

The Charismatic Charlie Wade Chapter 3294

Chapter 3294

The huge loss in the frontal attack just now was not because of how strong the enemy was, but that his side was indeed too lightly defeated.

As long as he paid attention to it now and found the right strategic plan, he would definitely be able to lead his men and easily attack the other side.

Now that he and his men had arrived at the foot of Hamid's west wing, he believed that in an hour at most, this battle would be over! This time, there were three options in the tactics developed by his army.

The first and best option was to quietly feel the entrance to Hamid's permanent fortifications, then suddenly kill them and take them by surprise, wiping them all out inside the fortifications they had built themselves.

This is the goal that the attacking side is most eager to achieve in all offensive battles, as it is the only way to work the objective with the greatest ease and at the least cost in terms of casualties.

The second second-best option is to use RPG rockets after touching the vicinity of the permanent fortifications to strike them with precision.

As for the third and worst option, it was a forcible attack at all costs.

However, the third option is rarely successful.

Because once inside the opponent's fire network, and can not solve the opponent's fortifications, the other side almost forms a reaper-style killing advantage, this situation if you can still win, almost all rely on the corpses to the front pile up.

Therefore, Robin does not intend to use the third option until as a last resort.

But as a commander, he must also consider every possibility, so he again considers the third option, set a red line, once the casualty reduction exceeds 60%, immediately retreat.

But he knew in his heart that this scenario, could never happen.

After the preparations were completed, Robin led all the soldiers and checked their equipment and ammunition. After making sure there were no problems, he said through the intercom with the commander of the frontal battlefield, "We have now touched the opponent's western flank, you should launch a feint immediately now!"

The other side immediately replied, "After my side launches a feint, your side must immediately launch a surprise attack as well!"

Robin looked at the time and said, "I will launch a surprise attack from the west flank ten minutes after you launch your feint!"

"Why do you have to wait ten minutes?" The other side is very puzzled said: "The other side firepower is very fierce, and the defense is strong, ten minutes I do not know how many men to lose, my side of the fight, your must hurry and immediately encircle, this is the most reasonable plan!"

Robin said seriously: "I have to wait for you to attack first, and wait for the enemy to begin to engage in the fire with you, it is important to determine the location of the enemy fire point."

"My people can accurately launch a quick sneak attack, directly end the enemy fire point, otherwise if we rush together, simply can not do it accurately!"

The other side hesitated for a moment and thought that was the case, so they spoke up and said, "Okay! I'll have the soldiers prepare and attack in ten minutes!"

He knew very well in his heart that he had no other choice now, with the fortification of Hamid, it was impossible to attack head-on, and there was no chance even if everyone was exhausted, the only chance of success was here with the Frontal army.

And Robin has been a mercenary for several years, although said to be experienced, but his kind of experience, all in the war-torn areas to attack small armed combat groups, he did not encounter really strong, strategic opponents.

This is like a martial arts master, but all the time, only by beating street punks to accumulate experience in real combat.

A person who abuses vegetables too much, they will certainly become more and more like vegetables.

What's more frightening is that he will be immersed in the sense of accomplishment of repeatedly abusing vegetables successfully, unable to extricate himself, not even aware of the fact that he has become more and more vegetables like.

So, at this moment, Robin, not knowing that his side detour has been found out, is still holding high-powered binoculars, observing the movement of the front position.

He was still instructing a few soldiers around him, saying: "You guys also pay attention to observation, after their second round of feints, we can just observe the location of Hamid's fire points, when we have marked down all these fire points, when we start the attack."

"Immediately with the fastest speed, pull out all these fire points! As long as we pull out their fortifications, we will have won!"

Several soldiers nodded and immediately took out their observation equipment and mapping tools, preparing to map out the locations of the opponent's fire points as quickly as possible after the feint attack began.

Robin was so sure of himself at this moment that Hamid's frontal position was already in his pocket!
