

The Best Son in Law Chapter 36 – 38

Chapter 36

“Does he really read faces and see that there’s something wrong with the girls’ dorm?” Sun Qian thought that since Haoden Ye was able to hire a great director like Sun Wu, would he use this method to deceive people?

“Headmaster Zhang, I believe my friend is not an unreasonable person, will you believe him this once?” Sun Qian quickly spoke for Haoden Ye.

“Are even you crazy?” Headmaster Zhang was really furious, never thought that his best student had gone crazy, what a disgrace to himself.

“Headmaster, I’m not crazy, it’s just that I trust my friend!” Sun Qian looked directly into Principal Zhang’s eyes and spoke resolutely.

“Good!” Principal Zhang shivered with anger and pointed at Sun Qian, “I thought you were excellent, but I never thought you would believe in such a madman, I will not permit my students to spread this kind of feudal superstition, I will give you a disciplinary mark this time, it will be written in your file.” After saying that, Principal Zhang angrily left.

Li Feng also followed, but not far out, he separated from Principal Zhang and dialed a number.

“I’m so sorry!” In front of the school, Haoden Ye was apologetic to Sun Qian.

“Hehehe, it’s fine to remember, people are graduating anyway!” Sun Qian didn’t seem to care at all about what had just happened and smiled mischievously.

Haoden Ye looked touched as well.

The two of them found a place to eat, during which Sun Qian kept talking about the movie and put all the unhappiness from earlier behind them.

Haoden Ye, however, didn't expect that just as he and Sun Qian were leaving the girls' dormitory, a pair of cold eyes were already staring at them.

"Master! What's going on, I thought you said your feng shui bureau was seamless?" Inside a bright luxury Bentley, Sun Yuxuan looked unhappy at a middle-aged man dressed in Ge cloth in front of him.

The first thing you need to do is to take a closer look at the person's face.

At this time, the middle-aged man's face was a bit ugly, but he also had to force a calm look, he smiled and said, "Mr. Sun rest assured, my feng shui technique is not only one of the best in the country, but also rarely meets any enemies, this time is just a small accident."

"Hmph, Master Zhang speaks nicely, if it's an accident, how can that young man see at a glance that there's something wrong?" At this time, a middle-aged man sitting next to Master Zhang sneered, it was the school's boarding house master, Li Feng!

Hearing his words, Master Zhang's face finally sank and said unhappily, "This time we are trying to suppress an unjustly dead and pregnant spirit, plus the school was originally built on top of a cemetery, the yin energy is quite heavy, it's normal that there will be accidents, as long as people who know a little feng shui can see the problem, you don't have to worry, Director Li. "

Sun Yuxuan's cheeks twitched when he heard the word wronged soul.

That's right, the girls' dormitory was in trouble, and it was all Sun Yuxuan's fault.

The girl mentioned by Master Zhang is pregnant with Sun Yuxuan's child because she was deceived by Sun Yuxuan's clever words, but Sun Yuxuan is not willing to take responsibility.

Sun Yuxuan has no choice but to ask Master Zhang to help, using the feng shui layout to transfer the girls' grievances to the girls in the girls' dormitory.

The girls have a heavy yin energy and are most likely to attract the ghosts of the wrongdoers.

Of course, it was up to Director Li, whom he bribed with money, to do this.

This layout would slowly encroach on the girls and wouldn't immediately cause any accidents, so no one would notice, but they just didn't expect that this time there was an accident where the grievances leaked out.

As for Haoden Ye, Sun Yuxuan wanted to take care of him, but he hadn't seen Haoden Ye since last time.

But he hadn't thought that the poor and cowardly looking Haoden Ye not only had an excellent fighting skill, but also knew feng shui!

"They have already left, Master quickly go with me to see where in the end is the problem," Sun Yuxuan does not want the girl's unjust soul to haunt him again, seeing Haoden Ye and the others leave, quickly.

Three people got off the car, all the way to the back of the girls' dormitory, and Master Zhang observed for a while, his face gradually became heavier.

"Master, what's going on?" Sun Yuxuan detected the concern.

Instead of answering him, Master Zhang turned his head to Director Li and said, "Director Li, did you lay it out the way I told you?"

Director Li turned pale and quickly said, "Sure, what's wrong?"

Master Zhang had a smirk on his lips, "Hmph, so I told you to bury the Golden Buddha here, and you did?"

Director Li's face immediately turned ugly and fidgeted, "I...of course I did, Master Zhang, you're not not good enough yourself and want to put the blame on me."

Master Zhang sneered, "Good, now let's Buddha dig it out and see if there is any problem."

Director Li turned white and panicked, and when Sun Yuxuan saw this, he immediately realized that there was a problem there, and a cold look flashed in his eyes.

This Director Li, how dare he trap himself, when this matter is over, he will definitely take care of him, right now he knows the scandal he has done, he can't deal with him yet.

"Director Li, what exactly have you done, don't hurry up and say it," Sun Yuxuan's voice was stern to Director Li.

Director Li looked very ugly and fidgeted, "I just replaced the golden Buddha with a gilded statue, isn't it all the same? I see that the Buddha statues in the temples are all gilded."

Hearing this, Master Zhang couldn't help but laugh bitterly and shook his head, "Can the Buddha statues in temples be the same as the ones we have here? You've ruined a big thing, originally my feng shui layout was to absorb yin energy and suppress evil spirits, you've changed it so much that yin energy is leaking out, but instead it's become something that nourishes the evil spirits, it won't take long for the evil spirits to grow, and then not only Sun Shao, I'm afraid that many people in your school will suffer bad luck."

Hearing this, both of them turned pale, and Director Li cried his heart out and threw himself on his knees.

Sun Yuxuan was also scared and his teeth chattered greatly.

"Master, you must save us," Director Li begged.

Master Zhang looked full of sorrow, his brows furrowed for half a day, and suddenly his eyes shone with sharp coldness, and his tone was profoundly cold: "It's not like there's nothing we can do, but it's going to cost the lives of a few people."

As soon as the two men heard that they could solve things with only a few lives, they certainly didn't care, and hurriedly said, "Master, speak quickly."

"I'll change the feng shui layout here a little more, so that this place becomes a place of gathering fury, it will be possible to control the bad luck inside the girls' dormitory, but this will require the people inside the girls' dormitory to carry these bad luck, less than a few people, more than the entire girls' dormitory is subjected to bad luck, but it is better than the whole school is subjected to bad luck," Master Zhang started Explanation.

Upon hearing this, the two of them still couldn't help but feel chilled, this girls' dormitory housed at least three hundred students, and all of them were beautiful women, it was a bit of a pity to sacrifice them like this.

Chapter 37

Haoden Ye and Sun Qian happily finished their meal and headed to their own shop, wondering whether to buy something to compensate for his father-in-law.

Just arrived at the shop, the door car stopped.

"Lawyer Liu also bothered you to send me over, I'm so sorry!" Milda Hao got out of the car and told a middle-aged man in the driver's seat who was dressed in a suit.

The middle-aged man was elegant looking, wearing gold wire glasses, and his suit was obviously of the standard type, with the words "Golden Jade Law Firm" on his chest.

"Don't be polite, Mr. Hao, we're going to drop by the business bureau together anyway!" Lawyer Liu smiled unrestrainedly and whirled around with a joking look, "Besides, it's my honor to send such a beautiful woman like Mr. Hao!"

Milda Hao was his words full of smiles, which one of the women do not like others to praise their own young and beautiful, not to mention lawyer Liu such a world seen people?

Laughing, Milda Hao covered her cheeks and said, "Lawyer Liu is really good at talking, I'm old!"

"Mr. Hao is too modest, I think you're only in your thirties, younger than the twenty-something girls in our law firm!" Lawyer Liu laughed and looked complimentary.

Milda Hao couldn't help but giggle at what he said, which was why she asked Mr. Du to wait a bit and walk over to Haoden Ye.

The moment her eyes fell on Haoden Ye, Milda Hao's face went cold.

"Haoden Ye, what did you do to make Old Shen angry like that!" As soon as she opened her mouth, Milda Hao chastised in a stern tone.

“Mom, you’ve misunderstood!” Haoden Ye quickly explained, but Milda Hao was clearly very angry now and looked like she didn’t want to hear it.

“I don’t want to listen to your explanation, do you know how angry you are at Old Shen? Don’t come home for a few days!” Milda Hao grunted, “I have a whole bunch of things on my hands right now, so I’m not asking you to help me, at least make less trouble for me, okay!”

Haoden Ye revealed an apologetic look and nodded quickly.

Milda Hao looked at him as if she hated him, before she turned around and put a professional smile back on her face.

“Mom...I can help you...” Haoden Ye thought of Lawyer Jin and wanted to mention this person to Milda Hao.

“Help me? You’d better stop causing me trouble!” Milda Hao snorted and didn’t return.

Inside the car, Lawyer Liu looked at Milda Hao, who was walking over, with an imperceptible smirk on his lips.

“Lawyer Liu, I’ve kept you waiting!” When Milda Hao saw Mr. Du, her face once again returned to a warm smile.

“Mr. Hao is not welcome!” Lawyer Liu gave a dashing smile, then intentionally looked over at Haoden Ye and smiled, “Let’s talk about the cost of this commission before we go to the Commerce and Industry Bureau.”

“Fees? Didn’t we just talk about this at the lawyer’s office? I’ll give your firm \$200,000 if the Better Business Bureau doesn’t bother me again this year!” Milda Hao frowned and looked at him in confusion, “Why do we still have to talk about expenses!”

“Oh, \$200,000 is the money you gave the firm, and this is a lot of money to resolve this matter and to rely on my connections in the Bureau of Industry and Commerce!” Lawyer Liu smiled with elegance, but what he said almost drove Milda Hao crazy: “You’ll have to give me another half a million dollars!”

“What!” When Milda heard this, she couldn’t help but stare!

“Of course, you can also choose not to use my connections, but then your two hundred thousand might be floating!” Lawyer Liu smiled slightly.

Milda Hao’s face became very ugly and her eyebrows furrowed, “Let me, reconsider!”

Haoden Ye was far away and couldn’t help but frown when he heard this.

Seven hundred thousand, equal to a year’s income of Milda Hao restaurant, if given to this lawyer Liu, wouldn’t Milda Hao’s year be in vain?

“I’ll contact Lawyer Kim tomorrow morning and ask him to see what I can do about this, if he’ll help, maybe Mom and Dad will forgive me for this!” Thinking of this, Haoden Ye rekindled his hope.

There wasn’t much business in the afternoon, so Haoden Ye closed the shop early and directly rested in the shop.

The same night, inside the girls’ dormitory of Fuxing University, a scream rang out.

“What’s going on!” Headmaster Zhang, who had heard the news, saw the scene in the girls’ dormitory and his face instantly turned white.

But I saw a girl standing on the roof of the building, her figure swaying as if she was about to fall off at any moment.

The moonlight was behind her, enveloping her in shadow, her long hair fluttering in the wind, weird and frightening.

There were quite a few girls standing below the dormitory building at this time, all looking up in fear, and some of the bold ones began to persuade the girl.

“Which class is she from, why did she run upstairs!” When Principal Zhang saw a student cadre, he immediately went forward and asked.

“Headmaster, I don’t know either!” The girl’s face was pale and her voice was fearful, “There’s no stairs up to the top floor, so we had to talk to her from below, but she never spoke!”

There were no stairs between the highest floor of the dormitory and the top floor, this was to prevent any students from climbing up to the top floor and becoming dangerous.

“Hurry up and get someone to move the ladder!” Headmaster Zhang made a quick decision.

Two boys soon brought in ladders and Principal Zhang led them to the top floor, to the top of the rooftop.

“This female student, which class are you from!” Once up here, Principal Zhang saw the girl standing at the edge of the building and cautiously asked about it.

He had dealt with similar incidents of student whispering before, and knew that students might be impulsive, but might not really want to die, and usually venting would be fine, so he was very confident in himself.

However, the girl in front of him seemed as if she could not hear him at all, still turning her back to him, her body swaying as if she was about to fall off at any moment, watching Principal Zhang’s forehead in cold sweat.

If a girl really jumped off a building during his tenure, I’m afraid that this principal of his would be the end of his job.

“Classmate, don’t be impulsive, if you have anything to say to me, I will definitely help you out!” Headmaster Zhang said and began to approach the girl.

Not two steps had just been taken before the girl seemed to realize that there was someone behind her and slowly turned around, however, just as she was completely facing Principal Zhang, Principal Zhang’s face instantly turned pale.

But the girl’s face was pale, not at all human, and what was even more terrifying was, wasn’t she the girl who had lost her footing and fallen into the school’s lotus pond a few days ago?

“Ghost!” At this time, the two male students behind them who had come up after Headmaster Zhang let out a terrified scream and fell to the ground with a limp body.

And just as they screamed, the girl's figure gradually floated up and quickly disappeared into a cloud of blackness.

"Ghost!" At this time, the students below the dormitories who saw this scene, screamed too!

Headmaster Zhang fell to the ground, his body unable to stop trembling, if he hadn't seen it with his own eyes, he wouldn't have believed what had just happened.

Suddenly, he remembered what Haoden Ye had said to him during the day today.

"Quick...call Mr. Ye!" Principal Zhang shouted out, and felt as if his strength had been drained away for a moment.

Haoden Ye received a call in the middle of the night and rushed to the school.

The one who called him was Sun Qian, and the school just had an accident, Principal Zhang called Sun Qian and asked him to hurry up and let Haoden Ye go over to the school.

But Sun Qian didn't know what was going on, just told him to hurry to the school, and Haoden Ye was very worried along the way, afraid that the principal would find himself in trouble because of what happened yesterday.

Chapter 38

"Mr. Yeh, you're here!" In front of the school, the principal was waiting with the teacher on duty, and immediately ran over when he saw Haoden Ye.

"Headmaster Zhang, what's wrong with you?" When Haoden Ye saw Principal Zhang and the teachers pale, he couldn't help but reveal a look of surprise, especially when he saw that he was looking at himself like a savior.

Of course, on the way here, Haoden Ye also thought that something might have happened in the girls' dormitory, but even if something happened in the girls' dormitory, Principal Zhang should be the first one to contact the hospital and the police, right?

When Principal Zhang heard Haoden Ye's words, he didn't reply immediately, but pulled Haoden Ye inside the school, which was why he whispered, "Honestly, a very scary thing happened just now!" Finish what you just said.

Haoden Ye understood the reason why he was so anxious, and at the same time, his heart couldn't help but be a little scared, after all, the scene Principal Zhang depicted was really too scary.

After Principal Zhang finished going through, he looked at him with an apologetic face, "I'm really sorry for treating you like that during the day, if I hadn't seen it with my own eyes, I couldn't believe what just happened, please make sure to help us!"

Although Haoden Ye was scared, he thought of the koi inside his dantian and had a few surges.

"Headmaster don't worry, I'll do my best!" Haoden Ye hurriedly told him in relief.

Principal Zhang revealed a look of gratitude, then lowered his voice, "In addition, I hope that you can handle it in a low profile, I have discussed with the teachers of the school, both of us don't want this matter to be spread outside, we have already controlled the student side to prevent them from talking nonsense to others!"

Headmaster Zhang's way of handling the matter Haoden Ye could also understand, after all, unless they saw it with their own eyes, there were very few people who believed Headmaster Zhang's words, and if this matter spread out, it would be a trouble for both Headmaster Zhang and the school.

The two people said that they brought the teacher on duty to the bottom of the girls' dormitory building.

And then, they realized that there were already a few people standing below the dormitory building.

"Headmaster Zhang, you're back!" Sun Yuxuan's voice rang out from among several people.

"Sun Yuxuan, what are you doing here!" Headmaster Zhang frowned himself, his appearance returning to his usual stern look.

“Headmaster Zhang, this is Master Feng Shui Master Zhang, when I brought him to our school a few days ago, he discovered that there was a problem with the feng shui here, and tonight I heard that something had happened in the girls’ dormitory, so I rushed to bring him here!” Sun Yuxuan said, pointing at Master Zhang who was behind him in a Taoist robe.

Only after hearing this did Principal Zhang suddenly realize, he couldn’t help but reveal a surprised look.

Sun Yuxuan’s family background was known to him, the senior he had invited must be very powerful, and this Master Zhang also looked more professional than Haoden Ye.

Those duty teachers who followed him over were also each happy, originally they didn’t think that Haoden Ye was really capable of solving this matter.

Aren’t those ghost hunters in movies all robed in Daoist robes and morally dignified? Haoden Ye is clearly just a hairy boy, and he still has a poor look.

Principal Zhang didn’t forget about Haoden Ye though, and quickly said to Sun Yuxuan, “This Mr. Ye is also an expert in this field, ask the master if there is anything you need help with.”

As soon as his voice fell, Master Zhang suddenly laughed and slowly walked towards Headmaster Zhang, pulling out a yellow talisman paper with one hand.

Seeing his action, Principal Zhang and a few teachers all revealed surprised looks, to see Master Zhang shaking the talisman in his hand, the talisman suddenly burned up, then Master Zhang threw the burning talisman into the air.

Surprisingly, the burning talisman paper didn’t scatter, but jumped up in front of Master Zhang as if it was alive, while a burst of white smoke came out from inside the burning flame.

“Ah!” A miserable scream similar to a wild cat’s scream rang out, accompanied by a pungent smell.

Dean Zhang and several teachers looked dumbfounded, not expecting that there was such a magical spell in this world.

“Oh!” Seeing the surprised looks of a few people, Master Zhang smiled faintly and stretched out his hand and stroked his beard in a superior manner, “I’ve just set the sky torch to burn one of the brats to death, and now there are only two left!”

“It’s amazing, I couldn’t believe it if I hadn’t seen it with my own eyes!” A teacher made an exclamatory sound.

“Yeah, I used to think these things were nonsense, but I never thought there was such a thing as spells!” The other teacher also sighed.

“As expected of a master, he really knows spells!” A female teacher also made a surprised sound.

Headmaster Zhang was also filled with amazement as he looked on, silently comparing Master Zhang and Haoden Ye in his heart, compared to Master Zhang, Haoden Ye really didn’t seem to have much ability.

Among all of them, only Haoden Ye frowned deeply, with a worried look on his face.

He had just used a blue bubble to gain knowledge of feng shui, and the spell that Master Zhang had just performed was actually simply a magic trick.

Master Zhang was indeed proficient in feng shui, but only knew feng shui layout, and feng shui was something that could not be seen or touched, and needed to rely on magic to gain credibility.

Of course, those present were all teachers of higher education, and if they had seen it on a normal day, they would probably have immediately thought that it might be magic, but the teachers who had seen the spooky girl with their own eyes did not doubt Master Zhang’s words in the slightest at this point.

“Does Headmaster Zhang believe me now?” Master Zhang smiled slightly at Principal Zhang.

“Of course, of course!” Headmaster Zhang nodded his head in succession and said to Master Zhang, “Please also ask Master to help us eliminate the other brats again.”

Master Zhang smiled slightly and swept a quick glance at Sun Yuxuan, who also had a smirk on his lips.

“Headmaster, I have one more thing!” Sun Yuxuan came out and pointed at Haoden Ye, “This man is a liar, why did you bring him here!”

“Liar?” Principal Zhang’s face changed slightly at his words and turned his head to look at Haoden Ye.

There was a problem in the girls’ dormitory, but Haoden Ye was the first one to tell him, how could Haoden Ye be a liar?

“Do you have proof of that statement, Sun-san?” Principal Zhang frowned and looked at Sun Yuxuan.

“Hmph! He must have told you that there was something wrong with the girls’ dormitory or something like that,” Sun Yuxuan sneered, “After Master Zhang saw that there was something wrong here, I had told Sun Qian, and I hadn’t expected Sun Qian to tell him, but when I heard today that someone had said many strange things in front of you, I immediately had someone investigate the matter! “

Principal Zhang’s face changed when he heard this, and turned his head openly to look at Haoden Ye.

If Sun Yuxuan had told Sun Qian, Sun Qian would most likely have told Haoden Ye, which he wouldn’t have suspected at all, plus he already felt that Haoden Ye was too young, not at all like Master Zhang, not like someone who was capable of being a superior person.

“Mr. Ye, is this true?” Headmaster Zhang’s face darkened as he looked at Haoden Ye.
