

The Charismatic Charlie Wade Chapter 3267

Chapter 3267

Once Charlie heard this, the whole person immediately felt a jolt, hurriedly first pull over and park, off the record, said, "Brother, you do not panic, I ask you, how is the overall level of government troops?"

"Not good." Hamid said, "But the mercenaries they hired this time are very powerful. It is one of the world's top Cataclysmic Front, it is said that it has sent 10,000 soldiers over to help the government army."

Charlie frowned and asked, "Cataclysmic Front, what's the origin?"

"I'm not really sure." Hamid replied, "It is said to be a Chinese-founded mercenary organization, which has seen rapid development in recent times."

"The scale and strength are very strong! The quality of their single soldier is much higher than the government army! Basically, they are developed countries special forces kind of level!"

Charlie said with surprise: "I have never heard of this organization, I know the United States Blackwater, Russia's Cossacks, this Cataclysmic Front, I have heard for the first time."

Hamid sighed: "You usually have little opportunity to deal with mercenaries, this group of people certainly you not understand, they are, frankly speaking, commercially operated professional soldiers, paid to do things."

"In our kind of more war-torn places they are most active, this Cataclysmic Front is said to have the command of tens of thousands of people, including the top expert level nearly a hundred people."

“These are very strong, their war gods put the strongest four under the command of one of the leaders, and also sent to Syria

Charlie asked him:

“Don’t be nervous, first whatever the level of special forces, they will die when hit by the bullet, your single soldier quality is not as good as his, but you occupy the time and place, as long as you can play to your advantage, the real fight you may not lose.”

Saying that, Charlie asked again, “How is the repair of your permanent fortifications and anti-slope pit?”

Hamid said, “I have been asking them to work overtime recently! But the workload is really too big, and it’s really hard to implement the whole plan completely in such a short period of time

Charlie calmly said, “I understand, you just tell me, your frontal defense of permanent fortifications as well as the reverse ramp pit, whether it can be put into use?”

“Can.” Hamid said: “My frontal fortification at the entrance of the base has almost been built, after all, this is the top priority of my entire defense.”

“As for the backslope tunnel, I have dug on all sides, but now the inside is not yet open, not formed inside the network of pits, but I have stockpiled a large number of supplies inside, enough to hold for a year or two, not a problem.”

“Good!” Charlie said off the record, “Then I ask you, do you know the other side of the 8,000 troops, how exactly is the firepower distribution?”

Hamid said, “10 armored vehicles, more than 30 towed artillery, and 50 or 60 trucks, pulling supplies and ammunition.”

Charlie thought about it and asked, “Do you know the specifications and models of the 30-odd towed artillery pieces?”

Hamid said, “The scouts said visually that they should be Russian 152mm artillery.”

Charlie's father, Changyang, was a standard military fan, and there used to be a whole room at home full of models of various weapons and equipment, and there were countless books, magazines, and materials on various weapons and equipment.
