

Chapter 871.

For a time, the referees, journalists and even many patients onlookers all looked at Chen Fei with a questioning expression.

In particular, these referees looked very uncomfortable at this time, and their voices were unpleasant.

"Yellow Mouth, what do you know, bullshit here!"

"Are you a doctor or we are a doctor!" In the

scream, a local doctor in Longjiang recognized Chen Fei and could not help but remind others The referee said: "Everyone, this is Chen Fei, a well-known Chinese medicine doctor in Longjiang City. Dr. Chen's medical skills are very powerful."

Wen Yan, the referee in the field couldn't help but be surprised, but looked at Chen Fei's eyes , Still full of doubt.

"He is also the traditional Chinese medicine? Very much? Titles commentary to what level? Office in which hospital?"

"That is, Di old but close to the presence of State Medical Kathrine level. He even Chinese medicine, how dare show off in front of Di old?"

Burst The voice of questioning made the local doctors feel a little difficult to explain for a while. After all, Chen Fei does not have any medical positions or titles at all.

Their embarrassed expression suddenly made these foreign referees even more distrust of Chen Fei, and one after another shouted, Di Lao even directly said to Chen Fei: "Boy, today you do not apologize to all of our referees, I think you

Ca n't get out of here. " " Apology? Why should I apologize? "Chen Feihan smiled.

"You talk nonsense and slander the reputation of our doctors, don't you need to apologize?" Di Laoli said.

Chen Fei waved his hand and said indifferently: "Why do you say I'm talking nonsense, do you rely on the titles of your so-called professors and experts?"

"You are so irritating!" Di Lao said coldly.

Chen Fei laughed, and said:. "I was not importune, wait a minute you will know that time, I am afraid I did not apologize, but some people."

Then, opening their old ranging Di, Chen Fei Looking at Cao Huangqi, said: "You said that your acupuncture effect is better than Du Cang?"

"This is what the referees and everyone saw together, is there anything wrong?" Cao Huangqi looked at Chen Feidao.

Chen Fei did not say anything. Instead, he looked at Di Lao and other judges and said, "Now, I will ask the referees. When Du Cang and Cao Huangqi were just treating the needle, just look at the needle manipulation, you think, Who is better? "After the

remark, the referees could not help but slightly frown.

Someone directly said: "Of course it is Cao Huangqi's superior, and the final result has already explained this."

Someone thought for a while, and said: "No, just talking about the technique, I think there is little difference at all, and it can even be said, In some subtle aspects, Du Cang's is better. "

" I also think that the two's methods are very subtle and accurate. But Du Cang's is more solid and stable, and it is slightly better in speed and accuracy. "

I still think it's almost the same. That gap has no effect at all."

Several referees talked, and the general meaning was clear. Du Cang's acupuncture technique, most doctors believe that he is better than Cao Huangqi, at least it should be comparable to Cao Huangqi.

On this point, several referees actually reached a consensus.

Chen Fei heard and nodded and said: "Since everyone has reached a consensus, then I would like to ask. Almost the same disease, no other drugs, only acupuncture treatment. Du Cang's acupuncture is more accurate, why he finally Lost? "

" His treatment is not as good as others? Is it strange to lose? "Said the doctor.

Chen Fei continued to question: "Since Du Cang's acupuncture is better, how can his treatment effect be inferior to each other? Don't you think it's weird?" After

this remark, several referees were stunned. , Frowning lightly, thinking about something.

Cao Huangqi saw this, his face tightened, and quickly said: "You are misleading the referees. My acupuncture technique is definitely not weaker than Du Cang. As for the final effect is better, it is a manifestation of my medical skills.

" Mr. Cao, how do you really feel? Or do you think that the referees do n't know how to do it, and ca n't see who is better? "Cao Huangqi used Chen Fei's technique just now, but Chen Fei applied it to him now.

Cao Huangqi's face sank, he closed his mouth at once, and dared not say anything more, but justified: "Anyway, my treatment is better, I wo

n't have any problem in victory." Chen Fei ignored Cao Huangqi's words, but looked at Continued to several referees: "Everyone is a senior expert in traditional Chinese medicine. I have some thoughts on the question I just made."

"In the acupuncture technique, Cao Huangqi has no advantage, but the final effect wins. Then, there is only one explanation, that is, he not only used acupuncture, but also used other methods, which made the final treatment results better. "

The judges could not help but change their face and frowned after hearing this. Got up.

Cao Huangqi changed his face and stared at Chen Fei sternly. He said: "You are a slander, a slander that has no basis in fact."

"Du Jing mustard, Du Cang, I am not interested in entanglement with you. Target bets immediately." Cao Huangqi stared at Du Lao and Du Cang.

Seeing this, Chen Fei sneered and said, "What's wrong with Mr. Cao, so excited? Is it guilty?"

"You are guilty, I just don't want to hear your nonsense anymore?" Cao Huangqi said coldly.

"Mr. Cao doesn't want to listen, just let me check the silver needle used by Mr. Cao." Chen Feidao.

As soon as Cao Huangqi heard this, his face changed greatly, and there was a look of panic on his face. He immediately refused and said, "This is impossible? I have won. You are fearless and make trouble. I will not let you decide.

I- " Chen Fei wouldn't be polite with Cao Huangqi, he moved directly, and grabbed it with his big hand.

Cao Huangqi looked startled and stepped back to avoid. However, with his strength, how could he escape Chen Fei's skill.

In the blink of an eye, Chen Fei had a pair of silver needles in his hand. It was the silver needle Cao Huangqi used to treat the disease.

Immediately, Chen Fei asked for the silver needle that Du Cang had just used.

Putting the two silver needles in public, Chen Fei asked the pharmacy staff to bring two bowls of hot water, and then soaked the two silver needles in the two bowls of water.

Du Cang's silver needle soaked in, then sank to the bottom of the bowl, and waited for a moment, nothing changed.

But after Cao Huangqi's silver needle sank into the bottom of the bowl and was soaked in hot water, the surface of the silver needle suddenly began to slowly drift out a strand of green, red, and gray filaments. Eventually, the bowl of water became completely muddy, and the silver needle at the bottom of the bowl was no longer visible.

Chapter 872.

Seeing this difference, the onlookers couldn't help but be surprised, and said, "Why is this so colorful? Is there anything in the silver needle?"

The referees of Di Lao changed their complexions even more, and realized what they saw at once. Looking up at Cao Huangqi one by one, he questioned sharply: "Are you mixing drugs on the silver needle?"

Cao Huangqi's face changed, and his mouth supported me. He didn't know how to answer for a while.

At this time, Chen Fei snorted and said, "He is not just doping with drugs."

"If it is just doping with ordinary drugs, it is only unfair in this competition, but it is still good for patients. can cure diseases. but this time, he Caohuang Qi to win, not a means of doping on the needles are stimulant drugs have strong side effects. "

Hearing this, the audience suddenly in an uproar, all The doctor and the patient were all surprised.

Cao Huangqi quickly denied that he waved his hands repeatedly and said, "No, I am not doped with stimulants. He is nonsense, don't believe him!"

"Everyone, you are all professionals. What are the effects of these drugs, you can see for yourself Check it. "Chen Fei said to several referees.

The referee came over, some dipped in the water in the bowl, sniffed gently, and suddenly his face sank.

Some people use the work site for testing and comparison.

Others tasted it lightly with the tip of their tongue, and their complexion suddenly changed.

For a time, the referees' voices sounded one after another.

"Here, this is the smell of nettle grass. Nettle grass has great side effects. How can it be used casually!"

"There is also the meteor vine, which is an anesthetic Chinese herbal medicine used in Chinese medicine surgery. You ca n't use your illness! "

These words of the doctors confirmed Chen Fei's words just now.

Suddenly, the frypot directly. In particular, the ten patients who were treated by Cao Huangqi just now were very angry. They rushed to face Cao Huangqi in a burst.

In the end, after Cao Huangqi was beaten with bruises and bruises, Chen Fei waved people away from angry patients and their families.

Then, Chen Fei, Du Lao, and Du Cang walked to Cao Huangqi and said, "Cao Huangqi, you cheated in the competition. You lost in this written test. Do you

agree?" He nodded and said, "I

agree, I agree." "That's good, don't forget the bet conditions you promised before," Chen Fei reminded coldly.

Old Lao Du was also very excited and said: "Your Cao family, you must not allow Master's ancestral tombs. Also, you let Cao Liqiu publish it yourself.

" Yes, yes! "

" Come on! "Chen Fei waved his hand, and Cao Huangqi suddenly rolled away.

After Cao Huangqi left, the reporters immediately dispersed. In front of the medical hall, it was a lot quieter.

Di Lao and their referees, standing at the same place one by one at the moment, looked at Chen Fei awkwardly, his mouth moved, and wanted to say something, but he couldn't speak for a while.

Seeing this, Chen Fei smiled and said, "Dear seniors, my words just a moment ago, ran into everyone, please forgive me."

Chen Fei's polite attitude suddenly made Di Lao's face follow suit It has changed.

Di Lao Gong arched his hand and shook his head: "We are arrogant, did not listen to Mr. Xiao Chen's words, and almost made this huge mistake? Here, I apologize to Mr. Chen and Du Lao, sorry!"

With Di Lao's lead, other referees also apologized.

Chen Fei and Du Lao immediately persuaded and reconciled, and finally gave away Di Lao and his party.

Next, Chen Fei and Du Lao shot again and re-examined and treated the ten patients treated by Cao Huangqi to eliminate the side effects of the drugs in their bodies.

Over the next day or two, the incident began to spread on the media network. TV stations, local newspapers and magazines, and the Internet all reported the whole thing.

For a time, the names of Du Medical Center and Du Sanzhen were pushed higher. At the same time, it also made the reputation of the needle king Cao's family drop the Longjiang city a lot.

However, Du Lao asked some people to find out, but found that in Nan'an city, the relevant reports were very pitiful. It can even be said that there are basically no relevant content reports that can really enter the public's attention.

To be sure, Nanan City, as the home base of the Cao family, they must have done the corresponding blockade work, so that the relevant news did not appear in Nanan City.

Under such circumstances, Du Lao and Du Cang could not help but feel a little bit angry, and at the same time there was a little worry, whether the Cao family would fulfill the conditions promised in the competition.

The first is the signboard of Cao's "Needle King". For this, Du Lao and Du Cang didn't care too much. They didn't care much if Cao's family wanted to take it off.

What the two really cared about was Master's Tomb and Cao Liqiu's public announcement of the truth.

Worried about the other party's mischief, Du Lao immediately began to rearrange the work and plan of Du Medical Center, preparing to make time as soon as possible, to go to Nan'an City, and supervise Cao's commitment to complete the test.

On Chen Fei's side, these two days have just been free.

As a result, a strange number called.

Chen Fei immediately connected the phone and said, "Hello, this is Chen Fei." Over the phone, there was a slightly nervous voice, "Chen, President Chen? I am Xiaoying, a nurse in the autumn group medical room. "

Xiaoying, I know you. Is there something wrong, Xiaoying and you call me." Chen Fei asked.

Xiaoying's tone was anxious and said: "Mr. Chen, this is the case. Just now two people came from outside the company. They said they were relatives of Xiaoting's sister. They came to the company to see her coming. As a result, the security guard put them in, As soon as they entered the medical room, they yelled at Xiaoting, and they still have to beat people. "

" Now, the security guard has controlled them. But they are not going where they left, and they are still scolding Xiaoting. You, and one of them People also mentioned President Chen— "Speaking of which, Xiaoying dare not say anything. "

Chen Fei said, frowning, thinking of something, and immediately said: "Is one of those two men in his twenties, with yellow curly hair?"

"Yes, yes, there is such a Man. The other is a middle-aged woman, who seems to be the man 's mother. "

Hearing this, Chen Fei had already thought about who the man was. To be sure, he was the cousin of Qi Peng, Xu Xiaoting, who was driven out of Chengyao by Chen Fei two days ago.

I didn't expect that after the guy was driven away, he didn't realize his mistakes and didn't know how to repent. Instead, he came to the company to invite Xiaoting to make trouble.

Think of this, Chen Fei suddenly looking sank, cold channel: "Xiaoying, you let them control the security, I'll be right over."

Chapter 873.

Soon, Chen Fei rushed to the Autumn Group and went straight up the elevator to the medical room.

But when Chen Fei walked out of the elevator, he saw at a glance in the corridor not far from the door of the medical room that several security guards blocked a young man in his twenties and a middle-aged woman in her forties. Aside.

He immediately fixed his eyes and found that the young man was indeed the cousin Qi Peng of Xu Xiaoting whom he had seen a few days ago.

At this time, the blocked Qi Peng and his body were stopped, but his mouth did not stop. He kept facing Xu Xiaoting in the medical room and scolded the uncomfortable words.

"Xu Xiaoting, I am your aunt, how did you treat me? Do you still have a conscience, do you treat your elders like this?" The middle-aged woman shouted.

Qi Peng even had an expression of anger, and said, "Xu Xiaoting, looking at the elders' face, I call you a cousin. If you do something with us now, don't blame us for not telling the relatives' sentiments. You. "

Xu Xiaoting was angry and anxious, his face filled with grievances, he wanted to explain something, but he could not speak.

At this point, Chen Fei came over, "

Xiao Ting, are you okay?" Xu Xiao Ting shook his head and said, "I'm fine, just, they--"

Qi Peng saw Chen Fei coming, his eyes shrunk, and his expression was a little strange. Then he said coldly: "Xu Xiaoting, do you think that if you call this guy, will you be fine? I tell you, there is no way."

After that, Qi Peng explained to the middle-aged women around him: "Mom, this guy, is the owner of the broken pharmacy. He drove me away. "

Upon hearing this, the middle-aged woman suddenly looked bad at Chen Fei, stared at him fiercely, and said to Xu Xiaoting: "Xiao Ting, tell yourself, are you doing this right? "

"I heard that you are working in Longjiang City, so you can do a little favor and introduce Xiaopeng to the internship work. As a result, you took him to a small broken pharmacy and let my Xiaopeng be bullied. , I still call someone to beat us. Waiting for the New Year, I see you

coming home, what other faces do you face with our relatives! " " Auntie, that's not the case. I introduced Xiaopeng into Chengcheng Pharmacy, it's a good intention, Brother Chen's medical skills— "Xu Xiaoting wanted to explain.

But the aunt did n't listen at all and interrupted Xu Xiaoting 's words, saying: "You do n't need to quibble, a broken Chinese medicine shop, what a good thing. I think you are perfunctory us. Our family has taken care of you for so many years, I had brought a lot of things to eat, drink, and wear to your house. As a result, I 'll let you do a little favor now. You just do it, which is really chilling! "

Qi Peng also said coldly:" Xu Xiaoting, If you do n't want to help, just say so. Do n't fool me with these

irrational things. " Xu Xiaoting finished listening to her anxiety and anger. At this moment, there is almost only anger.

At the moment, her face sank, staring at her aunt, and she didn't explain anything anymore, coldly said: "Aunt, when you say this, will your conscience hurt?"

"What's your family looking after us for so many years ?" , Our family went to you, and lived three times. As for the so-called eating, drinking and wearing things in your mouth, in addition to the snacks and old clothes brought back during the New Year, what else! The things your relatives bring are not less than this! "

Aunt apparently didn't expect Xu Xiaoting to be upset, and was a little surprised. After being surprised, his face looked very ugly, and there was a look of anger, "How do you talk to me, I am your elder. Have you

settled like this? Unforgettable things!" Xu Xiaoting at the moment was completely out of it. , Wen Yan, said angrily: "I am ungrateful? You gave me a call, let me help Qi Peng find a job, I will immediately get busy. Brother Chen's hospital found for him."

"As a result, he did not do well himself, but you blamed me for coming. Tell yourself, who is ungrateful in the end." Xu Xiaoting asked.

Aunt and Qi Peng faced with water for a while, feeling that they could not hold their faces, and stared at Xu Xiaoting, saying, "You are also called an introduction job, a small and crumbled medical hall, that is nothing. My Xiaopeng is a serious university graduate , Go to that kind of place to do miscellaneous things, why are you not perfunctory? "

Qi Peng also looked proud, said:" Xu Xiaoting, I tell you. My mother has helped me reach the people in the first hospital of the city, now, I It is already a member of the first hospital of the city. Compared to the first hospital of the city, that kind of small pharmacy is simply ridiculous. "

Xu Xiaoting heard the words and his eyes were red with anger. She can tolerate them slandering herself, but she cannot let them slander Chen Fei.

However, just when Xu Xiaoting wanted to explain, Chen Fei pulled Xu Xiaoting and shook his head gently. Then looked at Qi Peng and said in a deep voice: "You mean, you entered the first hospital of the city, the first hospital of the city of Longjiang?"

Qi Peng was smug, "Yes, that is the best public hospital in Longjiang City , The first hospital in the urban area. Three days later, I will go in for an internship, and I will be able to go directly to the hospital after graduation. How about, it is much better than your broken small pharmacy! "

Qi Peng 's mother also looked proud. , Looked at Xu Xiaoting with a sneering look and said, "Huh, your parents always say you are mixing well outside. I thought you were more amazing, that is, a little nurse in a company. The people you know are also all It's this kind of broken guy who dared to call himself a boss when he opened a small pharmacy. It's ridiculous. "

" You-- "Xu Xiaoting was angry.

At this moment, Chen Fei said, "Xiao Ting, you don't need to be entangled with people like them, it's a waste of time."

"Oh, he was pierced in disguise, he was guilty!" Mother looked mocking.

Qi Peng also proudly said: "I have already called the police, so wait for the police to catch you, ha ha!"

Chen Fei ignored the pride and arrogance of the two, glanced at them coldly, then touched the phone, and made a call, saying: "Doctor Tao? I am Chen Fei. Yes, I have something, I want you to help Let me check. "

" Are you in the city's hospital, just recruited an intern named Qi Peng. Yes, just in these two days. "

Qi Peng and his mother's complexion changed, revealing a little tension when they heard Chen Fei's words. The color, but then sneered with a sneer.

"Oh,

I'm still pretending to be. You guy who breaks the pharmacy, and pretend to know the doctor of the first hospital in the city, ridiculous!" "I'm so scared, boss Chen is noble, should I want to block me."

Chen Fei Ignoring the words of the two, when Tao Ling over there came a positive response, he immediately said: "Well, Dr. Tao, help me speak with your dean. This Qi Peng, can't be hired, fire."

Chapter 874.

As soon as these words came out, Qi Peng and his mother's faces changed, and they laughed.

"Haha, you guys, I just said, you really come to this set!"

"I think you are addicted to acting and acting, really think you are a big man, you want to fire me in one sentence, hehe!"

"Are the police coming? They hit people, they must be arrested all of them." When the two of them were arguing, suddenly, a ring of mobile phones rang.

Qi Peng took a look at his mobile phone and suddenly changed his face. He hurriedly connected the phone with a respectful tone in his tone, "Director Yuan, hello, I am Qi Peng, you have something--"

Qi Peng's words could not be finished Director Yuan on the other end of the phone threw out a cold sentence directly, "Qi Peng, three days later, you won't be used in the city's first hospital."

"Ah!" Qi Peng was stunned, and his face changed quickly, he said quickly, Director, what do you mean? What does it mean that I do n't need a hospital anymore, I— "

" I mean, you were expelled from the first hospital in the city and not used for internships. " Director Yuan at the other end said directly.

Qi Peng was really stupid this time and exclaimed: "What, I was fired. Why?"

At this moment, Qi Peng's mother was shocked and looked at her son nervously when she heard the words of her son. The mobile phone seems to be able to see Director Yuan on the other side through eyes.

Director Yuan on the other end of the phone said unpleasantly at this time: "You have offended the big one yourself, and now you are asking me why?"

"Director Yuan, I, I didn't do anything! Why offended the big one, I- — "Qi Peng's expression of aggrieved expression desperately defended.

Qi Peng 's mother also hurriedly said beside her: "Director Yuan, my son is very good. If you have any requirements, just mention it. I will do my best to fulfill the requirements of Director Yuan."

"You say everything now Late. Now, leave Longjiang City immediately, this is the best choice for you. "Director Yuan warned.

Qi Peng was very puzzled, and he was unwilling to say: "Director Yuan, what the hell is it! You can't fire me for

no reason !" "For no reason?" Director Yuan groaned angrily and said, "You are offended. After Mr. Chen, he said for no reason, is your brain broken? "

" Mr. Chen, what is Mr. Chen? "Qi Peng still puzzled and said.

Director Yuan drank directly over the phone, "Mr. Chen Fei Chen, we are a veritable gangster in Longjiang City. The deputy general manager of the autumn group, the owner of Chengyao, and also our first martial arts master in Longjiang City "

At the beginning, Qi Peng and his mother had not realized anything. But when Director Yuan talked about "Sincere Pharmacy", Qi Peng was shocked, and looked at Chen Fei, his eyes full of incredible colors, his mouth murmured: "Sincere Pharmacy, Chen Fei, this, isn't it? Director Yuan said you? "

Chen Fei said lightly:" I said before that you are not worthy of being at Chengyao Pharmacy, and you are not worthy of studying Chinese medicine. Now, you can leave. "

These words are equivalent to confirming Chen The identity of the fly. Suddenly, Qi Peng's legs softened and he almost fell to the ground.

At this time, Qi Peng 's mother, frowning at the situation in front of her, seemed to be unable to believe Chen Fei 's good status. She frowned: "Is he really the only one who opened a small pharmacy? Is it true that Director Yuan is wrong? "

Okay ! " " A small pharmacy? "At this time, Xu Xiaoting sneered directly, saying," You don't know, Brother Chen is not only the first master of our martial arts in Longjiang City. At the same time, we are also the doctor of Longjiang City. No. 1 master. "

"Even Du Sanzhen and Du Lao are full of praise for Brother Chen's medical skills, and are willing to fall for the wind. The autumn health wine that is popular in the country, and the ephedra oral solution developed some time ago, are the masterpieces of Brother Chen of Du Medical Museum.

" I think Qi Peng studied Chinese medicine, so I wanted him to take an internship at Du Medical Center and learn something with Brother Chen. Even if he could learn one trick and one half, he would benefit him for life. "Xu Xiaoting said, then shook his head. , With a sneer, "As a result, Qi Peng is not self-motivated, has no skills, does not study well, and dare to look down on traditional Chinese medicine. It is totally ridiculous to

buy Huanzhuzhu, " Qi Peng and his mother suddenly dumbfounded after listening to Xu Xiaoting's words. Then, staring at Chen Fei stargingly, he muttered to himself.

"How could this be? How could this be?" Qi Peng looked dull.

"The Chengcheng Pharmacy is so powerful. Qi Peng, how are you--" Qi Peng's mother was very regretful.

At this moment, he looked at Chen Fei, fell to his knees on the floor, and pleaded, and said, "Mr. Chen, we are wrong, we don't know Taishan. Please, look at Xiao Ting's face Let Xiaopeng have another chance. He is very clever and will definitely study

hard. Begging— " This woman, I heard Chengcheng Pharmacy is very powerful at this moment. Even thinking about letting his son study in Chengyao.

For this kind of lustful person, Chen Fei is too lazy to ignore.

Xu Xiaoting shook his head and said, "Aunt, don't worry about it. Take Qi Peng now!"

"Xiaoting, I'm your aunt! Do you have the heart to watch me and your cousin so miserable. Are you on the street? We are relatives, you— "This woman, at this moment, is playing an emotional card.

However, Xu Xiaoting had already seen her ugly face. At this time, this hypocritical expression was completely inferior performance in her eyes.

Shaking his head, Xu Xiaoting didn't want to say anything!

At this time, the police happened to rush over.

Chen Fei said to them: "These two are making trouble in our company and disturbing our normal work order. You can take it home to deal with it!"

"Yes, Mr. Chen. We must deal with them strictly according to the rules." The police stood upright , Respectfully said very loudly.

Subsequently, the police took their mother and son directly away, leaving only the remorse in their eyes.

This farce is now officially over.

Xu Xiaoting apologized to Chen Fei, Chen Fei did not blame her, comforted a few words, and then left the company.

Not long after leaving the company, Chen Fei returned home, but found that a strange car was parked at the door, and it seemed that a guest was coming.

Chen Fei entered the house and immediately saw Wu Meng sitting on the sofa, but he was shocked.

"Sister Meng, why are you here?" Chen Fei surprised.

Wu Meng heard the words, turned around and smiled at Chen Fei, saying, "Why don't you want me to come?" A

simple movement, coupled with Wu Meng's slightly curly shawl hair, plus that charming look and between the left eyebrow The beauty mole could not help Wu Meng even adding a bit of mature charm to the young woman.

Chapter 875.

Such a mature and charming image could not help making Chen Fei's eyes shrink slightly.

Immediately, he took the initiative, to pour some tea Wu Meng, said: "Of course not mean that the dream sister like you to great beauty, but I hope the stars hope the moon ah"

"Well, I do not compliment you. There is a big beauty like Qiu Han in the house. My old lady, Huang Zhuhuang, is there any attraction." Wu Mengjiao laughed.

With such a charming look, Chen Fei could not help but swallow his mouth and asked, "Sister Meng, why are you free today?"

Wu Meng smiled gently and said, "With you, me nothing is polite today over, one is to see if you're free, there's something you want to ask a favor; Second is the way to look at you, after all, long time no see, "

Chen Fei heard this, laughed "Sister Meng, it turns out you came to see me, just by the way!"

"Yeah, why, unhappy, then I'm gone." Wu Meng smiled, leaving to leave.

Chen Fei hurriedly smiled and said, "Sister Meng, come to see me, that's a great thing, how can I let you leave!"

"Oh, Sister Meng, what do you say I should help?" Business.

Speaking of the business, Wu Meng's expression also became serious, saying: "This is the case. Recently, Xiaoyu's school is going to hold a party. We parents perform some programs and help rehearse. But because of some tasks It was done by two parents, but I could n't do it alone. So, I just want to ask you if you have free time to help me. "

Chen Fei heard it and patted her chest: "Sister Meng, What happened to you and Xiaoyu is my business. Even if there is no time, I will make time for it. "

" Well, then I will thank you first. Xiaoyu knows that you are a superman brother, and she must be I will be very happy. "Wu Meng smiled and then told Chen Fei time and place.

After Chen Fei made a note of it, he determined that he would be free when he was free.

Later, the two chatted about their current situation, and then Chen Fei sent Wu Meng out.

Two days later, Chen Fei deliberately changed a relatively mature business suit. After a new look, he drove to the place he agreed with Wu Meng.

Wu Meng arrived ahead of time. When he saw Chen Fei dressed up, his eyes lit up and said: "Today is so handsome!"

Chen Fei smiled and said: "Sister Meng, don't I usually be handsome? "

" Normally handsome, more handsome today. "Wu Meng smiled, and then took the initiative to get on Chen Fei's car.

Chen Fei started the car, and Wu Meng directed the route on the co-pilot seat, and then introduced, "Xiaoyu, they are rehearsing at the school. We parents gather outside the school, and then go together under the arrangement of the school, and start our Task. "

" Well, I want to see your performance of Sister Meng! "Chen Fei laughed.

"Wait, you have to rehearse me!" Wu Meng smiled.

Chen Feidao said: "He bowed to the ground and died, he died." The

two of them talked and laughed, and soon reached the entrance of the school.

The location of the school is unbiased, just in the second and third ring roads of Longjiang City. Surrounded by a large park, the environment is very quiet. Looking at the exquisite European decoration of the school gate, it is not an ordinary school at first glance, it should be an elite private school similar to that of foreign countries.

Moreover, when Chen Fei saw the words "Golden Maple Elementary School" in front of the school gate, he felt inexplicably familiar and seemed to have heard the name somewhere.

Before Chen Fei thought about it, other parents came one after another. Wu Meng got off the bus and greeted several parents.

Chen Fei parked the car, and then came over and saw Wu Meng and a group of young women in their thirties are laughing and talking about something. Looking at their clothes and dress, the conditions at home should not be bad, and they are definitely considered to be upper class in Longjiang.

At the moment, Wu Meng was surrounded by several parents wearing gold and silver. One of the fat women with short hair appeared extremely enthusiastic, pulling Wu Meng's arm and saying, "Wu Meng, you go This is not to say that you are divorced. Is it hard for you to take a child alone? Even this school activity is a little too busy. "

" This time, my husband happened to know a boss who opened the factory. He happened to be free. Let my husband take him to play with him and see the children's performance. Wait, if you are too busy alone, let him help. "The slightly fat woman said.

Wu Meng heard that, she suddenly understood the meaning of each other, he smiled and said: "Huang sister, thank you ah last time I casually mention things that you do not mind, really in trouble!."

"Nothing Trouble, anyway, they are all friends. Besides, this friend of my husband, regardless of ability or character, is very good. One person worked hard, and now the factory has opened three, worth hundreds of millions. It is definitely a good candidate. "Sister Huang introduced very enthusiastically.

Wu Meng glanced at Chen Fei who came over, quickly approached, gently holding Chen Fei's arm, and said to Sister Huang: "Sister Huang, I'm really embarrassed, I brought my friend over this time and waited for a rehearsal later It 's not a hassle. "

Sister Huang could n't help but stunned, apparently did not expect Wu Meng to bring someone over.

For a time, she glanced at Chen Fei. After looking around, she could not help but frown lightly, and said a little bit salty: "Oh, I didn't expect Wu Meng to find such a young one."

Wu Meng explained: "Xiao Chen is my friend , And the relationship with Xiaoyu is also very good, I asked him to help. "

" Oh! "Sister Huang nodded, then stepped back to chat with other parents.

Chen Fei just came and looked at Wu Meng, who was holding his arms intimately. He couldn't help but reveal his face, "Sister Meng, what's going on?"

Wu Meng sighed and said, "The last time the parent meeting, me and the yellow sister casually mentioned a moment I am single mom thing. As a result, her mind at ease, I would like to introduce object. I can not say so, so let you help slightly. " "

so your sister this dream I want to pretend to be my boyfriend! "Chen Fei smiled.

"Why, are you unwilling?" Wu Meng looked at Chen Fei.

Chen Fei smiled and said: "Dream Sister, your boyfriend of a great beauty, of course I am willing! Just--"

"Just what--" Wu Meng looked at Chen Fei's hesitant expression for a moment, and his face was slightly tight.

Chen Fei said with a smile: "It's just that Xiaoyu called me Superman's brother. If I become your boyfriend of Dream Sister, what should Xiaoyu call me!"

Wu Meng froze, then Chen Fei gave a blank look and let go He shook his arm and said, "Why don't you say that Xiaoyu calls your brother, and you call my sister. Then wouldn't I become Xiaoyu's sister."

"Haha, this is true . But you are young, Dream Sister, It's not impossible to be Xiaoyu's sister! "Chen Fei laughed.

Wu Meng also smiled, "I'm so happy with your tongue, please make me happy. Well, other parents have entered, let's go too."

Chapter 876.

A group of people came to the school, and the school arranged for the teacher to take them to the school gym.

The children were rehearsing on one side, and the parents were taken to the other side, and the school teachers arranged some programs.

The teachers in the school arranged for parents to be a program similar to group dance, but parents who can read children at Jinfengye Elementary School are probably the worst in the millions.

Many of the parents who let these bosses who usually give orders at this moment jump on the stage at this moment, and many parents are not used to it. Some of them directly refused the dance program arranged by the school.

The school teacher explained it several times, and several parents expressed their willingness to give it a try. However, nearly half of the parents did not want to participate in such activities.

The fat little sister Huang was particularly strongly opposed. After all, her body shape is not good, and she has no martial talent. She would jump up and down on stage, she would only feel ashamed of herself, not a little fun at all.

So, she went directly to the school teacher and said, "Our parents are so busy at work, how can we have time to rehearse these programs!" As

soon as this remark came out, many parents responded.

The teacher quickly explained: "This parent, we arrange these programs, we know that the parents are usually busy, so we let you interact with your children, communicate more, and increase the relationship between parents and children."

Sister Huang complained . : "It's enough for me and my children to communicate at home, there is no need to perform such ugly programs in front of outsiders. We are not professional, how can we learn in a short time." The

teacher explained: "The effect of the program is secondary, It 's mainly the atmosphere in which parents and children participate together

. I— " Sister Huang waved her hands impatiently and said, " I do n't know what atmosphere you are talking about. If your school wants to arrange a program, I 'll give my child a professional Dancers come to pay the show, and the effect is definitely good. "

How she took the lead, suddenly many parents' eyes lit up, and they all said one after another.

"I know a famous singer, but also on what had that talent show, I asked him to give me children sing a song, when I show it home!"

"Speaking of the singer, that Xu Wan You know it, At least a second-tier singer. I know her. Please come and sing a song when you come, and let everyone be satisfied. "

" I don't know any singers, but I know an actor, I heard that I participated in the recently hot one. ip drama, when the time comes, please come and perform for my son again, it's pretty good. "The

original rehearsal program, like sister Huang, has become a show where parents show off their connections. Almost all the parents present desperately showed their identities and relationships, and which big figures could be invited to perform for their children.

The school teacher, with a helpless face, can only go back to discuss with the school leaders, and see that the situation cannot be changed.

Without the teacher's rehearsal requirements, this group of parents was even more free, and they did not rehearse anymore. They just got together and talked about the star singer.

Some people directly contacted the star singer on the scene and arranged the performance.

In this situation, Wu Meng felt a little weird, shook his head, and sighed helplessly.

Seeing Chen Fei, he was ready to come forward to comfort a few words, but at this moment, Sister Huang suddenly came over and said to Chen Fei: "Xiao Chen, are you familiar with Wu Meng?"

For the sudden question of Sister Huang, Chen Fei was a little surprised, but still nodded and replied: "I have known each other for more than a year, and the relationship is not bad."

Wen Yan, Sister Huang's eyes were slightly cold, a little paused, and then she said: "I don't turn around. What happened to you and Wu Meng? "

" What do you mean? "Chen Fei raised her eyebrows and looked at Sister Huang.

Sister Huang snorted and said, "What do I mean, don't you know what you are doing? You are doing this, that is, playing with people for a period of time. Do you really think that you can be with Wu Meng?"

"I don't understand what you mean. Moreover, this is my thing with Meng Meng, and it has nothing to do with you." Chen Fei said coldly, and immediately prepared to walk away.

Sister Huang didn't let Chen Fei leave, but took Chen Fei's arm and said, "You are not allowed to go."

"What are you doing?" Chen Fei stared at Sister Huang and said coldly.

Sister Huang said: "Wu Meng's family conditions, you know, it's not that your young hairy boy is worthy. She is also the dead husband, looking for a young play. When you really want to get married, The person you chose is definitely not you. "

" What does that have to do with you! "Chen Fei said in a deep voice, and his expression was very unpleasant.

Sister Huang was a little angry at Chen Fei's ignorance, and his face sank. She said, "I introduced a man to us, and that was her right choice. You are now leaving Wu Meng immediately."

Chen Fei felt a little ridiculous. , Looking at Sister Huang, "You guys are really inexplicable! What is my relationship with Sister Meng, what will we do in the future, is it related to you? Why do you introduce men to Sister Meng, let me leave. What kind of shit are you to take care of our business! "

" You-vulgar! "Sister Huang stared at Chen Fei fiercely, and said," Anyway, boss Xu I introduced, will come soon. When the time comes, you yourself Get away. "

Chen Fei heard the words and narrowed his eyes slightly. He snorted and said:" You so enthusiastically introduce your boyfriend to Sister Meng and let me leave. Presumably, what good is it for you? Otherwise, you do n't need to be so positive about things that are not related to you? "

Upon hearing this, Sister Huang 's face changed and her eyes flickered, which is equivalent to confirming Chen Fei 's words.

Seeing careful thought and exposure, this Huang sister did not hide it, and directly said to Chen Fei: "Since you guessed it, then I will tell you the truth. This time, the boss Xu I introduced, and my husband are business partners. I helped him and Wu Meng together, and my husband can work with boss Xu to make a business worth 20 million. "

" I tell you, these 20 million business, I will not let you anyway Scrambled. "Sister Huang looked at Chen Feidao and paused, then said with a threatening tone," Young man, you know, in this world, you have the right to do many things with money. If you should be bad my business, not to say a million, I even out of two hundred thousand people are enough to make you want to move the trail of a life. you'd better think clearly making a decision? "

Chen Fei heard this, eyebrows a challenge, look to the Sister Huang shook her head and said in a cold voice: "I originally thought you were a little too poor to love the rich and snobbish eyes, but I didn't expect that there is such a shameless grief behind it, and it is so vicious.

Chapter 877.

"No matter what you say, if you don't get away from Wu Meng, I won't let you go." Sister Huang threatened with a sullen face.

Chen Fei is not to fear, his hands in his trouser pockets, cold channel: "You can give it a try!"

"You -" Huang angry sister channel, then behind him came a middle-aged man's voice, "Xiao Huang ah, I'm here. "

Sister Huang, who was about to threaten Chen Fei with a cold face, heard this voice, and his face turned into a smile.

She turned and greeted her, "Boss Xu, you are here! " In the past, I saw the boss Xu's appearance in his fifties, wearing a suit and leather shoes, and he was already half-bald on the top of his head, holding a beer belly, and his body was not very tall. The external image is a bit dare not compliment.

However, at the moment yellow sister was very enthusiastic, leans Xu boss around, smiling and saying something, also greeted Wu Meng said: "Wu Meng, you quickly come, Xu boss to."

"Xu boss, who is before me Wu Meng, who has shown you photos! "Sister Huang introduced enthusiastically.

The boss Xu looked in the direction of Wu Meng, and at the look of Wu Meng's appearance, his eyes suddenly lit up, and stars began to appear in his eyes, and his mouth said involuntarily: "This, this is good, too good It looks better than the photos. Xiao Huang, you did a good job this time. "After

hearing the praised Huang Sister, her confidence increased greatly and she warmly introduced Wu Meng while greeted Wu Meng over.

Wu Meng heard the sound and looked at the situation here, suddenly understood what was going on, and his face sank.

However, she didn't want to tear her face completely, barely squeezed out a smile, and stepped forward and said: "Sister Huang, I'm here, this--"

Chen Fei walked over before Wu Meng finished. She held Wu Meng's arm intimately and smiled: "Sister Meng, just now your sister Huang said something, I can remember it freshly! She said, she--"

Immediately, Chen Fei told Wu Meng the words just now.

When Wu Meng heard it, his face suddenly sank.

Huang sister is a panic eyes, spoke to Wu Meng explained: "Wu Meng, you do not listen to him saying they doing this for eight of his mouth there is no one truth, you do not believe him, and I -."

This

Before explaining , Boss Xu's smiled face was sinking, and he asked, "What's going on?" Sister Huang explained to her with a smile: "Boss Xu, it's okay. This kid, Nonsense, you don't need to ignore him, he is an unknown soldier, and I will immediately call someone to drive him away. "During the

speech, Sister Huang would call someone to drive Chen Fei away.

But at this moment, Boss Xu, who was almost all focused on Wu Meng's face, glanced at Chen Fei. When he saw Chen Fei's face, his face suddenly froze, staring at Chen Fei for a few seconds. Then a shocked look quickly appeared on his stiff face.

Immediately, he gathered up in front of Chen Fei and said respectfully and nervously: "Mr. Chen, are you? I am Xu Qianshan of Mingguang Company. I--"

Sister Huang was surprised when she saw this picture of Boss Xu, wondering: "Boss Xu, what are you doing? He is just a little white face eating soft rice, why are you doing this to

him--" , Boss Xu turned sharply, stared hard at Sister Huang, slammed it, and then slapped it with a slap, "Shut up for me!"

A crackling sound of Slap, Sister Huang was stunned , With a hot face. Covering his cheeks, he looked at Boss Xu incredulously, "Boss Xu, you, you

are— " Boss Xu stared at her scarletly and screamed, "Shut up for me, do you want to die?"

"Boss Xu, I just said he--" Sister Huang's expression of aggrieved expression.

Boss Xu was cold and sweating, very nervous, and said to Sister Huang: "He? Do you know who this one is in front of you?"

"Who? Isn't it just a little white--does he have any special status?" Sister Huang originally wanted to say Xiaobai, but when she saw the terrifying look of boss Xu, she choked back the last word and changed a sentence.

Mr. Xu gritted his teeth and said: "This is Mr. Chen Fei Chen."

"Chen Fei, this name is very common!" Sister Huang is still puzzled.

Boss Xu said: "This is Mr. Chen Feichen from our Longjiang Autumn Group and Chengyao Drugstore. Now, do you know?"

Wen Yan, Sister Huang stayed in silence, and the whole person was stunned. He looked at Chen Fei incredulously, dumbfounded, "Then, Chen Fei, the biggest man in our provincial capital, why, how could it be--"

Sister Huang at this moment was almost fainted. She could not imagine that the young man in front of her turned out to be the real big brother of Longjiang City. Thinking of what she said just now, Sister Huang's legs were really soft, and she collapsed to the ground, her face full of fear, "Chen, Mr. Chen, I, I was wrong! Please, I--"

The movement here attracted the attention of other parents, and turned their heads to look over here.

Chen Fei did not want to attract attention, and waved his hand directly, said in a cold voice: "Get up, today's things, I don't want to pursue, you leave."

"Yes, thank you Mr. Chen, thank you Mr. Chen!" Sister Huang and Xu The boss, all amnesty, and then fled away.

Such a strange state of the two, it makes other parents feel a little strange. But it's just strange, they didn't get to the bottom.

Moreover, it was at this time that the teacher who went to ask came back and said what the principal meant. Agree to change the scheduled rehearsal and let these parents invite people to come and perform the show.

As a result, many parents have eased down. After all, it is much easier for this group of rich people to directly invest money to find a relationship and invite people, rather than rehearsing and performing on their own.

Since there is no need to perform anymore, many parents say that there are still things to go back, so they left.

Wu Meng was also embarrassed and said to Chen Fei: "Xiao Chen, I'm sorry, I didn't expect to make such a thing, wasting your half day. Let's go back!"

Chen Fei smiled and said: "Sister Meng, And you, what are you saying about these polite words. I'm not busy. I'm here anyway. Let's go check out the rehearsal of Xiaoyu. I have n't seen her for a while. "

" Well, I'll go Ask the teacher to see if we can go over to see it. "Wu Meng went to ask the teacher.

Soon, I got a positive answer. The teacher took Wu Meng and Chen Fei to the children's rehearsal classroom. Some other parents who did not leave came here at the moment.

As a result, a group of parents stood outside the rehearsal classroom, searched for their children, and then looked at their rehearsals and performances with a smile.

Chapter 878.

The eyes of Chen Fei and Wu Meng naturally fell on Xiaoyu.

Xiaoyu stands in the corner of the last row, and other children are seriously following the teacher's movements and learning to do it. But at the moment, the little fish stared at a pair of big black eyes, moving his hands and feet in a random way, not even dancing at all.

At this time, Chen Fei and Wu Meng were dumbfounded.

"Sister Meng, Xiaoyu is dancing--some, some chic!" Chen Fei could not help laughing.

Wu Meng heard the words and immediately smiled and said: "Maybe this child inherits me, there is no talent for dancing! If it is not suitable, I will go back and find her a tutor and train it well."

Chen Fei smiled and waved his hand: "Dream sister, not so much trouble. these children learn, mainly to experience this process, please tutor, then it lost the original beginning of the heart. " "

I was quick success! "Wu Meng blame laugh out, then gently Patted his head.

The two chatted. At this time, in the rehearsal room, the dance teacher seemed to find Wu Xiaoyu's movements, and came over and looked at Xiaoyu. He was somewhat dissatisfied and said, "Wu Xiaoyu, why are you so hard to learn? You and everyone else, learn for so long. the other kids are bigger way, you will not learn or how little ah! are you so stupid you do? "

in public discourse in this criticism fish, suddenly let Chen Fei Both Wu Meng and I felt a little bit over, and could not help but frowned, and wanted to rush into the classroom.

As a result, at the moment Wu Xiaoyu, a pair of black water-stained eyes lifted his eyes, and then he turned white to the dance teacher, saying, "Mr. Wu, I'm not stupid. It's just your dance, it's too naive to jump around. It 's like a rabbit. I 'm not a child anymore. I do n't want to learn such a childish dance. "

The little girl who was only six or seven years old, said in a serious tone that she was not a child.

At this moment, the parents outside suddenly laughed.

Chen Fei and Wu Meng, who were originally angry, couldn't help laughing at the moment.

"Small fish really is that clever little fish!" Chen Fei couldn't help laughing. "Sister Meng, it seems

that Xiao Yu didn't inherit your dancing talent!" Wu Meng couldn't help but laugh, said: "This child "

The parents laughed happily, but the dance teacher at the moment looked a little uncomfortable. But after all, it's hard to say anything to a child.

It was at this moment that the bell for class rang. Xiaoyu said seriously: "Teacher, class is over. I'm going back." As a result

, Xiaoyu took care of her small schoolbag and walked towards the door of the classroom, leaving only the dance teacher behind him with no words.

Seeing this, Chen Fei and Wu Meng were both angry and funny, and walked towards the door of the classroom, ready to meet the little fish.

However, at the moment, other children also swarmed out of the classroom, and the parents near the entrance of the classroom rushed over together, and suddenly blocked the entrance.

Chen Fei and Wu Meng had to stand outside the window, instructing Xiaoyu not to worry, wait for the other students to leave, and then come out. After all, it's so crowded, it's not good if something happens.

Seeing that, the little fish spread his hands and looked like a little adult, sighed, and stood still.

While Xiaoyu was waiting, a chubby little boy walked past her with a schoolbag. Then he made a grimace to Xiaoyu, and said, "Wu Xiaoyu, you are a fool, and you can't dance well."

Xiaoyu suddenly turned her big black eyes and stared at the little fat man, saying: "Eric, didn't you hear? I just didn't want to learn, I didn't learn!" The

little fat man, Eric, made a grimace and said, "You are a fool, you just can't learn meeting."

"Humph, boring!" Xiaoyu frowned, frowning, and she didn't want to ignore the little fat man, carrying her schoolbag and going to the other side.

But at this moment, the little fat man said: "My mother said, a child without a dad is a fool. You don't have a dad, you are a fool, you can't learn to dance,

you-- " Little fish that didn't want to bother, suddenly His face changed, looking at the little fat man, and said: "Eric, you are not allowed to say so, you apologize to me." The

little fat man completely ignored it, and instead pulled other children and made a grimace to the little fish: " Wu Xiaoyu, I'm right. You just don't have a dad, you're a fool. Big fool, stupid Wu Xiaoyu, big— "

Now, the little fish's eyes are red, and they step forward, facing the little one. The fat man's head shot.

The little fat man was beaten, and suddenly cried with a wow, then raised his fist, and rushed forward to hit Wu Xiaoyu, "You hit me! I want to hit you, kill you--"

Xiaoyu is just a Little girl, she was much shorter than this little fat man. Now she was approached by the little fat man. She was a little panicked. When she couldn't avoid it, she would be hit by the little fat man.

At the moment, Chen Fei and Wu Meng, who were waiting outside the window, all changed their faces when they saw the scene just now.

"Little Fish!" Wu Meng was anxious and exclaimed, rushing to the door of the classroom, trying to rush in to help her daughter. But there was a crowd of people at the door, and she couldn't get in at all.

Seeing that the fat man's fist was about to hit Xiaoyu, at this critical moment, Chen Fei grabbed the classroom window and yanked it hard, even tearing it down.

Then, he rushed into the classroom one step at a time, rushed to hug the little fish before the little fat man's fist hit the little fish, and said, "Little fish, are you okay!"

The little fish that was frightened originally saw Chen Fei appear. On the round face, there was a sudden expression of excitement, saying: "Superman brother, why are you here? Are you coming to see me at school?"

"Well, I just came to see you at school." Chen Fei Laughing, the little fish immediately put down, and then turned to look at the little fat man, his face sank, and said, "Who made you hit someone!" The

little fat man was drunk by Chen Fei, and immediately sat down on the ground. Crying.

At this time, Wu Meng finally squeezed into the classroom, holding Xiaoyu to check for a while, and saw that she was fine, so she was relieved. Then holding a small fish, glancing at Chen Fei, preparing to leave.

But the three had just stepped forward, and a sharp woman's voice rang out: "You stop me."

Chen Fei and Wu Meng looked up and saw a woman in her thirties with heavy makeup rushing aggressively Come in. A woman is a luxury item with a lot of value. At first glance, she knows her family is good.

"Beating my home Eric, do you want to leave like this?" The woman glared at Chen Fei and Wu Meng, then stared at Xiaoyu, and drank directly. "You little girl, dare to hit my home. Lectra, immediately apologize—"

Wu Mengben wanted to explain a few words to the other party and talk about it. But when he looked at the other party's attitude, he was immediately angry, directly protecting the little fish behind him, glaring at the woman, and shouting: "What roar do you roar, obviously your child is wrong, you still want us to apologize. This is not Maybe! "

" What's wrong with my children? Just now, so many people saw that your child beat my son, and you still want to quibble! "The woman shouted sharply.

At this time, the little fat man Eric frowned and said, "Mom, I'm so dizzy. My legs are soft and I can't stand up."

Chapter 879.

His words, which suddenly exposed anxious parents of color, clinging to the little fat, for children from rubbing his head, "Eric, how his head where uncomfortable??"

A child pointed to his head, said: "I feel a little dizzy, nauseated mother, I do not feel. "

heard, looking woman is anxious for the classroom teacher shouted out loud:"! you still stunned with what, I did not see his son also uncomfortable ah I can't afford to call the school doctor. "The

teacher was screamed and ugly. But in the end, he said nothing and hurried out to call someone.

Immediately, the woman stared at Chen Fei and the three of them. They would come over and grab Xiaoyu's hand directly. "You beat my son like this, come over and apologize to him."

Wu Meng saw that this man actually started to Xiaoyu. Immediately anxious, rushed over and knocked off the opponent's hand, shouted sharply: "What are you doing? Who made you move my daughter." The

woman was not willing to be weak, staring at Wu Meng fiercely, said: "Your daughter It was rude rubbish, and my son was beaten. I asked her to apologize, but it was still light. "

" You are fooling around. It was clearly your son who scolded my daughter first. I didn't ask your son to apologize. Now, you want to rake! "Wu Meng was very angry.

The woman was also very excited, "What is cursing! Tong Yan Wu Ji, children just say a few words, do you have to beat people? Rude and ignorant family is like this, no quality."

Wu Meng was a good tempered person, but at the moment The woman was so angry that she was directly upset. "Children's words are unscrupulous. Your son's words have already involved personal attacks and insults. Is this called child's words?" You have no quality. "

" Oh, personal Attack, insult! I just learned a few words, so I pretended to be. "The woman sneered disdainfully." My son's words are not true. Does your daughter have a dad? Does your old woman have a husband? I Instead, I want to ask, when did the child tell the truth became a life attack? "

"You, you--" Xiaoyu is a matter of a single-parent family and has always been a weakness in Wu Meng's heart, making her absolutely ashamed of her children. After all, with her conditions, she can fully meet the needs of small fish.

But in terms of complete family education, single-parent families still have some irreparable defects.

Therefore, at this moment, the other party directly attacked the single-parent family, which suddenly made Wu Meng tremble with anger, and almost couldn't help but rush out to fight directly with the other party.

Seeing the indignant Wu Meng, the woman did not have any convergence, but instead became more arrogant and sneered, saying, "I, what's wrong with me? Can't I tell the truth? I tell you, today this thing, you don't A good apology, things can't be solved. "The

woman's voice just fell, and Wu Meng burst out of anger.

At this moment, Chen Fei stepped up and slammed his hand directly, drawing it on the woman's face.

The crackling sound was so loud that it shocked everyone, and looked at this scene in an incredible way.

The woman was also stunned for a few seconds before she recovered, her eyes gloomy, staring fiercely at Chen Fei, and gritted her teeth: "You, you dare to hit me. You dare to hit me, you dare to beat me , Do you know who I

am— " Chen Fei shook his hand and slapped it on the other face of the woman, coldly said:" I don't care who you are, you should fight, I will fight. This is also My truth! "

" You, you-- "The woman was mad, but she didn't dare to deal with Chen Fei, after all, she was just a woman. So, she yelled at the other parents and outside, "You all see it, hurry, go to call the school police, go to the police. Catch them, hurry--"

At this moment, just went out to call the dance teacher of the school doctor At this moment, came in with a teacher and a middle-aged man in a suit and leather.

The dance teacher pointed to the little fat man and said something to the school doctor. Then took the middle-aged man to the woman and said, "Miss Wenny, this is Director Zhang, the director of our school's teaching office."

"Director Zhang, this is Eric's parent, Miss Wenny. "The dance teacher introduced.

When Winnie heard the dance teacher's introduction, she suddenly changed her face and said: "Director Zhang? You must give me a statement about this matter, otherwise,

I-- " Director Zhang quickly accompanied the smiling face: " Do n't worry, Miss Wenny. Our school will handle this matter impartially and will never let any child be treated unfairly. "

Then, Director Zhang looked at the dance teacher and said," Tell me What is the specific process of the matter? "The

dance teacher quickly recounted the matter. While watching her son, Winnie didn't forget to add one or two sentences from time to time.

After listening, Director Zhang's face fell, and then said to Wen Ni: "Miss Wen, I know this, I will deal with it fairly."

"It's better to do otherwise, otherwise, I will let my husband go to the ambassador The museum protested. My husband is an overseas Chinese and a person with a green card from the United States!" Said Winnie.

Director Zhang heard the words and said with a smile: "No, Miss Wenni, you said it seriously, we will deal with it fairly."

After that, Director Zhang turned his head and looked down, looking at Wu Meng, Chen Feihe Wu Xiaoyu, said coldly; "Xiaoyu's parents, this thing is indeed Wu Xiaoyu's fault first. You should apologize and compensate to Eric and Miss Winnie."

Wen Ni heard, coldly said: "It's not enough to apologize and compensate. They just hit me. I'm going to call the police to arrest them."

Director Zhang looked even darker, and shouted to the three people who were standing still: "Parent Xiaoyu, what are you still doing , Apologize! "

Wu Meng heard that his eyes were red with anger.

Chen Fei stared at Director Zhang fiercely and said in a deep voice: "Your school handles things this way?"

"What do you mean by that?" Director Zhang frowned, "Wu Xiaoyu hit someone, that's wrong. Moreover, the two of you adults do not repent, helping children continue mischief, Miss Winnie hands, the more unforgivable. "

Chen Fei heard this, could not help but sneered, "Zhang, you are a teacher, is that right from wrong Is that right? Xiaoyu did it right, but did Eric see the verbal insults and language violence against Xiaoyu before, did you not see them? "

" What verbal insults, what is verbal violence, and my family is in the United States. Those who have been educated in high-end private schools are just telling the truth. Is this an insult? "Winnie said aside.

Chapter 880.

Director Zhang looked sad and said to Chen Fei and Wu Meng: "Miss Wen Ni is right. The children are making a lot of noise and telling the truth. This is childlike. Xiaoyu and your reaction are too much."

"That's the truth, it's called innocence?" Chen Fei sneered and said to Director Zhang, "You Director Zhang, the husband and wife are incompetent in life, usually your wife is very dissatisfied."

"You, how are you-" Director Zhang His face changed drastically, and he was very angry and pointed at Chen Fei.

Chen Fei coldly said: "I am also telling the truth, and I am just a childlike child. You director Zhang would not even be able to bear this truth!"

"You-you-" Director Zhang was said to be crimson , It's a bit overwhelming.

Upon seeing this, Wen Ni hurriedly said: "Director Zhang, don't mess with them, just call the police to catch people."

Director Zhang looked pale and stared at Chen Fei and Wu Meng fiercely, saying: "We Jinfengye Elementary School, yes upscale private school. you two do not meet our school's mission statement. now, I declare, Wu formally expelled from the fish we Maple Leaf elementary school. " "

What did you say! "Wu Meng anger, eyes cool down .

Zhang now proud look of Italy, said: "I said you fired, from tomorrow, do not bring their children to our Maple Leaf Elementary School, you do not charge such low quality of the parents the child.."

Gold Maple Leaf is near the famous private Schools, many people including families with ordinary conditions, will also find ways to send their children to school.

Wu Xiaoyu's food and clothing has always been relatively common. Therefore, Director Zhang concluded that the family conditions of the Wu Xiaoyu family will not be very good. Children of this kind of family who are expelled from Jinfengye Elementary School will be very upset.

Therefore, at this moment, he had a proud expression on his face, looking proud. It seems to be showing off their rights.

Upon seeing this, Chen Fei snorted and glared at Director Zhang, saying: "Why did you expel Wu Xiaoyu? Do you work in your school, do you just look at your family?"

"Why? Just because I am the teaching director, I said expulsion would be expelled. "Director Zhang arrogantly said," Moreover, the husband of Miss Winnie is a returned overseas Chinese, and the executives of the enterprise do not know how much higher their

personal qualities are. You, you should not enter our school and be ashamed. disgraced it. "

Xianpinaifu, snobbery! this is your school's educational philosophy do? "Chen Fei looked Zhang cold channel.

Director Zhang didn't care, he snorted and said: "You weak people with ordinary family background, like to use these so-called fair slogans to

talk about things." "However, I tell you that you can go a little bit in public schools. Impact. In my case, there is no use, hurry up. Don't let me call the security!" Director Zhang waved.

Chen Fei didn't continue to say anything. He turned back to Wu Meng and said, "Sister Meng, there is time, too low-key, it's not a good thing. Some things, let these snobs know how powerful you are."

Wu Meng Nodded and said, "I understand, I'll call now!" During the talk

, Wu Meng reached out his phone and made a call. "Brother, it's me. I'm on Jinfengye Elementary School, and she--"

Director Zhang and Wen Ni looked next to them, sneering with disdain.

"Oh, call to call someone, I'm so scared!"

"A local hick, I think you can call someone? Hehe!"

Just when the two were proud, Wu Meng hung up the phone, and then coldly He looked at Director Zhang and said, "You, it's time to get out."

"Oh, who do you think you are? You let me get away, I'll leave, what are you-" Director Zhang sneered coldly.

But he didn't finish a word, a rapid footstep sounded, hurriedly rushed into the classroom, and then gave a roar, "Zhang Zhide, what good thing did you do?"

Director Zhang Wenyan was shocked and followed along Looking at the sound, I saw that the person was a spectacled man in his forties. His face suddenly changed, and he quickly said, "Principal, you, how are you here?"

"You still asked me how I came! You Tell me, how did you offend President Wu?" The headmaster asked.

"Mr. Wu, what is Mr. Wu, I don't have it!" Director Zhang's expression on his face was very puzzled.

The university was full of anger and said: "Our boss of Red Star Shopping Center in Longjiang City, our largest shareholder of Jinfengye Elementary School, Mr. Wu Chuan Wu."

"Ah, Mr. Wu Chuan Wu. I, I don't, I don't know Mr. Wu, How could it be? "Director Zhang quickly denied, but halfway through, thinking of something, he couldn't help but talked about Wu Meng," you,

you-- " Wu Meng coldly said," My name is Wu Dream, Wu Chuan is my brother, that is, the uncle of Xiaoyu. "

" Ah, this-- "Director Zhang was just stupid, and his mouth made a vague voice. He didn't know what to say, and he was shocked. .

The head of the university stared at Director Zhang and said sharply, "What are you doing silly, and apologize to Miss Wu for admitting your mistake!"

Director Zhang heard this, and then suddenly awakened, and came over quickly, crying with a sad face, said: "Miss Wu, I was wrong, I I do n't know Taishan and I do n't recognize you.

I-- " Wu Meng waved his hand and said coldly:" No need to apologize. Your teacher of this quality is no longer suitable for staying in school. Headmaster, fire him. The

principal of the university wiped his sweat and nodded quickly, saying: "Yes, Miss Wu."

Then, the principal of the university waved to Director Zhang and said: "Zhang Zhide, from now on, you are expelled. Pack up and leave the school immediately . "

Zhang Zhide heard the words, his complexion suddenly became heavy, and his face was sweating. You should know that Jinfengye Primary School is a high-end private school. The salary of teachers here is very good.

He was expelled from Zhang Zhide, and then looking for a job with the same treatment, I am afraid it will not be easy. Perhaps, you can only go to private schools that are one grade lower, or public schools.

But just when Zhang Zhide thought about it, Wu Meng said again: "Yes, high school principal. Regarding his director Zhang, I hope you inform the industry peers."

"Yes, I will definitely send it to peers in the industry. Notice. "The headmaster said quickly.

At the moment, Zhang Zhide suddenly looked ashamed, and his face looked extremely ugly.

After all, if he was just expelled from Jinfengye Primary School, he had other ways to live. But now, Wu Meng's sentence is equivalent to killing him in the education field of Longjiang City, and it is no longer possible to find related work.

Suddenly, Zhang Zhide's complexion turned pale, and he collapsed on the ground, sweating and sweating, his eyes lost, and his mouth murmured: "No, no, this is not true, no----"

Chapter 881.

The president of the university waved his hand and asked other teachers to drag Director Zhang out.

Then, with a smiley face in front of Wu Meng, said: "Miss Wu, you, do you have anything else to order?"

Wu Meng glanced at Wen Ni, said: "Parents of this quality and Student, I do n't want to see it again at school. "

" I understand, I understand! "The headmaster quickly nodded, then looked down at Winnie, and said," Miss Winnie, from now on, your son Eric is taken by me School expulsion, please go through the relevant procedures immediately and leave our school. "

" You, you dare to expel my son. Do you know that my husband is an overseas Chinese and a person with a green card from the United States. You are discriminatory, this is Differentiate, I'm going to the American Embassy to complain to you. "Winnie shouted loudly.

"It's just an overseas Chinese, and it's nothing compared with the big brother of the level of General Manager Wu Chuanwu." Principal Gao weighed in his heart for a moment, and then said firmly, "Ms. Winnie, please go through the formalities and leave our school immediately . "

." you, you really want to expel my son, I tell you, my husband Anthony, he is not an ordinary Chinese, he - "Winnie's husband wanted to show off their own identity.

But at this time, the high school principal had greeted the school police, and directly Wenni and her son were taken out of the classroom.

Winnie and his son was out of the classroom, at the moment of overweight children, and clutching his head, frowning crying and said:. "Mom, I have a headache, malaise"

Winnie help his son rubbed his head, then teeth and said: "You give I will wait for my husband to call me. This matter will not stop here. And my son was beaten, I must ask you to pay the price. "

Ruthless words for Winnie Wu Meng was completely unimpressed and didn't care about it at all.

Instead, Chen Fei said at the moment: "Yes, for the sake of children, I remind you. Xiaoyu, she is just a little girl, without much effort to pat, your son will be dizzy and shouted. Do you really think that this is normal? "

Wen Ni felt helpless when she heard this, and she looked at Chen Fei, saying, " You, what do you mean? It's not your fault, is it my son? Is it your fault? You are shirk your responsibility,

I-- " Chen Fei waved his hand and interrupted Wen Ni directly, impatiently:" I kindly remind you that I didn't listen to you complaining. You don't want to listen, just go That 's right, do n't talk nonsense. "

" You— "Winnie was so angry that her cheeks were flushed, and she wanted to say something, but the burly school policeman beside her came and took her away.

As a result of this change, the other parents around the classroom suddenly showed their astonishments one after another. Some parents were shining with their eyes, and they had a sense of friendship in their hearts.

However, Wu Meng at the moment does not have this mood. With Wu Xiaoyu, he left with Chen Fei.

On the way back, Chen Fei drove, and Wu Meng took Wu Xiaoyu in the back seat.

Although Wu Meng talked and laughed with Xiao Yu from time to time, Chen Fei still saw the sad color flashed in Wu Meng's eyes from the rearview mirror.

Back home, let Xiaoyu do homework. Chen Fei and Wu Meng sat opposite each other in the living room. Chen Fei looked at Wu Meng who sighed softly and said: "Sister Meng, if you have any unpleasant things in your heart, you can talk to me. Even if I can't help you, find Personal listening will also make me feel better. "

Wu Meng heard a long sigh, looked towards Wu Xiaoyu's room, and then said to Chen Fei:" Xiaoyu, this child, is very sensible, and has never mentioned my father in front of me. Things. But when she fell asleep, she used to call her father many times in her dream. "

"I can't give her a complete family. This is a shortcoming that I can't make up no matter how much money or material. I now, I really don't know what to do. I feel, I'm so sorry for the little fish." Wu Meng burst into tears, and tears fell silently from his face.

Seeing this, Chen Fei gently hugged Wu Meng's shoulder and gently patted it lightly, comfortingly: "Sister Meng, you don't have to worry so much. Xiaoyu is a good child and lacks the love of her mother, then we

Take care of her with more love. If I have time in the future, I will accompany Xiaoyu more. " " Well, thank you, Xiao Chen. "Wu Meng nodded with tears in her eyes.

Chen Fei smiled, ready to let go.

But at this moment, Wu Meng pulled Chen Fei's hand at once and asked softly: "Wait again after a while, okay?"

"Sister Dream!" Chen Fei was a little surprised.

Wu Meng lowered his head and tilted his head slightly, leaning on Chen Fei's arm, with a touch of sadness in his voice, "It has been seven years since the person left until Xiaoyu is so big. I'm almost there Forgetting the feeling of being held in my arms and relying on me. "

Chen Fei heard, trembling in his heart, looked at Wu Meng leaning on his shoulder, gently stroked Wu Meng's hair, and said softly: "Sister Meng, if you want to find someone to rely on, I will always be your backing, as long as you need it, I will come."

Wen Yan, Wu Meng's mouth showed a smile, softly said: "Xiao Chen, you say so, "I am very happy."

Then she whispered softly: "If you were Xiaoyu's father, how good that would be!"

Chen Fei couldn't help but moved her head and looked down at Wu Meng.

At this moment, Sister Dream, a slightly curly shawl with long hair soft and fragrant, exquisite facial features with flaming red lips, gives a different kind of temptation and impact. The mole between the left eyebrows makes her add a few more. Kind of charm.

At this moment, Chen Fei felt the fire in his heart, and he began to rise involuntarily, and the skin of the arm against the neck of Sister Meng also seemed to become hot.

The burning of the body seems to make the surrounding atmosphere transpired, becoming moist and hot, a different kind of breath, brewing between the two.

Wu Meng raised her head and looked at Chen Fei, her tempting red lips spit out a fragrance, "Xiao Chen, am I beautiful?"

Looking at Wu Meng's delicate and charming face, Chen Fei's throat rolled involuntarily, his eyes shining and Shen Sheng Gentle said: "Sister Meng, you are beautiful."

Wu Meng heard the words, her red lips raised slightly, showing a smile. Immediately closed his eyes slowly, his red lips trembling slightly back.

Seeing this, Chen Fei couldn't help feeling a dry mouth, his head fell down involuntarily, his mouth swallowed with fragrant heat, and pressed down against Wu Meng's red lips.

Seeing that the two will kiss passionately.

But at this moment, with a creak, the study door opened. Wu Xiaoyu, who was doing his homework, walked out with a swing, rubbing his belly and said: "Mom, I am hungry, and you are not cooking yet!"

Chapter 882.

With such a noise, Chen Fei and Wu Meng, who were full of affection, were taken aback, and their movements froze. Then the two quickly separated with lightning, coughing a few times to cover up the embarrassment.

Wu Meng's cheeks were reddish, and he quickly recovered his face. He looked at Xiaoyu and said, "Xiaoyu, I'll cook immediately. You have to eat some fruit first."

Wu Meng hurriedly took an apple and handed it to him. Little fish.

Xiaoyu took the apple and sweetly said: "Well, mom, you're going to cook, I'll play with Superman brother here for a while."

Wu Meng smiled at Chen Fei and said, "Xiao Chen, is it convenient to stay and eat?" "

Chen Fei nodded and said, "Well, it's my blessing to eat what Meng Meng did when you cook in person. "

Wu Meng heard a big smile, then turned to the kitchen and started preparing dinner.

And Xiaoyu, holding an apple, leaned over to Chen Fei with a curious look and said, "Superman brother, what were you doing with my mother just now?"

Chen Fei said, suddenly his face changed and he could not help but cough twice. , Said: "Well, it's nothing. That is, it's your mother who has gray in her eyes, I will help her to blow it."

Xiao Yu's face looked naive, said: "Superman brother, you are so good. In the future, my mother My eyes are grey, and I will let you blow them, and I will do the same. "

" Uh, uh-good, good! "Chen Fei could only nod, and then opened the topic," Xiaoyu, this apple is too big, you It 's not

easy to bite. I 'll cut it for you. " " Well, Superman, I want a small piece, eat it with a toothpick. "Xiaoyu said sweetly.

Chen Feidao: "Okay, Superman brother will cut it for you immediately."

Cut the apple for the little fish and play with the little fish for a while. Wu Meng 's meals were also prepared. Four simple home-cooked dishes were served on the table. Although it seemed simple, I tasted it and found that it tasted good. Chen Fei knew that Sister Meng must have worked hard on cooking.

The three of them talked and laughed and finished their meal. Immediately, Chen Fei waved goodbye.

Wu Meng and Xiaoyu waved goodbye to Chen Fei at the door, and then turned back to the house.

Looking at the distant vehicle, Wu Meng could not help but flashed a faint color, and sighed softly.

At this time, Xiaoyu's immature words sounded, "Mom, don't you want Superman's brother to go?"

Wu Meng was shocked, a strange red flashed on his face, and he quickly waved his hand and said, "No, I don't have . Xiaoyu, how come you say that? "

Xiaoyu looked at Wu Meng seriously, and said ,“ Mom, because mom, you look at Superman 's brother differently. And, you just hugged each other just now, Ready to kiss! "

Wu Meng didn't expect Xiaoyu to even say what the two had just said, and she suddenly flushed," Xiaoyu, who told you this! Is it Chen Fei-- "

Xiaoyu He shook his head seriously and said, "Mom, it's not Superman's brother. I just asked him what he was doing. He also lied to me, it's mom, your eyes are gray. Is he blowing your eyes?"

"He thought I 'm a kid, I do n't know anything! Actually, I saw everything. Hum! "Said the little girl.

Wu Meng didn't expect her daughter to understand this, and she suddenly seemed at a loss. For a moment, I didn't know what to do. After all, it seems not so good to say this to children.

She didn't speak, but it was a little fish, and a serious voice came out again, "Mom, do you like Superman brother? I also like him very much, if he can be my dad, that's fine."

Wu Meng is one of dark eyes, then gently shook his head and said: "small fish, Superman can not be your brother, dad it's such a thing, do not say in front of Superman brother."

"Why ah mom?! "Xiaoyu grunted her mouth and looked puzzled," Mama clearly you like Superman brother Chao, Superman brother also likes me and my mother, why can't he be my father? "

Wu Meng sighed softly and squatted down to help Holding Xiaoyu's shoulder, he said, "Xiaoyu, because Superman's brother is already married, he has someone he likes, we can't be together, and he can't be your dad, you know?"

Xiaoyusi understand the non-understand nodded, but still pouted Pakistan said:. "! even if, even so, that's not right ah Superman brother like others, can also be like my mother, I also like ah,"

Wu Meng a time I do not know how to explain This kind of like, can only shake his head, said: "Xiaoyu, there are some things that you will understand when you grow up. Superman brother can be a good friend with us, but not dad, you know?"

Xiao The fish shook his head without understanding and wanted to ask. But seeing Wu Meng's tearful eyes, the little girl shook her head immediately and said: "Mom, I know, I won't ask anymore, don't cry."

"Mom doesn't cry, Xiaoyu, Mom never again. Don't cry." Wu Meng held the fish and wiped the tears from the corners of her eyes, but in her eyes, more tears spilled out involuntarily.

Chen Fei drove back to his home, the villa was empty, and his wife Lin Qiuhan had not returned. During this time, the events of the cosmetics exhibition made her so busy that she stayed in the company significantly more time.

After a night of rest, the next day, Chen Fei got up early and went to Chengyi Medical Center. He just entered the hospital and was about to get busy. Tao Ling called over. "Hey, Dr. Tao, why did you call me so early?" "

Tao Ling said: "Chen Fei, this is the case. Last night I was on night shift. At midnight, a patient came from the hospital. The condition was a little weird. After we checked, there was no way to treat it. The patient's parents were very anxious. So, I recommended Chengcheng Pharmacy to them. "

" They should come to you soon, you can see if you can help. The patient is still small, very pitiful. "Tao Ling said.

Chen Fei said, "I understand, since it is a patient, as long as I come over, I will treat it well, you can rest assured."

"Well, thank you." Tao Ling thanked, and then hung up the phone.

Chen Fei took note of this matter, and then told the staff in the store that he was busy.

Chengyao has a good reputation. Although the patients were selected in a targeted manner, there are still many people who come to the doctor to buy medicine. Shortly after opening early in the morning, a lot of people were already at the door and queued up in front of the store.

Chen Fei urged everyone to speed up, and he took a look everywhere to solve some incurable diseases that ordinary employees could not solve.

While Chen Fei was busy, all of a sudden, "Didi Di", the rapid horn sound quickly approached.

Chapter 883.

The sharp horn sound surprised everyone, and everyone was still in shock. Then they saw a black BMW sedan driving quickly, accompanied by a rapid brake sound, and stopped at the entrance of Chengyao.

Immediately, the car door opened, a couple in their thirties, holding a child, quickly rushed towards the Chaocheng pharmacy.

They rushed all the way up, squeezing away the patients lining up, and wanted to rush into the pharmacy.

At this time, the patients were unhappy and stopped the couple at once, accusing them one after another.

"You do not know line up ah!"

"First come first served, there is no point quality, lined up behind the go."

"I've got this old man, you are so collision, if knocked down the elderly, how to do? Quick to apologize!"

Burst accused The voice came, but the couple did not mean to apologize, but instead frowned, staring at these people with disdain.

The woman said directly: "My son's condition is urgent, and you're about to let go! Delayed my son's illness, you can't afford to lose it."

Such an arrogant tone of command suddenly made everyone more angry, without giving way, but directly blocking Got up.

"Your son is in a hurry, our condition is not in a hurry!"

"What kind of attitude do you have? If you talk well, I can give you way. But if you talk like that, then don't want me to give way."

"Behind Wait in line! "

Faced with the indignation of the crowd, the couple's brows were deeper, and there was no slight convergence, but they became more arrogant.

"I tell you, give up immediately. Our identity is not worthy of your lowly people." The woman said.

"Quick way, delay my son to see a doctor, I will make you pay." The man said in a deep voice.

As soon as such curse words are spoken, everyone is even more angry, and it is more than blame, some people have to do it directly.

At this moment, Chen Fei inside the shop noticed the movement outside, shouted, and then walked out, "all quiet!"

Everyone saw Chen Fei coming out, and suddenly let go.

And the couple saw that there was a way, they simply stepped into the pharmacy, and then shouted directly to the staff of the pharmacy.

"Come on, call your boss out, the doctor named Chen Fei! Call him out and see my son." The woman exclaimed anxiously.

The staff frowned: "You want to see a doctor, please follow the process and go to the queue for registration."

"What queue, what registration. I tell you, we were introduced by Dr. Tao from the first hospital of the city. Moreover, my husband is an overseas Chinese. , You quickly called your boss out, delaying my son's illness,

you-- "The woman's words didn't finish, at this moment, a figure came to her and said coldly:" No matter what your status is, you must go behind Wait in line. "

" I have said that my husband is an overseas Chinese. You-- "The woman looked up and saw the young man in a white coat in front of her, suddenly stunned, because the person in front of him was no one else, she was yesterday The man who had a conflict in elementary school. At that time, the man also reached out and slapped her in the face.

At the moment, Chen Fei, looking at the woman in front of her, looked very cold. Because, the woman in front of her is Winnie, the mother of the little fat man Eric. The man next to Winnie must be the overseas Chinese husband in her mouth.

At the moment, Wen Ni saw Chen Fei standing in front of her, his face suddenly changed, and then he waved unpleasantly: "How are you here? Hurry up and don't delay my son's treatment."

Immediately, she shouted to the staff again: "Hurry and call your boss out, have you heard that?" The

staff member froze, pointed at Chen Fei, and said to her: "This is the boss of our Chengyao , Dr. Chen Fei Chen. "

" Ah—what, you, you turned out to be— "Wen Ni looked at Chen Fei with a surprised expression on her face, which was completely incredible.

However, after her surprise, she immediately sank her face and directly pointed at Chen Fei: "I didn't expect you to be Dr. Chen. Then yesterday, I will not pursue you for the time being, and see my son for treatment."

She said, pointing Pointing to the little fat man in her husband's arms, it was yesterday's Eric.

Chen Fei heard a sneer and said, "You don't hold me accountable? I'm going to hold you accountable. In our pharmacy, you need to pay attention to the doctor first, and then you have to go to the doctor's queue."

Wen Ni's eyes suddenly glared at this. When he was round, he said to Chen Fei: "My son is sick and the situation is urgent."

"You can't tell if you are urgent! If you want to see a doctor, go to the queue." Chen Fei waved coldly.

"You are making it difficult to retaliate. I'm going to the Health Bureau and Industry and Commerce Bureau to complain to you." Wen Ni shouted.

Chen Fei didn't care, sneered, and said, "If you want to complain, you can go."

Winnie was furious, almost swearing.

At this moment, the man beside her took her, took a step forward, looked at Chen Fei, and said, "Chen Fei is right, my name is Anthony. It is Winnie's husband and Eric's father. Yesterday, you were in elementary school I have known about the conflict. "

" I have lived abroad all year round, and everything is the same. So, yesterday's things, I don't want to say it now. Now, all I want to say is my son's condition , Needs treatment. "Anthony said, the words are simple, but in the tone, there is an arrogance that seems to be contained in the habit.

Chen Fei heard that, pointing outside the pharmacy, coldly said: "Need to see a doctor, follow the rules, and line up behind!"

Anthony looked down and stared at Chen Fei, said: "Dr. Chen, I don't think you understand one thing. I am an overseas Chinese, and I have a green card from the United States. I am now in Huaxia and just come to work. "

" How about overseas Chinese? "Chen Fei looked cold." The rules in my pharmacy will not change because you are overseas Chinese. " I still say that, if you want to see a doctor, go in line. "

" You-you are making trouble for foreign friends. If you do this, I will report it to our Embassy of the United States. Do you really want to do this? " Anthony said in a deep voice.

Wen Ni immediately said, "We are overseas Chinese, and our family has the nationality of the United States. You think about it, what kind of behavior are you doing."

This time, Chen Fei didn't speak, and the patients around him had a frying pan of bees, directly Scolded.

"I depend, the Americans are amazing, why don't you line up because you are Americans!"

"If you don't give you the privileges, it's tricky, I think you are quite used to it. This is Huaxia, not yours. If you want to be arrogant, go back and go arrogant. "

" Go back, get out of Longjiang City, get out of China! "

" You, you-a group of people! "Winnie and Anthony were anxious and scolded.

As a result, there was a greater wave of scolding.

Chapter 884.

But not so many people, Winnie and Anthony immediately turned their eyes to Chen Fei and said: "Do you really not see my son?"

Chen Fei said lightly: "I didn't say no to see the doctor, I just said, I thought To see a doctor, line up at the back. "

" You— "Winnie stared at Chen Fei angrily," You are deliberately retaliating, and deliberately made us difficult. "

Anthony also looked down at Chen Fei with a sullen face, saying:" Dr. Chen As a doctor, it is your job to save lives and help the wounded. Are you really going to die if you do n't save? "

" Or, your Chinese doctors are so cold-blooded! "Anthony asked.

Chen Fei heard the words, his eyebrows were wrinkled, and there was a flash of anger on his face, saying: "If you don't save your son in advance, I'm cold-blooded. Then, what do other patients do? I think you are used to it. I tell you, the previous In my case, it doesn't work. If you want to see it, go to the queue. If you don't want to see it, go away. "

" You-- "Anthony stared at Chen Fei fiercely, unable to speak for a while.

Winnie is crazy and cried: ".. Your behavior, I want the exposure you, I'm going overseas media exposure you say you discriminate against us foreigners of Chinese doctors, you say cold-blooded ruthless"

Chen Fei heard this, his face Apparently angry, he pointed directly out of the door and shouted: "If you want to expose, go and expose. I will clear myself, and I am not afraid of people splashing dirty water."

"You-" Wen Ni didn't expect Chen Fei to be so difficult, suddenly Angrily speechless.

Anthony was also sullen in water, silent for a few seconds, and then said: "We are gone, not here. I don't believe this superstitious Chinese medicine, we go to Western medicine, go to the big hospital."

Wen Ni heard, read A glance at the little fat man Eric, anxiously said: "But the first hospital in the city is already a big hospital in Longjiang City, we--"

Anthony said: ".. I know one of Hong Kong from Moline Western medicine, he is a minor celebrity in the world I know he's recently come to the mainland, I contact him, let him come to look at Eric,"

"is Moline Doctor, I know him. If he comes, Eric 's condition must be okay, so good, so good. "Winnie excited.

Anthony said: "Let's go. I don't want to stay longer in this crude junk pharmacy."

Winnie also looked proud at the moment and turned to look at Chen Fei. .. can not look sick to see the doctor Dr. Mo Lin there, you hick, nothing is "

outside pointed Chen Fei did not say anything, but cold, said:" take a good do not send "!

you - "Wen Ni was angry again, but then snorted and turned to leave.

As they walked out of the pharmacy, the two kept breaking in their mouths.

"What's the matter with Dr. Tao? It's awful to recommend this kind of person to us."

"Hua Xia's doctors and hospitals are all unreliable. I don't want to stay in this ghost place any longer, I really hope to go back to the country soon. "

" I'll be able to transfer back to my country soon after I struggled. "

Just when the two were shattering their thoughts, suddenly, Eric in their arms twitched violently. Blood, cheeks became red and hot.

Upon seeing this, the two couldn't help but startled, and were suddenly shocked.

"Eric, Eric, what's the matter with you?"

"Here, what's going on?" The

anxious two looked a little bit of a godless. He could only turn around, hug his son again, and rushed towards the hospital.

The people queuing at the door saw each of them coming back and wanted to stop them one by one. But when he saw the child vomiting blood, he froze for a moment, but still gave way. After all, in their eyes, children are innocent.

"Come on, treat my son quickly!" Wen Ni rushed in and shouted at Chen Fei.

Chen Fei glanced at Winnie and Eric, hurry, lightly: "?? You just said, look down on Chinese medicine, look down on me being the case, is back doing"

Winnie angry, anxious, shouting out loud Dao: "My son vomited blood, didn't you see it? You should treat him quickly, hurry up."

Chen Fei was unmoved and pointed outside,

saying : "To see a doctor, line up." "You— -"Wennie was anxious, Anthony looked down, stepped forward, found a stack of US dollars, and handed it to Chen Fei, Shen said," I will see my son immediately. The money is yours. , And more rewards. "

Chen Fei glanced at Anthony's banknotes of about one or two thousand dollars, revealing his millions of watches, and said lightly: "I don't lack money. "

" You- "Anthony Chu, then gritted his teeth and said, "Are you really going to die if you can't be saved?"

"I'm a doctor. See if you can't be saved if you die." Fei glanced at the little fat man Eric, to Anthony Road. Then he turned to Winnie and spoke lightly, "I told you yesterday that your son was dizzy when photographed by a little girl, which is absolutely abnormal. Do you remember?"

Winnie gritted her teeth and nodded. : "I remember."

Actually, after Chen Fei said that yesterday, she didn't take it seriously. Until midnight yesterday, her son began to yell dizzy again. Winnie was anxious and sent her son to the hospital and began to see a doctor. However, I did not expect that the best hospital in Longjiang City could not detect the condition of his son.

This made her anxious and angry, almost making a noise in the city's courtyard. In the end, Tao Ling said to introduce her to a famous doctor who should be able to cure Eric's disease, and she didn't make trouble.

As a result, I didn't expect to come here. The famous doctor in Tao Ling's mouth was Chen Fei who had a conflict yesterday.

At this moment, she glared at Chen Fei with her teeth clenched, her face full of anxiety and resentment.

Chen Fei said lightly: "If you remember, then think about it yourself. What have you eaten for your son recently, took him to those places, and have you been exposed to any special things?"

"What did you eat? Where? Special things?" ? This— "Winnie and Anthony stood on the spot and began to remember.

Seeing this, Chen Fei said quietly, "To see a doctor, go to the queue in the back, and don't stop other people from seeing a doctor here."

"You--" The two were very angry, and one was about to face Chen Fei.

Chen Fei was unmoved and coldly said: "If you are dissatisfied, you can

ignore it ." The two hated their teeth, but nodded helplessly, and then took Eric to the outside, ready to line up.

However, at this moment, Chen Fei thought of something again and said, "Wait a minute."

"What else do you want?" The two stared at Chen Fei fiercely, and their eyes almost burst into flames.

Chapter 885.

Chen Fei said coldly: "You just insulted Chinese medicine and insulted our doctors and people in Huaxia. If you want to see a doctor, please apologize to all of us first. Otherwise, you won't have to wait in line. I won't see you. "

You--" Winnie and Anthony looked angry.

But at this time, the blood in the corner of Eric's mouth was flowing more and more, and his face became paler and paler.

In such a situation, Winnie and Anthony couldn't help but worry about nothing else. They could only bow to Chen Fei: "Sorry, we are wrong, we should not insult Chinese medicine, and we should not misunderstand everyone."

Chen Fei saw this , Coldly pointed at the other patients and said, "There are also them."

Winnie and Anthony gritted their teeth, but nodded and apologized to the other patients in line.

Seeing this, Chen Fei nodded and agreed that they would queue up later.

The two hugged their son and were very anxious, but they did not dare to pass by any more, and could only wait for the treatment of the hospital in order. Halfway through, the little fat man Eric vomited blood several times, making Winnie and Anthony almost rush out.

Finally, after about half an hour, it was their turn.

The two couldn't wait to bring Eric, who was pale and trembling, to Chen Fei and said, "My son is going to die. You can save him."

At this moment, Chen Fei seemed very calm and said: " Do n't worry, your son will be

fine . Is there information about what I just asked you to think about? "The two were shocked and immediately thought of what Chen Fei said just now. School, even at home, did not go to other places. "

" The food is basically the things of school and home. If we say something special, we recently got some seafood from Xiangjiang and we cooked it yesterday. "

"Seafood!" Chen Fei moved.

Wen Ni looked at Chen Fei with some doubts and said, "Is there a problem? That seafood is caught in Hong Kong's local Victoria Harbour. It is absolutely top quality. And seafood, we and my husband have eaten, but we have no problem "

Chen Fei did not speak directly, but diagnosed the pulse for Eric. Then, he said: "The problem should be on seafood. Those seafood, some unclean things, cause your son to become like this."

"Why? Those are high-end goods, and we all ate." Wen Ni Dao.

Chen Fei gave her a white look and said, "You are adults and have stronger resistance than children. Moreover, your son's body is not very healthy and puffy. The body under sub-healthy condition, if you encounter these unclean seafood, It caused your son some slight food poisoning. "

" However, the situation is not serious. I will give him a few injections, then prescribe medicine for you, go back and take it for a while, and he will be cured. "Chen Fei said, out Get the silver needle and prepare for acupuncture.

But when Anthony and Winnie saw this, their faces changed together, and their faces appeared strange.

"Acupuncture, such a long needle, stuck into the body of a child, we are worried about--"

"Is there a way without acupuncture, the kind of Western medicine?"

Chen Fei heard, cold expression, looked at the two, said: "You I do not want to look at it, then find someone else now. I look at the innocent child's sake, before agreeing to medical treatment. otherwise, with two of your attitude, how I will not be shot. "

two complexion Yi Bai, seeing his son's weak appearance, and not minding the prejudices in his heart, nodded and said: "Then, then acupuncture."

Chen Fei hummed, the silver needle flew in his hand, and quickly plunged into Eric's body in. The dazzling things made Winnie and Anthony worry, and their faces were tense.

However, in less than five minutes, Chen Fei closed his hands and pulled out all the silver needles.

The two looked at Eric again, and found that the blood at the corner of his mouth had stopped, his pale cheeks were obviously better, his body was no longer trembling, and his energy was obviously restored.

Suddenly, the two couldn't help but rushed over, holding his son's concerned greetings.

At this time, Chen Fei opened a prescription and handed it to them coldly: "Okay, you leave, don't delay the treatment of others here." The

two took the prescription and looked at Chen Fei's eyes at this time It seems a bit complicated.

Chen Fei cured Eric, they wanted to thank. But the previous conflict between the two sides made them resentful of Chen Fei.

For a time, the two emotions were intertwined, making the two tangled a little bit wondering what to do.

Just when they were entangled, the other patients stepped forward and squeezed them away, and Chen Fei had begun to continue treatment.

The two immediately closed their mouths, took their son, and quickly walked out of Chengyao Pharmacy and got on the train and quickly left.

In the car, Anthony drove, and Winnie hugged her son in the back seat and said, "Unexpectedly, that Chen Fei really has some skills."

Wen Yan, Anthony in the driver's position sneered, complaining: "Who knows how effective his treatment is? The medical treatment in China is still skeptical."

"Eric's body is important. I still apply to the superior to see if I can transfer back to the country earlier. At least, I have to go. Xiangjiang, can't stay in the Mainland. This is not where people stay." Anthony said dissatisfiedly.

Wen Ni heard that the expression on her face could not help changing for a while, and she couldn't tell what she felt in her heart. You know, she went out from the mainland herself. Now when I hear my husband say this about his hometown, there are always strange complex feelings in my heart.

Without waiting for Winnie to speak, Anthony said directly: "Things are so settled, you should prepare as well. We will leave as soon as possible."

Winnie heard this, sighed, and said nothing, but nodded, and then nodded her son Hugged tighter.

In the pharmacy, Chen Fei had been busy for a whole day, and finally had all the patients seen.

A few days later, the day for the performance of Xiaoyu School arrived.

The performance was originally arranged for students, then the performance by parents.

But when the parents went to rehearsal last time, after being swayed by Winnie, the performance of the parents has become a competition between celebrities and big players.

Originally, Wu Meng did not want to participate in such a thing.

But the thought of being too low-key before, Xiaoyu was bullied in school. This time, Wu Meng wasn't low-key just now. She directly dressed the fish beautifully and brought a bunch of friends in the circle to the school to watch the performance.

In addition, Chen Fei and Huang Wei contacted, and several stars invited from Weitian Entertainment took over.

This school performance can be said to have earned enough face for Xiaoyu and Wu Meng.

Chapter 886.

After the performance, Wu Meng and Chen Fei, with a smile on their faces, prepared to leave after a brief greeting.

But at this moment, a slim figure came over and softly shouted to Chen Fei: "Mr. Chen, hello!"

Hearing the sound, Chen Fei turned his head to look, looking at the pretty and charming woman walking in front of her, Can't help but be surprised, said: "Miss Yao, it's you. Why are you here?"

The slender woman in front of him, not anyone else, was the charming girl Yao Yu that Chen Fei met on the plane before. Later, Yao Yu also invited Chen Fei to eat a meal. As a result, Chen Fei also helped her to teach her a tangled boyfriend, sent her to the hotel, and almost wiped the gun.

When thinking of the day, Chen Fei felt a little strange, and his expression was somewhat uncomfortable.

At the moment, Wu Meng, when he looked at Yao Yu, couldn't help but be taken aback for a moment, and there was a look of stunning color in his eyes. After all, Wu Meng itself is a big beauty known as charming.

But compared with Yao Yu, Wu Meng is still not as charming as her. Yao Yu's femininity seems to be hidden in her bones. Between the hands and feet, any simple small action has a tempting appeal.

"Chen Fei, is this beauty?" Wu Meng asked Chen Fei, who was a little sluggish.

Chen Fei was still thinking wildly, and at this moment he was a little flustered and did not recover.

It was Yao Yu, with a smile on her lips, and her expression was very relaxed, just like what happened that night, she didn't even know it.

She extended her right hand to Wu Meng, smiled and said: "Miss Wu, hello. I am Yao Yu, English teacher of Jinfengye Elementary School."

"Oh, Teacher Yao, hello!" Wu Meng did not expect Yao Yu to be Teacher, a little surprised.

Chen Fei remembered it now. Yao Yu seemed to mention that she was a teacher at Jinfengye Elementary School. It's just that I didn't care much, so I didn't expect it.

Yao Yu and Wu Meng exchanged a few words, and then looked at Chen Fei, saying: "Mr. Chen, I invited you to dinner last time, I wanted to thank you. But I didn't expect it and trouble you again.

"I don't know when Mr. Chen is free. I would like to invite Mr. Chen to eat again. Thank you Mr. Chen." Yao Yu looked at Chen Fei sincerely.

Speaking of dining, Chen Fei couldn't help but think of the temptation scene he saw in the hotel that night, and suddenly felt a little feverish in his body.

In order to avoid that kind of embarrassing thing, and Wu Meng was still around, Chen Fei would not agree at the moment, saying: "Miss Yao, don't be so polite. You thanked me last time and you don't have to bother."

"Mr. Chen, do you think I am annoying? Or, you are not very satisfied with me." Yao Yu's eyebrows fluttered, with a tone of grievance.

The charming face, combined with this little girl's general tone, suddenly made everyone's body half crisp.

Just when Chen Fei felt a little overwhelmed, an excited voice quickly approached, "Xiaoyu, Xiaoyu, the ice cream you want, I bought it for you."

Hearing the sound, Chen Fei looked around and saw only one young man, holding two ice creams in his hand, ran over in excitement.

The man handed the ice cream to Yao Yu with a smile on his face, and said: "Xiaoyu, this ice cream, I bought it in several streets, please hurry."

Yao Yu took the ice cream, his face something strange, looking at Chen Fei, introducing the man said: "Mr. Chen, he is

Dong--" Before he finished, Chen Fei looked at the man and said directly: "Dong Hao, why are you here? "

It turned out that the man in front of him was no one else, but Dong Hao, Du's younger apprentice.

When Dong Hao heard Chen Fei's question, he couldn't help but look red, and looked at Yao Yu and said, "I, I came to see Teacher Yao."

We-- " Speaking of which, Chen Fei suddenly remembered the last time he went to Du Clinic, what Du Cang said to himself, he couldn't help but realize: "Oh, I remembered it. Du Cang said, you are chasing a beautiful woman recently, or a teacher. It turns out that this teacher is Teacher Yao."

"You two, congratulations." Chen Fei smiled at the two.

Dong Hao was shy and excited, and looked at Yao Yu with tenderness and love.

It was Yao Yu, and was a little surprised that Chen Fei and Dong Hao were similar. Immediately, her tone was anxiously explained: "Mr. Dong and I are just friends now."

"Friend!" Dong Hao heard this, and his expression was slightly dull. However, the smiley expression was immediately restored, and he looked forward to Yao Yu very much, firmly said, "Xiaoyu, I know your feelings for me have not yet reached that point. However, I will work hard."

Yao Yu still wanted to say something. Chen Fei smiled at the moment, waved his hand, and said, "Then we won't disturb you. Let's talk slowly."

After that, Chen Fei and Wu Meng left the fish.

On the way back, Wu Meng looked at Chen Fei, and said with a smile on his lips: "Xiao Chen, that teacher Yao just now, but a big beauty! And, it seems to be very interested in you!"

Chen Fei waved his hand and said: "No, Sister Meng, you think too much. I only helped her once on the plane. She wanted to thank me."

"Really? Why do I feel that her look in your eyes is not that simple?" Wu Mengdao.

Chen Feidao: "No, isn't Dong Hao pursuing her!"

"Really? Such a big beautiful girl, don't you really don't mind Xiao Chen at all." Wu Meng leaned over, the heat spraying on Chen Fei's neck and ear Asked softly.

A feeling of warmth and numbness spread all over the body, making Chen Fei feel a layer of goose bumps.

For a time, in his mind, he couldn't help but emerge the attractive scene of Yao Yu in the hotel. I have to say, that woman is a tempting disaster.

However, at this moment, Chen Fei did not say these words. He coughed and dispelled the strange thoughts in his mind. He looked at Wu Meng and smiled: "She is a beautiful woman, but you are even more beautiful. ! sister or dream you made me heart ah "

Wu Meng heard this, a blind eye, mouth showing a hint of a smile, and said:" really you just stay at my house tonight? ".

Chen Fei Wu Meng actually did not think so Having said that, he was shocked, his mouth stammered, and he didn't know how to deal with it for a while.

Wu Meng seeing this, his eyes flashed a touch of dark color, then smiled, waved his hand, to Chen Fei said: "Well, you joke and see you this nervous look, my heart is not just dishonest ah.!"

Chen Fei touched the cold sweat on his forehead and said to Wu Meng: "Sister Dream, you can't just joke about such a big beauty, otherwise, I don't know how many people should take it seriously."

"Haha! Well, today you stay overnight You, keep you for dinner, you can always do it.
"Wu Meng smiled.

"Well, I can eat well."

Chapter 887.

In the next few days, Chen Fei was basically busy in the Chengyao Pharmacy, and occasionally went to the Du Medical Museum not far away.

As a result, Dong Hao, the kid, has been asking for leave more frequently these days, often missing all day. Chen Fei also guessed that the kid was totally fascinated by Yao Yu and could hardly extricate himself.

But to be honest, it's normal for Yao Yu, a tempting beauty, to be fascinated by Dong Hao.

However, there is still a big question mark in Chen Fei's mind if Dong Hao can catch up with the beauty of Yao Yu.

While Chen Fei and Du Cang were talking about Dong Hao, a figure quickly rushed into the pharmacy.

The two looked up, and it happened that Dong Hao was the one who came.

Suddenly, Du Cang was surprised: "Dong Hao, how did you come back?"

Chen Fei also joked: "What's wrong, so breathless. Have fun with Yao Yu's beauty?"

Dong Hao looked at the two, eyes fell on Chen Fei, with a smile on his face, rejoicing: "Brother Fei, I have something to ask you for help? This time, you must help me!"

Chen Fei laughed: "What's the matter?" Ah? It's so serious. "

Dong Hao said: "Actually, it's not a big deal. I just want to invite Fei Ge to have a meal with me. "

"Invite me to dinner?" Chen Fei was confused, "What's wrong with you?" "Please invite me to dinner for no reason."

Du Cang also joked curiously next to him: "Dong Hao, you please Fei Fei, please not me. Isn't that my brother in my eyes?"

Dong Hao hands Together, he quickly apologized and said: "Brother, this time is really a special case. Next time, next time I will definitely ask your brother to have a good meal, whatever you want to eat."

"Your kid--" Du Cang was speechless .

Dong Hao looked at Chen Fei, looking at Chen Fei, and said, "Brother Fei, please, this matter is really important to me." In

this situation, how did Chen Fei refuse, little bit Head, said: "Isn't it just a meal? Look at you like this. Let's say, when and where?"

Dong Hao said: "It's just six o'clock tonight in the private room of Haihao Hotel 201."

"OK, to At that time, I passed on time. "Chen Fei said.

"Well, thank you very much, Brother Fei." Dong Hao bowed and thanked, and then turned around and went out again.

Upon seeing this, Du Cang could not help shouting: "Your boy, just come back and go out. I really don't do anything at all!"

Dong Hao said: "Brother, I'm sorry, I really have something to do. When this time is over, I must

Go to work. " " You boy, go! "Du Cang was speechless and could only shake his head, then smiled and waved his hand to let Dong Hao leave.

At night, Chen Fei arrived at the Haihao Hotel on time.

Dong Hao greeted Chen Fei at the door of the hotel. As soon as he entered the private room, Chen Fei saw a familiar figure in the private room. It was none other than Yao Yu.

"Mr. Chen, you are here, please sit down!" Yao Yu smiled and greeted Chen Fei.

Chen Fei was a little surprised and looked at Dong Hao. "This

is-- " Dong Hao's apologetic expression explained to Chen Fei: "Fei Brother, I'm really embarrassed. Xiaoyu told me that she really wanted to take good care of her Thank Fei Ge for your life-saving grace. But I couldn't find a suitable opportunity to invite Fei Ge to you. She asked me to help, so I

just— " Chen Fei heard, and could not help but shake his head and laugh," Your kid, something straight That is why it is so. "

Dong Hao accompanied his smiling face and greeted Chen Fei into his seat, "Feige, there will never be such a thing next time. Now that you are all here, then sit down and have a good meal."

"Okay, All come, then I will eat this meal. "Chen Fei sat down.

Dong Hao was overjoyed and looked at Yao Yu, with a soliciting expression on his face.

Yao Yu smiled at him, then poured wine to Chen Fei, got up and toasted: "Mr. Chen, I really thank you so much, saved me twice, I really do n't know what to say, I can only— - "

Chen Fei reach for the glass, and YAO touched the cup, and said:" Mr. Yao, you're really too kind this wine, I drink it, your mind, and I understand. ". "

that's too thank you Mr. Chen "Yao Yu smiled and swallowed immediately."

Next, the three chatted while eating, and the atmosphere was good. Yao Yu kept thanking Chen Fei for toasting, and Dong Hao kept giving Yao Yu food, and was very concerned.

After a bottle of wine, several people's cheeks were red.

At this time, Yao Yu leaned over Dong Hao, his cheeks red, and shy face to Dong Hao: "Dong Hao, you, can you do me a favor?"

"Xiao Yu, what are you doing, I will do it immediately "" Dong Hao smiled with enthusiasm.

"I, my one is here. But I didn't bring anything changed, so I want to ask you to go out and buy me some back." Yao Yu whispered, his expression very shy.

When Dong Hao heard it, his cheeks suddenly became hot.

One is because of Yao Yu 's request, and the second is more of the excitement and joy brought by Yao Yu 's request for privacy.

Suddenly, Dong Hao nodded quickly and said, "Okay, I'll go out and buy immediately. Xiaoyu, what brand do you use?"

With a shy look, Yao Yu said, "You can do whatever you want."

"Well, wait a minute, I'll be back soon." Dong Hao got up and said to Chen Fei immediately, "Brother Fei, sorry, Let me go out. "

Dong Haoxing rushed out of the private room, and only Yao Yu and Chen Fei were left in the private room.

At the moment, Yao Yu, because she drank a lot, her cheeks were rosy, her hair was slightly scattered, and her graceful figure became even more charming.

She poured herself a glass of wine, and then stood up and walked in front of Chen Fei, toasting: "Mr. Chen, I really thank you. This glass of wine, I have done it, you are free."

Chen Fei looked at Yao Yu already Some are drunk, can't help saying: "Miss Yao, you drink too much, don't drink anymore. I will give you some hot soup and wake up at the bar."

"I'm not drunk, Mr. Chen, I'm not drunk. I, I just want to thank you. "Yao Yu's eyes were confused and his body shook.

Chen Fei looked at Yao Yu's shaking look and knew that she was really a little drunk. She quickly reached out to hold her body and said: "Miss Yao, I know. Your thanks, I already have it."

Just in Chen Fei When his big hand touched Yao Yu's body, Yao Yu's body was soft and fell directly into Chen Fei's arms. The soft body sat directly on Chen Fei's legs.

At the moment, Yao Yu was wearing Hongxia, his eyes were dizzy, with a layer of mist, he shook his head gently, and looked at Chen Fei affectionately. You treated me on the plane, and there was also the last time I invited you to dinner. You, you helped me repel the people who bothered me. "

Chapter 888.

"And, you took me to the hotel to open the room and take care of me." Yao Yu was very charming.

Speaking of that night, Yao Yu looked shy, a blush appeared on his face, and he looked down shyly at Chen Fei, and said softly, "At that time, in my case. Mr. Chen, you still I have great respect for me. Since then, I knew that Mr. Chen is a good person. "

Mentioning this matter, Chen Fei could n't help but feel confused, and looked at Yao Yu, saying: " That night, you, you did n't Drunk? "

Yao Yu said with a red face." I, I'm not completely drunk. Some things are still known. "

Hearing this, Chen Fei couldn't help feeling that his forehead was hot, and sweat was pouring out.

After all, if it wasn't for his wife's timely phone call that day, he almost didn't hold it. Unexpectedly, Yao Yu at the time was not completely drunk.

At this moment, Chen Fei couldn't help but be thankful in his heart, fortunately he didn't do anything exciting.

However, when he thought of his own situation and then looked at the situation of the two of them at the moment, Chen Fei was embarrassed. He coughed twice and wanted to pull off the topic.

However, before he opened his mouth, Yao Yu looked at Chen Fei glamorously and said softly: "Mr. Chen, in fact, you don't need to mind what happened that day. At that time, I took the initiative. Moreover, I told Mr. Chen

You— "When I heard this, Chen Fei felt a little dangerous. Yao Yu's tone and attitude were totally the rhythm of confession to himself!

Although Chen Fei likes beautiful women, it is not the kind of promiscuity, and there are beautiful women who rush up. After all, he is not familiar with Yao Yu. Plus the time on the plane, the two met for the fourth time.

Moreover, Dong Hao is now pursuing Yao Yu. Chen Fei is even less likely to start with Yao Yu at such a time.

Thinking of this, Chen Fei hurriedly interrupted Yao Yu's next words, and then supported Yao Yu to lift her from her arms. "Miss Yao, are you okay, I will help you get up."

But at this moment, the door of the private room was pushed open.

Dong Haoxing rushed in, carrying a bag of things in his hand, his face full of excitement, "Xiaoyu, what you want, I bought it for you. You can quickly change—"

But Dong Hao's excitement, When he saw the situation in the private room, he stiffened his face.

For a time, his original expression of excitement was quickly gloomy, his face turned black, and he quickly rose red. His expression was very shocked and angry. "Xiaoyu, Fei Ge,

you-- " Chen Fei at the moment, his hands Supporting Yao Yu's waist and limbs is precisely the moment to help Yao Yu get up, but not yet up. Therefore, Yao Yu at the moment is still sitting in Chen Fei's arms.

Such a scene, in the eyes of outsiders, is completely intimate and ambiguous.

Chen Fei held Yao Yu in his arms and embraced her in the arms.

His face flashed quickly, Chen Fei hurriedly helped Yao Yu up, and then he got up and explained to Dong Hao: "Dong Hao, we have nothing. Just now Yao Yu accidentally fell and I helped her. "

Finally, Chen Fei and Dong Hao both looked at Yao Yu, wanting to listen to her explanation."

But Yao Yu, who spoke a lot, just now looked down, his cheeks were flushed, and he looked shy, completely silent.

Such an attitude could not help making Dong Hao suspicious, and the expression on his face became angry out of control. He looked at Chen Fei and said cruelly: "Feige, Xiao Yumei, you like her, I can understand it. But Before that, you also know that I am pursuing Xiaoyu, how can you— "

Chen Fei heard this, could not help but frowned, Chen Sheng said: "Dong Hao, I said things are not what you think, just the scene, but we misunderstand it, and nothing..."

Then, to see Chen Fei Yao Yu said: "Miss Yao, please explain it to Dong Hao."

Yao Yu heard the words, raised her head, and looked at Chen Fei with her eyebrows, her beautiful red lips trembling lightly, as if in her throat. There is nothing you can't say.

Immediately afterwards, she looked at Dong Hao, with a somewhat vague and quick tone: "Dong Hao, do n't blame Mr. Chen. We, we have nothing, you misunderstood. Mr. Chen is just helping me up, not occupying my It's cheap. "

This statement sounds no problem directly, but Yao Yu's actions, plus the situation at the moment. Yao Yu said this, but instead let Dong Hao increasingly believe that the relationship between the two was abnormal.

For a time, Dong Hao's expression looked very angry, and looked at Yao Yu, looking very sad, "Xiaoyu, I finally know now, why do you want me to ask Fei Ge out. The person you like is Fei Ge "

"Indeed, I can't compare to Fei Ge. In any way, Fei Ge is far more than me. Since you have chosen, then I quit and wish you happiness. "After saying that, Dong Hao looked sad Color, turned and walked out of the private room.

"Dong Hao, you--" Chen Fei saw this and wanted to call Dong Hao.

But at this moment Yao Yu lowered his eyebrows before Chen Fei and said, "Mr. Chen, I'm sorry. It's all me who is bad. If it's not me, Dong Hao won't be misunderstood and affect your feelings. I, I must Opportunity, explain this to Dong Hao clearly. "After

being so delayed by Yao Yu, Dong Hao has already gone far.

Chen Fei could only stop, sighed, sat down, and looked at Yao Yu. He felt something strange in his heart. Finally, he waved his hand and said, "After all, it is just a misunderstanding, and I will explain it to Dong Hao clearly."

"Mr. Chen, sorry!" Yao Yu apologized again.

Chen Fei got up and said, "Miss Yao, I still have something to go, so I will go first."

"I'll send you." Yao Yu got up quickly.

Chen Feidao: "No need."

Chen Fei quickly walked out of the hotel.

Outside the hotel, Chen Fei reached out his phone and called Dong Hao's phone, and found that there was no one over there.

Chen Fei understood Dong Hao's mood at the moment and immediately called Du Cang to tell Du Cang what happened here. If he encountered Dong Hao, he contacted him and helped explain.

After listening, Du Cang agreed.

When Chen Fei left the hotel, Yao Yu returned to the private room again. She took out her mobile phone and dialed Dong Hao's phone.

After a busy tone, no one answered.

However, Yao Yu was not discouraged and redialed Dong Hao's phone again.

There was still no answer.

Yao Yu redialed again.

In this way, Dong Hao had been redialing more than ten times, and Dong Hao over there finally got the call. "What are you still calling me for,

you-- " Dong Hao looked a little angry, unwilling, and sad.

But he didn't finish his words. Yao Yu on the phone just whined and cried, "Woo, Dong Hao, me, woo, I didn't--"

Chapter 889.

come in."

Chen Fei didn't care about the woman's attitude and walked in. In the bar.

The lights in the bar were dim, and the deafening music roared. On the dance floor, the men and women who are singing and dancing are close to the friction one by one, which is very hot.

In front of the bar, there were many men and women with different concerns.

There are drunkards who are in a bad mood, with decadent faces and drunken mouths.

There are also eyes looking around chaotically, paying attention to every opposite sex hunter.

Chen Fei was dressed in ordinary clothes, and when he walked in, he looked very unremarkable. Everyone's eyes swept over him, and then he drifted away.

Chen Fei looked at the environment on the first floor and did not find Huo Dongwei inside.

So he walked towards the second floor.

However, just preparing to step up, he was stopped by a waiter at the stairs.

Chen Fei looked at each other, eyes glance, although the tone is trying to hide the emotions, but still could not prevent the kind of contempt, "I'm sorry, sir, upstairs deck, VIP needs to go."

"VIP?" Chen Fei frowned and asked, "How can I get a VIP card?" The

waiter glanced at Chen Fei with some disdain. He said: "If you want to get a VIP card, you need to deposit 100,000 yuan in our bar."

"100,000 yuan!" Words, could not help but frowned. It's not that he doesn't have the money, but he doesn't want to be in trouble.

The waiter saw Chen Fei's frown, and his expression was immediately disdainful, "Sir, playing on the first floor, you don't need to spend so much money."

Chen Fei was about to speak. At this moment, there was a woman's exclamation from the building.

When Chen Fei heard the familiar voice, he immediately heard that it was Huo Dongwei's voice. In an instant, Chen Fei's heart burst into blood, his eyes cold, and he stepped up.

Chen Fei to go upstairs to see the waiter, immediately stepped forward to stop, "Sir, no VIP, you can not go up."

Chen Fei said: "I have something urgent to tell your boss, my name is Chen Fei."

Waiter but still keep the road ,

Said : "Sorry, I don't know what Chen Fei. If you want to go upstairs, you must get a VIP card." At this time, Huo Dongwei upstairs exclaimed again.

Chen Fei was really anxious, and without revealing a wrinkle, he directly opened the waiter and pedaled upstairs a few times.

The waiter stumbled a few times and almost did not fall. Hurry to get the intercom and call the security guard.

By this time, Chen Fei had arrived on the second floor.

The second floor is a deck, and the sky above the middle dance floor is empty. Around the circle, you can see the stage and dance floor downstairs, but not as crowded as below, the location is very good.

At this time, in the deck on the second floor opposite the stage.

Chen Fei saw the men just now and was drinking wine to Huo Dongwei at this time.

One of them was a 26-year-old man, with a red-haired man with a lecherous color on his face. While drunk, he restlessly stretched the salted pig hand towards Huo Dongwei, "Miss Huo, have another cup ""

The people next to them also cheered up and raised their glasses.

"Miss Huo, have another drink to celebrate the success of our cooperation."

"Li Shao toasts, Miss Huo must give face!"

"Come on, everyone cheers."

Chapter 890.

Huo Dongwei can only raise a glass, while reaching out to block the salted pig hand of the red-haired man. But the woman sitting next to her kept pulling on her, making her move badly, and she was about to be taken advantage of by the red-haired young man.

At a critical moment, Chen Fei stepped forward quickly, slapped directly on the red-haired man's hand, slapped his salted pig hand back, and hugged Huo Dongwei, who was already drunk.

"Who are you, what are you doing?" The woman beside Huo Dongwei watched Chen Fei squeeze over and suddenly shouted in displeasure.

Chen Fei turned his head and screamed, "Go away for me."

This irritated drink suddenly frightened several women, and got up in shock, and ran to the other side.

At this time, the red-haired man on the opposite side, clutching the palm of Chen Fei's red hand, grieved with pain. Finally, the ice water eased the pain, and then stared at Chen Fei fiercely, said: "Boy, who are you?"

Chen Fei did not answer, helped Huo Dongwei sit on the deck, and then glanced at the red-haired man A group of people, Shen said: "Who are you?"

"Damn, I asked you, but you asked me instead?" The red-haired man scolded.

At this time, Huo Dongwei pulled Chen Fei's sleeves and said: "Chen Fei, they, they are from Xiangjiang Meizi Cosmetics Company. Yes, they are our company's customers." The

red-haired man's face became more arrogant and looked at Chen Fei , Said: "Boy, did you hear me? I'm a customer, it's God."

A middle-aged man with a split head next to the red-haired man put down his glass and looked at Chen Fei, said in a deep voice: "Listen to Miss Huo's Salutation, you are also a person of Weitian Entertainment! Since you are a person of Weitian Entertainment, you should have heard of our Meizi Cosmetics Company. "

"I'm Yang Mingkui, the deputy general manager of Meizi Cosmetics." The middle-aged man was proud and pointed to the red-haired man. He introduced, "This is Li Dong Li Shao, our general manager of Meizi Cosmetics. "

At this time, Huo Dongwei added in Chen Fei's ear:" Then Li Dong is a child of Xiangjiang's richest man, Li, and has a special status. So,

we-- " Chen Fei gently squeezed Huo Dongwei's hand, seriously and firmly Dao: "No matter what his identity is, I won't let Sister Wei be

grieved ." Huo Dongwei heard the words, and his confused eyes now seemed to be even more covered with a layer of water mist. Nodded and said softly: "Well, I believe you."
The

two people looked like this, which made the red-haired man Li Shao suddenly dissatisfied, he sneered, said: "Miss Huo, we are customers of your company, Do you treat guests like this? "

Middle-aged man Yang Mingkui also said in a deep voice:" Miss Huo, if your company treats guests this way. I think, maybe there will be a question mark in our cooperation? "

Huo Dongwei did not Respond, Fly directly to see the duo, cold channel:. "Whether your company and what cooperation Wei-day entertainment, from now on, all suspended"

? "Suspend"

Li Dong pointed at Chen Fei and arrogantly said: "What do you count, who do you think you are! You want to stop the cooperation between Weitian Entertainment and our company in one sentence, Ha ha!"

Huo Dongwei said at this time: "Yes I forgot to introduce them to you. This is Mr. Chen Fei Chen, our largest shareholder of Weitian Entertainment. That is our boss. "

Li Dong, who was just arrogant, couldn't help but stunned. , "He, he is the big boss of Weitian Entertainment? This--"

Yang Mingkui glanced at Li Dong, then looked down, and looked at Chen Fei, saying: "Even if Mr. Chen is the boss of Weitian Entertainment. But if such a unilateral termination of the contract, does Mr. Chen think about the consequences?"

Li Dong leaned on the sofa and tilted Erlang's legs, proudly

saying : "According to the contract. If you break the contract, you need to compensate our company for a breach of contract of 10 million." After that, the two looked at Chen Fei proudly. In their view, it is absolutely impossible for a small company such as Weitian Entertainment to pay a penalty of 10 million.

Therefore, they thought that Chen Fei was determined.

However, after listening to it, Chen Fei did not hesitate, directly pulled out the checkbook, and wrote a check, and placed it on the table, coldly said: "Ten million here!"

Li Dong and Yang Mingkui saw it. I was shocked again, but I didn't expect Chen Fei to actually pay 10 million breach of contract damages, and it was so neat.

The two looked at each other and Yang Mingkui nodded to Li Dong. Li Dong suddenly smiled, reaching for the check.

However, at this moment, Chen Fei buckled on the table with his right hand, pressed the side of the cheque, looked at Li Dong, and said coldly: "Li Shao should take the cheque. However, before that, there is another thing, I want to do a good job with Li Shao! "

" What's the matter? "Li Dong frowned at Chen Fei.

Chen Fei glanced at Huo Dongwei, and then said to Li Dong: "Just now, you don't respect Huo Dongwei. Now, I want you to apologize."

"Apologize?" Li Dong raised an eyebrow and looked very disdainful, "You asked me to apologize to her A drama! "

Chen Fei said coldly:" No apology, you can't take this 10 million. "

Li Dong's eyebrows were cold, he looked at Chen Fei and wanted to be angry.

At this time, Yang Mingkui gave Li Dong a wink and said a few words in a low voice.

Although the voice was very small, Chen Fei still heard clearly. It meant nothing more than to apologize for such a trivial matter, which is worthless to the 10 million in revenue.

Sure enough, Li Dong immediately said: "How do you want me to apologize?"

Chen Fei released his hand and immediately opened the remaining unopened whiskey on the table and pushed it in front of Li Dong, saying: "You just didn't drink Sister Wei's wine Since you want to apologize, drink all these wines. "

" What are you talking about? "Li Dong looked at the dozen bottles of wine on the table and his face suddenly changed.

Yang Mingkui's face also sank at the moment. He looked at Chen Fei and said in a deep voice: "Mr. Chen deliberately troubled us!"

Chen Fei raised his eyebrows and said directly: "I just deliberately troubled you, how?

" You— "Li Dong was angry and shot the case directly. He pointed at Chen Fei's nose and said angrily," Fuck, a little boss, shining in front of Lao Tzu. I tell you, I don't just want that today Ten million yuan in liquidated damages, I will get Huo Dongwei to bed. I see what you can do— "

" Bad mouth! "Chen Fei said, frowning. Immediately, he slammed his hand on Li Dong's face and said coldly, "Now, I regret it. Even if you drink these wines, you can't take it away even if you drink 10 million of the penalty."

"Damn, you dare Hang Lao Tzu. "Li Dong was angry.

Yang Mingkui also turned black and threatened with a deep voice: "Mr. Chen, our beauty cosmetics company, that is Xiangjiang's big brand. We, Li Shao, are the people of the richest man in China, Li Fuhua Li Family. Are you sure you want to fight against us?"
