't think you can't see your sloppy mind taking advantage of opportunities. "

" You talk nonsense, I am a cure, there is no advantage. Don't talk nonsense if you don't understand. You are a slander to me. "Cao Huangqi defended.

Chen Fei coldly said: "Before arguing, don't you look at the patient's current situation?"

"The advantage is small, and you will continue to delay this. The patient's minor illness will be dragged into serious illness by you." Chen Fei said .

Cao Huangqi heard the words and fixed his eyes. Then he realized that the beauty's face had completely changed.

Suddenly, Cao Huangqi was shocked, "How could this be?"

#### **Chapter 854.**

Chen Fei said coldly: "You are a doctor, don't you know why this

is happening ?" "This--" Cao Huangqi was speechless for a moment, and I really didn't know what the reason was.

Chen Fei said in a deep voice: "You have been under the needle for too long. The silver needle that has been acupuncture has blocked the original flow of blood and blood, and the

remaining silver needle, you have not penetrated again. This leads to blood. Disorders in the running route have exacerbated the patient's condition. "

Cao Huangqi heard the words, his face was shocked, his face changed, and he looked like he suddenly realized.

Seeing this, Chen Fei frowned and

said, "I will treat it while I go." Then, Chen Fei pushed Cao Huangqi away and leaned down to prepare for acupuncture treatment.

But Cao Huangqi saw it, but shouted loudly, "You stop me!"

Then, he quickly said to the stewardess: "I am the little needle king, the grandson of the needle king Cao Liqiu, everyone knows my medical skills. He just An unknown little doctor, can you rest assured him to treat the patient?" "The

flight attendant froze, and then quickly stopped Chen Fei, said:" Sir, sorry, do you have a medical certificate? "

Chen Fei coldly said:" Patient The situation is already a little bit dangerous. Do you still want to stop me from curing the disease and saving people? "The

flight attendant's complexion changed, and hesitated.

At this time, Cao Huangqi drew out a few pills and said, "Relax, I have now explored the cause. I have medicine, and I can cure the patient right away."

" This-- " The stewardess hesitated.

But at this time, the old couple and two middle-aged wealthy businessmen all spoke good words to Cao Huangqi to prove his identity and medical skills.

The stewardess heard the words, nodded, and said to Cao Huangqi: "Thank you, Mr. Cao."

Cao Huangqi suddenly looked proud, came over and grabbed Chen Fei away, said: "Hear no, let go. This is no place for you, a river and lake doctor who doesn't know where to come."

Chen Fei frowned. Shen Sheng said to the stewardess: "This patient's aggravation is caused by him. Do you still want to believe him now?" The

stewardess hesitated slightly, but then nodded and chose to believe Cao Huangqi's reputation and medical skills. After all, the name of the needle king and the identity of the holy hand of the Chinese medicine are obviously much heavier than Chen Fei, an unknown person.

Chen Fei snorted and stepped back.

At this time, Cao Huangqi came with a pill and fed the beauty. Then, several silver needles were pierced again and again.

Suddenly, the beautiful woman's tight eyebrows gradually soothed and her complexion returned to ruddy.

Cao Huangqi saw this, with a look of arrogance on his face, and looked up at Chen Fei, saying, "How is it? My medical skills are not comparable to yours."

But the beautiful woman who had just soothed his words before he suddenly snorted, A mouthful of blood spewed out of his mouth, directly on Cao Huangqi's face.

Then, the beauty twitched, and her eyes started rolling.

This sudden change suddenly surprised everyone and quickly looked at Cao Huangqi, "Mr. Xiao Cao, what's going on here? Do you want to find

a way-- " But Cao Huangqi at the moment touched his face Blood, looking at the beauty, with a panic look on her face, "I, I don't know what's going on? My medicine and acupuncture are okay, it shouldn't be like this!

I-- " Wen Yan, everyone Silly.

The flight attendant was very anxious, preparing to go to the economy class to find a doctor, and at the same time instructing the captain to return.

However, at this moment, Chen Fei came over and kicked Cao Huangqi away with one foot, then leaned down and gave the beautiful woman acupuncture. "Quiet doctor, roll away."

Several people in the first class just felt dazzled. With a little light, the silver needle in Chen Fei's hand quickly plunged into the beauty.

Subsequently, Chen Fei quickly pulled out all the silver needles, and finally patted the palm of the beauty, and the beauty spurted a sip of blood again.

Then, the beauty's twitching body stabilized, her eyes opened, and the whole person returned to normal.

An anxious flight attendant, his eyes narrowed at this moment, and his steps stopped.

Several other passengers also looked at Chen Fei with a look of surprise, with an incredible look on their faces. Especially the old couple just now thought of something, took the prescription that Cao Huang Qi gave them, rubbed it together, and threw it into the garbage bag.

At this moment, the beautiful woman lying on the ground saw the clothes with her chest open, suddenly screamed, and quickly covered her chest, and then wondered: "I, what is wrong with me?" The

stewardess explained: "Miss, you just Suddenly got sick. Fortunately, this passenger shot in time and cured the disease for you. "The

beautiful woman heard Yan and thanked Chen Fei," Thank you very much, Mr.

Chen . " Chen Fei said softly: "It's okay. You should go to the bathroom to wash it first." The

beauty nodded quickly, and the stewardess immediately followed. "I'll be with you."

At this time, Cao Huangqi got up from the ground and stared at Chen Fei, gritting his teeth. : "How dare you kick me,

you-- " Chen Feileng glanced at him and said: "I didn't throw you off the plane, it was kind."

"You're lascivious, it's okay to take advantage of the opportunity. But the medical skills are not good, but it is still forcibly treated. This is life-threatening. What kind of qualifications

do you have for quack doctors ." "You are quack doctors, but I am the king of needles. My grandfather is the needle king Cao Liqiu. What do you count, my medicine, are you—" Cao Huangqi shouted, and he was about to start with Chen Fei.

At this moment, the flight attendant came over solemnly and warned: "This gentleman, please return to your seat and sit well. Otherwise, I will take coercive measures."

Cao Huangqi glanced at the burly flight attendant, his eyes flashing After a while, I didn't dare to do it in the end, and obediently returned to my seat and sat down.

But at this time, the beauty returned from washing, and stared angrily at Cao Huangqi, apparently knowing what had just happened from the flight attendant.

Then, she walked to Chen Fei and thanked again: "Sir, thank you so much. My name is Yao Yu. Can I have your business card, sir? After I get off the plane, thank you, Mr.

Chen." Sorry, Miss Yao, I do n't have a business card. As for thank you, I do n't need it. I just shot by the way. "

The two wealthy businessmen next to me saw Chen Fei turned down the beautiful woman 's active contact. I was anxious and wished to agree to Chen Fei.

However, the beauty Yao Yu did not flinch easily but continued: "Sir, for you, it may just be a shot. But for me, it is a life-saving grace. Can you leave me a call, sir? I really want to thank you, sir! "All of

this is said, and it is still a charming big beauty. Chen Fei is not good to refuse anymore, and then the phone number is left to Yao Yu.

Yao Yu remembered the phone, thanks again, and returned to his seat.

Two hours later, the plane landed at Longjiang City Airport.

### **Chapter 855.**

First-class passengers can get off the plane first through the VIP channel. Chen Fei took the simple luggage and got off the plane.

He just walked out of the airport, and behind him came an angry roar, saying: "You stop me."

Chen Fei stood still and turned his head, and he saw that Cao Huangqi was walking towards himself in anger. Seeing this, Chen Fei frowned lightly and said indifferently: "Are you okay?"

"Am I okay?" Cao Huangqi was agitated by Chen Fei's indifferent question, staring at him fiercely, "You broke my Good thing, kicked me, do you want to leave like this? "

Chen Fei heard, coldly said: "That's because you are not good at learning, and almost hurt the patient. Now instead of blaming me, don't you find it ridiculous? " "

Cao Huangqi said: "I am from the Cao family in Nan'an City, my grandfather is the needle king Cao Liqiu, you said that I am not good at learning art, what are you doing. "

"Your grandfather is the needle king, what about it, and what do you have? " Does it matter? If you are not good at learning art, you are not good at learning art. "Chen Fei frowned and said, "If you don't have anything else, please let go. I still have things, no time to struggle with you. "

"You-- " Angrily, he reached over, grabbed Chen Fei's shoulder, and then punched Chen Fei's face. "Kicked me and wanted to go. Isn't that simple?"

Chen Fei immediately frowned and snorted. , "I advise you, it is best not to do it, otherwise, I will regret it. " "

I will do it, and how dare you? "Clamoring Caohuang Qi, Chen Fei fist pound nose.

Chen Fei froze his eyes, lifted his right leg, and kicked him directly on Cao Huangqi's stomach. He kicked him out and landed on the smooth tiled floor. He slid for more than ten meters before stopping.

At this moment, Chen Fei has turned around and left with his luggage.

When he walked to the side, Chen Fei saw an ambulance parked outside. On the stretcher next to it, several airport crews and nurses were taking care of a woman.

The woman was none other than the charming passenger Yao Yu on the plane.

At the moment, Yao Yu is talking to the doctors and nurses: "I really don't need to go to the hospital, my body is all fine, it's okay." The

doctors, nurses and airport crew are persuading them.

At this moment, seeing Chen Fei passing by, Yao Yu's eyes lit up and came over and said, "Mr. Chen, thank you so much. Do you have time now, I invite you to have a cup of tea."

And behind her, the attendant The staff, doctors and nurses came over and anxiously said, "Miss, for your health, let's go to the hospital to check it again."

Chen Fei saw this and smiled at Yao Yu, saying: "I see, you may not Convenience. "

Yao Yu said:" I'm actually okay. When you rescued me, Mr. Chen, I felt that my body was fine. It was because they were too small. "

Chen Fei smiled and said," Miss Yao, still physical. Health is important, you should go to the hospital to check it, this is also for you. "

Yao Yu heard, pouted, said:" Since Mr. Chen has said so, then I listen to you. However, I will ask Chen later Thank you, sir, for your life-saving grace. "

" Well, you have a good rest. "Chen Fei waved his hand, watched Yao Yu get on the ambulance, and then left with his purse.

Half an hour, Yao Yu was taken to the hospital. She lying in the ward, with her charming and smiling face, seemed cold and serious at the moment.

She looked around, and no one else pulled the infusion tube from her body. She got out of the bed sharply, and then quickly disappeared from the hospital.

At the same time, Chen Fei also returned home.

Entering the villa, Chen Fei took a deep breath and said with emotion: "It's still good at home, with the smell of his wife everywhere."

"I'm back!" Chen Fei put down his luggage and looked around. "Look, I found my wife was not there. "Should I go to work?"

Chen Fei thought, suddenly found that the door of his wife's room on the second floor of the villa was not closed, but was concealed.

Suddenly, Chen Fei couldn't help but move upstairs, "What happened, how did the door open! Wife never closed the door, is it the thief from the house?"

Chen Fei was shocked. Being alert, she quietly pushed open the door.

A glance, there was no one in the room, but there were some ladies' underwear on the bed. There was a sound of running water in the position of the bathroom inside. Looking closer, there was also a slim female figure in it.

Upon seeing this, Chen Fei must be mindful, "It turns out that my wife is at home and still taking a bath inside."

Chen Fei was going to turn around, but he was about to turn around. He suddenly saw that the figure in the bathroom came sideways and outlined a perfect arc.

Then the woman moved her hands and shampooed along the body. With both hands sliding along the curve of the body, Chen Fei felt hot and felt a little dry.

He originally planned to leave, and his feet seemed to be standing at the same time, unable to move at all.

Coupled with the time Chen Fei left, but it has been a long time since he was intimate with his wife. After being so stimulated, his body suddenly became excited.

"It's my wife anyway. I glanced at it. It should be okay." Chen Fei made an excuse for himself, and then crept closer to the bathroom.

Although he came close, he could even smell the clear fragrance from inside, but the frosted glass still made Chen Fei only see a figure outlined, and could not see the specific situation.

Suddenly, as if there was a goose feather in my heart, Chen Fei felt that he could not control himself more and more.

"Just open a gap, quietly, look a little." Chen Fei meditation, and then put his hand on the bathroom door, using a little force, opened a gap.

I have to say that all the good things used in the villa, the door opened quietly, and there was no sound, which made Chen Fei very satisfied.

After opening the gap, Chen Fei gathered his head and looked inside.

Suddenly, a white flower body appeared in front of his eyes. Although there was foam, Chen Fei could still see the perfect line.

The eyes were constantly scanning, extending from the slender legs, and going up, Chen Fei could not help but muttered: "Hey, I haven't seen this time, my wife seems to have grown bigger!"

His eyes continued to go up, and his wife was perfect On the cheek.

Originally ready to appreciate Chen Fei, when he saw this pretty cheek, he was stunned and could not help but exclaimed, "How are you?"

### **Chapter 856.**

Because at this moment, it is not the wife Lin Qiuhan, but Wei Lingling.

This time, Chen Fei was really surprised.

At this moment, when Chen Fei shouted, Wei Ling in the bathroom was shocked.

Wei Ling covered his chest with his left hand and stared at him fiercely. The voice was fierce and with a touch of panic: "Who?"

Chen Fei quickly opened the bathroom door and explained aloud: "Ling Sister, do n't worry,

it's— " As a result, Chen Fei has n't finished explaining. Sister Ling took the shower head down and sprayed it violently towards the door." Rogue, do n't come, you come again, I want Call the police, and you are

about to leave— " Chen Fei, who had just appeared, was suddenly covered with hot water.

While blocking the hot water, he explained aloud: "Sister Ling, Wei Ling, it's me, me, Chen Fei."

Hearing Chen Fei's name, the panicked Wei Ling, he calmed down and took a closer look. It was found that the person at the bathroom door was indeed Chen Fei, and she calmed down. "Chen Fei, why are you here?"

"Sister Ling, can you turn off the water?" Chen Fei touched her face. Water stains, said on the side, "Sister Ling, I'm back from Yuxi province, I just got home."

Wei Ling heard this, and then woke up, quickly moved the shower head off, turned off the water, and then looked at Chen Fei , "Oh, you, you come back--"

Wei Ling found Chen Fei's eyes, and then stared at herself at this moment, then looked down at him, and then suddenly realized that he is now, but naked, light Standing in front of Chen Fei!

Suddenly, Wei Ling screamed and quickly turned around, anxiously said: "Chen Fei, you, you go out first, I will talk to you later."

Chen Fei saw this, and could only withdraw her gaze with regret. Close the bathroom door and retreat.

There was a sparse sparseness in the bathroom. After a while, Wei Ling wrapped in bath towels finally came out.

Then, she stared at Chen Fei, who was sitting on the bed, a look of words.

Chen Fei seeing this, could not help but wonder, mind could not help muttering up, "Ling Jie just how, look at my eyes, do some strange ah, Ling Jie and I think -!"

Just when Chen Fei freak, Wei Ling said blushing: "Chen Fei, you, can you get up!"

"Ah-what's the matter? Sister Ling!" Chen Fei was curious.

Wei Ling lowered his head and said softly: "I, my clothes are seated by you."

Chen Fei turned his head and saw that he was sitting on Wei Ling's underwear on the bed.

"Ah, me, I didn't mean it." Chen Fei hurriedly got up and walked out of the room.

Immediately, a sound of dressing in the house made Chen Fei outside the door unable to help with some thoughts, and thought of some bloody things.

After a moment, Wei Ling opened the door and said, "I'm fine, you can come in."

Chen Fei entered the house and saw that Wei Ling had passed on her clothes and stood before her with a ruddy complexion.

Looking at Wei Ling, Chen Fei really didn't know what to say at the moment, and Zhizhiwuwu hadn't figured out how to speak, but in the end he sneezed.

Upon seeing this, Wei Ling's eyes showed a hint of worry, and quickly asked: "Are you okay!"

Chen Fei shook his head and said: "It's okay."

Wei Ling looked at Chen Fei's wet look and apologized: "All I'm not good and get wet. You should take a shower and change your clothes. "

" No, I'm fine. "Chen Feidao.

Wei Ling said firmly: "The head is wet, and it's easy to catch a cold. Besides, you just came back from the outside and took a bath to change clothes. It's also more comfortable."

"Then, then okay!" Chen Fei nodded.

Wei Ling pointed to the bathroom and said, "Just wash it here, the hot water is already done."

"Well!" Chen Fei nodded, and then went downstairs, quickly upstairs with things like changing clothes.

Entering the bathroom, Chen Fei closed the bathroom door and fiddled with it, without much thought, "Sister Ling, how can this bathroom door be closed, won't it be locked!"

"Ah!" Wei Ling froze for a moment, and then couldn't help but whiten Chen Fei, "You can rest assured, I won't peek at you."

Then, Wei Ling couldn't help but think of the scene where Chen Fei broke into the bathroom just now, his cheeks flushed Got up.

Chen Fei in the bathroom could n't help but pat his head at the moment, his face was annoyed, "Sister Ling, I 'm not afraid of you peeking. In fact, if you want to see it, you can just look at it."

"Bah, who wants to see you Ah! "Wei Ling couldn't help but sip.

"Sister Ling, don't look at me, then I think you can do it!" Chen Feikou said with flowers.

Wei Ling said: "Nonsense after you come back, wash it quickly. When Qiu Han comes back, you dare to say so nonsense."

Chen Fei whistled while flushing: "Sister Ling, I tell you It 's not me who blows. In my house, I 'm definitely one of the elders. Do n't look at Qiu Han 's normal dignity in the company, but when I get home, it 's definitely the youngest wife. I let her do whatever she wants. "

" Don't blow it, what about you, I don't know yet? "Wei Ling said.

Chen Fei heard and said, "Sister Ling, what are you talking about? What do you want me to blow? I'm telling the truth. If you don't believe it, wait for Qiuhan to come back. I'll show you in person, what is I at home? Status. "

" Take tea and pour water, do laundry and cook, which is not what I opened, she did Barbara's. I tell you, Sister Ling, I-- "

Chen Fei was still talking, at this time, one The figure pushed open the door and walked in.

Wei Ling turned his head and found that Lin Qiuhan was back. He was shocked and said: "Qiu Han

, you-- " As a result, before finishing the speech, Lin Qiuhan heard the movement in the bathroom and suddenly made a mute to Wei Ling Gesture, and then came closer.

At this moment, Chen Fei in the bathroom, unknowingly, is still talking, "Sister Ling, I tell you, don't believe it. In my house, I am the absolute host, Qiu Han is usually in front of me, They are all obedient. "

" I treated her like that in the company. It was because she was the president and gave her a face in front of her subordinates.

I-- " Then, Chen Fei suddenly felt that there was no movement outside and could not help saying: "Sister Ling, why don't you talk! Why, don't believe

me-- " Wei Ling outside looked at Lin Qiuhan with a serious face and couldn't help but cough and said, "Chen Fei, you should finish washing quickly Come out. "

Chen Fei didn't notice the anomaly, said:" Sister Ling, you still don't believe my words! "

" Hey, then I still wait for Qiu Han to come back, let you know what I am at home. Status! "Chen Fei whistle and wash up.

## **Chapter 857.**

After a few minutes, Chen Fei finished washing, opened the bathroom door, and came out.

Shaking his wet hair, Chen Fei said, "Sister Ling, I'm out. I'll tell you in detail what I just said. I'm in front of Qiu Han. That's absolutely the same thing, I--"

As a result, Chen Halfway through the flying talk, then I saw a slim figure sitting on the bed, it was his wife Lin Qiuhan.

At the moment Lin Qiuhan looked at Chen Fei seriously. Beside her, Wei Ling's expression didn't know what to do.

Chen Fei stayed in place for a while, stunned for a while, and then squeezed out a smile, saying: "Qiu Han, you, you are back? When did you come back, I also just returned from the western province of Chongqing, so I rushed

Take a shower. " Lin Qiuhan looked at Chen Fei and said coldly: " I came back when you said to serve tea and pour water, and do the laundry and cooking. "

" Ah--this-- "Chen Fei really stayed where he was, carefully. He said, "Wife, what did you hear behind that?"

Lin Qiuhan nodded, with a serious look on his face, and said, "I have heard it all, and I can hear it clearly."

Chen Fei's face was suddenly bitter and crowded With a smile that was uglier than crying, he joined Lin Qiuhan and said, "Wife, I, what I said just now are all joking, don't take it seriously!"

"Is it really a joke? Or, I will give now You go to the laundry and cook! "Lin Qiuhan said solemnly.

When Chen Fei saw this, he almost knelt down for his wife and said, "Wife, I'm wrong. I shouldn't brag. I'll do the laundry and cook for you!"

Then, Chen Fei looked at Wei Ling and said: " Sister Ling, I was bragging just now, in my house. It was Qiu Han who was the master, saying nothing. "

Looking at Chen Fei, Wei Ling almost laughed and could only say: " Okay Don't be stubborn. Qiu Han is not angry with you, go and put on your coat, don't catch a cold. "

Chen Fei heard, suddenly revealing a touch of a smile on Lin Qiuhan smiled, then mounted the pedal went downstairs: "Wife, this time I brought you a gift back you wait for the next ah, I'll get.."

Wei Ling With a smile, Chen Fei went out, turned around, and saw Lin Qiuhan. Then I suddenly realized that my words just seemed a little too intimate.

Suddenly, a trace of panic flashed on Wei Ling's face, and quickly explained: "Qiu Han, I, I just said it casually. When Chen Fei came back just now, he sneezed, so I said I was afraid of his cold. I

didn't— " Lin Qiuhan smiled faintly, said: " A Ling, no need to explain. I understand you. "So

, Lin Qiuhan got up and walked downstairs, " Let's go downstairs and talk! "

Although Lin Qiuhan said so, But Wei Ling still felt a little uneasy, and followed Lin Qiuhan downstairs with a sorrowful face.

Downstairs, Chen Fei put on his coat and took out two small gifts from the suitcase for Lin Qiuhan and Chen Fei.

Wei Ling looked at the exquisite jade pendant in his hand and could n't help but say, "This is a good Hetian jade. It 's very valuable and too expensive. I

can't— " Chen Fei said with a smile: "Sister Ling, do n't you You're welcome. These things are nothing to me, just trivial. "

Wei Ling looked at Chen Fei and said," These millions of things are trivial. Have you made a fortune in Western Chongqing? "

During the interview, Lin Qiuhan also looked curious and looked over.

Chen Fei patted his chest and said, "I don't hide from you, I'm in western Chongqing, and I'm really rich."

"Ah, you are really rich, what is it?" Wei Ling surprised.

Chen Fei smiled and said, "This is how things are."

Immediately, Chen Fei outlined what happened in Yuxi province.

After listening to the second girl, she suddenly appeared surprised.

Even the always calm Lin Qiuhan, looking shocked at the moment, looked at Chen Fei and said: "You said that you now own 80% of the Yue family's property?"

Chen Fei nodded and said, "Well, not only that , Longyuan Medicine Field in Perak Gate is now mine too. "

" Ah, this-- "Lin Qiuhan was shocked and speechless.

Wei Ling has been blessed with gold eyes and started to count Chen Fei's net worth. "80% of the Yue family's property, this must be tens of billions of dollars, plus Longyuan Medicine Field. Chen Fei you

My net worth is at least 15 billion. This is more than the entire company of the Autumn Group! " Chen Fei said with a smile:" How much property does not make any difference to me. Besides, my Things are my wife's things. As long as my wife

speaks , all of my things can be given to my wife. " Lin Qiuhan heard the words, a light flashed in his eyes, and then he hummed, saying," Who wants your property, I don't lack Money. "

" I know that my wife does not lack money, but the Yue family company should have some business that can help the Autumn Group. If it is useful, your wife can call it casually. "Chen Fei laughed.

Lin Qiuhan smiled and said, "I will consider it."

Wei Ling looked at the two people's intimate appearance, and her mouth could not help raising, but she felt a sour heart involuntarily.

Chen Fei noticed the strange expression flashing across Wei Ling's face, and immediately opened the topic,

saying: "Oh, Qiu Han, Sister Ling. What's going on, why didn't you work today!" Lin Qiuhan stared Chen Fei glanced: "I don't go to work one day, can't I?"

Chen Fei hurriedly smiled and said: "Of course not, but your wife is usually a workaholic. I didn't go to work today, I feel a little strange!"

Wei Ling Chen Fei said: "Don't be strange, because I am going to travel tomorrow, today

I'm going to discuss some things with Qiu Han, so I'm at home. " " Oh, that's what it is! "Chen Fei nodded, then regretted," I just came back, Sister Ling, you will leave on a business trip. Where are you going? "What's the matter?"

Wei Ling said: "Recently our autumn group's cosmetics business has developed well, but the growth momentum has gradually slowed down. The domestic market, in a short period of time, it should be difficult to have substantial growth. "

So, Qiu Han decided that our Autumn Group will expand to overseas cosmetics."

"It's not easy to expand overseas!" Chen Feidao.

Wei Ling nodded and said, "It's not easy, but one month later, there will be an international cosmetics exhibition in Xiangjiang. We think this is an opportunity to take the opportunity to promote our products at the exhibition."

"This The second exhibition is very important, so I have to go ahead and do some preparation work. "

" So that is it! That's hard work, Sister Ling. "Chen Feidao.

Wei Ling heard the words and said: "What am I, Qiu Han is the real hard work."

Chen Fei said: "You are all hard, so be it. Since you are both at home today, I will prepare dinner."

"You Prepare dinner? "Wei Ling looked suspicious.

Chen Fei patted the chest and said: "Sister Ling, don't doubt my cooking skills, Qiu Han has tasted what I cooked, and the taste is absolutely first-class."

"Moreover, this time I brought it from Longyuan Medicine Field I have returned some nourishing herbs, just to nourish your body. "

With that said, Chen Fei flipped the suitcase, took out the herbs, and started to cook.

Lin Qiuhan looked at the busy Chen Fei and couldn't help but show a smile, and then pulled Wei Ling, said: "Aling, let's discuss the details of the exhibition again."

Immediately, the two went to the study together.

### **Chapter 858.**

After the dinner was cooked, Chen Fei called the second daughter to dinner. After the two of them had eaten, they were immediately full of praise, and began to eat completely irrespective of their image. Finally, they ate all the dishes cleanly.

After dinner, Chen Fei took the initiative to wash the dishes.

After Chen Fei was busy with this, it happened that Lin Qiuhan sighed and came out with a sad face.

Chen Fei immediately asked: "Wife, what's wrong? Did you eat dinner unhappy?"

"No, I just went to see Qiu Yuan, his body is getting worse and worse." Lin Qiuhan's tone was a little low, his face It was full of sadness.

Chen Fei heard the words, his eyes lit up, a thigh shot, and said: "Wife, don't you say, I almost forgot. I found Yixuecao in the Longyuan medicine field in Perak Gate, which can relieve Lin Qiuyuan's condition. "

" Really? "Wen Yan, Lin Qiuhan was very excited, grabbed Chen Fei's arm.

Chen Fei nodded and said: "Of course it is true, how can I deceive your wife."

"Anyway, I have time now, I will go to Qiu Yuan to cure the disease."

"Can I cure the disease now?" Lin Qiuhan said.

Chen Fei patted his chest and said to himself: "Wife, your husband, but I am the famous Chen Shen doctor, don't you still believe in my medical skills?"

Lin Qiuhan quickly shook his head and stared at Chen Fei with a staring look, like an excited little boy Girl-like.

Chen Fei did not delay the time, he found Yixuecao from the suitcase, then quickly made a small bowl of dark green liquid medicine, and then carried the liquid medicine into Lin Qiuyuan's ward.

Lin Qiuhan followed immediately, watching Chen Fei treat Lin Qiuyuan's illness.

After feeding the liquid medicine to Lin Qiuyuan, Chen Fei immediately took out the silver needle and quickly applied it to Lin Qiuyuan.

After a quarter of an hour, Chen Fei closed the needle. Wiping the sweat on his forehead, a smile appeared on his face and said, "

Healed ." Lin Qiuhan heard the words, and came over to see that Lin Qiuyuan's complexion was indeed better and his breathing was much smoother. Looking at the data on the various life monitoring devices next to the bed, it is obviously much better than before.

Suddenly, Lin Qiuhan smiled on his face, and then looked at Chen Fei, nodded and said: "Thank you!"

Chen Fei smiled and said: "Wife, what are you doing with me, but my husband!"

Lin Qiuhan said softly: "I still want to thank you. Qiuyuan treated you so much before, but you still spend so much effort to treat him, I really appreciate you."

Chen Fei looked at the grateful Lin Qiuhan, smiled and came over , Approached Lin Qiuhan, and said softly: "Wife, you really have to thank me. Such a thank you is not enough!"

Lin Qiuhan stunned, and then said: "How do you want me to thank you?"

Chen Fei mouth corner evil Xie smiled, reached out, and hugged Lin Qiuhan's thin waist, said softly: "Wife, this time is outside, but I miss you

panic , otherwise, you accompany me tonight." Lin Qiuhan Can not understand the meaning of Chen Fei's words, suddenly blushing pretty.

Chen Fei looked at his wife's ruddy and pretty cheeks, and the fire in her heart ignited. The big hand that was originally placed on the waist, moved up and down a little restlessly at the moment, and began to stroke it.

Lin Qiuhan felt Chen Fei's big hand, and his cheeks were even more ruddy. He pushed Chen Fei's hand and whispered: "You don't want to mess up, A Ling is still outside."

Chen Fei was too hot to control at the moment .

Then, she said: "Sister Ling works in the study and will not come over. Let's move quickly." "No, don't, you--" Lin Qiuhan said shyly, but her body was also a little hot at the moment. .

Seeing this, Chen Fei knew that his wife was also emotional, and suddenly his eyes were hotter. He wrapped his hands around his wife, picked her up and put it directly on the closet, and then moved her hands fiercely. In the past.

The passions were soaring, and the two of them, who were doing firewood and fire, were on the verge.

But at this critical moment, there was a sound of pushing in and out of the door of the room, and Wei Ling's voice rang out: "Qiu Han, there are a few things about the arrangement of this exhibition that seem to be unclear. — ”

Wei Ling took the file and walked in, preparing to ask her questions about her work.

As a result, when I entered the door, I saw the passionate and intimate Chen Fei and Lin Qiuhan, and immediately Wei Ling stiffened in place, staring straight at them.

After a few seconds, I recovered and quickly turned around and quickly walked out of the room, "I didn't see anything, you continue!"

The two who had just been stirred up were interrupted by this Suddenly like hot steel, a pot of cold water was poured.

Lin Qiuhan looked blushing and hurriedly jumped from the stand. He sorted out the messy clothes and gave Chen Fei a fierce glance.

Chen Fei felt the scent and temperature remaining on his fingertips, and felt sorry for him, but looking at the situation in front of him, he knew that he had no chance, and he could only sigh and went out.

At this time, in the study, Lin Qiuhan and Wei Ling were seriously discussing the exhibition. It seemed that nothing had happened just now.

However, when Chen Fei-chao looked at them, they could find that their cheeks were flushed and their eyes were a little bit blinking.

Chen Fei brewed two cups of hot tea and delivered them to the two of them. "Wife, Sister Ling, drink some tea, don't be too tired." The

two men responded, but they didn't dare to look up at Chen Fei at the moment. s eyes.

Chen Fei can only put down the tea cup, and then walked dry out.

About an hour later, the two were finally finished and came out of the study. Wash it up and go upstairs and get ready to sleep.

Seeing this, Chen Fei hurriedly followed his wife Lin Qiuhan, and the ass went upstairs.

Lin Qiuhan found Chen Fei behind him, and immediately turned around and said, "What are you doing up here?"

Chen Fei

looked right, saying: "Wife, I went upstairs, of course, to come to sleep!" "Sleep?" Lin Qiuhan With a bulging eyes, he said, "Your room is downstairs!"

Chen Fei smiled and said, "Wife, I haven't been home for such a long time, there is no one in that room, I'm afraid the quilts are all wet. Otherwise, I am today late go to sleep upstairs, "

Lin Qiuhan unknown where the idea Baichen Fei, what they thought of earlier scenes, suddenly Qiao Lian crimson, then categorically said:"? No, you can not sleep upstairs. " "

Why ah, Wife! Don't you miss me at all? "Chen Fei looked pitiful.

Lin Qiuhan directly held Wei Ling's arm and said, "Because A Ling slept with me tonight, there is no place for you."

"Ah, this--" Chen Fei was dumbfounded and looked at Wei Ling, speechless. expression.

Wei Ling Chen Fei towards blinked, waved and said:. "President Chen, I tomorrow on a business trip, you'll give me a culvert autumn night bar, etc. I go, how can you want!"

Voice faded Lin Qiuhan pushed Wei Ling awkwardly, "A Ling, I'm nothing to do with him. Don't

talk nonsense." Then, the two women entered the room with a smirk.

Chen Fei watched the second daughter close the door, and she was almost crying. I can only secretly sigh, "Sister Ling, Ling, you are my nemesis. The good thing with your wife just now was interrupted by you. As a result, your wife's bed is now occupied by you!"

## **Chapter 859.**

But at the moment, Chen Fei, listening to Lin Qiuhan and Wei Ling in the house talking and laughing, could only sigh helplessly, then turned and went downstairs.

Lying on the bed, tossing and turning, until midnight, Chen Fei gradually fell asleep.

Early the next morning, Lin Qiuhan and Wei Ling got up, and Chen Fei heard the movement and immediately got up.

After a simple breakfast, Chen Fei and Lin Qiuhan drove Wei Ling to the airport and took her to Xiangjiang by plane.

After returning to the city from the airport, Lin Qiuhan went directly to the company to work.

Chen Fei took the pyrophyllite obtained from the fire skeleton directly and drove directly to the place where the nine-leaf ice-cold flowers were planted.

The previous Jiuye Bingluo Flower, after absorbing the energy of Chi Yan Shi, has matured almost, only the last part.

Now, Chen Fei has pyrochlore, which has a better effect than Chi Yan Shi, and decides to ripen Jiuye Bingluo directly.

Burying the obsidian in the soil of Jiuye Bingluohua, Chen Fei murmured a few words, then hit several streamers, and began to urge Jiuye Bingluohua to absorb the yang energy in the obsidian.

The effect of obsidian is very good. The nine-leaf ice-cold flower matures almost at a speed that is visible to the naked eye. The nine small leaves mature with the injection of yang, and finally turn into small leaves like a fan.

Surrounded by nine leaves, in the center, a tender white flower bone gradually grows and slowly blooms, and finally a small white flower with the size of a nail shell blooms.

As soon as the little flower blooms, it reveals a refreshing sense of coldness. Above the flowers, there is a line of ice and snow, looks delicate and beautiful, intoxicating.

Jiuye Bingluo Flower has matured.

Chen Fei gathered his breath and dug out the obsidian. He could obviously feel that the energy in the obsidian consumed a large part. However, there are still a lot of remaining parts. Chen Fei can also be used for spiritual practice and medicine refining.

Putting the obsidian away, Chen Fei's eyes fell on the nine-leaf ice-cold flowers.

Carefully digging out the entire nine-leaf ice-cold flower from the soil, the original white leaves are now turned into a tender white with a green color, like a good jasper, which is very pampering .

With flowers and grass in his hands, Chen Fei could feel a cold breath. This Jiuye Bingluo Flower is worthy of being the most yin to cold thing of the same level as Jiu You Binglian, with good quality and very good.

"Now, I can take Jiuye Bingluohua to improve my strength." Chen Fei picked the flowers of Jiuye Bingluo and sent them to his mouth. The flowers suddenly looked like cold ice cream, directly in his mouth. It melted and became a stream of clear water, sliding down the throat into the abdomen.

Then, Chen Fei picked up the nine leaves and attached them to nine human body points, such as his eyebrows, throat, heart, and Dantian.

Chen Fei did not waste the last plant stalk. He squeezed out the juice and dripped it into his own eyes.

After doing all of this, Chen Fei immediately held his breath, started to run the Jiuyang Burning Heaven Formula, and practiced it seriously.

With the operation of the practice method, the true breath of the body continuously flows. The flowers swallowed into the abdomen begin to turn into a icy breath, and gradually merge into the true element of Chen Fei's meridian itself, and then move to the place of Dantian.

The leaves attached to the nine large holes on the body also slowly melted into a thick liquid, which gradually penetrated into the body along the pores of the body.

With the effect of Jiuye Bingluohua's medicinal effect, Chen Fei felt a coldness in his true breath. This chill does not have any conflict with his own true energy, but after fusion, it further promotes his true energy and makes his true energy more pure and powerful.

At the same time, dripping into the eyes of the liquid, Chen Fei felt a faint coolness surge. After the coolness, the true spirit breath came together and merged with the two coolnesses to promote each other.

In the end, the two points of true vitality gradually became larger in my eyes and turned into a swaying red flame.

The flame fluttered in Chen Fei's eyes. With the movement of his eyes, the flame in his eyes suddenly appeared like a streamer. It burst out and shot directly onto the opposite stone wall, burning a fist-sized black. Dark holes.

Seeing this scene, Chen Fei's mouth showed a smile, and said: "Jiuye Bingluohua is worthy of being the top-most cold to cold thing. This effect is very good. After absorption, my strength has improved. Quite a lot, one step further from the god-level realm. "

" And, now that I have practiced this red flame fire pupil, the method of attack is even more unexpected. "Chen Fei was delighted in his heart, and the flame in his eyes flashed again.

However, this time the flame did not explode, but his eyes were cold, and he stared into the bush, a hare inadvertently passing by.

The original sharp hare, after seeing Chen Fei's gaze, seemed to have been fixed on the spot, and was fixed in place without any movement.

"This red flame fire pupil, not only can directly attack the deadly, but also has a certain spiritual deterrent effect. For the mentally weak objects, I can directly deter him or even control him at a glance." Chen Fei secretly said.

Immediately, his eyes moved again, softly said: "Let's go!"

Suddenly, the fixed hare suddenly recovered, and swooped directly into the woods, disappearing quickly and disappeared, as if suffering a huge shock.

"It's a good harvest today. I ripened Jiuye Bingluohua, improved my strength, and became a red flame fire pupil." Chen Fei smiled and stood up, then looked at the time and found out that it was more than four o'clock. By the way, I practiced here for a while, and five or six hours passed in one go.

"It's dinner time, and I'll go back." Chen Fei said in a heart, then turned and left, and drove back to the city.

In the evening, when Chen Fei had just opened the car market area, YAO Yu's phone call came, "Mr. Chen, Hello, I'm YAO Yu, Mr. Chen you remember me?"

"Uh, Miss Yao, You are discharged! Is your body okay?" Chen Fei thought of the charming woman on the plane.

Yao Yuda on the other end of the phone said: "Thank you Mr. Chen for your care. I checked in the hospital. It doesn't matter. Now, I don't know if Mr. Chen is free. I want to invite you to dinner. Thank you very much, Mr. Chen for your help. En. "

" No, you are too polite, Miss Yao. "Chen Fei said.

Yao Yu heard the words in a low tone, and said, "Mr. Chen, do you hate me that much?"

"Ah, Miss Yao, what do you say, I don't hate you!" Chen Fei hurriedly explained.

## **Chapter 860.**

Yao Yu even cried a bit, "If you don't hate me, Mr. Chen, why, I asked you to come out, you won't agree. I just want to thank Mr. Chen."

"This-Miss Yao, Do n't think about it, I do n't mean that. I just think that things on the plane are just trivial things, there is no need to trouble you to invite me to dinner." Chen Feidao.

Yao Yu said firmly: "Mr. Chen, maybe that matter is a trivial matter for you, but for me, it is a matter of life. So, I really want to thank you, Mr. Chen. "The

other party has mentioned this part, and Chen Fei is no longer good enough to refuse. He can only say:" Where are you now, Miss Yao? I will come over immediately. "

Wen Yan, Yao Yu's tone over the phone Obviously excited, said: "Mr. Chen, I'm on the side of Griffin steak on Longguang Road, I have already booked a place."

"Okay, I'll be there in twenty minutes." Chen Fei looked at the navigation map, The distance is not too far.

A quarter of an hour later, Chen Fei went to the door of the western restaurant, parked the car, and walked into the western restaurant.

Chen Fei walked in and was preparing to look around to see where Yao Yu was. As a result, a fragrant and slender woman came directly smilingly and looked at Chen Fei and said with a smile: "Mr. Chen, you are here."

Chen Fei looked like he was Yao Yu.

It's just that today's Yao Yu is not the same as the dress on the plane. Today, she is wearing a rose-red dress, with delicate makeup on her face, a pair of big eyes like apricots, and the waves of light, giving a charming and seductive feeling.

At the moment, Yao Yu, like a ripe peaches, reveals a tempting atmosphere all the time. It seems that the temperature in the entire restaurant has risen several degrees out of thin air.

Chen Fei suppressed the flash of surprise in his eyes and gently nodded to Yao Yu, saying, "Miss Yao, you have been waiting for a long time."

Yao Yu smiled faintly, and said: "Mr. Chen, you are a guest, I should wait for you. Mr. Chen, I set my position there, let's go."

During the speech, Yao Yushun held Chen Fei's arm incomparably. And walked directly to a quiet seat in Chen Fei.

When passing other seats, along the way, many guests looked at them side by side, especially some male guests, looking at Yao Yu's eyes, they couldn't move away.

The charm of Yao Yu is really good.

Of course, this also led to Chen Fei becoming the target of many men glaring along the way.

The two ignored the eyes of everyone and came to the seat. Yao Yu greeted Chen Fei sat down enthusiastically, and then passed the menu, saying: "Mr. Chen, I don't know what you like, so I just ordered some appetizers. Whatever you want to eat, order whatever you want. "

" I'm not picky, I can eat anything that can satisfy my stomach. "Chen Fei smiled and then ordered a few relatively cheap dishes.

Yao Yu then ordered a salad and a pasta.

Soon, the food came, and the two chatted while eating. Yao Yu seemed very enthusiastic and actively opened the topic, "Mr. Chen, are you a local in Longjiang City? What are you doing now, is it a doctor?"

Chen Feidao said: "I'm not a local, but I have been living in Longjiang recently. My profession is to be a doctor in a company."

"Mr. Chen, your medical skills are so powerful. It's Qu talented to be a doctor in the company!" Yao Yu said with emotion, "I see Dr. Chen's medical skills. It's more than enough to go to a hospital in the city."

Chen Fei smiled and said, "I like to be a doctor in the company, free."

"Well, that is too." Yao Yu smiled and then introduced himself to Chen Fei. "I will solemnly introduce myself to Mr. Chen. My name is Yao Yu. I am 26 years old and I am an English teacher at Jinfengye Elementary School."

"It's good to be a teacher, I also like children." Chen Fei laughed.

Yao Yu heard the words, but looked rather surprised, smiled at Chen Fei, said: "Mr. Chen likes children, does Mr. Chen have children? How old are they?"

Chen Fei shook his head, said: "I am married, but no children yet "

Yuan Yan, Yao Yu seemed to feel a bit regretful, flashed a bitter smile, and then said to Chen Fei:" Unexpectedly, Mr. Chen is married, you look very young. "

" Well, married earlier. "Chen Feidao, Immediately said, "Miss Yao, are you still married?"

Yao Yu heard the words, suddenly showing a sad look, with emotion: "I am still single, and when I am my age, it is already a young woman, no one wants That's it! "

" Miss Yao, you are so beautiful, why no one wants it? There must be many people pursuing Miss Yao. "Chen Fei laughed.

With a feeling of sorrow, Yao Yu confided to Chen Fei: "There are many people who pursue, but many people do not have good intentions, and they did not plan to spend a lifetime with me. Actually, I don't care about their status or the like, I just wanted to find a man who loved me and lived a life in peace. "

" It's just that this requirement, at present, seems a little difficult! Many people are just playing with me, I-- " At this point, Yao Yu seemed to think of something sad, his eyes turned red and his expression dimmed.

Chen Fei seeing this, quickly said: "? Miss Yao, how, and what is encountered unhappy things right"

YAO eyes tearful, crying with dripping. "In fact, also, that's OK, no big deal"

to speak In the meantime, Yao Yu picked up the red wine glass and drank a glass of wine, his mood seemed a little low.

In such a situation, why wouldn't Chen Fei see something in her mind and hurriedly said: "Miss Yao, if you have anything, you can say it. Perhaps, I can help you come up with an idea. At least, there is at least one person who talks, You can feel better. "

" Mr. Chen, you, you are so nice. "Yao Yumei was glamorous, grateful, and then poured himself a glass of wine, took a sip, and said quietly," Mr. Chen, not afraid To tell you, in fact, my boyfriend and I have been very unhappy recently. "

" Uh! "Chen Fei listened.

Yao Yu said while drinking: "My boyfriend is also from our school and is my colleague. When I first came to school, he launched a fierce pursuit of me. However, at the beginning, I did not agree."

"Later, he still didn't give up, I think others are good, very calm, and very good to me. I promised to try with him."

"So, we became a couple. Originally, I was looking forward to falling in love with him. A good life. But what I did n't expect, I just promised him not long after that, he, he asked me to go to the hotel, wanted, wanted to have a relationship with me. "

" I didn't agree, I had a fight with him at that time. . Then, in order to relax, I went to Yuxi province for a few days to relax, and only came back by plane yesterday. "

" Originally, I thought the separation during this period would make us all calm down and think about each other's results. I did n't expect that when I got home last night, I saw him in bed with another woman— "

" I, I was— "Yao Yu was so choked with tears in his eyes, and poured hard again. Had a glass of wine and already said Anymore.

In fact, without further explanation, Chen Fei immediately understood what was going on. It was Yao Yu 's boyfriend who took advantage of her absence to find other women.
