

A Life Upside Down Chapter 437 – 439

Chapter 437

Some mysterious place in China.

It is winter now, but here, there are still thousands of flowers in full bloom, especially in a yard, full of cherry blossoms, and the cherry blossoms bloom, especially beautiful, blooming in the off-season, it looks particularly strange.

There is a courtyard here, which looks very retro, like a house in a costume movie, full of nature and tranquility.

The people living in it are also dressed in cheongsam, Hanfu, etc.

Among them, Wayne Lin's mother, Qin Yuehua, lives here.

She was a little pale now, and her body looked a little weak. She sat cross-legged in front of a guzheng, playing with ten fingers, and melodious and sad music burst out of her hands. This scene was extremely beautiful.

A graceful woman walked in from outside and saw the weakness and sadness on Qin Yuehua's face. She immediately quickened her pace, walked over, took Qin Yuehua's hand, and said concernedly: "Auntie, how are you?"

Qin Yuehua raised her head, saw the other party, smiled, and said happily: "Neon clothes, you are here. Have you eaten yet, my aunt will cook for you."

The woman who came is the neon clothes. She will come back here for a while to visit her aunt. Now she sees Qin Yuehua's haggard and sad look, and she feels heartache!

At the same time, she couldn't help being angry. The Holy King is too hateful. It has been so long. She still refuses to forgive her aunt. Every so often, she punishes her aunt. The name is baptism, which is actually torturing her aunt and taking her life !

“Auntie, you are called to baptism again, no, I will go to plead with the holy king now, let him stop this behavior!” Ni Chang gritted his teeth and said that he would stand up and go to the holy king.

Qin Yuehua immediately grabbed her hand, shook her head and said, “Neon, don’t go.”

“Auntie...”

Qin Yuehua smiled and said with a smile: “Nishang, auntie knows that you have auntie in your heart, auntie is very happy. However, auntie doesn’t want you to go to Saint King, auntie is fine now.

“But auntie, your body is so weak! If you continue the baptism, you will lose your life!” Nishang gritted his teeth and said angrily: “How many years have passed since this, and no matter how serious the sin is, it has been Washed up! Besides, you were pursuing your true love at first. This is not a sin at all. The Holy King is too...”

When Qin Yuehua heard Nishang say this, she immediately became a little nervous, went up quickly, covered Nishang’s mouth, and said nervously: “Nishang, auntie told you how many times, don’t just talk about the holy king.”

At this moment, a sneer voice came from outside, “Oh, you, a neon clothes, dare to speak ill of the Holy King in private. I think you are living impatiently!”

When the voice fell, there was an additional person in the yard, a man with long hair in a blue gown.

This man’s appearance was extremely handsome, comparable to that of a fairy in the sky, as if the facial features on his face were carved out by the gods with magical powers. The figure is also very tall, almost reaching the extreme of men. Compared with the so-called boys in the entertainment circle, Xiao Xianrou is much better.

It is no exaggeration to say that even a handsome guy like Wu Fanyi was crushed to the point of this man.

Moreover, what he is truly outstanding is not his appearance. This is the least worth mentioning of him.

After he appeared now, it was as if the air in the yard had stopped flowing, and he was shocked by him.

Because he is also a master of Innate Realm, and his strength is super strong, he has reached the top realm of Innate Realm!

Nishang saw him appear, his face suddenly changed, and his calm mood immediately became nervous, and he called out the other party's name in a deep voice: "Ye Xingchen!"

Obviously this man is called Ye Xingchen, and he also has a nickname in the organization, 'Erlang Shen'.

The BRAGRUN organization is a theological organization, and everyone in it has a code name of a fairy.

"What are you doing here with my aunt? It's not your responsibility!" Nishang's eyes looked at Ye Xingchen with repulsion and hostility.

Ye Xingchen showed a meaningful smile. He didn't care about Nishang's hostility towards him, and said: "I came here, naturally something is going on. Nishang, you just criticized the holy king, I heard it."

Nishang frowned, and she said coldly: "If you want to sue, just go and sue. You don't have to run to me to pretend, I don't want you!"

Qin Yuehua hurriedly stood up and said, "Venerable Stars, Nishang was joking with me just now, and I definitely didn't mean to offend the Holy King. Please also Master Stars to have a lot of things. Don't know the same as Nishang, okay?"

Nishang immediately held Qin Yuehua's hand, "Auntie, you don't need to ask him for mercy, just let him complain to the holy king. Anyway, I am not afraid of shadows, and I have never thought of disrespectful to the holy king!"

After Nishang finished speaking, he waited for Ye Xingchen coldly, his eyes filled with disdain, thinking that Ye Xingchen was just a running dog.

The look in her eyes made Ye Xingchen feel uncomfortable. He snorted and said: "Neon, you don't need to be so arrogant. For the sake of the saint, I won't care about you this time."

Qin Yuehua's expression loosened, and she was about to say thank you. At this moment, Ye Xingchen said again, "Oh, looking at my memory, you have forgotten it. Now you are no longer a saint, but an ordinary member of the organization, tusk."

After speaking, he shook his head, his face was full of mockery.

The smile on Qin Yuehua's face suddenly stiffened.

Nishang had always been displeased with him, but now seeing him as a villain taunting Qin Yuehua, no matter how she could bear it, her complexion changed immediately, she instantly chilled, and a strong murderous intent burst out like a cone of ice and released it to Ye Xingchen. In the past, "Ye Xingchen, you have something to say!"

Ye Xingchen felt the murderous intent of Nishang, his face showed some fear, and he gave a cold snort, and did not continue to say, lest he touched Nishang's brows.

He knows Nishang's character, if he says one more thing, this crazy woman really wants to fight him hard.

Now he looked at the exquisite figure of the neon clothes, and an evil fire appeared in his heart, and he wanted to vent under the neon clothes. He has long been eyeing the neon clothes, but because of the status and cultivation of the neon clothes, he dared not attack them.

One day, he seized the opportunity to conquer the neon clothes and devastated him severely.

"Neon clothes, because you are a woman, I don't know you as much." Ye Xingchen snorted heavily, and then said: "I'm here this time to ask you how often you left the organization in these three months. I went to Province G, what did I do?!"

After Qin Yuehua finished listening, her heart suddenly jumped and she became nervous.

Nishang also frowned. She went to Province G frequently during this time, so she naturally went to protect Wayne Lin, but she could never explain this.

Chapter 438

Ye Xingchen stared at the neon clothes tightly, and he saw the unnaturalness of the neon clothes at a glance. Even if the neon clothes only flashed by, he still caught him.

Nishang said coldly: “Ye Xingchen, your hand is too long. I need to report to you if I go to Province G to do anything!”

Seeing Nishang’s reaction, Ye Xingchen was even more convinced that Nishang went to Province G. There must be some ulterior secret. He stepped forward and said with great dignity: “As a law-enforcer, my position is one level higher than you. In the past three months, the whereabouts were abnormal, and I came here to ask questions. Not only did you not cooperate, but you were also rude to the deity. Could it be that you have a guilty conscience and have a heart of betrayal?!”

After speaking the last sentence, Ye Xingchen’s eyes suddenly widened, and a fierce aura broke out from him, and the wind blew up on the ground, making everyone feel tremendous pressure.

Nishang’s eyes became even colder. She had some grudges with Ye Xingchen at first, but now Ye Xingchen swayed here to make things difficult for her.

“Ye Xingchen, when will you, as the law enforcement sage of the Eastern Region, have the power to take care of my affairs in the Western Region! You are clearly despising the organization and despising the Holy King!” Nishang also exploded with a lot of momentum, opposing Ye Xingchen. “You are so bold!”

Just as her words fell, there was also a voice from a distance, “Ye Xingchen, who gave you the power, it is my Western Regions!”

When the voice fell, there was a woman in her 30s and 40s who appeared in the yard, her charm still existed. She was wearing a Taoist robe, exuding shocking aura from her body, and she was also a super master in the upper class of the Innate Realm.

When Ye Xingchen saw her appear, his face suddenly became gloomy, and his eyes flashed with jealousy. The middle-aged woman in front of him was the law enforcement veteran of the Western Regions, who had the same position as him.

Nishang saw the middle-aged woman, saluted and shouted the venerable.

Venerable Law Enforcement of the Western Regions nodded, then she smiled and nodded with Qin Yuehua, showing respect, obviously she also respected Qin Yuehua very much.

Ye Xingchen saw the appearance of the Law Enforcement Venerable of the Western Regions, he knew that he could not make things difficult for the neon clothes, he snorted heavily, glanced at the neon clothes threateningly, and then walked away.

After he left, the Western Region Law Enforcement Venerable said to Qin Yuehua: "Jingxuan sees Lord Saint."

Qin Yuehua smiled bitterly and said, "Jingxuan, you don't have to be polite. I am no longer a saint now. Just call me my sister."

The Western Region Law Enforcement Venerable shook his head and said solemnly: "In Jingxuan's heart, you will always be a saint."

The title of saint made Qin Yuehua's gaze float up, thinking of the previous scenery, but unfortunately, as she left the BRAGRUN organization and married into the Lin family, these have become phantoms.

Next, the Western Region Law Enforcement Venerable chatted for a few words, and then began to seriously say to Nishang: "Nishang, you must be careful from now on, I think Ye Xingchen will trouble you again."

These words are very meaningful, and the neon clothes are not stupid, and they immediately reacted, nodded, expressing understanding.

After Ye Xingchen left, he sneered, "Nishang, originally I was just testing you, but I didn't expect your reaction to be so big, it is obviously a guilty conscience! You have frequently visited Province G in the past three months, there must be some untold secret, You'd better not let me find your handle, otherwise, you can't escape from my palm, and I will completely conquer you at that time!"

Thinking of that picture, the smile on Ye Xingchen's mouth became stronger, and Jie Jie said: "It's said that neon clothes are a rare extremely yin physique in the world. When I get her, I will definitely increase my cultivation base and impact King Kong. Bad is not impossible!!"

The so-called extremely yin physique, in addition to self-cultivation faster than other women, has a magical effect. In a certain way,

Can help men increase their training speed!

Looking at the whole world, women with extremely yin physique are rare and rare. Now Ye Xingchen has inquired that Nishang is extremely yin physique. Since he learned this news, he has been on the idea of Nishang.

He is now the upper realm of the innate realm. Once he and the neon clothes double repair, he can definitely break through the realm and reach the peak in one fell swoop! At that time, he will also be a big figure in the BRAGRUN organization!

However, the cultivation base of the neon clothes is not bad, he is not sure that he can take the neon clothes, so he can't force it, the best way is to take it out.

He set his sights on Province G, believing that Nishang frequently visits Province G, and there must be hidden secrets!

.....

On Wayne Lin's side, he was in the Aegis Security Group and took time to train a group of newly recruited bodyguards.

These new bodyguards are not small, they are all well-known masters. They have not heard of Wayne Lin's reputation, and at first they were not convinced by Wayne Lin. However, soon, they are seeing the horror displayed by Wayne Lin. After that, they immediately let go of their contemptuous psychology, became in awe and began to study seriously.

Wayne Lin is quite used to such things.

However, as the chairman of Aegis Security, he is often responsible for training new bodyguards. He plans to train a chief instructor to take over his job.

At this moment, two people came quickly from outside, with some panic on their faces, striding towards Wayne Lin.

Wayne Lin noticed it immediately, his ears moved slightly, and before the two men could speak, he stopped and signaled the new bodyguard to practice freely, and then he walked outside the door.

“Chairman...”

“Well, I already know.”

Those two men were stunned, they didn't report, the chairman already knew? This is too amazing.

Wayne Lin's ear power was beyond ordinary people's imagination. He just calmed down and listened. He immediately heard two strong breathing sounds outside and felt their powerful breath.

Obviously, these are the two masters I met last time.

Sure enough, after Wayne Lin went out, he saw two people in dark gray uniforms standing in the hall, a man and a woman.

When Wayne Lin saw them, their eyes were also on Wayne Lin, and their eyes collided.

In fact, Wayne Lin knew just now that these two people were the two people who followed him when he went to Smith and Connery to kill him some time ago. And these two people, nine out of ten are from the government.

“I don't know if these two are...”

Before Wayne Lin finished speaking, he was interrupted by the man among them, staring at him with majesty, “Wayne Lin, you are suspected of a serious murder case, please come with us right away!”

Speaking of this, everyone in the hall was frightened, and the chairman was actually suspected of murder! ?

You know, in China, the most serious crime is murder, and once caught, it will be sentenced to death!

If it were an ordinary person, he would have been so scared that he would piss off, but Wayne Lin's face did not show the slightest panic, and even the smile on his face did not change. He said, "Don't worry, the two will come together. Sit down and drink the hot tea, I have a good Hangcheng Longjing."

With such a calm look, he couldn't find a trace of fear or panic at all. He smiled and looked at the two people, not knowing, thinking he was greeting a friend.

Chapter 439

This calmness caused the two men to raise their brows. They had to admit that Wayne Lin's psychological quality was so strong that he could remain calm even if he encountered such things, and they could see that Wayne Lin's calmness was not pretended. But he was really not afraid.

The man among them was obviously unconvinced. He was a few years older than Wayne Lin. He was an arrogant person himself. He lived smoothly since he was a child. Even after he joined the army, he has not suffered any setbacks. Among his peers, he is almost the top existence, and now, there is a Wayne Lin who is not only younger than him, but also higher than him, which makes him very unconvinced!

Seeing Wayne Lin's calm look, he was particularly upset. He snorted and asked, his vigor spread, and he stared at Wayne Lin, and said, "Wayne Lin, take me seriously! You are now With more than 20 lives, we are here to arrest you!"

I have to say that his majesty is still great, he has been in a high position for a long time, and he is full of official power, making everyone present in awe and afraid to make a sound.

Anyone with a discerning eye can see that his identity is not simple, and ordinary people like them can not be offended.

The woman also had a cold face and said nothing, very serious.

Wayne Lin still sat down to make tea and said, "I don't know what evidence you have?"

“Hmph! I naturally have evidence. I am here to arrest you today. I know you are a master of innate realm, but I advise you not to act rashly!” The man said in a deep voice, his tone full of threats.

Wayne Lin smiled and said, “Really? I want to try it.”

He raised his head and looked at the two masters in uniforms in front of him with a smile.

“You!!” The man was very angry when he saw Wayne Lin, a dead pig who is not afraid of boiling water. He stretched his hand to his waist and wanted to take out the gun.

At this moment, the woman next to him stopped him, with a serious expression, and suddenly smiled, “Sure enough, she is a master who can defeat Brian Gu and Wu Meizi, and she is not afraid of us.”

Wayne Lin also laughed, then made the tea, poured it for them, and motioned them to sit down and drink tea.

The two looked at each other, and after making eye contact, they decided to sit down.

Wayne Lin made a gesture to signal the others to leave, leaving Wayne Lin and these two masters in uniforms in the hall.

“Wayne Lin, why are you killing so many foreigners? You are not afraid of legal sanctions?” After sitting down, the woman stared at Wayne Lin and asked in a deep voice.

“Because they deserve to die.” Wayne Lin said lightly.

The man’s face turned cold and said, “Who do you think you are and have the power to decide the life and death of others? I tell you Wayne Lin, don’t think that you are a master of the innate realm and you can do whatever you want! In China, you can be cured. How many people are!”

Wayne Lin’s smile closed up, his eyes suddenly became deep, staring at the opposite man, motionless, and instantly, the other party felt the tremendous pressure, his breathing gradually increased rapidly, and his forehead slowly emerged. Cold sweat.

Only then did he understand how terrifying Wayne Lin was. In Wayne Lin's eyes, he seemed to see Dou Zhuan, the world turned upside down, the end of the world, fell into eternal darkness, and his consciousness was gradually lost!

The woman next to him was extremely shocked when he saw his face becoming paler and paler, with an expression of unprecedented fear on her face.

Wayne Lin did not continue to embarrass him, put away the pressure, and said lightly: "You know what they are, so you don't want to use this set. You don't have to act anymore. It's been a month. I came to see me, not to convict me. I have to guess right, you guys want to recruit me."

Hearing Wayne Lin's words, their faces finally appeared surprised, no

Thinking that Wayne Lin was so smart, he could see through their trump cards at once!

For a while, they were a little embarrassed.

The woman took a deep breath, no longer stern, stood up, and proactively stretched out her hand to Wayne Lin to show her friendliness, "Mr. Lin, you really know what you are doing. You can see through us at a glance. We were just now. Make you a joke. Get to know, my name is Tan Qiuya, and I am the deputy leader of the fourth team of Hua Guo Xuanyuan Office 3."

"My name is Tian Mingjie, and I come from the fourth team of Hua Guo Xuanyuan No.3."

Three places in Xuanyuan?

Wayne Lin was stunned when he heard these four words. He had heard of this organization before. The people in it were Crouching Tigers, Hidden Dragons, and they were mainly responsible for the activities of foreign forces in China and safeguarding the country's security.

He didn't expect that the people from the third place of Xuanyuan would come to him. Could it be that he was attracted by his ability?

"Long admiring the name." Wayne Lin shook their hands.

Tan Qiuya said: “Mr. Lin, you are a smart person, so I won’t be circumspect. As you said just now, we are indeed here to recruit you. A master like you is squandering talents in the folks, such as Join our three places in Xuanyuan and work together for the motherland.”

Originally, Tian Mingjie was very dissatisfied with Wayne Lin, but after what happened just now, he completely lost this idea of Wayne Lin. Instead, he was very jealous of Wayne Lin, knowing that Wayne Lin could kill Brian Gu and Wu Meizi. It’s not accidental.

Wayne Lin hesitated for a while, and said, “I’m used to being free and loose, I’m afraid I won’t have the honor to join Xuanyuan three places.”

It seems that Wayne Lin would say this a long time ago. Tan Qiuya is not surprised. She smiled and said, “Mr. Lin, you don’t have to refuse so early. We don’t want you to choose right away. In fact, you will be big a month ago. But killing and killing so many foreigners shows that you are a person with a heavy national sentiment, and you don’t want to see your compatriots being bullied by foreigners. In fact, we are doing this kind of work in Xuanyuan three places.”

Wayne Lin was silent and did not speak. Before that, he really hadn’t thought that Xuanyuan three places would come to solicit him.

In his opinion, places like Xuanyuan Three are not so easy to enter.

Moreover, for a person like him who is used to being free and loose, it is really unsuitable to go into places like Xuanyuan Three.

Tan Qiuya sighed again and said, “Mr. Lin, at your level, I believe and know that our country now looks good and we live and work in peace and contentment, but in fact, it is full of crises secretly. Especially in the past few years, there have been constant foreign forces coming in. ...The twenty-odd foreigners you met last time are only a small part of them... In the past few years, Western countries have invented the water of life, and suddenly there have been many masters of innate realm, which is what they call The supernatural powers brought us tremendous pressure...We need a master like you to protect our country and people.”

After finishing speaking, Tan Qiuya actually stood up and bowed deeply to Wayne Lin, with a particularly sincere attitude.

After Wayne Lin saw it, he was instantly moved.

In fact, over the years, he has also felt that more and more foreigners are coming to China, many of them are foreign forces, but what he did not expect is that China is actually a little weak.

Seeing Wayne Lin's silence, Tian Mingjie gritted his teeth and bowed deeply to Wayne Lin, persuading Wayne Lin to join in.

Wayne Lin was silent for a while, and said, "We have a vast land and a wealth of resources in China. There must be many masters of the innate realm, why bother to find me?"

A little sadness flashed in Tan Qiuya's eyes, saying: "In the past, we did have many masters of innate realm, but over the years, with the rapid development of the water of life invented by Western forces, we have many inborn realms. Senior, already dead in their hands."

Wayne Lin's heart sank when he heard these words, he could fully feel the heavy and tragic words of Tan Qiuya.

A Life Upside Down Chapter 440 – 442

Chapter 440

After half an hour, Tan Qiuya and Tian Mingjie both left, leaving Wayne Lin sitting there, lost in thought.

He did not immediately agree to join the three Xuanyuan places, and gave time to consider.

Joining the three places of Xuanyuan and entering the six doors is not a hasty thing, and it will have a huge impact on his future life.

After all, once you enter the six doors, it is not so easy to exit.

Of course, the benefits of joining the three places of Xuanyuan are also obvious. First of all, it is equivalent to an extra protective umbrella. In the future, even if he kills more foreigners, nothing will happen. Even if it is in society that offends people, nothing will happen, which is tantamount to a strong background.

And his family will also be strongly protected.

Tan Qiuya is right. He does have a strong national sentiment. Now he knows that the situation in China is not very good, and there is an urgent need for masters in the congenital realm. Especially at his level, there are very few. He was still moved.

As a Chinese, who has never thought of contributing to the country?

However, this is a big deal, he can't make a choice casually, he still has to weigh it carefully. After all, he still has an important task now, which is to rescue his mother Qin Yuehua from the BRAGRUN organization. Until now, he has not investigated the specific nature of this BRAGRUN organization and how powerful it is. Where, apart from Chou Ye and Lu Dongbin, he has never seen the third BRAGRUN organization.

While he was sinking into thinking, at the Beitian Meeting, there was also a cloud of sadness and coldness.

Since Brian Gu and Wu Meizi were beaten to death by Wayne Lin one after another, the status of the Beitianhui is now far lower than before.

Many forces that used to be the leader of the North Tianhui, now they are beginning to show their estrangement, and they are not too afraid of the North Tianhui to ask questions. Some people even begin to plan to open a security group to fight against the North Tian.

In this case, Bei Tian will be very angry, very annoyed, but there is no big way.

Who made all the masters of the innate realm who can play the most in the North Sky now die!

Don't look at Brian Gu as the vice president. In fact, his cultivation base is the highest cultivation base in the Beitian Society. It is also because of Brian Gu's existence that the Beitian Society is so deterrent.

Now that Brian Gu is dead, the deterrent power of the Northern Heaven Society is not so great.

Because Zhou Zhe, the president of the North Sky Club, was not a master of the innate realm, he was just an acquired pinnacle. The reason why he was able to become the president was not because of his cultivation level, but his management ability. The Beitianhui was also in his hands, making it bigger and bigger, but now, Brian Gu is dead, and without deterrence, even if he has any more powerful skills, he can show it.

Especially now that the great god Wayne Lin is standing in front of them, the partners who used to cooperate deeply with them are now slowly choosing to terminate their contracts with them, reducing their business by 30 points in a short time!

Profits have also fallen sharply.

In this situation, Zhou Zhe, the president of the North Sky Club, was completely unable to sit still. He used his relationship to find a top master to become the vice president of the North Sky Club.

That day, he set up a banquet in the hotel and waited for the arrival of this super master.

But after waiting for more than an hour, the other party still did not come, making his heart gradually anxious.

"Lao Huang, this super master you said, will he let you dove?"

Isn't it coming? "Finally, Zhou Zhe couldn't help it anymore and said to a middle-aged fat man next to him.

This middle-aged fat man sat two young girls on his lap, feeding him something, and his hands were very dishonest. Walking around the two young girls, he smiled and said: "I said Lao Zhou, Just calm down. If Mr. Ye said he will come, he will definitely come."

When Zhou Zhe heard the middle-aged fat man's affirmation, his heart settled a bit, but immediately, he said worriedly: "Also, is this Mr. Ye really a master? You know Wayne Lin is a servant, but even Brian Gu, Wu Meizi is not his opponent!"

The middle-aged fat man confidently said: "That must be a super master! When did my old Huang fool you? I tell you, when Mr. Ye comes, you must put down your posture, respectful enough, this Ye Mr. has a bad temper. Once you offend him, it's over."

Zhou Zhe nodded, saying that he would definitely not neglect, but he was still a little worried. After all, Wayne Lin's reputation has become so much recently that it has put too much pressure on the Beitian Club. He can't sleep well every night for fear that Wayne Lin will suddenly kill. Come here and level them up.

"Lao Huang, is this Mr. Ye really a master of the Innate Realm? Can he beat Wayne Lin? If he can't deal with Wayne Lin, we will suffer from the North Heaven meeting." Zhou Zhe still said worriedly, pacing back and forth.

The other Beitianhui people in the box were also full of worries. After all, Wayne Lin's recent limelight has been so great! Especially in the scene some time ago, the scene of Wu Meizi's life and death is still clearly engraved in their minds and is indelible. It is no exaggeration to say that they have an instinctive fear of Wayne Lin, just like mice are afraid of cats.

The middle-aged man sneered disdainfully and said, "Cut, little Wayne Lin, what's the matter? I tell you, Mr. Ye's cultivation has reached an incredible realm! He is no longer a human, but a land. God, even a bullet can't kill him! Even if two Wayne Lin are tied together, they are far from being Mr. Ye's opponent! Old Zhou, just wait, if you can really hold Mr. Ye's thigh, then After the Beitian Meeting, you will really sit back and relax. Rubbish like Wayne Lin is not worth mentioning."

"That's good, that's good." Zhou Zhe heard this, he was really relieved.

Not long after, the door of the box was opened. The middle-aged fat man Lao Huang saw the incoming person and immediately his face turned straight. He hurriedly asked the two young girls to get up from him with a smile. They stood up and took the initiative to welcome the person. , And gave Zhou Zhe a wink to let him perform well.

Zhou Zhe is an old fried dough stick. He doesn't understand why, he immediately showed a flattering expression, and took the initiative to greet this super expert.

“Mr. Ye, you are here.” The middle-aged fat man squeezed a flower into his face.

Then immediately pointed at Zhou Zhe who came by and said, “Mr. Ye, this is Zhou Zhe, the president of the North Sky Club.”

Mr. Ye nodded lightly, and turned a blind eye to Zhou Zhe’s proactive hand.

“Zhou Zhe, this is the super master I told you, Mr. Ye.” The middle-aged fat man said again.

Zhou Zhe was ignored, with some embarrassment on his face, he immediately said: “Mr. Ye, hello, it is my honor to invite you over today.”

Mr. Ye said: “Stop talking nonsense, let’s eat first.”

“Okay.” Zhou Zhe nodded quickly.

If the neon clothes are here, you can tell at a glance that this so-called Mr. Ye is the law enforcement veteran of the Eastern Region, Ye Xingchen!

Chapter 441

That’s right, this Mr. Ye is Ye Xingchen. Since he focused on the neon clothes, he has begun to come to the province. It happened that his believer Huang Zheng told him that Zhou Zhe of the Beitian Association wanted to win over a super master and sit down. He came over immediately about the Beitian Meeting.

On the way he came, Huang Zheng and him probably mentioned the current situation of the North Sky Club, and hinted that the position of the Vice President of the North Sky Club is not so easy to sit on, because the enemy of the North Sky Club is Wayne Lin.

When he heard the name Wayne Lin, he was slightly stunned, feeling a little familiar, as if he had heard it from somewhere, but he couldn’t remember it again for a while.

He soon learned that Wayne Lin was also a master of the Innate Realm, and he had killed Brian Gu and Wu Meizi in succession. He had some interest, but that was all. In his eyes, except for the BRAGRUN organization, everyone else is mortal. Moreover, he

came to G province this time, rushing to the neon clothes, neither the Beitian Club nor Wayne Lin was in his eyes. .

Zhou Zhe originally had great expectations for Ye Xingchen, because Huang Zheng has been bragging about how powerful Ye Xingchen is in front of him in the past few days, but now, he saw Ye Xingchen with his own eyes, and his expectations gradually turned into disappointment. , For no other reason, Ye Xingchen looked so imposing, let alone compare with Wayne Lin, and it was far from Brian Gu.

This made him wonder, did Huang Zheng just find an ordinary expert to fool him, besides, Ye Xingchen is too young, only in his thirties, you know, Brian Gu and Wu Meizi are both in their 40s or 50s. People.

After drinking three rounds, Zhou Zhe tried several times to find out about Ye Xingchen's details, what realm he is now, and what record he has had, but Ye Xingchen didn't pay attention to him, just ignored him, which made him more and more unhappy. , I think Ye Xingchen is a parallel importer.

Finally, Huang Zheng found out that something was wrong. He smiled and said, "Mr. Ye, this time Chairman Zhou meant that he wanted to invite you to be the chairman of the North Sky Club to replace the previous position of Brian Gu..."

However, before Huang Zheng's words were finished, Zhou Zhe waved his hand, interrupted his words, and said indifferently: "I don't think this is necessary anymore. My vice president of the Northern Sky Club is not so good, so don't bother. Mr. Ye."

Huang Zheng was taken aback. He didn't expect Zhou Zhe to say this. Before the dinner, he had discussed with Zhou Zhe, "Lao Zhou, are you? Didn't you say that you want to invite Mr. Ye to be the vice chairman?"

Zhou Zhe said lightly: "There is no need for this. The position of vice president of the Northern Sky Club is not something anyone can sit on! I don't want to spend a lot of money. I have invited a mediocre person to come over, and I will have a little effect on Wayne Lin. I can't play it!"

Huang Zheng couldn't see how Zhou Zhe didn't believe in Ye Xingchen's strength. He quickly said, "Lao Zhou, what are you talking about? Didn't I tell you, Mr. Ye's cultivation level has arrived? To an incredible degree, the little Wayne Lin is not Mr. Ye's opponent at all."

“Really? Haha.” Zhou Zhe smiled faintly, his face was full of disdain, and then said: “Lao Huang, I’ll take this meal, I have something to do, so I won’t accompany you.”

With that, he was about to stand up and prepare to leave.

However, at this moment, Ye Xingchen, who had been silent for a long time, finally spoke. He sneered. At the next moment, an indescribable aura burst out of him. At the same time, his eyes turned to Zhou Zhe. past.

In an instant, Zhou Zhe froze, and there was a hum in his head.

, As if a thunderbolt exploded inside, in his eyes, Ye Xingchen in front of him turned into a giant with a height of hundreds of meters, holding a huge sword in his hand, and swiping it at him, splitting the space in front of him. The two halves, the sun and the moon were dark, the sky was shaking, and the earth roared, as if the world couldn’t bear Ye Xingchen’s sword, it was about to collapse, and he was going to die.

He had never experienced anything like this before, his face turned pale in an instant, and large drops of cold sweat came out of his face, his legs swayed violently, lost the strength to support, and fell directly to the ground.

Moreover, a pool of liquid came out of his crotch, which smelled bad, and he was so scared to pee his pants.

Ye Xingchen dismissed a smile. He retracted his gaze at Zhou Zhe. In an instant, Zhou Zhe came back to his senses. The feeling was as if he had returned to the world from hell and came back from the dead.

The look he looked at Ye Xingchen now was completely different. It was no longer the contempt and suspicion just now, but full of awe and fear, as well as excitement.

He already believed in Ye Xingchen’s strength now. With people like Ye Xingchen sitting in the Beitian Club, the Beitian Club would definitely become more and more prosperous. As for Wayne Lin, it was not worth mentioning.

A little embarrassment flashed across Zhou Zhe’s face when he was so frightened to pee on his pants, but he did not feel embarrassed. Instead, he stood up, fist ed deeply at Ye Xingchen, and said in a very sincere tone: “It was Zhou who had eyes Those who know Taishan have offended Mr. Ye, please forgive him!”

Ye Xingchen waved his hand and did not have the same knowledge as him, and said lightly: “Just now from your spiritual world, I saw your fear of Wayne Lin. Tell me what is this person’s origin.”

Zhou Zhe quickly began to introduce Wayne Lin, including his origin, as the door-to-door son-in-law of the Chu family. Later, he inexplicably counterattacked and became the chairman of Ziqiong Media, and then cultivated into the innate state, defeating Brian Gu and Wu Meizi in one fell swoop. thing.

After Ye Xingchen listened, some brilliant lights flashed in his eyes and said, “So, this Wayne Lin is extraordinary. From a door-to-door son-in-law, he has transformed into a peerless master.”

After a pause, he said again: “I am a little interested in him.”

Zhou Zhe said: “Mr. Ye, this Wayne Lin is extremely violent and cruel. If you see him, you must be careful.”

Then he took out his phone, clicked on a video, and showed it to Ye Xingchen, “Mr. Ye, this is a video of Wayne Lin and Wu Meizi fighting. You can refer to it.”

Ye Xingchen looked over. In the video, it was obviously the desperate battle of the two innate realm masters, which caused great damage. If the current video level is not clear enough, they can’t be seen clearly. Even so, it is difficult to capture their movements, most of the images are only seeing their afterimages, even if they are slowed down twenty times, the same is true.

When Ye Xingchen saw Wayne Lin’s face, his eyes suddenly became sharp, “This is...”

He looked familiar with Wayne Lin’s face. Finally, he remembered that this was the wild species that the previous saint Qin Yuehua gave birth to outside!

In an instant, his eyes brightened, the corners of his mouth raised, and a big arc appeared, showing a wicked smile, “It turns out to be this wild species, neon clothes, I have caught your secret, so you came to see this wild species. Now, it’s really effortless to break through the iron shoes and find nowhere to go, Jie Jie.”

Chapter 442

“Chairman, there is a grand charity party tonight, big people in the circle will attend, do you want to attend?”

After Wayne Lin came to Ziqiong Media, Damon Wang reported to him after finishing his work.

“Charity party? Is it very large?” Wayne Lin said curiously.

Damon Wang respectfully said: “Yes, this charity party is very large, and big figures from all fields will come to participate. There is official support. The subordinates believe that since the chairman intends to establish a new charity organization, It’s better to go there.”

Indeed, Wayne Lin intends to set up a charity organization and do more good deeds. Now there is this charity party. If he goes to attend and show up, it will really help.

He didn’t think too much, nodded and agreed.

Now he has nothing special to be busy with, so he can naturally take time to participate in the past tonight.

Next, he stayed in the office to meditate. Since defeating Wu Meizi, his cultivation has improved a lot during this period, and he has stabilized in the upper stage of the Innate Realm.

The Innate Realm, also known as the Transcendent Realm, not only created a watershed with ordinary people, even the acquired peak, in front of the innate realm masters, it is vulnerable to a blow, not only in force, but more in the level of life.

Now Wayne Lin has completely consolidated in the Innate Realm, and his cultivation is stable in the upper stage of the Inborn Realm.

He is roughly divided now, in the innate realm, there are five realms, lower, middle, upper, top, and Dzogchen!

The difference between these five realms lies mainly in the strength of blood and spirit.

And after the Great Perfection of the Innate Realm, the legendary King Kong is not bad!

Once you reach that state, you are a real superman.

The life form of the whole person will usher in an earth-shaking transformation. Wayne Lin even suspects that the King Kong is not bad, and there will be unexpected changes in the body, even mental interference, and the ability to fetch things from the air is not necessarily!

This sounds like a mysterious and impossible thing to happen, but in fact it is not like that. In Wayne Lin's reasoning, the human body has unlimited potential. From the acquired peak to the innate realm, the level of life undergoes the first transformation. The main difference is that after reaching the innate state, the human brain has more 'authorities' opened up, and it can secrete hormones autonomously to enhance the strength of the body and spirit.

When King Kong is not bad, the human brain has more "authorities" opened, specifically, to unlock more "functions".

In fact, the capacity of the brain that humans can use is only a few percent. Many smart scientists are just because they can use more brain capacity than ordinary people.

In science, there is a theory that the capacity of the brain that humans cannot use becomes a forbidden zone for God! And human practice is actually constantly opening up the God's forbidden zone and using more brain capacity.

Like Wayne Lin now, he only uses about 15% of his brain capacity!

According to his inference, it should be able to use 50% of the brain's capacity when the King Kong is not bad!

And to use 50% of the capacity should be from the three-dimensional to the four-dimensional, so inference, there can be mental interference, and the ability to fetch things from space.

This is not fantasy, but is supported by scientific theories.

It is conceivable that if 100% of the brain's capacity can be used, what kind of state is it? Wayne Lin couldn't imagine, maybe he could jump directly from four-dimensional space to five-dimensional space?

Wayne Lin opened his eyes, and flashes of divine light flashed through his pupils. The brain capacity he can mobilize now is 15.224% to be precise.

If he can break through to the top stage in the innate realm, he should be able to use 20% of his brain capacity by then!

If it is Dzogchen in the innate realm, it may be asking about 25%.

Of course, this is still his speculation stage, and he needs to study whether it is really this value.

Time was in his meditation, and soon passed. Three seconds before Damon Wang opened the door of his office, he opened his eyes, and he smelled of an unknown prophet.

“Chairman...”

Wayne Lin stood up and said, “I know, now go to the charity party.”

Half an hour later, senior officials such as Wayne Lin and Damon Wang appeared at the charity party.

Damon Wang did not brag. The charity party tonight is indeed very big. At first glance, they are all big figures from all walks of life, and there are many stars.

When Wayne Lin’s figure appeared on the scene, it attracted the attention of countless people, and they looked over.

“Randal is here.”

“Randal is really arrogant. I know it is a dragon and a phoenix at a glance. It is an honor for us to recognize Randal.”

“Then it goes without saying that Randal Lin is the pride of our Hwadrid City. At a young age, he is a strong man in the congenital realm.”

“Randal, I’ll toast you a glass!”

“Randal...”

Soon, many people came over, all kinds of flattery.

Some beautiful women kept glaring at Wayne Lin, and kept leaning on Wayne Lin's body, wishing to dedicate their lives to Wayne Lin.

Wayne Lin was accustomed to this kind of scenes, with a smile on his face, without putting on airs, and chatting friendly with these big people.

At this moment, I don't know who said, "I'm not mistaken, isn't that Zhou Zhe from the Beitianhui? Why did he come?"

"What? Let me see... I rely on it, it's really Zhou Zhe. As the president of the North Sky Club, he still dares to appear in front of Randal? Besides, he didn't just send small people to participate in the North Sky Club before. Charity party? Why is he here tonight."

"Zhe Zhou is crazy this time, knowing that Randal Lin will come to participate tonight, he dare to be there, is it not afraid of Randal Lin?"

"How is this possible? There is a grudge between Randal Lin and the North Sky Club. As the president of the North Sky Club, how could he not know... Could it be that Zhou Zhe came to apologize to Randal Lin this time and beg for mercy?"

Many people looked towards the gate, and they saw Zhou Zhe wearing a brand-name suit, walking in a crowd of more than a dozen people. His face was full of spirit, and he walked with wind.

And behind him, all the high-level officials of the Northern Sky Club walked in swaggeringly.

Wayne Lin's gaze also followed. He hadn't seen Zhou Zhe before, but he recognized Zhou Zhe by looking at the photos. He saw Zhou Zhe's proud look and he didn't have the slightest fear. And downfall.

This is a bit abnormal.

Could it be that Zhou Zhe is not afraid of himself?

At the same time, he also saw at a glance that Zhou Zhe was only the realm of the pinnacle of the acquired day, and that this kind of cultivation was like an ant in front of him.

Soon, Wayne Lin's gaze was attracted by a man next to Zhou Zhe!

The man's face was cold and proud, he was arrogant and arrogant, arrogant in his bones, it seemed that everyone in this room was just ants.

What really caught Wayne Lin's attention was that this man was also an extremely master of the Innate Realm, and he had reached the top stage! !

Much stronger than Wu Meizi!

This man is not someone, it is Ye Xingchen.
