

Chapter 411

Zhang Xiaoyan was forcibly guarded by a few girls. Those in the so-called Flower Protection Alliance were very overbearing and kept insulting Qin Ming. Although they only met Qin Ming for the first time, they looked like a feud and didn't know how they were stimulated. ?

“Qin Ming, if you want to be an individual, don't harm our girls from the University of Science and Technology.”

“The evidence is solid, and there is still video on the Internet.”

“Liars playing with emotions, we won't leave it alone.”

“Science and Technology University Flower Protection Alliance, rush rushing.”

Zhang Xiaoyan feels that these schoolboys are too naive, and their emotions are so extreme that they can't understand them, like some brain fans on the Internet.

Some of her fans will also attack ordinary netizens for no reason, and look like they are protecting her. In fact, it has caused Zhang Xiaoyan a lot of trouble and tricks.

Qin Ming is actually not in a good mood these days. He originally invited Zhang Xiaoyan to eat together and planned to tell her what was going on. But when he encountered these people entangled, his clay figure was still three-way angry.

He said: “Enough, juniors and sisters, don't go too far, I'm going to be angry.”

Zhang Xiaoyan also scolded: “Yes, what are you doing nonsense? Be careful. I tell the teacher, I don’t know anything. If I was instigated by a few sentences, I thought I knew the world, and I didn’t know that I was being used as a gun.”

Zhang Xiaoyan pushed away the girls and pulled Qin Ming’s hand to leave quickly.

“Ah! Senior sister Xiaoyan.” A junior boy clenched his fists angrily: “Damn, what is so good about that Qin Ming? Senior sister Xiaoyan is such an excellent female anchor, but I am a fan of her, but I am close. She has no courage.”

“Senior sister must have been bewitched by Qin Ming’s language. I heard that this Qin Ming has a very good brainwashing ability.”

“Should we inform Senior Sister Xiaoyan’s family? Said that Senior Sister Xiaoyan is in danger and is being pestered by a scumbag.

“No, we want to expand our flower protection alliance, let more people know about our existence, and let more first-year students know the true face of Qin Ming’s Lushan Mountain, otherwise Qin Ming will make sophomore, junior, and senior What if the four most beautiful girls have been cheated, what should I do to cheat the freshman students again?”

“Yes, everyone is responsible for protecting school girls.”

“No, let’s listen to what the group leader says.”

Someone suggested to listen to the opinions of the group owners first, take out their phones one by one, and ask if they want to make things bigger, anyway, they are idle when they are idle, and they really can’t understand Qin Ming’s poor sex, occupying one beauty after another. They are still playing bachelors.

At this time, in the conference room of a certain university volunteer club, Li Meng's mobile phone made a sound of information.

She picked up her mobile phone and logged into the WeChat group, and saw that a group of juniors and sisters in the group were leaving messages asking her not to make things bigger.

Li Meng's mouth raised a frantic smile, and his slender fingers quickly typed: "Of course, this is a very meaningful activity. You have also seen the content on the school website. Are you willing to watch so many girls suffer from Qin Ming? Bad hand? Brothers and sisters, we need to grow up and form an anti-Qin Ming alliance to save the girls who were deceived and deceived by him. Your achievements will become a story to be celebrated by our Polytechnic University."

After Li Meng finished typing, he calmly tapped his fingers on the table, resting his chin, thinking about something.

I haven't seen him for a few days. Li Meng has joined the school's volunteer club. Different circumstances have also brought about a change in Li Meng.

Her temperament has undergone tremendous changes. The naivety and innocence faded from her face, replaced by introverted and mature.

Coupled with Li Meng's eighty-point appearance, her curvy figure, in this volunteer community, properly stand out from the crowd.

However, the influence of the volunteer community is not strong enough, but it makes Li Meng go to the other extreme.

She no longer expresses her dissatisfaction for the poor and loves the rich easily, and she will not express her heart straightforwardly. Here, she has learned to put on a mask to hide her true self.

Li Ming knocked on the table and muttered to himself: “Hmm, Qin Ming, Qin Ming, you can’t escape from my palm. I found out, you must be hiding some secret, but I have always been You didn’t find out because of your stupidity. You are actually quite capable. You can solve problems every time you encounter problems. The circle of friends you have met is getting higher and higher. There is no secret behind this. Who believes?”

“In the end, I became the son-in-law of the Mu family, but I know very well that you are a man of affection. The superstitious marriage of the Mu family can not restrain you. After all, he is the only man who has slept with me. I can still Don’t know you?”

“You were originally my man. I stupidly abandoned you before. I will snatch you back later. This time I won’t expose my ugliness easily. Now I’m a volunteer, and I’m completely reborn.”

Li Meng muttered to himself here, his face a little distorted, he seemed to be angry that Qin Ming had been hiding too low-key.

“Li Meng...” Suddenly, a school worker from a nearby school came over with a document and said, “This is the list of widows and widows to be helped next time. Please plan the activity plan and content.”

Li Meng immediately put away the emotions on his face, showing a warm smile, tilted his head, and said in the sweetest voice: “Well, yes, sister Liu, leave it to me.”

Sister Liu, the school worker, smiled: “Oh, we, Li Meng, are really caring. Nowadays, young college students like you don’t like to do this. They have no money and are tired. Sometimes they are not understood and no one know.”

Li Meng smiled and said: “Sister Liu, I also want to do some good things for the community. I don’t want to spend money, I don’t have a picture, I just want to be satisfied.”

Sister Liu, the school worker, gave a thumbs up and said: “We Li Meng is more beautiful than a real person.”

After Sister Liu left, Li Meng's smile faded, picked up her mobile phone and looked at the information in the group. He saw that the younger brothers and sisters in the group had spontaneously organized to attract more people and wanted to make things bigger.

She looked at the photos sent by people in the group, and saw that Qin Ming and Zhang Xiaoyan were mixed together, and her brows suddenly frowned.

Li Meng cursed viciously: "Zhang Xiaoyan, you are green tea! She obviously likes Qin Ming, and she pretends not to like it, huh, why don't you sell it if you are so profuse? You have been raised by local tyrants a long time ago? Reward, do you have so much money if you don't sell the ghost letter?"

Li dreamed and called Qin Ming again.

Qin Ming was having a meal with Zhang Xiaoyan in the dining hall. Seeing Li Meng's call, he hesitated or answered, and said, "What's the matter?"

Li Meng said in an anxious tone: "Qin Ming, no, it's not good. I just watched the school network forum. It seemed that many people said they wanted to target you, saying that you were arguing about you. Although I and we had some conflicts before, I also know. , You are actually not that kind of person, but those people talk nonsense like this."

Qin Ming's heart moved, is this Li Meng caring about him?

This is really rare. When the two were in love, Li Meng was less concerned about him. After the breakup for so long, Li Meng suddenly cared about him, so he couldn't get used to it.

Qin Ming said: "I know that a small group of people are doing trouble here. Thank you for your concern, I will be fine."

Li Meng still worried and said, “No, Qin Ming, I have a suggestion. I want to help you. Why don’t we get back together?”

Chapter 412

Qin Ming spouted out the soup, what the hell? Li Meng wants to get back together again?

Qin Ming’s first reaction was, is she lonely?

However, he always vaguely felt that there was a problem, and asked: “Li Meng, what are you going to do?”

On the other end of the phone, Li Meng said aggrieved: “You have helped me so much. I also want to help you and repay you. I understand why you asked me to volunteer. It turns out that helping people can really gain happiness and satisfaction. I just want to help you. What can I want to do?”

“I mean, we are pretending to be reunited, and then we high-profilely promote our identity, then these so-called flower protection alliances will naturally disperse, and you will not have so much trouble.”

“Have you left the Mu’s house? Not yet, or why would Mu Sichun come back to bother you? Those women yesterday should be Mu Sichun’s friends too?”

“Qin Ming, don’t you love Nie Haitang? The Mu family is obviously a pit. They use you to tell people what horoscopes and fortune telling are all deceptive things. That old way of life still counts me as rich and wealthy. As a result, What? I’m not an ordinary person yet?”

When talking about the wealthy and wealthy wife, Li Meng angrily hammered her thigh twice again, she regretted it.

Why was she so stupid at the time? What an idiot? Then can't be a man? Wrong team? A very simple woman, she almost became the wife of a wealthy family.

However, it didn't matter. She analyzed Qin Ming's past, and she concluded that Qin Ming must have hidden secrets, and she must unearth Qin Ming's secrets.

Li Meng's mouth raised a smug smile, then took a deep breath, changed his emotions, and continued: "Mu Xiaoqiao is not just a passer-by in your life, Qin Ming, I also look away. I wish you all. You and Nie Haitang, I believe you will be able to overcome all difficulties together."

"But now that you encounter this kind of thing, didn't you let Nie Haitang misunderstand? What would she think of you if she knew it?"

What the hell? Li Meng would actually bless him and Nie Haitang?

After a few days of volunteer work, Qin Ming felt that Li Meng had indeed changed a lot.

Is she letting go of the past and is willing to be a person again?

Qin Ming thought it was pretty good. Li Meng was his first love after all, and they had been happy before. He didn't want to think of Li Meng in the future and he would be left with nausea.

He said: "Li Meng, I appreciate your kindness. But these things won't affect me, I can solve them by myself. If it's okay, you can go ahead."

Qin Ming hung up the phone, and Zhang Xiaoyan was actually listening to her. She immediately wentSSIP and said: "What's wrong? What's wrong with Li Meng?"

"Seeking compound." Qin Ming said.

Puff, Zhang Xiaoyan spit out a mouthful of rice, and said angrily: "She is really shameless. I heard that she owed a lot of gambling debts during the summer vacation, or did you help pay it back? I think of you again? I laughed at you at the beginning. It's really irritating."

Qin Ming said with a smile: "I think she is kind enough to help me deal with these flower protection alliances, but she doesn't need it either."

Zhang Xiaoyan's heart moved and she immediately said, "That's right, if you want to find someone to be a fake couple, which round will you get her? I'm good enough."

Qin Ming immediately said, "How can you do it, you are a famous female anchor, and your reputation is very important to you. Are you afraid of losing followers?"

Zhang Xiaoyan said: "I don't care. I have already made the first pot of gold in my life through live broadcasting, especially the "Qin Ming who is not a forensic" local tyrant who has rewarded a lot of money. Although he hasn't paid attention to me recently, I believe he must be silently guarding me."

When Zhang Xiaoyan said this, she looked at Qin Ming intentionally or unintentionally.

She had peeped at Qin Ming's mobile phone and knew that her number one fan was Qin Ming, but Qin Ming still refused to admit it.

Qin Ming felt that there was something in Zhang Xiaoyan's words, but he couldn't find evidence.

Qin Ming said: "How big can this be, it doesn't have to affect your live broadcast career. In a few days they will see me alone, alone, and they will naturally stop."

Zhang Xiaoyan flattened her mouth cutely, and said, "You can be a single movie? This seems a bit difficult. Hey, by the way, there will be no class tomorrow morning. I have an outdoor live broadcast. How about you being an assistant for me?"

Qin Ming agreed without thinking about it, and it was considered a proper relaxation activity, anyway, he wouldn't be on the scene.

Zhang Xiaoyan clenched her fist and raised it happily, and said, "Okay, it's a deal. Haha."

After eating, Qin Ming came to the library to read. As the heir of the World Century Group, Qin Ming felt that there was still a big gap in his level, so he wanted to continue studying.

Coincidentally, Chen Muling also came to the library to study. Seeing Qin Ming who was immersed in reading, she inexplicably remembered chatting with Qin Ming yesterday, and chatting very happily.

The boys who pursued her didn't boast about how much money they had or what grade of cars they had, which disgusted her. Qin Ming was the only boy who could talk to her about learning.

"It's just that he is a scumbag guy." Chen Muling secretly shook his head, and said: "You are still reading here leisurely. The Qin Alliance is about to come out, and you don't want to deal with it. Tsk, should I remind him?"

Chen Muling hugged the book, suddenly turned her head proudly, and hummed: "No, I must be firm this time and not make any more mistakes."

However, after Qin Ming studied at ten o'clock in the evening, Chen Muling threw a ball of paper to Qin Ming when he was still leaving, and comforted himself: "I don't care about him, he saved me after all. In humanitarianism, remind me. She wants it."

When Qin Ming was reading a book, someone suddenly dropped a note and opened it to read the neat and beautiful block letters. Few people still have a good hand these days.

Qin Ming looked back and found nothing unusual. He muttered, "It looks like a girl's character, what the hell is it? The Qin Alliance has been established, so be careful these days."

Qin Ming's entire "black question mark" expression said: "Invert the Qin League? What does it have to do with the Flower Protection League? Did Yuan Longping let these people eat too much? It's full of food all day long and messes up everywhere."

Qin Ming didn't care, there was Aaron close by his side at any time, what was he afraid of?

But on the next day, Qin Ming regretted it. He really underestimated the situation this time.

Without a word for a night, Qin Ming did a little dress up the next day. After all, he was going to be on TV and couldn't lose face to Zhang Xiaoyan.

He wore the only brand-name suit and came to the school gate.

And Zhang Xiaoyan also dressed up in the dormitory, wearing a set of two-dimensional loli costumes that fascinated the Internet otaku. She was actually a little excited. Although it was said that Qin Ming could help her as a live broadcast assistant, she had a small plan. After the live broadcast was over, she asked Qin Ming to go shopping for dinner and watch a movie.

Zhang Xiaoyan looked in the mirror, with the same breast-filled figure and face, as well as a small man, this dress is simply an otaku killer.

The girl in the same dormitory smiled and said, "Yo yo yo, our Xiaoyan is so beautiful today, isn't it?"

Another girl said: "Outdoors, this day, it's not easy."

Zhang Xiaoyan smiled: "There is no way, now the outdoor fire has to be heated, it doesn't matter whether it's in the sun or not. Let's go."

"Bye." Both women waved their hands friendly, and then looked back at Li Meng in the upper bunk opposite Zhang Xiaoyan. She had been looking at the phone.

The girl said: "Li Meng, you really don't make up with Xiaoyan? You used to have a pretty good relationship. Why did you become stiff because of Qin Ming?"

Li Meng smiled naturally: "Who said that we have a bad relationship? I'm just busy, you think too much. Qin Ming is already in my past tense. I admit that I was not mature enough before, but I won't be because of Qin. Ming was jealous of being with her."

A girl was surprised: "What? Qin Ming soaked Xiaoyan? Oh my god, how did Qin Ming chase Xiaoyan?"

Li Menghao smiled, raised his phone and said, "I don't know when. Look, it's all said on the school network forums, and there are photos of them holding hands."

"Let me see..." The two girls immediately turned on their computers and followed the contents of the school net forum.

Li Meng turned her face away, her smile disappeared immediately, and then she turned into a jealous ferocious. She firmly squeezed the phone with her hand, and then immediately typed in the group, saying: "Students, today's success or failure lies in this. Zhang Xiaoyan has been harmed by Qin Ming, show your masculinity and protect the innocent girls of the University of Science and Technology."

"Okay! The group leader speaks, knock down a small team of Qin League, and set off."

“Invert the second team of the Qin League and set off.”

“Invert the Eighteenth Squad of the Qin Alliance and set off.”

Chapter 413

Li Meng quietly followed out of the dormitory and followed Li Meng.

Along the way, she vaguely saw the members of the Qin Alliance. They spontaneously organized a lot of people in the school, in groups of three to five, and set off today to find Qin Ming trouble.

“Hmm, as long as your reputation is ruined, no woman will dare to approach you. I will appear next to you as a perfect woman, comfort you, give you gentleness, hahaha... the man I want will definitely be Grab your hand.” Li Meng laughed triumphantly in her heart. She propped her forehead with her hand, her hair slipped, so that people could not see her triumphant expression.

Li Meng looked at Zhang Xiaoyan’s back and sneered: “Zhang Xiaoyan, don’t you just have a big chest, what are you fighting with me? Am I worse than you? Pooh.”

Qin Ming didn’t know this, didn’t care, stood at the school gate and waited for Zhang Xiaoyan.

He saw Zhang Xiaoyan, a black loli dress, curly hair, carrying a small satchel, and a character coming out of an animated animation.

Qin Ming asked: “Where to go live today?”

Zhang Xiaoyan said: "You can go wherever you go, or where you want to go. In fact, I don't know much about outdoor live broadcasts. It's all fans' requests. I just want to cooperate and go to some fun places and sing a song. A dance."

Qin Ming said, "Are you not being a routine? What if you want to be ambushed by fans?"

Zhang Xiaoyan stuck out her tongue and said playfully: "Am I still there with you?"

Qin Ming laughed, "Well, let's go."

When Qin Ming was about to leave, a dozen men and women suddenly rushed out of the road. Some wore masks and red bands. They shouted slogans: "Take down the scumbag Qin Ming and protect our school girls."

Wipe away!

Qin Ming was taken aback. Why did so many people suddenly jump out to hit him?

Zhang Xiaoyan was also very surprised. She said: "Don't go too far, just don't go too far."

"Senior sister, are you being threatened and have a handle in the hands of this scumbag Qin Ming? Don't worry, say it, we will protect you."

"Senior sister, let's have a snack. This person is really a scum, school flower harvester, he is just playing with you."

"Qin Ming, let go of Senior Sister Zhang."

“Senior Sister Xiaoyan, he wants your money. You are the beauty anchor of the seafood station, so he just likes your money.”

“This Qin Ming is a broom star, isn't it? To whom is it unlucky? The previous Li Meng was unlucky, then Nie Haitang was unlucky, and then Bai Yuchun's mother died. Zhang Xiaoyan, you have a snack.”

“Isn't this poor girl being mixed up with money that lied to the woman? Nie's family went bankrupt and was cheated by him. I heard that it was tens of millions.”

“I heard that when he dumped Nie Haitang, Nie Haitang had been in his stomach for two months. He was really a scumbag.”

“His ex-girlfriend Li Meng is not worse, but also forced to have an abortion.”

“The girls from the Chinese Opera Academy next door I watched yesterday were even worse. I slept in the room the night before and broke up the next day.”

Outrageous, simply too outrageous, Qin Ming had to admire the Internet forums, some of the imaginary things, they can all be straightforward.

Qin Ming said with a stern face, “What? Are you still controlling my personal freedom?”

Zhang Xiaoyan also said: “Who are you bewitched by? Qin Ming has never done those things, don't you...”

Qin Ming frowned and realized that something was wrong, it was so powerful.

He took Zhang Xiaoyan to go first, and it would be chaotic later, but it would be no good for Zhang Xiaoyan to be injured.

But on the other side of the intersection, another group of people rushed out, about fifteen or six people, also wearing red ribbons, stopping the two of them, shouting the title of knocking down the scumbag Qin Ming.

Didi, Qin Ming's cell phone rang at this time, and Aaron said, "Master, I have packed more than twenty. I will do the rest, or will you leave the master to show your hand in front of the girl?"

Qin Ming's face turned dark, but you got it all done sooner, and left him to show his hand in front of the girl?

He shows a fart, and he doesn't soak Zhang Xiaoyan.

Qin Ming said: "Let Xiaoying fly over by helicopter."

Qin Ming felt that these people were too exaggerated. Counting Along's work, there were more than fifty people. This is not a small group in the school.

Zhang Xiaoyan took Qin Ming's arm anxiously, and said, "Qin Ming, what's the matter? What should we do? Or, let's not do today's outdoor live broadcast?"

Qin Ming said, "How can I do it? If I didn't do it outdoors, wouldn't it be what they wanted? Ask me to say that this group of Qin alliances are all mobs, and it's useless at all. I just do it casually. Love sent them away."

"Pretend to be forced!" The people who fell Qin Alliance heard this and were very upset.

"He just wants to pretend to be forceful in front of the girls. What do you have for you to eat soft food?"

“Zhang Xiaoyan is a well-known female anchor on the seafood station, with more than 100,000 yuan a month, don’t you eat other people’s soft rice?”

Zhang Xiaoyan was anxious, and distinguished: “Qin Ming hasn’t! Qin Ming himself is very rich.”

However, the voices of these schoolchildren were louder, completely overshadowing Zhang Xiaoyan’s voice: “Down with the scumbag Qin Ming!”

Li Meng looked at Qin Ming and Zhang Xiaoyan who were unable to advance or retreat from a distance, and said triumphantly: “In the school, the only girls who have a good relationship with Qin Ming are Zhang Xiaoyan. I have bewitched a few idiots and waited to take advantage of the chaos and deal with Zhang Xiaoyan’s face. If it goes well, Zhang Xiaoyan will not interact with Qin Ming again after today.”

“On the Mu family’s side, I kept using Nie Haitang to stabilize Qin Ming, so that Qin Ming should not miss Mu Xiaoqiao.”

“In the end, Qin Ming, who became a lonely family, rescued and embraced my tenderness, ho ho ha ha ha.”

Li Mengxie’s sneer, poking his ears and temples, waited for the situation to develop in an uncontrollable direction.

Qin Ming looked at these so-called “Inverted Qin Alliance” people and said, “Classmates, you are where we go, where do we follow the rhythm?”

“Yes, it’s wrong to beat people, and we won’t beat you either, but we will use our methods to protest, so don’t you feel sick?”

“Unless you leave our polytechnic girl, otherwise we will not give up.”

“Senior sister, add a WeChat... hehe, that’s right, Qin Ming, you are a scumbag, and you are obviously not satisfied with so many girls. I am so envious...hehe, people and gods are angry.”

“Qin Ming, if you want to be an individual, go back and take care of it. Xiaoyan belongs to all of our fans.”

Zhang Xiaoyan gritted her teeth and pointed to the so-called fan and said, “Classmate, please take off your fan. I don’t need a fan like you.”

Qin Ming said amused: “It will be done, we will do outdoor live broadcast, you follow, if you can follow, just come.”

“Hahaha.” The younger brothers and sisters laughed arrogantly.

“What’s the problem with this? We even have the car ready. Can you escape? Will you still be unable to fly?”

“The car is coming!”

Then several broken vans drove to the roadside of the school gate immediately.

Qin Ming raised his hand, pointed at the top of his head, and said, “The opportunity is here.”

Suddenly...

The students of the Qin Alliance were laughing, and suddenly they heard the sudden sound of a helicopter above their heads. Their hair was messed up by the wind, and their smiles gradually stiffened.

The helicopter arranged by Song Ying stopped directly at the gate of the open school!

This, this is against the rules, right?

After the gust of wind stopped, a red carpet was spread out directly to Qin Ming's feet.

The students of the Qin Alliance were dumbfounded. What happened? This helicopter belongs to Qin Ming?

Qin Ming very gentlemanly took Zhang Xiaoyan's hand and walked towards the plane, not forgetting to turn around and said: "Yes, we are going to the Bund for live broadcast. If you can follow, please follow."

Qin Ming got on the helicopter and disappeared in front of everyone in the blink of an eye.

"..." Long after the helicopter left, the scene was still quiet. This change was too sudden. Everyone thought that Qin Ming would set off by car. Who would have thought that he would take a helicopter?

Half of them fell to the male students of the Qin League and cried. They were sour and jealous.

Qin Ming is simply "inhuman".

Nima, people fly a helicopter to pick up girls, can they not get it? It's not without reason that they have been single dogs for a few years.

Suddenly, a boy with tears in his eyes stood up and said: "We can't give up. We can go to the Bund to watch and stare. Our flower protection alliance will not be easily defeated. I don't believe he still has a yacht out to sea!"

“Okay!” The students regained their confidence, one by one, they boarded the crowded and dilapidated van and set off toward the Bund.

Chapter 414

Huhuhu...

A silver-black helicopter flew domineeringly over the city, overlooking the city.

Qin Ming was calm and calm. If he had money, he had to enjoy it. He just wanted to laugh when he saw the dull and unbelievable expressions of those so-called inverted Qin Alliance.

Can you keep up? Is it really easy for him to deal with Qin Ming?

Qin Ming thought, he was idle anyway, and didn't mind playing with these people.

The so-called low-key life, high-profile work, today agreed to broadcast Zhang Xiaoyan, how can you treat her badly? The helicopter was dispatched to broadcast live to Zhang Xiaoyan.

Zhang Xiaoyan is holding her mobile phone and facing the outside, interacting with the audience while broadcasting.

“Wow, I'm just dreaming. Audience friends, look at it. This is the panoramic view of Guangzhou City. It's so beautiful. Over there is our Century Mansion. Over there is the Pearl River. The water is very clear, right? Some mysterious rich people donated one billion donations to participate in activities to maintain the Mother River, and the water will be clearer in the future.”

“It’s also the first time I’m flying on a plane, and I feel so nervous. Oh, I’m a little dizzy.”

“Look, everyone, these seats on the plane are actually uncomfortable. The safety buttons are like this. There are armrests and the dashboard in the front. I don’t understand at all. Are there any audience friends who understand?”

“The one next to it? Who said it was the bad guy? He is my assistant? The last time I attended the charity party in the Century Building, everyone had met, thanks to classmate Xiao Qin that time.”

“I have said many times that this plane is not mine, it was found by classmate Xiao Qin. Did he buy it? I don’t know.”

“Qin Ming, is this plane yours?” Zhang Xiaoyan followed the fan’s question and asked Qin Ming.

In fact, I know that Qin Ming is very rich, but I don’t expose him.

Qin Ming said, “No, the plane belongs to my boss. I am now an executive of a multinational company. The boss appreciates me, so I have a little bit of power to use this aircraft.”

Qin Ming lied little.

Zhang Xiaoyan smiled cutely: “Oh~! That’s it! Audience friends, are you puzzled? The assistant is richer than the anchor series. Oh... I’m so poor that I can’t afford an assistant anymore. Poor and poor Xiaoyan everyone, Give a harpoon.”

Afterwards, Zhang Xiaoyan read the question from the netizen on the barrage: “Too fake, isn’t it? Helicopter, did you block the bullet for the boss? Just use it if you can?”

Zhang Xiaoyan was also curious. Last time Qin Ming took out a World Bank knight card and scared the robbers so hard to rob him. Qin Ming said it belonged to someone else. Doesn't this mean that Qin Ming's boss is very powerful?

Moreover, being able to borrow that kind of card as well as the ability to borrow a helicopter shows that Qin Ming is also very favored or has a high status in front of his boss.

Qin Ming smiled faintly: "Simply say everything here, and the rest are free to imagine."

The barrage soon wailed again: "Associate, you seem to have a girlfriend, right? It's pretty. Don't do anything to our Xiaoyan."

"Xiaoyan belongs to our fans, Xiaoyan begs you, she must go back to the dormitory to sleep tonight."

"This guy is a rich second generation? What is the poor ratio? The clothes he wears are peerless Sir Versace, no less than tens of thousands of dollars."

"The two-dimensional style of Xiaoyan is so cute, everyone, she is my wife."

"Brothers, I'm guarding the live broadcast room tonight. I won't be able to start broadcasting in the dormitory. It's like fucking?"

"Dear Xiaoyan, it is a tradition to go back to the dormitory and start broadcasting to prove innocence after the outdoor broadcast."

Zhang Xiaoyan looked at this barrage with a headache. Everyone regarded her as a virtual wife on the Internet. She was not allowed to spend the night outside, and she would take off her powder overnight.

Not long after, Qin Ming and Zhang Xiaoyan came to the Bund. The Bund in Guangzhou is still very beautiful. The long green roads and sea breeze cool the hot summer a lot, and you can see a piece of yachts of different sizes. .

There are a lot of wealthy people and foreigners who come and go, and it is natural that some Internet celebrities are taking videos here.

Qin Ming helped Zhang Xiaoyan fiddle with her mobile phone. She sang and danced under the shade of the trees, but she worked hard.

Moreover, Qin Ming found that there was still a gap between watching Zhang Xiaoyan on the spot and on his mobile phone. He would feel much more beautiful and realistic when he watched Zhang Xiaoyan singing and dancing on the spot.

And Zhang Xiaoyan's eye contact is to communicate with him, so that Qin Ming has a kind of, Zhang Xiaoyan's only enjoyment in performing for him.

Qin Ming was happy to watch, and secretly logged in to his mobile account to give Zhang Xiaoyan a reward, and then he brushed away gifts of 50,000 and 100,000.

He doesn't have the small money, so he has the right to support Zhang Xiaoyan.

With more rewards, the enthusiasm gradually increased, and Zhang Xiaoyan was brought to the homepage of the platform by Super Tube, and she was crazy to attract fans.

Every time Zhang Xiaoyan saw a reward, she enthusiastically called out the name of the rewarder, especially when she read the name "Qin Ming who is not a forensic doctor", she deliberately bit the word Qin Ming hard to give a hint to Qin Ming.

However, Qin Ming didn't seem to have turned the corner, and could not hear what was in the words.

After the live broadcast for more than two hours, Zhang Xiaoyan was sweating profusely, her chest was panting, ups and downs, Qin Ming was irritated by the thieves.

Zhang Xiaoyan held the phone holder and said sweetly: "Audience friends are here for today's live broadcast for the time being. We are going to eat later, and we will start broadcasting after dinner. Bye bye..."

After closing the live broadcast, Zhang Xiaoyan breathed a sigh of relief tiredly.

Qin Ming handed her a bottle of water and said, "Tired?"

Zhang Xiaoyan said: "No, singing and dancing, it's hot this day, I still wear such thick clothes, I can't stand it, I'd better talk indoors and talk about it."

Zhang Xiaoyan looked around and said, "Huh? It seems that those from the Flower Protection Alliance haven't chased them, right?"

Qin Ming said: "I don't know, Ken can navigate badly, and I can't find the way."

As soon as the voice fell, three Wuling vans passed through the greenway. After passing by, they immediately backed up.

Then a large number of people got off the bus, all sweating profusely, very uncomfortable.

Qin Ming was also depressed watching the tricycle man come down, and thought he was a crow's mouth. When he talked about Cao Cao, Cao Cao was there.

More than 30 people surrounded Qin Ming Tuan Tuan, they were hot and crowded in the broken air-conditioned van and rushed over. It was hard work. There were still people in the car running a live broadcast. Watching Qin Ming interacting with Zhang Xiaoyan, they were envious. His jealousy blushed.

“Isn’t Qin Ming able to fly? Now you fly, where you fly, we can keep up with you, we have the sacred car Wuling Hongguang.”

“Senior Sister Xiaoyan, I am a fan of Rockets who just rewarded you. My id is “Favorite Sister”. Please be sure to go back to the dormitory to sleep tonight.”

“The evidence on the school net forum is solid, Qin Ming, if you can’t escape, we won’t be easily defeated. Dozens of girls have been harmed by you, and we will not sit idly by.”

“You can go to sea if you have the ability, otherwise we will chase you to the end of the world.”

The yachts here on the Bund are the yachts that can’t be beaten for many years. Everyone knows that they are the yachts of celebrity and wealthy businessmen in Guangzhou, and there is no place for others to put them.

These students from the Qin Alliance were bewitched by others, believing that Qin Ming was a scumbag, and hooked up a girl to cheat a girl for money, but no matter how much money, it is impossible to have a yacht, right?

Paranoid, they firmly believed that the helicopter was rented by Qin Ming with fraudulent money, wasn’t it just for picking up girls and pretending to be coercion.

Then, these yachts that belonged to other people, Qin Ming could never be able to drive them, right?

However, Qin Ming took Zhang Xiaoyan towards the brand new three-layer yacht Hatres, said a few words to the younger brother who was looking after the yacht, and was about to set off.

With a width of 2057 meters and a width of 553 meters, it is already the “Big Mac” among medium-sized yachts. Although it has a width of 5 meters, it does not feel bloated in appearance. Coupled with the streamlined shape, people can't look away when they see it, and the beauty is suffocating.

The design of three decks can improve the space utilization rate of the entire ship without affecting the overall design of the yacht.

A group of classmates rushed to the wooden board at the pier in shock, and watched Qin Ming get on the boat, not knowing what to say for a while.

Qin Ming was still standing on the bridge and waving at everyone, saying: “Wait when we are tired of playing, we will go to Nanshan Manor to soak in the hot springs, do you want to follow?”

Puff, the classmates of the Qin Alliance collapsed.

Nanshan Manor is the top tourist holiday manor in Guangzhou. Known as the nickname of the rich manor, it is only a membership system.

How can they have the money to follow?

It's been all morning, all watching Qin Ming show off his wealth here, who can stand it?

“Uuuuu...Qin Ming, you beast, you also received subsidies for poor students with me last year. Why are you so inhumane this year?”

“Seriously, I'm so sour.”

“In fact, I’m just jealous of him for making so many beautiful school girls. I didn’t expect him to be so rich.”

“I’m still a virgin...”

“Scum, brothers, we can’t give up, let’s find a raft and follow it out!”

Others looked at the boy who proposed to find the raft like idiots, and cast their eyes on the mentally retarded.

On the dock side, everyone was like a rooster that had been defeated in a fight. There was no morale. Someone gave up first: “Oh, forget it. You know everything. We are just jealous of Qin Ming.”

“Yeah, why can he harvest so many beautiful girls? He is rich.”

“It’s a helicopter, a yacht, and a hot spring at Nanshan Manor. I want to be his little brother.”

“Let’s go away. It’s easier to be a keyboard man than to engage in these league teams. I’ve been tired for a day, and I just watch him show off his wealth and pick up girls.

“Let’s go, this Qin Ming has been so good, so rich, really wants to clean up us, we will not be able to bear it. Let’s go away.”

“It’s gone, I feel like I’m a fool, passionate and passionate.”

The Qin Alliance disintegrated, Qin Ming didn’t do anything, and all collapsed.

At this time, Li Meng, who was waiting for a message at the school, suddenly rang his cell phone.

She picked up the phone excitedly to see whether these people's achievements were successful or not. To be honest, she was shocked when she saw Qin Ming pulling Zhang Xiaoyan away in a helicopter!

There was only one word in her heart: "Fuck, that should have belonged to me."

However, Li Meng is not in a hurry, she wants to let her plan go on normally.

Li Meng took a look at the phone and found that she was the only one left in the group. He wondered: "Uh? Why did you withdraw from the group?"

Chapter 415

"Why are they all withdrawing from the group?" Li Meng looked at the group with no one in amazement. What about the Flower Protection Alliance that she had assembled? What happened? Are those people irritated by anything? Was all scared away by Qin Ming?

Li Meng immediately dialed a number, which was the administrator of the school network forum.

A man on the other end of the phone said anxiously, "Hey, Li Meng? I and I are busy. I was attacked by hackers. The other party is too powerful. I can't stand it. My slander against Qin Ming may have been discovered."

Li Meng cursed inwardly: "Trash."

She pretended to be worried and said, "Will you be arrested? I'm so worried about you."

The man on the other end of the phone said, "It's okay. I won't tell you if I'm caught, and it's not a big deal. Li Meng, I have done so much for you, can I date you?"

Li Meng held the phone and looked around to confirm that there was no one around, with a pitiful look, and said: "Well, as long as you can get through this time, I know you really like me, and then I will like you too."

"Don't worry, I will...Ah! Who are you? Why do you break into my office?" On the other side of the phone, before the voice fell, he heard a huge impact on the protégé.

Li Meng was taken aback. The mobile phones fell to the ground. She picked them up quickly and immediately turned off the phone. She nervously covered her guard, and blocked the administrator's number on the school network forum.

"Will it trouble me? You won't let me out, will you?"

"No, ho ho, my beauty tempted him like that, his kind of sex has been infatuated for me and fell for me, he has become my slave."

"Don't let me out, don't let me out..."

Li Meng held her hands on her head and prayed. After a while, she calmed down and muttered to herself: "Damn, who is Qin Ming? What is behind Qin Ming? Why is he suddenly able to drive? Helicopter? Is he actually a super rich man?"

Qin Ming's performance today made Li Meng almost vomit blood. It was simply too showy. In front of so many people who attacked him, he took a helicopter and left.

"Why did I abandon him in the first place? Damn Qin Ming, did he get rich and didn't tell me secretly? Then he tricked Yang Wei into approaching me, grabbing evidence of my cheating, so that he could

break up with me? Then he was a sad man who was broken up , Quickly climbed up to a rich girl like Nie Haitang?” Li Meng had an analysis in his mind, and the more he thought about it, the more he realized it was possible!

Li Meng said fiercely: “However, God helps me. I still have a chance. I will definitely have the last laugh. As the old fortune teller said, I am destined to have the luck of a rich wife. I will definitely become a rich man. Madam. Hmph, Qin Ming, you wait for me, I will definitely get you.”

This farce, Qin Ming, who had never been to the school net for ten thousand years, finally landed on the colonel net forum.

Qin Ming flipped through the content of the forum and immediately made him dumbfounded. Whatever he has to do with dozens of girls, they are all a bunch of pictures searched on the Internet, and some are not students at all. They are all messy and deliberately discredited him. False content.

Careful Qin Ming discovered that these articles were posted by those accounts, and it was obvious that someone deliberately discredited him.

Afterwards?

Of course, Qin Ming is not so generous.

After Qin Ming got on the boat, he immediately sent a message to Ao Mei, asking her to find the people. It won't work if she doesn't clean up. Some people just owe to clean up.

After Ao Mei took the shot, she locked the post's network i for almost a minute, and compromised the university network of the Polytechnic University. She also forcibly entered the room and arrested the person. The other party was just a network administrator of the school network, admitting Jealous of Qin Ming harvesting school flowers everywhere, only to discredit Qin Ming.

Ao Mei called Qin Ming to respond to the result and asked how to deal with this guy who spread rumors and smeared Qin Ming.

Qin Ming thought for a while, and said, "Call the police, don't let me see him in my school in the future."

Aomei hung up the phone and raised her mouth. She took out a bag of white powder and put it in the administrator's pocket, saying: "You are lucky and you can survive, but people have to pay for what they do."

After today, a big news broke at the University of Science and Technology. The administrator of the school network forum was arrested for taking drugs, and the various black materials that appeared on the school network against Qin Ming were also clarified by the school. They were all false content. The school issued an announcement to restore Qin Ming's innocence, and also let many people who do not know the truth know the truth. Since then, the school network forum has restored tranquility.

Even some younger students came to apologize to Qin Ming, which was unexpected to Qin Ming.

These are all things later, and Qin Ming didn't care too much.

After helping Zhang Xiaoyan from the live broadcast in the afternoon, Qin Ming found Li Meng came to him.

Li Meng, wearing a volunteer uniform, with a faint smile on his face, was sitting at the desk in Qin Ming's dormitory.

Li Meng also bought some fruits to eat for the three brothers in the dormitory.

The three brothers in the dormitory were also talking and laughing with Li Meng.

Qin Ming couldn't get used to it, because he and Li Meng had been arguing for a long time. Suddenly Li Meng became so gentle and graceful, smiling so softly. This kind of gentle smile was rare in Li Meng before.

Seeing Qin Ming, Li Meng got up to give up his position and said, "Qin Ming is back? I'm just looking for you."

Qin Ming asked, "What's the matter?"

Li Meng took out a pile of materials and said: "The University Town Joint Volunteer Department is recruiting people. I am in charge of the promotion and planning, and I have asked me to recruit more people. So I will give the man who handles it, Qin Ming, you are so If you are caring, you can also participate? You don't have to participate in every activity, you can go there when you have time. Volunteer activities are very meaningful."

Of course Qin Ming knows that volunteering is meaningful, and it's not that he has never done it.

What he was surprised was the change of Li Meng. She spoke softly and her tone was slow, giving people a kind of respect invisibly, like a serious person.

The two looked at each other, Zhao Liniu saw that the atmosphere was not right, and quickly patted the other two in the dormitory, and signaled everyone to go out first.

Shao Yong and Shao Peng wandered out quickly wearing slippers, leaving the dormitory to Qin Ming and Li Meng.

Li Meng looked cramped and shy, and said, "They, what are they doing? Qin Ming, keep the information first. You can come back if you want to participate. There is one more thing today, I'm here to apologize to you. of."

Qin Ming said, "What is the apology?"

Li Meng sorrowfully covered his hands, his eyes were filled with regret, and said: "I, I suspect that this flower protection alliance started because of me."

Qin Ming asked again: "How do you say? You planned it?"

Li Meng hurriedly shook his head: "No, no, didn't I listen to you before and participated in volunteer activities? I thought about doing a publicity on the school website, and more people joined, and then I met the forum administrator. He said he liked it. I want to pursue me. When I said that I have someone I like, he gets angry and says who it is, no matter who it is, he will ruin the other person. I was afraid and ran away."

"Later he, he didn't know where to inquire, I, I liked your message, and he posted a lot of content that discredited you on the forum."

"I'm sorry, Qin Ming, it may be because of me that you suffered unfair treatment. The forum administrator is really horrible. I said I wouldn't like him, and he still pestered me."

"Hey, I don't know what to do now? It has caused you such a big trouble. That person seems to be a bit paranoid and can't listen to others."

Li Meng's remarks were full of emotions and pitiful, really like an innocent female student being bullied.

Qin Ming said indifferently, "It's okay, that person has already been reported by me. If there is nothing wrong, you can go back..."

Before Qin Ming finished speaking, Li Meng suddenly opened his hand and threw himself into his arms, crying and said, "I'm sorry Qin Ming, I know you have worked hard, and I finally know how outrageous I was at the beginning, I'm sorry. Qin Ming, can you forgive me?"

When Li Meng hugged him like this, Qin Ming was caught off guard and even disgusted. What are you doing?

Qin Ming wants to push Li Meng away: "Get up and speak well."

But Li Meng didn't care about it, but took advantage of the situation to stand up to kiss Qin Ming!
