

# The Best Son in Law Chapter 42 – 44

## Chapter 42

Everyone frowned when they heard this, and there were also a number of girls in the girls' dormitory looking this way, and they all revealed angry looks when they heard Sun Yuxuan's words.

“He lied! He's the one who forced me to die, I'm pregnant with his child, he forced me to get rid of it, and he said if I didn't get rid of it, he'd find someone to make my father's restaurant go out of business!” Li Mingyue listened to Sun Yuxuan's words, her face gradually became frantic, and she held Sun Yuxuan's arms tightly.

Only then did Sun Yuxuan felt suffocated and shouted in fear, “Help! Help!”

Everyone on it gradually began to turn pale, and the timid ones had already run out far away.

“Mr. Ye, you have to think of something!” Principal Zhang gets anxious, if Sun Yuxuan was really killed by a female ghost, how should he explain to the police and the media?

“Headmaster Zhang, Sun Yuxuan took Li Mingyue's father and threatened her to abort her child, Li Mingyue was desperate and that's why she jumped into the lake, now she has turned into an unjust spirit, she should want Sun Yuxuan to be punished!” Haoden Ye thought for a moment and replied.

Principal Zhang frowned and immediately shouted angrily at Sun Yuxuan, “Sun Yuxuan, from today onwards you are not a student of our school, and I will also explain your actions to the police, you are completely constituting the crime of extortion!”

Hearing the words, Li Mingyue's hand slackened a bit, and Sun Yuxuan felt less sullen, knowing that Principal Zhang's words had worked, and quickly said, "I'll confess my guilt, and I'll turn myself in to the police when they come later!"

Li Mingyue's hand finally let go slowly, but he didn't leave, but remained behind Sun Yuxuan.

"Do you still have any unfulfilled wishes?" Haoden Ye quickly inquired.

"My child..." a sad look appeared on Li Mingyue's face and pointed in the direction of the artificial lake, "My child in the water!"

Haoden Ye nodded and said to Principal Zhang, "She has let Sun Yuxuan go, and now wants to see her child, so I'll take her to see her own child."

Headmaster Zhang nodded and swept his gaze over everyone present, "You all heard what Sun Yuxuan just confessed!"

Everyone nodded at the news, and only then did Principal Zhang say to Haoden Ye, "I'll have two security guards follow Mr. Ye over there, you must be careful!"

Haoden Ye nodded and took the two security guards to the artificial lake.

The two security guards were pale, not daring to approach Haoden Ye at all, and also looked around in a panic, as if afraid that Li Mingyue would run out to take one of them.

Finally arriving next to the artificial lake, Li Mingyue turned around and said to Haoden Ye, "My child is inside, but he can't hear my voice."

Haoden Ye nodded at the words, looked inside his dantian, and said silently, "Please let Li Mingyue's child hear her voice!"

A bubble disappeared, and only then did Haoden Ye say to Li Mingyue, "You shout his name now, he will definitely hear it!"

Li Mingyue shouted a couple of words to the lake, and soon a sound of a baby crying sounded.

"Ah!" When the two guards heard that, they turned pale with fear and ran without saying a word!

Haoden Ye saw it and laughed bitterly, Principal Zhang was looking for them to protect himself, or was he protecting them himself ah.

Soon, a very small infant soul appeared on the water, not yet able to walk and could only slowly crawl over, Li Mingyue jumped over and held the infant in her arms.

Instantly, Li Mingyue's body changed, no longer having that gloomy and terrifying appearance just now, but instead having a little more of the snowy white and soft glow of moonlight.

Only then did Haoden Ye see her face clearly, and indeed this Li Mingyue was also a beautiful woman.

"Thank you, Mr. Ye!" Li Mingyue turned around and smiled gratefully at Haoden Ye.

Haoden Ye nodded gently and smiled at Li Mingyue, "Since your wish is fulfilled, don't stay in the school, you'll harm the other students!"

Li Mingyue gently nodded, and her soul slowly faded away, eventually disappearing.

Bang! Just at this time, Haoden Ye's ears sounded a crisp sound, and looking inside his Dantian, he found that the koi spat out a red bubble!

Using koi these days, Haoden Ye had understood that the blue bubbles could allow him to possess certain knowledge, such as healing and feng shui, while the purple bubbles could allow him to possess a certain ability such as perspective and fighting skills, and the white bubbles could change out certain realistic items, such as life-saving pills.

As for this red bubble, he didn't know what use it was yet.

It was better to talk about this later, Haoden Ye regretted the girls' dormitory.

Sun Yuxuan and the others had been taken away by the police, and Principal Zhang was still waiting for him to return at the door.

"Mr. Ye really thanked you so much this time, I misunderstood you pretending to be a ghost before!" When Principal Zhang saw him come back, he immediately went forward to shake Haoden Ye's hand and looked grateful.

Headmaster Zhang was the president of a university, whether it was knowledge or social status, he was much higher than himself, being thanked by him so much, Haoden Ye got a little embarrassed.

"Headmaster don't be polite, Sun Qian is your student, as her friend, of course I have the responsibility to help you!" Haoden Ye scratched his head, a little embarrassed.

"Haha!" Principal Zhang Lang Sheng smiled, his eyes looking at Haoden Ye with approval, "Mr. Ye is truly a man of great affection, if you don't mind, I, Zhang Qiliang, am willing to hand over to a friend with you!"

Haoden Ye was flattered to hear this.

Principal Zhang chuckled, whirling around with a sighing look, "I never thought Feng Shui would have such a magical and wonderful use, I've opened my eyes today, tomorrow I'll apply to the Education Bureau for a new school building, it will be called Feng Shui! I wonder if Mr. Ye would be interested in coming here to be a lecturer!"

To be a teacher at the university!

Haoden Ye's entire body was dumbfounded, Fuyu University was the premier film and television academy in China, and to be a teacher here, you should at least be a professor.

Haoden Ye quickly excused himself, "I haven't even been to university, how can I be a teacher!"

Principal Zhang waved his hand and smiled Lang Sheng, "There is a specialization in the arts, I have seen your level of Feng Shui with my own eyes, it's more than enough to be a lecturer here with us!"

Haoden Ye laughed bitterly in his heart, quickly shook his head and excused himself again, Principal Zhang persuaded him for half a day, saw that he insisted that he just didn't want to be a teacher, so he had to settle for the second best, "Since you don't want to be a lecturer, then you can be our academic advisor anyway, and if we have any questions about Feng Shui in the future, we'll come to consult you!"

Haoden Ye was relieved and nodded busily, getting his affirmative reply, Principal Zhang was very happy and even invited Haoden Ye for dinner another day.

Seeing that it was about to be dawn, Haoden Ye didn't want to stay any longer and bid farewell to Principal Zhang to return to the shop.

After a tired sleep, Haoden Ye was sounded by an urgent knock on the door.

## **Chapter 43**

Opened the door, but saw his mother-in-law, Milda Hao, standing outside.

“Haoden Ye, in the past you were not competitive, but people at least try a little harder, look at what you’re like now!” When she saw Haoden Ye, Milda Hao just looked like she hated iron: “It’s only eleven o’clock, the store is still not open, you don’t plan to make money do you?”

Haoden Ye laughed bitterly in his heart, he hadn’t slept all night last night, and it was after six in the morning when he came back.

“I’m sorry, Mom, I was a little sick last night!” Haoden Ye quickly apologized.

“What’s the use of apologizing to me, life is your own!” Milda Hao impatiently waved her hand, then said, “You quickly clean up and go to the Long Sheng Restaurant later, our family will invite our relatives for dinner!”

After Milda Hao said that, she turned around and left, and Haoden Ye also hurried back to the shop to pack.

The shop had his usual two clothes, which Haoden Ye changed into, although the clothes weren’t brand name, but at least it didn’t look so messy.

A car at the door, Haoden Ye arrived at the Long Sheng Restaurant.

As soon as he arrived at the entrance of the restaurant, he saw Maya Shen waiting at the door.

“Didn’t mom tell you to come over quickly? How come it’s only now!” Maya Shen looked a little impatient, “I’ve been standing at the door for half a day!”

Haoden Ye saw her, the heart can’t help but be a little surprised, Maya Shen has always treated him as a husband as air, it is reasonable to say that at this time already went in for dinner, waiting for him why?

“Taxis are scarce today, I waited a long time for a cab!” Haoden Ye quickly explained.

Maya Shen snorted lightly and pulled out a watch from her bag and handed it to Haoden Ye, “This is the watch I bought for you with this month’s bonus, bring it on!”

Haoden Ye heard could not help but be flattered, Maya Shen actually gave herself a gift, but on second thought she understood, Maya Shen was obviously afraid of Haoden Ye to embarrass himself, so he specifically bought a watch to fill his own facade.

As a result of the watch, Haoden Ye stayed on his wrist, and when he looked up, he saw that Maya Shen had entered the inside of the restaurant and hurriedly followed up.

“Aigoo, Little Ye is here, why did you come in such a suit, I can hear my cousin say that you opened a shop, your income is good!” As soon as he entered the private room, Haoden Ye heard a sharp voice, and a middle-aged fat lady slowly stood up, her face coated with thick powder, her body pearly white with a lot of packing.

“Third cousin aunt!” When Haoden Ye saw this woman, he couldn’t help but reveal a bitter smile.

Third cousin was the cousin of mother-in-law Milda Hao, who was the most fond of comparison, and when she and Maya Shen’s wedding was held, she was sarcastic to her face because she was from a shabby background.

She has two daughters who are not as good as Maya since they were young, which makes her very jealous of Milda, but Maya is not only good at studies but also at work after graduation.

Anyway, the people of the Shen family didn’t take Haoden Ye seriously, so they were naturally happy to talk.

“Mom, but don’t say that, it’s all the rage to be low-key now, and that’s what people call Little Ye!” At this time, a girl sitting next to Third Cousin Aunt giggled, a pair of peach

blossom eyes glancing at Haoden Ye, her eyes full of disdain, it was Third Cousin Aunt's eldest daughter, Hao Fengmei.

And a girl next to Hao Fengmei also giggled at her words, her eyes also disdainful, it was the third cousin's second daughter Hao Fengxian.

Frankly speaking, these two girls were both very tall looking and had good figures, and they both studied dance.

Like their third cousin, they were very jealous of Maya Shen, who had been praised by their elders since they were young, making them always try to surpass Maya Shen.

It was good that Maya Shen married such a loser like Haoden Ye, this life was half over, but they had a brighter future, when they became big stars and married rich people in the future, they would be the pride in the eyes of their elders.

"What are you waiting for, don't sit down!" When Milda Hao saw Haoden Ye who was being mocked but was standing still, her heart was furious.

Haoden Ye hurriedly sat down next to Maya Shen, looking a little embarrassed, but thinking that he was now the academic director of Fu Ri University, he also had a little bit of heart, and said to his third cousin, "Didn't the two cousins go to school today?"

The people at the table listened to his words eyes all flashed a touch of surprise, usually Haoden Ye on the wine table, are not afraid to say a word ah, today how to take the initiative to speak.

"Brother-in-law is really a nobleman who forgets things! My sister and I graduated from high school a long time ago and are applying for art school." Haoden Ye's change made Hao Fengmei feel very unhappy, and sneered with a scornful face.

"A busy man like brother-in-law earns tens of thousands of dollars a day, how can he have the heart to think about our relatives!" Hao Fengxian also sneered.

“If you can’t talk, don’t talk!” It was obviously a son-in-law being humiliated, but Robert Shen felt that Haoden Ye was asking for trouble and coldly reprimanded.

“Dad! How can you blame him, Haoden Ye was just asking randomly!” Maya Shen’s face darkened,, and to Robert Shen.

The atmosphere at the table was immediately awkward, and Milda Hao lifted her wine glass and smiled at Robert Shen, “What do you care! Let’s congratulate Mei Mei and Xian’er properly, looking at their qualifications to go to art school there will definitely be no problem, they might be big stars in the future!”

Both girls smiled at the mention of this, and the third cousin’s aunt smiled proudly, so far the atmosphere eased.

“I don’t expect them to be big stars, I’d be satisfied to be a tenth as good as your Maya!” The third cousin aunt laughed, her mouth was modest, but her face was overflowing with pride.

A table of people ignored Haoden Ye, but ate and toasted on their own, and only thought of Haoden Ye when serving tea and water, or when the waiter was serving food.

Of course, the third cousin and the two girls still mocked Haoden Ye from time to time, and the Shen family just ignored them.

After three rounds of wine, the third aunt lifted the wine cup to Robert Shen: “Cousin brother-in-law, Mei Mei and Xiao Xian’er’s matter you must help, we also really have no choice, they two can go to which school, but it is related to their future!”

A word, immediately quieted the wine table, Robert Shen listened, with a difficult look on his face: “I’ve seen their two grades, both are very good, but this year too many art school students applied for the exam, they are currently barely able to enter the city’s three schools, want to enter the second, it is really difficult ah!”

“What’s that brother-in-law saying!” Third aunt heard his words, immediately laughed, her face thick foundation are wrinkled: “art school admissions is how the matter, others do not know our two girls still do not know? You’re a visiting professor at Hongcai University, and you’re on good terms with the teachers there!”

## Chapter 44

Robert Shen’s eyebrows furrowed and he looked a little embarrassed.

The third cousin aunt saw him like this, her face sank and said, “Brother-in-law, their two girls are your nieces, you have to help a little with this, don’t you think our two families even have this kind of affection?” Obviously, there is a forced confession now.

In the past, although third cousin aunt liked to compare with Shen family, but the face has been respectful, after all, Shen family floating one is a university professor, one is a restaurant owner, but now the daughter will soon go to university, the future is unlimited, third cousin aunt also courageous.

The third cousin’s courage is also like that. Robert Shen smiled bitterly at that.

He is indeed a visiting professor at Hongcai University, but a guest is a guest is a guest is a guest is a guest, and people just ask him to discuss academically, without any practical influence.

The first thing you need to do is to take a look at the newest products that you can find.

Third cousin aunt’s face softened a bit, but her heart was not happy, the corner of her eyes glanced at Haoden Ye who had been sullenly silent, and the corner of her mouth revealed a smirk.

“Actually, going to third and second school is the same, at least it’s going to college, of course I won’t get angry with my brother-in-law because of this!” The third cousin aunt

smiled slightly and turned her gaze to Haoden Ye, "Saying that Little Ye and them are about the same age, if she had studied more seriously, she would be in college now."

Haoden Ye couldn't help but laugh in his heart, Third Cousin Aunt was upset in her heart, that she was making fun of herself.

As soon as they heard this, the faces of the Shen family members were uncomfortable.

"If he can go to college, won't everyone be able to go to college?" Milda Hao snorted, suppressing her unpleasantness, "It's not even good enough to open a shitty second-hand shop, but when I went to see him at eleven this morning, the door was closed!"

Maya Shen's eyes flashed with anger and turned her head to stare at Haoden Ye fiercely, clearly blaming him.

"Hey, lazy people have lazy blessings, he's still not married to a girl as beautiful as Mu Ya!" The third cousin aunt giggled, her voice pleasant, "To say that it's better for young people nowadays to be educated, at least they can hold their heads up in front of others, otherwise when they go out with Maya, once people hear that he has no money and no influence, he didn't even go to college, isn't it still ugly on Maya's face!"

The Shen family's face became even uglier, and Maya Shen secretly clenched her fists, her face looking calm but very stiff.

Haoden Ye took in the Shen family's face in his eyes, mentally lonesome.

In fact, when he was a child, his grades were also very good, he was the first in the class, and Maya Shen was second, but unfortunately the departure of his relatives hit him too hard, and he was devastated from then on.

“Actually, cousin is not without a chance, isn’t there still an adult college entrance exam now, as long as you work hard, you may not fail to get into the university!” Hao Fengmei smiled slightly and spoke up.

“Yes! Although adult universities are not even ranked at the three-book level, but it is considered to have a university diploma, people say that adult universities do not even have to go to school, when the time comes to get a diploma directly!” Hao Fengxian also laughed.

The three women sang in unison, extremely sarcastic to Haoden Ye.

Haoden Ye was used to being sarcastic, of course there was nothing, but when he saw the increasingly ugly faces of the Shen family, his heart was not feeling good.

Just at this time, a voice suddenly sounded at the door.

“Mr. Ye!” The voice sounded very familiar.

Everyone in the private room brushed over to the door, but they saw a gray-haired old man standing in the doorway, looking at Haoden Ye with a surprised face, “What a fate, I just said I’d invite you and a few friends from the Education Bureau for a meal this afternoon! I never thought I’d see you now!”

“The Department of Education?”

“Buy dinner?”

In the private room, everyone stared at the old man with wide eyes, not daring to believe, almost suspecting that they had heard wrong.

Haoden Ye had stood up at this point, recognizing the man as Principal Zhang.

“Headmaster Zhang, you’re here too!” Haoden Ye hurriedly stepped forward and was very polite.

“Haha! Secretary Zhao from the municipal party committee office invited me to dinner to inquire about the collapse of the school building last night, and as you know, our Fu Ri University is a key school in the city, so something as small as a fart can alarm the leaders,” President Zhang laughed.

“Fosun University?” When Robert Shen heard this, his entire body stayed on the spot.

Furis University was the number one ranked school in the city, and it just happened to be an art university.

“You... you are the president of Furi University, Professor Zhang Qiliang Zhang?” Robert Shen left his seat and quickly walked up to Principal Zhang, stunned.

Principal Zhang turned his head to look at him with a puzzled look, and Haoden Ye followed up with an introduction, “This is my father-in-law, a professor of history at Dan City University!”

Dan City University was also one of the top universities in Dan City, but its reputation was a little smaller than that of Fushi University.

And although Robert Shen was highly respected in Dan City University, but in Zhang Qiliang’s eyes, it was also not a ranked figure.

However, when he heard Haoden Ye say the word father-in-law, Principal Zhang’s attitude warmed up, holding Robert Shen’s hand and smiling: “So it’s Mr. Ye’s father-in-law! Haha, Professor Shen is so discerning, having such a good son-in-law! I said he wouldn’t want your son-in-law to be a guest lecturer at our school, but it turns out he’s already a lecturer at your university in Dan!”

This was a misunderstanding by Zhang Qiliang, but when he heard the word lecturer, Robert was once again dumbfounded.

“Lecturer... lecturer?” Robert Shen took a look at Haoden Ye: “Principal Zhang said he?”

President Zhang nodded his head and looked regretful, “Hey, such a talent, but the blessing of your Dan City University, our Fu Ri University has hired him as an academic advisor, you can’t obstruct this matter, otherwise I’ll say anything to dig him over from your Dan City University!”

Headmaster Zhang said a series of words that almost made Robert Shen’s brain spin.

The others in the private room, on the other hand, were stunned.

Haoden Ye, however, ignored their surprised looks and thought of his two cousins.

Although they were a bit annoying, but in the end, they were Maya Shen’s relatives, this help themselves to help.

“Headmaster Zhang, there’s something I want to trouble you with, my two cousins are also applying for art school this year, their grades are very good, and they also want to become students of your Fu Ri University!” Haoden Ye quickly said to Principal Zhang.

I thought that this matter was also a trouble for Principal Zhang, but I didn’t want him to hear just a smile, nodding his head, “Good, let them report to our school tomorrow, that department can pick at random, I can still do this little thing!”

The matter of deciding the fate of the two girls, in the eyes of this old president, was actually just a big deal.

Every year, there are an unknown number of students who come in through connections, so arranging one or two is nothing.
