Chapter 2467

Greedy wolf's words contained a bitter smile.

Yumeng felt uncomfortable when she heard it.

These few of them are truly contemporaries, and they have known each other from a young age until today.

Seeing the greedy wolf fall to the present level, Yumeng felt uncomfortable in her heart.

She knew that if she didn't help Greedy Wolf, no one would help him.

In this world, greedy wolves can be the enemy of the whole world, but they will not hurt themselves.

“How do you want me to help you?”

She looked at the wolf and said.

“Your traction technique can help me.”

Greedy Wolf said.

Traction is a unique ability of Yumeng. Now she can control the soul of people!

Although it's just a simple pull, but with a little time, you can get a head start in the master showdown.

Whether it is Breaking the Army, Greedy of the Wolf, Seven Kills or Yumeng, they all have their own ability to look after the house. This ability of Yumeng is innate and cannot be learned the day after tomorrow, just like the double pupil of the Greedy Wolf.

“Okay.”

Yumeng nodded and agreed, “but I only help you this time.”

“I don't want you to die, but again, I don't want to see you doing the wrong thing again.”

Greedy wolf nodded.

“I just want to live, live.”

He seemed to be a few dozen years old, and even his tone became vicissitudes of life. There was a feeling of tired of this world, and Yumeng felt a little helpless and a little distressed.

Yumeng said nothing, and left with Greedy Wolf.

Where the greedy wolf went, in the depths of the crypt, in a desolate and crowded place, this place may not even be the Demon King himself.

The Remnant Soul of the Demon King at this moment was completely asleep, and Greedy Wolf was not reconciled. Even though the Demon King had come, it was too late to stop him.

The Demon King's Remnant Soul, who was seriously injured by Jiang Ning, was not his opponent at this moment, and could no longer compete with him for control of his body.

The vast desert.

At first glance, the sky was full of yellow sand flying, but under the feet, the yellow sand stopped abruptly and would not go beyond half a step, as if there was a red line here, and they were not allowed to cross.

“Where is this place?”

“Endless Sea.”

Greedy Wolf said.

“Before, this was the sea, but now it is dry and only sand is left.”

“How do you know this kind of place?” The

cave is vast, and the greedy wolf does not belong here, how can you find such a strange place.

“I knew it by accident.”

Greedy Wolf didn't explain much.

He didn't need to explain this kind of thing.

He stepped forward and crossed that line, and suddenly, yellow sand covered the sky, almost instantly burying him!

Greedy Wolf raised his hand and shook the yellow sand away, as if there was a glass protective cover on his body, making it impossible to get close to him at all.

Once this was sea water, but now it has become a desert. It has to be said that the passing of life itself carries a kind of sadness.

Yumeng didn't say anything and followed in.

Similarly, those yellow sands can't get close.

“How can an ocean become a desert,”

she shook her head, unimaginable, “what happened here.”

The place that was originally full of vitality became lifeless. Even the yellow sand in the sky made her feel that this place was like a grave, even the sound of the wind. desolate.

“No matter what happens, it has already happened. No one can change the past. We can only stand on the present, and there is no need to look at the future.”

Greedy wolf seems to be talking to himself, looking at the distance, the double pupil reappears. !

In his sight, what he saw was different from Yumeng.

Yumeng only saw the yellow sand in the sky, and the sound of the storm whistling in her ears.

And what Greed Wolf saw... is a bunch of cold bones!

Some were buried under the yellow sand, some were half exposed, and some were sloppy, and they had long been blown out of sight.

Here... it's more like a huge tomb, where many, many people are buried!

Chapter 2468

“What are you going to do with me here?”

Yumeng looked at the wolf and couldn't help asking.

Greedy wolf said that he wanted to survive, so what use was it to come to such a lifeless place.

"I need you to use the traction technique to draw the remnant souls in this desert out and inject them into my body."

Greedy wolf looked at? Shi Aishan brushed the dye Er? Yumeng.

"You are crazy!"

Yumeng shook

her head directly, "This way you die faster!" Her face changed, and she turned her head to feel the breath of these storms, only to realize that there are many remnants of souls in the desert. Wandering, feeling the past carefully, there are still quite a few!

Don't say so much, even if it is one or two remnants of soul, forcibly introduced into Greedy Wolf's body, I am afraid that Greedy Wolf will die faster.

She shook her head and refused directly.

"You don't want to live, you want to die!"

"I won't help you."

She left immediately.

This is simply not a way to save greedy wolves.

“Even if I am dying, I want to die in your hands.”

Greed Wolf said, “Yumeng, do me this favor.”

Yumeng stopped and looked at Greed Wolf deeply.

“Do you know how dangerous this is?”

“You already have the remnant soul of the devil in your body, and then introduce other remnants into your body. Your body will definitely not be able to stand it. You are like this...”

She felt that the wolf would definitely die!

This is not a way to save lives at all, but a way to lose one’s life.

He is absolutely crazy, greedy wolf must be crazy.

“You do not understand,”

Greed Wolf smiled bitterly, “If my body is controlled by the Demon King, then the world will suffer. I think Andrew should have told you before, right?”

Yu Meng did not speak.

Andrew did tell her, and she knew it, and even had some contradictions, she didn't want the world to collapse, but she didn't want to see the greedy wolf die.

"This method, after nine deaths, succeeded, I live, and at the same time can wipe out the devil's remnant soul, failed, I died with the devil, the world is safe, isn't it a good thing?"

He looked at Yumeng and smiled. "Really, if I die in your hands, I am very happy."

Yumeng's eyes were a little red.

She didn't understand why Greedy Wolf had to go to this point. If she chose another path from the beginning, it might not be like this today, but she knew that Greedy Wolf is Greedy Wolf, and he would never regret it. thing.

"Have you really decided?"

"It's decided."

Greedy Wolf nodded.

"Only you can help me with this matter,

Yumeng .” Greedy wolf seemed very calm, as if he didn’t care even if he died the next second.

People like him are so crazy, not afraid of death at all.

Yumeng walked in front of Greedy Wolf with firm eyes.

“Survive!”

After speaking, she took a deep breath and said nothing.

Greedy Wolf smiled, nodded, and immediately began to prepare.

The yellow sand flying all over the sky, mixed with countless remnants of souls, they are roaring, struggling, and their teeth and claws are frightening to watch!

But Greedy Wolf looked at them with a smile and a sense of control in his hands.

He is not afraid, even people who are not afraid of death, what else would they fear?

“It’s about to start.”

Greedy Wolf said.

He sat there cross-legged, and the yellow sand around him couldn't get close. The wind blew his long hair and fluttered. Suddenly, his whole body was wide open, extremely violent!

“Come on!”

he yelled.

Yumeng stood in front of him, opened his hands, and an invisible and intangible weird ripple spread away in an instant.

Om——The

whole space trembled slightly, and immediately, the remnants of the souls in the yellow sand seemed to have received some kind of instruction, and they all rushed towards the greedy wolf.

He seems to have become a container, all the remnants of souls are vying to get into his body!

Crazy!

terrible!

The wolf-greedy heavy pupil, watching the hideous remnants of the soul fly in, his eyes are instantly crazy: “Come on! Come on!”
