

Chapter 543 – 544 of A Dish Best Served Cold Novel

Chapter 543

“I...what’s wrong with us?” Ahead, Wang Xingduo, who has been controlled by the police, pointed at Terrisa Qiu and his wife and cursed angrily.

But Terrisa Qiu’s pretty face was pale, but her eyes were full of panic, she didn’t even know what happened.

Old man Qiu and the others were also puzzled, what the hell was going on? How could the police be called in just after dinner.

Did they commit any crime?

At this time, several policemen had already stepped forward and took out a hosta and asked: “This hosta, but you gave them?” Terrisa Qiu’s heart trembled when she heard it.

She can remember that this hosta was given by Helen Qiu at the auction together with the Phaeton.

But after Terrisa Qiu's family snatched the Phaeton from Helen Qiu, they drove to Trivan Lake for a ride, and finally drove directly into the police station. The family was detained by the police.

At that time, it seemed to be because the Phaeton was stolen from an unknown origin.

Thinking of this, Terrisa Qiu had to start to panic. Could this hosta be the stolen goods?

"Speak!" Terrisa Qiu no longer dared to speak, but the policeman became a little impatient and shouted directly.

"Comrade, what happened?" "This hosta was indeed given by us."

The old man Qiu nodded and admitted without knowing the situation.

"Oh, just admit it! Don't you dare to steal things from foreign friends?"
"Do you know that this hosta 27d541a9 belongs to a princess of the British royal family. Diplomacy is nothing small, you have a big deal!"
"Take it away!" With a cold drink, Terrisa Qiu and others were all handcuffed and taken into the police station.

A group of four people, together with Wang Xingduo's wife and his wife, a table of people talking and laughing just now at the dinner table was directly picked up by the nest.

Such matters involving foreign friends are still members of the British royal family, and of course the police department takes them seriously.

Therefore, none of these people were missing, and they were all taken back for investigation.

“Comrade, it’s nothing to do with me?” “What are you doing with me?”
“They gave me this hosta~” “What’s all this~”

Inside the police car, Wang Xingduo screamed sadly. It is estimated that the current Wang Xingduo will kick Terrisa Qiu and the others.

Soon after they were taken away, a thin figure appeared here quietly.

This person is Mark impressively.

After Mark sent Helen Qiu away before, he returned to the Millian Hotel again.

Having bullied his wife, Mark would naturally not let them go so easily.

“Terrisa Qiu, Terrisa Qiu, I have to thank you.”

“If it weren’t for your assist, I’m afraid I would really take a lot of trouble.”

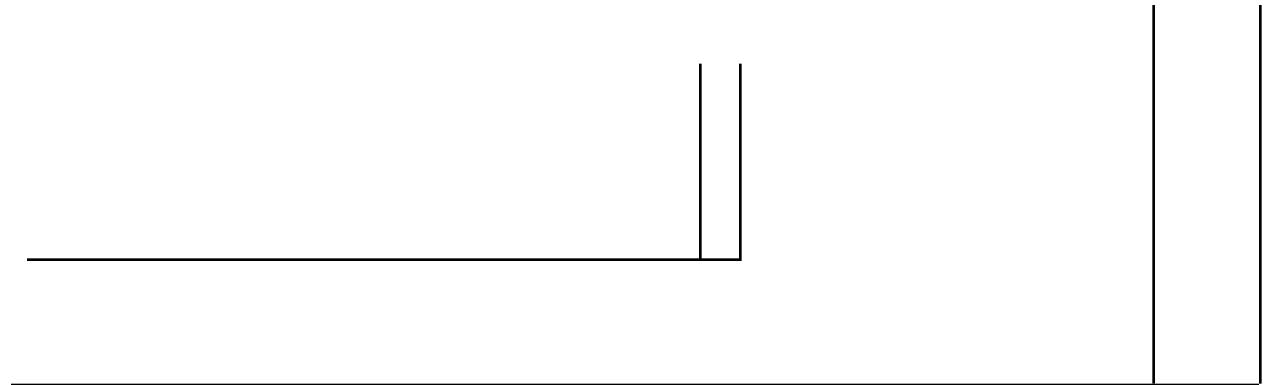

Mark shook his head and chuckled. He was still considering how to give it. They have a lesson.

But after seeing the hosta given by Terrisa Qiu, Mark also had an idea.

These things were given to Helen Qiu from the auction. Mark didn't know the origin of these things was unknown, or the auction house called him to tell him.

"It's been a long time, I didn't expect Terrisa Qiu to still keep this hosta. It seems that the lessons of the Phaeton car last time were not enough. In that case, I will give you a long memory this time?" Mark chuckled, and then He went home.

On the way back, Mark actually received a call from Su Dollarshan.

Explain that there will be a painting exhibition tomorrow, I hope he can participate.

Chapter 544

"Mark, the painting by Zhang Daqian you bought from Babao Pavilion before will also be exhibited. After all, you bought it. I hope you can take this painting to the exhibition by then."

“I believe it. The display of this painting will definitely make a sensation in Wrillfill’s calligraphy and painting circles at that time!” “After all, in Wrillfill, there has not been a master Zhang Daqian’s work for many years.”

“And your name, too. Together with that painting, I left a strong and colorful stroke in the history of my Wrillfill painting exhibition.”

Su Dollarshan was so enthusiastic that he invited Mark kindly.

However, Mark was not very interested. After all, he didn’t have much research on calligraphy and painting. Before, he could see that Zhang Daqian’s imitation was completely dependent on the magic of the Yundao Book.

Therefore, he refused to go back to the countryside to visit his mother tomorrow.

After hearing this, Su Dollarshan sighed regretfully: “All right, since you don’t have time, then forget it. After all, Baishan’s filial piety is the first, and it is important to visit your parents.”

, I will go to visit your mother with you, and at the same time just talk about your marriage with Cici...”

Hearing this, Mark staggered, almost didn’t fall to the ground, and then quickly said: “Uh, that, Uncle Su , I suddenly remembered that my mother’s birthday is on the lunar calendar, and I made a mistake, so I won’t go home tomorrow. The art exhibition, when will it be held and where will it be, I must go tomorrow, I must go~”...

After a long greeting, Mark hung up the phone and let out a long sigh of relief.

Fortunately, the prevarication passed. Otherwise, if Su Dollarshan really wants to go with him to see his mother, would he really not know how to end it in the future?

It was a trivial matter that the lie was exposed. What Mark was worried about was that Su Dollarshan would rely on him again and let himself marry his daughter. Mark was afraid that he would have nowhere to cry.

Although Susie was in good condition, neither her appearance nor her figure, Susie's temper and Mark couldn't stand it.

If you really marry such a wife, how will you suffer for the rest of your life?

"Helen Qiu, Helen Qiu, look at the problem you gave Master~" Mark gave a bitter smile.

After all, if it weren't for Helen Qiu to accompany Su Qian to act in front of Su Dollarshan, Mark wouldn't be worried by Su Dollarshan now.

Mark returned home soon.

However, when Mark just opened the door and was about to enter the house, who could have thought that a fragrant wind rushed over his face, and then a tender and soft body rushed into Mark's arms, like an octopus. He hugged Mark.

With the warm fragrant nephrite in his arms, Mark could not only smell the attractive body scent on the neck of the woman in his arms, but also clearly felt the two fatal soft touches on her chest. Mark was stiff at the time.

“Sister Qiu, I miss you quietly~” “I heard that after grandpa kicked you out of the Qiu family, I came right away.”

“Grandpa is too much!” “How could he be so cruel~” Mark embraced , The little girl’s angry and tender voice came.

The voice was beautiful, soft as her body.

“You...you?” However, before Mark had time to speak, Helen Qiu’s surprised and surprised sound came from behind him.

Seeing Mark and the two holding each other tightly, Helen Qiu was blinded.

“Huh? Sister Qiu, you?” Lu Wenjing raised her pretty face at this time, and when she saw Helen Qiu in front of her, her big eyes blinked, obviously realizing something was wrong.

If the beautiful woman in front of me is my sister Qiu, then she is holding this...

“Cough cough cough~” “That, little sister, shouldn’t it get off of me!” Mark coughed a few times and smiled helplessly.

Immediately afterwards, a flush of redness flashed to the brows.

Then, a sharp cry resounded through the clouds.

“Ah~” “Bad boy, you rascal~”

Chapter 545 – 546 of A Dish Best Served Cold Novel

Chapter 545

When Lu Wenjing realized that she was holding a big man at this time, her pretty face turned red as if it was burning.

You know, when she grows up, apart from her parents, she has never had skin-to-skin touch with any opposite s*x, let alone embrace so close as she is now.

“a*shole, rascal~” Lu Wenjing’s eyes were red at the time, and she kept reprimanding Mark.

Mark was also helpless.

What did he do?

He didn't even move.

You rushed to it yourself.

At this time, Lu Wenjing had already ran into Helen Qiu's arms, seeking comfort.

Until this time, Markfang could carefully look at the girl who suddenly appeared in front of him.

I saw the girl in front of me, wearing a short black skirt, a small white shirt with a round neck, and a small pink tie on her chest, plus those small black leather shoes on her feet. , A dress is like a beautiful girl from anime, and the Japanese style of dressing is even more sweet and pure.

"Huh, bully my sister, I'll clean up you at night~" Just when Markzheng wondered who this girl was before her eyes, Helen Qiu gave Mark a cold stare, and then took Lu Wenjing in.

"Sister?" "Where is this younger sister?" Mark was puzzled.

Why are there so many inexplicable relatives recently, and just sent away Han Hai and them, here's another one?

“However, this sister of Helen is a little bit loli-like~” Later, after Mark asked, he realized that this Lu Wenjing was the daughter of Aunt Helen Qiu’s family.

Father Qiu was pregnant with five boys and one girl. Lu Wenjing’s mother was naturally Melson’s sister.

Helen Qiu loved her little cousin Lu Wenjing very much.

When Lu Wenjing was a child, she often came to the Qiu Family to stay temporarily. Although there were many older sisters in the Qiu Family at that time, Helen Qiu was undoubtedly the one who bothered Lu Wenjing the most.

Later, as they grew up, the two met fewer and fewer times, but the friendship they had when they were young has not diminished.

This is not today. As soon as Helen Qiu learned that her little cousin was here, she couldn’t take care of her work, so she asked for leave and rushed over.

Because the time is almost the same, this is why Lu Wenjing regards Mark who opened the door as Helen Qiu.

“Sister Qiu, the gangster just now, isn’t it the son-in-law you married?”

“Oh my God~” “My sister Qiu is so beautiful, why did she marry someone like this in the end?” “Sister Qiu, I really feel sorry for you.”

In the room, Lu Wenjing chatted with sisters Helen Qiu day.

Helen Qiu smiled faintly: "Quietly, in fact, your brother-in-law is a good person."

"Okay, let's not talk about it. You girl, don't go to school, why are you here for me?" Buying so many things, you make money so much, you don't know how to save."

While talking, Helen Qiu stretched out her finger and gently scratched the tip of Lu Wenjing's nose.

Lu Wenjing suddenly pouted her mouth and said, "Sister Qiu, am I still worried about you?" "I heard that you were kicked out of the house by your grandfather, and grandfather also forbids any relatives to help you."

"I'm worried. , Came here."

"Sister Qiu, are you doing well now?" "Do you still have rice at home?" "Can you still eat enough?" "My mother and them are also very worried about you, my uncle and My aunt doesn't make money. You married a husband who eats soft food. The whole family is supported by you. The Qiu family used to be able to support you, but now it's all on your own, sister Qiu, you Must be very tired?"

--	--

Chapter 546

Lu Wenjing's small face was worried, and she said to Helen Qiu with concern.

Helen Qiu smiled: "Little fool, Sister Qiu is fine."

"I'm doing well now. Go back and tell your mother, don't worry about us."

"Sister Qiu is now the big boss of the company and has a lot of annual salary. A lot of money, enough to support this family."

"No, sister Qiu, you are a lie!" However, what Helen Qiu didn't expect was that Lu Wenjing looked like a cat with blown hair after she said this. Normally, the eyes are red instantly.

"Sister Qiu, you didn't live well, you didn't live well at all."

"Before you were such a person who loves beauty, you see you are not willing to buy cosmetics now."

“I saw it just now, your dresser The cosmetics on the website have been used up for a long time.”

“Also, my aunt said, your TVs have been broken for a long time, so you don’t want to buy new ones.”

“Before you were so exquisite and so particular, and now you are wearing them I bought clothes on the side of the road.”

“Sister Qiu, you are not doing well, not at all.”

As he said, Lu Wenjing burst into tears.

Perhaps, she really felt sorry for Helen Qiu.

Helen Qiu did not speak, but gently helped Lu Wenjing wipe the tears from the corners of her eyes.

“Quietly, your sister Qiu is really fine.”

“Happiness doesn’t necessarily mean wealth, doesn’t it?” “Now your sister Qiu may not have much money, but she can live a good life.”

Helen Qiu smiled lightly. Then, there is warmth in my heart, but also an inexplicable sorrow.

She also didn’t expect that their family was now down to the point where her sister was pitiful.

Helen Qiu had always had a strong temper, and it was naturally uncomfortable to feel pityed by others.

“Sister Qiu, don’t talk about it anymore.”

“Happiness does not necessarily mean wealth, but poverty does not mean happiness.”

“My mother asked me to bring you this money. I hope it can relieve your coal burning urgency.”

In the meantime, Lu Wenjing took out a lot of cash from her schoolbag and handed it to Helen Qiu.

But with Helen Qiu’s temperament, how could it be possible to accept it.

“Quietly, I can’t ask for the money.”

“If you don’t take it back, I’ll be angry.”

After all, Lu Wenjing couldn’t hold back Helen Qiu, so she had to collect the money.

During the meal, Sherry Han and his wife asked Helen Qiu about his work again and asked them when the company’s salary was paid.

Helen Qiu only said that it was coming soon.

But Sherry Han and his wife could clearly hear how lack of confidence in Helen Qiu's words.

"Helen, if you want me to say, you'd better change your job."

"Your company is not reliable."

"I passed by your place today. There are not many employees, and they look lifeless."

"This is a new company. Is it what it should be?" "I guess it will close down in a few days?" Hearing this, the worry on Lu Wenjing's face became more serious.

He once again said that he asked Helen Qiu to accept the money. Of course, Sherry Han and his wife would not refuse to come, but Helen Qiu still insisted not to accept it.

Helen Qiu is a strong person, she doesn't like this feeling of being sympathized by others.

Lu Wenjing also had no choice but to find another way to help her sister Qiu.

Chapter 547 – 548 of A Dish Best Served Cold Novel

Chapter 547

Early the next morning.

After Helen Qiu finished breakfast, she went to work at the company.

Now that the approval cannot be completed, she must think of other ways.

Otherwise, their company would have to be dragged to death if it was dragged so much!

And shortly after Helen Qiu left, Mark was also ready to go out.

Today, I have arranged to participate in the Wrifill Painting Exhibition. Since the answer to 9d59f42e is Su Dollarshan, he naturally has to go.

However, who would have thought that Mark was stopped by Helen Qiu's little cousin just as he was about to leave.

“Your name is Mark, right?” “You are a big man, let your wife raise him, don’t you feel guilty?” “Why don’t you go out to make money?” “I really look down on you men who eat soft food!” “Others In the family, men are responsible for making money and supporting the family, and women are responsible for the beauty and beauty. But you?” “Don’t talk about raising the family, but you still eat my sister Qiu, drink my sister Qiu, and drag my sister Qiu!” Look Lu Wenjing said angrily with her small waist in front of her sister Qiu’s husband.

That angry look is really cute.

Mark listened and smiled while shining his shoes: “Little sister, do you watch too many idol dramas?” “Who told you that men are responsible for making money and supporting families, and women are responsible for being beautiful and beautiful?” “On Weibo My sisters say so. They say that women are born to spoil, and it is men’s business to make money and raise a family. We women only need to dress beautifully every day and go out shopping with good sisters to enjoy life.”

Lu Wenjing is very natural. Said.

Mark asked again: “Oh, really? What else did the sisters on Weibo say?” “They said a lot. They also said that a competent husband not only needs to make money to support the family, but also wash clothes, cook and take care of the housework. After all, a woman’s youth is very short, how can we waste time on things like this, and a place like the kitchen is very harmful to women’s skin, and it is easy to get old.”

“Moreover, the sisters on Weibo also said, Women suffer so much when giving birth to a child. It is only natural for a child to follow the woman’s surname. If a man disagrees, it means he does not love you and should

be divorced.” “And those sisters also said that they would find a husband in the future. The annual salary must be more than 500,000 Dollar. Being poor is not qualified to have a wife.”

“After marriage, we can’t interfere with our women’s lives, let alone stop us from hanging out with our male girlfriends. Making friends is our freedom, and you men have no right to interfere with our lives.”

Lu Wenjing said incessantly, and finally even said Mark was also measured by this standard.

“Look at you, none of you meets the conditions mentioned by the sister on Weibo.”

“You can marry my sister Qiu, you have to say that you have gone through eight lifetimes of shit luck!” Lu Wenjing said angrily .

After Mark listened, he shook his head and smiled.

I thought that these online feminist b*tches are really harmful.

Even Helen Qiu’s little cousin was poisoned.

“Quietly, listening to your brother-in-law’s words, don’t talk to your sister on Weibo anymore.”

“They are poisoning you.”

“Believe it or not, if things go on like this, you will be destined to be unwanted in the future. “Don’t look at them as the godfather of life on the Internet. In reality, they are probably just factory dogs working in the electronics factory.”

“It’s just to fool you little girls who are not sound.”

Markqing After a laugh, he didn’t chat with Lu Wenjing anymore, opened the door and left.

Chapter 548

“Hey~” “You come back!” “I haven’t finished speaking yet?” “Are you going to find a job and make money to support your family?” “I’m so angry~” Lu Wenjing shouted angrily, but Mark said nothing. He walked away without looking back.

But Lu Wenjing felt more angry the more she thought about it.

Wasn’t Mark out of work? Why would he be anxious to go out in broad daylight?

And he didn’t leave early or late, but he didn’t leave until his sister Qiu went to work.

--	--

Could it be that Mark didn't tell my sister Qiu to do some shameful things secretly?

"No, I have to help Sister Qiu stare at him!" "I want to see, what is Mark doing outside work during the day?" Soon after Mark left, Lu Wenjing put on shoes and followed all the way. Mark.

Mark walked all the way, and Lu Wenjing quietly followed behind.

And a few minutes before Lu Wenjing followed him, Mark stopped and looked back.

Upon seeing this, Lu Wenjing quickly hid.

"This Nizi, still follow me?" "See when you can follow?" Mark smiled slyly, pretending not to see it, turned around and continued on the road.

"Huh~ Fortunately, I was not found."

Lu Wenjing breathed a long sigh of relief, and then continued to tiptoe to follow up. I thought Mark was not far away, but then Lu Wenjing found out that he was wrong.

This Marksheng walked for two hours, walking from the east of Wrilfill to the west, almost exhausting Lu Wenjing.

“This guy, will you die if you take a bus?” Lu Wenjing was speechless. If she had known Mark had walked so far, she wouldn’t be able to follow him on foot if she had been killed, and her leg would almost break.

However, Lu Wenjing finally knew how poor Mark was.

Reluctant to take the two Dollar bus?

As expected from the country!

When Lu Wenjing was resting around the corner panting, Mark didn’t blush, his heart beats, and he didn’t even sweat. He walked directly to the Wrilfill Art Museum in front of him like an okay person.

Mark was used to it.

To him, walking is like exercising.

So if there is no emergency, Mark would usually choose to walk, even if the destination is far away.

It’s just that the poor little Lori Lu Wen is quiet. This little girl was born in a rich township since she was a child. She was picked up and picked up at school. She had never traveled this far in her life.

Naturally, his physical fitness was incomparable to Mark, and he was almost unable to walk when he was tired.

However, what Mark didn't expect was that this little Nizi could still persist.

Before arriving at the art gallery, Mark contacted Su Dollarshan.

"Uncle Su, I'm here, where are you?" "Hahaha, Mark, be there right away, be there right away!" Su Dollarshan seemed extremely pleased after receiving Mark's call, and after a few answers, he immediately hung up. phone.

A few minutes later, a beautiful and graceful figure came over.

"It's weird, isn't it at the door, how about my dad and others?" This woman is a famous brand, and the platinum necklace between her neck makes her look more noble and charming. She is carrying the latest lv bag this year, like a wealthy man. Miss dress up.

I don't know how many people have gotten to talk up along the way.

However, just as the woman looked around, the next moment she met Mark's gaze.

A 7faf3401 time, sparks are everywhere!

"Su Qian!" Mark was startled.

Susie also exploded immediately, exclaiming in surprise: “Mark!” “Why are you bastard here?” “Damn, I’ve been so bad for eight lifetimes, I can meet you everywhere!” “I know, You must be the one who followed me here.”

“Say, what is your intention?” “Are you looking at this lady and wanting to pester me?”
