

# Chapter 436

The numbness and itching quickly spread from the wound on the arm.

Qin Ming also felt a little panic in his heart. When he was a child, he had played a lot of snakes in his hometown, but they were all non-venomous, and the one that bit him was obviously a poisonous snake.

And Along immediately gave emergency rescue, tied Qin Ming's arm blood vessel to prevent the toxin from spreading too quickly, and at the same time cleaned Qin Ming's wound.

Bi Yuan quickly identified what type of venomous snake it was, and at the same time chose an antivenom.

"What kind of snake is this?" Bi Yuan watched for a while, and frowned, "It's a bit like a silver ring, but it's not very similar. The color is too bright. It must be a kind of viper. I use a refined multivalent anti-venom serum. Right."

Fortunately, there were plenty of preparations and choices during this trip, and Bi Yuan immediately injected Qin Ming with serum.

After the serum was injected, the numbness in Qin Ming's arm disappeared a little, but it still existed, and his body consciousness gradually became unconscious.

Mu Xiaoqiao asked worriedly, "My husband, how is it? Is it better?"

"No, it's okay." Qin Ming walked a few steps, but his feet softened, his eyes were dark, and he fell straight into Mu Xiaoqiao's arms.

“Husband! Qin Ming, don’t scare me, you wake up soon.” Mu Xiaoqiao frightened, tears swirling, hugged Qin Ming who was in a coma, and blamed herself very much in her heart.

Bi Yuan was still holding the anti-venom serum, which was very embarrassing. Isn’t this snake venom too strong?

Along said immediately: “Find a place to set up a camp and notify Secretary Song.”

All the younger brothers were fully equipped, and they immediately found an open place in the mountains and forests to dodge, set up fireflies, opened the camp, and took out all the medical tools to give Qin Ming emergency treatment.

But what makes everyone desperate is that this dedicated satellite communication device can’t be used!

In the deep mountains of western Hunan, in the environment of lofty mountains, the magnetic field was complicated, and the signal could not be successfully launched.

Although the effect of the snake venom serum was a little bit, it was not good. Qin Ming had already begun to show signs of red rash and fever, sweating profusely, and unconscious.

Everyone is an ant on the hot pot in a hurry. Qin Ming is about to die here, and they are afraid they won’t be able to survive.

But when everyone had just landed ashore, Qin Ming’s position was safe, but Qin Ming suddenly gave up his life to Mu Xiaoqiao, something that everyone hadn’t expected.

Seeing Qin Ming’s poisoning, Mu Xiaoqiao cried faintly: “I’m sorry Qin Ming, I’m all to blame, I’m all to blame.”

Lin Yurou on the side looked at the chaotic crowd. She took a look outside and took back a bunch of strange weeds, and said, "Try this one."

Everyone looked over, and no one could recognize what kind of herbal medicine it was.

Aaron asked: "Can it be done?"

Lin Yurou said, "I still look forward to him borrowing money to save our Lin family. How can he die? The big piebald is a type of viper, which eats the poisonous insects, rats and ants in the valley. It is more toxic over time. The general variegation is much more poisonous. This kind of grass is rarely recorded in books, and it usually grows in the damp place of the cold valley. It is also his life. Let me find a bunch."

Everyone is still hesitating, just bring a weed to Qin Ming to eat?

Mu Xiaoqiao asked, "Are you sure?"

Lin Yurou said mysteriously: "Before I came, I reminded you that you must respect nature. Now you are at a disadvantage? No matter how science and technology develops, nature's mystery is endlessly explored. The so-called sky is inexhaustible, and nature is full of people. It's dangerous, and it's alive everywhere. Don't worry, I used this herb to detoxify my friends who had been infected with snake venom."

Aaron asked, "How do I do it? Fried herbs?"

Lin Yurou shook her head and said: "Chew with your mouth, and then apply it to the wound. If the high fever does not go away, you can properly prepare some anti-inflammatory drugs and anti-fever western medicines, take off his clothes, and prepare clean water to wipe your body. If the salt water is dripped, you have to prepare clean water and feed it continuously to prevent dehydration."

After hearing this, Along said solemnly: "Okay, let me chew."

Suddenly, Mu Xiaoqiao took the Xinglin Grass and bit her lip and said, "No, I'll come, you get the medicine and water ready, hurry up."

Along and Bi Yuan looked at each other. They both knew what happened to Qin Ming and Mu's family, but the relationship between Qin Ming and Mu Xiaoqiao was unclear.

Under the Shibi Valley, Aaron and the others prepared things, and then guarded the surroundings.

Mu Xiaoqiao put a whole tree that she saw for the first time in her life into her mouth and chewed. After chewing for a while, her brows were sour that her brows became "Chuan", and the green juice flowed out from the corners of her mouth, bitter. She wants to cry.

After forcibly chewing for a long time, Mu Xiaoqiao applied Qin Ming to the red and swollen wound.

After a while, Along and the others came in and gave Qin Ming an anti-inflammatory injection, but Qin Ming still did not wake up. Instead, his body became hotter and hotter. As soon as he measured it, he had a high fever of 39°5, and his body was sweating a lot.

Mu Xiaoqiao took off Qin Ming's clothes again and wiped his body to keep it dry and the panel's breathability.

But as he sweated a lot, Qin Ming's lips were obviously dry, and his body lost too much water, and he had to replenish it.

Along tried several times for help, but Qin Ming, who was in a coma, could not swallow smoothly, and almost all the water poured in was choked out.

Aaron frowned and said: "This is a bit difficult, you have to gagged, too strong and afraid of vomiting."

Lin Yurou said to the side: "Use the most stupid method, use your mouth."

Use your mouth? Here are all the big masters. It's really not blinking to ask them to fight and kill. It's okay to feed women with their mouths, but to men, it's somewhat of a psychological barrier.

"I'm coming." Mu Xiaoqiao took the clear water, took a sip first, and then held Qin Ming's head, mouth-to-mouth water to Qin Ming. Although it still flows out a lot, through Mu Xiaoqiao's efforts, Qin Ming still drank some.

Ignoring the shame of other people watching, she fed Qin Ming mouthful after mouthful, opened Qin Ming's lips, blocked the overflowing water, and only asked Qin Ming to take a sip.

Seeing this, everyone looked at each other, knowing that it was not suitable to stay any longer, and went out one after another, leaving the camp for both of them.

"Yeah..." Mu Xiaoqiao hugged Qin Ming with her arms, let Qin Ming's head rest on her chest, and lowered her head to feed Qin Ming bite by bite, which was like a kind bird feeding.

In the kisses again and again, Mu Xiaoqiao became more familiar with Qin Ming's lips, thick and hot lips, and the man's masculine aura made her irresistible.

She subconsciously placed Qin Ming's hand on her heart.

Mu Xiaoqiao used the most stupid method to feed Qin Ming with water for three consecutive hours, before Qin Ming drank a little bit, during which time he wiped off a lot of sweat from his body, which was considered meticulous.

Qin Ming's body temperature gradually dropped back.

Tired Mu Xiaoqiao showed a stiff smile, because her mouth was almost gone for a kiss, she still hugged Qin Ming with tears in her eyes, praying silently in her heart.

“Uh...” Qin Ming woke up slowly, his eyes dim but unable to open, his consciousness still in confusion.

“Haitang... don’t leave me... Haitang, I want... I want...” Qin Ming murmured in confusion.

“What do you want?” Qin Ming’s voice was too weak, and the tired Mu Xiaoqiao couldn’t hear it.

She had to lean over and lower her ears to Qin Ming’s mouth, and asked, “Have you awoke, husband? What do you want?”

“I want you to stay with me forever.” Qin Ming muttered in a daze, “...Hai, Hai Keke...”

“I won’t go, I won’t go, I’ll always be by your side. You must get better and get better.” Mu Xiaoqiao didn’t hear the front or the back, but when she heard the middle sentence, she hugged tightly Qin Ming said: “I will never mention divorce again. I was wrong. You are my man and always will be. Even if you don’t know how to express, I can feel it, you are a fool.”

“I’m cold...” Qin Ming started to chill again after the fever subsided, trembling all over, and his consciousness was hazy.

Mu Xiaoqiao took the quilt, took off her clothes, held them tightly, and used the warmth of her body to give Qin Ming warmth: “It’s not cold, it’s not cold, I will hold you, cover the quilt, Qin Ming, don’t lose it. Get down on me.”

When Qin Ming woke up from the heat the next day, he found his consciousness regained, sleeping in a camp, wrapped in two layers of bedding on a hot day.

The most exaggerated thing is that Mu Xiaoqiao hugged tightly, the sweat of the two stuck together, and she hadn't put on any clothes yet.

In Qin Ming's heart, 10,000 heads of grass and mud blew past. Who will tell him what happened last night? Why did he put his hand in a strange place?

## Chapter 437

When Qin Ming woke up, he found that his clothes were completely stripped off, and he was still wrapped in a bed with Mu Xiaoqiao. What happened last night? He can't fuck anymore?

No, why is his hand in a strange place?

Qin Ming touched it. It was soft and big, and his skin looked slippery because of sweat. I have to say that Mu Xiaoqiao's development is really top-notch, and she deserves to be a beautiful woman.

Qin Ming's body rose up uncomfortably, and he wanted to push Mu Xiaoqiao away, but the sheet was so tightly wrapped that he couldn't push it away. Instead, he touched Mu Xiaoqiao's chest a few more times.

"Um..." Mu Xiaoqiao was smashed a few times, biting her lip, falling asleep faintly, her eyelids could not be lifted, but her arms tightened Qin Ming, muttering in her mouth: "Husband, you Is it still cold?"

Qin Ming was stunned and remembered that he was bitten by a poisonous snake last night. After he recovered his consciousness last night, he remembered that his body was very cold and uncomfortably cold for a while, and then in a daze, he dreamed of a woman hugging him. , The warmth of that woman made him hold on.

“Is it her?” Qin Ming looked at Mu Xiaoqiao who was asleep, and Mu Xiaoqiao could only give Qin Ming warmth.

Qin Ming slowly opened the quilt, and saw Mu Xiaoqiao who was asleep and full of looks, he hurriedly covered her, shouting distressed, trying to lure people into committing crimes.

Qin Ming took his clothes and put them on, and found that Along and the others were a few meters away, eating canned food around the fire.

When everyone saw Qin Ming wake up, they immediately followed: “Master, are you awake? Great.”

“It’s great, the herbs are really useful.”

“Miss Lin, thanks to you.”

“Master, last night Miss Lin found a special herbal medicine to solve the drug-related problems for you.”

“Oh, and Miss Mu took care of her all night, just after she fell asleep.”

Listening to your babbles, little brothers, Qin Ming glanced at the wound on his arm, and the swelling had disappeared, and he heard the crowd talk about the danger of last night, which was also scared for a while. There was a poisonous snake in this big mountain. He was dead, but now he has finally returned from the ghost gate.

Lin Yurou said modestly: “I didn’t help much, your wife took care of you all night last night, and she closed her eyes in the early morning. She was the hardest person.”

Qin Ming’s heart moved, Mu Xiaoqiao really took care of him all night.

Aaron asked, "Master, do you want to hurry? Let's find a few people to get a stretcher to carry her away."

Qin Ming thought for a while and said, "Let's take a break. When Xiao Qiao wakes up, she will be tired."

Qin Ming returned to the camp, looking at Mu Xiaoqiao who was sleeping, and stroking her hair, Qin Ming felt a little confused, because some mistakes in the past brought them to where they are today.

Since ancient times, heroes have been saddened by Beauty Pass, and Qin Ming knew that he couldn't make it through.

"God, what do you think I should do? I have signed a divorce agreement, and she can still lose it. I didn't plan to ask for the box of things. She can follow all the way and remember me. ,take care of me."

"I can't blame her for getting married at the time. She was also trying to save her grandfather, Mu Hairan, with filial piety. These are all calculations and routines between Mu Hao and Zhang Quanzhen. But she paid for me, and I can't ignore it."

Qin Ming stroked Mu Xiaoqiao's cheeks and hair, and muttered to himself: "It's hard to be heroic, and it's hardest to be graceful."

At noon, Mu Xiaoqiao also woke up, she touched her surroundings, she woke up immediately without touching anyone, and found that she was not wearing her clothes, so she hurriedly covered her with a quilt, only to find Qin Ming sitting aside.

"Wake up?" Qin Ming asked.

Mu Xiaoqiao's cheeks suddenly turned red, and said, "When did you wake up? You didn't do anything bad to me, did you?"

Qin Ming joked: "What? You don't mean that we are a couple in the legal sense? What's wrong with doing something bad to you? Why? Do you still want to call the police to arrest me?"

When Mu Xiaoqiao heard this, she was even more ashamed and embarrassed. She curled her neck and said, "They are all outside, how can you, how can you be so shameless."

"Haha, what am I going to do, worry about something, I didn't even touch you." Qin Ming laughed and said, "I used my mobile phone to play minesweeper all morning, you see the high-end play for 98 seconds."

Feeling nervous and embarrassed, Mu Xiaoqiao felt a mess in her mind. I don't know what the "bad thing" Qin Ming did to her, kiss her? Did she sleep? Touch her?

As a result, Qin Ming poured cold water down his head and face. He actually faced her without clothes and played minesweeping games all morning?

"Tsk..." Mu Xiaoqiao's mood immediately sank. She stroked her hair and held her head, feeling uncomfortable in her heart. Is she not attractive? I've been married for a few months, and I'm still a virgin. I guess no one will believe it.

From junior high school to university, she was the most popular girl in the school. There was not one of them. There were more people chasing her.

Why is it all sorts of disliked being left here by Qin Ming?

Qin Ming took a set of his clean clothes and said, "Your skirt is dirty. Don't wear it. Put on my clothes. It's almost the afternoon."

“Huh?” Mu Xiaoqiao checked the time. It was already one o’clock in the afternoon, which meant that the whole team had waited for her to sleep and didn’t leave?

This team must be led by Qin Ming, that is to say, Qin Ming guarded her all morning, waiting for her to rest before leaving?

Mu Xiaoqiao felt warm while holding Qin Ming’s clothes. Qin Ming’s behavior of doting on her made her very happy.

Not long after, Mu Xiaoqiao was also ready, and everyone planned to continue to set off for Lin’s Dazhai.

The one-hour journey is neither long nor short. Lin Yurou is obviously accustomed to walking in the mountains. She can navigate the rugged roads and walk fast.

Needless to say, Aaron, Bi Yuan, and others are simply walking on the ground.

After all, Qin Ming is a man with good physical fitness and can keep up.

But Mu Xiaoqiao got more and more uncomfortable as she walked, and almost fell several times, and she was not physically as strong as Qin Ming and the others.

Qin Ming watched her walking hard like this, dripping with sweat. He kept gritting his teeth and insisted. He simply squatted down, patted his back, and said, “Come on, I’ll carry you on my back.”

Mu Xiaoqiao was startled, biting her lip, looking at Qin Ming’s back, her heart was warm, she gently leaned on Qin Ming’s back and said, “I, I’m holding back.”

Qin Ming raised his mouth confidently, and said, "It's okay, with me, who dares to say that you are not a word?"

Qin Ming's domineering words made Mu Xiaoqiao snicker happily.

"Am I heavy?" Mu Xiaoqiao asked.

Qin Ming turned upside down and said, "It's okay, not too heavy."

"Hehehe." Mu Xiaoqiao raised the corners of her mouth happily and hooked Qin Ming with her arms, with a happy expression on her face.

Lin Yurou, who was on the side, looked at the two of them, but felt a bit different in her heart. Why does the beard on Qin Ming's mouth seem a bit sticky?

Fake beard?

Lin Yurou couldn't help slowing down, and suddenly stretched out her hand to grab the fake beard on Qin Ming's cheek.

## Chapter 438

Slap~!

Mu Xiaoqiao was very alert and grasped Lin Yurou's extended hand, without letting Lin Yurou tear off the fake beard from Qin Ming's face, and asked coldly, "Miss Lin, what are you going to do?"

Lin Yurou was startled, but she didn't expect to be stopped by Mu Xiaoqiao. She withdrew her hand and said, "It's nothing, the beard on Mr. Qin's face seems to be fake, why is it falling off?"

Qin Ming hurriedly pressed the fake beard with his hand, shouting danger in his heart. He wanted to recognize Lin Yurou as the one who slept with her. The consequences were unpredictable.

Normal deworming is impossible, and he may still be dangerous.

Qin Ming said: "It doesn't matter if the beard is fake, it's enough for me to have money."

These words made Lin Yurou vigilant, it was Qin Ming's suggestion that she should not do too much and would not borrow money no matter what.

Despite her curiosity, Lin Yurou still hides her ugliness with a smile, leaving nothing behind.

After a long journey for more than an hour, everyone finally surpassed the mountains and rivers and came to a village in Pandi. The terrain is stable, and they can see cooking smoke, terraces, some old wooden buildings, and a lot of low houses from a distance. Looks afraid that there are thousands of households?

In the depths of this mountain, there lives a relatively primitive and conservative village, the Dazhailin clan.

There are a dazzling array of ancient-style buildings, but you can't find two similar ones. There are mountains on both sides, rising into the sky; there are hills, like rockery in the garden.

There are earthy mountains, loess and black soil; there are stone mountains, bluestones and white stones, some are rising slowly, and some are standing steeply.

After entering the village, there was a refreshing breath on the face, which was refreshing. Aaron couldn't help but admired: "This kind of place is also good for old-age care, and the environment is just right."

Lin Yurou proudly said: "Of course, our village is a longevity village. The oldest person is now 106 years old, and many grandpas and grandmas are over 90 years old and are still in good health."

Qin Ming was very curious, and said: "Modern society is urbanized, why are there young people who are willing to live in the depths of the mountains? My parents do not want to live in the village, and they all move out of the town."

Lin Yurou said: "Relying on mountains to eat mountains, relying on water to eat water, this is the treasure left by our ancestors, and it is our root. Leaving here, our Lin family will have nothing."

Gradually walking into the land, you can still see the telephone poles, and the wild dogs on the side of the road barking constantly, but the appearance of Lin Yurou made many villagers rushed to surprise and came forward to greet them.

The most frequently asked sentence is "Did Missy find a way?" Obviously, the Lin clan is indeed in great trouble now, and the villagers are looking forward to Lin Yuanwang's family finding a way.

Clan factions in Southern China are a long-standing problem in history. Even in modern society, such a feudal clan environment still exists.

Lin Yuanwang's family is not only the head of the Lin clan, but also the village head. They control the livelihood of the whole village. The Lin clan is active in western Hunan and has a wide-ranging influence by relying on clan power.

Qin Ming walked along the small roads of the village, attracting the attention of many people in the village, because Aaron and the others are fully equipped, it seems that the villagers feel the danger, and their eyes are a little hostile.

In particular, Along, Bi Yuan and others are all presenting an enveloping attitude towards Qin Ming. They are obviously guarding Qin Ming in the center, and they will not make the local villagers feel good.

Lin Yurou said, "Mr. Qin, I will arrange for you to live in the stockade and rest. I will let Lin Chaofeng and the others return the fifty million that they lied to you, and then let my dad come and talk to you. I hope I can talk to you. Into cooperation."

Qin Ming said: "We are guests, let's listen to your arrangements."

Not long after, the old woman who had a conflict yesterday also rushed over when she heard the news. She pulled Lin Yurou anxiously and whispered a few words in her ear. Lin Yurou's expression suddenly changed, and she hurried to the village.

And the old lady Bai Ying brought the Lin Mingwei caught by Qin Ming yesterday to apologize: "Mr. Qin, thank you very much for escorting our young lady back. There were many offenses before, and the old lady will apologize for those who do not understand. "

After speaking, the old woman bowed deeply. The old woman herself was very old, and she was afraid of her waist folding when she bent over.

The Lin family is a big family in Xiangxi, and Qin Ming expected it to be no unreasonable person. The previous conflict was entirely caused by some juniors cheating on money, so they could not get on the stage, and he was not surprised by the old woman's attitude.

Qin Ming didn't want to intensify the conflict, so he didn't say much.

Qin Ming was indifferent to this and asked, "Is it your ghost at the airport gate yesterday? Or was it Lin Yurou's ghost?"

Bai Ying's sister-in-law was startled, and she knelt down and said: "It was the old lady who misunderstood Mr. Qin on an impulse. Fortunately, the lady stopped me in time. Mr. Qin wants to hate me, and the old lady has no complaints. I am willing to bear it all."

Qin Ming squeezed his fist, Nima, it turned out that it was your old lady, he took a step forward.

Then Lin Mingwei rushed out immediately and said, "This time, it was my idea, Mr. Qin, I will pay you back the money. Where did my grandma offend you, I Lin Mingwei suffered for her."

Da Da Da, the assassination team immediately surrounded the two grandchildren, and some people around the village quickly assembled, holding a hoes, kitchen knives, and the like to surround Qin Ming and others.

"What do you guys do to Bai Ying's wife?"

"Let down the weapon, otherwise we Lin's Dazhai will not welcome you."

"Boy, I warn you, if you want to get out of Dazhai alive, you must recognize your own position."

The atmosphere became extremely hot and dry for a while.

Sister-in-law Bai Ying knelt in front of Qin Ming and shouted loudly: "Don't move. This is my personal affair with Mr. Qin. I am sorry for Mr. Qin. I almost put Mr. Qin in danger. Mr. Qin wants to punish me. No complaints."

Qin Ming watched the elderly Bai Ying knelt in front of him, and then recalled her abduction of Mu Sichun yesterday, like two people.

He looked at the villagers around him who refused to retreat, frowning, and said: "I'll write down that first and see how this itinerary is. I am a layman. If there is grievance, we will answer, and if there is grace, we will answer. You give me remember."

"Yes, yes, Mr. Qin, please here." Bai Ying happily accompanied her smiling face, and reached out her hand to ask Qin Mingdao to live in the unmanned house in Dazhai.

Sister Bai Ying said while leading the way: "Our village chief is not here. I am afraid I won't be able to come back tonight, so please wait for a while. Xiaowei, you are responsible for the good students to entertain Mr. Qin and them, and give you a chance to make up for it."

When Qin Ming and others came to the lobby of Dazhai Diaojiaolou, they found that there were other outsiders. They also had black bodyguards and stood at the door wearing sunglasses, looking very mighty.

When entering inside, Qin Ming was even more shocked, he saw Zhang Quanzhen.

This bad old man, stinky Taoist priest is here? Are you drinking tea slowly? Oh, still touching the bones of the hand with the little girl who was entertained?

Qin Ming became furious when he saw Zhang Quanzhen, and immediately rushed towards Zhang Quanzhen with a knife.

## Chapter 439

"Zhang Quanzhen, you stinky old man, why are you here?" Qin Ming pressed his knife step by step.

The other people in the hall were so scared that they were nervous, except that Zhang Quanzhen hadn't taken it seriously, and was drinking tea calmly.

Qin Ming walked in front of Zhang Quanzhen, pushed his goat's whisker, and put the knife on Zhang Quanzhen's neck, cursing, "Oh, you are so old, you can make me miserable."

Zhang Quanzhen hurriedly said, "Hey, Xiaoqin, calm down. You want to kill me with a single stroke, and it won't do you any good."

Qin Ming looked around, staring at him with so many eyes, he would naturally not do this kind of trickery, but he cut away a handful of Zhang Quanzhen's beard with a single knife, and said cursingly: "Your head is temporarily hanging. On your head, when I'm in a bad mood, I'll come and get it."

After speaking, Qin Ming put away the knife and turned around, and everyone around looked at him in surprise.

"Zhang Zhenren, how many wealthy and wealthy Daoist masters want to cling to, so many people are too late, this young man who popped out dare to cut a handful of Zhang Zhenren's beard?"

"This...what's the origin of this kid? Dare to brush the whiskers of a real man?"

"Isn't it? Zhang Zhen dare to move? The tank in his house can't keep him."

"Why does Zhang Zhenren seem not very angry?"

"Zhang Zhenren doesn't know him as a young man, right now, the rich second generation is really unscrupulous. When he has a few lousy money, he can't afford it, so he won't know the real young rich man when he encounters a hard idea. They are all very self-cultivating."

"Zhang Zhenren estimated that when he moved his mouth, countless people would clean up this kid for him."

Qin Ming listened to the gossip of five men of the same age around him. Behind them, each of them had two bodyguards, each of them delicate and expensive, with extraordinary clothes, like a wealthy, wealthy or a young man.

Qin Ming looked back at Zhang Quanzhen and said, "Old man Zhang, you seem to be quite famous? Should I act like I am afraid of you?"

Zhang Quanzhen was dumbfounded, and said, "Where, there are some false names, and I can't get on the stage. You also know that I rely on Huyou people to eat. After a long time, I will naturally become famous. Why are you here today? The reason should have arrived last night."

Qin Ming said: "How do you know? You are not good enough? Can you count what I met last night?"

Zhang Quanzhen counted and said, "Oh, you ran into trouble last night."

Qin Ming said angrily: "Aren't you nonsense? No trouble, it's not early? You said, what do you want to do this time? You are not good at the beginning, I will come to Xiangxi in person? You deliberately used the radical method. , Lied to me to come to Xiangxi?"

The few wealthy elder brothers looked at Zhang Quanzhen's beard without getting angry, and looked at him.

"Is this guy very background?"

"It doesn't look like it."

"I haven't seen it. It shouldn't be our northern circle."

“Is it in the South? Ho ho, how many can you compare to the nouveau riche in the South?”

“Most of them are acquaintances, otherwise Zhang Zhenren’s temper is not so easy to talk.”

Qin Ming squinted, these people are really annoying, how does he communicate with Zhang Quanzhen, and they still have to take care of it?

Zhang Quanzhen smiled without saying a word, and then said for a while: “No matter, your physical problems, didn’t I tell you the way? It’s your own choice. Didn’t Miss Mu give you that box? Could it be that she Didn’t you get a divorce? She even signed the divorce agreement. Are you still unable to do what you want? Xiaoqin, have you not done everything you asked for? Did I pit you?”

With that said, Qin Ming really couldn’t fault it, but things in the world are so easy, so are there so many contradictions?

Qin Ming cursed again: “You bad old man is very bad, everything is your calculation, now this marriage can’t be done.”

Zhang Quanzhen flipped through his shoulder bag, took out a divorce agreement, and said, “This is the divorce agreement that you lost on that day. You all wrote your name. I took it back from Auntie Sweeper. You took it and gave it to Mu. Miss, I promise you will be successful.”

Qin Ming looked at this divorce agreement, it was really the one he had written, and there was still a splash of water from Mu Sichun on it.

Qin Ming asked, “Didn’t Mu Xiaoqiao say that this has been lost by Auntie Cleaning?”

Zhang Quanzhen said: “Ho ho, to be honest, I happened to pass by the bar that day, and I took it away after you left. Maybe that auntie mistook someone else’s for yours. That’s it. Xiao Qin, don’t talk about

me. If you haven't completed the task, you take it to Miss Mu. She probably will leave with this thing immediately, so she won't continue to interfere with you."

There was a storm in Qin Ming's heart, and Zhang Quanzhen was not found in the nightclub that night, and Zhang Quanzhen's behavior became more and more mysterious. He must have some purpose!

Qin Ming feels that he hasn't jumped out of his net yet, what exactly does he want to do?

Qin Ming said with a gloomy face, "Zhang Quanzhen, you want to calculate me again?"

Zhang Quanzhen shouted injustice: "Qin Ming, I am a monk, and I have the professional ethics that I abide by as a Taoist priest. Everything you have encountered so far is your own choice. Our encounter is all fate."

Qin Ming said, "God's will, you ghost, then I will leave now."

Zhang Quanzhen hurriedly took Qin Ming's hand and said, "Eh eh, Xiao Qin, you are here, don't you have a taste of the customs of the Tuzhai clan? Now you are not here for nothing? It is meaningless."

Qin Ming said triumphantly: "Hey hey, look, you bad old man, I know that you want to do something about me again. I guess you owe the Lin family's favor, the Lin family asks you to help, you have to come, but you feel that you can't help this, just say something along the Big Dipper to come to Guangzhou, look for my destined person, which is me, and then fool the Mu's family, let them follow your routine, successfully irritated I then took my routine to the Tuzhai of the Lin clan."

Qin Ming paused, and then said, "The only thing I am not sure about right now is that you put the female Gu worm in Zhao Yuxin's body in the Century Tower that night. Because when you left Guangzhou last time, you knew that I was inside my body. There is a Gu worm, your dog nose is as good as Lin Yurou, right? So you are sure that once I went up to be alone with her in the Century Building that day, something would definitely happen."

Zhang Quanzhen's expression was calm, staring at Qin Ming, but the latter looked at him completely.

Qin Ming's series of reasoning and analysis directly overthrew Zhang Quanzhen's providence and destiny, and seemed to have turned into an artificial arrangement and a game.

Zhang Quanzhen laughed first, in an elder's tone, and denied it: "Xiao Qin, you are so careless, how can I have such a great skill? Some things are not clear at all."

Qin Ming coldly snorted: "I'm afraid you knew some of my details a long time ago, and you hid it in your heart, right? Zhang Quanzhen, you were fooled by me, just tell me, what is your purpose?"

Faced with Qin Ming's aggressiveness, Zhang Quanzhen felt pressured.

Zhang Quanzhen obviously felt that Qin Ming had completely disregarded his practice, and that Qin Ming's wisdom was far less foolish than others.

The two of them chatted with each other for a long time. Mu Xiaoqiao saw Qin Ming holding a piece of paper in his hand and walked over and said, "Husband, what are you talking about? Huh? What is this?"

Mu Xiaoqiao stretched out his hand and grabbed it. Qin Ming snatched it right away, stuffed it directly into his mouth, biting randomly, eating the whole piece of paper clean in Mu Xiaoqiao's stunned eyes.

Qin Ming said: "No, nothing. I have been walking for too long and I am a little hungry. He asked Zhenren Zhang if he had anything to eat. He said he only has paper, hahaha."

Mu Xiaoqiao sighed: "If you don't tell me, I'm not rare. Zhang Zhenren... I didn't expect you to be here. It's a coincidence."

Zhang Quanzhen smiled: “Miss Mu, I have always had a relationship with your Mu family. Alas, I see your face, rosy and happy. Congratulations to your husband and wife for a better relationship.”

Mu Xiaoqiao pursed her lips embarrassedly, and said, “It’s also true that you have been a month old because of Zhang Zhenren.”

Qin Ming rolled his eyes, he pulled Zhang Quanzhen, and said in a low voice: “Smelly old man, you say, what the hell is going on to come to the Lin family? What happened to the Lin family?”

Zhang Quanzhen licked his lips, patted Qin Ming, and said, “You really want to help with this Lin family’s affairs, it will be of great benefit to you.”

## Chapter 440

In the hall of the Diaojiaolou, the young masters sit in rows.

They all talked about the newcomer Qin Ming, and they were curious about his relationship with Zhang Quanzhen, who is famous throughout the country. Why can it be okay to cut Zhang Zhen’s beard?

And Qin Ming also heard some taste from the gossip of these people, this Zhang Quanzhen seemed quite famous.

It’s not that Qin Ming didn’t understand. Two months ago, he was just a student delivering food. The level of wealthy people is not something he can reach.

However, even if he knew it, he didn’t plan to change his attitude towards Zhang Quanzhen, because the old man couldn’t get used to it.

Zhang Quanzhen sat with Qin Ming, and Mu Xiaoqiao made tea for the two of them. At first glance, it seemed that the two big men were going to talk about major national events.

Zhang Quanzhen lowered his voice and said, "Actually, the Lin family's affairs are their own internal affairs. It is embarrassing to say it, so not many people know about it."

"The Lin family has a door-to-door son-in-law who was originally a side relative of the old Qin family in Haishi, named Qin Weiyuan."

"As a side relative of the old Qin family, Qin Weiyuan has no abilities and a low status. He is often suppressed by relatives and friends. Later, he became the son-in-law of Lin Yuanwang's eldest daughter. After marriage, he has no children."

"In fact, things like wealthy families are often capricious. Qin Weiyuan's father suddenly got the old Qin family's respect and took charge of a lot of business. The status of this side relative naturally relied on the old Qin family in the sea market to increase the tide."

Qin Ming listened, it turned out to be the old Qin family in Nahai City. Recently, I often heard its name. As a world-class giant, he also had many business dealings with the Universe Century Group. Song Ying had not recommended Qin Ming to start with it.

Qin Ming said: "The family has a status, so Qin Weiyuan is going to get a divorce, but the Lin family refuses, so there is a conflict?"

Zhang Quanzhen shook his head and said shamelessly: "Just talk about divorce, and he wants to leave, but the Lin family will still keep him? When Qin Weiyuan entered the marriage, relying on the protection of the Lin family to live a good life, now as a white-eyed wolf, he is naturally spurned. ."

“Qin Weiyuan does want to divorce, and the Lin family agreed, but Qin Weiyuan wants to take away a large number of rare species in order to divide the insect-raising sutra run by the Lin family for generations.”

Qin Ming’s heart moved. It turned out that the Lin Family in Xiangxi was not only engaged in tourism, but also in breeding?

He said, “Isn’t that wishful thinking? A door-to-door son-in-law, who was accepted by the Lin family when he was suffering at first, but now that my dad has made a fortune and wants to leave, he still asks for the foundation of the family’s peace of mind and life?”

Mu Xiao Qiaojiao on the side suddenly looked at Qin Ming with complicated eyes. Compared with the others, it seemed that when Qin Ming was leaving before, he didn’t ask for anything from the Mu family, and she also helped the Mu family a lot.

Really, they are all door-to-door son-in-laws, and the gap is not small.

Zhang Quanzhen also said: “Then Qin Weiyuan is now backed by the old Qin family. In addition, he has been scorned and bullied by some villagers in the Lin family because he doesn’t have a production here, and he can’t raise insects. Not much to be seen. After this period of wealth, Qin Weiyuan’s temperament changed drastically, became defiant, arrogant and domineering. Seeing that the Lin family did not compromise, they directly bombed the worm valley where the Lin family kept insects. All valuable insects were all destroyed. No more.”

Qin Ming asked curiously: “This is all exploded, meaning that the Lin family has worked hard for so many years and was destroyed by that Qin Weiyuan?”

Zhang Quanzhen said: “Yes, the Lin family has a set of insect breeding techniques. Except for some rare and rare insects, a small insect is worth a lot, and millions are not uncommon. There are also some that are used for medicinal materials, and they have already received orders. , If you want to deliver goods to people, you are now also facing sky-high liquidated damages. There is also the most mysterious Gu worm passed down by the Lin family, which has also suffered heavy losses. To regain vitality, a lot of money is needed.”

Qin Ming said: "Then why didn't that Qin Weiyuan be arrested?"

Zhang Quanzhen said: "Without evidence, all the accusations are meaningless. Qin Weiyuan has no evidence of his absence, so he can't be proved. On the contrary, he caught the person who bombed the valley, but he didn't ask anything. Then the person died or died. Yu Lin's Gu. Once the scapegoat dies, there is no evidence of death."

Qin Ming felt stunned, because there was no evidence, so he felt confident.

Qin Ming said: "A door-to-door son-in-law has almost wiped out the entire Lin family's wealth. Lin Yuanwang is really embarrassing. Then the Lin family should always have some money? Can Dongshan get up again?"

Zhang Quanzhen laughed: "Lin Yuanwang is a wealthy man and a benevolent person. Whenever people ask him to borrow money, he will give it. He never makes an IOU, and he often donates money for charity, so he doesn't have much money, but he is a friend full of money. In the world, when something happened to him, few people were willing to go all out to help him. At most, he borrowed tens of millions, which was the sky. If you want to restore the ecology of the entire Worm Valley, no more than tens of billions will be impossible, and there will be a large number of orders. The liquidated damages of the contract are also astronomical."

Zhang Quanzhen pointed to Qin Ming again, smiled mysteriously, and said, "The Qin Grandpa from the old Qin family, because of the face he has been with the Lin family for many years, he borrowed 60 billion yuan to tide the Lin family through the difficulties. But because of your stall. In fact, Qin Weiyuan is also a member of the old Qin family. After Lin Yurou's marriage hit a wall in the sea market, Lin Yuan hoped to get up with a stubborn temper, and rejected the 60 billion Yuan from Mrs. Qin."

Qin Ming became depressed, and said, "Old man Zhang, what do you look like? Although my surname is Qin, I have nothing to do with the old Qin family in Nahai City, okay? Lin Yurou runs into a wall with the old Qin family, so what do you do with me? ?"

Zhang Quanzhen stroked his beard badly, and then lowered his voice: "Xiao Qin, don't pretend to be confused, why did the bug in your body come? Did you get it out of thin air? Were you in the country two months ago? Nie Haitang? Wasn't Nie Haitang cheated by his mother to go on a blind date with someone from the old Qin family? Was Lin Yurou also in the same place?"

"Lin Yurou thought you were Qin Zhongbai who hadn't seen you for many years, but she confessed to the wrong person. You were guilty of you and you were planted with Gu worms. Later, Lin Yurou went to the old Qin family to reason, and Lin Yurou knew that she had admitted the wrong person. Neglecting, and being insulted at her for being shameless, licking her face and wanting to marry into a wealthy family, you said that you didn't play a vital role in this?"

Qin Ming's face condensed, and he looked back at Mu Xiaoqiao next to him. Fortunately, she was not listening at the moment.

He leaned his head and approached Zhang Quanzhen, and said, "Old man Zhang, you are quite well informed, and you are quite good at analyzing intelligence."

Zhang Quanzhen said triumphantly: "Where, the poor Dao pinches and counts, you know what's going on in the world."

Qin Ming understood that the root of the Lin family disaster was caused by a son-in-law who came to the door. It was really unnerving.

Qin Ming asked strangely: "Then you said, helping the Lin family is also good for me? What is that?"

Now Zhang Quanzhen smiled and said: "Leave aside, it's not the biggest benefit to just help you get the gu worm out of your body? And letting you help is not for nothing, and the interest will not be less in the future."

Qin Ming said, "Oh, you're so old, you're selling me again?"

He was about to bury Zhang Quanzhen in a few words, and a handsome man with a face like Fu Yu walked next to him. He said directly: "Zhang Zhenren, just saw you and this little brother have been talking, presumably the young master of some rich man, but I Looking at Miansheng, I don't know what to call it?"
