

Billionaire God of War

Novel Chapter 2319 –

2320

Chapter 2319

The voice in my mind is constantly scrolling!

Greedy Wolf only feels that, except for being alive, every part of his body is not his own.

He can't feel anything, his hands, feet, internal organs, and even consciousness are all controlled by something.

He is not a person who will give in easily, especially when others want to seize his body, greedy wolf will not give up easily!

“Get out of my body!”

He roared inside.

Even if he can't make a sound, his willpower is extremely powerful.

To be able to live to this day and to become the leader of their era, Greed Wolf has never been weak, especially his willpower is very strong.

At this moment, he knew that he could not move, his body had been blocked by those black qi, but his consciousness, there were some, he had to fight!

Those who want to invade their bodies must be driven out!

Otherwise, he will undoubtedly die, lose his body, lose his consciousness, and become someone else.

“Get out! Get out!”

There was a voice in Greed Wolf’s mind, and he let out a deafening roar, fighting desperately against the black energy that was constantly eroding his consciousness!

“Get out of here!”

The wolf is lying there, unable to move, even his eyes are tightly closed, but his consciousness is fighting with all his strength!

There seems to be two souls, fighting desperately in his body at this moment!

The greedy wolf didn’t dare to give up, and he didn’t even hesitate. He is this kind of person. How could he be so easily taken by others?

Om——

The two soul consciousnesses were fighting each other. Obviously, those black spirits did not expect that the wolf would be so tenacious that it was not swallowed up at once, but rose up to resist.

Immediately, Black Qi became more maniac, and the wolf-greedy body trembled involuntarily!

The two souls are fighting, fighting for control of the body in the body of the greedy wolf.

No one is willing to give in.

For greedy wolf, if you let go, then you will disappear from this world. Since then, there is no such person as greedy wolf. After so many years and ambitions for so many years, he has disappeared like this. How can he be reconciled?

For the mysterious black air, he waited for too long, too long. This is his only chance, the only chance to reappear in the world!

The body of the greedy wolf trembled very badly, as if there was an electric current flowing through his body, stimulating every cell in his body!

At the same time.

Andrew has already reached the twenty-eighth step!

He is more terrible!

Every time he steps up, Andrew is there to adapt, so that his body can withstand the pressure of gravity.

I'm afraid I'll be dead long ago if I change to an ordinary person!

Even if the will can bear it, the strength of the body is absolutely unsustainable.

Jiang Ning's body has been nourished by the vigor of Ji Dao Fist over the years, and it has changed several times. Even so, he will collapse several times in the face of such an environment!

He suddenly discovered that the gravity on these steps seemed to always remain at a critical point, floating up and down at his own limit.

Almost, he might have his own life, but this scale is just right, as if... artificially controlled.

The farther we go, the stronger Jiang Ning's feeling becomes!

"There are five more steps."

Andrew looked up.

He can clearly feel that after the stimulation of gravity on these steps, his body strength has obviously improved a lot.

He doesn't know how much time he spent here, how much sweat he shed, and he fell into danger several times and lost his life, but the feeling at this moment is really wonderful. .

After a while, he adjusted, ready to enter the next step.

Andrew took a few deep breaths to achieve his best state. He doesn't know what the next step will be. If there is an accident, he can only recognize it!

Chapter 2320

He stepped up, and immediately followed with the other foot. At that moment, he adjusted his state and prepared to fight More terrifying gravity.

But...

"Huh?"

Andrew was surprised.

No gravity?

No, it's just that there is no such terrible gravity, but the same as the original one, as if this step, when it reaches this point, it loses its special attributes.

He was a little surprised, thinking it was a trap, he didn't dare to be careless, but after waiting for a while, there was still no response.

At this moment, he is as light as a swallow. After a period of gravitational pressure, his body has been transformed, and now he is back to a normal environment. That kind of transparent feeling makes Andrew a little unaccustomed.

It took a while before he got used to it.

“What the hell is this? Why did it stop here.”

Jiang Ning's tone was somewhat disappointed.

Having such a chance to exercise himself, he is a madman, and he still likes it a little. If someone knows that Andrew is so crazy, he will definitely call him a madman.

Andrew still didn't dare to be careless, always keeping a twelve-point vigilance.

In this kind of place, you can't be careless. If you are not careful, you may lose your life.

At this moment, Andrew is standing very high, and at a glance, he can see the distant environment, which is still a ruin, revealing the feeling of desolation.

He couldn't help sighing, what happened here, turned the original fairyland into ruins.

I raised my eyes and looked at everything in sight. In this position, I really stood tall and looked far away, but unfortunately, without good scenery, everything was ruined.

“Go up and have a look.”

Andrew didn't waste any time, he cautiously continued up, and went straight to the thirty-three steps in one breath!

Pull away the clouds, Andrew was stunned.

The ground is a stone slab paved with white jade. Even though it has been old for a long time, it still has the kind of warm atmosphere.

On the stone pillars on both sides of the walkway, there were blood stains, a lot of collapsed stone pillars, and chairs, which shattered to the ground. Andrew walked cautiously, bypassing the clouds and mist, looking at everything around him, sighing.

The desolate atmosphere made him feel sad involuntarily, as if his home was destroyed.

“This feeling is really strange.”

Andrew couldn't help shaking his head, “How could he be affected?”

He knows who he is and how strong willpower he has, There can be nothing that can affect his mentality, but at this moment, standing here, it feels so strong.

It seems that there is something knocking in his heart, making his emotions follow the fluctuations, and they cannot be controlled at all, they cannot be rejected, and they cannot be rejected!

Andrew stood there without moving, carefully sensing everything around him, and found nothing unusual.

He quickly adjusted his mentality, knowing that in this environment, if the mind is unstable, things are easy to happen, and safety at critical times often requires a calmer bEmma.

Suddenly, Jiang Ning's eyes changed.

A cloud of mist dispersed, and he saw that at the end of the walkway, there were nine steps, which were not high, just like normal. Except for the material, it was considered the best jade, and there were nine flying dragons on it!

Vivid!

If it weren't for a fixed look, Andrew would have an illusion that those flying dragons are alive and walking up the steps!

Andrew calmed down, knowing that his consciousness was affected, and immediately bit the tip of his tongue to keep himself awake.

“What a terrible influence, even the heavy pupil of Greed Wolf is not so powerful.”

Greed Wolf can use his eyes to confuse and control others, and here, there is nothing, just this kind of atmosphere, It makes people feel hard on themselves, so terrible!

He looked up the steps, his whole person was instantly frozen!

“That’s...”
