

# A Life Upside Down Chapter 467 – 469

## Chapter 467

No words for a night.

Wayne Lin got up in the morning, feeling nervous.

Now his cultivation base has reached the pinnacle state in the third stage of the innate realm. Only one opportunity is needed to successfully break through to the fourth stage. Once he reaches the fourth stage, then he can wrestle with Ye Xingchen. It's not impossible to suppress Ye Xingchen even if he plays well.

In fact, Wayne Lin had a strong hunch, once he broke through to the fourth stage, then Ye Xingchen would not be his opponent!

Of course, this opportunity is not so easy to find. Even if Wayne Lin has not found this opportunity, then he will not be able to break through the fourth stage in the next ten years, and it may happen.

After all, the congenital realm is too difficult, and when it comes to the congenital realm, it is even more difficult to take a step forward.

The reason why Wayne Lin was able to reach the third stage of the Innate Realm in so much time was due to a lot of luck.

Because at the beginning he broke through to the innate realm by swallowing the best-quality Xisui Pill. The best-quality Xisui Pill is much more precious than the first-class Xisui Pill. It was directly the pinnacle of the first stage. After he defeated Brian Gu, he felt through the battle. After returning, after a period of meditation, tonic, and consolidation, he successfully entered the second stage and slowly reached the top level in the second stage.

Then, through a battle with Wu Meizi, he was a leapfrog challenge. At the beginning, Wu Meizi was too strong, and he was definitely an upper-level master in the innate realm!

Wayne Lin had already made plans to fall. Therefore, he defeated Wu Meizi, which brought him tremendous benefits.

Directly from the second stage, a breakthrough to the third stage.

Now, the appearance of Ye Xingchen once again brought him pressure and motivation. Through the tempering on the cliff last time, he consolidated the third stage.

Wayne Lin got up at 5:30 in the morning. With his current physique, he can regain his energy as long as he sleeps for two hours a day.

Alma Chu was still asleep, Wayne Lin got up lightly, cooked breakfast for the family, and then he went out for morning exercises.

The air in the morning was very good. Wayne Lin took a deep breath, refreshed, and then exhaled a long stale breath, vomiting out all the filth of the whole night last night, and his body became more relaxed and comfortable.

In his realm, the structure of the human body is actually different from ordinary people.

Some time ago, he actually started the second development. The most obvious is that some organs of the body have undergone some development and become healthier.

And his teeth, also rose a few more.

A normal person has 32 teeth, of which 4 are wisdom teeth, which not everyone can grow. Wayne Lin originally had 32 teeth, which was considered relatively healthy, but after he entered the congenital realm, he started to change his gums and grew four more teeth.

Moreover, his teeth were not good-looking, not very neat, and even had two cavities. But now, his teeth became neat and white, and even the two cavities began to fall off automatically, and then new teeth grew.

His change is even more obvious than doing orthodontic surgery!

This is very abnormal behavior. If the dentist knows about it, he will definitely exclaim that it is impossible, because it is impossible for a normal adult to have such a thing!

In fact, this situation is just relatively ordinary, and the most incredible thing is that his brain can secrete hormones autonomously to continuously strengthen his physique, and he is full of vitality every day.

To some extent, this is considered genetic modification.

“It is rumored that the Buddha has 40 teeth, and his cultivation has reached the level of unpredictability. After a reed crosses the river and passes away, his body can be preserved at room temperature and will not rot for a hundred years. This should be the legendary King Kong. Not bad. Now I have 36 teeth. When the King Kong is not bad, I should be able to grow 40 teeth? When the most important time, then, I should be able to develop 50% of the brain’s capacity!”

<

br />

Wayne Lin’s tongue rolled his teeth, no more, no less, just 36 teeth. He felt that he was already very strong now. If he were a criminal, he could bring huge damage to society!

In the case where the innate realm master can’t get out, even if the army is dispatched, it will be difficult to catch him for a while.

Of course he wouldn’t be like this. To do so is tantamount to death.

Some divine light flashed in his eyes, “If you can really develop 50% of the brain’s capacity, how powerful is it? I am afraid that just a look can scare an ordinary person to death!”

Thinking of that picture, Wayne Lin couldn’t help but show a look of yearning.

At six o’clock in the morning, Wayne Lin is in a large park in Yulong Bay, preparing for morning exercises.

At this point, there are not many people in the park, just some old people, scattered and slow-motion Tai Chi.

One by one is quite charming, but that's all, it is no longer a martial arts, but a kind of gymnastics, the only effect is to strengthen the body.

Wayne Lin also knows Tai Chi, but the Tai Chi he played is not like this. He can use Tai Chi to the extreme, even a master of the Bajiquan master level will sigh.

Wayne Lin was wearing loose sportswear today, and his skin was fair and fair. He looked like an ordinary white-collar worker, and there was nothing to notice.

And the way he exercises is very weird. He didn't do Tai Chi, nor did he do push-ups, or running. He just stood there, bent his legs, then opened his hands and made a hug, as if he really hugged. I lived in a huge iron ball, and then was swayed around by the iron ball. The picture looked strange.

However, there are too few people in the park now, and there are only a dozen elderly people practicing Tai Chi there.

Wayne Lin is a special way of standing, his movements are very slow, but the physical strength he consumes is huge, isn't it? After a while, sweat came out on his forehead, and there was a little bit on the top of his head. The heat came out and his face flushed a lot.

As time went on, there were more and more people in the park, and gradually, more young people came over.

Seven or eight of them walked over. When passing by Wayne Lin, the leading middle-aged man looked at Wayne Lin in surprise and said, "Hunyuan pile?"

After daring to say this, he shook his head. He denied it and showed a little disdain. He said to the young people around him, "You are optimistic. Standing is a very serious matter. Standing in the wrong position will hurt your body very much. Don't talk about practicing kung fu thoroughly. Go to the back and train your body in minutes, you know?"

"know."

"I know the master..."

The middle-aged man nodded, and when he stepped aside, he pointed to Wayne Lin and said to the young people: "Look at that guy, he is a fool. He stood the Hunyuan pile by mistake. He practiced ten You won't be able to train for years! And you will break down your body. You stand on Hunyuan piles, you must not stand like this, you know?"

They walked more than 20 meters away. Ordinary people absolutely couldn't understand what they were saying, but how could they hide from Wayne Lin, and Wayne Lin listened cleanly.

Wayne Lin shook his head slightly and smiled helplessly. He didn't bother to be familiar with these ordinary people.

What he is standing here is not the Hunyuan pile, but a new pile method he invented himself, and it is only suitable for him to practice. Others practiced, and there was indeed a problem.

Wayne Lin continued to stand, and the middle-aged man didn't pay attention to him anymore, but began to teach the young men how to practice martial arts. It turned out that he was still a boxer.

Wayne Lin found it quite interesting. It was the first time he met a boxing teacher and apprentice. It just happened that he had almost practiced, so he just stood there and watched.

But when he saw it, something happened immediately.

Not long after he was discovered by a middle-aged man, he immediately looked over, pointed at Wayne Lin and said, "Hey, come here."

## Chapter 468

Wayne Lin was taken aback, looked around, and found that he was the only one here. Then he pointed to his nose and asked, "You call me?"

The middle-aged man said impatiently, "Nonsense, is there anyone besides you on your side? Come over to me."

His tone was not good, obviously with some arrogance, as if he had already regarded Wayne Lin as an ordinary person.

Wayne Lin thought for a while and decided to go. It wasn't that he was afraid, but he also wanted to know what the other party wanted him to do in the past.

"What's the matter?" Wayne Lin said with a smile. Now as his realm is getting higher and higher, his temperament is more easy-going, his temper is better, and it gives people a feeling of spring breeze.

Under the third stage of the Innate Realm, it is difficult to tell that he is a peerless and powerful person with a profound cultivation base.

Like the middle-aged boxer in front of him, his cultivation is only in the realm of a master, and he is on the same level as the Yang Guiying he saw yesterday. He naturally can't see Wayne Lin's reality. If he knew it, he would be trembling with fright. I knelt down to Wayne Lin, so how dare I talk to Wayne Lin so arrogantly?

The middle-aged man looked at Wayne Lin up and down and found that Wayne Lin's spirit was very good, and his temperament was also quite extraordinary. At first glance, he knew that he was pampered and had a good life. Often such people were rich people.

"You just peeked at me for a long time, why do you want to practice martial arts?" The middle-aged man stared at Wayne Lin and said, he stood with his hands up, straightened his waist, and blew his clothes with the breeze. , It's kind of like a master.

In particular, he is quite tall, with a height of 1.8 meters and strong muscles. If he changes to an ordinary person, he is really easy to be stunned by him, and he will feel awe.

But to Wayne Lin, it seemed a bit funny.

Wayne Lin held back a smile, shook his head and said, "You have misunderstood, I don't have this idea."

"Ok?!"

Immediately, the middle-aged man glared his eyes, showing a ferocious expression, stepped forward and stared straight at Wayne Lin. His eyes were very big, and they looked quite bluffing.

“I think you just stood on the Hunyuan pile. In other words, you are also a person who knows a little bit of martial arts rules. You have stolen my teacher for so long. According to the rules, you must come under my door, otherwise, I will be forgiving. No way for you!”

The more the middle-aged people spoke, the more they spoke, the more fierce they were. After speaking the last word, their expressions were very fierce and their voices roared loudly, attracting the attention of some elderly people nearby who practiced Tai Chi.

Wayne Lin frowned slightly. Strictly speaking, he was not considered a martial artist, because he had practiced this martial art and didn't worship anyone, so he didn't know these so-called martial arts rules.

Besides, he just watched the other party for a while, but the other party didn't really teach the real thing, just teaching some very basic knowledge. This knowledge is not a secret at all, and it can even be found on the Internet.

“I am not a member of the martial arts, and I don't know these rules.” Wayne Lin said lightly, “Besides, you teach a disciple in the park. There is no secret at all.”

Indeed, if the middle-aged person is a believer in a private place and Wayne Lin takes a peek in the past, it is indeed Wayne Lin's fault.

The key is that the other party is a believer in the park. What is the park? Public places are full of people. Who will pass by will not glance at it.

The middle-aged man naturally knows this, but he just decided Wayne Lin, and said in a deep voice: “I don't care! You just

Peeped at me for more than ten minutes, you are stealing the teacher. “

Wayne Lin's brows furrowed even more tightly. He was a dignified master of the third stage of the Innate Realm, but he was said to be stealing a master by an ordinary martial artist in the realm of Master, which really made him uncomfortable.

“Then what do you want?” Wayne Lin’s tone was obviously colder.

The middle-aged man saw him like this, thinking that he had already started to persuade him, and he was scared, and he was overjoyed. He couldn’t help but raised his mouth and said, “What do I want? It’s very simple. Everything is in accordance with the rules of martial arts! There are two kinds of endings. First, you worship me three times and nine times as your teacher. Second, you defeat me by your ability, so I am not as good as others, so I am convinced, but from now on, you are also my life and death enemy!”

Wayne Lin showed a strange expression on his face after listening to it. He hadn’t really thought about it. He would get into such trouble just looking at it just now.

In fact, it is not a trouble for him, mainly encountering such things, it is too shameful for his identity.

If the opponent is also a master of the innate realm, it’s okay, but the opponent is just a martial artist in the realm of masters, so weak that he doesn’t even have the desire to do something.

Seeing Wayne Lin’s silence, the middle-aged man was very proud. He thought that Wayne Lin was already scared by him, and the smile on the corner of his mouth became stronger and stronger.

He is indeed a boxer. These young people are his newly-acquired apprentices. Two of them are also because they were in the park and looked at him a few more times. Then he was caught and used this set directly. , Forcing each other to apprentice.

Of course, these two apprentices were unwilling to apprentice at the beginning, and chose to fight with him. The result was obvious, how could ordinary people be his opponents, and they were defeated in two or three strokes. In this way, the other party saw his true skills, and the apprentice was willing to do so.

And apprenticeship means paying tuition fees. The tuition fees for his apprentices are not low, starting at 100,000 yuan a year, which is not counting other expenses.

So he mainly relies on this to make money.

It’s a pity that he met Wayne Lin today, someone he can’t afford to provoke.

“How are you thinking about it, let me tell you that your act of stealing the teacher just now was very serious. If you change the ancient times, this is the enemy of killing your father. You would have been killed by me!” the middle-aged man said fiercely.

Wayne Lin said, “Master, let me just tell you this. It is impossible for me to worship you as a teacher. I am not interested in your martial arts.”

The middle-aged man’s face changed immediately, his eyes widened like brass bells, and he said fiercely: “According to that, you are going to fight me? Okay! Then come! But I will tell you in advance , I have no eyes on my fists and my hands are heavy, and you will be crippled by me by then, don’t regret it!!”

After speaking, he walked over, picked up a brick on the ground, and then smashed it forcefully, directly splitting the brick, and he also split the remaining half, which was also split into two by him.

Ordinary people have long been scared to see this scene.

Over the years, with this skill, the middle-aged people don’t know how many ordinary people have been conquered, and they want to worship him.

Now he is very confident, Wayne Lin will definitely be scared by him.

However, when he looked up, he found that Wayne Lin was completely indifferent, and he immediately became ashamed, thinking that Wayne Lin was too ignorant and did not give him face!

Wayne Lin said, “Since this is the case, you can do it.”

Taking advantage of the fact that there are not many people in the park, Wayne Lin made a quick battle.

## Chapter 469

Wayne Lin just stood there lazily, and didn’t put on any posture. It seemed that he was extremely contemptuous of the middle-aged.

The middle-aged man saw Wayne Lin's ability to split bricks and dared to fight with him. The corners of his mouth rose, revealing a dark sneer.

He has seen a lot of people like this, and he has blind confidence in himself, but in the end, such people are severely humiliated by him, and then convinced by him, worshipped under his door, and paid tuition obediently. And three worships and nine knocks are inevitable.

"Okay! I have the courage, and dare to challenge me." The middle-aged man sneered, and then began to roll up his sleeves. He looked like a master. He replaced himself as the protagonist in the martial arts movie and was about to teach the villain "If this is the case, then I will fulfill you, and let you see what the rules are, what is meant by the grandmaster not to be insulted!"

Wayne Lin was a little bit dumbfounded, this guy is too much drama, he still installed, at his level, he is a fart master.

The other apprentices were all excited when they saw this scene. They looked at Wayne Lin's eyes, as if they were watching a clown, about to be violently beaten by the master. They have experienced this kind of thing before, and they have never seen it less.

Wayne Lin shook his head and smiled bitterly. He thought that the strong man in the congenital realm was about to fight with a warrior in the master realm. It was spread out, and he would be laughed at.

Wayne Lin wondered, should we just go around? The other party didn't know who he was anyway.

But looking back, he still gave up this idea. After all, he will continue to practice morning in the park. If he meets this guy then, he will still be in trouble. Besides, after it spreads out, his reputation is really bad. it is good.

So he thought about it carefully, and decided to simply teach the other party and let the other party retreat.

While he was thinking, the other party had already started to make a move. With a roar, he put out a mantis fist frame, then stepped down and charged towards Wayne Lin.

I have to say that his boxing style is quite authentic, with the smell of mantis boxing.

It's a pity that his realm is too low. In Wayne Lin's eyes, his proud movements are flawed everywhere, and the speed is too slow, just like a turtle crawling.

Wayne Lin just flashed it casually, and then slapped his feet, scatter the middle-aged man's site, and fell to the ground with a plop.

"Certain." Wayne Lin made a fist-crowded motion, then turned and left.

The middle-aged man was dumbfounded, and the apprentices beside him were dumbfounded. They didn't expect that the middle-aged man's fierce attack would be broken so easily by Wayne Lin?

And he stumbled when he stretched out his feet so easily, is this the invincible master in their eyes?

The middle-aged person's popularity is broken. His fall just now was so sudden that he broke his nose and his nosebleeds came out. The pain was not painful, but it was too embarrassing! Especially in front of his gang of apprentices, if Wayne Lin left, where would his face be!

His reaction was quick. A carp stood up and yelled at Wayne Lin: "Boy, you dare to attack Laozi and stop him!!!"

When the voice fell, he chased Wayne Lin again!

This time, he played ten percent of his skills, and his speed was increased by a level compared to the previous one. At the same time, he was also very powerful. He hit Wayne Lin's back with a punch, very vicious, if ordinary people hit this place. One punch, even if you don't die, you will be disabled!

Wayne Lin frowned again. Naturally, it was impossible for him to be hit by the opponent. Even if he was hit, he would not be injured at all.

The key is that the opponent's shot is a bit cruel. If he is not an innate realm master, but an ordinary person, then facing this punch, his life will go in.

“Friend, are you a little bit cruel?” Wayne Lin turned his head and easily avoided the punch, staring at the middle-aged man, and said angrily.

The middle-aged man’s fist failed. Seeing Wayne Lin hiding so easily, he still didn’t realize that Wayne Lin was a practicer, and he suddenly became even more angry, “You really are a practicer! And he said you

Didn’t you steal the teacher just now? ! “

“I haven’t said that I am not Lianjiazi, but you are self-righteous.” Wayne Lin said lightly, he has no patience for middle-aged people, “Also, so far, you are not my opponent. If you I think that you are teaching your apprentice to steal the teacher, so I’ll say sorry to you. Now I’m going to leave, you stop here.”

Hearing these words from Wayne Lin, the middle-aged man became even more annoyed, “Fart! I, the ninth-generation descendant of the Tanglang Gate of Liao Fantang, is not your opponent? You stole the teacher, don’t go to the teacher, and want to leave , There are no doors!!!”

After speaking, the middle-aged Liao Fan rushed forward again, and as his figure approached, he actually made a mantis cry from his body, as if he was really a huge praying mantis, and it looked quite powerful. of.

Wayne Lin’s eyes flashed, and he became even more impatient. He said something shameless, and then he didn’t show any mercy, so he didn’t retreat and moved forward and started a counterattack.

“Middle, middle, middle, middle again, middle again...”

Wayne Lin’s fists were always two points faster than Liao Fan, and he kept hitting Liao Fan with one punch and one kick. Of course, Wayne Lin didn’t use any force, but when his fist hit Liao Fan’s body, he withdrew his strength. He didn’t want to hurt Liao Fan, he just wanted to let Liao Fan know the gap between them, so he could retreat.

Liao Fan was very annoyed. He kept trying to fight back. Unfortunately, his strength was really far behind Wayne Lin. He was so tortured by Wayne Lin that he didn’t have the strength to fight back. He even suffered two on his face. The slap, although not very painful, was a huge blow to him.

Finally, Wayne Lin grabbed Liao Fan and pressed Liao Fan to the ground, pressing his left fist against Liao Fan's face, and said lightly: "Are you willing to admit defeat?"

Liao Fan gritted his teeth, and now that he still doesn't know, he is not Wayne Lin's opponent at all!

Now his face was sore and slapped, especially those apprentices who had worshiped him, but now they were full of doubts and ridicule in his eyes, which made him even more uncomfortable.

Now he regrets it very much. He knew that Wayne Lin was really a master. He shouldn't provoke Wayne Lin just now.

Seeing that he still refused to give up, Wayne Lin added a little bit of strength and pressed on Liao Fan. Liao Fan suddenly suffered from pain and hurriedly cried out, "Acknowledge defeat and give up..."

"Really admit defeat, stop jumping?"

"Don't jump, don't jump, master, let me go."

"it is good."

Wayne Lin let Liao Fan go.

Liao Fan's face was blue and white now, it was too embarrassing to be beaten by Wayne Lin so much that he could not fight back.

He glanced at the apprentices quickly and saw their eyes, which made him feel bitter and regretful.

"Well, senior, I don't know what you call it? Seeing your strength, you have reached the pinnacle state of the day after tomorrow, right?" Liao Fan rubbed his hands, obviously asking in awe.

Wayne Lin nodded and felt a little funny seeing him like this, and said, "Why, don't you want me to bow to you three times and nine times now?"

Liao Fan was taken aback, showing an awkward smile, and said quickly: “Don’t dare! Senior, I just joked with you!”

Wayne Lin looked at him and said meaningfully: “Your mantis boxing is about to ignite. You will teach the followers well in the future. Don’t engage in this one. There are many masters in China, if you encounter a master of the innate realm. It’s not as simple as being beaten up.”

When Liao Fan heard this, his heart jumped and he had to smile flatly.

At this moment, Wayne Lin still wanted to say something, but suddenly, he felt something, and suddenly looked towards the opposite direction of the lake. The next moment, his eyes exploded, and the whole person turned towards the lake. Rushed over.

Moreover, he stepped on the water with his toes, and after a while, he stepped on and disappeared from sight.

Seeing this scene, Liao Fan was so scared that his scalp was numb, and tremblingly said: “One by one, one reed crossing the river, my God...”

## **A Life Upside Down Chapter 470 – 472**

### **Chapter 470**

Yes, just now Wayne Lin was walking on the surface of the lake at a very fast speed, leaving like an arrow, flat on the ground.

This scene was too shocking for Liao Fan. It completely subverted his cognition. At that moment, he even thought that he had hallucinations, but, soon, he pinched his thigh hard. It was in severe pain, and he also heard the exclamation of the apprentice behind him, and realized that this is not an illusion, Wayne Lin is really a reed crossing the river!

In fact, he was wrong. Wayne Lin was not crossing the river with a reed. He was not so godly. He didn't step on a reed to cross the lake. He walked away on the water, similar to the light work in martial arts movies. But it's not that there is no weight, but that his stepping on the water is very fast, spreading the resistance to the surface of the water, and at the same time using Qiao Jin to reduce the pressure of his feet, so as to achieve the effect of stepping away.

Originally, he didn't want to show it in front of ordinary people, but he can't take care of that much now, because he found the neon clothes in an instant, just across from it.

Liao Fan paled with fright, his legs were swinging, his mouth was trembling, "This is, first, first, innate, peerless master!"

Then he slapped himself heavily, full of panic and regret, and wailed: "What the hell did I do? I actually said that the strong in the innate realm stole the teacher, and the strong in the inborn realm Shot..."

The apprentices were also shocked one by one. The scene just now was extremely shocking and even subversive to them.

"Master, Master, was the person just now a human or a ghost?"

An apprentice asked tremblingly, his eyes full of fear, and a wave of admiration and excitement that he didn't even realize.

Immediately other apprentices also asked: "Yes, Master, he shouldn't be a monster, he can actually step on the water and pass."

"Cut, there are any ghosts and gods in this world, monsters, I think you are stunned, according to my opinion, there must be something wrong with this lake, he has done tricks, and I will know if I go to try!"

An apprentice turned his head back. He was a firm materialist. He didn't believe that Wayne Lin was really such a god, so he also tried to get into the water...

The result was very cruel. He couldn't walk away like Wayne Lin, and fell directly into the water. The cold water stimulated him to scream, scream, and be very embarrassed.

In the end, Liao Fan had to go into the water and rescue him. At this time, he finally understood that Wayne Lin was not pretending to be a fool, but was really capable. For a while, everyone admired and respected Wayne Lin.

Just at this moment, three people came over. They obviously knew Liao Fan. Seeing them so embarrassed, they asked in surprise: "Brother Liao, why are you covered with water and fell into the water?"

Seeing these three people, Liao Fan greeted him. It was his junior and junior sisters. They were so embarrassed when they saw that he was so embarrassed. He was so embarrassed that he simply said what had just happened.

"What? Innate realm strong?!"

"His...walking on the water, the trousers are not wet, this is not something that ordinary innate realms can do! At least it has reached the third stage!"

Another beautiful woman with a graceful figure and a nice face opened her eyes wide, and said excitedly: "Brother, is the master of the congenital realm you mentioned is very young, looks like an ordinary white-collar worker, and has very skin. Baijing, about 1.83 meters tall, and very gentle and elegant in conversation?!"

Liao Fan was taken aback, he looked at the excited little junior sister in front of him, and asked curiously: "Little junior sister, do you know this senior?"

The little Junior Sister clapped her palms suddenly, and said more excitedly: "That's him, Wayne Lin, the number one master of G province, the master of the innate realm under 30 years old, my idol!!"

&nb

;That's right, this little junior girl is no one, it is Yang Guiying. She came here for morning exercises with the two seniors early this morning. She did not expect that she actually met Wayne Lin, her idol again.

In an instant, she was so excited that she even had the urge to cry.

Hearing these words from her, Liao Fan and the two men were also shocked and blurted out, "It's him?!"

“It turned out to be him! I heard that his cultivation has reached an unfathomable state. Even the female devil Wu Meizi is not his opponent. He was killed on the spot!”

“Hi...the number one expert in province g, if it were him, it would be no surprise.”

They were all extremely shocked, looking at the direction of Wayne Lin's disappearance, their hearts were agitated, and they couldn't calm down for a long time. This lake is not small. From here to the opposite, there is a distance of more than three hundred meters. What is Ming's cultivation base?

The radiance in Yang Guiying's eyes, she clenched her fists, and said firmly and yearningly: “Idol, I will definitely see you again, and I will worship you as a teacher when that time comes!”

Wayne Lin didn't know that he had been targeted by Yang Guiying. If he knew, he would definitely be very upset.

Walking on the water, this is the first time he has used it. At the beginning, he was a little uncomfortable, and his strength was not perfect, which caused the shoes to get wet. But soon, he mastered the skills, and quickly became proficient. Catch up.

Walking on the water, this is not something that anyone can do, at least it will take the third stage of the Innate Realm and it will be consolidated before it can be done, otherwise Liao Fan will not be so shocked. After all, the innate realm is already rare, let alone the third stage.

Wayne Lin's speed is very fast, like a glimpse, he is now leaning forward, his arms are close to his body, and his whole person is in the shape of a bullet, and his legs move at high speed to reduce wind resistance.

He has locked in the breath of neon clothes, right in front, and the distance between the two is constantly shrinking.

Before, even if he met the neon clothes, he was helpless and couldn't catch up with the neon clothes. Now his strength has improved a lot and he can finally catch up with the neon clothes.

He had long wanted to see neon clothes, but neon clothes kept hiding from him, the attitude of being high above him, looking down at him, made him uncomfortable.

Now that he found the neon clothes, he naturally wouldn't let it go easily. He had to ask himself, what's the situation of his mother now, and when can he meet her!

Getting closer...

Wayne Lin's legs are almost too fast to see the trail, just like the propeller of a helicopter. The shoes he wears cannot withstand such a speed at all. They have burst apart. One can imagine how fast his speed is.

Finally, Wayne Lin was on a flat ground and saw the red figure in front of him that was advancing fast, it was neon clothes.

Ni Chang frowned. She was only on a whim, planning to come and take a look at Wayne Lin, but she didn't expect Wayne Lin to be eyeing her. What was even more unexpected was that Wayne Lin had grown up to this level without knowing it, even she could catch up. .

Nishang tried to speed up, but still couldn't get rid of Wayne Lin, making her a little helpless and a little embarrassed, thinking that Wayne Lin was too self-righteous.

It's not that her strength is not strong enough for Wayne Lin, but that her cultivation has fallen to the third stage in the past few days, and it will take two days to recover to the peak.

If this continues, sooner or later, Wayne Lin will catch up...

She sighed and did not run again, but chose to stop and meet Wayne Lin.

Originally, in her plan, it was far from time to meet Wayne Lin.

## Chapter 471

But she didn't turn her head back, facing Wayne Lin.

Wayne Lin quickly caught up with the neon clothes and stopped.

Running like this just now, if he changed to the pinnacle master of the day after tomorrow, he would have already lost his strength and died, but for him, it was only a small amount of exercise and two breaths to recover.

He looked at the back of the neon clothes. This was the first time he had come into contact with the neon clothes so close. He felt the misty breath of the neon clothes. It seemed that the neon clothes were not a real person, but a wisp of smoke and a cloud of phantoms. Confusion, very unreal, seems to dissipate at any time.

For a moment, the atmosphere stagnated. The two of them were separated by a distance of ten meters, and neither spoke between them, which seemed a bit abnormal.

In the end, it was Wayne Lin who broke the silence first and said, "What should I call you."

Nishang still didn't look back, she said coldly: "It's not yet time for you to see me."

Wayne Lin laughed, "Then when is the time to meet me?"

Nishang said lightly: "Seeing me early is not good for you."

"Really? Then I have to see you better." Wayne Lin laughed haha, and then began to walk forward, constantly drawing closer to the neon clothes.

Ni Chang frowned. She was a little surprised that Wayne Lin's strength had improved so quickly that he could catch up with her. At the same time, she was a little embarrassed. Wayne Lin was so bold that she dared to step up and provoke her majesty.

"stop."

When there was a distance of three meters left, Nishang began to talk and drank Wayne Lin.

Wayne Lin did pause for a while, but then, he continued to walk towards the neon clothes.

Nishang's brows furrowed deeper, she walked forward, once again separated from Wayne Lin, and said: "When the time is right, I will take you to see your mother. Now it's useless for you to force me."

There was some majesty and anger in her tone, thinking that Wayne Lin's behavior was disrespectful to her.

In her cognition, she is half of Wayne Lin's elder, and Wayne Lin should respect her instead of offending her so rudely!

Wayne Lin finally stopped. He believed what Nishang said, but, with this cold look, Nishang always turned his back to him and didn't even look at him. This was a great disrespect for him.

He didn't know the specific identity of Nishang and his mother, whether he was a servant or a subordinate, or an adopted daughter. If it is a servant, it would be very disrespectful to just look down on him like this, with such a high posture! Not disrespect to him, but disrespect to mother!

So he walked over to the neon clothes again, he decided, today no matter what the neon clothes look like, to get a glimpse of the true face of Lushan.

Nishang noticed that Wayne Lin began to walk towards her again, and her brows frowned again, and at the same time, there was an inexplicable fire in her heart.

"Stop!" she scolded, her tone already a little cold.

But Wayne Lin still didn't stop. After a while, he had already walked behind the neon clothes, and he wanted to go over the neon clothes and walk to the front to see clearly what the neon clothes looked like.

Neishang noticed his intention, and his face became even more ugly. He snorted coldly, turned his face to the other side, and said, "Wayne Lin, I persuade you to stop. No matter how presumptuous you are, I will get angry."

"Really?" Wayne Lin smiled faintly, he suddenly accelerated, and when the neon clothes could not react, he was already in front of the neon clothes, and finally saw the face of the neon clothes!

Just a glimpse, Wayne Lin was amazed.

This is a face that is extremely beautiful, and even he can't describe the beauty of neon clothes in words. It is a kind of ingenious work, all over the country, and stunning and stunning.

Wayne Lin asked himself if he had seen many top beauties, such as Alma Chu, Tao Sanniang, Ouyang Jue Se, Guo Junyi, Ning Yuning, etc., whose concentration is much higher than ordinary people, but

It was he who saw the neon clothes for the first time now, and was still deeply surprised, and even in his mind, he had the idea of encountering a fairy.

Yes, Wayne Lin's first impression of neon clothes is that she is a fairy, not a mortal woman.

In addition to the stunning appearance of neon clothes, what is more important is the otherworldly temperament of neon clothes that no other beauty has.

The reason is very simple, that is, Nishang is not an ordinary woman, she is a master of the innate realm, and has reached the fourth stage, the body structure has undergone subtle changes, not only has a longer life, but the kind of temperament and aura displayed are completely different. same.

Therefore, Wayne Lin was really stunned, staring straight at the neon clothes, but he couldn't move it away for a while.

Nishang saw this scene, she suddenly became furious, screamed presumptuously, and then shot Wayne Lin.

Nishang is a very cold and arrogant woman, even in the eyes of ordinary people, a little abnormal woman. She could use her life to protect Wayne Lin, but she could not tolerate Wayne Lin being rude to her. Yes, in her opinion, Wayne Lin staring at her like this is rude and offensive!

She is Qin Yuehua's adopted daughter, in a sense, Wayne Lin's sister, and Wayne Lin is disrespectful of her, so she got a hot mind and shot Wayne Lin.

Moreover, the strength of her shot is not light.

Wayne Lin felt the killing intent, and instantly reacted, his mind was aroused, his body leaned back, just to escape the slap in the face of the neon clothes.

“Are you serious?!” Wayne Lin said angrily.

When he stepped back two steps and looked at Nishang again, he found that Nishang had actually put on a white veil, which blocked her stunning face, only revealing her beautiful eyes.

Nishang missed a hit, and some surprise flashed in his eyes. Obviously, he didn't expect Wayne Lin to be able to escape under the situation just now. Although she wasn't a killer move just now, her speed was also very fast. In a hasty situation, even a master of Innate Realm would not be so easy to dodge.

He snorted coldly, did not respond, and continued to attack Wayne Lin, as if he really wanted to teach Wayne Lin a lesson.

Wayne Lin saw her sneak attack. Now he hides him. Instead of stopping, he has gotten worse. He is also a little angry.

This is what you forced me!

Wayne Lin gritted his teeth abruptly, and began to counterattack the neon clothes.

Soon, they trembled. Wayne Lin found that Nishang was obviously a female generation, but the style of fists and feet was particularly strong, which was completely inconsistent with her image. Be good, he almost suffered a big loss at first. .

Nishang was also very frightened. Now that half a minute passed, she hadn't even won Wayne Lin. You know, after all, she is the top powerhouse in the fourth stage, and her fighting skills are the most exquisite and brilliant. Even if her cultivation base falls to the third stage, it is not Wayne Lin's promotion to the innate realm, less than a year. The newcomers can contend.

But the result now is that Wayne Lin can not only contend with her, but also slowly gain the upper hand and suppress her, which shocked her even more.

Wayne Lin is also quite strange. Didn't he say that Nishang is the fourth stage master? Why doesn't it feel particularly strong?

It's just that he didn't expect that Nishang just encountered a rare period of weakening of the technique, and fell from the fourth stage to the third stage, otherwise he would not be an opponent.

Finally, finding an opportunity for the flaws in the neon clothes, Wayne Lin suddenly accelerated, lightning with his left hand, and the spirit snake out of the hole, accurately grasped the neon clothes veil, and then took off.

As a result, the beautiful face of neon clothes was exposed again.

Nishang felt a chill on her face and was shocked when she saw that the veil was taken off.

But under the shock, her mood fluctuated greatly, causing her breath to be disturbed. The real qi that was raised suddenly rushed to her forehead, making her a little dizzy, her footsteps also erratic, and she accidentally stepped on a pothole under her feet. Unbalanced and want to fall down.

## Chapter 472

Wayne Lin was taken aback for a moment. He didn't expect that such a super master like Nishang would step on the air with one foot, and his face instantly paled. This was a reaction of anger and chaos!

He is just taking off the veil of neon clothes. Is the reaction so big?

Wayne Lin felt helpless, but at this time, he still had to take action to save the neon clothes. After all, it would be bad if he fell.

So he quickly shot, and when the neon garment was about to fall, he accurately embraced the neon garment's body. As soon as he touched it, he found that the neon garment's figure was too good, especially the waist, full of elasticity and tight skin.

When Nishang reacted, she found that she had actually fallen in Wayne Lin's arms. In an instant, her reaction became even more excited, staring at Wayne Lin, "You, you, you, presumptuous!!"

She couldn't say a word completely. The violent mood swings made her throat sweet and there was an urge to vomit blood. At the same time, she shot out angrily and slapped Wayne Lin's chest with a palm.

This palm was slapped too fast, and Wayne Lin had no time to react when he was holding him. In a hurry, he had no choice but to transport all his energy to his chest and hold the palm of the neon clothes abruptly!

It was too late, almost in the blink of an eye, Ni Chang's palm hit Wayne Lin's chest, and a huge force poured in, Wayne Lin felt that his chest was about to smash.

The palm of the neon clothes is shot with anger, without any mercy!

Fortunately, Wayne Lin's current physique was much stronger than before, and he was lucky to defend in advance, so he was not seriously injured.

But even so, he could not bear the palm of the neon clothes, and a mouthful of blood spurted out.

I feel like my heart has shifted.

Nishang was stunned at the moment, and then she extremely regretted that what she had done was so heavy on his brother Wayne!

She was breathing fast and her face was full of guilt. At this moment, her qi finally returned to normal slowly.

"You, are you okay?" Nishang said cautiously. It is rare that when she was so nervous, she looked like a little girl who did something wrong.

Wayne Lin gave her a fierce look, pushed her away, went to sit down on the stone bench next to him, rubbed his chest, his face was pale, panting, and he couldn't speak for a while.

Nishang's palm was not covered. If he hadn't had a strong body, he had burped now. He really didn't expect that Nishang would put such a heavy hand on him. Is this really still standing with him?

Nishang saw Wayne Lin's painful look, she felt even more guilty, walked over, bit her lip, and said guiltily: "I'm sorry, I didn't mean it just now."

After taking a few breaths, Wayne Lin finally smoothed his breathing. He waved his hand angrily, and said, "Come on, I just want to die."

Wayne Lin smiled bitterly now, he realized that he was really asking for trouble, and he was going to provoke this woman to do what?

Nishang is a very cold and arrogant person. Since childhood, she did not like to owe favors to others. Now she has done a wrong thing. In her opinion, it is more serious than owed favors.

She bit her lip vigorously, and then said to Wayne Lin: "I was wrong when I slapped you just now. I know you wouldn't forgive me, so you can slap me too. I promise not to dodge. owe!"

After speaking, she straightened her waist, closed her eyes, and gave her a face

The expression.

Wayne Lin was stunned when she heard this, and looked at her weirdly. Isn't this woman sick?

However, Wayne Lin followed the neon clothes' words, and couldn't help but focus on the neon clothes deliberately. The arc of the crime made Wayne Lin see it, and his heart was hot.

If you slap a palm on the neon clothes...

Amitabha, sin, sin, this is also evil.

In any case, Nishang is his mother's, and he came to Hwadrid this time to protect him. After thinking about this, he also calmed down, mainly helpless, waved his hand, and said: "Forget it, you go, when I am unlucky."

Nishang opened her eyes and saw Wayne Lin stand up and leave slowly, making her feel even more uncomfortable.

She chased up, stopped Wayne Lin, and said solemnly: “No, you have to take it back! I don’t like to owe people in my life!”

Wayne Lin’s face is full of question marks, what kind of ghost circuit is this? He has already forgiven him, and this woman wants him to take action. Is this a self-abuse tendency?

He couldn’t help but look at the neon clothes with a weird look, and found that the other party was serious, not as if he was joking, Wayne Lin seriously thought that his mother’s heart was too big, and he actually sent such a woman to protect him.

“No, I’m fine, just rest a while.” Wayne Lin said irritably. Anyway, he is a man, so he should be more generous. Besides, he also knows that Nishang didn’t intentionally hurt him just now.

But the neon clothes were very awkward. She stopped Wayne Lin again, and said with a more serious expression: “That’s not good! You have to take it back, otherwise I won’t let you leave!”

Wayne Lin was even more daunted now. With question marks on his head, he couldn’t understand why this kind of person would cultivate to such a high level.

He couldn’t help but look at Nishang’s chest again. If it is a man, it’s fine. The key is a woman. How can he take pictures of neon? Isn’t this a hooligan?

With a sigh, Wayne Lin had to say again: “I’m really fine, and I don’t blame you. You didn’t mean it just now. You don’t need to blame yourself.”

Wayne Lin felt that what he had said was clear enough, as long as Nishang was not a second fool, he would definitely give up.

However, he still underestimated the paranoia of Nishang. She shook her head vigorously and said very seriously, “No, I hurt you just now. You must hurt me too. I don’t want to owe your favor!”

Ah ah ah ah, Wayne Lin is going crazy, what kind of favor is this place.

The mother sent this woman to be poisonous, right?

Wayne Lin was going to leave it alone, but now he is injured, and he is not the opponent of neon clothes at all. When he had this idea, he was intercepted by neon clothes and made him want to cry without tears. He didn't think of it. Such things will happen.

Looking at Nishang's paranoid face, Wayne Lin gave up. He realized that if he didn't take it back, Nishang would definitely not let him go. "Yes, aunty, let me take you. Go back, all right!"

"Ok!"

Nishang nodded, a relieved expression appeared on her face, and then straightened her waist, closed her eyes, and looked like she did not resist. She straightened her chest and waited for Wayne Lin to slap it.

Wayne Lin sighed again. He looked at the bulging chest of Nishang for a while, but he couldn't find the place to start.
