

The Best Son in Law Chapter 81 – 83

Chapter 81

“Sister-in-law, you know how many blank stares Big Brother Zheng has endured in order to get me to help you this time, I hope sister-in-law can understand Big Brother Zheng!” Haoden Ye sincerely Yang Wenfei.

It wasn't that Yang Wenfei didn't have feelings for her husband, it was just that she was so disappointed to be facing such an incapable husband all day long.

When she saw Haoden Ye today, it made Yang Wenfei understand one thing, that is, it doesn't matter whether a man is capable or not, the key is to have a good character.

Jiao Yuchun is also a capable man, and young and promising, considered the best among his peers, but because of his arrogance, he almost got his father killed, on the other hand, although Haoden Ye has been misunderstood, but never gave up.

When I think of my own husband, hasn't he always been discarded and misunderstood by himself, but always insisted on doing his best to protect the family?

“I get it!” Yang Wenfei took a look at her husband, and her eyes had some of the warmth of her youth.

Walking out of the hotel, Haoden Ye raised his head to look at the sky and sighed in his heart.

He could help Zheng Chenggong regain his wife's approval, but how was he going to get the approval of his father-in-law's family?

As he walked and thought, it was getting dark, he didn't know, and by the time he came back to his senses, he was already near Maya Shen's company.

I don't know if it was subconsciously he wanted to come see Maya Shen or what!

"Mr. Pei, thank you for giving me a ride to my company, I've bought my car for several years without incident, but it broke down in the middle of the road today!" A bright luxury BMW X3 on, Maya Shen to Pei Qian Road.

"Where where where!" Pei Qian's pair of eyes surreptitiously eyed Maya Shen's ruggedly beautiful body while his face was mildly smiling: "Your husband must be very busy, or else he would have come to pick you up at this time!"

Of course, Maya Shen noticed Pei Qian's unkind gaze and was disgusted in her heart.

She had no choice, she had to do a very heavy business today, and unexpectedly her car broke down halfway, so she had to call back to the company for help.

I never thought that Pei Qian, who was the vice president of the company, would come!

Maya Shen hated Pei Qian, but he was Li Mingsheng's nephew, and Pei Qian's own business ability was good, so Maya Shen didn't dare to offend him easily.

When Pei Qian mentions Haoden Ye, Maya Shen's heart is grieved.

If Haoden Ye is somewhat capable, buy yourself a car, why do you need to deal with Pei Qian?

“Of course my husband has his own things to keep him busy!” Maya Shen knew that Pei Qian was deliberately bringing up Haoden Ye, and her heart was very annoyed at his intrigue, and her tone hardened, “I hope I don’t have to trouble Pei anymore!” After saying open the car door to go out.

Pei Qian’s eyes flashed a haze, what kind of woman can’t get as the nephew of the company’s president?

Especially after the company got a billion investment from Holander’s group, under the rising water, he also gradually entered the high society of Dan City.

With all his current status, he should be hooked up to, and Maya Shen should be submissive to him ah!

Why is it that she just doesn’t fake it to herself when she’s given hints to Maya Shen several times?

Pei Qian has finally lost his patience!

Just as Maya Shen was about to go out, she suddenly reached out and pulled Maya Shen’s hand.

Maya Shen was shocked and pulled back her hand with great force, “Mr. Pei, what are you doing!”

Pei Qian had a cold smile on his face and slowly said, “Mr. Shen, what’s the hurry, let’s talk about work again.”

“The work can go to the office, I want to go home now!” Maya Shen said angrily and opened the door to go out again.

“Oh, if Shen leaves just like that, don’t go to the company anymore!” Pei Qian faintly smiled.

Maya Shen’s face instantly went white, she worked in this company after graduation, and worked hard these few years to get to the business hand, although this also has Haoden Ye’s credit, but most of it is by virtue of her own efforts ah!

“Bae! What do you mean!” Maya Shen’s voice was trembling.

“What do I mean, Shen should know what I mean!” When Pei Qian saw her fearful look, he gave a smug smile and said, “Don’t you understand what I mean to you? If you promise me, I’ll even take you a step further and get you on the board! If you don’t...hey, it’s only a word if I want to resign you!”

Maya Shen was trembling with anger and looked at Pei Qian coldly, “Mr. Pei, who do you see me as Maya Shen, I’m a person with a husband!”

“Your husband? Is that the loser?” When Pei Qian heard her words, his face immediately showed a smile that was so contemptuous that it was extreme: “He is also considered a man, Shen is always a smart man, what is the future of following this kind of man? What I can give you, he can’t give you in ten lifetimes! Just nod your head!”

“Don’t think about it, if Pei wants to fire me, fire me!” Maya Shen grunted coldly, opening the car door to go out.

I didn’t expect that half of my body had just left the car, but I was pulled by Pei Qian’s arm again.

“Cheap woman, don’t be ungrateful! Believe it or not, if you don’t obey me today, not only will I make you unable to stay in the company, you won’t be able to stay in Dan City either!” Pei Qian did not think that Maya Shen would reject her, and became annoyed and shouted at the top of her lungs.

Don't look at Maya Shen a girl, usually also pay attention to fitness, and does not look so weak, panic under the strength of even more, forcefully thrown away Pei Qian.

Pei Qian has torn his face, simply do not care about the other, only think of the first way Maya Shen.

Once the woman was slept with by herself, she still followed herself honestly? Even if she didn't want to, she couldn't do anything about it.

Sue herself for rape? As long as she said she seduced herself first because she didn't give her enough compensation, she falsely accused herself.

He had the money to hire the best lawyer in the city, and what did Maya Shen have? A loser husband?

Pei Qian rushed off the car and immediately ran to Maya Shen, who was wearing high heels and couldn't run at all.

As soon as Pei Qian was about to grab Maya Shen, an angry voice suddenly sounded: "Bastard! Let go of my wife!"

Pei Qian was shocked at the sound, but before he turned around, a foot kicked him in the shoulder from the side.

A sharp pain came, and Pei Qian was kicked out five meters away, rolling twice on the ground before stopping.

When he raised his head, he saw Haoden Ye staring at him furiously.

"You trash, how dare you hit me!" Pei Qian became furious and looked at Haoden Ye furiously, "Believe it or not, I'll kill you in minutes!"

“Get me killed? Fine, get up and kill me!” Haoden Ye roared, jumped one step in front of Pei Qian and raised his foot to kick down.

Chapter 82

Maya Shen was also shocked by a roar from Haoden Ye, she hadn't reacted yet, Haoden Ye was already kicking Pei Qian madly.

Maya Shen's entire body was dumbfounded, was this still that wimp husband of hers? When did he get so brave?

Don't look at Pei Qian is a second son, usually also pay attention to exercise, the body is tall and strong, and Haoden Ye's body contrast is very big, it is reasonable to say that this time should be Pei Qian fiercely fathom Haoden Ye ah!

However, soon Maya Shen's face changed, because Pei Qian on the ground was already covered in blood and looked half-dead!

“Stop it!” Maya Shen hurried behind Haoden Ye and pulled his arm, “You'll kill him if you hit him again!”

“You loosen up!” What Maya Shen didn't expect was that Haoden Ye, who had been speaking carefully to himself, was like a changed person, daring to yell at himself, while not relaxing on his feet in the slightest.

Strangely, after being yelled at by Haoden Ye so fiercely, Maya Shen not only didn't get angry, but had a feeling of enchantment.

“Haoden Ye! Calm down, do you want to go to jail because of him?” Maya Shen watched Pei Qian look more and more miserable, hurried to the front of Haoden Ye, reached out and hugged him, mouth angry.

Since the two people were married, this is considered the most intimate contact, Haoden Ye also brought a little, the fire gradually less.

“So what if he’s in jail, he bullied my wife, you let me kill him!” Haoden Ye’s residual anger remained, and he said to Maya Shen.

“Can’t you be more mature!” Maya Shen was also angry and raised her hand to give Haoden Ye a slap.

After the slap, Maya Shen finished the fight and began to regret in her heart, Haoden Ye was so angry obviously because of herself, she actually hit him.

But wouldn’t she also hit Haoden Ye because she was afraid in her heart that he would really go to jail for it, and wanted him to calm down as soon as possible?

“Haoden Ye, if you really want to protect me, fight harder so that others will look up to you and not dare to bully me! And not so by virtue of violence to solve all problems!” The grievances squeezed in the depths of the heart also exploded out at this time, Maya Shen’s eyes flowed out tears.

Haoden Ye was slapped by her to wake up, his heart is also infinitely aggrieved, he obviously wanted to take out anger for her, why Maya Shen still beat himself?

But seeing the tears inside her eyes, Haoden Ye’s grievances were gone, and he was busy showing concern to Maya Shen, “Maya, it’s my fault, don’t cry!”

Maya Shen bit her lip, holding back from crying, and lifted her arm to wipe her tears, “Come home with me!”

The two people were about to walk inside, and Pei Qian on the ground stood up.

At this time, his eyes were filled with venom and his face was full of blood, staring viciously at Haoden Ye, "Bastard, you dare to hit me! I'm going to put you in jail and I'm going to charge you with murder!"

Haoden Ye's heart is not fearful at all, and his mind is made up, if he really goes to jail because of this, he will use the purple bubble he just got to make a wish to kill this Pei Qian first!

But soon he calmed down and took out the driving recorder from Pei Qian's car with a sneer, "Here's the evidence of you bullying my wife, sue me however you want, I'm not the one who suffers anyway!"

Pei Qian's face changed slightly, he didn't think like he thought that Maya Shen's waste husband was so thoughtful, thinking of that driving record using the things inside as evidence.

Maya Shen was also slightly surprised, she herself didn't even think of this.

Pei Qian was aching all over, and the hatred of losing Haoden Ye in his heart had risen to the extreme, but unfortunately to let him continue to dwell on this matter, he didn't dare anymore.

"Good! Just you wait!" Cursing viciously, Pei Qian got into his car and left in a desperate manner.

Seeing the car go far away, Haoden Ye put away the driving recorder, which was why he turned around, but he saw Maya Shen holding her arms and looking at herself dumbfoundedly.

"Mu Ya, I'm really sorry just now, I was so angry..." Haoden Ye thought that Maya was still angry and quickly apologized.

Maya Shen was thinking about Haoden Ye's performance today, and was awakened by his words.

Seeing Haoden Ye back to his usual appearance, Maya Shen didn't feel the slightest bit annoyed.

Haoden Ye was indeed impulsive just now, but wasn't this proof of loving herself? And isn't the fact that you desperately want to stop him from making mistakes a testament to your love for him?

So after so many years, the two people's feelings were still there.

But just thinking of this, Maya Shen immediately suppressed her emotions.

"I've waited for him for too long, I can't go back to before!" Maya Shen silently said to herself in her heart and sighed slightly, "This matter is not your fault, go home!" After saying that, she turned around and walked inside.

Haoden Ye looked at her back and felt very bad.

He knew that Maya Shen was so dead to herself that she didn't even bother to be angry.

"You go back to the company tomorrow, that Pei Qian won't give you a hard time!" In the taxi, Haoden Ye was worried about Maya Shen.

What he was thinking was that if that Pei Qian had a really high status in the company, he could ask Li Mingsheng to fire this Pei Qian!

At the mention of the company, Maya Shen's eyes suddenly reddened, shaking her head and sighing, "That Pei Qian you just hit is the nephew of General Manager Li, I don't need to go to the company tomorrow!"

Haoden Ye's face changed slightly when he heard it, unexpectedly this Pei Qian was actually Li Mingsheng's nephew!

He knew how much effort Maya Shen had put in to get where she was today, this company was everything to Haoden Ye, and because of himself, Maya Shen was about to lose it all.

"Call Li Mingsheng later, make sure to keep Mu Ya's job!" Haoden Ye inwardly to himself, but soon he had the tendency to shake his head, "No, let's go to the office tomorrow."

When the two people returned home, father-in-law Robert Shen was watching TV in the living room, seeing the two people look, father-in-law frowned.

"Haoden Ye, what have you done to upset Maya again!" Robert Shen's face was gloomy and he looked at his daughter with concern.

"It's fine, it's none of his business!" Maya Shen said indifferently and went back to her room, throwing Haoden Ye a line, "You sleep on the sofa tonight."

Haoden Ye was quite her to speak up for herself, thinking that she wasn't angry anymore, and his heart sank when he heard this.

"Haoden Ye! What the hell have you done to Maya!" Robert Shen didn't listen to his daughter's words and looked at Haoden Ye angrily.

"Okay, their couple's matter, what are you always interfering! Maya said it's none of Haoden Ye's business, so it's none of his business!" At this time, mother-in-law Milda Hao came out.

Since the restaurant incident, Milda Hao's attitude towards Haoden Ye was much better.

Robert Shen muffled a snort and didn't continue to reprimand Haoden Ye.

Chapter 83

Haoden Ye tidied up the living room and made dinner, and when he went to call Maya for dinner, he heard the sound of weeping coming from the room.

Haoden Ye had a hard time in his heart, knowing that although Maya Shen looked strong, she was actually very sad in her heart.

Haoden Ye pushed the door of the room as he felt very bad.

The door was unlocked, the room was dimly lit, and Maya Shen's delicate body was lying on the bed, crying sounds came.

Hearing the sound of the door opening, Maya Shen fiercely sat up from the bed and saw that it was Haoden Ye who came in, her face immediately revealed a look of panic and anger: "Get out, who let you in!"

She had always been a tough image in front of Haoden Ye, but now he bumped into her so weakly.

When Haoden Ye saw her tear-stained face, he was heartbroken and said softly, "Mu Ya, don't be sad, I'll definitely help you out with this matter!"

"You help me out?" Maya Shen was still forcibly mitigating, her lips showing a sneer, "Haoden Ye! Can you be realistic about what you have to offer to help me out! Who takes you seriously besides your family?"

Haoden Ye's heart ached, in Maya Shen's eyes, had he always been so useless?

“I... I can help you, actually I’m... “Haoden Ye finally couldn’t resist and wanted to say that Shengwen International’s biggest shareholder was now himself.

“Don’t you say it!” Haoden Ye didn’t finish his sentence, Maya interrupted him and spoke gently, “Haoden Ye, my sadness is not losing my job, but when I was in the most difficult time, my husband was powerless and couldn’t give me a peace of mind, if you’re competitive, you can make a career of your own and let me know that even if I don’t have a job, I still have someone to rely on! “

Haoden Ye didn’t continue to explain, a pain welled up in his heart.

It turned out that Maya Shen was sad, mainly because of herself!

It’s all because I’m incapable!

Haoden Ye sighed in his heart and exited the room, closing the door.

Maya Shen looked at his departing figure and a touch of disappointment flashed in her eyes.

If Haoden Ye came over at this time and vowed to make sure he would work hard, she would be willing to do so even if she continued to look like a no-good person tomorrow.

When a woman was sad, she only wanted a psychological comfort, not necessarily a man to really do it, but why didn’t Haoden Ye just understand?

At night Haoden Ye slept on the sofa, thinking about what Maya Shen said today in his mind.

“If you’re competitive, you’ll do a great job!” One word was deeply engraved in Haoden Ye’s heart.

“It can’t go on like this!” In his heart, Haoden Ye said to himself at the same time, “I can use Koi to help Zheng Chenggong, why can’t I use it to help myself?”

Ever since he had the koi, all he had been thinking about was doing good and helping others.

But he never thought of using the Koi to make himself soar to the top.

Hadn’t that old man in white said that with this, he could soar to the sky?

“But how can we soar with the help of Koi?” Thinking about it, actually doing it gave him a headache again.

Only at this time did he feel that he knew too little.

Koi couldn’t be used to do bad things, or else they would be punished, besides, Haoden Ye didn’t want to do bad things.

But how could he soar if he kept doing good things?

After thinking for half a day, Haoden Ye still felt that he would go to Shengwen International tomorrow to settle Maya Shen’s matter first.

The next morning, Haoden Ye got up very early, and when making dinner, no one in the family had gotten up yet, so he stayed to go to Shengwen International.

Just when he arrived at the entrance of the company, he saw a strange-looking, suit-wearing person walking over.

“Haoden Ye!” Haoden Ye didn’t pay attention to this person and stepped into the company’s door, but after that person saw Haoden Ye, that was when his face changed and he roared.

Haoden Ye turned his head and took a closer look at the person who couldn’t help but be shocked.

But I saw that this person’s face was not weird, but completely broken, two cheeks swollen, eye sockets deep, under the bar protruded a piece, the whole person looked like just fell from the sixth floor of the same building.

But it looked horrible, but all flesh wounds, but no no bandages.

And Haoden Ye now have recognized this person, is not to give himself to beat half dead Pei Qian?

When Pei Qian saw Haoden Ye, his eyes became malevolent, “Good, I was looking for you, but I never thought you’d send me to my door!” With a cold smile, Pei Qian spoke in a malicious tone.

“I have things to do today, I don’t have time to waste with you!” Haoden Ye didn’t want to pay any attention to Pei Qian at all, and coldly said a sentence and walked inside.

“You stop right there!” Of course, Pei Qian was unwilling to let him go and blocked in front of Haoden Ye, a smirk on his lips as he said, “Is this your home? Come in if you want!” He said and waved to the two security guards at the door, “You two come here! This man has stolen from our company, take him to the security office!”

Haoden Ye had beaten him, and he wanted to teach Haoden Ye a lesson today as well.

This was his uncle’s company, the security guards were all working for him, let them beat up Haoden Ye, of course they didn’t dare to disobey.

First, they locked Haoden Ye in the security room to control him, then he would contact his friends in the mafia.

Even if Haoden Ye was beaten up, he couldn't do anything about it, so who could prove that the mob that beat him up had anything to do with him?

"I'll show you what happens when you offend me today!" Pei Qian's face became distorted and full of malice.

The two security guards heard his words and hurriedly ran over.

When Haoden Ye came to cause trouble that day, these two security guards weren't there, so they didn't know Haoden Ye.

"This gentleman, please come with us to the security room!" A fat security guard looked at Haoden Ye in ordinary clothes with contemptuous eyes.

Haoden Ye was anxious to find Li Mingsheng to say something, and seeing Pei Qian looking for trouble, his heart couldn't help but get a little angry.

"I'm looking for you Li for something, please get out of my way!" Because things were related to Maya Shen, Haoden Ye was no longer his usual cowardly self.

"Looking for my uncle?" Pei Qian laughed at his words, his eyes disdainful, "Are you looking for my uncle to talk about Maya Shen's matter? Hmph, I fired the man, it's useless for you to find my uncle, even if you kneel down and ball him!" The tone was full of pride.

Haoden Ye's patience was at an extreme, and he no longer wanted to be talking nonsense.

“Fine, I can root you to the security room, but later I’m going to make you...” said Haoden Ye, looking coldly at Pei Qian, “I’m going to make you beg me to enter your company!”

Hearing his words, not only Pei Qian, but also the two security guards laughed out loud.

“You’re not crazy, Pei is the nephew of General Manager Li, what kind of thing are you, to have him begging you!”

“You’ve come to talk comedy, and we can’t pay you to perform here!”
