## Chapter 455

Wayne Lin was stunned on the spot when he heard this.

What the hell?

Is there such a physique in this world?

If it weren't for Ugly Master's expression to be more serious than ever, and with some panic, for fear of being heard by Nishang, Wayne Lin would suspect that Ugly Master was lying to him.

After a while, Wayne Lin said, "Who is the Taoist couple in the neon clothes?"

Chou Ye shook his head and said: "As far as I know, Master Nishang is still free, and there is no Taoist companion. In fact, the secret that Master Nishang is a very yin physique was only circulated not long ago, and not many people know it. Ye Xingchen would say this, obviously he is one of the secrets."

Then the ugly master frowned again, and said with a little worry: "According to Ye Xingchen's personality, he knows that Master Nishang is a very yin physique, and he will definitely not let this opportunity pass. He is probably going to be against Master Nishang!"

Wayne Lin also nodded lightly, agreeing with Ugly Master's speculation, and after simply contacting Ye Xingchen twice, Wayne Lin could see that Ye Xingchen was the kind of ambitious person who would do nothing to achieve his goal.

After thinking about it, Wayne Lin said, "I want to see this lady in neon clothes, can you arrange it?"

Ugly master smiled bitterly and said: “Master, you can think of me, I’m just a slave. Where can I be arranged for you. She is a super strong in the fourth stage of Innate Realm.”

This is also true.

Wayne Lin said again: “Since she will come to Huarvell, she should see me sooner or later.”

The ugly master thought for a while, but said helplessly: “I can’t give you the answer to this, I can’t guess what she thinks, but I think I should see you once. of.”

“Okay.” Wayne Lin also knew that as Ugly Master, he couldn’t arrange a meeting between him and the neon clothes. The more so, the more he wanted to see the neon clothes.

Then, Wayne Lin asked some things about neon clothes, but the ugly master didn’t hide anything, because he didn’t know much about neon clothes. He only knew that the neon clothes belonged to BRAGRUN’s organization in the Western Regions and was brought by the saint Qin Yuehua back then. After returning to BRAGRUN’s organization, his cultivation base was very high. Besides, there was no other information.

At this moment, Ugly Master’s cell phone rang suddenly. He took it out and showed a surprised expression on his face. Then he looked up at Wayne Lin and thought for a while before answering the phone.

“Hey, Master Nishang...”

Wayne Lin immediately raised his brows and his ears stood up.

On the phone, a cold female voice came immediately: “Tell brother Wayne, the time is right, I will meet with him, and Ye Xingchen, don’t worry about him, I will solve it and let him concentrate on cultivation.”

“Good Ni...” Chou Ye responded respectfully. Before he finished speaking, he felt a flower in front of him, a gust of wind blowing, and Wayne Lin quickly walked in front of him and grabbed his mobile phone. , Put it in her ear and said: “I want to see you now.”

“Master, you...”

Wayne Lin glared at him, and the ugly master was afraid to speak.

On the phone, Nishang heard the sound of shortness of breath, and did not respond immediately, but became silent.

After a while, the voice of neon clothes came through the phone, "It's not the time yet."

"When is the time then?" Wayne Lin asked in a deep voice.

Nishang did not answer.

Wayne Lin sighed, this feeling of being hung is really uncomfortable.

After thinking about it, he then asked: "My mother, how is she?

? "

Asking this sentence, Wayne Lin's heart couldn't help feeling tense. In his mind, the gentle and kind face of his mother appeared. In the impression, he hadn't seen his mother for a long time, and at one time he thought his mother was dead. , I didn't expect my mother to be alive.

Now he is in this world, and his only relative is his mother.

"She...is fine."

Nishang's words paused for a while, even if she quickly recovered to nature, Wayne Lin still caught it keenly!

Mother is not doing well! !

Wayne Lin's breathing was swift, and holding the phone with a lot of force, the tempered glass screen was cracked by him.

"I can tell, my mother is not doing well. Is someone bullying her?" Wayne Lin's eyes were cold, and he gritted his teeth. A strong murderous intent radiated from him, causing the temperature in the room to drop several degrees. The Lord felt his coercion for the first time, his heart was tightened, and his heart was shocked. After not seeing him for a while, the young master's cultivation became more sophisticated! !

Nishang became silent again. Wayne Lin hated her silence and gritted his teeth and said, "Tell me!"

Nishang finally spoke, her tone of helplessness and grief and anger, but she tried her best to suppress it, and at first it sounded very cold, "You don't need to ask so much, she is not in danger of life now. Besides, with your current cultivation base, I can't save my aunt, what's the use of telling you?"

Wayne Lin's strength to lift up instantly vented half, and his anger disappeared like a tide, slowly rising, becoming bitter, unwilling, and self-blaming.

Yes, even if Nishang tells him, what can he do?

Not to mention fighting against the entire BRAGRUN organization, Ye Xingchen is one of them. He is difficult to defeat, so what can he use to save his mother from the sea of suffering?

Strength, everything depends on strength!

Over the years, after experiencing so many difficulties and setbacks, Wayne Lin's mind has long been tempered to be very tough. He has not been decadent too much, and soon he cheered up.

Now that he is less than 30 years old, there is a lot of room for improvement!

Before he was so difficult, he has survived, and now he faces no matter how difficult he is, he will not easily fail.

"I am powerless now, it does not mean that I will be powerless for the rest of my life. For thirty years in Hedong and thirty years in Hexi, one day, I will have enough strength to rescue my mother!" Wayne Lin said firmly, at this moment, he He was full of perseverance, a strong confidence, spontaneously radiating from him.

The Ugly Master on the side was immediately shocked by him. At this moment, he felt Wayne Lin's determination and self-confidence not to admit defeat and dare to fight against the sky. In an instant, he even developed a kind of trust, believing that Wayne Lin will really one day grow up to the point where he can fight against BRAGRUN organization!

It seemed that the neon clothes on the other side of the phone also felt Wayne Lin's confidence.

She fell silent again.

But after a few seconds, she said, "You don't know BRAGRUN, and it's normal to have such confidence. Auntie, you don't need to think too much about it. When the time comes, I will rescue auntie. Your mother and son will meet again."

Wayne Lin didn't believe in Wayne Lin's tone. Even if she covered up well, Wayne Lin heard it out. When Wayne Lin wanted to say something, Ni Chang hung up the phone.

Wayne Lin heard the busy tone on the phone, his mood was quite complicated.

Wayne Lin didn't stay long after returning the phone to the ugly man, and left after explaining the matter.

Next, he will begin to retreat, sprint with all his strength, and break his cultivation base to the fourth stage of the innate realm! ! !

## Chapter 456

Wayne Lin is now in the third stage of the Innate Realm, half a step away from the fourth stage.

To describe it concretely, there are five cups in the Innate Realm, and one cup represents a stage. Wayne Lin's third cup has already been filled with 90% of the water, and the remaining one can be filled.

And it's not enough to fill it up. You have to find an opportunity to fill the fourth cup with excess water to break through to the fourth stage.

Ye Xingchen and Nishang both have four cups, which represent the fourth stage.

When he reached Wayne Lin's realm, it was not easy for him to go further.

After arranging everything and making sure that the safety of Alma Chu's family of three was okay, Wayne Lin proceeded to retreat with peace of mind, and before the retreat, he prepared a lot of pills.

In an old forest in a deep mountain, there is a cliff. In the middle of the night, at five o'clock in the morning, a person came out on the cliff, put a finger on the rock, and sat upside down.

If anyone sees this scene, they will be scared to speak!

You know, there are hundreds of meters below the cliff. If you fall, you will have to fall into a ball of mud!

Moreover, the wind here is still so strong, the mountains and forests are whistling, let alone the ordinary people stand upside down with one finger like this, even if they are lying there, they will be trembling with fright and peeing.

But this person stood upside down like this, and the only place to support his fingers was only two centimeters away from the air!

It is equivalent to half of Wayne Lin's body hanging in the air beyond the cliff. This is no longer a fate to describe, it is purely death!

However, even if it is so, the wind blowing from the mountains and forests can only blow his clothes and float, but not his body, as stable as a mountain. It seems that he is not a detached individual, but a human-shaped flag, firmly inserted in the rock, and will not be shaken by the wind or sun.

And this person is Wayne Lin.

This is the third day of his retreat.

In another half an hour, the sun will rise from the east, and the first ray of sunlight will shine on his face.

This is his way of retreat, to temper his will and break through his limits through the dangers of nature.

Only this method can stimulate his potential the most and play a role in promoting growth.

In his theory, this is an act of stealing secrets!

Even the average Innate Realm master would not dare to do this, because once a missed fall, it would be the result of a dead end, and there would be absolutely no chance of surviving!

Only when the legendary King Kong is indestructible can there be a glimmer of life.

Of course, if this were not the case, it would not have the effect of stimulating potential and promoting growth.

The wind blows louder and louder, slamming Wayne Lin's clothes, pushing Wayne Lin towards the cliff with a certain strength, just like the strength of a seven or eight-year-old child.

In order to maintain his balance, Wayne Lin's body tilted towards the forest.

On the rock, a half-centimeter hole has been punched out by his finger.

This kind of cultivation method can be said to be rare in the world. There are many ways to stimulate one's concentration and speed up cultivation through danger. But Wayne Lin is no longer in danger, but in desperation. An accidental end that is torn to pieces can be said to be unique in the world.

Is Wayne Lin afraid?

Of course I am afraid!

On the first day, his heartbeat was almost at its extreme, and he had the thought of shrinking several times, and several times, because of prolonged concentration, the brain was consumed too much, and he was distracted and almost fell. Go down.

But on the second day, the first ray of sunlight shining on his face. When the purple qi came to the east, he felt alive and felt a mysterious and mysterious meaning. He slowly became scared. Relax.

Now on the third day, he is calmer. He can clearly feel that his body is not strengthened, but his mentality has strengthened too much. He is fighting against the god of death all the time, and on several occasions, he has felt the breath of death.

But he still survived, which is a great tempering of his mentality!

Not only that, his mental power has also increased a lot, and now his energy is more than twice as strong as before the retreat!

Of course, he did not relax his vigilance, he was still in awe. It's just that his mentality has slowly calmed down.

Finally, after half an hour passed, he clearly felt that the first ray of sunlight from the east shone on him.

The night was driven away, the day was ushered in, the light ushered in, and the glory of the day ushered in.

This kind of rules that nature has never changed for hundreds of millions of years has formed a freeze in his heart, and he feels more deeply.

He realized something that he had never thought about before.

About life, about nature, about time...

Almost at the same time, he opened his eyes and saw the sun on the other side of the mountain. The intense light began to drive away the night.

Next, he started to drive, and his body actually fell to the cliff!

Just as he was about to fall, Wayne Lin's right hand stretched out abruptly, grabbing a stone on the edge of the cliff, and then with force, the whole person soared up from the cliff, accompanied by a loud and long howl.

The birds and beasts resting in the mountains and forests were all startled by him and moved.

Wayne Lin was bathed in the sun and began to punch.

He always stood on the edge of the cliff, punching again and again.

And the strength he brings, through his bare feet, is continuously transmitted to the ground, shaking the rocks on the edge of the cliff one by one, and then falling down. It will take a long time to hear the sound of the stone falling to the ground. , It can be seen that the height of this cliff is amazing.

But on Wayne Lin's face, there was no slightest fear or panic.

He was still punching side by side.

When the sun slowly rose until it was directly above his head, when it was noon, he stopped punching, and the cliff stone under his feet was shocked by him for more than ten meters!

He exhaled a long suffocating breath, with enough breath, blowing all the flowers and plants on the ground to the ground.

“My cultivation level has improved a lot, and now I fight Wu Meizi again, and in less than a minute, I can kill her.” Wayne Lin showed a satisfied smile on his face, and then said with a little regret: “Unfortunately, it is still Did not break through to the fourth stage. However, even if there is no breakthrough, Ye Xingchen and I are confronted head-on, it is not necessarily his opponent.”

Wayne Lin clenched his fists, he was still very confident of his strength.

He felt a little hungry now, and took out a few special pills from his schoolbag and swallowed them in one bite.

The pill was quickly digested in his stomach, turned into a strong heat, and spread to his body. Soon, his physical strength would recover more than half.

He is no longer afraid of the cliff now, and staying in retreat will not achieve the effect of stimulating potential, so he does not need to waste time anymore.

So he packed his bags and started to leave.

Instead of going down the mountain along the original road, he took out a few hundred meters of hemp rope from his schoolbag and tied it to a big tree, then he threw the other end of the rope down the cliff, and he grabbed this one. Hemp rope, jump straight down.

After just half a minute, he went down to the foot of the mountain, unharmed, and almost the time of free fall.

When Wayne Lin returned to Huarvell, he met two acquaintances at the gate of Yulongwan Community. It was not who, but Tan Qiuya and Tian Mingjie.

They saw Wayne Lin and walked up quickly. Tan Qiuya said: "Mr. Lin, now a week has passed, how are you thinking about it, are you willing to join our Xuanyuan Group 3?"

Wayne Lin saw the appearance of the two of them. His face was obviously haggard, and his eyes were bloodshot. He seemed to have waited for him here for a long time. He asked in surprise, "You have been waiting here for a long time. ?"

Tian Mingjie said bitterly: "It's not a long time, just two days and two nights. The key is that your mobile phone has been turned off. We have to wait at your door."

Wayne Lin was a little embarrassed. It just so happened that he went to retreat for the past three days and his mobile phone was also turned off.

He smiled awkwardly and said, "I'm sorry, I have left something a little bit these days, I will keep you waiting."

Tan Qiuya waved her hand and said, "It doesn't matter. Mr. Lin, are you thinking about it, joining our Xuanyuan three places has many benefits..."

Wayne Lin waved her hand, interrupted her directly, and asked, "You are so anxious, did someone sacrifice again?"

Tan Qiuya trembled all over, and Tian Mingjie also lowered his head.

At this moment, there was a voice coming from behind Wayne Lin, "Mr. Lin is really clever, I guessed it so soon."

Wayne Lin looked back and saw a tall, stiff middle-aged man walking over.

Just by looking at it, Wayne Lin knew the identity of the other party.

## Chapter 457

This person, unsurprisingly, must be a high-level person in Xuanyuan 3rd place. When Tan Qiuya and Tian Mingjie saw him, they immediately showed respectful expressions and saluted solemnly: “Chu Sun!”

The iron-blooded middle-aged nodded to them, walked to Wayne, and said in admiration: “Mr. Lin, you are younger than you look in the picture. If you have not personally investigated you, I really can’t believe it. Thirty years old.”

After walking in, Wayne could clearly find that the opponent’s right foot was obviously short. Even if he had covered it up well, he could still see it. Moreover, one of the opponent’s eyes was broken and it was fake. The eyes will not turn.

Especially the place has an iron-blooded and hard-line temperament, and the evil spirit is very strong. At first glance, it is known that many people have been killed. But his murderous aura does not make people feel bloody, not the kind of vicious person. Wayne knew immediately that the other party killed all bad guys, had a clear conscience, and even thought it was honor.

Wayne immediately raised his respect and said politely, “Chu Sun, hello.”

Obviously, even if the person in front of him is not the principal of Xuanyuan’s third place, he is at least the deputy.

To be honest, Wayne was still a little surprised. Even if he was the deputy, his identity was not simple. He actually came to him in person, indicating that Xuanyuan 3 places high value on him, and it also shows that the talents of Xuanyuan 3 are withered and he needs him very much. .

Sun Chu smiled and looked at Wayne carefully, then suddenly his expression became serious. He actually saluted Wayne and said in a deep voice, “Xuanyuan Third Deputy Chief Sun Liang, sincerely invite Mr. Lin to join Xuanyuan Third !”

At the same time, Tan Qiuya and Tian Mingjie also saluted Wayne at the same time, with extremely serious and solemn expressions, even with obvious requests in their

eyes, shouting: “Tan Qiuya, deputy head of the fourth team of Xuanyuan 3rd Department, sincerely Invite Mr. Lin to join the three places of Xuanyuan!”

“Tian Mingjie, member of the fourth team of Xuanyuan No. 3, sincerely invites Mr. Lin to join Xuanyuan No. 3!”

The sound is loud, can penetrate the sky, and shock people.

ven with Wayne’s composure, at this moment, he couldn’t help but be shocked, a little moved, and a blood flowed through his body.

In fact, when he is in his state, it is difficult to be affected by the outside world, but now, he is not only affected, but also not lightly.

He felt it completely, they didn’t pretend, they really wanted him to join Xuanyuan three places.

Especially from their eyes, Wayne saw bitterness and sadness. It was obvious that there were really no people in the third place of Xuanyuan.

Originally, Wayne was reluctant to join, especially now that he has obtained the status of charity ambassador and has a relationship with the lord of the state. His status in China is already relatively detached. Joining Xuanyuan three places will not give What benefits he brings, but the danger has increased a lot.

If rationally, Wayne shouldn’t join the three places of Xuanyuan no matter what, but Wayne is not a purely rational person, he is a person of flesh and blood, emotional and ambitious.

Now the country needs help, he has this ability, it is difficult to stand on the sidelines.

Finally, he sighed and shook his head helplessly.

When the three Sun Liang saw Wayne’s reaction, they thought that Wayne had refused. Their eyes dimmed. Sun Liang sighed heavily and said, “Everyone has their own ambitions. Since Mr. Lin, you don’t want to join Xuanyuan Three. , Then we won’t force you.”

There was a deep sense of loss and bitterness in his eyes.

Wayne smiled bitterly and said, "Director Sun, you have misunderstood me, I am willing to join Xuanyuan Three."

"what?!"

In an instant, Sun Liang opened his eyes wide and looked at Wayne excitedly. Tan Qiuya and Tian Mingjie also had the same surprise on their faces. There was a scent of unsustainable mountains and rivers, and a bright future in the dark.

Wayne touched his nose and said with a wry smile: "Your response is too big, it makes me so rare."

Sun Liang laughed loudly and patted Wayne on the shoulder and said, "Haha, Mr. Lin, with your participation in the three places of Xuanyuan, we can definitely regain our glory."

Wayne was even more embarrassed when he was boasted. Although his current cultivation level was not low, he was still far from enough to look at such a large institution in Xuanyuan Three. He still had this point of self-knowledge.

Sun Liang seemed to have confidence in him, and said with a smile: "Mr. Lin, to put it bluntly, in terms of your strength, perhaps you don't have our own understanding of you."

Wayne smiled bitterly again, this Sun Liang was a bit too much praise.

However, he has now agreed, and he is also relieved. Now that he has decided, then he will do it well.

Next, Sun Liang took Wayne and chatted for a while, mainly introducing the three places of Xuanyuan and Wayne's main duties when he joined the three places of Xuanyuan.

To Wayne's surprise, Sun Liang asked him to join Xuanyuan's three places, actually asking him to be an instructor.

"Well, Chief Sun, I'm an instructor, I'm afraid it's not this piece of material." Wayne said embarrassedly.

Sun Liang confidently said: “You are definitely this material! I have investigated your Aegis Security Group. Those newcomers have made rapid progress in a short time under your training. You are not this material, who else is it this material? Okay, it’s so decided. The day after tomorrow I will let Qiuya come to pick you up in person. Then you will report to Xuanyuan 3 and I will walk you through the procedure. From then on, you will be Xuanyuan 3 People at the office.”

After a pause, Sun Liang said meaningfully, “Don’t look at us at Xuanyuan 3rd place now that there are no people, but our status in the country is still relatively detached. As long as you are the instructor of Xuanyuan 3rd place, as long as you don’t violate Errors of principle are much easier to act in the country.”

Wayne is a wise man, so he quickly understood what he meant, that is, as long as Wayne doesn’t treason, he can almost walk sideways in the country.

Wayne didn’t doubt this, after all, the third place of Xuanyuan itself was a transcendent organization.

Of course, everything has two sides. Wayne gets these conveniences based on danger, and he also needs to do his responsibilities well, otherwise everything is empty talk.

Seeing the figures of Sun Liang and three of them going away, Wayne shook his head, and, confusedly, joined the three places of Xuanyuan.

In the next two days, he accompanied Alma. The two went to the surrounding cities to play for a day, ate some famous local snacks, and went to the playground to play around. Both of them were in a much better mood.

Speaking of it, the two of them have been married for so long and haven’t played like this before. This experience is indeed very wonderful.

On the second day, Wayne got up early, got in Tan Qiuya’s car, and went straight to Xuanyuan’s third base.

On the way there, Tan Qiuya told him a lot about the three places of Xuanyuan, and Wayne slowly realized that the instructors at the three places of Xuanyuan were not so easy to do, and there were so many thorns inside

At the same time, in the three bases of Xuanyuan, in a square, hundreds of people gathered, their figures are particularly strong, their eyes are piercing, full of explosive power, and their bodies are full of fierceness and evil spirit. I know it's not easy to mess with.

In particular, a dozen of them have very strong auras, strong physiques, exuding iron and blood, and they are fighting each other, and their fists are extremely fierce. Ordinary people can't bear it, and even die on the spot!

"Hey, I heard that Sun is in the folks, and he has found a new instructor, saying that he will come to replace instructor Liu."

"Well, I also heard that there is such a thing."

"Mainly, this new instructor, I heard that he is the president of an entertainment company, he is less than thirty years old."

"No! A businessman is here to be our instructor? Isn't that a joke! Sun Chu is definitely not so confused, right?"

"It's true. I have already inquired about it from Tian Mingjie, and it is said that this new instructor's kung fu is very good, and we are not opponents together."

"Hehe, bragging is awesome! A businessman, under thirty years old, is a yellow-haired boy, is he qualified to be our instructor! What to teach us, business? What a big joke! Wait for this guy to come. , I'm the first to give him power!"

"Hey, Lao Niu, wait you don't abuse the new instructor, wait for someone to cry, how can they end up?"

"Hahahaha..."

A crowd of people in the square sneered.

At this moment, someone shouted, "Look, Chief Sun is here with someone!"

# A Life Upside Down Chapter 458 – 460

## Chapter 458

Ten minutes ago, Wayne was sitting in Tan Qiuya's car and arrived at the base of Xuanyuan No.3. Seeing the high-standard facilities and the atmosphere of Xiaosha, Wayne was still very moved.

From a distance, this base revealed a sense of slaughter. In Wayne's spiritual world, the base that I saw was not a rigid dead object, but a rigid spear with a sharp tip. A stern and fierce spirit.

This is a national gun, supporting the world of China and protecting it from the erosion of foreign races.

It's just that this national gun is a bit old, even the tip of the gun is a bit rusty, and there are scattered gaps on the barrel, showing his extraordinariness and weakness.

This kind of feeling is mysterious and mysterious. If it weren't for the third stage of the innate realm, the spiritual realm was so powerful that ordinary people would not feel it.

Wayne sighed slightly in his heart. He knew that he had joined such a Xuanyuan Three, so he would have a lot of difficulties next.

Tan Qiuya approached the base, her face showing pride and enthusiasm. This is her home, and she feels very strong.

"Instructor Lin, the base is here. From now on, we are colleagues." Tan Qiuya took the initiative to shake hands with Wayne and said with a smile.

Wayne shook hands with her, "Take care."

Tan Qiuya blinked and said, "It should be you who take care of me. From now on, you are also my instructor."

“Really?” Wayne was a little surprised.

After a while, Wayne saw Sun Liang after entering the three bases of Xuanyuan.

Sun Liang, wearing a uniform, was full of iron and blood, standing straight, like a long spear, which was awesome.

“Instructor Lin, you are here, welcome.” Chu Sun took the initiative to greet him and shook hands with Wayne, very excited.

Wayne also smiled and said, “Chu Sun, when Lin came here for the first time and did not do well, please forgive him.”

Just as Sun Liang was about to speak, at this moment, a black-faced middle-aged man next to him snorted heavily, and said dissatisfiedly: “It hasn’t started yet, so let’s shirk responsibility first. His mouth is slick. No soldier should have it. The quality! Sun Liang, where did you find the little yellow-haired boy and let him be my fighting instructor at the third place of Xuanyuan. Is your mind flooded?”

This black-faced middle-aged man has a hot personality, and catching Wayne is just a scolding. In his opinion, Wayne is thin and tender, and so young, he is still a businessman, and has the ability to be Xuanyuansan. The instructor of the office, if this is passed to the competition agency, it will be laughed to death.

He now has a lot of talents in the three places of Xuanyuan, but he is not at the level of a businessman to coach! This is a joke!

Wayne raised his brows. He was not angry, but a little dissatisfied. What happened? Did Sun Liang not ventilate with the other people in Xuanyuan 3rd place in advance? He has already come to report, and he has made such an oolong.

Now Wayne is no ordinary person. He is the top powerhouse in the third stage of the Innate Realm, a super human. It was only because of Sun Liang’s face that he agreed to join the three places of Xuanyuan, otherwise, he would not be rare to come over. Now that he is so mocked by someone, where is his face turned?

Sun Liang saw Wayne’s gaze, and he also had a headache. He was too busy these two days and forgot to say hello to another deputy office, Chang Hongshen. He now quickly said: “Old Chang, this is Wayne, you Don’t look at him as young and powerful. He is

already a master of the innate realm. He is the instructor of our Xuanyuan three places. I believe that the overall strength of our three places will be strengthened soon.”

Chang Hong didn't believe it at all, “Master of Innate Realm? So young? Ha ha, Sun Liang, are you treating me as a fool?”

Sun Liang frowned. Because he and Chang Hongshen are both assistants, they have competed with each other over the years, and their relationship has not been very good. In particular, Chang Hongshen's personality is extremely aloof and stubborn, and often friction.

“Chang Hongshen, if you don't believe me, you can investigate yourself to see if I abused my power or you are a fool!” Sun Liang said in a deep voice.

Chang Hong snorted deeply, “I'm too lazy to investigate, if I have the skills, I'll see you later!”

Then, he squinted his eyes and said gloomily: “Sun Liang, don't blame me for not reminding you. The fighting instructors at the three Xuanyuan locations are not so good. There are so many thorns in the team, and all of them have high hearts. Arrogant, not everyone is qualified to be their coach. Don't wait, the businessman you found was abused by that gang of stingers, shame, that's funny!”

Sun Liang laughed loudly, “Then wait and see, Chang Hongshen, if you don't worry, you can also challenge Instructor Lin.”

Chang Hong snorted in disdain, then walked away.

After Chang Hongshen left, Sun Liang looked a little embarrassed. He said to Wayne: “Instructor Lin, it was my mistake just now. I didn't greet Chang Hongshen in advance.”

Wayne was a little dissatisfied, but he didn't express it. He waved his hand and said faintly that it was okay, and then said directly: “The leader just said right, whether he is qualified to be the instructor of Xuanyuan III depends on his ability. Chief Sun, if there is nothing to do, take me to see those students directly.”

Sun Liang nodded. Before that, he had to put Wayne in the Xuanyuan three uniforms, and Tan Qiuya led Wayne to the dressing room.

When Wayne changed into Xuanyuan's three uniforms, when he came out, Tan Qiuya's eyes suddenly lit up, and his eyes were full of splendor.

Wayne's figure is very good, tall and straight, especially calm and thin. With this uniform, he adds a bit of hardcore and perseverance. This kind of image has never appeared in Wayne.

In an instant, Tan Qiuya's heartbeat speeded up a lot.

Seeing her like this, Wayne thought that he was wearing a dragon robe that was not like a prince, so he touched his nose in embarrassment and said, "Why, is it ugly for me to wear this suit?"

Tan Qiuya returned to her senses and shook her head quickly and said, "No no, instructor Lin, you put on our Xuanyuan three uniforms, you are even more attractive!"

To be sure that Tan Qiuya was not lying to him, Wayne breathed a sigh of relief. To be honest, he was wearing a uniform for the first time. There was an indescribable solemnity and sacredness, and his mood was still different.

Looking in the mirror, he found that he was indeed okay, but he was relieved.

Not long after, when Wayne followed Sun Liang and Tan Qiuya to arrive, the hundreds of people on the square calmed down and quickly formed a line, waiting for their superiors to come over, demonstrating their high discipline.

At the same time, these hundreds of people suddenly saw Wayne next to Sun Liang with their eyes, and they were all obviously disappointed.

Sure enough, this new instructor was a young man with a delicate skin and tender flesh. He looked very weak. Any one of them could easily knock down this young man.

Wayne's hearing is so keen. On the way here, Wayne heard these students' disdain for him, but he didn't take it seriously, because he glanced at it casually and he could see that there was a natural state in it. There are no strong people, ten or so of the most powerful, but the peak of the day after tomorrow, or the kind that has not swallowed the Xisui Pill, the strength is very average.

"salute!!"

When Wayne and the others arrived in front of them, the strong man in the line shouted loudly, and then everyone saluted neatly.

Sun Liang was very satisfied, pressed his hands, let them put them down, and then said with a smile: "I believe you have heard that, I have found a new instructor for you, this is the instructor Lin next to me, he is a super master. The cultivation base is unfathomable. From now on, they will be responsible for your fighting courses. You must listen to Instructor Lin, you know?"

"Yes, Chief Sun!!!"

They answered in unison, their voices loud and loud, spreading across half of the base, with great momentum.

Then Sun Liang said to Wayne: "Instructor Lin, then this group of soldiers will be handed over to you. You don't have to feel bad about them. You can do it hard, the harder the better, and train them into a personal shape as soon as possible!"

This is really rude.

Wayne nodded, saluted Sun Liang, answered affirmatively, and then looked at the group of soldiers in front of him.

"Hello everyone, I'm Lin..."

He greeted him, but before he finished his words, someone interrupted him, "Instructor Lin, right? We have a rule here. If you want to be our instructor, you can, but we have to inspect the goods first. "

## Chapter 459

The speaker was in the second row. A burly man with a stature of over 1.85 meters. He tilted his face with some ridicule on his expression. He stared directly at Wayne Lin and made no secret of his contempt for Wayne Lin. .

When other people heard him talking, they also showed a joking expression. They looked at Wayne Lin wantonly, and did not respect Wayne Lin because Wayne Lin was their new instructor.

For them, respect depends on their ability, and the instructors who arrive by air will not be respected by them, no matter how big they are.

Wayne Lin knew about this, so he smiled and looked at the brawny man and said, "Okay, how do you want to inspect the goods?"

The brawny man showed a playful smile and said, "Aren't you going to be our fighting coach, then play with us and see if you have this ability. After all, not all cats and dogs can be our Xuanyuansan. Fight the instructor everywhere."

What he said was a bit presumptuous, and many people were watching Wayne Lin's jokes.

In a building not far away, a black-faced middle-aged man stood in one of the windows of a building not far away. Looking at this side, he showed a sneer. It was no one, it was Chang Hongshen who had just left, "Huh, Sun Liang, I don't believe that the idiot you found has the ability to be a fighting instructor at Xuanyuan Three."

Sun Liang didn't scold the brawny man, a faint smile appeared on his face. Obviously, this was something he had tacitly approved.

Before Wayne Lin came, he expected this scene to happen, so he did not feel surprised, but directly nodded and said: "No problem, since you want to inspect the goods, then come on. I just want to try you too. , I have some skill, is it worth my coaching."

What he said had nothing to pretend, but when it fell in the ears of this group of soldiers, it became arrogant, making this group of soldiers even more hostile to him.

Chang Hongshen laughed when he heard it, "This mother-in-law is so arrogant, I'm looking forward to how he will be abused by these stingers in a moment."

"Crazy enough!"

The burly man's expression immediately darkened, he gave Wayne Lin a cold look, then walked out of the team and walked in front of Wayne Lin.

His figure is extremely strong, and his strength has reached the limit state in the realm of masters. Among ordinary people, he is considered good, and he can even participate in some non-regular fighting competitions in China.

However, for Wayne Lin, the gap was too big, it was not of the same level at all.

With a smirk at the corner of his mouth, he stared at Wayne Lin, his eyes were full of coldness and contempt, he twisted his neck and made a crackling sound, which looked quite scary.

But when Wayne Lin saw that he was the only one who came out, he frowned slightly and said in surprise, "Are you trying to challenge me yourself?"

The brawny man grinned, "Yes, why, instructor Lin, are you scared?"

In his opinion, Wayne Lin's performance is a bit scared. After all, Wayne Lin is really too far behind him in terms of physique, and his muscles are not strong. He looks like an ordinary person with respect. He can knock down a piece of goods at will.

Wayne Lin said: "You are too weak. I was beaten by you while standing. You can't beat me. You should pick some powerful ones and go together."

There is no arrogant or provocative element in his words. As a master of the third stage of the Innate Realm, he is completely overkill for coaching these hundreds of ordinary people.

However, he thought so, and fell into the ears of others, but he didn't think so. In an instant, the faces of these soldiers changed.

"What a big tone!"

"Arrogant!!"

"Just because of his weak physique, do you want us to besiege him? He has a problem with his brain."

"Daniu, since this new instructor despises you so much, you can use your skills and let him see how good you are!"

"Daniu, give some color

Take a look and let him know what humility is! "

A bunch of soldiers began to clamor, they are all sturdy people, they can die for the country without hesitation, but they also have a strong ambition to win, and they especially look down on the kind of people who are not strong and like to pretend. In their eyes, Wayne Lin is such a person.

Daniel clenched his fists, he was a little angry, Wayne Lin was too arrogant, he was obviously only a weak chicken, and he dared not to put him in his eyes, it was crazy!

“Since instructor Lin is so confident, then I’m not polite! Look good, but don’t be defeated by my punch!!” Daniel roared, and then began to attack Wayne Lin, very mighty. Just like a tiger descending a mountain and swallowing a mountain and river with anger, ordinary people face such an offensive, they have to be scared and pale on the spot.

But it was too slow for Wayne Lin, and his strength was also very weak. He had no fewer than a hundred ways to bring the opponent down in one second.

But Wayne Lin didn’t do this, and he dodged it easily.

Daniel saw that Wayne Lin could dodge such a quick punch, but he was a little surprised. Soon he launched a fierce attack again. A combination of punches came out and closed step by step. He was confident that he could do so in a short time. Defeated Wayne Lin!

“Slow, slow, still too slow.”

However, no matter how fast he punches, he still can’t hit Wayne Lin, and Wayne Lin is constantly mocking him, making his lungs explode with anger.

He attacked for a minute without touching Wayne Lin. In his eyes, Wayne Lin was like a loach, slippery, always able to dodge his fists at critical moments, and was furious.

Finally he became impatient and cursed loudly: “What do you keep hiding? If you have a kind, just punch me in the front!!”

Wayne Lin’s eyes flashed and said meaningfully: “As you wish.”

He stopped abruptly, facing the punch from Daniel, he didn’t dodge, so he took the punch from Daniel firmly.

The soldiers on the scene saw that Wayne Lin didn't dodge, and wanted to use his body to harden the bull's punch. They all felt that Wayne Lin was too arrogant. They were all looking for death. In their minds, they had expected Wayne Lin to be the bull. The scene of one punch flying.

But the scene that happened next made them all opened their eyes wide and showed an incredible expression!

With a bang, it hits.

Then there was a muffled hum, but it was from Daniel.

Daniel's punch hit Wayne Lin's chest, but Wayne Lin did not move at all. Instead, Daniel took a few steps backwards with a painful expression on his face. He held his right hand and raised his head, his face full of horror. Looking at Wayne Lin, he said sharply: "You actually wore steel plates! It's so mean!"

"what?!"

When the others heard this, they all showed angry expressions, and they accused Wayne Lin, thinking that Wayne Lin was too mean, and came to be their instructor, and even came over with a steel plate. This was too shameless.

Wayne Lin frowned. He said, "I didn't wear a steel plate. My muscles instantly solidified and became as hard as iron."

However, what he said immediately caught the contempt of these people, and they scolded one after another.

"Who are you lying to!"

"Take off your clothes if you have a seed!"

"That is, I actually wear steel plates, my character is too bad!!"

"Why, don't you dare to take off your clothes!!"

At this moment, Wayne Lin actually aroused public outrage, thinking that he was wearing a steel plate, otherwise how could Daniel hit his chest with a punch, but his hands were shaking.

Wayne Lin shook his head, his eyes became colder, and there was no unnecessary nonsense, he directly began to take off his shirt...

After a while, when all his clothes were taken off, revealing his strong upper body, the audience suddenly became quiet.

## Chapter 460

Wayne Lin took off his clothes and was naked. Everyone saw his strong upper body but not bloated muscles. Although they were white, they were full of explosive power.

The most important thing is that he is not wearing steel plates, his clothes tremble deliberately, and there is no foreign body.

At this moment, everyone was stunned.

They stared at Wayne Lin, like ducks caught in their necks, they looked funny.

“This is impossible!!”

After a few seconds, it was Daniel who broke the silence first. He screamed out, his eyes staring as big as a copper bell. With a punch just now, he really felt like he had hit a steel plate! As a result, Wayne Lin took off his clothes now, but there was no steel plate? How could this be? How could a human body be so hard? This is totally beyond common sense!

Tan Qiuya also opened her eyes wide now, looking straight at Wayne Lin's naked upper body. She was not shocked that Wayne Lin did not have a steel plate, but that Wayne Lin's figure is really good, better than any model. It must be beautiful, especially the lines, just like those carefully carved by God, full of masculinity, and not bloated and unsightly.

She knew Wayne Lin's abilities, such a body contains such a powerful energy, for a woman like her, it is full of extreme temptation!

Even, she couldn't help but swallowed her saliva, her eyes a little could not move away.

Wayne Lin noticed her such fiery eyes. Looking over, she blushed immediately and quickly moved her eyes away.

But Yu Guang couldn't help but peek.

Wayne Lin didn't think much about it. He said to the group of soldiers faintly, "Well, can you be sure I haven't worn steel plates now?"

The audience was silent and didn't know how to answer.

Sun Liang coughed, and yelled at the group of soldiers: "Naughty! Instructor Lin is a master of the innate realm. People can defeat your group of rubbish with just one finger, and you still question the strength of Instructor Lin!"

Then, Sun Liang said to Wayne Lin, "Instructor Lin, this group of soldiers has such a personality. They always feel that they are number one in the world. They only want to be taught by talented people. They have a bad temper. Don't be familiar with them. "

Sun Liang's words at first sounded like scolding these soldiers, but in fact they were still talking to them, explaining their strong character, and only looking at their strength.

Wayne Lin was not angry about this, he also understood this kind of thing very well, after all, when he founded Aegis Security, he did not rarely encounter this situation.

Now at the third place of Xuanyuan, this group of soldiers reacted even more strongly.

In the building not far away, Chang Hongshen saw the scene just now. He frowned and was a little puzzled. He muttered to himself: "The strength of the big cow is not small, and a punch can produce a thousand pounds of power. , Hit this Wayne Lin, but Wayne Lin's bottom plate didn't break up?"

He had some recognition of Wayne Lin's strength.

However, if he had only this ability, he had to be the fighting instructor of Xuanyuan three places, it was still far from enough.

After all, Daniel is only a middle-to-low level among those soldiers, and those really powerful soldiers haven't made any moves yet.

Wayne Lin nodded, put on his clothes, and said, "Who else wants to inspect the goods?"

After what happened just now, the gang of soldiers looked at Wayne Lin's eyes, and there was no initial contempt. At least they knew that Wayne Lin was a little capable, not the weak chicken he imagined.

At this moment, another person came out. His body was not as tall and burly as a big cow. He was only 1.8 meters tall, but his body

The momentum exuded from the above is much stronger than Daniel.

Wayne Lin could tell at a glance that this was a master at the pinnacle of the acquired day, and he was also proficient in more than ten types of boxing, and his fighting ability was very good.

Of course, this is in the category of ordinary people, in front of the masters of the innate realm, it is too far.

He walked up to Wayne Lin and said, "Instructor Lin, Chu Sun said you are a master of the innate realm. I don't believe it very much. I have never heard of a young master of the innate realm like you. But since Sun Chu I will find you to be our fighting instructor. I believe you are capable. If you can beat me in one minute, I will recognize you as the instructor."

His words sounded very polite, but the expression in his eyes revealed strong self-confidence and contempt for Wayne Lin, betraying his ideas.

He still didn't believe Wayne Lin could defeat him.

Because he is a master in Xuanyuan's three places, he has completed many difficult tasks in the past few years. There are no fewer than ten foreign masters who have died in his hands!

And Wayne Lin in front of him looked too young, and his skin was still white, and he didn't have any calluses on his body. He looked like a pampered and wealthy boy. He didn't believe that such a person could go anywhere.

As for the hard punch just now? He can do it too.

Wayne Lin saw through his thoughts at a glance. In fact, he was quite helpless in his heart. He didn't expect that the masters of the third stage of his dignified Innate Realm would come to coach a group of ordinary masters, and they would be "inspected". If this spreads out, I'm afraid I will be laughed at.

So he decided, since it has been 'inspected', then he will use the corresponding strength to let this group of soldiers open their eyes well, and when the province is saved, this group of soldiers will not be convinced by him, and they will act against him.

"Okay." Wayne Lin nodded, he didn't have extra nonsense, and directly let the opponent attack first.

The soldier at the acquired peak did not ridicule, set his fist frame, and outrageously shot Wayne Lin with a punch. With a slight sonic boom, it seemed that in an instant, his fist had reached Wayne Lin.

Wayne Lin nodded secretly. As far as the level of the acquired pinnacle was concerned, the strength of this soldier was pretty good.

He didn't use his physical body as hard as he did just now, it's not that he couldn't hold it, but he wanted to briefly understand the martial arts quality of this group of soldiers.

He also put his cultivation base on the pinnacle of the day after tomorrow, and fought with this soldier, fighting back and forth.

Sun Liang frowned. According to Wayne Lin's strength, he shouldn't fight hard against the soldiers of the acquired peak.

However, just when he was puzzled, Wayne Lin had already understood. He suddenly accelerated and punched the soldier's face at a very fast speed. Accompanied by the sound of the sonic boom, he arrived in front of the soldier in an instant. Stop.

"Acceptance." Wayne Lin said lightly.

In an instant, the soldier felt Wayne Lin's strength burst out in an instant, he felt lingering fears, and at the same time realized that he had lost.

The other soldiers saw that even the master of the acquired pinnacle had lost, and instantly, the look in Wayne Lin's eyes became even more different.

However, to be their coach, it is not enough to just defeat the pinnacle of the acquired soldiers.

Wayne Lin stood with his hands, and he naturally saw the thoughts of these people. He simply drew a circle with a diameter of one meter on the ground and said to all the soldiers: "Well, I will not bully you. You can go together. To force me out of this circle, if you win, I will kowtow to you on the spot and apologize. If you can't do it, then obediently recognize me as the instructor. From now on, my words will be the imperial edict. West to West."
