

## Chapter 951

Chen Fei looked at Winnie and Eric who thanked quickly, and said coldly: "Don't hurry to thank, things are not over yet!"

"Uh-" The two were shocked, and then saw Chen Fei flick his finger, two The flash of Dao flashed into the two of them.

At the beginning, the two did not feel anything unusual. But as their bodies moved, suddenly a painful pain spread throughout their bodies, making them almost scream.

Chen Fei said coldly: "This is just a lesson. This kind of pain will last for a month. After a month, it will automatically recover."

"Thank you Dr. Chen." Then he left with a grin.

Then, Chen Fei glanced at the female reporter Xiao Liu, said nothing, greeted Wei Ling, and left together.

Upon seeing this, Director Huang glared at Xiao Liu fiercely, and then filled with a smiley face and hurriedly sent them away.

After this interview program was broadcast, the fame of the fairy water in autumn suddenly became greater in Xiangjiang. For a time, many women all talked about this explosive product.

Wei Ling also hurriedly stepped up the steps. Within a week, the autumn group's branch in Xiangjiang was established. Taking advantage of this rush, he quickly opened commercial activities.

Wei Ling was busy, and Lin Qiuhan was not in good health. Therefore, the usual activities can only be handled by Chen Fei.

After a period of busy time, the branch's business finally stabilized. Chen Fei finally had a breathing kung fu.

At this moment, Anita came directly to the branch, which made Chen Fei feel a little surprised, "Xiao An, why are you here?"

Anita blinked at Chen Fei and said with a smile: "A Fei, I am the spokesperson of the fairy water in autumn. Is it strange for me to come to the company? Besides, I have run out of products and I want to ask you a little more. "

Chen Fei surprised:" Last week, didn't you just give you two boxes? How can you use it so fast? You won't wipe it all over your body. "

Anita whitened Chen Fei and said," Not yet You 've made the fairy water so hot. Many of my friends, after knowing that I am the spokesperson, asked me. As a result, the

two boxes of fairy water were totally useless by me, and they were all divided by them. . I have no choice but to come and ask you again. "

Chen Fei heard, and could n't help but laugh:" It 's a trivial matter, so, this time, I will send you ten boxes of past. If it is not enough, you will call again. I said yes. "

" Thank you Fei! "Anita smiled, and then looked a little more serious. She found two invitations and handed them to Chen Feidao." Okay, it's right. "

Anita will invite you in the room. Handed it to Chen Fei.

Chen Fei took the invitation and was curious, "What is this?"

Anita said: "This is a party of Xiangjiang Gangs to be held tomorrow night. This kind of party will be held once a year. People who come, They are all big brothers from all walks of life in Xiangjiang, especially some big businessmen. They are used to exchange emotions and discuss strategies. In short, this is a party for high society in Xiangjiang. "

" This kind of party, I am not very suitable to go. " Chen Fei frowned, and said. After all, he was really not very interested in this kind of party

Anita gave Chen Fei a white glance and said, "What's wrong. A Fei, you are now the deputy general manager of the Autumn Group, how many people are sought after commercial stars."

"Moreover, I gave you two invitations to let you go with Sister Ling. On this occasion, having a good relationship with Xiangjiang's business community is also good for the promotion of autumn fairy water."

Hear this , Chen Fei could not help nodding.

Anita immediately continued: "And, I know you are looking for a cherished drug. People from the Xiangjiang pharmaceutical industry will also come at this party. When the time comes, I will introduce them to you. Maybe they can help you find the herbs you want. "

Hearing this, Chen Fei couldn't help but illuminate her eyes and quickly said to Anita:" Xiao An, or you are considerate, thank you very much. "

Excited Chen Fei got up When he came over, he couldn't help but grab Anita's hand, very hard.

Anita was somewhat surprised by Chen Fei's enthusiasm. After all, since they met, in her mind, Chen Fei has been a very calm person.

And now, he is so excited, it also shows that Lin Qiuhan has a special status in his mind.

Thinking of this, Anita somehow, some inexplicably feel some envy for Lin Qiuhan. After all, it is also a blessing to let such a capable man care about himself so much.

Anita's silence and discoloration made Chen Fei stunned, and then he realized that his actions seemed a little too intimate.

So, Chen Fei quickly withdrew his right hand, scratching his head embarrassedly, and said: "Xiao An, sorry, I'm so excited."

Anita also recovered her look at the moment, laughing: "Nothing. A Fei, that's the case Yes. You must go with Sister Ling at eight o'clock tomorrow night! "

" Well, I will definitely go. "Chen Fei nodded and immediately sent Anita out of the branch.

Back at the company, Chen Fei and Wei Ling immediately explained the situation. Wei Ling would naturally not refuse, and immediately agreed.

At 7:30 the next night, the sky was dark. Chen Fei in a formal dress and Wei Ling in a blue dress appeared together on the Victoria Harbour Wharf in Xiangjiang.

In front of them is a three-story cruise ship.

At this time, many people were queuing to enter the cruise ship boarding place, and there were already many people on the cruise ship. At a glance, if you are a native of Xiangjiang, you will surely find many familiar faces of big people.

Even if he is an outsider like Chen Fei, looking at the moment, he also found several familiar Xiangjiang stars.

Under such circumstances, Chen Fei could not help but sigh: "It really is a party for the upper class of Xiangjiang!"

After feeling sighed, Chen Fei and Wei Ling also came to the entrance, waiting in line to enter.

Although there are many people, everyone is a person with a head and a face, so the entrance is well-ordered, and there is no crowding and noise. Instead, some people, while waiting, greeted with greetings.

In this way, about a quarter of an hour later, it was Chen Fei and Wei Ling's turn.

Chen Fei passed the invitation with a smile, the other party checked it, then smiled and welcomed the two on board.

But just as the two were about to board the cruise ship, suddenly, a strange sound rang from the cruise ship deck, "They can't board the ship."

## Chapter 952

Hearing the sound, the inspector could not help but stunned, and turned to look at the source of the sound.

In that position, a tall, handsome young man came over with a sneer.

Inspectors see this man, could not help but cheeky color respectful of, the channel: "Mr. Duan, you just said that, may I ask what that means?"

At this point, Chen Fei see this young man, a blind eye, His eyes also became cold. "It's you!"

This Mr. Duan is no one else. It was the one that Chen Fei met in Xiangjiang who played a big name in "Longjiang Sanxian" before coming to Xiangjiang The star Duan Feixuan.

At that time, he was raking in gold in Longjiang City, which was directly blocked by Chen Fei, and even forced to return to Xiangjiang.

After returning to Xiangjiang, Duan Feixuan thought of his encounter in Longjiang City. Suddenly stunned. After all, his income of tens of millions is directly disturbed by Chen Fei. He himself was also beaten by Chen Fei.

This makes Duan Feixuan, a star and arrogant, really unacceptable.

However, Chen Fei in Longjiang City definitely existed like a ground snake, and Duan Feixuan did not dare to retaliate, so he could only hold his breath.

However, I didn't expect to encounter Chen Fei at this cruise party in Xiangjiang.

Such an opportunity is hard to find. After all, this is the site of his Duan Feixuan. Since this guy came to the door, Duan Feixuan wouldn't be polite, so he would naturally find an opportunity to get back what he had lost.

Therefore, Duan Feixuan at the moment glanced at Chen Fei, and then said to the inspectors: "They, it is impossible to be eligible to attend this party. You check the invitation and you can't tell if it is forged."

The inspector looked surprised, and then checked the invitation again, but with a look of doubt, he said to Duan Feixuan: "Mr. Duan, this, the inspection results show that these two invitations are true."

"True "?" Duan Feixuan was a little surprised, then frowned, his eyes rolled, and said coldly, "Even if the invitation is true, that doesn't mean they are qualified to enter here."

"But-" the inspector was a little embarrassed.

Duan Feixuan said: "You know, they are mainlanders, they are not our Xiangjiang people at all. This cruise party, but our high society gathering in Xiangjiang. How could they two mainlanders have invitations for such a meeting. They stole other people's invitations and pretended to be up. You have to check them carefully. "When the

inspectors heard this, they couldn't help but change their faces, and then said to Chen Fei and Wei Ling in a cold tone:" Two You can provide something to prove your identity. "

Chen Fei raised a cold eyebrow and said with a cold voice:" What do you mean? We have already submitted an invitation, why do you want us to prove your identity alone? "

" This, This — we just do n't want to go wrong, "the inspector said.

Chen Feihan said: "I don't want to make mistakes? Then why only check us, but not others." The

inspector's complexion changed, and I didn't know how to explain it.

At this point, Duan Feixuan sneered directly and said, "Does anyone who knows what's wrong have someone tell the truth to face? No one needs to prove it, because they are Xiangjiang people. But you are, so you need to prove it."

"This is naked discrimination. Are you sure that

there will be such a regulation this evening?" Chen Fei looked coldly at the inspectors.

The inspector's face was white, and his expression was a bit ugly. After all, he did not dare to take this big hat of discrimination.

Just when he hesitated, Duan Feixuan directly said: "We just discriminated against you, what about? This is our Xiangjiang people's territory, if you don't follow the rules, just go, you are not welcome here."

Chen Fei coldly Looking at Duan Feixuan, he said in a cold voice: "This is the territory of the Xiangjiang people, but it is also the territory of China. As a Chinese, I have the right to enter here."

"As for letting me go! Sorry, you Duan Feixuan, a Xiangjiang second line Little star, I really don't have this qualification. "During the

speech, Chen Fei stepped away from Duan Feixuan directly, so he had to step on the cruise ship.

Duan Feixuan was scolded by Chen Fei as a star, and suddenly looked dumbfounded, quickly screaming: "You dare to do it. Hurry, hurry up, these two mainland Chinese with no quality, dare to do it to us. Hurry up and call the security guards to drive them out "The

inspector hesitated for a while and paused, but turned around to call someone.

But at this time, the person behind Chen Fei looked at the time, a little impatient, and one by one became displeased.

"The show must begin, and walked in front of the also do not go! Do not go, do not get in the way, flash to one side."

"That is, the guy did not qualify, do not come to this place disgrace. Ridiculous!"  
"They

Do n't you have to prove it? You just have to prove it. Why is it so that it delays everyone 's time. "

" Oh, I think they are guilty. Maybe, what Duan Feixuan said is true, and their invitation is Stolen. "

... ..

Many people behind him sneered.

Duan Feixuan also took the opportunity to say: "You guys, you better check your things to see if they are missing. So as not to be touched by some mischievous guys."

Many people behind him could not help but look changed , Really started to check the bags around.

Seeing this, Chen Fei gloomed and glanced at these people, then looked at Duan Feixuan coldly and stepped forward.

Seeing Chen Fei approaching, Duan Feixuan couldn't help but feel tight, stepping back a few steps, nervously said: "You, what do you want to do?"

Chen Fei said coldly: "It seems that in Longjiang City, the lesson you gave Not enough. You still have no long memory. "During the

speech, Chen Fei grabbed Duan Feixuan's collar and lifted Duan Feixuan directly.

"You let me go, let me go down quickly." Duan Feixuan patted Chen Fei's hand and called.

Unmoved by Chen Fei, he directly lifted Duan Feixuan from the deck of the cruise ship and reached the side of the escalator.

Now, Duan Feixuan is really afraid, "You, you don't want to mess up. This is in Xiangjiang, this is my site. If you mess up, I won't let you go, you--"

Duan Feixuan threatened Before finishing, Chen Fei directly loosened the collar of Duan Feixuan.

Suddenly, poof, Duan Feixuan fell directly into the seawater, fluttering the seawater, screaming in horror.

The crew discovered this situation and hurriedly dropped the lifebuoy to start saving people.

The security guard called by the inspector could not help but look dumbfounded, and then came towards Chen Feiwei with a bad expression.

### **Chapter 953**

The person behind Chen Fei was also taken aback, and then many of them looked dull and kept talking.

"Hurry up and grab them."

"This kind of barbarian should not come to our Xiangjiang. Hurry up and go back."

"Sure enough, it is a person from a barbaric place, no quality."

...

Chen Fei heard the voice behind him, Glancing back, they suddenly scared these people out of fear.

Then, when the security guard came to him, he had to deal with Chen Fei and Wei Ling.

Chen Fei cold channel: "What do you want?"

The lead burly security chief said: ".. Sir, you no reason to get involved, please disembark otherwise, we have to hands"

Chen Fei cold eye of a challenge, we will do it Too.

But at this moment, a woman screamed loudly, "I think you dare to do it?" The

security captain turned his head and found that a woman of mixed blood came over. It was Anita, who was shocked and quickly respectfully said : "Miss Anita, why did you come here?"

Anita said angrily: "You all drove the VIPs I invited off the boat, why do you say I came?"

"The VIPs you invited? This--" Security captain surprised a moment, then look to Wei Ling and Chen Fei, exclaimed, "is it -"

Anita said:. "that they, and Miss Chen Wei, whom I invite the guests have any questions for me?"

the security chief For a moment, he shook his head, "No, no problem."

"If it's okay, it won't let go." Anita sneered.

The side of the security captain is about to make way.

At this moment, those who chewed the roots of their tongues were also surprised at the moment. They did not expect that these two mainlanders were actually invited by a big star like Anita.

However, just when Chen Fei and Wei Ling had just stepped onto the deck, a trembling angry voice rang out, "They can't go in."

Looking around, I saw that it was the crew who had just been taken out of the sea. Duan Feixuan, who was wet and wet.

Anita stared at Duan Feixuan, and said, "Do you want to stop my guest?"

Duan Feixuan looked suffocated, his expression flashing. After all, his coffee position, compared to Anita, is much worse.

But at this time, Chen Fei was so angry that he could not bear it. So, he directly stood up to Anita and said, "I have great respect for Miss Anita. But these two guys, who shot me, left me to the sea. This kind of bad behavior, even if they are Miss Anita, Your guests, I have to make a statement anyway. "

At this moment, many other people who have come to watch around have also been busy talking about it.

Among the words, many people support Duan Feixuan.

In such a situation, Anita could not help but frown for a while, ready to open up directly.

However, at this time Chen Fei glanced and found a somewhat familiar figure, could not help but shouted: "Director Huang." Director Huang

of Xiangjiang Radio Television, who was hanging out at the upper level, heard the call and turned his head. It was found that Chen Fei couldn't help but be surprised, and hurried over.

At this time, Duan Feixuan also saw Director Huang, and could not help changing his face. He quickly showed a respectful expression and greeted: "Hello, Mr. Huang." R />

The brokerage company signed by Duan Feixuan is the brokerage company under the TV station. Duan Feixuan is also a signed artist of the TV station. Therefore, Director Huang can be said to be his boss. When Duan Feixuan saw him, he was naturally respectful.

Director Huang was shouted by Chen Fei's voice, and he didn't even notice Duan Feixuan.

At the moment, when he saw the wet Duan Feixuan, he couldn't help but frown and said, "How are you doing this?"

Duan Feixuan suddenly pointed to Chen Fei, and looked like a complaint. , Just now, they ... "

Then, Duan Feixuan added fuel and vinegar for a while, describing the matter just now. Even brought Anita, this is to use the identity of Director Huang to suppress Anita.

After listening to this, Director Huang looked very gloomy, and his body even shivered with anger.

Such a situation could not help but delight Duan Feixuan. Secretly said: "It seems that these two guys really angered Director Huang. When Director Huang comes forward, even Anita, they can't keep them."

"Nonsense!" At this time, Director Huang burst into anger. drink.

Duan Feixuan's heart was even more refreshing, and he nodded, then said to Chen Fei: "Huang Taichang said that you are nonsense, did you hear-"

However, he did not finish his words, Huang Taichang's "slap" slapped in Duan Feixuan On the face, he glared and sneered, "I'm talking about you nonsense."

Duan Feixuan was stunned at once. He was confused, covering his swollen cheeks, and looked aggrieved. "Taiwan Huang, you, you How to hit me, I am the victim. I— "

" Victim! "Huang Taichang turned and slapped again, drawing on the other side of Duan Feixuan's face.

Then he said in a deep voice: "Do you know what Mr. Chen is, just talking nonsense here."

"He, he is not a guy from the mainland, what qualifications-" Duan Feixuan looked aggrieved.

Director Huang glared at him fiercely, and bluntly said, "You fart. Mr. Chen is now the deputy general manager of the Autumn Group. At the same time, Mr. Chen is also a friend of Director Xu and a benefactor of Mr. Browning. Do you say that you are not qualified or Mr. Chen is not qualified? "At

this point, Duan Feixuan was dumbfounded. He didn't expect Chen Fei to have so many identities in Xiangjiang. He was speechless.

Huang Taichang looked at Duan Feixuan, who was stunned, and shouted: "What is he doing, he apologizes to Mr. Chen."

Duan Feixuan was tragic and grieved, but there was no way but to step forward and bow down and apologize to Chen Fei, " Mr. Chen, I'm sorry, I was wrong. "

Chen Fei waved his hand coldly and said:" Your apology, I don't want to accept it. You just thought that I was not eligible for this party, now, I think you are not eligible for this party. Get off the boat! "

" Uh-- "Duan Feixuan was shocked, unwilling to leave.

After all, to participate in this kind of party, but he has a good chance to build relationships and meet people. Now, of course, to lose this opportunity, he certainly can't bear it.

But at this time, next to him, Director Huang had roared, "Did you not hear me? Or should I send someone to throw you off the boat?"

Duan Feixuan shook his head in panic. Disembarked with a climb.

At the same time, Huang Tai smiled and faced Chen Fei on board. The so-called high-profile people around him who had some opinions about Chen Fei just now greeted Chen Fei with a smile on his face.

Such a situation comparison suddenly made Duan Feixuan feel particularly bleak, and his heart was cold.

## Chapter 954

After the matter of Duan Feixuan was resolved, Chen Fei and Wei Ling immediately followed Huang Tai and Anita on board.

After everyone greeted each other with greetings, it didn't take long before the cruise ship departed directly in a whistle.

As the cruise ship left the port, the atmosphere on board suddenly became lively. The dance floor of various receptions gradually became more lively.

Some big-name figures who had just dressed up now seemed to be taking off their usual disguise as the cruise ship departed from Hong Kong, and began to play wantonly. Drinking and dancing, there are even people who go up and down.

Under such circumstances, Chen Fei and Wei Ling could not help but feel a little stunned. "This is--"

However, other people are obviously surprised. They have long been familiar with this scene, and there is no superfluous surprise at all.

Anita looked at the surprised Chen Fei and Wei Ling and explained aloud: "These are all normal conditions. After all, although the status of these high society Xiangjiang people is high, their character and temperament are not necessarily better than ordinary. How strong are people. On such a cruise ship equivalent to an independent space, they naturally release themselves. "

Chen Fei and Wei Ling nodded and could understand this kind of thing.

Immediately, Anita said: "Now this is just the beginning, waiting for the cruise ship to come to the high seas. Real appetizers will be staged."

"Real appetizers?" Wei Ling was surprised.

Anita whispered: "In our country, pornography is prohibited. But on the high seas, the legal provisions no longer apply, and some people will naturally let go. You understand."

Chen Fei and Wei Ling heard , I understood immediately, but frowned frantically. For this situation, they do not like it.

Anita said a little helplessly: "The world is like this. Some people with bright appearances and private appearances are not what ordinary people can imagine."

Chen Feidao: "It's enough for us to do ourselves well."

Anita said: "Okay, don't look at these. Let's go talk to a few people. Although there are many of them, there are also a lot of people who are clean. "

Chen Fei and Wei Ling nodded and immediately followed Anita to introduce the greetings, but they met a lot of people."

At this time, the cruise ship has completely left the port, and there is already a vast ocean around it. The atmosphere on the cruise ship is getting more and more lively. The sounds of music, wine and dancing are mixed together, as if turning the cruise ship into an island amusement park floating on the sea.

Chen Fei and Wei Ling also knew a lot of people at the moment.

At this moment, Anita beckoned to Chen Fei and said, "A Fei, come here."

Chen Fei walked over and Anita pointed to a group of people on the front deck, and said to Chen Fei: "Those are the big brothers of the Xiangjiang pharmaceutical industry, I Take you to know it. See if you can help them find the herbs you want. "

This is one of the important purposes of Chen Fei coming to this cruise party. Chen Fei naturally agreed. Sister Ling said and said goodbye to the people here, then Chen Fei picked up a glass of wine, and Anita walked towards the group of people.

Anita smiled happily, and walked past familiarly, said: "Boss Chen, President Huang, Manager Liu, I have a toast to you."

Anita, a young and well-known international star came to toast, the group of bosses suddenly With a smile on his face, he picked up his glasses and greeted him.

Toasting, toasting, and drinking, Anita had a few more blushes on her face, and her pretty cheeks seemed more ruddy.

Then, Anita looked at Chen Fei and

introduced to them : "Boss, this is Mr. Chen Fei Chen. The deputy general manager of Autumn Group is also my friend."

"In addition to running cosmetics, Mr. Chen was also an accident. At the same time, I was also a doctor. So I brought Mr. Chen to meet you."

Several bosses heard Chen Fei's identity and were slightly surprised. come.

After all, this group of bosses, which is not an elite. Whether you want to know Chen Fei or not, on this occasion, under the introduction of Anita, she will always give some face.

"It turned out to be Mr. Chen, long

admiration, long admiration !" "In addition to being the boss, Mr. Chen was originally a doctor. It's really admirable."

"Mr. Chen's name, this time, was like a thunder in Xiangjiang."

... .. after

some warm talk.

Chen Fei smiled and picked up the glass. He said to everyone: "Every boss is polite. I am a newcomer. I have come to Xiangjiang for the first time. I have to rely on everyone to take care of it."

After all, I have to ask others for help. Very low, took the initiative to toast a glass of wine.

Anita greeted a few more words, then mentioned the topic, and smiled to the bosses, "Boss, Mr. Chen recently had a friend who is sick and needs a special herbal medicine. Every boss is a big man in the pharmaceutical industry, If it 's convenient, let 's see if it 's convenient. "

Several bosses heard it, paused a little , and hurriedly said:" Since Miss Ann has spoken, we will naturally help. "

" Mr. Chen, what do you want? What is it called a herbal medicine? "Someone asked.

Chen Feidao: "What I need is a herbal medicine called Chiyan Longyangcao. Because it is related to the life of my friend, if your boss has news, please tell me if you have any trouble. I am willing to do everything to replace this Chiyan Longyang grass."

Several bosses heard the words and suddenly nodded.

"Chen is always our friend, I am busy, I must help."

"That is, save one's life and win the seven-level float. If there is news, I will inform Mr. Chen you."

"I will call now Let my people check to see if there is any news about Chiyan Longyangcao. "

.....

Chen Fei quickly thanked him , took a glass of wine, and toasted the bosses of various pharmaceutical industries.

Several bosses politely picked up the wine glasses, touched each other's glasses, and immediately prepared to drink.

But at this moment, a ridiculous Bingren voice rang out, "Oh, this side is very lively!"

Hearing the voice, the group of people looked at him in unison. I saw that the man was a young man who was twenty-three or fourteen years old. The man dressed as a British gentleman, especially in his right hand, also held a cane, which looked a little special.

When I saw this person, the big bosses at the scene suddenly changed their faces, and hurriedly greeted them with their glasses.

"Jiang Shao, you are here."

"Jiang Shaohao, we were still looking for you just now, and said to toast you?"

"Jiang Shao, we toast you a cup!"

... In the voice, a group of bosses brought Toasting, the young man toasted.

But at this moment, Jiang Shao snorted but did not mean to raise his glass to respond. Instead, he glanced at Chen Fei, and then said coldly to the bosses: "You guys, just prepared to respect that guy. ! Respect his wine, now respect me, I can't afford to lose this person. "

## **Chapter 955**

As soon as this remark came out, all the bosses with a smile on their face changed as soon as they looked at them. Chen Fei glanced at Jiang Fei, and then looked at Jiang Shao, his eyes showing doubt.

Someone said with a smile: "Jiang Shao, this is Mr. Chen Fei Chen, the deputy general manager of Autumn Group. Just now, it was Miss An

. She-- " However, Jiang Shao directly interrupted him before he finished speaking. Cold voice: "I know who he is? When I went to Longjiang City, I saw him."

"Longjiang City" and "Mr. Chen" The boss's face changed.

After all, they are all people in the pharmaceutical industry, and naturally understand what happened when Jiang Shao went to Longjiang City a few months ago.

At that time, Jianghuhai Pharmaceutical represented the Alstom antibiotic sales right of Bald Eagle Pharmaceuticals of the United States. As a result, the Alstom antibiotic patent expired, and the other party wanted to force the mainland buyer to increase the price.

Jianghuhai Pharmaceutical even went to Longjiang City and set up a branch to put pressure there.

But unexpectedly, in the end, Longjiang City actually developed an ephedra oral solution to replace Alstom antibiotics, successfully breaking the patent blockade of Bald Eagle Pharmaceuticals. Jianghuhai Pharmaceutical in Longjiang City also went bankrupt. Even Jiang Lingyun, the uncle of Jiangchuan who was in charge of affairs at the branch, was eventually disappeared.

Some people speculate that Jiang Lingyun is most likely dead.

Jiangchuan Jiang Shao was the character who was replaced by Jiang Lingyun back to Xiangjiang at the time.

If you think about it, if Jiangchuan didn't come back and stayed in Longjiang City, maybe the person who ultimately died was not Jiang Lingyun, but Jiangchuan.

Therefore, it is no wonder that Jiang Chuan is so angry.

Thinking about these things, the boss of the pharmaceutical industry suddenly changed color, and then looked at Chen Fei, and said to Jiang Chuan: "Jiang Shao, he, he was Chen Fei of the Chengcheng Pharmacy at that time?"

Jiang Chuan stared at Chen Fei and gritted his teeth. : "It's him."

"Now, do you still want to toast me with wine that honors him?" Jiang Chuan asked.

Several boss suddenly change color, quickly put down the hands of the glass, quickly shook his head and said: ".. Small river, we do not know him and you have such a grudge if we know it, we will not be contacting him ' '

is Jiang Shao, this person cheated us, we are not familiar with him at all! "During the

talk, several bosses quickly left Chen Fei and rushed to Jiang Chuan, then glared at Chen Fei one by one. And Anita blamed her tone.

"Miss Ann, we kindly and kindly made friends with you, but you harmed us, this is so unreasonable!"

"And the surnamed Chen, what medicine you said, don't think about it. We even found it, I wo n't give it to you either. "

" I thought I would vomit when I thought I had drunk with you just now. "

.....

This situation caused Anita to be a little surprised, a flash of anger flashed on her face and wanted to come out Refuted.

However, Chen Fei shook his head pulled Anita, Chen Sheng said: "Andy, did not need these people and what they argue is the case both ways, I have long been accustomed.."

"But how can they - "Anita was still dissatisfied.

Chen Feidao: "Jianghuhai Pharmaceutical is the largest pharmaceutical company in Xiangjiang, and they turned to Jiangchuan. I was not surprised."

Anita looked anxious and said,

"A Fei, what about the medicine?"

Chen Fei narrowed his eyes and said, "I didn't expect much from them about the medicine. Besides, I I will find a way. "

In this case, Anita did not say much, and immediately turned around, preparing to leave with Chen Fei.

But at this time, Jiang Chuan snorted and said, "Why, just want to leave so simple?"

Wen Yan, Chen Fei stopped and turned to look at Jiang Chuan, coldly said: "What do you want?"

"Want what Jiang Chuan snorted, glaring at Chen Fei angrily, gritting his teeth, "I have a fresh memory of the hand you shot at me in Longjiang. Now, when you arrive at Xiangjiang, I want to double everything I have ever returned." Come back. "

Jiang Chuan clapped his hands while talking, and four burly bodyguards appeared suddenly behind him.

Seeing this, Chen Fei raised his eyebrows and said in a cold voice: "Are you going to do it with me? Have you thought about it?"

Jiang Chuan heard the words, and she couldn't help flashing a strange color in her eyes. However, he immediately thought that his four bodyguards, but carefully selected masters, suddenly felt confident again.

So he waved: "You go together and give him a lesson--"

But, just before Jiang Chuan's voice was spoken, he hadn't finished speaking. Suddenly he felt a black shadow flash in front of his eyes and rushed directly to him.

Immediately, Jiang Chuan felt his throat tighten, and the whole person was lifted up directly.

A feeling of suffocation suddenly rushed up, making Jiangchuan feel a breath of death approaching.

Suddenly, the fear of death continued to strike, causing Jiangchuan to wave his hands in horror, and a horrified voice came out of his mouth, "Release, let me go, hurry--"

However, his struggle, for Chen Fei, It has no effect at all.

The four bodyguards were shocked for a while, and only then did they recover, and quickly sidled toward Chen Fei after drinking.

"Quickly put down Jiang Shao!"

"Looking for the dead guy."

... In

a burst of shouts, Chen Fei slammed with his left hand, and just flew them out without waiting for them to get close. .

The four bodyguards were beaten on the deck and passed out directly, without any effort to fight back.

As time passed, the air inside Jiangchuan seemed to be squeezed out. His cheeks started to redden and even turned a little purple.

At the moment, Jiang Chuan, his limbs are no longer struggling, and his face has been darkened. If he continues, he may really be strangled by Jiang Chuan.

At this moment, a rush of footsteps came.

One of the familiar voices shouted, "Mr. Chen, don't be impulsive."

Chen Fei turned around and found Director Xu of the Xiangjiang Police Station, and a middle-aged man with a group of uniformed security guards in a hurry Trotting over.

"Director Xu!" Chen Fei was a little curious.

Director Xu knows Chen Fei's identity and knows that he is a special instructor of Linglong. People in this special department are definitely not in a position, but they really dare to kill.

So, Director Xu quickly explained: "Mr. Chen, this is the owner of the cruise ship and the organizer of this party, Xie Boss. Do you have anything to say, please put down the person first and then say?" The

Xie Boss also very nervous: "Mr. Chen, you, don't be impulsive!"

## Chapter 956

Chen Fei did not want to embarrass Director Xu and immediately let go, leaving Jiang Chuan on the deck. Then clapping his hands, he walked in front of Director Xu indifferently and asked, "Old Xu, why are you on the cruise ship?"

Director Xu explained quickly: "Mr. Chen, I was invited by the boss Xie. The cruise ship was responsible for the safety of this party."

"Oh, that's what it is!" Chen Fei nodded, then pointed at Jiangchuan, who was lying on the deck and gasping for breath, explaining, "The situation just now, but he first found the difference, I just passively counterattacked it. I have no violations!"

"No violations, no violations." Xu Xu quickly shook his head. At this moment, he almost cried out, even if you Mr. Chen really violated the rules, how dare I catch you!

Chen Fei heard the words and said lightly: "Since there are no violations, let's go. Let's talk in the past."

Chen Fei walked away with Anita, Director Xu and boss Xie.

Seeing this scene, the bosses of the pharmaceutical industry just now were all stunned, their faces full of incredible colors.

They did not expect that Chen Fei smiled before them just now, and even Chen Fei was respectful. In an instant, he became so fierce that he shot directly against Jiang Chuanjiang and even nearly killed him in public.

For a time, these bosses couldn't help but a cold rush from the back of the heart, the back was cold, and the clothes were completely wet.

At this time, Chen Fei and Director Xu had come to a separate small room. Director Xu introduced them. After meeting Chen Fei, Director Xu said that he had something to talk with Chen Fei. Boss Xie left.

Anita also took the initiative to stand up and said: "A Fei, I'm going to see Sister Ling, you chat."

Chen Fei nodded and sent Anita out.

Then, Chen Fei looked at Director Xu and said,

"Old Xu, what's the matter, so mysterious and mysterious." Director Xu looked a little serious and said to Chen Fei: "Mr Chen, the seafood you asked me to check some time ago. There are some clues about the matter now."

"The seafood matter, there are clues, so fast!" Chen Fei was a little surprised.

A few days ago, after Chen Fei cured the little fat man Eric again, he remembered the judgment when he was treated in Longjiang City at that time. The little fat man Eric had eaten unclean seafood and was suffering from poisoning.

However, after the treatment, Winnie and Anthony left Eric with Chen Fei, and Chen Fei could not verify his judgment.

And this time, treat Eric again. During the treatment, Chen Fei confirmed that Eric's condition was caused by unclean seafood.

According to Eric's parents, Winnie and Anthony, the seafood they gave to Eric was bought at a local high-end seafood chain called "Beibei Xian" in Xiangjiang. The seafood here has always been under the slogan of authentic local production of Xiangjiang. Among the middle class of Xiangjiang, it has been selling very well.

Worried about causing a large-scale poisoning incident, Chen Fei, after learning of this news, contacted Director Xu at that time, told him the matter, and asked him to investigate this "bebexian" seafood shop.

Thinking of this, Chen Fei narrowed his eyes and asked Director Xu: "What result did the investigation have?"

Director Xu said with a serious face: "We secretly sent someone to visit Beibeixian Company secretly, trying to find

some products, after testing, it was indeed in their products, and several batches of seafood products containing toxins were found. "

" Really poisonous! "Chen Fei looked serious." If this is the case, it must be recalled as soon as possible. Sexual poisoning incident. "

Director Xu nodded and said: "We are already dealing with it. Beibeixian has started to recall the products. Our investigators are also investigating the clues. Now we have locked a few seafood breeding bases and are investigating the situation. Once the situation is determined, . action soon, "

Chen Fei nodded and said: "this kind of thing must not be careless, and must act as quickly as possible, the hospital, beating well with preparation, prevention of large-scale poisoning. "

Xu The Secretary said: "Okay, I immediately contacted them by satellite phone to let them inform this matter."

"Well!" Chen Fei nodded, and the two chatted a few more words.

At this time, there was a broadcast on the cruise ship, "Now, the cruise ship has reached the high seas area."

Upon hearing the broadcast, Director Xu could not help but get up and said to Chen Fei: "Mr. Chen, I am going out to take charge of safety work."

Chen Fei said, saying : "What's wrong?"

Director Xu smiled bitterly and pointed up to the radio, saying: "Now in the high seas area, some prohibited projects can now be carried out. Those people, once they play Hi, it is easy to conflict. So , I have to go patrol. "

Chen Fei nodded understandingly, said:" Let's go out together. "The

two left, and Director Xu went busy.

Chen Fei was also walking on the cruise ship, looking around, looking for the traces of Sister Ling and Anita.

Walking all the way, as expected, Chen Fei found that on the high seas, the program on the ship was much more powerful than just now.

The dance floor of the bar is still hot, and now there are more gambling venues and colorful venues, and the popularity is full. A group of people shouted in excitement. They were all well-dressed at the moment. A primitive beast, in this fanatical atmosphere, released his most instinctive desire.

This fierce and even fanatical atmosphere made Chen Fei frown, and there was a trace of worry in his heart, speeding up his pace, searching his eyes, looking for the traces of Wei Ling and Anita.

As Chen Fei looked around, Chen Fei's eyes suddenly flashed and he locked on a gambling table.

At the moment, Wei Ling and Anita are sitting in one position, and in the other positions are a group of middle-aged and elderly men with red faces. One by one, all eyes were glaring, staring at Wei Ling and Anita wretchedly.

Wei Ling and Anita seem to have just ended a game and lost the chips in front of them.

Then, Wei Ling got up and wanted to say goodbye, "Boss, I'm sorry, I'm not going to play, say goodbye, you play."

However, the other few people seem not to want Weiling to leave like this, one by one. Road.

"Manager Wei, you won't play with these three, you are too disappointed!"

"Yes, Manager Wei. The autumn group is so hot in Xiangjiang now, Manager Wei made a lot of it. Is this little money Can't afford to play? "

" In this case, the strength of the Autumn Group is somewhat doubtful! So, how can we cooperate?"

## **Chapter 957**

The bad words made Anita and Wei Ling both frowned. The hesitation appeared on their faces, and their expressions seemed a bit embarrassing.

At this time, people in other positions on the gambling table seem impatient. Among them, a middle-aged man in his forties or fifties opposite Wei Ling was very polite and said directly: "Manager Wei, you have to figure it out. We are looking at Miss An's face. On this,

I am willing to give you a chance to play a few with you. You are not playing now, are you teasing us? " " I didn't-- "Wei Ling wanted to explain.

Anita also smiled at the moment, wanting to round the court, "Mr. Li, this matter is really a misunderstanding, we--"

However, this Mr. Li seems to not give Anita a face and interrupted her directly, saying: "Misunderstanding? Miss Ann, we are all grown-ups. Do you think we will believe this excuse?" As

soon as the words came out, several other middle-aged men nodded one after another, with unpleasant faces. color.

This situation made Wei Ling and Anita embarrassed for a while.

At this moment, Chen

Fei came over and came to the second daughter, and asked softly, "Sister Ling, Xiao An, what happened?" Seeing Chen Fei coming, somehow, Wei Ling and Anita both loosened Breath, I feel an inexplicable peace of mind.

Immediately, Wei Ling whispered quickly and explained to Chen Fei: "These are the big brothers in the Xiangjiang cosmetics industry. Just now, Miss An has helped me get in touch with them and met them. I just wanted to talk to them and have a drink Never mind. As a result, they did n't expect that as soon as the cruise ship arrived on the high seas, they started to gamble and took me to play together. "

" I did n't like it, I played with them a few. As a result, they all lost. So, I do n't want to play, but they are not very happy. "

After listening, Chen Fei understood the whole process, nodded and asked in a low voice: "Sister Ling, how much did you lose?"

Wei Ling pointed to the few chips left at his table and said: "I exchanged 500,000 chips, and I lost 400,000 with three chips. This is too fast."

Wei Ling's cheeks appeared on his face during the speech.

Chen Fei understands Wei Ling's idea. As the manager of the personnel department of the Autumn Group, Wei Ling also serves as a director of the president's office, and his annual salary is more than 5 million. Coupled with the shares of the autumn group that he holds, the value has exceeded 100 million.

Hundreds of thousands of yuan lost, compared to her worth, is nothing. But Wei Ling looked at the company and grew up a little bit, understanding the difficulties of making money. Therefore, I didn't want to lose the money in this kind of gambling, so I didn't want to play, and the conflict just happened.

Chen Fei and Wei Ling whispered for a while, making the people on the table even more impatient.

Mr. Li directly said politely: "Manager Wei, what do you mean by letting us wait for so many people?"

Wei Ling changed his face, and Chen Fei directly touched the remaining 100,000 chips. Dao: "Let's play, we won't play."

After that, Chen Fei will pull Wei Ling away.

But at this time, the people on the opposite side were not happy, and said coldly: "Your Autumn Group, it's really a big name! If you want us to play with us, we have to play. Now, if you don't want to play anymore, just leave. It seems that we haven't taken our eyes at all! " R /> Several other bosses, at this time, also unpleasantly echoed.

"Mr. Wei, if you don't give face so much, the cooperation I said before will not be necessary."

"It doesn't matter if you don't give me the old yellow face. But if you don't give face to Mr. Li of Meizi Cosmetics Co., then it's a bit unreasonable."

.....

"Meizi Cosmetics Co.!" Chen Fei felt the name Somehow familiar, he immediately looked at the opposite Mr. Li and said, "Li is always a member of the Li family?"

At this moment, this Mr. Li looked dull and looked coldly at Chen Fei, saying: "It seems, You recognized me. My name is Li Yuanfei, and Li Dong is my son. "After

hearing this, Chen Fei's face could not help but sink, and then looked at Wei Ling, said:" Sister Ling, he is from the Li family. The cooperation they said was impossible from the beginning. "

Wei Ling also understood at the moment, after all, the conflict between Autumn Group and Meizi Cosmetics Co. was not long ago. Chen Fei not only hurt Li Dong, but also Li Dong, Li Dong's cousin. Definitely an enemy of the Li family.

Therefore, from the very beginning, Li Yuanfei did not mean cooperation at all. It was just through the name of cooperation that Wei Ling entered the game and won her money at the gambling table.

Knowing this, Wei Ling couldn't help showing a look of anger on her face, and then said to Chen Fei: "We're gone, there's nothing more to say to them."

Since we know that cooperation is impossible, there is no need to please them. Wei Ling is going to leave directly.

But this time, it Liyuan Fei Leng Heng heard, said: "So try to leave, it seems, will not you really looked down on us ah If so, fall is the common enemy of our group of Lights cosmetics industry!." "Is

, I support Mr. Li's words. "

" To deal with the enemy, we will not be merciful. "

.....

A wave of echoes and threats made Wei Ling's face sink. She glared at Li Yuanfei and screamed, "What the hell do you want?"

Li Yuanfei smiled and said, "We don't have any excessive requirements, just let you obey It 's a rule. Play at least ten and then say it. Otherwise, do n't go to the gambling table. "

" You— "Wei Ling is furious. This is almost forcing Wei Ling to send them money at the gambling table. How does Wei Ling agree? .

Just when Wei Ling was about to refuse, Chen Fei pulled Wei Ling, and then said to Li Yuanfei, "Isn't it ten? Then I will play with you."

"Chen Fei, they-- " Wei Ling Pulled Chen Fei's clothes and persuaded.

Chen Fei cast a reassuring look at Wei Ling, gently pinched Wei Ling's jade hand, and said: "Relax, I will not lose."

"Oh, Mr. Chen is very confident!" With a smile, he glanced at the surrounding bosses and smiled at each other.

They are all old acquaintances, and they are absolute old friends at the poker table. Moreover, in addition to tacit understanding, some of their methods are very skilful.

Chen Fei did not seem to see their eyes in general, still smiling, confident and said: "Of course I just confident, ten pairs for me, may not be enough, do not pass the addiction ah.!"

His words, let Liyuan Fei they are smiling, and said: "Then it's not fun, then how much does Mr Chen wanted to?"

## **Chapter 958**

Chen Fei paused for a moment, waved his hand, and said, "Then come first twenty, if not, then continue to play."

"Twenty!" Li Yuanfei their eyes lit up Then, he looked at Chen Fei and said, "Mr. Chen should figure it out in advance. At our table, the minimum is one hundred thousand and twenty, can you afford it?"

"Can I afford it?" Chen Fei Leng snorted directly and pulled out a VIP black gold card that could be overdrawn by 100 million, and fell on the gambling table. With an arrogant tone, he said, "I have never encountered a gambling game that I can't afford. "In

such an upstart style, Li Yuanfei was not annoyed by a few people, but instead smiled at each other and became more and more happy.

They are at the gambling table, but have encountered such arrogant upstarts. The more arrogant such people are, the worse they lose in the end, and the more they earn.

So, Li Yuanfei nodded and said, "Since that is the case, then sit down and play."

Chen Fei sat down and Li Yuanfei gestured, ready to be dealt.

But at this time, Chen Fei waved his hand and stopped the dealer, saying: "Texas Poker, it's too slow, but it's not

addictive . Hurry up, it's the best." Li Yuanfei raised an eyebrow and said, "Do not play Texas Hold'em What does Mr. Chen want to play? "

Chen Fei, with a pensive look, immediately grabbed a dice and shot it on the table,

saying : " Come directly, shake the dice, guess the size. Dare to play? " Li Yuanfei they heard He couldn't help but stunned, glanced at each other, and seemed to be discussing the situation. After all, when playing Texas Hold'em, these old acquaintances can cooperate with each other and even play tricks in secret. It is very convenient.

But when playing dice, it seems to be pure luck.

Several bosses were worried, but Li Yuanfei nodded to them and made an ok gesture in secret.

Then, he smiled at Chen Fei: "Isn't it just the dice? There is nothing to dare."

"Then play." Chen Fei said that it was about to start.

However, Li Yuanfei stopped saying: "You have to change to a new game, you have to change to a new set of equipment. Does Mr. Chen mind?"

During the speech, Li Yuanfei had asked the staff to change to a new pair of dice Gu and dice.

"Does Mr. Chen check the equipment?" Li Yuanfei handed over the things.

Chen Fei waved his hand, said: "Nothing good check, we are beginning to face the people, but also the old thousand do not?"

Wen Yan, Li Yuanfei their eyes flashed a touch of color, a laugh, then said: "So, Let's get started. Who is

sitting in the village ? Mr. Chen is arrogant, is he going to sit in the village ? " Chen Fei waved his hand and said," For fairness

, let's sit alone once. "

You know, there are four people in this group of old friends, and Chen Fei is only one person. The four of them all know the special operation method in this Gu Gu equipment. It is not up to them to get bigger or smaller by then.

And Chen Fei, it is impossible to know that there is a problem with this Gu Gu, so I can only guess by luck.

If they take turns to sit in the village, the four of them, once for each person, can guarantee that Chen Fei will lose. And once Chen Fei sat down, even if he was lucky, he would win every time, and he would eventually lose his blood.

With such consideration, the

outcome seems to be doomed at the beginning of this game .

As a result, the smiles on the faces of the four people were very bright.

"Then let me sit down first!" Li Yuanfei said first.

Chen

Feidao: " Okay , let's go, don't bother, like a lady ." Li Yuanfei heard, he could not help but look down, but when I thought of waiting for Chen Fei's bloodless scene, he couldn't help but feel refreshed. So, he didn't care about these words anymore, he just started to pick up the dice Gu and started to shake.

After shaking for a while, Li Yuanfei put the di Gu on the table and said: "You can bet."

Chen Fei directly threw the last remaining 100,000 chips of Wei Ling on the table and said: "Big! Big. "

Seeing the other three bosses, he glanced at Li Yuanfei, and then all put the chips to a small position, said:" We are small. "

" Both are small? "Chen Fei looked at several people.

The three smiled and said, "Just play around."

Chen Fei didn't say much, looked at Li Yuanfei, and said: "Mr. Li, open it."

Li Yuanfei glanced gently at the corner of his mouth, showing a smile, then The finger lightly pressed a small hidden place behind the dice Gu.

Suddenly, there was a slight sound inside the di Gu, which seemed to be the sound of the dice rolling.

Hearing the sound, Li Yuanfei settled in his heart and smiled on his face. He looked at Chen Fei and said, "Then I will open it."

"Let's go!" Chen Fei waved his hand, and then his palm fell on the table.

Such an ordinary action, Li Yuanfei they will not even notice. Moreover, even if they noticed, it was impossible to detect the dark energy Chen Fei secretly shot. At this time, the dice in Dice Gu had been shocked.

At the moment, Li Yuanfei, with a smile on his face, uncovered the Gu Gu and said: "It's open, it's small, Mr. Chen, you lost."

Said that Li Yuanfei would reach out and take Chen Fei's chips, but Chen Fei did not open Li Yuanfei's hand and raised his eyebrows: "Mr. Li, you wouldn't have bad eyes. These four, five, six, and fifteen, are absolutely big, why is it small?"

Li Yuanfei looked down and found out The dice in Dice Gu actually turned out to be four, five, six, and could not help being surprised, frowning, and whispered, "How come, I am obviously--"

Halfway through the words, the boss next to him coughed quickly and interrupted Li Yuanfei said, "Mr. Li, it's my turn next."

Li Yuanfei knew that he was almost leaking . He closed his mouth and quickly passed the di Gu, then said: "Lao Huang, it's your turn, You should pay attention to it! "

After that, Li Yuanfei bit his face bitterly and gave Chen Fei a bargaining chip.

Seeing this, Chen Fei smiled and said: "Mr. Li, this one, you won 300,000 of the three of them from Huang, and then you lost my 100,000. You still earned it, how worried?"

Li Yuanfei thought It's almost going to scold the mother. The four of them are almost one. There is no winning or losing. So, in fact, he lost the game.

But such words cannot be said. Therefore, Li Yuanfei only laughed and concealed: "I didn't frown, but I felt I was too small to be interested."

"Oh, that's what it is! Then this time, I play bigger. 200,000 It is still overwhelming. "During the speech, Chen Fei threw away the one hundred thousand chips he had just won and made up two hundred thousand.

Chen Fei's bold betting method really surprised Li Yuanfei.

## **Chapter 959**

However, the more Chen Fei went down, the happier they were.

So, Li Yuanfei gave Huang a wink and signaled him to continue.

Lao Huang immediately began to roll the Gu Gu, and then let everyone bet. Undoubtedly, Li Yuanfei and the three of them are different from Chen Fei, and they became small.

When opening the dice Gu, Lao Huang was very careful this time. He stared at the small organ below, determined the position, pressed it lightly, and heard the sound, and then opened the di Gu.

What he didn't notice was that after he pressed the small organ, Chen Fei reapplied gently on the table.

Dice Gu was opened, and with the lessons of Li Yuanfei just now, Lao Huang did not directly announce the result, but bowed his head to confirm it, and then announced the result.

And this confirmation, he was dumbfounded. Because, among the dice Gu, the three dice, this time is five, six, six, seventeen, and it is big.

"How could this be?" Lao Huang's face was startled and his face was puzzled.

It was Chen Fei. At this moment

, he looked delighted and said, "Haha, I guessed it again. President Huang, 200,000, pay it." President Huang looked uncertain, glanced at Li Yuanfei, and cast one inquiring eyes.

Li Yuanfei nodded gently, and President Huang didn't say much and compensated Chen Fei for the chips.

Next, change the next one. Chen Fei once again made a very bold bet, even the profit and loss of 400,000, directly threw it into the big.

This time, this man was very cautious and almost confirmed four or five times before he pressed the small organ.

However, when he turned on the machine again, the scene made him dumbfounded. Because, the dice points are again big.

After three rounds, Chen Fei's original capital of 100,000 yuan was directly turned into 800,000 yuan at the moment.

This situation made Li Yuanfei a little dumbfounded.

After losing three in a row, several people's faces changed. The last person seemed to hesitate, considering whether to continue playing.

Seeing this, Chen Fei mocked: "Why, you just lose this, you can't play anymore. A few of them are big bosses, and you don't even have this net worth. Moreover, President Li just said it just now, Is there a minimum of ten? "

Such a mockery made Li Yuanfei have to continue.

But this time Li Yuanfei made another set of equipment.

However, when the result was announced, they were dumbfounded again, and still the overwhelming Chen Fei won.

Four down, Chen Fei has turned to 1.6 million.

Next, it was Chen Fei's turn, and Chen Fei took a dice and shook it a few times, taking a random photo on the table. Then they said to Li Yuanfei: "Mr. Li, you should bet."

Li Yuanfei hesitated for a while and did not know how to bet.

But at this moment, Li Yuanfei's sharp-eyed discovery. Chen Fei turned to hide the side of the small organization and faced him.

Judging from the sign on the organ, this dice should be small.

So, Li Yuanfei did not hesitate, took out a stack of chips, and directly patted, said: "Five million, next small." At

this time, several other bosses, could not help but a little surprised, did not expect Li Yuanfei to be so scared .

Li Yuanfei gave them a wink, and they immediately understood the meaning. Suddenly, there was a lot of learning, and all of them were shot five million.

All four are five million. If Chen Fei loses, he will lose 20 million.

Chen Fei was also surprised at the moment,

saying : "Several bosses, they were still under hundreds of thousands of hundreds of thousands of people, why did they suddenly play so big?" Li Yuanfei looked indifferent, saying: "a little bit It 's boring, it 's not as good as the bigger one, which is enough to stimulate. "

" Is it? "Chen Fei smiled and said, " The stimulation is good, but I like to stimulate it. "

" Then I opened it. "Chen Fei opened it immediately. Dice Gu.

And dice Gu looked at it, the points inside are still large.

At this time, Li Yuanfei was dumbfounded.

After all, they paid a big price for this, but they didn't expect to lose.

For a time, the four bosses all had their faces sinking, and their expressions were very ugly.

Chen Fei looked like a surprise, gathered a bunch of chips back directly, and smiled: "It's really exciting, I didn't expect that this one won so much!"

At the moment, Wei Ling and Annie beside Chen Fei Tower, eyes are straight.

They didn't expect Chen Fei to bet on such a fierce win that he won five straight. Directly turned the 100,000 yuan just now into more than 20 million. This rate of making money is too fast.

At this time, Li Yuanfei and others were so sullen that their faces were ugly.

They stared at Chen Fei fiercely, gritting their teeth with suspicion: "Mr. Chen is so lucky, he won five

straight !" Chen Fei said, raising his eyebrows. What does it mean, doubt me? Or, dare not play anymore. "

As soon as this remark came out, President Huang and his bosses looked a little hesitant.

But Li Yuanfei's face sank, and said coldly: "There are only five of them, what dare not play. Moreover, it is my turn to sit down next. I can expect Mr. Chen Chen to play a big one?"

"Big, how big?" Chen Fei looked interested.

Li Yuanfei pointed to the chips on Chen Fei's desktop and said: "A set of winning and losing will put all on the desktop. Does Mr. dare dare?"

"All press! You mean, more than 20 million?" Chen Fei looked surprised.

Li Yuanfei gritted his teeth and said, "Not only, but also your black card, Mr. Chen."

"The black cards are all pressed, then more than 120 million." Chen Fei exclaimed, "Li always wants to play so big "

Li Yuanfei laughed sarcastically and said, " Why, Mr. Chen is afraid? "

Chen Fei laughed: " Isn't it money? If I lose, I earn something, I have nothing to dare. "During the

speech, Chen Fly pushed the black cards and chips all up and shouted:

"12,600,000 , I have all pressed." "Okay, Mr. Chen is really bold enough." Li Yuanfei laughed.

"Let's get started!" Chen Fei urged.

Li Yuanfei heard the words, but shook his head with a smile, said: "No hurry, this, we play so big. We must find professional people."

Li Yuanfei clapped his hands, and then a tall white foreigner left Over here.

Li Yuanfei introduced: "This is Mr. Hill, the trump card of Omen's famous Zijincheng Casino. For this, let Mr. Hill come to mention our dice roll!"

Seeing this foreigner, Mr. Huang and others couldn't help but change his eyes, his face showing excitement.

After all, they knew clearly that this Hill's means at the Zijin City Casino. This person in the industry called "Thousand King" generally exists. He can have whatever results he wants, and he can almost guarantee a 100% win rate.

## **Chapter 960**

Chen Fei looked at this tall white foreigner, frowned lightly, and his eyes were a little condensed.

Shen said: "Why should he change suddenly?" Li Yuanfei said, "For fairness, such a big bet. If so Wait for Mr. Chen to lose and say that I, the person who rolls the dice Gu, will have nowhere to avenge his grievances. So, someone else will shake the Dice Gu, so it 's good for you and me. Is n't that true for Mr Chen Do you think? "

Chen Fei was slightly silent, not speaking. The next boss Huang and others started to add oil and vinegar.

"Mr. Chen, are you so hesitant, is there any shameful means?"

"I also feel a little strange, just now that Mr. Chen has won so many in a row, this is good luck."

"Yes, Although there is not much money. But if someone is playing tricks, it is a taboo in the casino. "

.....

Several people talked like this, and it seemed that Chen Fei was forced to the point where he had to agree.

However, at the moment of Chen Fei head down, mouth but flashed a strange smile, then looked up and said:. "That being the case, Mr. Hill to let the dice roll insanity of it"

Liyuan Fei Chen Fei promised to see down, Suddenly relieved, he cast a hint of glance at Hill.

The other party immediately understood and nodded gently.

Immediately, Hill picked up the Gu Gu and began to shake.

I have to say that professional is professional. This Hill, in terms of movement and posture, is much better than Li Yuanfei's. What's more, the huge gambling game here has attracted guests from other gaming tables and watched them over.

Around the gaming table, there have been three layers inside and out, almost waterless.

The sound of the dice rolling around in the dice Gu seems to hit everyone's heart at this moment, making the heart involuntarily nervous.

After all, this is a huge bet on hundreds of millions of yuan!

After a long period of shaking, Hill snapped the Gu Gu to the table with a snap, then gestured to Chen Fei and smiled, "Everyone, you can bet."

Chen Fei put his black The cards and chips were pushed, and they fell directly into the "big" area, laughing: "I'm still

overwhelming ." President Huang saw them and immediately looked at Li Yuanfei, then took out the chips decisively and bet on "small" Area.

Li Yuanfei looked at Chen Fei with a smile-like expression, and said with a smile: "Mr. Chen is very stubborn, and a few came down, and he was overwhelmed."

Chen Fei waved his hand and said, "I just won most of the pressure, I now Naturally I will continue to bet. "

" In addition, there is another important reason. "When

he said this, Chen Fei's expression became serious, as if there were some secrets in it.

Upon seeing this, Li Yuanfei couldn't help but chuckled, secretly tumbling up. Does Chen Fei really have any special means, or that he has seen through the organs in Dice Gu, otherwise, the previous few of them will not win consecutively.

With serious thoughts in his heart, Li Yuanfei's expression sank involuntarily, his face dignified, and he asked Chen Fei: "I want to know, what is another important reason for Mr. Chen?"

Boss Huang and others are also solemn at this moment Staring at Chen Fei with an incomparable expression, it seemed that he wanted to discover his

secret.

However, in the face of Chen Fei with such a serious expression, he suddenly grinned and raised his eyebrows, and looked like a thief, saying: "Another important reason is that I am a man."

"Man? What's the reason?" Li Yuanfei and Boss Huang looked puzzled.

Chen Fei blinked and continued his thief voice: "The man's words can't be said to be small, they can only be big."

Li Yuanfei they froze for a while, they hadn't recovered yet, but after a while, they saw Chen Fei Na looked at their gaze between their legs, and immediately understood Chen Fei's meaning. He couldn't help but have a black line, almost speechless, "This

, this-- " And at this time, Chen Fei withdrew his gaze from that place and shook his head for a while. , With a sighing expression, said

aloud : "You, President Li and President Huang, you just kept being small, I thought it was your body's reason?" When Li Yuanfei heard them, they suddenly turned black and almost ran away in their hearts. .

What is the relationship between feeding and crushing?

Don't talk nonsense!

What happened to your gaze? And the expression of shaking his head will make others misunderstand!

.....

Li Yuanfei, their faces sinking like water, almost exploded. But this kind of thing simply can not explain, only black face, quickly tear the topic, said:. "Since they bet Well, then please, Mr. Hill to open poison it."

His words, it touches everyone Pulled back from the strange atmosphere just now, his eyes gathered on Dice Gu, and the atmosphere became tense. After all, this is a huge bet of 121.6 million.

While opening the Gu, Li Yuanfei couldn't help but take a breath and glanced at Hill again.

Hill nodded slightly and nodded, and then his long fingers gently fell on the di Gu, ready to lift the di Gu.

At this time, Chen Fei's palm fell on the table and patted lightly. Suddenly, an undetectable force was transmitted, causing the dice in the dice Gu to gently flip over.

This action is very small, and Li Yuanfei before them would not even notice it.

But at this time, when Jie Di Gu exposed half of Hill, his face suddenly stopped, his movement stopped, his eyes sharpened, and he glanced at Chen Fei.

However, this action is very small. Hill immediately continued to uncover the Gu Gu. At the same time, the wrist moved slightly and moved closer to the surface of the dice Gu, slightly tapping a few times.

The outsider would not even notice this very small movement, but it clearly fell into Chen Fei's eyes, and Chen Fei looked at this Hill's gaze, and could not help being alert. "Li Yuanfei let this guy come over, it was really a problem. Ah! "

" However, do you think that this means will be able to fight against me? Ridiculous! "Chen Fei sneered in his heart, his finger fell on the table, and gently buckled.

This action is more slight than the previous action on the desktop. No one on the scene could notice Chen Fei's small actions.

Even Hill is smiling at the moment, with a confident smile.

At the last moment when he unlocked Di Gu, he nodded to Li Yuanfei with a smile, blinked secretly, suggesting that everything was under his control.

Seeing this, Li Yuanfei couldn't help being relieved, with a confident smile on his face, almost reaching for the chips on the gambling table.

But at the moment when the dice Gu was completely uncovered, all the people on the three layers inside and outside the gaming table gathered their eyes and stared at the dice inside.

## **Chapter 961**

After a moment of stunned spirit, a burst of cheers rang.

"Won, more than 120 million yuan, earned over."

"Too exciting, more than 100 million, lost one."

"I knew my dad played big, but I didn't expect that someone else played larger ah! "

the world's best too. "

.....

voice among a warm, Liyuan Fei with a smile, a nod to Chen Fei Road," Thank you Mr. Chen's bargaining chip! "

Then, we must reach out to pick up Liyuan Fei Chips on the table.

However, reaching halfway, he was photographed directly by Chen Fei. "Mr. Li, you can see clearly, who actually won?"

Li Yuanfei froze, then looked down at the dice in the dice.

Suddenly, he was dumbfounded, because the three dice in the dice Gu were three and five points, absolutely large.

"Hey, what's going on? Isn't it small? How big is it?" Li Yuanfei panicked and looked at Hill with a look of inquiry.

Hill was dumbfounded at the moment, growing his mouth, not knowing what to say at all, "This, I, I don't

even know-- " "How come you don't know, you are not Aomen Qian—" Li Yuanfei roared angry Road.

However, at this time, the words were directly interrupted by President Huang's voice, "Mr. Li, cough!" Li

Yuanfei realized that he almost closed his mouth when he almost said that he was leaking. However, his face was still ugly.

At this time, Chen Fei looked at Li Yuanfei with a smile, and said, "What's going on with Mr. Li just now? What happened? So many people on the scene watched, from the moment of Gu Gu, it has been big. Does Li have anything to hide? "

Li Yuanfei looked dull, of course he wouldn't admit it, and said coldly:" Mr. Chen thought too much, I just didn't see clearly. "

" Is it? " Investigate more, reach out and knock on the table, and said to Li Yuanfei, "Since this is the case, then you are willing to gamble to lose. It's time to give money." As

soon as this word came out, Li Yuanfei just suppressed the anger, and suddenly took off His face looked ugly.

After all, although Li Yuanfei is from the richest Chinese family, he is not a child of the main family of the Li family. My own name is only Meizi Cosmetics Co., which has a total of assets of only RMB 400-500 million.

Now, lose more than 120 million. For him, it was definitely a blow.

For a time, Li Yuanfei froze in place, unwilling to give money.

Chen Fei saw this, his voice cooled down, and said, "Why, Mr. Li didn't bring enough money? In this case, I don't mind using other assets as collateral. Of course, debts are fine, but for interest, I still want Collected. "

" You— "Li Yuanfei was furious, pointing at Chen Fei and yelling directly," This gamble can't be counted, you are definitely fooling. "

Wen Yan, Chen Fei could not help narrowing his eyes, his expression was heavy down, staring at Liyuan Fei, cold channel: "General Lee this is for a deadbeat?"

Liyuan Fei expression changed, and was silent for a few seconds, then the channel: "I do not Repudiation, but question your means nothing."

he He made up his mind, and even if he was upset, he would never give up this more than 100 million bets.

President Huang and they saw Li Yuanfei taking the lead and quickly echoed.

"That is, we played these games together, and it turned out that every time you Chen Fei won? What a coincidence,

you must have been fooled."

"Thousands, you are definitely a thousand. This game, Can't count. "

" Not only this one, but also the one you won before, can't count, and it will be returned to us. "

... ..

Several people shouted.

Seeing this, Chen Fei couldn't help but sneered and said: "Xiangjiang's boss, is this a good one? Don't play if you can't afford to lose at the gaming table. Now, you don't admit it after losing. Do you think you were playing with children just now? Are you home? "

Li Yuanfei's expressions were solidified, and their expressions were very ugly.

However, in the face of money, face counts. Several people gritted their teeth and continued to argue.

"We're not a bad debt, we just don't want to lose to you, the old one!"

"That is, we can afford to play more or less with normal wins and losses. But if you are over a thousand, you have broken the rules and must be punished!"

"Repay the money, Pay back the money! "

...

Several people shouted loudly, and even brought some acquaintance bosses around to press Chen Fei together.

"Yeah, it's incredible to win six in a row!"

"Not only is it a winning streak, but each one is overwhelming, how can there be such a coincidence."

"It must be a trick. I do n't believe he 's really so lucky. "

"Oh, the mainlanders love to falsify."

.....

Faced with the growing suspicion and pressure, Anita and Wei Ling are angry and helpless at the moment, wanting to justify.

But at this moment, Chen Fei stood up and gave a stern drink, "Shut up for me."

Such a sound directly suppressed the noise of the crowd. For a time, the scene was quiet.

Li Yuanfei looked at Chen Fei and felt an inexplicable pressure. However, he still gritted his teeth and said: "What are you roaring? Even if it's loud, you can't hide the fact that you are over a thousand."

"I'm over a thousand?" Chen Fei sneered, then stared at Li Yuanfei with a cold look. A few people said coldly, "Do you really think that I don't know what means you play?"

"You, what nonsense do we have, we have no means!" Li Yuanfei quickly defended.

Chen Fei didn't say much. After a cold drink, he directly grabbed the dice Gu used before, and then crushed it.

Suddenly, a small device appeared in front of the crowd in the internal interlayer of Dice Gu.

Chen Fei coldly said: "You asked for this

di Gu to change it. I want to ask, what is this?" Li Yuanfei and President Huang were so dumbfounded that they were at a loss. But the mouth is still debating, "I, we don't know what this is. This is what is provided on the cruise ship, and it has nothing to do with us."

"Don't you admit it yet?" Chen Fei snorted, his eyes fixed, watching To the blonde foreigner Hill, he said sharply, "Then I will let you convince me by mouth!" During the

speech, Chen Fei pinched Hill's right arm and pressed his right hand directly on the table. .

Then, a small knife appeared in Chen Fei's hand, and he swept towards Hill's palm.

"What are you doing, let me go, hurry—" Seeing Hill, he was terrified.

Li Yuanfei was extremely nervous. Some onlookers couldn't bear to watch it anymore.

But Chen Fei moved faster. The sharp knife quickly cut a hole in the skin of Hill's palm, and then picked out a small piece of green-brown taupe from inside.

## **Chapter 962**

Subsequently, Chen Fei kept moving and took out the dice he had just used, smashing it on the table.

Among the shattered fragments, three almost identical black small pieces also appeared.

When Chen Fei brought the small taupe disk close, it suddenly seemed to be attracted like a magnet.

"Mr. Li, please explain, what's going on?" Chen Fei stared at Li Yuanfei fiercely and asked sharply.

The coaxing people around were all dumbfounded at this moment, looked at the small disc inconceivably, and then stared at Li Yuanfei.

Li Yuanfei felt pressure, his forehead sweating down, his lips trembling, defending: "I, I don't know what's going on? This has nothing to do with me."

"It doesn't matter?" Chen Fei snorted coldly, "This Greek Er, but the person you invited, you said it didn't matter to you, do you think I would believe it? "

" I, I didn't invite him. He's the person on the cruise ship, it doesn't matter to me. "Li Yuanfei is still debating.

But at this time, a thick middle-aged man's voice rang, "Mr. Li, the casino staff on my cruise ship are all registered. I don't remember, there is such a Hill."

Hearing this voice, everyone turned their heads. At first glance, I found out that it was the owner of the cruise ship, and the organizer of the party, Xie Boss.

Just now Li Yuanfei tweeted that Hill was the original person on the cruise ship. Didn't he push the thousand things to Boss Xie? Boss Xie would naturally not agree, and immediately appeared to deny the face.

In the face of Boss Xie, Li Yuanfei did not dare to be strong and could only argue: "Then, that is my misunderstanding. Anyway, this Hill has nothing to do with me."

He made up his mind and refused to admit it.

However, Chen Fei has a way.

I saw him holding the trail, holding Hill's hand, placing the sharp blade at the base of Hill's finger, and said coldly, "Say, whoever invited you. I will cut off one of your fingers for every lie ""

Hill looked at Chen Fei's cold eyes and knew he was not kidding. Suddenly, he was sweating and said quickly: "I said, I said. Please, don't cut my fingers."

Li Yuanfei heard the words, looking surprised, and quickly said: "Hill, don't you talk nonsense "

If in peacetime, Hill naturally feared Li Yuanfei's threat, but now, obviously, Chen Fei's threat is even greater. He naturally could n't care so much, and said with a cry: "I was invited by President Li Yuanfei and Li. He said, this time I was invited to the cruise to attend this party. I just wanted to use my means to win more for him Order money. I gave him a thousand. He gave his advice. "At the

words, everyone's face changed.

Li Yuanfei quickly denied: "You talk nonsense, I don't, you are slandering me."

Hill, however, took out a recording pen from his arms and directly pressed the play button, saying: "This is what President Li asked me to do at that time. You can hear the conversation at Qianshi, which was arranged by him. "The

recording was broadcast, and Hill 's words were confirmed.

Suddenly, the scene was silent, and everyone's gaze changed to Li Yuanfei. Especially those who have played with Li Yuanfei at the gambling table before, are now glaring, their faces very ugly.

After all, everyone is considered a faceless person in Xiangjiang, and losing money is still a trivial matter. If you use this method to cheat money, then it is not a character at all.

For a time, everyone Henli eyes, almost to  
the Oath of Liyuan Fei.

Chen Fei stared coldly at Li Yuanfei and said coldly, "Mr. Li, now, do you have anything else to say?"

Li Yuanfei's face was ashamed, and it was useless to know the excuse. He just gritted his teeth and said: "Since you were caught, I have nothing to say. But you don't want to move me."

After that, Li Yuanfei's face was dead , With arms folded, looked at Chen Fei and made it clear that he was going to slap it.

Chen Fei's eyes were cold and he stared at Li Yuanfei coldly, and said: "You mean, the 12 million sixteen million just now, are you not going to give it to me?"

Li Yuanfei said: " I don't want money, A fatal one. Do you dare to move me? "

" You are confident! "Chen Fei sneered." You think, I really don't dare to move you?  
"

Li Yuanfei looked at Chen Fei Road:" I am Li family, you dare to move me , My Li family will not let you go. "

Chen Fei frowned and waved, said:" I have heard too much of this. Your son, your nephew, and even your Li family's eldest sister Li Xiaoxiao, I once said this to me. However, the final result was useless. "

After that, Chen Fei put Li Yuanfei 's hand on the table, and the sharp blade fell to his finger, coldly. : "Do you lose money?"

"I--" Li Yuanfei shivered, but his mouth was still stern, "You, you dare not deal with me, I am the Li family--"

However, he did not finish a word Chen Fei used his right hand to force everything, and suddenly clicked, the sharp blade directly cut off Li Yuanfei 's Hand little finger.

Then, the position of the blade moved to Li Yuanfei's ring finger. "Do you want to continue?"

Li Yuanfei stared at Chen Fei because of the pain, his forehead twitching, and gritted his teeth. "-"

Finally, Chen Fei was unkind, and he clicked again. After a click, the blood of his ring finger spattered out, and Li Yuanfei almost fainted.

"Now, are you willing to lose money?" Chen Fei said coldly.

At the moment, Li Yuanfei was really scared and nodded quickly, saying: "I am willing to lose money, I am willing."

"Let's lose money!" Chen Feidao.

Li Yuanfei handed out all the chips and previous things and said, "Here, these are all for you."

Chen Fei glanced and said, "Isn't that enough?"

Li Yuanfei said with a heavy face, "These There are more than 20 million points in total. The rest, I don't have so much money around me. "

" Only more than 20 million! What about 100 million? "Chen Fei sneered disdainfully," If you don't have money, write a note. " Chen Fei gestured, and next to him, Wei Ling handed over the pen and paper.

At the moment, Li Yuanfei, who dare to say nothing, can only keep nodding, "I write, I write!"

However, the right hand that has just been cut off two fingers, can't even hold the pen at this moment, let alone a few notes. .

In the end, Wei Ling quickly wrote down the debt, and then let Li Yuanfei directly touch his own blood and pressed the fingerprint on the debt.

Immediately, Chen Fei put away the notes, and then let go of Li Yuanfei, and said coldly, "Go!"

Li Yuanfei suddenly felt like amnesty and endured the pain of his broken finger, and they escaped together with President Huang. That Hill, at this moment, was also taken away by boss Xie.

And Chen Fei, with a smile at the moment, and Wei Ling Anita, turned around and left.

.

### **Chapter 963**

The people around him saw him and stepped back a few steps involuntarily at this moment, and they all gave way automatically, as if afraid of getting into this violent and terrifying guy.

The original lively casino, with this incident, became extremely quiet and depressed. For a time, everyone seemed to lose the interest in gambling.

Chen Fei and Wei Ling Anita returned to a small room and chatted while eating and drinking.

Anita apologized on her face and said to Chen Fei: "A Fei, I originally wanted to let Ling Ling and the big boss in the cosmetics industry get to know each other, but I didn't expect to get this kind of thing, I'm really sorry."

Chen Fei was busy. Waving hands: "Xiao An, this matter has nothing to do with you, you must not blame yourself. Besides, I had a conflict with the Li family, so even if there is no such thing as a gambling game, the Li family will find other ways to find fault. . the "

Wei Ling also the side of comfort:" Andy, Chen Fei said is true to say, but for the jackpot, we will not win it so much ah. "!

how say, look let Anita A lot of relief. At the same time, his attention could not help but be diverted. He stared at Chen Fei curiously and said: "A Fei, you just won six in a row, is it really luck?"

Chen Fei said, suddenly laughing: "How Maybe? Even with my luck, I won't win so many in a row. "

" Then, you mean, are you really--a thousand? "Anita looked round in surprise, her eyes widened. Looking at Chen Fei, with a look of inquiry.

Chen Fei smiled and said, "It's not the same as the one you understand. It's just that I used my ability to use some means."

"Means, what means? Can you show me?" Anita Yi Face curious.

Chen Fei looked at the child-like Anita, and suddenly smiled. So without delaying, the ice cubes in the ice bucket were clipped out of three pieces on the table, and then placed on a plate.

Then, Chen Fei said to Anita: "Next, you see clearly."

Anita nodded quickly, staring at the plate intently, her face full of seriousness.

At this time, Chen Fei gently patted on the desktop.

Suddenly, the plate shook slightly, and the ice in the plate flipped over.

When Anita saw this scene, she suddenly clapped her hands and couldn't help but called out, "It's really turned, it's amazing."

"A Fei, how did you do it? This is incredible." Staring at Chen Fei, his eyes scorched.

This time Chen Fei deliberately magnified the action a bit, and patted his palm on the table. The ice cubes on the plate jumped up this time, turned over in the air, and then fell into the plate.

"It's that simple. Just take a picture?" Anita looked unbelieving and amazed, and then patted herself on the table as if she wanted to experiment.

As a result, of course, there was no response. Instead, Anita clapped her palms in pain, and squeaked.

In this way, Chen Fei and Wei Ling could not help laughing.

"Is the angle I shot is wrong, I will try again!" Anita still wanted to try.

Wei Ling reached out and grabbed her and persuaded, "Xiao An, don't try it. We ordinary people can't do this."

& E

msp; "How can A Fei do this?" Anita looked puzzled.

Wei Ling said: "He is a master of martial arts, a person who has practiced a true sense of breath, not something we can compare with."

Although Anita did not understand the practice, she also knew that the master of martial arts was not a layman. With Chen Fei, he sighed: "A Fei, it seems that I still underestimate you. You are a martial arts master besides the clever doctor of the enterprise's boss."

Next, Anita simply wrapped around Chen Fei , I must ask him to teach her both hands. Chen Fei could only teach some routines, but Anita practiced it seriously.

At this moment, there was a knock on the door outside the room, and then the boss Xie's voice was heard, "Is Mr. Chen here?"

"I am!" Chen Fei responded, Wei Ling got up and opened the door.

Boss Xie bowed in slightly and walked in with a smile on his face, first of all apologizing to Chen Fei and the three of them, "Mr. Chen, I was really sorry for what happened just now. It was our work that was not done well that caused this to happen. Things. "

" It's that Li Yuanfei had a premeditated plan, and you have nothing to do with Boss Xie. "Chen Fei waved his hand and then asked," Thank Boss, what are you doing? "

Boss Xie handed over three small golden cards , the channel: "He is, after half an hour, at the top level of our cruise, will hold a small auction participate are cruises on the top of the figure.."

"at that time, there are many things to cherish Exhibition the auction. If you are interested in Mr. Chen, you can go and see. " "

auction? "Chen Fei surprisingly good spirits, result cards, Shunkou Wen said," this auction will auction what things? "

Xie boss said : "Common celebrities, calligraphy, paintings, antique ceramics are all there, and sometimes there are some rare martial arts weapons, herbs, even magic weapons. This mainly depends on the participating bosses, willing to take out Side of the good things the auction. "

"If Mr. Chen has something to auction, then he can go on stage and go to auction." Mr. Xie said.

Hearing this, Chen Fei was really interested. After all, there are also herbal medicine auctions in this auction. Perhaps, when the time comes, you may have the opportunity to find what you need.

So, Chen Fei nodded and promised, "Thank you so much, wait a minute, we will pass."

"Then I will not disturb, you continue to rest." Boss Xie bowed and retreated.

A quarter of an hour later, Chen Fei and the three of them came out of the room and walked towards the top of the cruise ship, preparing to participate in this auction.

After verifying the golden card at the entrance, the three walked in.

The space on the top floor is not large, with only about a hundred seats, and a small booth above. However, the overall decoration is very delicate. Moreover, looking at the people who have been sitting in, it can be seen that the top people on the cruise ship came to this auction.

Almost all of this group of people knew each other and greeted them all the way, but it was quite lively.

As a result, Chen Fei walked in with Anita and Wei Ling, and immediately surprised many people on the scene with a look of consternation on her face. The lively scene was quiet at first.

After all, Chen Fei's conflict with Li Yuanfei in the casino just now was quite a problem.

Moreover, relative to these big locals in Xiangjiang, Chen Fei is definitely an outsider. Therefore, Chen Fei came in all the way, and no one came to say hello to him.

## Chapter 964

Chen Fei did not care about the views of these people, and directly found her seat with Anita Weiling and sat down.

As soon as they sat down, the eyes of many big brothers around were even more shocked.

Because, the position of Chen Fei sitting in the three of them is awesomely the three positions in the middle of the first row.

You should know that this position is generally for the highest position. As a result, this time, Chen Fei, an outsider, was sitting in this position, and many people immediately frowned.

In secret, someone even went to the boss Xie and expressed his dissatisfaction.

However, Mr. Xie, who knew Chen Fei's special status from Director Xu's mouth, how did he care about the opinions of these people, and said directly and forcefully: "The seat has been arranged and cannot be changed. If there is dissatisfaction, then you can not participate Auction."

This attitude surprised everyone.

Among them, the Jiangchuan sitting in the middle of the second row, behind Chen Fei.

As a young master of the Jiang family, Jiangchuan has a good position. In his twenties, he sat in the second row, juxtaposed with a group of middle-aged gangsters.

As a result, I didn't expect that Chen Fei, who was younger than him, sat directly in the middle of the first row and immediately pressed him down.

This crushing contrast, coupled with the previous conflict, suddenly made Jiang Chuan's eyes gloomy, his face full of anger.

However, at this moment, Chen Fei didn't even notice the river behind him. Instead, he chatted with Wei Ling Anita around him and started to chat.

Such a look suddenly irritated Jiang Chuan.

After all, there are two Mediterranean middle-aged fat men sitting beside him, while Chen Fei is sitting next to two beautiful beauties. This contrast makes him even more envious.

At this moment, the auction began, and boss Xie first came to power, briefly explaining the rules.

Subsequently, a professional auctioneer came to power and the auction officially began.

The first auction was a pair of calligraphy and paintings from the Qing Dynasty, which were well preserved. There were also a lot of big guys who liked to collect calligraphy and paintings on the spot.

Subsequent auctions were basically things such as calligraphy and painting pottery jars and jade. Although they were quite precious, Chen Fei was not interested, so he had not raised a sign to participate in the auction.

The same lot of lots was constantly being photographed, and some people on the spot directly stood up and took out their collections for on-site auctions.

However, these have nothing to do with Chen Fei, he did not raise a card.

Just as Chen Fei shook his head in disappointment, the next lot was put on, and Chen Fei's eyes could not help but shine. It was a medicinal herb that looked like roots and looked very unremarkable.

There are even people who are puzzled, whispering at the moment the lot is displayed.

"What's this? A piece of root, is it all sold out for auction? It's so funny."

"Who is this thing, and it's crazy to think about money, this kind of thing wants to shoot money."

"Oh, this Who would want this kind of thing! Sure to shoot, look at the next one. "

.....

Chen Fei listened to their disdainful words, could not help but sneered in his heart," A bunch of stupid people, don't even know the dragon hair root, still This is nonsense. "

This dragon hair root is a ground-level herb, and its value is above 10 million levels. Moreover, more importantly, if this dragon fibrous root is used in combination with Red Flame Longyang Grass, it will enhance the effect of Red Flame Longyang Grass, and it can better treat the cold syndrome caused by the nine-nice ice lotus seeds in Lin Qiuhan's body.

Therefore, the first time this dragon hair root was laid out, Chen Fei had already made up his mind that he must photograph this dragon hair root.

At this time, the auctioneer on the stage also introduced Longshougen, saying: "This is a cherished Chinese herbal medicine, called Dilonggen, which has the effect of clearing away heat and nourishing the lungs. You can dry bubble tea, It can be stewed to nourish soup, it can be said to be a good natural supplement. This dragon root-"

Half heard, Chen Fei couldn't help but show a smile, secretly said:" It seems that the owner of this dragon hair root, I don't know Bao, went so far as to recognize the fibrous roots level herbs dragon became mysterious herbs earthworm root level. this level of a gap, the value may have sent an order of magnitude, hundreds of millions gap. " "

if they do not know what's what, then It also happens, I can shoot in at a low price.  
"Chen Fei was delighted.

At this time, many of the auctioneers below are already impatient and can't help shouting to the auctioneer: "Aren't they just a nourishing herb? Don't continue to introduce it, just quote it!" The

auctioneer's face changed slightly. his face flashed a hint of color, but soon returned to normal, said: ".. this is the root of the dragon, the upset one million every ten thousand below the lowest fare, start bidding,"

"a million to buy a prefecture-level Herbal medicine, this is totally the price of cabbage. "Chen Fei laughed and blossomed in his heart, and almost couldn't wait to raise the sign.

But the atmosphere at the moment was a bit awkward. Because after the auctioneer quoted the reserve price, no one at the scene raised the card. This is a bit deserted compared to the previous auction scenes with hot auction items.

Seeing this, Chen Fei suppressed the urgent mood and waited deliberately. When the auctioneer started to ask, this raised the sign.

When the auctioneer finally saw someone holding a card, he immediately looked at him with joy, and said, "Buyer one, bid one million. Is there a higher one? This is earthworm root, Xuan-level herbal medicine, very rare ... "After

a brief introduction, a white-haired old man sitting in the back corner and showing his age, raised the sign and said:" 1.1 million. "

Someone finally bid for it, making the auctioneer overjoyed," Ninety Buyer No. 5, bid 1.1 million. Is there a higher price? "During the

talk, the auctioneer's eyes turned to Chen Fei. Obviously, there are very few people bidding for this herb on site, only these two of them.

If Chen Fei wanted to make a direct reserve price, he did not expect someone to bid with himself. However, he didn't care about this amount of money, so he didn't hesitate and directly said: "1.2 million."

"1.2 million, the number one buyer bid 1.2 million. Is there any higher "?" The auctioneer looked at the old white-haired man.

The old man hesitated a little and continued to raise the sign: "1.3 million."

This time, without asking the auctioneer, Chen Fei directly raised the card and quoted: "1.4 million." The

old man's face changed and hesitated. After a while, a drop of sweat appeared on his forehead, and finally he gritted his teeth and said firmly: "1.5 million!"

## **Chapter 965**

The successive bids surprised everyone on the scene and could not help but look at Chen Fei and the old man, with doubts on their faces.

After all, in their view, this herb is really not worth mentioning. The so-called tonic function, these bigwigs, can easily buy a variety of tonic substitutes, it is not necessary.

But when they looked at the two of them, their faces could not help but change a little.

Needless to say, Chen Fei, they are not familiar at all. But the old man with white hair, the big brother present, was more familiar.

My old man's name is Bai Wangchuan, and he is a well-known old Chinese medicine doctor in Xiangjiang. He was well-known in Xiangjiang in the past one or two decades. It's just that in recent years, the old age, coupled with the prevalence of Western medicine, has gradually made the old gentleman out of sight.

White Lethe white old auction this herb, can not help but let the hearts of all the chiefs surprised, secretly thought up, "Is this herb really good results, otherwise, the old white this old Chinese medicine, how the auction will be anxious ah!"

So When I thought about it, many bigwigs were interested, and at the moment they also raised their cards.

"1.55 million!"

"1.6 million!"

" 1.62 million!"

... ..

"1.7 million!"

Finally, after some bidding, the price was fixed at one place More than 1.7 million building materials dealers. Compared with the 1.5 million just now, it has increased by 200,000.

However, no matter how high the price, it has not continued. After all, everyone only looked at Bai Lao's bidding and guessed, so they came to bid. The effect of this herbal medicine is still unclear. Therefore, naturally, no higher prices will be offered.

It was Chen Fei, who had been bidding with Bai Lao just now.

He did not expect that Bai Lao had such an accident, which raised the bid at once. After a little stunned, Chen Fei did not care. He raised the card again and directly quoted: "Two million!"

The true value of this dragon fissure root is at least 20 million. Not to mention two million, even if it really costs 20 million to buy, Chen Fei did not hesitate.

Therefore, at this moment, Chen Fei didn't care anymore and bid directly.

Raising the price to two million in this way surprised everyone.

Bai Lao looked even hesitant, and he gritted his teeth. Finally, his arm was a little trembling, and he said: "Two hundred and twenty thousand."

Bai Lao added another two hundred thousand. Surprised.

After all, everyone knows that although Bai Lao is quite famous, the once-opened business of "Forget Chuanguan" was also very popular. But the Fortune Museum has been following the strategy of low-cost management for many years, plus Bai Lao often treats the poor for free. Therefore, for so many years, Bai Lao did not save much money. Compared with the big brothers present, his old man's net worth is probably less than 1 in 10,000.

This kind of Bai Lao, who even gritted his teeth, reported a high price of 2.2 million, which made everyone really murmur and speculate that the earth dragon root is really very precious.

At the moment, Chen Fei also turned his head to look at Bai Lao, arched his hand to him, and said: "Bai Lao, I'm sorry, this herbal medicine, I will definitely get it."

After that, Chen Fei directly reported "3 million" price.

At this time, Bai Lao's face appeared gloomy, shook his head, and sat down.

Obviously, he was unable to continue the auction.

At this time, many clever businessmen at the scene quickly turned their minds. Someone had already joined Bai Lao and asked.

"White old, this land Rongen, really valuable? Do you old estimate, the value of things that

much money?"

"White old, you tell me the value of the land dragon roots. I can lend you money auction."

.....

Bai Lao Na couldn't see the thoughts of these businessmen, shook his head and said, "I can't break the rules!"

Immediately, Bai Lao closed his eyes and said nothing.

At this time, everyone had no choice but to look at the Dragon Root and Chen Fei with a look of doubt. He was hesitant and seemed to be considering whether to participate in this auction.

At this moment, Chen Fei reminded the auctioneer to let him go on.

The auctioneer questioned for a while, and many people had ideas in their hearts, but did not raise signs. After all, the roots of this land are valuable or not. Everyone is not sure. You can't just float millions of water for a guess.

Under such circumstances, the auctioneer picked up the gavel and was ready to announce the auction result, "Three million, the third time,

finally- " However, just after the auctioneer's gavel fell valuable, Jiangchuan sitting behind Chen Fei, suddenly lifted The card, "3.5 million." As

soon as the price came out, everyone was shocked, and everyone could not help but looked at it all.

Chen Fei also turned his head and looked over, and found that Jiangchuan was bidding, and he couldn't help showing surprise.

With such an expression, Jiang Chuan couldn't help but feel refreshed. He looked at Chen Fei and whispered: "Don't you want this dragon root? Then I won't let you do it for a few days."

Chen Fei frowned. Immediately, Chen Fei paused, looked at Jiang Chuan, and said, "Is it? Then continue."

After that, Chen Fei raised the card, "Four million!" The

price was increased by half a million, and everyone was one of them again. shock.

Jiang Chuan also frowned, looking at Chen Fei with a serious expression, holding a number plate, and hesitating.

Chen Fei seeing this, sneered: "???" This is how a small river, you said, I can not do it how you want, just do not play the race a price that I can not enjoy it,"

these words, Immediately, Jiang Chuan frowned, almost instinctively would have to raise his bids.

But at the last moment when the number plate was lifted, Jiangchuan saw Chen Fei's smile flashing across his mouth, and he was shocked in his heart and pressed down the number plate.

At the same time, he looked at Chen Fei, his brain turned quickly.

"The surface of Chen Fei seems to be inevitable for the earth dragon root, and it looks like I want to bid to the end. I originally wanted to raise the price on purpose and let him spend more money."

"But, he just said directly By the way, he is bound to win the dragon. If it is really the one who is bound to win, how can he say this openly? Is n't this telling others their own bottom line, letting others keep bidding and raising the final Auction price. Such a result will only be harmful to the people who are really inevitable. "

" So, Chen Fei is not inevitable to the root of this place. And he just deliberately ridiculed just now. Me, let me keep bidding. This is more proof of what I just thought. He just pretended to be a must. Instead, he wanted to take the opportunity to irritate me and make me pay a high price. Then he deliberately stopped bidding and eventually let me buy at a high price. A piece of rubbish. "

" This is Chen Fei, it's too insidious, and I almost told him. "

Thinking of this, Jiang Chuan couldn't help but suddenly realized that there was a smile on the corner of his mouth, and said to Chen Fei: "I have seen through your tricks. It is not so easy to pit me."

"Since you want this dragon root, then it is you "Right." Jiang Chuan waved to Chen Fei, then put down the number plate completely, looked at Erlang's legs, and looked at the play with a mockery. "Mr. Chen is indeed arrogant. It costs 4 million to buy a piece of root. I can compare No! Haha! "

Jiangchuan's gesture made other people who had some thoughts completely dispel the idea of bidding at this moment, all eyes turned to Chen Fei.

## Chapter 966

Chen Fei didn't say much, just shut up and sit quietly.

At this time, the auctioneer on the stage saw no one to continue bidding, so the gavel fell and announced directly: "Four million, the deal."

Immediately, the staff sent the earth dragon root to Chen Fei. Chen Fei also signed the bill immediately.

Behind Jiangchuan see this scene, take off the gloves and continue to taunt: "The four million branches, it really is a good thing ah just do not know how many cosmetics can usually sell buy!."

Other people around at the moment How much looked at Chen Fei with a mocking expression. The expression in his eyes seemed to be looking at a fool, who paid a high price of four million yuan, and bought a branch with little effect.

Facing Jiangchuan's sarcasm, Chen Fei didn't say much, just sneered dismissively, and said: "Frog at the bottom of the well!"

" You-- " Jiangchuan heard this, and couldn't help but look angry, but then sneered, "Oh, Mr. Chen spent unjustly, do n't let our outsiders blame me! "

Chen Fei said much lazily, but Bai Baichuan and Bai Lao who had been competing with Chen Fei before. "Mr. Chen, can you sell me half of this herbal medicine?"

"Sell you half?" Chen Fei felt a little stunned and looked at Bai Lao in surprise.

Bai Lao said quickly: "A quarter is enough. I am willing to pay, two million and three million are willing to pay." These

words made everyone around me a little surprised.

In particular, Jiang Chuan and others are now puzzled. After all, Chen Fei only bought this dragon root for four million yuan. Now Bai Baichuan spends three million yuan to buy a quarter. Does this mean that this herbal medicine is worth more than 10 million yuan.

For a time, there was an argument around.

Jiang Chuan said, "Bai Lao, are you confused? You don't want to buy a quarter of three million, are you too bad?"

"Yeah, Bai Lao, you want this herbal medicine, I'll find someone to help you Just look for it. You do n't have to spend a lot of money here. "

" Bai Lao, do n't be fooled by this kid. This dragon root is not worth much money at all. "

... ..

Listening to the surrounding words, Bai Lao glanced The people folded their hands together and worshipped the people. They said, "I understand everyone's good intentions, but this herbal medicine cannot be found casually."

Jiang Chuan puzzled: "Bai Lao, what you said, I'm afraid it's not big Accurate. Earth dragon root, Xuan-level herbal medicine, even if it is relatively rare, but it is not difficult to find! Big deal, I will look for you back, you are buying from me, and it is more worthwhile than buying from that kid! "

Many people around have also echoed.

"That's right, Bai Lao, don't be confused."

"Bai Lao, you mustn't be deceived?"

..... In the

echoed words, there were also people filled with indignation and stared at Chen Fei fiercely, warning.

"The kid named Chen, old Bai is our good old man in Xiangjiang, don't even cheat the money of his old man."

"If you dare to mess up, we will never let you go."

"Boy, if you are fun, He took the initiative to sell the herbal medicine to Bai Lao. "

.....

A burst of cry made Chen Fei frown.

& e

msp; At this moment, Bai Lao quickly waved his hand and explained anxiously: "Don't say it, don't say it. Mr. Chen didn't lie to me, it's because I want to take advantage of Mr. Chen. This thing is "I'm wrong!"

Wen Yan, everyone puzzled, "Bai Lao, this guy is too much, hello, can't speak for him?"

Bai Lao sighed at this time, said out loud: "Not what you think. Chen The herbal medicine photographed by Mr. is not earthworm root. "

" It's not earthworm root, what is that? "Everyone was startled and asked in a puzzled voice.

Bai Laodao: "This is a herbal medicine called dragon hair root. This herb belongs to the same genus as the earth dragon root, but the nature and level are different. The earth dragon root is a mysterious herb, and the value is about one million. The dragon hair root is a ground-level herb with a minimum value of more than 20 million. "

" So, I want to buy Mr. Chen's dragon hair root. In fact, I took advantage of Mr. Chen. Everyone blamed Mr. Chen. "When

this remark came out, everyone was shocked wherever they went.

Everyone didn't expect that this million-dollar herbal medicine, in a blink of an eye, doubled in value directly.

The price of Chen Fei's four million yuan was originally considered to be an injustice. However, I didn't expect that people were the flamboyant eyes, and the good hands picked up the leaks and made a lot of money.

For a time, when everyone looked at Chen Fei's eyes again, something changed.

Especially in Jiangchuan behind Chen Fei, there was no expression in his eyes at this time.

He just auctioned with Chen Fei, but as a result, he thought smartly that Chen Fei was pitting himself, so he didn't continue. As a result, I didn't expect that people really wanted to bid and made a lot of money.

This time, Jiang Chuan couldn't help but feel suffocated.

At the same time, his face was a little displeased. He looked at Bai Lao and asked in a poor tone: "Bai Lao, since you know that this herb is dragon hair root and not earth dragon root, why didn't you say it when I asked you before?"

Jiangchuan's remarks were really rude.

Bai Lao couldn't help but look dumbfounded, but after all, he was a good old man, and then he said aloud: "This is a rule, I can't harm others. It's a good thing for others. After all, this kind of auction occasion is similar to picking a leak. Things also look at personal vision. "

Bai Lao said, and many people around him nodded immediately. Looking at Jiang Chuan's gaze, it was a bit strange.

Jiangchuan also recovered at the moment, you just know some words rushed, could not help but coughed, then change the subject: "The old white, you are so anxious to long fibrous roots, is what I do for you?"

Asked this question, the old white Can't help but sigh, said: "I want dragon hair, I want to treat my son."

"Your son, heal!" Everyone was surprised, "Baiyan is sick, no wonder this time, we have not seen He. Even the Forgotten Museum is closed. "

" Bai Yan is sick. Did you take him to the hospital to see

Bai Lao ? " " Bai Lao you are also a famous doctor, can't you cure it? "

Bai Lao's eyes showed a sad look. Tao: "Baiyan's condition is a little complicated, and all major hospitals have gone all over, but there is no good way to alleviate the condition. And I, although I can prescribe prescriptions, the herbs needed in prescriptions are very good. hard to collect. " "

it took me several months to collect almost the same, differing only in the last blind dragon fibrous roots. " "

poor old white dragon fibrous roots so that you just -! "everyone understood why, just think of the old white teeth competition Long fibrous roots of things.

.

## **Chapter 967**

For a time, everyone's eyes could not help but full of sympathy, then looked at Chen Fei.

Although he didn't speak, the eyes of many people had obvious meanings.

Chen Fei, you are a young man, and I am embarrassed to argue with Bai Lao. After all, Bai Lao is going to cure and save people.

Some soft-hearted women even glared at Chen Fei with a staring gaze, a pair of postures that he wouldn't give up if he didn't sell the dragon's root to Bai Lao.

This situation made Chen Fei frown.

It's not that he doesn't want to be cruel and help others, but the attitude of these people is really overdone.

Because Bai Lao is a good person, because Bai Lao has helped them a lot, so now that Bai Lao is in trouble, they will force Chen Fei to take the initiative to help. This kind of thing that makes others sacrifice their interests to help others, and then they reap the satisfaction of themselves makes Chen Fei feel a little sick.

On the other hand, this dragon hair root is not much. Moreover, Chen Fei wants to use it on his wife Lin Qiuhan. Therefore, even if Chen Fei sold a quarter, Chen Fei was not willing to give up.

Chen Fei's hesitant expression made these people even more indignant and looked at Chen Fei one after another.

Jiang Chuan danced the most joyfully, and looked at Chen Fei unkindly. A yin and yang tone began to sarcastically, "Mr. Chen is really calm. At this time, he can restrain himself. It is worthy of commercial Such a success, this cold-blooded effort, we businessmen, can not be compared. "As

soon as the words came out, many other businessmen suddenly echoed.

"Mr. Chen, Mr. Bai is really a good person in Xiangjiang. It can be said that he is the last old Chinese medicine doctor, don't you want to help?"

"This is a matter of saving lives, should Mr. Chen be so cruel ? "

"Forget it, don't force him anymore. Let's raise money together to buy this dragon fibrous root for the old veteran Bai. I'll give 1 million!"

"I'll give 1 million, isn't it 20 million? Let's join together, Absolutely enough. "

..... The

atmosphere on the scene was warm, like a glorious and grand party. They seem to have become heroes in movie games, and they want to defeat Chen Fei, the cold devil.

So posture, Chen Fei could not help looking solemn, a cold voice, the channel: "Do not say 20 million people, even 30,004,000 millions, this long fibrous roots, I also will not buy."

His words At once, these people who were filled with indignation immediately became even more angry, and they stared at Chen Fei one by one, criticizing them fiercely.

"You, you are too much. You know that Bai Lao needs the dragon's root to save people, deliberately covering up and not selling. This is deliberately raising prices."

"Do you have the heart to make money for this kind of healing and saving people?"

"Cold-blooded businessman It is a cold-blooded businessman. At this time, the first thing I want is not to save people, but to make money! "

...

Some people with a" sense of justice "burst out even touching their mobile phones and directly threatening Chen Feidao:" I lost it before Using the autumn fairy water, I did not expect that the boss of the autumn group is so cold-blooded. I want to call a reporter to expose this matter and let all the people of Xiangjiang resist the autumn fairy water. "

" Me too, this cold and ruthless Merchants should not appear in our Xiangjiang. Be sure to drive him away! "

" This kind of person, I am ashamed to be mighty with him. "

...

A group of people filled with indignation and forced Chen Fei to the opposite.

In this situation, Jiang Chuan was very happy, with a smile on his face, ready to contact the reporter, and arrange to expose this time.

And Bai Lao, seeing the scene in front of him, was completely dumbfounded. After all, he just wanted to save his son, but did not expect that things would develop to this point.

Looking at the heated crowd, Bai Lao anxiously explained: "No, don't do this. I know everyone is kind, but, just, Mr. Chen is innocent. You can't force—"

However, the excited crowd at this moment, can't listen at all into Bai Lao's words.

In other words, at this moment, the excitement in their hearts is purely to help Bai Lao, and how much is to satisfy their satisfaction as good people.

In this situation, Bai Lao was stupid for a time, looked at Chen Fei, and apologized: "Mr. Chen, I'm sorry, I, I didn't expect things to become like this,

I-- " Bai Lao still wanted to apologize, but he was so excited The justices pulled back directly.

Chen Fei understood Bai Lao's mood and cast him a mood that I understood. Then, Chen Fei looked at these excited justices and snorted, saying: "What a justice man who has a sense of justice. One by one, with the slogan to help others, but here to persecute others. Is this called help? It's ridiculous. "As

soon as this remark came out, there was a group of rebuttals.

"Surnamed Chen, you are cold-blooded, what are sophistry." "Is

not let you earn less money, the medicines sold to the old white, save a life. You do not want to."

"Sure enough, this businessman in you In front of

me , life is still important without money. " " That is, this kind of person would rather hold the herbs in their hands and rot, rather than sell them at a low price to save people.

.....

face their irony, Chen Fei Li He heard, "what makes you say that I am for the money, do not want to save people. You say that this is what the herb is useless to me? Who told you?"

This question , Let everyone froze for a moment, speechless for a while.

However, Jiang Chuan immediately said: "Chen Fei, you said so much, did the result still not change? There is no excuse."

"Excuse me?" Chen Fei sneered, then glared at Jiang Chuan and said sharply, "You know what You do n't know anything. Just in this self-righteous incarnation as the messenger of justice, to judge others. "

" You-"Jiang Chuan wanted to refute.

But Chen Fei didn't give him a chance at all. He directly glanced at everyone, and said coldly: "You think you feel a sense of justice and are helping others. But you know, what is the purpose of buying this herb? , My wife fell ill and needed this herbal medicine to cure the disease? "

" You don't know anything, you pretend to judge me to be a money-loving businessman, a money-serving slave who pays no attention to life, and criticizes me I ask you, what makes you, you really think that he is omniscient, not justice and the mistakes it? "

series of questioning, directly to the people indignant dumbfounded, speechless for a time.

"He also wants to use herbs to save people?"

"There is such a thing. This is too coincidental."

"He didn't want to sell herbs for money."

## **Chapter 968**

The scene was silent, everyone's face was a little unsightly, and the face was even more weird.

However, Jiang Chuan at the moment also said with a malicious heart: "The surname is Chen, you don't have to make an excuse. There is such a coincidence, we say that Bai Lao wants to save people, you say you also have patients to save. You It 's too lazy to make excuses and do n't know another way of saying it. "

Jiang Jiang said this, and many people suddenly showed suspicion and stared at Chen Fei.

Chen Fei looking sank, coldly glared Jiangchuan, cold channel: "Do not use your dirty mind to speculate that I am, you do not deserve!"

"You -" Jiangchuan furious, almost can not help but come to the hub of hands, But Chen Fei's cold eyes stared at him, and he dared not start.

But at this time, Anita, who couldn't see it, explained to everyone: "I promise in my Anita's name that what Chen Fei said just now is true. I once saw Chen Fei's wife, and she did "I fell ill in bed."

Wei Ling also explained aloud: "Mr. Chen's wife is the president of our autumn group, Mr. Lin Qiuhan and Mr. Lin. Some time ago, Mr. Lin and I visited many businesses in Xiangjiang. Mr. Lin fell ill and went to several hospitals to see them. Everyone present, someone should be aware of this matter. "

Hearing Wei Ling said this, people who had contact with Wei Ling before, suddenly recalled that they had Nodded.

"It turns out that Mr. Chen's wife is Mr. Lin. I have seen it before."

"I said why Mr. Lin hasn't seen this time. It turned out that he fell ill!"

"I know Mr. Lin's visit to the hospital."

... ..

Many people spoke, almost confirming the authenticity of Chen Fei's words.

Therefore, Jiang Chuan's malicious speculation just now did not attack at this moment.

Chen Fei stared coldly at Jiang Chuan and said in a

deep voice : "Now, do you have anything else to say?" "I, I--" Jiang Chuan was so embarrassed that he couldn't think of any better words for a while. Suffocating his face, he said, "You said so much, the result is not the same. You don't want to help each other. You are cold-blooded, don't quibble."

Chen Fei heard, coldly snorted, said: "Oh, I'm cold-blooded . Sure enough, the river is less demanding of others, for their loose ah! " "

then I ask, if your dad is sick river Lexus, you are willing to put his medicine out patient treatment do? "

so asked, let Jiang Chuan couldn't answer at all, and could only refute forcefully, "You have no assumptions like this. The fact is that you don't want to save people, no matter what you say, you can't hide it."

"When did I say that I didn't want to save People? "Chen Fei asked directly.

Jiang Chuan said: "The surname is Chen, don't you think that your words are contradictory? You just said that your medicinal herbs will not be sold. Now, you say you want to save people. It is too It's ridiculous. "

" What's ridiculous! "Chen Fei said coldly," I mean, I don't want to use your self-righteousness and generosity to save people. "

" So how do you save people? Mouthless? "Jiang Chuan said sarcastically.

"I'm not you." Chen Fei directly counterattacked, then walked in front of Bai Lao and said, "Bai Lao, I'm also a Chinese medicine doctor. Your son's condition, what is the situation, and the prescription you prescribed, can and I talk about it? "

" ah, this - "white old significant

natural surprised.

Anita immediately said to the side: "Bai Lao, A Fei is really a doctor. My mother's condition is not optimistic in many hospitals, that is, A Fei is cured." In

this way, Bai Lao suddenly believed, and soon Chen Fei's detailed description of his son's condition was given to Chen Fei, and then he wrote down his prescription.

Bai Lao is a professional old Chinese medicine doctor. The symptoms described and his diagnosis are very detailed, which is convenient for Chen Fei to judge. Coupled with the comparison of prescriptions, soon, Chen Fei already judged Bai Yan's condition almost.

With a bottom in his heart, Chen Fei smiled at the corner of his mouth, picked up a pen and paper, and wrote down a prescription.

Handing the prescription to Bai Lao, Chen Fei explained: "Bai Lao, in fact, your son's condition can be cured with this prescription. The herbs required for this prescription are more common and don't need dragon hair, they should be more convenient. collected together. "

white took the old prescription, carefully looked up, his mouth also talking up," monarch, this prescription, herbs are ..... "

something quietly talking, white veteran prescription pharmacological own projections again, Then he was shocked and delighted, and exclaimed, "Really, this is true."

"Dr. Chen, this prescription can really cure my son's disease. Moreover, the effect of this prescription is better than that I prescribed. A lot. It's so subtle, why didn't I think of it before? "Bai Lao was very surprised.

Surprise came, he collected the prescription, bowed to Chen Fei, bowed his hands and said: "Dr. Chen, thank you so much, thank you so much. I really don't know what to say."

Chen Fei lifted up white old, the channel: ". white old, do not have such a gift bear your son's condition"

white old then hand over to leave, "Thank you, Dr Chan, I will now go back, my son medical treatment."

Xie boss heard this, quickly told Said humane: "Go and prepare the speed boat for Bai Lao."

Chen Fei finally said, "Bai Lao, if you still have problems, you can come to me again."

"Sure, thank you Dr. Chen." Bai Lao thanked again and left the auction.

The big drama caused by this auction, as Bai Lao left, finally came to an end.

This result made those who just filled up with indignation and scolded Chen Fei now feel embarrassed. Among them, the most embarrassing is the most ferocious Jiangchuan.

Some people came forward at this moment and apologized to Chen Fei. Some people just walked away pretending to be okay.

As for Jiang Chuan, he turned black and turned back to his seat without any apology.

In response, Chen Fei was too lazy to ignore it, snorted, and sat back in his seat.

At this point thank the boss got up and called: ".! Auction is not over, then, there are several auction where there is a really good thing, it can not miss ah"

to say, it touches everyone had Some interest.

Immediately, the auction will continue.

The next few things are indeed good, and the final transaction price has exceeded 10 million levels. After some fierce bidding, they were included in their own pockets. It's just that Chen Fei has nothing to do with these, so he doesn't participate.

So, it was the last lot.

When the last lot appeared, it was not taken out by the staff. It was a young man with a handsome face dressed in a silk robe, with a smile on his lips, who came out with confidence.

## Chapter 969

When the man first appeared and did not say what the auction item was, everyone at the scene was shocked and became lively.

"It's Qiu Gongzi. The last lot was actually auctioned by Qiu Gongzi."

"Chou Gongzi's things must be very precious!"

"After such a missed opportunity, it's hard to have a second time. This time, Even if you go bankrupt, you must grab something from Chou Gongzi! "

" Chou Gongzi, what the hell are you auctioning? "

.....

the atmosphere on the floor was very warm.

This situation made Chen Fei a little surprised and strange. He asked aloud: "Who is this Qiu Gongzi? Is it famous?"

Anita leaned on Chen Fei and introduced softly: "This Qiu Gongzi was originally called Qiu Hai is a warrior, and his strength is quite good among the younger generation. I heard that it has the strength of

mid-level Xuan-level. A mere meta-level martial artist is not enough to make these rich merchants value so much, right? "

After all, some top-tier rich merchants can hire a thunder mid-level thug as a bodyguard at a cost.

Anita continued to explain: "Only Qiu Hai's own words will naturally not have such a great influence. The main reliance is on Qiu Hai's master, Qiu Tianjiu."

"This Qiu Tianjiu came over fifty years ago Reaching Xiangjiang, relying on the strength of a martial art, for many years, he has established a firm foothold in Xiangjiang and established his own martial arts museum on the Luoxia Mountain, called 'Tian Jiuge'. "

"The Jiugue has trained many martial artists in Xiangjiang for so many years. Some of these martial artists have become bodyguards of wealthy merchants, and some have come out to work hard and built their own businesses."

"In short, over the years, relying on With the development of the Tianjiu Pavilion, Qiu Tianjiu established a good relationship network in Xiangjiang. The wealthy and powerful businessmen are almost all related to each other. Some people even say that 70% of the people in the Xiangjiang martial arts community are now all Can be regarded as the

apprentice of Qiu Tianjiu. Qiu Tianjiu is also called Xiangjiang Wuhun by Xiangjiang martial arts circle. "

" Xiangjiang Wuhun! "Chen Fei could not help chewing a bit when he heard this title," This Qiu Tianjiu, what is the strength? Realm, is it powerful? "

Anita said:" After Jiutiange grew stronger, Qiu Tianjiu rarely shot. Over the past ten years, few people knew about his true strength. A recent rumor, It is coming out eight years ago, when he entered the ground-level early breakthrough realm. " "

eight years ago, the beginning of the level, now, the repair sophisticated that it was in the mid-level bar. " Flying thought in mind, it was not what these "Hong Kong Wu Hun" looked down on.

Anita glanced at Qiu Hai on the stage and said, "This Qiu Hai is among the Tianjiu Pavilion. When Qiu Tian was in his 90s or 70s, the last disciple he received was the closed disciple."

"Yes He said that Qiu Tianjiu loved Qiu Customs very much, and he carefully taught that all kinds of resources and materials hit the Qiu Hai without being stingy. The mid-level realm, the strength is very good. "

"

However, some people say that the reason why Qiu Tianjiu is so valued, and even some doting Qiu Hai. In fact, because Qiu Hai is Qiu Tianjiu's illegitimate child, so the old man So caring. "

"In my twenties, in the middle of the Xuan class, this strength is not bad, but it is not too genius. That Qiu Tianjiu so much resources to Qiu Hai, maybe it may be because of illegitimate children." Chen Fei Silently thinking in his heart, he could not help but look at Qiu Hai on the stands, and a question appeared in his mind, saying, "Tianjiuge's power has developed so much, this Qiu Hai has received such love from Qiu Tianjiu. Then what other auctions did he come out for? Isn't there a lack of money? "

Anita explained:" This has something to do with Qiu Hai's character. "

" Qiu Hai grew up spoiled by Qiu Tianjiu in the Tianjiu Pavilion. Vulgar. So, he grew up with his arrogant and arrogant personality. After he became an adult, he was able to go down the mountain to be independent. This kind of personality is even more undoubted. "

" Maybe it was too hard to practice martial arts on the mountain. He spends all his time eating, drinking, drinking, and spending time. The money is spent on a lot of money. In this way, only one month after going down the mountain, Qiu Hai became the famous flower of Xiangjiang. Entertainment venue VIP. " "

Of course, such a wasteful consumption, sea hatred click on his money ran out. However, we know his identity, so it is still willing to give him credit. In this way, relying on

signature credit, three sea hatred At the time of the month, I spent 100 million yuan in various entertainment venues. As a result, I finally lost the money, was chased by major bosses, and caused a wave in Xiangjiang. "

" After this matter was known by Tianjiuge, Qiu Tian Jiu filled the debts and took Qiu Hai back. He had been educated on the mountain for half a year before putting it down. "

" Later, Qiu Hai, who went down the mountain, has converged a lot, but his nature is still difficult to change. However, Spending money is not as wasteful as before. Moreover, after spending money, he knows that everyone will not give him credit again, so he managed to get the money. The way he made the money is to sell what he has. "

Hear this Chen Fei had already guessed what was going on, and could not help but glance at Qiu Hai and said: "So, in this auction, he just--"

Anita nodded and said, "Qiu Hai is a close disciple of Qiu Tianjiu's cultivation. The various weapons, herbs, and seals around him are all fine products. He is anxious to exchange money and sell it, which is naturally very popular."

"Even, sometimes, Qiu Hai was anxious to exchange money, and secretly obtained Master Qiu Tianjiu's goodies from the Tianjiu Pavilion to sell. This was even more popular with many wealthy businessmen. After all, those things, but Prefect level master Qiu Tianjiu's items are usually difficult to buy with money. "

" It turns out so! "Chen Fei nodded and said," So, Qiu Hai, this time is short of money again, take things out auction change money. " "

it is possible this is! "Anita nodded," just do not know, this is something he auctioned his side, or out of touch from nine days Pavilion in his master something. "

At this point As much as Anita Chen Fei was curious, there were wealthy businessmen, who looked at Qiu Hai one after another, and almost drew a check and waved directly in the air so that Qiu Hai could start the auction soon.

Looking at the lively atmosphere under the field, Qiu Hai looked at the time and smiled, saying, "I don't sell Guanzi anymore. Next, I announced that the items I want to auction are-- "

.

## **Chapter 970**

With Qiu Hai's words, everyone's curiosity was adjusted to the extreme, and each one stared curiously at the wooden box on the stage, his eyes full of anticipation.

Qiu Hai deliberately prolonged his tone, glanced at the wealthy businessmen, and then said: "I want to auction-Jiutianshan Haifu." During the

speech, Qiu Hai opened the wooden box, revealing a yellow inside. Rune paper.

The wealthy businessmen who were looking forward to it were all excited when they heard the name "Jiutian Mountain and Haifu". Some people couldn't even control and stood up directly.

"Jiutian Mountain and Sea Rune turned out to be Jiutian Mountain and Sea Rune. This time, I will definitely get it."

"That's Fu Zhuan, who was famous for Qiu Tian Jiu Qiu Lao. Fifty years ago, Qiu Lao entered the Xiangjiang River and it was these nine days. Shanhaifu, famous in one fell swoop. "

" Jiutian Shanhaifu, has a good effect. Not only can it exorcise evil and avoid misfortune, but it can also warm the body and heal people. It is definitely a good thing with extraordinary effects! "

" That's not true , I heard Ten years ago, Li Fuhua, the old man of the Li family, was seriously ill and almost couldn't do it. He revived from Qiu Lao's piece of Jiu Tian Shan Hai Fu. "

" Jiu Tian Shan Hai Fu can be said to be a life saver! It can be said that there is one more life! "

" It's just these nine days of mountain and sea symbols. It takes a lot of real energy to draw. So, in these years, Qiu Lao has not drawn. But I did not expect that Qiu Gongzi even took it. One of them came out for auction. "

" What identity of Qiu Gongzi, he can get Jiutianshanhaifu, that is a natural thing, there is nothing unexpected. "

... ..

a heated discussion, many rich businessmen At this moment, he almost fell into a semi-crazy state, staring at each thin seal in the wooden box with great excitement.

Even Anita next to Chen Fei was eager to try at the moment, and she wanted to participate in the auction.

Chen Fei seeing this, could not help but said: "Andy, you want to bid?"

Anita said:. "With nine days Fu Shan Hai, then my mother's body, to ensure that the more so, I think -"

said Then, Anita seemed to realize what, and quickly explained to Chen Fei, "A Fei, I don't mean to distrust you, just, I want

to-- " Chen Fei said: "Xiao An, it's okay, I understand what you think. Just ""

"A Fei, just what?" Anita looked at Chen Fei with some doubt.

Chen Fei did not answer directly, but focused his gaze and looked at the magical "Nine Heaven Mountain and Sea Rune", with a look of doubt in his eyes.

It is not that Chen Fei does not believe in this Qiu Hai, but that Chen Fei is a warrior. He knows clearly that it is not impossible, but this matter, is very difficult to draw the success of the "revival" and "life-saving" effect of the population just now.

Even if Chen Fei himself wants to refine a Fu Zhuan that truly achieves the effects of the population, it will take a lot of energy. If it is drawn by Qiu Tianjiu at the prefecture level, it will be even more difficult.

Even if the effect mentioned in the population is reduced by 40% to 70%, for Qiu Tianjiu, it may take almost three or four layers of skill to refine it. Because refining is too difficult and consumes too much, in general, martial artists rarely draw such seals.

And now, Qiu Hai will put such a precious seal into his auction, and he has to make Chen Fei doubt.

After all, if this seal is really effective, it may be worth more than 100 million yuan. Moreover, this

is only a starting price.

At this moment, Qiu Hai also carefully picked up Fu Zhuan in the wooden box and introduced it to everyone.

Fu Zhuan is very thin, but on the yellow rune paper, there is a gleaming crystal light, exuding a refreshing breath, let people just sniff it, can not help but feel relaxed, the spirit is shocked.

Moreover, on the surface of the rune paper, the cinnabar red lines of the iron painting and silver hooks are also impressive, demonstrating the profound skill of Qiu Tianjiu.

Under such circumstances, many wealthy merchants could not help but moved, and they all called in the martial arts talents around them and began to recognize them.

Qiu Hai was also very confident, let these warriors come close to identify, and also gently inspired Fu Zhuan in public, let Fu Zhuan exude a shocking breath.

Suddenly, these rich businessmen and nobles, all eyes brightened at once, shouted.

"Really, absolutely true!"

"I'm familiar with this breath, it's definitely

Jiutianshanhaifu . "Chou Gongzi, you don't have to sell it, go auction."

"Yes, how much, Chou Gongzi, please make a price. "

..... In

a lively atmosphere , Qiu Hai smiled and said loudly:" Since everyone is so enthusiastic, then I will start the auction directly. Fu, the base price is 100 million. Each price increase, at least one million. Now, please bid! "

The price comes out, so many businessmen can not help but look dimmed, their net worth is limited, I am afraid not to participate in this level of auction. However, there are still plenty of powerful wealthy businessmen. Moreover, this reserve price is also in their expectations.

Therefore, when the price of Qiu Hai was just reported, the following bidding sounded directly.

"One million one hundred million out of me."

"One hundred and five million!"

"One hundred and eight million!"

"One hundred ten million!"

.....

auction sound one, prices continued to rise. Many businessmen have some red eyes. At this time, the most red-eyed is nothing less than Jiangchuanjiang.

Jiangchuan Jiang family as large and small, worth unfamiliar, broke and said:. "This level charms, only a few millionths of a million plus, you do not play,"

Then, Jiangchuan direct placards Read on "I'm paying 150 million yuan, Jiutianshanhaifu is mine."

This price really shocked many people. After all, everyone just added millions to millions, which, like Jiangchuan, directly increased by more than 30 million.

For a time, the fiery auction site was a bit quiet.

Jiangchuan saw a confident smile at the corner of his mouth

, and said, "My-- " However, before he finished his words, a middle-aged wealthy businessman raised the sign and said, "160 million."

Jiangchuan heard it and couldn't help it. He turned his head to look at the past and glared: "Boss Hu, are you going to compete with me?"

This big-bodied boss Hu is also an industry giant, and his value is not less than that of the Jiangs. I am old and need health care. Do n't Jiang Shao bid on this kind of old man like me? ”

Jiang Shao said:“ Boss Hu is young and powerful, where is he old. Besides, my Fu Zhuan is for my grandfather. Please Hu "The boss has a crush on love."

Boss Hu smiled and said, "If Jiang Shao said so, I would like to shoot this seal for my father."
