

Chapter 426

“Signature?” Auntie Cleaning thought carefully, and said: “No. What about you, little girl, life is not easy for anyone. The two husbands and wives have to be considerate of each other and live as long as they can. My wife and I often used it when we were young. Arguing, although he has no abilities and can’t make money, but the day is not like this? At least he still loves my old lady.”

“I have seen that young man too. Obviously he is worried that you will be taken away by inconsistent people.”

“The owner of that BMW car is a frequent visitor to our bar. I saw that he hooked up a lot of drunk girls. Tsk tsk... At the time I thought you were going to get in the car with him, then you will definitely have sex tonight.”

“Hey, your husband is quite a man, so he just snatched you back. Little girl, don’t blame my old lady for talking too much. Seeing you give me this 3,000 yuan, I will persuade you. Just come over.”

“Which man in the world doesn’t bother? Isn’t it all right if he has you in his heart? Hey, my wife said, a man who is incapable, don’t bother. Hey, so he can only face me in this life.”

Mu Xiaoqiao was “learned” by this auntie cleaning, and she didn’t listen, except that Auntie Cleaning said that Qin Ming had not signed the divorce agreement.

Why didn’t he sign?

Didn’t he miss his Nie Haitang? Then go, why didn’t you sign? Why bother to care about me?

Mu Xiaoqiao couldn’t figure it out, she went back to the Mu’s compound in a muddy body.

When she came to the study, she did not see Qin Ming.

During the days when Qin Ming entered Zumu's house, he almost slept in the study room. This is also the place where Qin Ming has stayed for the longest time.

She saw the nine-eyed dzi bead on the desk, this antique was full of simplicity and the vicissitudes of history.

Mu Xiaoqiao picked up the nine-eyed dzi and put it on her neck again, then threw her tired self on the sofa in the study room where Qin Ming used to sleep, and went to sleep directly.

Early the next morning, Qin Ming was ready to go.

He has decided to solve the problem from the source. As the heir of the Universe Century Group, why should he shrink so much?

He slept with Lin Yurou, right? But how do you count if you get the bug first?

If you really want to fight, I won't be afraid of you, so hurry up and get me out of the bugs.

Rather than accept Zhang Quanzhen's routine calculations, it is better for him to find Lin Yurou to find it out.

"So, that's it. I was infected with a gu worm. I'm going to Xiangxi to find someone to deworm. Mu Sichun, what are you going to do with you? Hey, you girl, you still know that I will go back to ask for leave in my dormitory. What? You are really a ghost." Qin Ming looked at Mu Sichun who was holding his arm dumbly.

Since this woman squatted to Qin Ming in the school dormitory last night, her hand hadn't been released, she was hanging on Qin Ming like a koala.

She didn't close her eyes all night, lest Qin Ming run away.

Mu Sichun gritted her teeth and said with her mouth, "I want to follow you. What if you encounter danger in the mountains? I can protect you."

"Hahaha." The bodyguard beside Qin Ming burst into laughter. This delicate Mu Sichun also said to protect Qin Ming? Are you kidding me?

Mu Sichun glanced at Bi Yuan, and said unhappy: "What are you laughing at? Oh, I recognize you, you are all friends of Qin Ming, aren't you doing takeaways, waiters, and janitors? Are you dressing formal today? That's it? It's like going to war, not going to work?"

Bi Yuan said with a smile: "It's a brother, I have to go to Longtan Tiger Den."

Qin Ming took Along and Bi Yuan with an assassination team on this trip. The pioneers had rushed to Xiangxi to make arrangements last night.

Song Ying has to stabilize Huaxia's business and business. Aomei is currently going to collect information about the Zhao family, and she is too busy.

Along was also very busy at first, but for Qin Ming's safety, he was transferred over.

Mu Sichun hugged Qin Ming tightly and said, "I don't care, brother-in-law, wherever you go, I will go with you until you change your mind and do not divorce my sister. If you don't take me, I will return My family cut off my veins and committed suicide, and then left a letter. You bullied me and wanted to be irresponsible after I became pregnant."

“...” Everyone was speechless, isn't Mu Sichun playing a rogue?

Qin Ming looked at Bi Yuan, who reluctantly nodded, feeling that Mu Sichun could still be protected.

One more person would eat one more mouthful, and Qin Ming didn't care.

The group set off in a mighty manner. After taking the private plane arranged by the group, Mu Sichun finally determined that Qin Ming would not leave her behind, and finally closed his eyes.

But this girl didn't go anywhere when she slept, she still had to lie on Qin Ming's lap, and it was because this was Qin Ming's private plane.

Halfway through the flight, Qin Ming looked at Mu Sichun who was lying on his lap. His sleeping face was cute and his mouth was stubborn, because he was wearing a short black skirt and a white round-necked shirt, and a long white leg was tangled together.

Qin Ming couldn't help but took a secret photo.

Just about to save, the phone rang.

“Hey, something?” Qin Ming felt calmer when he saw Mu Xiaoqiao's call. The past was gone, so he didn't think much about it.

However, I felt a little uncomfortable in my heart. It seemed that I divorced before sleeping, which was a bit of a loss.

Mu Xiaoqiao seemed more anxious over there: "Where are you? I will send you what Zhang Zhenren gave me. Why are you impatient to tell me about such an important matter?"

"Huh?" Qin Ming looked at the clouds and the dazzling sun outside the private jet, and said directly: "No, I'll go to other experts to solve my physical problems. Zhang Quanzhen's old man routines me, and I won't let it go. I've passed him. Keep that thing for yourself. I heard that it can strengthen your body. Throw it away if you think it's useless. In addition, I won't interfere in your affairs anymore, but I advise you to stay away from nightclubs. Get drunk, everyone has that kind of place."

Mu Xiaoqiao clenched his fist and said, "Don't be brave for me, tell me where you are? Can't I send it to you personally?"

Qin Ming said bluntly: "I'm on the plane, are you flying over to give it to me?"

"..." Mu Xiaoqiao was silent for a while, and then said: "Then give me the address of the destination, and I will fly over to give it to you."

Qin Ming said, "No, you come here to do it? Didn't you tell me to leave you alone? Now that you are divorced, you don't have to bother with me. I asked you yesterday, if you didn't give it to me, I won't Count on you."

"Are you angry?" Mu Sichun said: "Last night I, I... I admit that I was angry and didn't listen to you carefully. I did something wrong. But your divorce agreement didn't sign the words. Don't you want to save me late? We are still married in the legal sense. You have a medical problem. Shouldn't I help you? Tell me the address."

Qin Ming's head tilted, he remembered that he signed it.

"Oh!" Qin Ming remembered, the paper was wetted by Mu Sichun's pot of water, could it be that the handwriting was blurred?

Qin Ming said, "Forget it, you have filed for a divorce, what else..."

Mu Xiaoqiao said directly: "I am opposed to divorce now, tell me where you are? Are you going to die? I'll give you things right now."

Qin Ming licked his lips and didn't know how to speak. Mu Xiaoqiao suddenly gave him the contents of the box desperately, which made Qin Ming very moved.

Suddenly, sleeping Mu Sichun stretched out her hand to hug Qin Ming's neck and pressed it to his chest, muttering in a dream: "Brother-in-law, is Dayong City here? People are hungry, oh, biting you. ... Brother-in-law don't leave, sister doesn't want you, I want you."

"..." This was embarrassing, and the two fell into a brief silence during the call.

Mu Xiaoqiao was so shocked that she could not calm her chest, she pinched the nine-eyed dzi she wore on her neck, and suddenly she felt uncomfortable that the most important person was snatched away, and said: "Qin Ming, how can my sister be by your side? Didn't you say you were on the plane?"

Qin Ming is speechless, is this a coincidence? God thief, don't you play me?

Lao Tzu is a rich, human, identity, and status young man who is abruptly misunderstood as a scumbag who hooks up his sister-in-law?

Mu Xiaoqiao said, "Is it Dayong City? Qin Ming, wait for me. Remember, you and I haven't divorced yet. I'll send you the things right away. Shall we talk about it?"

Qin Ming really doesn't understand, are you all here to do it?

Chapter 427

As a famous tourist city in China, Dayong City has famous glass balls, Phoenix Ancient City, Golden Whip Creek, Forest Park and other attractions. There are countless tourists who come to Dayong City every year.

Qin Ming people have all gone to Dayong City, Xiangxi, so why do they have to meet the local Tuzhai family Lin family?

He came to stay in the most high-end hotel in the local city. This hotel is still a local branch of Universe Century Group, so there is no need to worry about security issues.

In order not to be easily recognized by Qin Ming, Qin Ming specially did some makeup, got fake glasses for myopia, and a beard with a scumbag. Mu Sichun even laughed at Qin Ming as a mature uncle and wanted to lie to the little girl.

Naturally, Qin Ming would not deceive a little girl. After all, he was admitted to be wrong last time. Now that he has Gu worms in his body, he is afraid that the other party will use the scent of the female worm to induce the male worm in Qin Ming's body, which will cause Qin Ming to lose control. It.

So some makeup to change the appearance is still necessary.

Last time he came back from China, because he rescued Nie Haitang, Qin Ming didn't remember the romantic affairs that happened in the castle, including the woman who was ruined by him.

But after being reminded by the old Taoist priest Zhang Quanzhen, Qin Ming remembered that he was mistakenly regarded as a relative by Qin Zhongbai, a young master of the old Qin family in Nahai City, who was called the Nine Young Masters.

“These giants can really give birth to young masters...” Qin Ming murmured inwardly: “As the saying goes, people are alike, and things are similar. I’m really curious about how similar the young masters are to me?”

Not long after Qin Ming and his party stayed in the hotel, the local industry leader came to meet Qin Ming, the big boss.

Regarding qualifications, the leader of the industry responsible group in Dayong City did not have the face to meet Qin Ming. Generally, the leader of the industry responsible group of Nanhu Province came to accompany Qin Ming in person, but Qin Ming did not want to do too much to prevent his subordinates from giving him To make money, just let the team leader from Dayong City come over.

According to the internal personal information of the group, the leader of the industry team in Dayong City is an older boss, Zhang Xianmin, who has strong business ability and many years of veteran backbone. He plans to work in the Universe Century Group for a few more years and receive preferential treatment for retirement. Excellent staff.

Zhang Xianmin came to Qin Ming, but he was a little cautious and nervous, and said: “Master, I heard the name of the young master, this is the first time I met today, the young master is really young.”

Qin Ming immediately stepped forward to stop him from bowing. A senior in his fifties who worked hard for the group all his life, Qin Ming treated him courteously.

But why do you feel that Zhang Xianmin is a little too nervous?

Is it a boss anyway? How can you manage so many hotels, scenic restaurants, etc. in Dayong City, so restrained like a young man?

He said: “Mr. Zhang, sit down first. This time I have to trouble you because of some personal affairs. It’s my problem.”

Zhang Xianmin wiped the sweat on his forehead and said: “Where the young master says, we are all working for you. Your business is our work. Is the young master coming for a vacation this time? Or visiting the strange people?”

Qin Ming said in surprise: “Oh? What strange people do you have in Xiangxi?”

Zhang Xianmin was taken aback for a moment, and said, “Master, is the whole Xiangxi? That’s too big, I thought you were looking for a stranger in Dayong City.”

Qin Ming said: “It is indeed a bit large. I only know so much about the Tuzhai clan and the Lin family in western Hunan. Have you heard of it?”

Zhang Xianmin thought for a while and shook his head and said, “I’m very sorry, but I don’t have any impression of my subordinates, but I know many politicians and rich people in Xiangxi, so I can ask about the Lin family. What’s so special about the Lin family?”

Qin Ming said, “I like to breed bugs for people.”

The corner of Zhang Xianmin’s mouth twitched, he felt wrong, but he didn’t know, and he didn’t dare to ask, and responded: “Master, the subordinate will do it right away. I will arrange for my secretary to come to you, and you can send her at any time.”

“No more.” Qin Ming vetoed: “If there is something, I will let Bi Yuan contact you.”

Zhang Xianmin is a veteran employee, and he naturally knows Bi Yuan. He was one of Chang Hongxi’s important bodyguards.

Qin Ming was surprised that the Lin family was not well-known in Dayong City and its influence was so low? Can’t radiate to Dayong City?

Then why at that time even the young master Qin Zhongbai of the old Qin family was helpless and was forced to go on a blind date with Lin Yurou? Isn't influence not money?

If it is not Caixiong's great influence, but other influences, most people really don't know.

"It may also be relatively low-key." Qin Ming thought about all the possibilities, and surely he could find it. He was afraid that he would have to wait a few days, and muttered in his heart: "Would you like to go back to school first?"

Qin Ming got a turtle this time.

It only took more than an hour for Guangzhou to fly directly to Dayong City, and his private jet took less than an hour.

It's faster than returning to his hometown. He still has to take a few hours in the old coach to go into the mountains.

This can't be blamed on Qin Ming. He used to be poor and couldn't afford to take the high-speed train. He always felt that it would take a lot of time to go to Dayong City. I didn't know that a private jet was so fast.

It was the poverty before that limited his imagination.

After Zhang Xianmin left, Along came over and said, "Master, how come I feel that this is always a little weird? I feel embarrassed, as if something is hidden in my heart."

Bi Yuan also said: "Yes, this is not so nervous and cramped when I met Chang Lao before. Could it be that your majesty, Master, is too strong to scare him?"

Qin Ming said: "I'm a hairy boy, so majestic? Forget it, don't worry about it, it's important to do business."

Qin Ming thought that since he had to wait for the message, he would wait.

"Brother-in-law, brother-in-law!" Putting down Mu Sichun, who was surnamed Li, ran over wearing a sun hat, took his hand, and said, "Let's go to the glass bridge, hurry, hurry, I haven't been there yet. I heard it's terrifying. , It scares people and softens their legs.

"..." Qin Ming was speechless and said, "Mu Sichun, I'm here to do errands, not to play."

"Oh, I, I forgot." Mu Sichun stuck out her tongue playfully, and said: "Then let's eat local food, three hot pots, cured blood tofu, cold noodles, Tujia meat... Huh, I The saliva is running out."

Qin Ming stretched out his hand and flicked Mu Sichun's forehead: "You are a foodie, you know how to eat."

Mu Sichun shook Qin Ming's arm coquettishly, "I'm going to eat it. I'll have meat with my brother-in-law, right?"

Qin Ming had no choice but to take Mu Sichun out for food first.

At this time, Mu Xiaoqiao on the plane had been holding on to the wooden box in her hand. Civil Aviation did not call, and she couldn't contact her sister when she wanted to contact her.

Mu Xiaoqiao's heart was very confused, and her mind was full of Mu Sichun's dreamlike words "Brother-in-law don't go, sister doesn't want you, I want you", these words linger in her mind.

When did the two of them have a relationship?

What does Qin Ming think?

Mu Xiaoqiao held her head in pain: "If you didn't write your name on the divorce agreement, if you did, I won't have any illusions about you anymore. Do you really like me? But, whether you like me or dislike me, I will definitely give you something that can save your life."

When Mu Xiaoqiao was sad, suddenly a beautiful girl in the front seat looked up and said, "Sister, did you bring this box?"

Mu Xiaoqiao asked, "What's wrong? This is just an ordinary box."

The woman said, "I know it's a normal box, but the smell of the box makes me sick. I hope you can put it in your bag."

Mu Xiaoqiao picked up the box and sniffed, the general wood scent, nothing special?

But she didn't want to argue with others, so she put it in her bag.

The woman in the front row sat back, sighed and pressed her abdomen, and said: "How can ordinary people have that kind of thing? Little Treasure was almost restless. This time, it was really unlucky. She just followed the smell to Guangzhou, but she got it again. Hurry to Dayong."

An old woman was sitting next to the woman, and said flatly: "It proves that the man is running around, but we will be able to catch him soon. I don't believe it. Our Xiangxi Lin family wants you to let the young lady eat this one. Miserable, the old Qin family in Haishi is still playing Tai Chi for us, and we must find out the people."

Chapter 428

As the saying goes, you will be at ease if you come.

Qin Ming couldn't think of the Tuzhai big clan that others said, and the subordinates who left him here had never heard of it, so he could only wait for Zhang Xianmin to find it first.

Qin Ming led Mu Sichun to the nearby attractions to play first, and he happened to have never been.

The two came to the ancient town of Fenghuang. The ancient town was a bit quiet during the day, but it was not crowded. After a lap, Mu Sichun never stopped. They also bought a local ethnic costume from Tuzhai, wearing all kinds of flowers on one end. , I have to say that as long as a person is beautiful, he can control all kinds of clothes.

Mu Sichun's outfit was misunderstood by tourists as a local ethnic beauty. She had to take Qin Ming to take pictures everywhere, and she had to buy a bunch of local specialties, and she insisted to take it home.

Qin Ming felt tired from seeing Mu Sichun who was full of vitality. Is this here to do business? Still come to play?

Mu Sichun seemed to see the black line on Qin Ming's face, and handed the kebab he had eaten to Qin Ming: "Brother-in-law, you said you have bugs in your body, why don't you go to the hospital to take a CT scan? Find out and get the worms. Can't it?"

Qin Ming took a couple of mouthfuls casually, and said, "I have taken it, but I can't find it. Moreover, it is a Gu worm that lives in the blood vessels. It will pass through the heart with the blood vessels. If I die in the blood vessels, I will quickly die of myocardial infarction. ."

When Mu Sichun heard the word “death”, she was a little scared, and said flatly, “Sorry brother-in-law, I, I... are you in your way? I just want to help you, but I don’t know what to do? I just want to Don’t leave our house, but I can only follow you.”

Qin Ming fondly touched Mu Sichun’s head, and said, “It’s okay. The more money you have, the more annoying things will be. I’m used to it, but I’m very happy to have you, a little beauty by my side.”

Hearing Qin Ming’s compliment, Mu Sichun pursed her lips happily, and smiled shyly: “Then I will give you a bite of my rock candied haws.”

Qin Ming was about to eat, but was stunned. At the intersection ahead, he saw Zhang Xianmin.

Zhang Xianmin was carrying a black leather bag and was walking with a few young people in local national costumes. They were walking in a hurry, looking back three steps at a time. The chain of a bag was accidentally torn, and there were a few thick stacks of banknotes. Fell out.

Zhang Xianmin looked around for the first time.

Qin Ming’s heart moved, Zhang Xianmin didn’t ask him about the Lin family, what would he do in the scenic spot?

However, Zhang Xianmin’s sight was about to turn to Qin Ming’s side. He hurriedly gave Mu Sichun who was eating sugar candied haws to the wall of the roadside shop to avoid being seen by Zhang Xianmin who was observing from left and right.

“Ah! Brother-in-law, you...what are you doing?” Mu Sichun was startled, she shrank her neck, facing Qin Ming’s strong wall, she didn’t know how to react, could Qin Ming take advantage of the scenic spot Feeling affectionate, want to kiss her?

It turned out that everything was a conspiracy of the brother-in-law. He said that he didn't want to take her with him. In the end, he took her to the scenic spot to eat and drink. He also boated the boat and bought clothes. When she was happy, he gave her to the wall, and then he wanted A kiss?

Bang Bang, Bang Bang, Mu Sichun looked at Qin Ming's face, only to feel that his whole body was burning with excitement, and the two buns of steamed buns on his chest fell together.

She didn't know if Qin Ming was going to kiss her next time, would she want to kiss? Or is it better to slap in the past?

However, Qin Ming looked towards Zhang Xianmin. After seeing that there was nothing unusual around him, Zhang Xianmin quickly picked up the money with his companions and left.

Qin Ming lost a look at Along who was secretly protecting him, and motioned for Along to follow him immediately.

Along and Bi Yuan guessed right, this Zhang Xianmin is really weird, but I don't know what is weird, so let's talk about it first.

"That Xiaochun..." Qin Ming looked back at Mu Sichun. She blushed, her body stiffened not to move, her eyes fluttered everywhere, and she didn't know how it came.

"Are you sick?" Qin Ming probed Mu Sichun's forehead. Why was this girl suddenly hot?

"No, no, brother-in-law, what are you doing all of a sudden?" Mu Sichun felt Qin Ming's hand and became even more nervous. She licked her lips and said in a flustered manner: "Give me to the wall, here, There are so many people here."

Qin Ming said: "Oh, I scared you, but you misunderstood, I..."

Before Qin Ming's words came to an end, suddenly several tourists and children behind him ran and chased each other. One of them accidentally bumped into Qin Ming's back, and Qin Ming was caught off guard and bumped his head.

Tweeted!

But Qin Ming's collision caused Mu Sichun to raise his head by chance, and the two lips kissed each other by coincidence.

"!!!" Mu Sichun's eyes widened in surprise, and a huge deep ocean wave appeared in his heart: "Look, see, Sure enough, my brother-in-law has a conspiracy. He coaxed people so happy, just to take advantage, ooh, My first kiss."

Qin Ming really cried out in his heart, and was knocked on his back by a junior high school student unsuspectingly. He kissed Mu Sichun's delicate mouth with a bit of cold lips and a hint of the sweetness of candied haws.

The soft lips also surprised Qin Ming. Mu Sichun's scent and gentleness softened his bones, and he couldn't help sticking his tongue out.

"Ah!" Mu Sichun shook her body, her tight body trembling constantly, tears streaming down her eyes.

This process has also been four or five seconds, and Qin Ming felt that the effect was not good, so he quickly let go of his lips, but with a pain, he was bitten by this girl.

With tears in his eyes, Mu Sichun stared at Qin Ming pitifully, with Qin Ming's blood on the corner of his mouth.

“Brother I’m sorry.” The two tourist children who bumped into Qin Ming just now because of chasing, apologized very politely.

Qin Ming waved his hand and didn’t care about the little kid: “It’s okay, you guys pay attention next time.”

Qin Ming looked back at Mu Sichun, she still looked like she was aggrieved, Qin Ming soothed: “That Xiaochun, just now I found my subordinates behave suspiciously, so I put you on the wall to hide your whereabouts. I happened to be hit by someone again, this...this is a coincidence.”

“But why are you sticking your tongue out? I’m your sister-in-law.” Mu Sichun puffed up her mouth, her tears swirling in her eyes, but they didn’t flow out.

These words really hurt Qin Ming’s wretchedness.

Well, Qin Ming admitted, facing a beauty like Mu Sichun, he couldn’t hold back the moment he accidentally kissed.

Qin Ming was also depressed. He controlled his lower body, but failed to control his upper body. Hey, it’s really hard to be a man. It’s even more difficult for a good man like him.

However, for the sake of face, Qin Ming retorted: “You, don’t you also reach out.”

“Woo...” Mu Sichun, who had been patient, was pierced in his heart and became even more shy. He didn’t dare to look at Qin Ming anymore. Finally, he couldn’t help but cry, tears falling straight down.

She raised her powder fist and hit Qin Ming indiscriminately: “Brother-in-law badass, big badass, mean, shameless, nasty, bullying, I tell my sister to go.”

Qin Ming said, "I just divorced your sister."

Mu Sichun said, "Then you have to be responsible to me. It was my first kiss just now."

When the two were squeezing, Aaron called over and said, "Master, there is a big discovery, I need you to come over right away."

Chapter 429

Aaron called urgently and said, "Master, there is a big discovery, I need you to come over immediately."

Qin Ming hung up the phone and said, "Xiaochun, there is something over there, you..."

Mu Sichun said with tears, "Brother-in-law, will you be responsible for me?"

Qin Ming said stubbornly: "Negative, you must be responsible. I will let you kiss you. If you don't have enough at one time, you will kiss several times until you feel that you are not at a loss. How about?"

"Brother-in-law, you want to be beautiful." When Mu Sichun heard Qin Ming's shameless remarks, he burst into laughter immediately: "Okay, let's get started. Let's go."

Qin Ming's heart moved, it is rare that Mu Sichun has no extraneous branches, and is still quite obedient in major matters. In this regard, the two sisters are a little like, focusing on the overall situation.

I have to say that Mu Hao is not very good, and the daughters he raised have their own shortcomings, but they are still kind and considerate at heart.

The two looked for Aaron's hint, and they came all the way to a water house on the edge of Fenghuang Ancient Town, with several wooden boats beside them.

When Qin Ming arrived, he happened to see Zhang Xianmin and a companion jumping on the wooden boat with a black leather bag full of money, and quickly paddling the wood pulp away.

There was a sound of fighting in a nearby shop selling local souvenirs.

Qin Ming immediately followed up, and as soon as he entered the door, he saw a burly shirtless man pinched by Aaron's neck with one hand, and slammed it on the showcase in the store with a crash, and the local specialties were scattered all over the place.

"Along, be careful behind." Qin Ming looked up, and a man rushed down upstairs, trying to lock Along's neck.

Aaron reacted extremely quickly, avoiding him sideways, kicking his abdomen with his knees.

"Ah!" The man curled up on the ground in pain and couldn't get up.

Aaron rushed to the top of the ferry boat bridge outside, but he was sighing at the river. The other party was rowing along the water, and the speed was quite fast. Aaron had priority to protect Qin Ming's safety and could not chase along the coast.

Along tied up the two people with unknown origins, escorted them to Qin Ming, and said, "Master, run away for that Zhang Xianmin. He panicked when he saw me. He was weird."

The shirtless man yelled: "Who are you? Robbery in broad daylight? It's noon, and people are coming and going. You are going to hide and expose. We are only doing business seriously. Be careful we call the police and arrest you all."

Bang!

Aaron kicked the fat on the opponent's abdomen.

"Oh~ please, stop kicking, it hurts." The shirtless man quickly begged for mercy: "I'm really just a serious businessman, selling some small gifts to tourists."

"If you don't want to suffer, just be honest." Along scolded: "Say, what are you doing?"

Another thin man said: "We are really just serious businessmen here. Those few are our regular customers just now. I thought you had a conflict with him, so I helped him escape."

Qin Ming looked at the mud brick shop. It was a few years old, and there was no special organization.

Qin Ming ordered: "Along, close the store first, so that no idlers will come over."

Along went to close the door here, and Qin Ming began to inspect the old house. There was a dry well in the house, which was quite deep and dark.

Qin Ming took a picture of the mine with his mobile phone, only to find a person.

He immediately asked Aaron to find a rope and go down and bring people up, but the one who got it up turned out to be Zhang Xianmin who didn't wear glasses?

Why are there two Zhang Xianmin? twin? No, it's impossible.

This Zhang Xianmin is obviously more haggard.

“What’s going on? Buying the population? This is Mr. Zhang from Dayong Century Tourism Group. Not to mention that you don’t know him. The one who ran away just now looks the same.” Qin Ming took Zhang Xianmin, who was in a coma. In front of two shopkeepers.

The two shopkeepers saw Zhang Xianmin faint and haggard, and they were both silent. At this time, the sophistry would only expose more.

Qin Ming analyzed: “So, the Zhang Xianmin I saw today is fake, and this is the real one. Tsk tsk tsk tsk, lie to me. What do you have to say?”

“...” The two remained silent.

Qin Ming simply waved his hand and said, “Since you don’t want to say it, then take it back and interrogate it slowly.”

Aaron immediately called and asked Bi Yuan to send someone over. After a while, a large number of people came to Bi Yuan.

Several medical personnel in the assassination team put Zhang Xianmin away and immediately treated him. After a lot of busy work, Zhang Xianmin slowly opened his eyes.

“Huh, huh...I am saved?” Zhang Xianmin said weakly: “Young man, who are you? Did you save me?”

Qin Ming said, “It’s true.”

Bi Yuan came over and said loudly: “Lao Zhang, do you remember me? Bi Yuan.”

“Oh, old Bi.” Zhang Xianmin said weakly.

Bi Yuan was unhappy and said, “Laobi, you grandma bear, can you not call me the nickname?”

Zhang Xianmin smiled ho ho, “It seems that you are real, oh, old Bi, this time I have worked on other people’s calculations, so I have to be cautious. After putting on make-up, a guy became exactly like me, and he even gave me I’ve been stuck here for more than a week. Hey, this guy is your little brother?”

Bi Yuan hurriedly avoided and said, “Oh, Lao Zhang, you really dare to say that. This is our young master, the heir of the old.”

“What?” Zhang Xianmin was startled, he immediately came to his mind, looked at Qin Ming carefully, and finally said with gratitude again: “It turns out that the young master saved me, and the subordinates are ashamed of the young master. They almost made the young master fall into the Lin family’s thieves. Calculating.”

Qin Ming frowned, and no matter what else, he asked: “The Lin Family? The Lin Family of the Tuzhai in Western Hunan?”

Zhang Xianmin said: “Yes, those Lin Chaofeng people are from the Lin family. Their Lin family is well-known in western Hunan, but they know everyone who makes friends. However, their native village is a little far away from Dayong City.”

Qin Ming clapped his hands and said, “No wonder that the fake Zhang Xianmin felt nervous when he saw me. He was a guilty conscience and said that he didn’t know the Lin family of the Tuzhai family. It was just nonsense, because they were from the Lin family and knew me. It’s here to find trouble.”

Bi Yuan asked, “Lao Zhang, why are they impersonating you?”

Zhang Xianmin said: "It's not for money. They also knew me. The Lin Chaofeng who pretended to be me also followed a friend I have known for many years. After a midnight dinner, they suddenly threatened me to lose the company and make money for them. I worked for the group. I have been working hard for more than 30 years. I have long regarded the group as my second home, and naturally refused. Then they kidnapped me."

Qin Ming wondered: "No matter how rich the other party is, it will be short of money? Will it take risks and ask for money for these illegal crimes?"

Zhang Xianmin said: "The young master didn't know when he first came here. Actually, I knew it didn't take long. There was something wrong with the Lin family. The biggest Tuzhai family in western Hunan didn't know what was going on. Now they are very short of money."

The context is clear.

An accident happened to the Lin family, so two months ago Lin Yurou asked Lin Yurou to find the old Qin family in Haishi to marry. Qin Ming came across. If Qin understood the advantage, the marriage naturally failed and ended.

The Lin family seemed to be in a lot of trouble, and even some members of the tribe began to take risks and do some illegal things to get money.

I don't know if it was the order of the patriarch or the thoughts of a small group of people.

Qin Ming has a hunch that his journey this time will not be easy.

Qin Ming asked: "Mr. Zhang, do you know where the Lin Family Tuzhai is?"

Zhang Xianmin hesitated for a while, and said: "This ordinary person can't find it. The Lin family is very mysterious in western Hunan. They are a large family in the local area, distributed throughout the

villages in western Hunan. Their influence is not how much money they have, but a large number. The clansmen and their unique mystery theories of the Lin family. The ordinary clansmen are good to see. For example, I also know Lin Chaofeng who impersonates me, but it is not easy to meet the patriarch.”

Qin Ming bit his lip, there are so many rules?

Aaron asked, “Master, what should we do next?”

Qin Ming was about to judge, the phone rang, and Mu Xiaoqiao arrived.

Chapter 430

Qin Ming never expected that when he first came to Dayong City, he met the Lin family, and because of his wealth, he pretended to be his subordinates, exposing his purpose and wasting half of his time.

If it hadn't been for Mu Sichunfei to pester him to eat, drink and have fun in Fenghuang Ancient Town, Qin Ming would really not be able to discover this secret.

“So, I'm important.” Mu Sichun triumphantly patted the mature and plump big white steamed buns on his chest, and said: “What about you, the vice president of Greater China, is not relying on my cute, smart and charming sister-in-law. , To be the beacon of your coastline, guiding you to the truth, hehehe.”

Qin Ming smiled and didn't care about this little girl.

Qin Ming ordered the two Lin family members of the Tuzhai Lin family to be invited back to the hotel for tea. He had to ask for something. He believed that Bi Yuan's assassination team had a lot of skills to pry open the mouths of the two Lin family members.

However, Qin Ming still plans to pick up Mu Xiaoqiao first.

Before Qin Ming was caught by Zhang Quanzhen's old miscellaneous hair routine, and then asked Mu Xiaoqiao for the box containing the unique martial arts of Tiger Dragon Mountain. Mu Xiaoqiao refused to give it. Qin Ming was somewhat sullen and arrogant in his heart, so he decided to come to Xiangxi to find Lin's family himself.

Now Mu Xiaoqiao suddenly sent him thousands of miles away, and he was very happy again. Sure enough, men are fickle.

When Qin Ming rushed to the airport, he saw Mu Xiaoqiao standing at the gate of the airport at a glance. She was graceful and beautiful, with a tall figure and a curvilinear proportion that stood out from the crowd.

She was dressed in black, and under the scorching sun in the afternoon, her skin was more beautiful than snow. Her hands were white jade, and she was holding the two peaks of her chest, seeming to spread her black clothes, causing a lot of hooligans to whistle next to her. Again and again.

But Mu Xiaoqiao is like a quiet lotus flower in a lotus pond, which can not be played from a distance. Her wealthy eldest lady's temperament is like telling the surrounding visitors that her background identity may not be simple, you don't have to weigh your own identity. Dare to go up and strike up a conversation?

Finally, people saw an ordinary hairy boy, a stall, whitewashed jeans, and a pair of patched old shoes, and he walked directly towards Mu Xiaoqiao.

"Hey, there is a poor boy who wants to strike up a conversation."

"Don't worry about what identity you are. The goddess knows that she is waiting for her boyfriend to drive by."

“These years there has never been a lack of these shameless poor men. Toads want to eat swan meat.”

“Ho ho, let’s just watch it lively.”

“Boy, you want to strike up a conversation and pick up girls, somehow, get a bunch of flowers.”

“Hey, there is a National Taiwan University running over there, wow, come down and compare with a handsome guy.”

“This should be the boyfriend of this goddess, right? Sure enough, beautiful women, still have to spend money.”

Qin Ming was annoyed by these people’s gossip. He looked back and saw that the car in front had left. Aaron got the car up from above so that he could wait for Qin Ming to get on.

Qin Ming walked in front of Mu Xiaoqiao and said, “Are you here?”

Mu Xiaoqiao was rather surprised by the beard and glasses on Qin Ming’s face: “What are you doing with makeup? You look like an uncle and want to be a little girl?”

Mu Xiaoqiao looked at Qin Ming, with mixed feelings in her heart, and she didn’t know how to speak for a while, but Qin Ming questioned why she followed when she asked. This made Mu Xiaoqiao very upset. I am not worried about you. I will follow. do what? Wouldn’t you a big man think of my intentions? Is it preventing you and my sister from traveling here?

Her face suddenly became ugly, and she seriously doubted whether Qin Ming had any improper relationship with Mu Sichun.

Qin Ming had nothing to do. Hearing Mu Xiaoqiao said that his makeup was for “soaking up a little girl”, he couldn’t help but remember that he accidentally kissed Mu Sichun, the sweet and sweet kiss, it seemed that he was really a bit suspicious, so immediately I feel guilty and don’t know how to answer the conversation.

For a moment, both of them stared wide-eyed and stopped talking.

However, Mu Xiaoqiao hesitated for a moment and chose to believe in Qin Ming.

Qin Ming had a strange illness and needed the things in the box in her hand to save her life, and she still slapped him with such a bad attitude, slapped him, made trouble without reason, went to the nightclub to get drunk, and had Qin Ming come to save her.

Isn’t it harder to forget your ex-girlfriend? What kind of jealous does she eat?

But she didn’t know what attitude she should use to face Qin Ming, the little woman in her heart, or the daily iceberg poker face?

“I’m telling you that the divorce agreement is gone, and we are still a husband and wife in the legal sense.” Mu Xiaoqiao made a horrible expression.

After that, Mu Xiaoqiao felt a little regretful. She drove a passenger plane all the way to Dayong City, why did she show Qin Ming a face? Don’t quarrel here?

But she didn’t know how to face Qin Ming. She wanted Qin Ming to protect her and spoil her, but Qin Ming didn’t, so she was irritated and depressed and uncomfortable.

However, the conversation between these two people immediately made the hooligans who were watching the excitement stunned and surprised, tortoise, is this poor boy the husband of this beautiful woman? Exaggerated, right?

“My God, what’s going on in this society? Can good cabbage be overwhelmed by the poor?”

“Who can tell me, how can the social background of these two people meet together? Can they spark a spark?”

“What the hell? It’s clearly that Duan Yanqing slept with Dao Baifeng’s life version, damn, this poor boy, can still sleep such a good woman?”

“Look at her water snake waist, her face is tender and can squeeze out water. I learned from the master a few years ago to see pictures. This woman is clear in people. In addition to reflecting the female body and lifespan, it also represents her prosperity. The husband’s luck is very good, and the children’s luck is very good.”

“Damn, this woman has such a strong face?”

“No, people are clear and their children are lucky, which means that their children are not only smart but also very filial. As long as their children grow up, they can bring them rich wealth, so that they don’t need to continue after middle age. Work hard, you can enjoy happiness, which can be regarded as one of the typical features of husband Rongzi filial piety.”

“A flower is stuck on the cow dung. The sky is unfair. Lao Tzu is here every day, and I’m so exhausted and bachelor.”

Qin Ming glared at the gangsters next to him, bluffing them to immediately divert their eyes, smoking cigarettes, and sending WeChat messages, as if they weren’t talking about them just now.

Qin Ming said indifferently, “It doesn’t matter if the divorce agreement is lost, please write it again.”

A passerby couldn't sit still anymore and got up and shouted, "Damn, this man is a stupid? Don't you want such a good woman?"

Another fat man leaned in and said, "Beauty, don't you lack love? I am famous for taking good care of my wife."

"Beauty, such scumbags don't want you, don't be afraid. For a good woman like you, there are more opportunities, and most of them are men."

"Sure enough, honest people like me are single dogs, and scumbags change women every day."

Qin Ming is really speechless, what did he do wrong? Are you laughed at when you divorce? What do you passers-by know?

However, these people are trying to take the opportunity to strike up a conversation with Mu Xiaoqiao, Qin Ming is not allowed, no matter how he was once his woman, you messengers still want to get involved?

He took Mu Xiaoqiao's hand, protected it behind him, and said, "Get out of here."

An angry Qin Ming, facing fiercely, with a pair of eagle eyes stern and sharp, as if there is a sharp and cold light that penetrates the heart, shocking these hooligans who want to take the opportunity to fish in troubled waters.

Mu Xiaoqiao looked at Qin Ming's back. He did not hesitate to protect her movement just now, making her heart-strobed. Although she was a cold and arrogant woman on the outside, her heart was very delicate and sensitive. Qin Ming's movements made her Her heart softened.

Suddenly, Mu Xiaoqiao hugged Qin Ming from behind, sneered at these idlers, and cursed: "Our two husbands and wives quarreled, what does it have to do with you."

This... Suddenly a wave of dog food spilled out, and the passersby who watched the excitement were sated, and they couldn't hold back their face, and they all dispersed.

Qin Ming was suddenly hugged by Mu Xiaoqiao from his back, and he was also a little confused and sentimental. This is his favorite hug posture, which will always make him lower his guard and prejudices.

He said softly: "Okay, it's hot outside, get in the car and talk to the hotel."

The two got into the car, Qin Ming habitually looked around, but found something unusual again. Standing on the side of the road was a woman with plain clothes and long hair. She looked at Qin Ming directly.

"Om!" Qin Ming stared at each other for a moment, and suddenly he was in a daze. For no apparent reason, a puff of blood rose from the bottom of his heart. His whole body was hot, just like the previous two times, it was the feeling that Gu worms in his body affected the endocrine!

Qin Ming suddenly supported his forehead, and he felt that he was about to lose control.

He wants, he wants to take off his pants in public!
