

## Chapter 921

After several hours of flying, Chen Fei was in a hurry, and the plane finally landed at Xiangjiang International Airport.

After getting off the plane and anxiously going through the relevant procedures, Chen Fei took a hurried pace and was ready to walk out of the airport quickly.

But at the airport exit location, there was a crowd of people crowded, and the exit was almost blocked by water. What is even more amazing is that among these people, there are many reporters carrying cameras and cameras, one by one anxiously and excitedly facing the scene, the scene is noisy and crowded.

Moreover, these reporters not only have Chinese faces, many of them are foreigners, they are also crowded in the crowd at the moment, constantly looking toward the exit.

Chen Fei seeing this, could not help but curious, and whispered: "This is how is it going to have the big names come it??"

However, looked around, did not seem to find big names. Chen Fei didn't think about it. He took a step, prepared to leave the airport, and rushed to his wife.

But at this moment, a figure suddenly rushed to Chen Fei.

Chen Fei was immediately alert, shot instinctively, and shot towards the other party.

When he touched the opponent with the palm of his hand, he felt a softness, as if he had photographed something straight.

At this time, the figure also made a low exclaimed sound, "Ah!"

Hearing the sound, Chen Fei fixed his eyes, only to find that the position he photographed with such an instinctive palm turned out to be his chest. The key part of the front, for a time, he became a bit of a salty pig hand.

"I'm sorry!" Chen Fei glanced at the girl with yellow hair, a cap and a pair of sunglasses, quickly apologized, and then retracted his right hand.

However, while Chen Fei was moving, the girl grabbed Chen Fei's arm and the whole person took the initiative to lean over.

At this time, Chen Fei was a little surprised. "

You--" Before Chen Fei finished, the girl held Chen Fei's arm and leaned directly on Chen Fei's side. The entire body almost had to snuggle into Chen Fei's arms. At the same time, sweetly called out, "Dear."

Although the softness of the girl's body makes Chen Fei feel good, now Chen Fei does not have much thought. Frowning: "Beauty, did you admit the wrong person? I'm

not— " Chen Fei was about to speak. The girl turned around, hugged Chen Fei directly, looked up slightly, looked at Chen Fei, whispered: "No Say more, help me. "

" Uh, this-- "Chen Fei is a little weird.

The girl said: "You pretend to be my boyfriend, we will leave the airport together."

Chen Fei felt strange, and immediately felt that this was a prank, so he shook his head and said: "Beauty, I'm sorry, I still have things, no time to play with you. ""

Chen Fei is about to get rid of the girl.

But at this moment, the girl was holding Chen Fei's waist tightly with both hands, a firm look, and said: "If you don't take me out, I won't let go."

"How do you--" Chen Fei felt a little angry. .

At this moment, the girl's tone was soft and she asked for help: "Handsome, help me. I'm really in trouble, I won't hurt you, and, after this incident, I will repay you." I beg

you— " Chen Fei couldn't stand the soft pleading voice of the girl, plus she really didn't want to delay time, so she nodded and said," Well, I'll take you out. "

" Thank you, handsome guy .

"The girl's original cry with a cry of pleading immediately turned into an excitement. Finally she loosened Chen Fei's waist, and then took out a pair of headphones, handed Chen Fei one, put on another, and leaned on Chen Fei leaned down slightly, listening to the music.

"Let's go. "Girl

said . Chen Fei didn't say much. Let the girl put her arms around and walked towards the exit. The

closer to the exit, the darker crowd at the door, the more surprised Chen Fei was.

When he walked out, he realized that there were more people at the door than he saw inside, there were almost a thousand people, and there were many reporters with long guns and short guns.

"Is there really any big man coming?" ? Chen Fei couldn't help but whispered.

At this time, the girl pulled Chen Fei's arm and whispered: "Hug me tightly." "

Chen Fei didn't ask much. He added a little force and hugged the girl. At this moment, the girl almost buried her entire face in

Chen Fei's arms. She looked very intimate. Chen Fei pushed away the black crowd, and it was difficult to get inside. He came out. He

finally left the airport and came to the taxi. Chen Fei gently pushed the girl who was holding him by his side and said, "Beauty, I took you out. Now, can I let go?" "

Who knows, the beautiful woman looked at Chen Fei with a pitiful look and said, "Handsome man, I, I forgot to bring money. " Can you give me some money to take a taxi? "

You—" At this time, Chen Fei really suspected that the girl was a liar.

But when he heard the girl's pitiful voice, Chen Fei could not help but feel out of his heart and felt his purse. "How much do you want?" The

girl shook her head and said, "I don't know. "

"You don't know, you--" Chen Fei felt like he was going to collapse.

The girl explained: "I haven't been to Xiangjiang for a long time. I'm not familiar with this place. I only know that the place I'm going to is called No. 38 Ziluolan Street. I don't know how much it will cost."

Chen Fei felt a little speechless. Now, I can only say: "Wait for a taxi, then ask the driver."

"Uh huh!" The girl nodded, then looked at Chen Fei, and greeted enthusiastically, "Handsome, you too Not familiar with Xiangjiang! "

" Well, this is my first time to Xiangjiang. "Chen Feidao.

"So what are you doing here?" The girl asked.

"Something!" Chen Fei didn't say much.

The girl continued to ask: "Where are you going!"

Chen Fei said: "Emperor Hotel."

"Ah, the Emperor Hotel. That happened to be with me, let's go together." The girl exclaimed with excitement.

Chen Fei couldn't help but whiten her, and said: "Don't you say that you are not familiar with Xiangjiang? How do you still know the way?" The

girl threw her tongue at Chen Fei, rubbed her thin and fair fingers, and explained: "Emperor The big hotel is very famous, and I just know these two famous places. "

" You-"Chen Fei saw that the girl might be lying and was just about to say something. Just then, a taxi drove over.

The girl got into the taxi and said directly to the driver: "Master, go to No. 38 Violet Street, and stop at the Emperor Hotel halfway." The

driver nodded and said, "Okay."

Seeing this, Chen Fei knew that the girl didn't lie, and the two were really on the way. So he didn't hesitate and got into the taxi.

## Chapter 922

When the car started, the girl couldn't help but sigh of relief and turned to say thank you to Chen Fei.

Chen Fei gave a faint whisper, not much to say.

At the moment, news was broadcast on the radio station in the car.

"According to the latest news, the internationally renowned singer Miss Anita will arrive in Xiangjiang today. Fans and media reporters of Xiangjiang are waiting outside the airport to greet them. The scene is very big.

I-- " Hearing this, Chen Fei could not help but whisper: " I said that so many people in front of the airport, turned out to be a star to come ah! "

heard this, a sudden burst of nervous around girls, the driver quickly said:." master, we change the channel. " "

you young people, not like chasing these stars Why? Little girl, you do n't like it. "The driver master is a little strange, but he still changed the channel.

The girl didn't answer, he hesitated for a while, thinking that the question was over.

Chen Fei was worried about his wife's condition and immediately touched his mobile phone and made a phone call.

Wei Ling answered the phone. Chen Fei told her that she had arrived in Xiangjiang and would come over immediately.

Wei Ling heard the words and couldn't help but be delighted. Chen Fei then asked about Lin Qiuhan's condition again.

In this way, along the way, Chen Fei was almost on the phone, but did not say a few words with the girl around him.

Immediately, at the Emperor Hotel, the taxi stopped, Chen Fei immediately took out a stack of money, directly stuffed it to the girl, and then hurriedly got off.

The girl pinched the money that Chen Fei handed over. She was a little stunned. When she saw Chen Fei got out of the car, she recovered, and shouted loudly, "Thank you."

Chen Fei did not look back, just raised his hand and waved his hand, and then hurried towards the hotel entrance.

Chen Fei looked to leave the back, whispered the girl could not help but muttered: ". This man really, and the way my peers, and did not even say a word if by my fans know that I am afraid to be jealous explode"

on At this time, the driver master said: "Little girl, can you go?" The

girl quickly closed the door and nodded: "Well, go to No. 38 Violet Street, trouble the master." The

taxi drove out, Chen at the moment Flying, carrying simple luggage, trotting to the entrance of the Emperor Hotel.

This hotel has been around for a few years, and the building as a whole has a western style, and the whole is a bit old.

But the luxury car guests at the door are endless, and everyone who enters and exits is almost a well-dressed person with a good price.

Chen Fei didn't care so much, he would rush into the hotel when he trot directly, but at the door, a security guard wearing an English uniform stopped Chen Fei and said coldly, "Sir, sorry, you Can't go in. "

Chen Fei heard Yan and couldn't help frowning." Why? I have a friend who lives inside. I have to go in to find someone. "The

security guard heard the words and looked at Chen Fei up and down, then glanced dismissively at the mouth and said: "Sorry, I'm sorry. Our hotel has regulations that people with disheveled

clothes cannot enter." Chen Fei looked down at himself because he received a phone call from his wife when he was sick in Longjiang. , Came directly in a casual dress. Coupled with this road back and forth, really wrinkled clothes

Baba's some ugly, and around and out, some do not really suit guests ride.

Chen Fei frowned and scoffed at these so-called rules.

But at the moment his wife's condition was critical. Chen Fei didn't want to be entangled with the security guard. He sorted out his clothes directly, then took out a suit jacket from the bag and put it on his body. He said to the security guard: "Now, I can go in!" "

Who knows, this security guard still does not give way, but instead shakes his head, with a mocking tone, said: " Sir, you need to know, our emperor hotel, but in the 1970s, sent by English to Xiangjiang The governor ordered the construction, and the guests were all British officials, nobles, and celebrities. In Xiangjiang, only a few tycoons can come in. "

" Even now, guests who can stay in our emperor hotel, at least It 's all rich bosses. It 's best not to go to this noble place for other people 's words. "These

words are already obvious sarcasm.

There was a burst of fire in Chen Fei's heart, and he said angrily: "What a noble place! It was clearly a place where people bullied the locals. Now, instead, you are regarded as a symbol of glory. Is your shame is given by the dog I ate. "The

security guard could not help but look dumbfounded, and said coldly: " Sir, you are making trouble again for no reason, we are welcome. "During the

speech, the security guard greeted a few more security guards, holding The stick hurried over.

Chen Fei looked cold and was about to attack.

At this moment, there was a grand wine smell around.

Then, Chen Fei turned his head and saw a somewhat bald blonde middle-aged fat man with disheveled clothes and flushed face, and walked staggering towards this side.

The middle-aged fat man was followed by two stoppers, carrying two medicine chests, and holding the drunk fat man to the door.

The security guard who was about to deal with Chen Fei, seeing them coming, immediately greeted him respectfully, with a smile on his face, and greeted in English: "Dr. Marcus, please come in."

The drunk middle-aged foreigner didn't look at the security guard at all, so he wobbled and stepped into the hotel. Even when getting started, because of drunkenness, "wow" directly, vomited all over the place.

As a result, the security guard didn't have any blocking action, but instead looked very enthusiastic, regardless of the vomit that splashed on himself, and he smiled to help the middle-aged foreigner fat man.

Upon seeing this, Chen Fei could not help but burst into a fit, pointing at the fat foreigner, and said to the security guard: "What's going on? He can go in this state, why can't I go in?" The

security guard said, one The ridiculous look looked at Chen Fei up and down, and then sneered, "Don't you understand? Mr. Marcus is an Englishman and a well-known physician in Xiangjiang. What do you think, dare to marry him Mr. Si is on the same level? "

Chen Fei was even more angry when he heard this, and he sighed coldly: "How about he is an English? "

" This is Xiangjiang, Huaxia, our place. Why do they Foreigners can enter casually, but you make things difficult for ourselves! "The

security guard scorned his lips and said to Chen Fei: " I am Xiangjiang, who is your own! Don't raise your identity. "

After that, the security guard was cruel Deng Xiang Chen Fei, Nu Sheng threatened: "I do not want nonsense, get out immediately, or blame me polite."

## Chapter 923

That had entered the hotel, and a pair of drunken-looking Marcus seemed to hear Chen Fei's words as well.

At this time, he turned around, raised his finger at Chen Fei, shook his head proudly, and shook his head, and said drunkenly: "Here is Xiang Jiang, and here, we, the English people, have a higher status. You, don't think about comparing with us, understand? Hahaha! "

" You— "Chen Fei was furious, his eyes cold, he couldn't help but rushed in and beat this guy up.

But at the moment, several security guards impatiently approached Chen Feiwei and shouted in displeasure.

"Let you get away, I didn't hear it!"

"I don't understand people, go away quickly."

"This is not where you came, Piaojiezi!"

.....

Several security guards shoved, Chen Fei Cold eyes, it is necessary to break into it.

Just when Chen Fei was about to start, he screamed loudly, "What are you doing, stop me."

Then, a figure quickly rushed to Chen Fei and asked with concern: "Mr. Chen, are you okay?" ? "

Chen Fei glanced at the coming person, not someone else, but arranged it by himself to secretly protect Lin Qiuhan's Xie Yuan.

Shaking his head, Chen Fei said: "I'm fine. Qiu Han's situation matters. I'll go in and see her as soon as possible."

Xie Yuan nodded and immediately nodded, then shouted to the security guard: "I'm still stunned to do something, and don't give me way. "The

leading security guard was still a little dissatisfied, and said with a neck around his neck: "He is disheveled and does not meet the regulations of our hotel, so he can't go in. "

Xie Yuan's eyes dropped, he slammed his hands directly on the lead security guard's face, snorted, and said: "You say it again! Who is Mr. Chen, you can talk about it casually. Let it go immediately, otherwise, I let You do n't even know how to die. "

The beaten security chief covered his cheeks, and there was still a disappointed look on his face. He seemed to want to fight Xie Yuan.

But the other security guards next to him hurriedly pulled him and whispered to persuade him.

"Boss, don't be impulsive. This guy is a rich customer, and we can't offend."

"He is very generous. If something goes wrong, the manager will definitely not protect us."

"Boss, bear with me."

.....

Listening to the companions, the lead security finally lowered his head, gave way, and whispered respectfully: "The two of you please come in."

Xie Yuan snorted heavily, and then walked into the hotel with Chen Fei.

Seeing the two walking towards the elevator, the leading security officer raised his head, a bit of resentment in his eyes, and gritted his teeth.

"The upstarts from the mainland have no quality at all."

"For hotels like ours, we should prohibit them from coming in."

"That is, letting these upstarts and our celebrities from the Hong Kong and English celebrities are simply pulled down. Grade. "

.....

They don't speak very loudly, thinking that Chen Fei and Xie Yuan can't hear. But I don't know that Xie Yuan is now a master of martial arts in the later period of Xuan level. At such a distance of more than ten meters, it is still easy to hear their whispering.

Suddenly, Xie Yuan's face fell, almost angry, "I-"

Chen Fei took hold of Xie Yuan, shook his head, and said coldly: "Qiu Han's condition is important, don't waste time on such a small person."

&

Emsp; Xie Yuan only resisted the urge to hit people, and Chen Fei together Entering the elevator, he immediately came to the door of Lin Qiuhan's room.

Chen Fei knocked on the door, stood at the door and waited for a while, but there was no movement in it.

Just when Chen Fei was puzzled, there was a burst of shouts inside, "You stop!"

Chen Fei heard this was Wei Ling's voice, and was shocked. He kicked the door directly with a kick, and rushed into a somber face. In the room.

As soon as he entered the room, Chen Fei saw two young foreigners pulling Wei Ling to stop Wei Ling from walking towards the bedroom room. The two foreigners were the two followers of Dr. Marcus who Chen Fei saw at the door of the hotel.

Seeing Chen Fei and Xie Yuan coming in, Wei Ling was shocked and immediately shouted: "Chen Fei, you're going in quickly. That foreigner will start with Qiu Han."

Chen Fei's face sank and he hurried towards the bedroom.

Xie Yuan shot immediately and punched two young foreigners to the ground, saving Wei Ling.

At this moment, Chen Fei rushed into the bedroom. At a glance, the fat middle-aged Marcus was blushing at the moment, looking at Qiu Han on the bed greedily, a pair of big hands reaching towards Lin Qiuhan's chest, ready to unbutton her clothes.

Chen Fei was furious, kicked directly, kicked Marcus down to the ground, and then stepped on his stomach with a foot, coldly said: "What are you doing!"

Marcus utterly miserable Shout, then immediately fixed his eyes on the person who hit himself in front of him, suddenly surprised, immediately shouted: "It's you! You let me go immediately."

Chen Fei added some force to his feet, and said coldly: "I asked what are you doing?"

Marcus howled and screamed painfully: "Let me go, you let me go."

At this time, Wei Ling And Xie Yuan also entered the bedroom.

Wei Ling stared at Marcus fiercely, and then said to Chen Fei: "After Qiu Han fell ill, we hired some doctors in Xiangjiang, but we were helpless. Yesterday, someone recommended the doctor Marcus and said he It 's very famous. I often see senior doctors in the Governor 's Office of Xiangjiang. So, I contacted him for a relationship and wanted him to come over to see Qiu Han. "

" As a result, I did n't expect this guy to come in drunk. In the name of seeing a doctor, I wanted to misbehave Qiu Han and take advantage of Qiu Han. I went to block it, and was pulled away by his two assistants. "

" Is this the case? " Dr. Marcus at his feet.

Marcus blinked, and then justified: "I'm a doctor. I was treating a patient just now. You misunderstood me."

"Are you going to see a doctor? You clearly take advantage." .

"I'm professional. If you don't understand, don't talk nonsense." Marcus was still arguing.

Wei Ling was flushed with rage, and what to say.

Chen Fei stopped her and lifted Marcus directly from the ground. He stared at him fiercely and said, "I don't care what you have wronged. Now, I don't have time to listen to your sophistry." During the

speech, Chen Fei Gently patted Marcus's arm.

Suddenly, with a crisp sound, Marcus's left arm hung down softly, and his arm was directly broken by Chen Fei.

"It's just a lesson, leave me immediately." Chen Fei shouted sharply, kicking Marcus out of the bedroom.

Marcus screamed, and was picked up by two assistants, then stared at Chen Fei fiercely, "You, you dare to beat me. I am English, I am Marcus, you dare to interrupt my hand. The woman's illness, without me, will surely die, you just wait for her to die.

I- "Chen Fei turned to drink coldly," Go! "

#### Chapter 924

Shocked by Chen Fei's momentum, Marcus didn't dare to say anything. He was supported by two assistants and hurriedly left the room with a grin.

Immediately, Chen Fei immediately gathered around Lin Qiuhan, with full concern and anxiety to check Lin Qiuhan's physical condition.

Just touching Lin Qiuhan's body skin, Chen Fei felt cold immediately. The coolness was colder than the coldness when Chen Fei first treated Lin Qiuhan.

Chen Fei could not help but sink in, opened Lin Qiuhan's clothes, and looked at the position behind her.

Suddenly, he saw that the faint blue ice lotus flower at the waist and limbs behind Lin Qiuhan had already opened seven petals, and only the last petal was left.

"Condition has worsened." Chen Fei heart of a dynamic, really a little anxious, "if it and other eight petals bloom all, even if I can not save the life of the Han autumn."

Although he worried, but still Chen Fei forcibly calm yourself down and make a diagnosis for Lin Qiuhan.

After the diagnosis, he finally relieved a little. Over the past year, he was by Lin Qiuhan, although he could not completely cure the disease caused by the nine-year ice lotus seed.

But in the process of uninterrupted medication and assistance, it can also be regarded as relieving Lin Qiuhan's condition, so that the time for the mature of the nine-year ice lotus seeds in her body has been delayed for some time.

Now, there is no better way, Chen Fei can only use his own real breath, carefully injected into Lin Qiuhan's body, to remove the cold from her body.

Because Chen Fei has refined Jiuye Bingluohua himself, his strength has been improved to a certain extent. Therefore, the effect of treating the disease with Lin Qiuhan's breath is better than before.

After careful treatment for about half an hour, Chen Fei withdrew his hand and wiped the sweat from his head.

At this time, Lin Qiuhan, unconscious in bed, finally opened his eyes slowly.

"Qiu Han, you are awake." Chen Fei smiled at the corner of his mouth.

Lin Qiuhan saw Chen Fei sitting next to his bed and couldn't help but wonder, "Why are you here?" As

Lin Qiuhan struggled, she got up.

Chen Fei hurriedly pressed Lin Qiuhan, then smiled: "I came to see you. You are just awake now, you are still very weak, lie down, take a rest."

"However, I still have--" It is indeed a work maniac. Just after waking up, Lin Qiuhan thought about work at the first time.

It was at this time that Wei Ling came in and quickly persuaded: "Qiu Han, don't worry about the exhibition, I have done the preparation work, everything is going smoothly."

After hearing this, Lin Qiu Han was finally obedient. Lie back.

Immediately, Chen Fei personally cooks and uses ingredients and herbs to prepare a tonic medicinal meal for Lin Qiuhan, and then personally feeds Lin Qiuhan after eating it. Lin Qiuhan's complexion gradually improved, and his body was no longer so cold.

Several people chatted a few words, and then Chen Fei asked Lin Qiuhan to lie down and rest. I walked out with Wei Ling.

In the living room, Chen Fei wrote a prescription and handed it to Xie Yuan, saying: "Old Xie, you should follow this prescription and go to a Chinese medicine store to get the medicine. Please trouble you."

"Yes, Mr. Chen!" Xie Yuan Nodded, and quickly went out with the prescription.

Seeing this, Wei Ling asked with concern: "Can that prescription cure Qiu Han's disease?"

Chen

Fei shook his head and said: "Autumn Han's condition some special, not ordinary drugs can cure my prescription, only temporarily alleviate the autumn Han's condition, wants to heal, and now no way.." "But

how In this way, Qiu Han— "Wei Ling couldn't accept it, and her eyes were full of sorrow.

Chen Fei comforted: "Sister Ling, don't worry, I will definitely find a way to cure Qiu Han. We are now the most important thing to do our own thing well, don't let Qiu Han be distracted and worried."

Wei Ling nodded and said. "I understand that I will handle the company's affairs well. Qiu Han won't worry about it."

"Sister Ling, you have worked hard." Chen Fei reached over and pinched Wei Ling's hand, nodding gratefully. .

Immediately, Chen Fei took out his mobile phone and made a call to Chang Feiyuan from the Perak Gate.

When I was in Longjiang City yesterday, because of Sun Xizhong's six-yellow ice lotus, Chen Fei had asked Chang Feiyuan to help find drugs that could be treated. Now, Lin Qiuhan's condition is guilty, and the medicines needed are even more precious. Chen Fei can only let Chang Feiyuan do his best to search for the required drugs.

The phone was connected and Chen Fei directly explained what he meant.

Chang Feiyuan promised to do his best to collect, and what he could find in Longyuan Medicine Field would be collected immediately.

Chen Fei thanked Chang Feiyuan on the phone and hung up. Then he called the Sun family and asked about Sun Xi. After hearing that Sun Xi's situation was relatively stable, Chen Fei was anxious and finally managed to calm down.

Leaning on the sofa finally relieved.

At this time, a figure appeared in Chen Fei's mind.

That was the early killer of the prefecture level encountered on the mountain when the Sun family sacrificed their ancestors. The man planted Sun Ye the lotus seed of the six-year-old ice lotus, and he also warned Chen Fei that Lin Qiuhan might be threatened.

As a result, not long after he finished speaking, Lin Qiuhan's condition recurred. This had to remind Chen Fei of this incident, and there was a shadow in his heart.

That night, Chen Fei stayed in Lin Qiuhan's room and took care of Lin Qiuhan.

The next day, Lin Qiuhan's physical condition improved a lot, and he was able to walk slowly down the ground.

However, for the sake of insurance, Chen Fei gave Qiu Han more rest. Work-related matters can only trouble Sister Ling how busy she is outside.

At noon that day, Chen Fei had just fed Qiu Han to finish the medicinal diet, so she lay down and rested.

Just eating, Wei Ling made a phone call and Chen Fei answered the phone. "Sister Ling, what's wrong?" Over the

phone, Wei Ling's voice was a little angry and anxious, saying: "Chen Fei, no good, the company Something is in trouble. "

" What's the trouble? "Chen Fei frowned, and his heart twitched, but the tone was still, he said calmly," Sister Ling, don't worry, speak slowly. "

Wei Ling tried his best Suppressed the anger, but still a little angrily, "Our Autumn Group participated in the cosmetics exhibition this time, because it is not local, and we are not familiar with the situation on the Xiangjiang side. Therefore, some preparations for the exhibition were invited by a local special The company cooperated to let them help with the corresponding affairs. "

" Because the exhibition will officially start tomorrow, I will look for the boss Chen of their company today to confirm the preparation of the exhibition again. "

" As a result, I did not expect that they, They even said at this time that they would cut off their cooperation with us. The booths that were originally arranged for us at the show will now be returned to other companies. "

## Chapter 925

After hearing this, Chen Fei could not help frowning. "How can this be?"

Wei Ling said angrily: "I just quarreled with their boss Chen at the dinner table. But they did not want to give in and threatened us. I, I do n't know what 's going on now? "

Chen Fei was a little worried, and paused, saying,“ Sister Ling, are you there alone? Do n't confront them head-on, dragging first, I 'll come over immediately "

" Uh, yes, I will. "Wei Ling said.

"Sister Ling, you must be careful, I will pass as soon as possible." Chen Feidao, then heard Wei Ling reported the address, and then hung up the phone.

Chen Fei called Xie Yuan and told him to protect Lin Qiuhan, but he put on his coat and went out quickly.

Half an hour later, at the door of a private room in a hotel in the center of Xiangjiang, Wei Ling greeted Chen Fei who had hurriedly arrived.

As soon as Chen Fei entered the private room, he saw a middle-aged man sitting on the main seat facing the private door.

The middle-aged man leaned back in his chair, holding a glass of wine, and was drinking happily. When he saw Chen Fei coming in, he just raised his eyebrows, glanced at random, and then continued to drink with his glass, a look of arrogance.

Seeing this, Wei Ling couldn't help but look cold, just about to attack.

However, Chen Fei stopped her, stepped over, looked at the beer belly man, and said, "Are you the boss Chen?" When

Chen Fei's voice was heard, the boss Chen took a drink and took a sip. He squinted his eyes and tasted it. Then he put down the glass and looked at Chen Fei, said: "Who are you?"

Chen Fei said coldly: "My name is Chen Fei, the vice president of Autumn Group."

"Oh, vice president." Mr. Chen Chen Fei looked somewhat surprised look, but then still askew lazy look, said, "I do not know the Deputy Director Chen over, is there anything ah?"

Chen Fei eyes Squinting, looking at this boss Chen, coldly said: "I just heard that boss Chen is going to suspend cooperation with our autumn group. Give our company's exhibition to other companies. ? "

Mr. Chen Wei Ling looked at one, then lightly:"? does have this thing, how the " "

how? "this attitude of looking at each other, Chen Fei could not help but angry looking sank, glared at each other , Coldly said, "Boss Chen, our Autumn Group, but signed an agreement with your company. You acted like this, but unilaterally breached the contract, are you sure you want to do this?"

Boss Chen heard that, he didn't care It looks like, instead of raising Erlang's legs, he raised his eyebrows and said, "What if it breaks the contract?"

Wei Ling was really angry and shouted, "According to the contract, if you break the contract, you have to compensate us ten times. That's two thousand Ten thousand amounts. "

This boss Chen Although the company is not small, the scale of this industry is impossible. The entire company is only worth 50 to 60 million. Compensation of 20 million in this way will definitely hurt the company for their company.

However, as boss Chen at the moment, after hearing the words, he was still as stable as Taishan. He was not afraid of anything. Instead, he became more proud and said, "If Miss Wei wants to sue us, then please."

" You- " Wei Ling Angrily, I did not expect the other party to be so fearless.

"By the way, I remind Miss Wei you. This is Xiangjiang, not inland. Our place is a place of civilized rule of law

, and it is not so simple to fight a lawsuit. And, even if it is a lawsuit, this kind of case, drag one or two The time of the year is not a big deal. "

"I am a native of Xiangjiang, but it doesn't matter. It's because Ms. Wei and Vice President Chen worry, do you have so much time to spend in Xiangjiang?"

After that, Boss Chen picked up his wine glass again and started drinking. Got up.

Wei Ling was so angry that his lungs were about to explode at this moment. This boss Chen was completely rogue, dragging them without fear.

Chen Fei looked down, staring coldly at Boss Chen. After a moment, he suddenly said, "Speak, who is behind you?"

Wen Yan said that Boss Chen's complexion changed and immediately said : "Who is behind me? What do you mean?"

Chen Fei snorted, suddenly leaned down, and shot boss Chen's right hand with the glass on the table.

Suddenly, the wine glass in his hand smashed heavily on the table, and it shattered instantly, and the liquor spattered out, contaminating Boss Chen.

"I mean, you little person like you are not qualified to fight me. You dare to fight against me like this, there must be someone behind you. Let your master come out!"

Boss Chen didn't even think Chen Fei would even start directly Frightened, he immediately became furious, struggling to draw his hand.

However, he clenched his teeth to the full, but still had no effect. Chen Fei's right hand, like iron tongs, gripped his hand so tightly that he couldn't move.

At this time, boss Chen was a little panicked, blushing, staring at Chen Fei, and said: "Here is Xiang Jiang, you dare to hit someone, I want to sue you for bankruptcy."

Chen Fei said dismissively: "To sue Just go and sue. You also said just now that I am not a Xiangjiang native, and I will not stay here more. When the time comes, if you want to sue, go to the mainland and I will play with you slowly. "

"You—" Boss Chen didn't expect what he had just said, and was thrown directly on his face at the moment.

For a time, he was flushed with cheeks, and the whole person was restless.

At this moment, the door of the private room was pushed open and a group of people came in. A high-pitched tone immediately sounded, "People who let go of me." After

hearing the sound, Chen Fei turned to look and saw a young man of 26-67 years old with a group of black bodyguards, arrogant Came in.

Seeing this man, Chen Fei could not help

narrowing his eyes and said, "It's you!" The young man also stared at Chen Fei fiercely at the moment, and said coldly: "It's me, Li Dong."

"Half a month ago , When you started working on me in Longjiang City, you did n't expect this time. "

" This is Xiangjiang, this is my place. Now, when you come here, then I will decide. All that was imposed on me in Longjiang City will be returned to you. "Li Dong stared at Chen Feidao fiercely.

Chen Fei looked at Li Dong and thought about what happened half a month ago.

That day, Li Dong, in the name of Xiangjiang businessman, seeking endorsement cooperation, appointed Huo Dongwei, trying to misbehave her in the bar. As a result, he was met by Chen Fei and called a group of people to surround Li Dong and taught him a hard meal.

Let the brother of the son of the richest family of Xiangjiang Li family lose his face, and finally returned to Xiangjiang in disgrace.

Now, Chen Fei came to Xiangjiang. After learning the news, Li Dong immediately thought of it and decided to take revenge. So, there is the matter of boss Chen's breach of contract.

Li Dong looked at Chen Fei with a smile, turned his eyes, and looked at Wei Ling again, with a greedy look in his eyes, licking his tongue, and said, "Unexpectedly, you guys are not capable, there are many beautiful women around me Ah! "

" Last time, Huo Dongwei's lady, I didn't taste it. This time, this beauty is not bad, but I'm going to taste it. "

Li Dong waved his hand during the speech, and suddenly four people came out behind him The bodyguard came directly to Wei Ling.

Seeing this, Wei Ling quickly backed away, hiding behind Chen Fei.

Chen Fei looked cold, looked at the bodyguards, and said coldly to Li Dong: "Want to do it with me? It seems that in Longjiang City, the lesson was not enough." During the

speech, Chen Fei squeezed his fingers . There was a chill in his eyes.

Upon seeing this, Li Dong couldn't help blinking, and there was a sense of fear in his heart, and he stepped back a few steps involuntarily.

However, he thought of something, and then sneered, saying: "The surname is Chen, that time was in Longjiang City, you have many people. Now it is in Xiangjiang, it is the site of my Li family, you think, you Can you threaten me with the kung fu of the three-legged cat? "During the

speech, Li Dong clapped his hands, and there was a clatter of footsteps outside.

Then, there were twenty or thirty people, all gathered at the door of the private room. Moreover, as you can see from the door, you can see that there are more people outside, all staying in the hotel at the moment, with a cold expression.

"Your people?" Chen Fei glanced at those people and asked aloud.

Li Dong laughed: "My people, I already said. This is in Xiangjiang, and Xiangjiang is the site of my Li family. Of these 100 people, I just moved my mouth casually."

"Now, you know my Li Dong is amazing! If I want to serve soft now, I can give you a chance."

After that, Li Dong pointed to the wine cabinet in the corner of the private room and smiled to Chen Fei: "This You have given me the wine in the wine cabinet, and I can spare your life and let you go. "

At that time in Longjiang, Chen Fei forced Li Dong and his deputy general manager Yang Mingkui to drink more than ten bottles of wine It made Li Dong vomit more than once and lay down for three days before going back.

Now that he has a chance, he naturally has to double his revenge.

Boss Chen, who was also arrogant at this time, followed Li Dong and said to Chen Fei: "Have you heard? Li Shao asked you to drink and not hurry up."

Chen Fei shook his head ridiculously, looked at Li Dong, and said aloud: "The dudes are dudes, and I haven't seen anything at all. It seems that today I still have to waste some energy to clean up your trash."

"You-find something dead, hit me, hit hard!" Li Dong was furious and his face sank, and he waved directly and shouted.

Suddenly, more than twenty bodyguards and thugs at the entrance of the private room rushed in, and Chen Fei was beaten up.

It's aggressive and looks scary.

That Mr. Chen were a little scared, Li Dong for the channel: "Shao this, so many people, so it will not get any death, I am afraid that is not right, I -."

He was just a small boss Chen Boss, he is not brave enough, and is worried about Li Dong, a young man who is rich and young, and he will play with his life. He will directly kill him, and then he will be affected, but he will suffer.

However, Li Dong did not care, Mr. Chen stared at, waved his hand and said: "My own sense of propriety, no

. With you to interrupt again, even get any death, so what here, but Hong Kong, if they really kill? He, does my Li family still have such a trivial matter? "

"Yes, yes, I was confused. Don't blame Li Shao, don't blame Li Shao." Boss Chen patted his slap in a pretense manner and said.

Li Dong hugged his arms across his chest and looked smug. "Let's watch the show. Last time, this kid called hundreds of thousands of people and wanted to scare me and drink my wine. This time, I'm going to use my teeth for my teeth. All returned to him. "

" Yes, yes. A small boss from the mainland, who is against Li Shao, it is completely self-defeating. Li Shao, but you are the Li family's children. Packing him is not a matter of moving your fingers— " Boss Chen complimented him.

Li Dong nodded with a smile on his face, looking very proud.

But at this moment, a faint voice rang out, "Do you have any strength? Fist hitting me, not even tickling me!"

"Uh--" Li Dong and boss Chen are strange With.

Immediately, the twenty or so bodyguards and thugs surrounding Chen Fei, like fireworks exploding in the night sky, exploded and flew out.

One by one, they hit the walls of the tables and chairs in the private room, and finally all fell heavily on the ground. They screamed and fell to the ground, and they couldn't stand.

Looking at Chen Fei, who was surrounded by them in the center, his face was indifferent, and there was no trace of injury on his body.

At this time, Li Dong and Boss Chen were startled. "How could he— " Chen Fei sneered and stepped over. "Is your Li family strength just like this?"

Li Dong looked at the approaching Chen Fei, frightened back a few steps involuntarily, and quickly waved to the thugs outside the booth: "All, give me up, go together. Hurry, hurry up."

Suddenly, hundreds of thugs squeezed towards the booth. Come in.

Chen Fei just stayed at the door, when one came in, he knocked down one, and when he came in, he knocked down a pair.

So, there were hundreds of thugs. In front of Chen Fei, there was absolutely no power to fight back. They were all smashed by him and thrown into the private room. The huge private room was finally filled by the group of thugs.

One with blue eyes and a swollen face lying on the ground, a cry of pain in his mouth.

In such scenes, Li Dong and Boss Chen were dumbfounded.

Especially Li Dong, he thought that he specially called hundreds of people, and it was definitely enough to deal with Chen Fei. Unexpectedly, Chen Fei was so fierce that even one person knocked down hundreds of people.

For a time, there was a chill of fear in Li Dong's heart, and he quickly stepped back, trying to escape.

Chen Fei chased out a few steps, coldly said: "Do it to me, it is so simple to want to leave, is it possible?"

"You, what do you want?" Li Dong was frightened and fled.

But Chen Fei moved faster, just a flash, and stopped in front of Li Dong.

Just when Chen Fei wanted to shoot Li Dong, suddenly, a black shadow appeared in front of Li Dong, stopping Chen Fei, and said with a deep voice: "Young people, it is enough to stop."

Chen Fei looked sinking. , Looking at the shadow in front of him.

Hei Ying is a middle-aged man in his forties. The man is not tall, but he is very strong. He stretches his clothes into bulging muscles, highlighting his good physical fitness, and the cold light in his eyes. This is a martial artist.

## Chapter 927

With the appearance of the dark shadow, the panicked Li Dong became excited for a while, and hurriedly shouted to the middle-aged man, "Uncle Li, you are here. This guy wants to hit me, you shot, beat him retreat. "

uncle Li Dong looked at, their voices are cold," Dong Master, master poor health, some people do not like to stir up trouble on the outside. the convergence of some of you. "

Li Dong Wen Yan, looking for a stiff, but still nodded immediately, Respectfully said: "Yes, Uncle Li, I know. I will stay at home in the future, not going out casually."

Uncle Li nodded, responded softly, and then walked towards Chen Fei.

Seeing Chen Fei, his eyes narrowed slightly. Seeing the attitude of Uncle Li and Li Dong talking, this man should have a good status in the Li family. Otherwise, how dare a clan thug talk to the clan master.

"Young man, I don't care what happened between you and Master Dong. My Li family is not a bullying family. Now, you come here to apologize to Master Dong, this matter, that's it." Li Shu Facing Chen Feidao.

Not waiting for Chen Fei to speak, then Li Dong heard that he was a little dissatisfied and said, "Uncle Li, this kid beat me. You just let him apologize, this is too cheap for him."

Li Shu lightly Tao: "Master Dong, I said just now that the old man doesn't like to make troubles. Some things should be resolved quickly."

Wen Yan said, Li Dong pouted, but in the end he didn't refute any more, just some reluctant openings. Dao: "Well, then."

"Certain surnamed Chen, this time you have good luck. When you encounter a good time, it will be cheaper for you." Li Dong said aloud Chen Fei's appearance.

Uncle Li also raised his head slightly, waved his hand at Chen Fei, and said, "Okay, kneel and kowtow and apologize."

Chen Fei looked at the two men's high-spirited look, and they both laughed. There was a noise.

With a cold sneer, Chen Fei narrowed his eyes and said aloud: "Do you think that I should apologize, or is it cheaper?"

Li Shuwen said, his face slightly dimmed, and Shen said: "What do you mean by that? Young People, I have given you the opportunity, do n't know what 's wrong. Huh! "With a

heavy sneer, Uncle Li said to Chen Fei again: " Now, it 's too late for you to kneel. Otherwise, it really angered me, then you only "It's a dead end."

Chen Fei heard the words and immediately laughed out loud. "I just heard that the Xiangjiang Li family was arrogant in Xiangjiang and thought it was just a legend. Now, I can see it."

Immediately, he said a tone Shen, said in a cold voice: "Li Dong illegally engaged in commercial competition against my autumn group, mischievously aimed at my sister Ling, and sent hundreds of thugs to siege us. If it were not for my strength, what would we be like now? The end is self-evident. "

" As a result, these things, in your mouth, have become a trivial thing to mention. On the contrary, I have a good look, asking me to apologize to him Li Dong. You incense Jiang Li's family, is it so shameless and domineering? "

Facing Chen Fei's drunk, Li Dong and Uncle Li all changed their faces, their expressions sinking.

Li Dong's mouth moved, trying to argue with Chen Fei, but when he saw that Uncle Li was about to move, the words swallowed back into his stomach.

At this moment, Uncle Li took a step forward and looked at Chen Fei, said in a deep voice

: "Young man, you are not convinced?"

"I tell you, this is in Xiangjiang, this is on the site of my Li family, you do not I have to be convinced! "

" The conditions just now, I am already merciful. Since you don't know how to cherish, then now, the conditions have changed. I want you to apologize not only kowtow, but also abandon yourself, otherwise, stay Let's go. "

Uncle Li stared at Chen Fei coldly, with killing in his eyes and a sense of oppression in his tone.

Li Dong heard that, his face was suddenly bright, his eyes were sparkling with excitement, and he said: "Good job. Uncle Li, to deal with this kind of guy who doesn't know what to do, he should be hard to let him know our Xiangjiang Li family Great. "

Li Shu looked at Chen Fei and said coldly," Now, kneel down. "

At this moment, Chen Fei burst into laughter, turned back and let Wei Ling step back a little, then shook his head and turned to Step forward.

"Uh--" Uncle Li saw Chen Fei approaching himself, and he couldn't help but sink his face, and a chill appeared in his eyes.

But at this moment, Chen Fei's eyes suddenly became cold, his expression suddenly became serious, and he narrowed his eyes to Uncle Li, and said, "I reason with you, but you press me with power. Since that is the case, I did not tell you Reason is necessary. Whoever dares to stop me to teach Li Dong, I will knock it down. "

After that, Chen Fei stared at Uncle Li and shouted," Give me a break! "

Uncle Li's face changed greatly, revealing a little surprise. He immediately looked at Chen Fei and squinted at Chen Fei, and said, "Are you talking to me?"

Chen Fei said coldly, "I am standing in front of me, not you, is it a dog?"

Li Shu suddenly Angrily, he screamed, "Look for something dead."

"I gave you a chance, but you don't know what to do. Now, you angered me, and I will make you pay." Uncle Li's voice was extremely cold and boundless. Anger and chill.

Li Dong was even more excited at the moment, and the cheering voice said next to him: "Uncle Li, you read it. This guy is too arrogant and doesn't give us the Li family face at all. You will quickly teach him a meal."

Uncle Li stepped forward, like a tower-like body, suddenly twisted, his right arm smashed out.

It seems that the arm of steel pouring is screaming out at a very fast speed, and bombards Chen Fei fiercely.

This punch alone is enough to see this uncle Li's extraordinary strength. The martial arts realm is definitely not below the middle metaphysical realm.

Li Dong was excited with his eyes flashing and dancing next to him, "Surnamed Chen, you dare to offend me in Xiangjiang, it's almost death. Uncle Li is a martial arts master at the mid-level Xuan level. In the hands of Uncle Li, I want to see you Why was it beaten into a pig's head. "

Just when Li Shu and Li Dong were all confident and excited, Chen Fei looked at this fist attacked by Li Shu, but shook his head dismissively, his lips flicked, and said softly:" In the middle of Xuan level, the dog raised by the so-called richest man, Li Family, was not strong enough! "

" You-find death! "Li Shu said, and couldn't help but be furious.

Although he is really just a beater of the Li family, he was once called a dog of the Li family. But over the years, he has worked hard in the Li family and his status has improved a lot.

Even among the Li family, such young masters as Li Dong, these young masters must be respectful in front of him. Not to mention, when he went outside, he showed the title of Uncle Li Jiali, and he immediately won a compliment.

## Chapter 929

Although Xiangjiang is very wealthy, it can even be regarded as the richest city in China.

But in such a place, the poor and poor are still indispensable. Obviously, this old place is the gathering place of the poor.

Compared with the city center lined with tall buildings, this old and messy place makes Chen Fei feel more relaxed.

He found a place, stopped the car, then got out and walked out.

Walking along the narrow and old streets, the voices of residents talking and arguing, and the steamy snack shops on the roadside, let Chen Fei feel a different kind of fireworks.

Unconsciously, Chen Fei felt a little irritable just now, even relaxed at this moment.

The corners of his mouth slightly raised, and his mood eased a little, and Chen Fei's stomach suddenly snarled.

It turned out that Chen Feifan didn't have a good bite of rice during this busy day. Now, being tempted by the scent from the roadside shop, Chen Fei's stomach groaned even more suddenly.

As a result, Chen Fei sped up his pace unconsciously, searching with his eyes on the side of the road, like a radar, searching for food on the street.

There are many small shops on the street, and many attract Chen Fei. However, there were also many guests, some of them in long lines. Chen Fei didn't wait for that thought, so he could only move on and find another place.

Along the narrow old street, almost all the way to the end, at a slightly higher corner, Chen Fei suddenly caught a glance, at the end, there was a sign hanging in front of a small house, a scent of perfume came .

Moreover, perhaps because of the remote location, there are not many people in front of the shop.

At this time, Chen Fei suddenly moved, and quickly walked past.

When he walked to the door of the shop, Chen Fei saw what he had bought. The round and round cakes were glued together on the honeycomb-shaped oven, giving out a sweet and fragrant sweet smell, which made Chen Fei's gluttonous crows grow louder.

Chen Fei looked at the introduction of the signboard next to it. Egg eggs are also local specialties of Xiangjiang.

Looking at the golden and fragrant eggs on the oven, Chen Fei could not help but moved his index finger. He looked at the shop and found no one, so he yelled, "Are there anyone? I want to buy something."

Hearing the voice, There was a sudden sound inside, and then a middle-aged woman's voice came, "Come, come."

Then, Chen Fei saw a woman in her fifties wearing plain clothes quickly walked out.

Behind the middle-aged woman, a young woman was chased afterwards. While supporting the middle-aged woman, she said: "Mom, you are in poor health, don't run so fast, let me go."

Middle-aged The woman said: "How come you can't hurry when the guests are here. We can't neglect the guests when we open the shop."

"Okay, okay. Mom, let me come." The young woman quickly came forward and greeted warmly, " Hello, may I ask, how much do you want to buy? "

Chen Fei looked at the signboard next to it, and then said:"

Take a copy first. "The young woman nodded, then skillfully picked up the small bowl next to it, and gave it with a clip Chen Fei pretends to be an egg waffle, and at the same time, said: "One fifteen yuan."

Next to it, a middle-aged woman with a faltering footsteps came over and asked, "Today, there are so many that have not been sold. Give him more. "During the

talk, the middle-aged woman asked her daughter to make a few more clips for Chen Fei."

Chen Fei then took the small bowl, nodded his thanks, and then drew out the banknote and handed it over.

But the other young woman, who had just received the hand of Chen Fei's banknotes, stopped in the air at once, but instead exclaimed in surprise, "It's you!"

Chen Fei heard the words and looked up at the woman. I saw the woman's delicate face, three-dimensional facial features, and even some mixed-race characteristics. Definitely a nine-point beauty.

Surprised, Chen Fei was a little puzzled, looking at the young woman and saying, "Are you-do you know me?" The

woman smiled at the moment and pointed to herself, saying: "You don't know me? Yesterday, At the airport, you take a taxi

with me— " Speaking of which, Chen Fei remembered it. The girl I met at the airport yesterday was also yellow-haired, and his figure was similar to that of this girl.

However, when Chen Fei was anxious at that time, and the woman had been wearing sunglasses, Chen Fei did not recognize her for a while.

"It's you! You're--" Chen Fei looked at the girl in front with some surprise.

You know, when she met the girl at the airport yesterday, she was very fashionable and fashionable. Now, she, in a simple plain dress, looks a little more delicate, and yesterday is not a style at all.

The girl saw Chen Fei's doubts, blinked at Chen Fei, and whispered with a low voice: "I'm home, my mother is not used to that kind of dressing, so

I-- " As she said, the girl spread her hands, her expression looked lively And cute.

Chen Fei also smiled, "It turned out that I didn't expect such a coincidence, I met you again here."

At this time, the middle-aged woman looked at the two people in question and asked, "Xiao An, is this?" The

girl was busy Introduced: "Mom, this is the kind-hearted person I told you yesterday, who helped me pay for the car."

"Oh, it turned out to be him! Then you dare to collect the money." The middle-aged woman quickly robbed the girl of the money, and the plug was returned to Chen Fei, then greeted enthusiastically, "Boy, you are Xiao An's benefactor Please come in quickly, I will make you a cup of tea. "

Chen Fei didn't want to trouble, but looked at the other party's enthusiasm, and walked in with a smile.

The middle-aged woman entered the house enthusiastically to make tea. The young girl greeted Chen Fei to sit down and smiled: "Come and taste my eggs while they are hot. It's delicious."

Chen Fei was reminded by this, but Thinking of the food in my hand, I took a bite and immediately narrowed my eyes and chewed on it. After swallowing, I gave the girl a thumbs up. "It's delicious." The

girl smiled brighter and looked with Chen Fei, Tuosai chat up, "delicious to eat."

"Yes, I do not know your name yet benefactor"?

Chen Fei laughed: "What does benefactor benefactor, only a small My name is Chen Fei. "

" Chen Fei? Then I call you A Fei. "The girl smiled," A Fei, aren't you from Xiangjiang? "

Chen Fei chatted while eating," Well, I'm from mainland Longjiang Here. By the way, I do n't know what your name is? Are you a local? "

" My name is Anita, you can call me Xiao An. "The girl laughed.

"Anita!" Chen Fei was a little surprised, it seemed that the girl had called a foreign name. However, think about it immediately, this is in Xiangjiang, maybe it is normal.

## Chapter 930

While the two were chatting, suddenly there was a sound of glass breaking in the back room, accompanied by a cry of exclamation.

Hearing the sound, Anita changed her face instantly and rushed into the back room. "Mom!"

Chen Fei also quickly put down the eggs and quickly got up, then rushed in.

As soon as he walked into the back room, Chen Fei immediately saw the middle-aged woman fall to the ground with a painful face covering her heart. On her forehead, the big beads of sweat drooped down. Beside her, there is a broken tea cup and tea spilled on the ground.

"Mom, what's the matter with you, and you're sick again?" Anita was shocked and hurried over to help her mother.

The middle-aged woman endured the pain and shook her head, saying, "Xiao An, I'm fine. Go get some medicine for me, and I'll take it later."

"Mom, I'll take you to the hospital. I called someone right away. "During the talk, Anita took out her mobile phone and quickly made a call." Mary, I am Anita. I have an urgent matter now. Call an ambulance and contact the best hospital. I'm here XX Violet Avenue. "

The middle-aged woman on the ground heard and waved her hand to Anita:" Xiao An, don't bother going to the hospital. I'm old and I can't cure it. Just finish it slowly. "

"Mom, how do you do that?" Anita shook her head. "Mom, you must treat it well this time. If Xiangjiang doesn't work, I'll take you to English treatment. If it doesn't work, go to the United States for treatment. I will Find a way to cure you. "The

middle-aged woman shook her head and said," Xiao An, no need,

I-- "While talking , the middle-aged woman suddenly tightened her face, showing a more painful look on her face, grabbing her heart , Cheeks wrinkled.

This situation made Anita even more worried and anxious to call again.

At this moment, Chen

Fei came over and said calmly, "Xiao An, let me take a look." "A Fei, you--" Anita looked at Chen Fei with some surprise.

Chen Feishun held the wrist of the middle-aged woman, checked her pulse, and explained to Anita: "I am a Chinese medicine doctor, I will show it to my aunt first

." Anita said to Chen Fei.

Chen Fei nodded, and then checked carefully.

After some inspections, Chen Fei released his hand and drew out a pair of silver needles in preparation for acupuncture for middle-aged women.

Anita saw that Chen Fei was about to make a needle, and her face could not help changing slightly, and she was nervous.

Chen Fei understood her concerns and did not rush into the needle, but looked at Anita sincerely and said, "Xiao An, Aunt's disease, I can cure it. Do you believe me?"

"I--" Anita Suddenly, hesitated for a few seconds, then nodded and looked at Chen Fei seriously, "I believe in you."

"I won't let you down." Chen Fei nodded, then danced with both hands, and started quickly The needle got up.

In just a few minutes, middle-aged women's necks, foreheads and wrists were covered with silver needles everywhere.

Anita saw such a situation, her hands clenched tightly on her chest, her face full of worry.

However, immediately, she discovered something unusual.

With Chen Fei's needle down, the painful look on her mother's face

improved obviously, and the large beads of sweat on her forehead slowly dissipated.

"This--" Anita looked at Chen Fei in surprise.

Chen Fei quickly tapped on the middle-aged woman a few times, injecting a real breath, and then taking out the silver needle, said to Anita: "Xiao An, Aunt's condition, I have stabilized. Next, I will open A prescription, you can give your aunt a month's worth of medicine according to the prescription, and your condition will be cured. "

" The condition is cured! "Anita looked surprised , and she looked at Chen Fei unbelievably.

Chen Fei opened a prescription, and then explained: "The aunt's cause is in the heart and lungs. According to Chinese medicine, it is caused by poor heart and lungs. The meridians are not good. I have used acupuncture and breath to get through her meridians. You need to use nourishing drugs to warm up for a period of time, and you will be completely cured. "

" That's great, thank you so much, A Fei. "Anita was surprised.

At this moment, there was a sound of the car's brakes outside, and a burst of footsteps quickly rushed in.

Chen Fei stood up and looked over, and saw a few medical staff in white coats coming quickly.

In front of the medical staff, there is also a stylishly dressed woman in her thirties who rushed anxiously beside Anita at the moment and fell to her mouth. You are an international star. If you run like this, what should you do if something goes wrong, you— "

Anita hastily stopped the fashionable woman's words, said: " Mary, I am not talking about these things now. Let's see My mother's illness. Others, go back and say. "

Mentioning this, Mary didn't say much, just stood close to Anita, seeming to worry that she would escape.

At this moment, Chen Fei looked at Mary's fashionable dress and thought about what she had just said. I groaned in my mind and finally remembered something.

Suddenly, he looked at Anita with a surprised expression, "Little Ann, you, you are that, the internationally renowned singer-Anita, said on the radio?"

Anita was a little embarrassed to Chen Fei: "A Fei, I'm sorry, I didn't mean to deceive you."

"Nothing!" Chen Fei waved his hand, and then he was a little curious, and asked, "You are an international star, how could this be -"

" I actually-- "Anita was about to explain.

The agent Mary gave Chen Fei a vigilant look and interrupted Anita's words in a timely manner.

She said, "Anita, let's take the aunt to the hospital first and have a good check." "A Fei just said, My mother is ill and has been cured, this— "Anita said.

"A Fei?" Mary narrowed her eyes and looked at Chen Fei, said, "Anita, Aunt's condition, it is better to go to the regular big hospital to check it again, this is more trustworthy.

" Anita hesitated.

Chen Fei can understand the idea of Mary, did not want to embarrass Anita, then smiled opening: ".. Andy, or go to the hospital again and feel more at ease if you do not mind, go to the hospital with me and Auntie"

"That hooligan trouble You are. "Anita thanked.

Immediately, a group of people went out and prepared to get on the bus.

But at this moment, Chen Fei's mobile phone rang. Chen Fei looked at the electric display and it was Xie Yuan's call. He couldn't help but look down, and immediately connected the phone, "Old Xie, what's wrong?"
