Chapter 2469

“Woo-” the

wind howled!

Those remnant souls uttered a stern sound, and people couldn't help but feel numb after hearing it, as if there were thousands of savage ghosts hovering in the air, all staring at the greedy wolf, trying to rush into his body.

Yumeng is a little worried, she is afraid that the wolf will die, and will die very quickly!

She has never seen anyone dare to do this. Greedy wolf is the first, and may only be the only one.

The moment she started, she regretted it a little. If she didn't agree, Greed Wolf would not do such a thing.

But now, it's useless for her to regret. At this point, she can only do her best to protect the greedy wolf.

She doesn't want to see the greedy wolf die!

boom!

A voice came, and the first remnant soul instantly got into the body of Greed Wolf, making him tremble.

The muscles of the whole body were tense, and the heavy pupil burst into two rays of light instantly!

"Come on!"

He roared, he was not afraid at all, and his terrifying willpower instantly shattered the remnant Wu Fu Wu Xi Di Wu who rushed into his mind, and shattered his soul like a mist.

Greedy wolf silently urged the exercises and swallowed the broken remnant soul!

It's a success!

Sure enough!

This made him feel confident.

He has been betting that he will succeed.

These days, being suppressed by the devil's remnant soul, Greed Wolf is not wasting time, but has been studying the remnant soul of the Demon King. Especially last time, the demon king swallowed the remnant soul of the demon kings of the past, making Greed Wolf feel, why the devil can, Can't he?

He thought, since the devil can do it, it means that the method of devouring the remnant soul is feasible!

He studied the magic power of the devil, and even when the devil used his body, there was no resistance. Instead, he let go of his hands and feet, did not confront the devil, and let the devil control his body as he pleased.

This is he is collecting information about the devil!

If the Demon King knew that the greedy wolf was so crazy, he would dare to use this method to learn his own way of devouring the remnant soul.

Not to mention him, even any one person, I am afraid that he can't believe that the wolf can do this, this kind of tolerance and madness, not ordinary people can do it.

This kind of paranoia makes people wonder if it should be fear or admiration.

“Boom! Rumble!”

The remnant soul whizzing over, covering the sky densely and covering the sun, made Yumeng feel scalp numb.

But she did not dare to relax, seeing Greedy Wolf succeeded for the first time and swallowed the first remnant soul, which shocked her, Greedy Wolf could actually do it.

She took a deep breath, kept herself focused, and constantly controlled the speed at which the remnant soul was introduced into the body of Greedy Wolf. She did not dare to be too fast or too slow.

Seeing the dense remnants of souls, she really felt that greed of wolves was too crazy!

Greedy Wolf had no heart to think about anything else. At this moment, he was devouring these remnant souls with all his heart. Under such a powerful impact, even he felt tremendous pressure.

His body even cracked!

His skin was cracking every inch, and blood was flowing out, making people panicked.

But Greedy Wolf ignored it, he didn't even notice that he had no way to be distracted at this moment.

The reason why he dared to be so focused was also because the person outside was Yumeng, who was the only one who could safely give his life to her.

Even if he died, it was worth it to die in Yumeng's hands.

Greedy wolf swallowed the remnant soul frantically, one after another, without stopping at all, his brain almost exploded!

But he still didn't give up, the feeling that his brain poured into his body and almost burst his body was indescribable.

Greedy Wolf is experiencing these at this time. He has no other thoughts. His consciousness and spirit are like an angry lion, opening his blood basin and gulping constantly. He has long been uncountable. This is the number one. Now...

Chapter 2470

Time, one minute and one second passed, and the yellow sand was flying wildly throughout the desert, and the whistling sound was very harsh, as if it was a natural disaster!

Terrible!

From afar, in other parts of the crypt, some people felt the huge fluctuations, and they all looked in the direction of the greedy wolf, but didn't know what happened.

“What’s the matter?”

“It’s terrible pressure, I think there is something on the back? Pa dye dyeing and brushing the servant Wu Shanxi? Cold!”

“Is something coming out, in the crypt... in the end... What’s the matter?”

Tang Fang looked into the distance, his eyes were deep, and he had a bad premonition in his heart.

He felt that there might be something more terrifying than the Demon King. The Demon King had been missing for some days. He didn’t think the Demon King would die. After all, it was the Demon King and no one could kill it.

But he knew that in this world, there would definitely be someone more terrifying than the Demon King.

Greedy wolf!

In his mind, this name suddenly came to mind.

“Hope...I hope it’s not him...”

Tang Fang murmured.

Where did he know that it was greedy wolf!

Crazy wolf!

At this moment, the greedy wolf had no idea how many remnants of the soul had been swallowed, and his entire face turned red. The double pupils were full of madness, bloodshot, and hideous faces, like evil spirits.

Yumeng looked at this state of greedy wolf, and she was a little worried. She wanted to stop, fearing that greedy wolf could not hold it, but greedy wolf never meant to give up.

His body trembled more and more severely, and he could even hear his bones snapping, as if there were many people sharing the same body, vying for control over the body.

Yumeng was worried, frowned slightly, not knowing what to do, whether to continue or stop.

If she stops now, Greed Wolf may have lost all of her work, but if she does not stop, Greed Wolf is likely to die!

Can't stop!

She took a deep breath, she might be able to save the greedy wolf's life, but he might not forgive himself in this life.

"I want to live!"

Yumeng gritted her teeth and tried her best.

At this moment, Greedy Wolf has entered the final critical moment!

His spirit and consciousness are still devouring those remnants of souls, and as a result, they become stronger and stronger, and the speed of swallowing them is getting faster and faster. Those remnants of souls are like the best tonic!

At this moment, the soul of the greedy wolf is more than a hundred times stronger than in the past!

How crazy is this?

But he was right, the devil's way was indeed feasible, and he persevered.

As the soul became stronger and stronger, Greedy Wolf found that it became easier for him to devour these remnant souls, and even in the end, effortlessly.

Greedy wolf's face calmed down, and the light in the heavy pupil became stronger and stronger!

He exhaled slowly, feeling that his whole body had become lighter, that kind of invigorating feeling, and controlling the body as he pleased, was not at all comparable to the previous feeling.

The storm gradually stopped.

All the remnant souls in the desert were swallowed up by greedy wolves, and none were left.

Yumeng was very tired, and sweat was all over her forehead.

Seeing that the greedy wolf is safe and sound, she is relieved.

“How do you feel?”

“Very good.”

Greedy wolf glanced at her, “Thank you, Yu Meng, you saved me and gave me new life.”

Yu Meng did not speak, but shook her head.

She just didn't want to see Greedy Wolf die, she didn't want to watch him disappear from this world.

But she also didn't like it. Seeing greedy wolves destroying the world, this kind of ambivalence made her hesitate.

“It's over.”

Yumeng said, “You are still alive, that's fine. This is what I can do.”

“No, it's not over yet.”

Greedy wolf shook his head.

He was still sitting there, but the aura on his body gradually became more and more terrifying, with a terrifying aura of killing, "This is just the beginning."

"Next, is the real beginning!"

Greedy Wolf said. "It's life or death, it depends on this time!"

He wants to completely devour the remnant soul of the Demon King!
