

Chapter 466

Qin Ming felt that if Chang Hongxi hadn't operated it secretly, he should have found Nie Haitang early in the morning.

This feeling of being obstructed made him very uncomfortable. He likes freedom and dislikes being arranged. This has always been Qin Ming's bottom line and principle.

Even though it was Chang Hongxi, who gave him great wealth, neither could he, nor his parents, let alone being a foster father.

After Qin Ming found Nie Haitang, his mood became a lot easier. He knew that she was doing well and she was still studying.

But she should have been monitored, which puts her in a dangerous situation.

Qin Ming had a strange idea. One day, will Chang Hongxi use Nie Haitang to blackmail him?

But this idea was quickly left behind by him: "How is this possible? The adoptive father is dying. Because of a green head, his wife's betrayal, and his children are not biological, he becomes paranoid. At first I wanted if he didn't agree to inherit everything from him, he only gave me a sum of money and let me go."

Qin Ming felt that Chang Hongxi had no reason to harm him. After all, he was originally a poor boy who sent him outside every day and went to the bar in the middle of the night, so poor that Li Meng disliked him.

"Foster father's desire to control is too strong." Qin Ming sighed secretly: "Since ancient times, princes have liked to control people, and they are not allowed to disobey the slightest."

After Qin Ming found Nie Haitang's message from Yang Wei, he went straight to the party branch of the university and found President Liao without stopping.

Qin Ming said, "President Liao, I want to ask you for a favor. Do you have any contact with the teachers at Tsinghua University? I want to ask their teachers to find Nie Haitang now, and I want to talk to her."

It is safest for Qin Ming to contact Nie Haitang through the teacher channel.

If he ordered his subordinates or Qi Mingxun in Beijing to find Nie Haitang, it would not only take time, but also might be discovered, putting Nie Haitang in danger.

And college teachers are looking for students, is that abnormal? If someone around Nie Haitang is watching, it is absolutely impossible to be discovered.

This is a trick to hide from the sky, to ensure that no one will know.

President Liao said: "Tsinghua? I know Professor Ma of Economics and Finance. I can contact him. Hey, no, Nie Haitang seems to be a student in our school. There was an accident at home this semester. Did you go to Beijing? Tsinghua University? This is really amazing."

Qin Ming sneered, yes, he has stepped into the highest school in our country, much better than their China University of Technology.

After a while, Principal Liao handed over the phone and jokingly said, "I have found someone. You are awkward? Why do you want me to help you contact me?"

Qin Ming swallowed his saliva and answered the phone with a tremor. After looking for two months, he had been obstructed by Chang Hongxi's staff. Now he finally found it. He was very excited.

“Hello? Principal Liao?” On the phone, Qin Ming heard the familiar voice again. It was Nie Haitang’s voice. Qin Ming’s body shook and the chrysanthemum tightened. He really missed Nie Haitang too much.

Principal Liao wisely sat a little farther away from the office, leaving enough space for Qin Ming.

“Hello? Is this Principal Liao?” Nie Haitang asked again.

Qin Ming took a deep breath and said, “Kou Xinling...Begonia?”

Nie Haitang on the phone was also choked. She listened to the voice in her ears in disbelief. The university teacher said that a previous school teacher called for her. She was still curious about what was going on, but it turned out to be Qin Ming’s voice.

Especially when he said the pseudonym “Kou Xinling”, it was obvious that Qin Ming had known something during the last call.

“Qin Ming...” Nie Haitang burst into tears, and Qin Ming still found her.

“Hush...” Qin Ming made a silent gesture and said, “Don’t get excited, first call Teacher Qin to calm down.”

“Qin, Teacher Qin...” Nie Haitang immediately smiled shyly. Is Qin Ming teasing her? Or take her advantage? But no matter what the situation, her heart was still very excited, and Qin Ming never let her down.

Qin Ming finally found her, and in such an unexpected way.

Qin Ming was also extremely happy, his heart was beating faster with bad reviews, and hearing Nie Haitang's voice made him so happy.

After a while, Qin Ming calmed down and said, "Student Nie Haitang, do you miss me?"

Nie Haitang looked at the teacher next to the office, and responded shyly: "Yeah."

Qin Ming quickly asked, "How are you doing in these two months?"

Nie Haitang said, "Well, it's okay, although it's not as easy as before."

"Tell me a bank card number that you don't use frequently." Qin Ming said immediately.

Nie Haitang's heart immediately filled with warmth and sweetness. Their Nie family had nothing to do with the wealthy. They were just ordinary people. The hardship of life and the pressure of making money made Nie Haitang almost breathless.

Qin Ming also suffered hardships. Nie Haitang was very moved when he thought of Nie Haitang being spoiled and spoiled. It must not be easy to directly violently make money. Nie Haitang was very touched by this concern.

"621..." Nie Haitang didn't pretend to be hypocritical, and reported a bank card number. She really needs money now. If her boyfriend sends her money, she wants it.

Qin Ming said: "I will give you a hundred million first."

Nie Haitang's eyes were so excited that she almost burst into tears. She felt a lot of 100 million yuan before, and now it is an astronomical figure. This money can directly relieve her family's financial pressure, especially the medical expenses of her father Nie Jianmin.

Qin Ming made money and asked, "Are you under surveillance now?"

Nie Haitang whispered: "Well. The other party threatened the life of my family and refused to let me contact you. I don't know which person around me is theirs, and I'm very cautious about everything."

When Qin Ming heard this, his heart was frightened, and his adoptive father's move was too cruel, and it had already touched his bottom line.

Does he have to marry the Zhao family?

Qin Ming can't figure out the calculations of the adoptive father now. Does the adoptive father believe in his ability?

Qin Ming said, "Because of some of my circumstances, I am different from before. I have wronged you."

Nie Haitang bit his lip and said, "Don't be wronged, you'll be fine. Are you safe now? Will those foreign mercenaries hunt you down?"

Qin Ming said: "I'm fine, don't worry. I was forced to have a blind date with the rich girl appointed by my adoptive father, and he forced me to marry another woman."

Nie Haitang felt sad and said, "He also told me. Qin Ming, what should we do?"

what to do? Qin Ming also had a very headache here. He was silent for a while, knowing that the one who should come is still coming.

For Qin Ming, it was not the blind date of the Zhao family that had a headache for him, but the insistence of his adoptive father, and Mu Xiaoqiao.

Qin Ming took a deep breath and said, "If you want to make you safe and free, we can only really break up."

"..." Nie Haitang was startled. She couldn't believe that Qin Ming said this. Qin Ming wants to break up with her?

Qin Ming continued: "Nie Haitang, this is a punishment for you. Punishing you for leaving me without saying goodbye twice. It is also a punishment for me because I have done what I am sorry for you."

Nie Haitang's tear glands couldn't be stretched all of a sudden. He remembered that that night, Qin Ming sent a photo of him sleeping with other women on his cell phone. He called Qin Ming secretly before, and there were sounds of other women bathing him.

In an instant, Nie Haitang's two lines of tears shook down for an instant, and said anxiously: "Do you have someone you like? Do you want me? Don't you love me?"

Qin Ming bit his lip and said in a low voice, "I still love you. But I like other women again. I can no longer ignore her."

Nie Haitang bit her lip fiercely. If this was not the teacher's office, she would have collapsed and cried.

Aren't you empathizing?

Qin Ming said: "Haitang, don't be sad, listen to me first. It started when you lied to me to get cancer. Because I was worried about you, I was fooled by an old miscellaneous Taoist..."

Qin Ming told about the family affairs that was so stupid at the beginning of Zuzumu, he told Mu Xiaoqiao about the failure of the divorce, and also the touch of the trip to Xiangxi, and now Nie Haitang is being monitored by Chang Hongxi. , The weird behavior that forced Qin Ming and Zhao's family to go on a blind date has been said.

Finally, Qin Ming said: "I already owe Mu Xiaoqiao too much, and I must also worry about the oppression of my foster father and your safety. At the same time, I also regret that my will is not firm. Therefore, I divorced Mu Xiaoqiao. I will also break up with you and give her an explanation so that the foster father will no longer send someone to monitor you. In this way, when I finish dealing with the affairs between the foster father and the Zhao family, I will fairly follow my own will and deal with you two properly. With me..."

"I won't lose."

Before Qin Ming finished speaking, Nie Haitang immediately said, "I won't lose to her! I'll wait for you, Qin Ming, you must be careful."

Qin Ming was startled, his heart warmed, and said, "Begonia, don't you blame me?"

Nie Haitang bit his lip and said, "I don't blame you. I know you can't help yourself. I didn't have a firm will and left you. You must be very sad. I hurt you. I blamed me... I didn't expect you. For me, they have done so many things, and have been deceived into making people into trouble. They only want me to be safe, they are too deceptive."

Qin Ming said with emotion: "Yes, both of us are too young. We have been deceived many times, so we can take precautions in the future."

Nie Haitang said again: "Miss Mu, I know her. She is a very good woman, but I will not lose to her. Qin Ming, I like you. Next time, I will not let you slip away from my palm. of."

Qin Ming was very surprised. Nie Haitang was not angry and forgave him.

He was also very entangled in his heart. He discussed with Mu Xiaoqiao that night that if he wanted him to forget Nie Haitang completely, then he had to let them have a fair love completely and let Qin Ming follow his original choice.

Mu Xiaoqiao agreed. She divorced Qin Ming and Qin Ming broke up with Nie Haitang. When Qin Ming handled the internal affairs of the group, no one could restrict Qin Ming. Then, how should the three choose between? Then start again.

It seems absurd behavior, but it is also the best method Qin Ming can think of.

Because Qin Ming can neither ignore Mu Xiaoqiao nor keep Nie Haitang under surveillance.

So Qin Ming thought of breaking up all of them, not thinking about women, focusing on his career, and after he completely took control of the World Century Group, he would consider matters between men and women.

Qin Ming has never touched Mu Xiaoqiao and Nie Haitang, and he has a clear conscience.

Because even if Qin Ming ignores Nie Haitang, once Chang Hongxi knows about him and Mu Xiaoqiao, I am afraid that Mu Xiaoqiao will suffer as well, because Chang Hongxi asked him to marry a woman from the Zhao family. The attitude is too determined.

The key problem is that Qin Ming is still just a “prince” and has not truly been crowned the “throne”.

The two chatted for a while before Qin Ming hung up the phone in melancholy.

His layout has officially begun.

Chapter 467

Qin Ming felt a little melancholy, and he didn't know if he was doing it right.

But he had to do this. He thought it was difficult to obtain Nie Haitang's forgiveness, but Nie Haitang forgave him easily.

Similarly, at Mu's house that night, he presented his ideas to Mu Xiaoqiao. Mu Xiaoqiao was also willing to wait for him and promised that he would not marry. It was just the news that the two had secretly divorced, without notifying Mu's family.

As long as Mu Xiaoqiao wins over Nie Haitang, Qin Ming will stay with her in the future.

The two women that he couldn't let go were willing to believe in Qin Ming and were willing to wait for Qin Ming.

He was a little touched, because he knew that Nie Haitang and Mu Xiaoqiao really liked him, only then would they forgive Qin Ming, would be willing to wait, and would not admit defeat.

If you have such a confidante in life, what can your husband ask for?

Qin Ming took out his cell phone and called Chang Hongxi.

Qin Ming said straightforwardly: "Foster father, remove all the people around Haitang. I broke up with her."

Chang Hongxi, who was on the other end of the phone, sat up from the hospital bed, very surprised.

Immediately, he smiled and said: "Good boy, I can't hide from you so soon, okay, I admit that I have been sending people to monitor your little girlfriend, but I want to protect her, not to hurt her. Before someone investigated her, I was blocked."

Qin Ming said unhappily: "Foster father, you have touched my bottom line twice. This is the final concession. I will make a blind date with the Zhao family and consolidate my position in the group. And you Stop harassing her normal life. She is a girl who lives under surveillance all day and will soon be insane."

Chang Hongxi gasped and said, "Cough cough cough...Well, you really broke up, I believe you too. I will send you the list of surveillance personnel around her, and you can evacuate them yourself. Zhao You must do your best to get things at home. I'm all for your own good, my child. You will understand me later."

"Understand your sister." Qin Ming said in his heart: "arbitrarily arrange my life, it is not good for me, but makes me uncomfortable."

Qin Ming hung up the phone, and Song Ying quickly got the message. Qin Ming asked Song Ying to arrange the people and get rid of them all.

Nie Haitang, who was far away in Beijing, suddenly happened. The three girls in his dormitory were suddenly dropped out of school. Two teachers, the security guard at the door of his apartment, and the receptionist of the new company of his eldest brother, all suddenly resigned. Quit doing it, without any reason, the people disappeared that day.

When those people disappeared, Nie Haitang was too scared. She vaguely guessed that Qin Ming did it. Those people might be the killers who monitored her. She didn't expect Chang Hongxi to plant so many people beside her and her family.

She marveled at Chang Hongxi's ability and his methods were very scary.

“Qin Ming, you must be careful.” Nie Haitang prayed silently for Qin Ming again in his heart: “I’m waiting for you, the day when I control the whole region.”

Although she didn’t know much, Nie Haitang’s sixth sense told her that Qin Ming’s situation was not as good as it seemed. In order to save her, Qin Ming had to go on a blind date with a woman she didn’t like.

Nie Haitang said silently: “I must become strong as soon as possible. I can’t just rely on Qin Ming, otherwise he will be snatched away by Mu Xiaoqiao.”

After Qin Ming took away the person arranged by his adoptive father Chang Hongxi from Nie Haitang, his mood was a little better.

Qin Ming said in his heart: “This may be a wealthy family. For the sake of power and status, children are chess pieces, and the victims of the wealthy. However, I cannot help but leave my life. Foster father, it is time for you to leave. This world belongs to young people. .”

Qin Ming walked on the road alone on the campus, his mind was thinking about a series of plans.

He wanted to seize power, he couldn’t wait for Chang Hongxi to die of illness, and his foster father Chang Hongxi now thinks that Lafayette must restrain Qin Ming.

There is a lot of uncertainty about cancer, so Qin Ming has always been subject to Chang Hongxi.

He wants to control the power of the big boss of Universe Century Group as soon as possible, if not all, at least let him have the capital to challenge Chang Hongxi.

After this incident, Qin Ming was extremely eager to gain power. From becoming the heir of the world's richest man, he first tasted power and is now restricted. This feeling of restricted power makes Qin Ming very uncomfortable.

He aspires to be the only one, the only one of the super enterprise of the World Century Group, and the pinnacle of power.

Without power, even the girl she likes can't protect, and she feels aggrieved.

At night, Qin Ming obeyed Feng Dongxiang's arrangement, and he had a blind date with the girl sent by the Zhao family for the second time.

Feng Dongxiang's arrangement came sooner than expected, but Qin Ming didn't have much opinion. It was resolved sooner and his plan could be carried out sooner.

Feng Dongxiang still looks like that, unsmiling, and dressed in an old fashioned style. After seeing Qin Ming, he introduced: "Master, the girl who came this time is very important. It is the direct grandson of Zhao Zhen from the Zhao family, called Zhao Xinran, younger than you. At the age of one, she has been studying at the Miss British Aristocracy School since she was a child, majoring in finance and economics. She has lived abroad since she was a child, and her personality is biased towards European and American women. She is more acceptable for capable men to mess around with men and women, which is in line with your demanding requirements."

"..." Qin Ming was speechless, Feng Dongxiang, you can really find a woman for Lao Tzu.

To be honest, Qin Ming feels that he is not bothered. He has always liked Nie Haitang. However, after his trip to Xiangxi, he quietly added Mu Xiaoqiao in his heart, but Qin Ming still feels that the two girls can only choose one of them. That's why there is a situation where two women wait for him like this.

As a result, Feng Dongxiang directly arranged for him a woman with Western thoughts, which was thoughtful.

It was the private room where Zhao Yuxin had a blind date last time, or the music team, but this time Qin Ming had an extra bouquet of flowers in his hand.

Qin Ming walked in with a flower in his hand, and saw a girl with curly hair at the tea table. She had a very good figure and could be regarded as a "beauty".

And there is a strong scroll scent on the other's face, which is quite intimacy.

"Zhao Xinran, hello, my name is Qin Ming." Qin Ming politely handed over a bunch of blue roses.

Zhao Xinran looked at Qin Ming carefully. After receiving the flowers, he raised Erlang's legs and asked playfully, "Thank you for your flowers. Listen to my sister Yuxin, you are very bothersome, and in front of her, you are wet with your female subordinates. kiss."

Qin Ming laughed: "I didn't like her very much at the time. I just wanted to quickly find a reason to send her away."

Zhao Xinran said, "Oh? You gave me flowers. This is for me? How do you know I didn't see you? Obviously you asked our Zhao family to marry, but the initiative is on my side. I treat you The first impression is not very good."

Qin Ming sneered and said, "Indeed, I don't have any merits, and I am still forced to come for a blind date. If Miss Zhao doesn't like it, I can't help it."

Zhao Xinran said, "But, I don't go on a blind date with you, and I will also go on a blind date with other people, such as the Qin family, the Bai family, and the Wang family... For some wealthy families, my destiny has been arranged by my parents. I can only be short. Go higher."

Qin Ming murmured inwardly: “Since you know that you can’t help yourself, you still have so many opinions? Don’t say that I’m so rare for you.”

Zhao Xinran said again: “I heard that you gave me Sister Yuxin the condition of guaranteeing wealth and the status of his wife, and playing their own roles after marriage, right?”

Qin Ming nodded: “Do you think this condition is suitable?”

Zhao Xinran nodded and said, “I am more concerned about playing with each other after marriage. I also like freedom, and I don’t like being restrained.”

Qin Ming was startled and asked, “Then what do you mean?”

Zhao Xinran said: “I mean, let’s find a time to get the certificate. After I get married, I want a monthly living allowance of 100 million pounds. This is not too much? If you are married, you have to inform me in advance. If you need it, I will not. If you refuse you, I will only give birth to two children. You can’t control me for the rest.”

Puff...Qin Ming’s heart spurted out old blood.

Feng Dongxiang, you found me a real best!

Chapter 468

Zhao Xinran said naturally: “After marriage, I naturally won’t care about you. You can do whatever you want with which woman you like. You can’t care what I do. You have to sign a prenuptial agreement with three chapters. Also, if you want to get a divorce, you have to compensate me for a breakup fee of not less than one trillion yuan.”

Qin Ming turned his head faintly, staring at Feng Dongxiang, and staring at Feng Dongxiang panicked. It was obvious that Qin Ming was angry.

Qin Ming wouldn't be angry, he was just playing on the spot, he just felt a little disgusting, and he had seen such a scumbag woman.

Feng Dongxiang was also a little embarrassed. He knew that Miss Zhao, who had been studying in a foreign aristocratic school, was open-minded, but he did not expect to be open to such an extent.

Feng Dongxiang thought to himself: "It seems that we can't agree to talk tonight. Oh, how did the Zhao family educate such a woman? Zhao Songzhi wants to know that his little daughter has become like this, I am afraid it is not going to vomit blood with anger."

However, Qin Ming said: "No problem, this is good, I have no objection."

Zhao Xinran was taken aback, and then asked, "If you have no problem, then it's okay. Then when shall we get married?"

Qin Ming said: "As you like, but the process of marriage may be more complicated. After all, my identity and your identity are not simple. This is a very influential matter. You wait for me to arrange, I will notify you, I still want to finish my studies first, so I have an engagement ceremony first. After I graduate, we will get married. How about?"

Zhao Xinran replied: "Okay, everything depends on your arrangement."

Qin Ming smiled slightly, and said, "Okay, I'll be out of company first."

Qin Ming led Feng Dongxiang to the office and said, "Old Feng, you see that today's blind date has been successful, so you can be responsible for the communication with the Zhao family."

Feng Dongxiang frowned and asked, "Master, how do I feel that you are a little reluctant? Is it true that Miss Xinran is okay? There are still many outstanding women in the Zhao family. This one doesn't like it, but you can actually replace it."

Qin Ming said, "No, just this one. You see how free and easy people are. Marriage is nothing more than a profit bargain. I don't need the support of my own life. Moreover, I do need the support of the Zhao family. Right?"

Feng Dongxiang was depressed, he could not tell whether Qin Ming was truthful or ironic.

But he said: "Master, since you are willing to marry Miss Zhao Xinran, then I have no objection. Miss Xinran is the eldest son of Zhao Zhen and the youngest daughter of Zhao Songzhi. She is very much loved. It is estimated that soon, in the highest board of directors, the Zhao family will support the young master to inherit the group, and the young master's support rate has reached 70 or more. Congratulations, young master."

Qin Ming smiled faintly: "Ho ho, man, always grow up, interests are everything, power is the most important, right? Giving up unrealistic love and embracing power is the most correct thing."

After Qin Ming finished speaking, he asked curiously, "Is Zhao Zhen the head of the Zhao family?"

Feng Dongxiang said: "Yes, young master, Zhao Zhen is the most important person in the Zhao family, and his words are also the most useful. Without telling the young master, I was also his student."

Qin Ming's heart moved and rubbed, it's no wonder that you guy is so biased towards the Zhao family, because you have this relationship.

Feng Dongxiang immediately said: "However, I am absolutely loyal to the young master. After all, I am still one of the four elders of the group. I have followed Chang Lao very early. Since Chang Lao wants the young master to inherit the group, I will also be the young master. Effectiveness."

“Hoho.” Qin Ming sneered, and when I found a chance, he would take you down.

Qin Ming said: “Well, you will prepare two gifts for me, one for Miss Zhao who came to blind date from a long distance, and one for Zhao’s family. Our marriage will be temporarily settled. After I graduate, I’ll marry Zhao Xinran.”

Feng Dongxiang asked: “Young Master no longer talk to Miss Zhao?”

Qin Ming said coldly: “I have agreed to get married, what else can I talk about? You ask her if she wants to sleep with me tonight, come up with me if I sleep with me, and I will make arrangements early if she doesn’t sleep with me.”

“Yes.” Feng Dongxiang frowned. Qin Ming is too dull and lacks his usual personality, but he can only do it.

At this moment, Zhang Xinran looked at the mirror in the toilet in the living room of the blind date, blushing, washed several times with cold water, and exhaled.

“I’m so ashamed to say such a shame.”

Zhang Xinran patted his cheeks and muttered: “What should I do, what should I do? How can I behave like a scumbag, he actually agreed? Is that person a crazy person? He still agrees to the cost of 100 million pounds a month? It’s great to have money. what?”

“Woo...Didn’t Sister Yuxin say that it is easy to talk about collapse?” Zhang Xinran bit her lip, rolled her eyes very uncomfortably, and said: “Sister Yuxin originally planned to marry this young Qin to change her status in the family, but I He was forced to come by his parents. Ah... Why does he like scumbags? I had known that I would pretend to be a good girl.”

At this moment, someone walked in outside the toilet, isn't it Song Ying?

Song Ying asked politely: "Miss Zhao, our young master asks if you want to sleep with him tonight?"

Zhao Xinran twitched the corners of her mouth, and then calmly took out cosmetics to touch up her makeup. After a while, she said, "No, I am inconvenient today. What other arrangements does he have?"

Song Ying said: "Our young master said that there are no other arrangements. We will arrange and discuss the engagement ceremony with your Zhao family. Miss Zhao can continue to return to Ying Country to study, or stay in Guangzhou to play."

Zhao Xinran said: "Okay, I know, arrange a private plane for me, and I will return to Ying country later."

Song Ying leaned slightly and turned to leave. After Zhao Xinran saw her leaving, she was greatly relieved, and said, "Hey, is this man crazy? Want to be a prostitute? Is it great to be rich? Ah...Is Zhao Xinran really? Want to marry a man you don't like?"

After Song Ying arranged Zhang Xinran's private jet to return to Ying's country, she went to report to Qin Ming.

Qin Ming nodded, and did not care about the blind date in the same form, and said: "Good job, in this way, the foster father will no longer interfere with what I do in the short term, and my affairs will also start now."

Song Ying asked, "Master, do you have any plans?"

Qin Ming said: "I want to change people. Within one month, all important management cadres in China's domestic industries will be replaced by people who only listen to my orders. All the old guys in

the group will be replaced. Like Zhou Yu and Qi Minghui. Young people like Qi Mingxun should be promoted more and instill the idea that I am their boss.”

As Qin Ming said, he pointed to the latest file on the counter, and said, “Look, the people who monitored Nie Haitang this time were all arranged by Xuanyuanwu. Xuanyuanwu is also an old man in the group and has followed his adoptive father for many years. The foster father gave him an order, but he did not inform me that this Xuanyuanwu must be removed. Whether the assassination team or the business person in charge, they must have a clear understanding. From now on, they can only listen to my order, Qin Ming. , Report everything to me as soon as possible.”

Song Ying was silent for a moment, and said: “Master, there are many reserve cadres. They are very young. Most of them think that Master and Chang Lao are in the same line. If you train them well, they can really be completely loyal to you. But some important positions. The old man from, suddenly withdrawn, had a great impact, especially the assassination team leader, suddenly finding someone to replace it, it was too difficult.”

Qin Ming moved in his heart and asked his personal bodyguard, A Long, and said: “A Long, what good comrades do you have, let them take over Xuanyuanwu’s position?”

Aaron said: “Yes, there are two of them. They are both excellent retired special forces. They have recently retired. What are they planning to do. Master, should I call you in?”

Qin Ming slapped his thigh and said, “I want, I will receive as much as I want.”

Once the emperor and the courtier, Qin Ming, after letting go of his children’s affair, obeyed Chang Hongxi’s blind date arrangement, be engaged to Zhao Xinran, the direct heir of the Zhao family, and began drastic reforms.

At this time, in an old house in Beijing, Zhao Songzhi took the news that his little daughter had a successful blind date with Qin Ming and walked into a quaint, solemn and majestic study.

Zhao Songzhi stood at the door and said to an elderly man in an old suit who was looking at the archives at the writing desk: "Dad, Xinran has a successful blind date with Chang Hongxi's illegitimate son. Feng Dongxiang has asked us to discuss the engagement ceremony."

The action of the elder who was looking at the file stopped. His hair was gray, his eyes were piercing, and his complexion seemed to be just entering old age. He was officially the master of the Zhao family, Zhao Zhen.

Zhao Zhen said lightly: "Show me the information."

Zhao Songzhi immediately submitted some incorrect information of Qin Ming.

Zhao Zhen glanced at Qin Ming's photo and said, "Huh? How come you look a little like your fourth brother's son, Zhao Zhengyan?"

Chapter 469

"The fourth child?" Zhao Songzhi was slightly surprised. Why did his father mention the fourth child at this time?

The fourth son, Zhao Songli, was not the same mother as him, that is, his father was born out of a supermodel. He has a low status in the Zhao family, but the fourth mother and son are also smarter. At the beginning, they did not intend to compete for the family property and the Zhao group's helm. .

Zhao Songli has been doing business abroad for many years. He is a low-key person. He has two sons and one daughter. He has a small business success. In order to avoid being speculated about competing for family property, Zhao Songli's family does not return to Zhao's house during the holidays.

Except for the grandfather's birthday once a year, there are basically no people in sight, and he doesn't stay for one night when he comes.

Zhao Songzhi was quite relieved of his younger brother, and could not threaten him.

He said: "Dad, people are alike and things are alike. This is not surprising. Chang Hongxi's illegitimate son is called Qin Ming, a senior at Guangzhou University of Science and Technology. There is nothing special about raising an ordinary farmer in Baishui Town. He used to fight when he was a child, and he became a crowd when he came to a big city. It was Chang Hongxi who suddenly found him."

Sitting on the desk of the book, Zhao Zhen wrinkled the wrinkles on his face and said, "Chang Hongxi's old fox, ho ho, now he is very ill, wait for the day to harvest. This kid named Qin Ming, he has hidden deep enough, But what can you do at a young age? Send someone to investigate him in detail."

Zhao Songzhi nodded and replied: "I have asked someone to arrange it. Father, the external statement about the marriage is going on as normal? I thought I would hold an engagement ceremony with this kid, and the kid said that he would get married after he graduated."

Zhao Zhen said, "Well, this child has suffered from Xinran. She is a good child, did you force her to go?"

Zhao Songzhi shook his head and said: "Why? She said that she has grown up, and she has to do something for the family. Small sacrifices are not a big deal. The long history of the family is important."

After finishing talking, Zhao Songzhi guiltily lowered his gaze and did not look directly at his father, because he forced Zhao Xinran to go on a blind date with Qin Ming, because he felt that this was an opportunity for him to do meritorious service.

His father is already very old, and as the eldest son, he is bound to win the position of the helm of the Zhao family.

At the critical moment when Chang Hongxi of the Universal Century Group is about to fall, the leader system of the highest board of directors may have to be reshuffled. Although a young boy, Qin Ming, was launched suddenly, no one can predict the future.

But as long as he finishes it during this period of time to make the Zhao family profit, Zhao Songzhi can sit in the position of the helm of the Zhao family.

Zhao Zhen nodded and said, "You are also well-educated. You can organize the engagement ceremony with Qin Ming. It's fine to do it as our Zhao family normally marries a daughter."

Zhao Songzhi nodded and said: "Okay Dad. By the way, Dad, the interests of our Huaxia side are getting less and less divided. Last quarter, we asked Qin Ming to ask for it. At that time, you said that you don't want to ask questions for now. The financial report for the third quarter came out. The distribution of income across Asia and even some islands in the Pacific still didn't say hello to us."

Zhao Zhen said: "Why? In the two quarters, only a few hundred billion dollars, I can't sit still? Don't underestimate Chang Hongxi, he has the skills of his old son Chang Dekai, and I am also afraid of Chang Dekai's back then. Chang Hongxi is also an individual talent and an old fox, so I can't underestimate it."

Zhao Songzhi said: "But Dad, the distribution of the group is becoming more and more unstructured. Chang Hongxi certainly controls the power. Those interests are in the name of the group. In fact, it is not him who has the final say? Now he wants to let Qin Ming inheritance, we should take action, and can't let that Qin Ming hold it so comfortably."

Zhao Zhen shook his head and said, "Not only China and Asia, but also the third-quarter financial reports of Oceania, Eu, and Southern Magnesia have been handed over to the illegitimate son. It looks like that kid is a fledgling boy who is easy to bully. But the latest news is that we are assassinating. The "nails" of the team have all been pulled, some important aerospace technology and important management of the energy industry, our people have also been replaced, the kid's method is not simple."

With that said, Zhao Zhen threw the file he had been looking at to his son.

Zhao Songzhi took it and looked at it. It was a file of intra-group personnel transfer recently issued by the Universe Century Group. Sixty percent of the people in it were "nails" that were secretly inserted by the Zhao family. By coincidence, they were all caught by Qin. Ming changed.

Zhao Songzhi furrowed his brows and said, "How did he find out? This Xuanyuan Wu...has been lurking for fifty years, so why...this...this is no different from retirement."

Zhao Zhen tapped his finger on the table and Shen Shen said, "I guess things are not that simple. Chang Hongxi, an old fox, is really letting go and giving power. It seems that he is really dead soon. He is also worried about his illegitimate son Qin Ming. Unstable, I want to marry our Zhao family. This has both advantages and disadvantages for both of us."

Zhao Songzhi said: "Why don't you have the same routine as Cousin Zhao Qing again? We are clever and smart. It shouldn't be a big problem to manipulate a soil kid who grew up in the country."

Zhao Zhen expressionlessly scolded: "How many times have I said, don't be arrogant, don't think people are so stupid, and think you are smart. It took a lot of effort for me to arrange for Zhao Qing to marry Chang Hongxi. Qin Ming... From the face of it, it's not easy. It would be nice if my junior brother Zhang Quanzhen was there."

Zhao Songzhi said: "Zhang Zhenren...I heard that a while ago he helped the Lin family in Xiangxi survive a catastrophe. The Lin family is not as good as a year, but the dead camel is bigger than the horse. The old Qin family wants to fuck him, but Zhang Zhenren helps to settle the situation. . Dad, if you want to find it, I will send someone to find it."

Not knowing what happened, Zhao Zhen suddenly jumped into a thunder and angrily cursed: "What to look for? Have I ever said to look for? You have to ask others for everything, are you all rubbish? First wait and see, don't act rashly, behave. Low-key."

Zhao Songzhi was scolded for no reason, but he didn't dare to talk back. He only responded with a few words and went out.

Zhao Songzhi sighed when he got out of the study. When his sister talked about Zhang Zhenren, his father would be furious, and he didn't know why.

However, Zhao Songzhi doesn't care about these.

He murmured to himself: "Now I have the initiative. No matter what happens to Qin Ming in the future, my daughter is his wife, so I can handle his relationship. I can have the right to speak in the Zhao family, and I will inherit it in the future. The chances of the Zhao family are greater. Hoho, we are pretty and likable in our hearts. The second brother's daughter, Zhao Yuxin, is far behind, and she is still an illegitimate daughter. Hoho, the identity is much worse."

At this time, in Guangzhou City, after Qin Ming gave orders, Song Ying also promoted a lot of young people in accordance with his instructions, and asked Qin Ming to have a lot of meetings and exchanges.

In the past month, the provincial team leaders of the Universe Century Group in China have been replaced for various reasons, and a number of young and energetic new faces have been successively replaced.

Qi Yundong, the head of the industry leader in Guangzhou, did not change. Qin Ming had some scruples about Qi Yundong.

Hou Qing's Zhou Yu and Qin Ming also directly promoted to the north to cooperate with Qi Mingxun, stabilize the profits of various industries and business operations, and avoid too many personnel transfers that would affect the business linkage operation of the entire China, North and South.

Qi Minghui was directly promoted to the head of the industry in Southeast Asia, replacing the original position of Song Shan Ticha.

The two brothers of the Qi family are now highly regarded by Qin Ming.

And blonde girl Ke Li Olsen set up an independent intelligence company to provide Qin Ming with all kinds of intelligence, especially the Zhao family's intelligence.

This month is also the busiest day for Qin Ming, meeting with reserve cadres and promoted cadres every other day, drawing big pie for them and showing them loyalty.

Chang Hongxi did not object to this process.

On this day, Qin Ming lay tiredly on the soft sofa, sighed, and threw aside the itinerary of his engagement with Zhao Xinran. He picked up his mobile phone and looked at the screen tablecloth in a daze. .

Qin Ming squeezed the phone hard and said to himself: "As long as I stand tall and steady, no one can control me. Those who follow me will prosper and those who oppose me will perish!"

Chapter 470

On this day, Qin Ming was shirtless, practicing the exercises alone in the dormitory, posing in a posture of dragging his hands on top and striding steadily.

Although it was only 30 minutes, Qin Ming was already sweating profusely, because as he followed the martial arts guidelines, he still had to swallow the air in his lungs to activate the circulation of blood in his body.

Qin Ming has been practicing "Kung Fu" for more than a month. Except that he gets angry when he sees a woman every day, he doesn't feel any changes to improve his lung capacity.

Qin Ming has also been single for a long time. As a young and energetic man, he has to endure every day. He thought he had forgotten about that aspect of sex in his training. As a result, the more he practiced, the harder he was.

Qin Ming is very entangled with this, he is not a casual person, he can't mess around.

As for the successful fiancée Zhao Xinran, Qin Ming didn't even want to look at it. He had already promised Mu Xiaoqiao and Nie Haitang that he would make a choice when the matter was over.

He didn't want to become a beast that would push him when he saw a girl.

Although Zhang Quanzhen once said that his face had changed his fate and committed a peach blossom, Qin Ming believed that man can conquer the sky, and as long as he insists on it, he can finally achieve it.

Especially now that he is focused on managing the group, focusing on centralization, and recruiting talents everywhere. The financial report for the third quarter will soon come up, and Qin Ming will control more wealth.

Qin Ming can only get tired of himself, so that when he is busy, he won't think about so many messy things.

Zhang Quanzhen said that Qin Ming has not become a climate, and Qin Ming also accepted it humbly. He needs to plump his wings and at the same time keep a low profile.

The so-called gold scales are things in the pool. When the wind and the wind change the dragon, Qin Ming knew that it was not his opportunity yet.

Therefore, Qin Ming put his own focus in the next six months on improving his ability and gradually taking over the power of the group.

Qin Ming was sweating and practicing, suddenly a scent of fragrance blew from the door, refreshing.

"Yeah, you kid still sprints?"

Qin Ming looked up at the person, and it turned out to be the policewoman who hadn't seen him for a long time, Sun Changxi.

I haven't seen it for more than a month, and there are more flowers on her shoulders.

Qin Ming wondered if there was someone on this little girl? It doesn't make sense to be able to rise so fast.

Qin Ming was just enough to collect his strength, he stood up and took a long breath, stretched out his hands, and said: "Crap me."

Sun Changxi was taken aback, blinked and asked: "What am I torturing you for?"

Qin Ming said, "Then if you come to me in work clothes, I must have done something wrong."

Sun Changxi smiled and said, "Haha, don't you confess yourself, don't you? Okay, tell me what crime you have committed?"

Qin Ming said with a smirk: "Me? I'm a thief, heart, thief, thief, and made sister Changxi miss me day by day, and finally couldn't bear it today and came to the door in person."

Snapped!

Sun Changxi tapped Qin Ming amusedly, and said: "Tsk, your little mouth, it really is a famous humanoid self-propelled school flower harvester in your school, how many girls are you going to fool you?"

Qin Ming sneered and said, "At least a beautiful lady like Sister Chang Xi hasn't been fooled by me."

Sun Changxi said: "Okay, you can dress me up. Last time I didn't say that I would invite you to dinner. I was always busy, so I forgot. I just got promoted today and wanted to find someone to celebrate, so I thought of you."

Qin Minglue was accidentally promoted? Why not find a colleague? Looking for him instead?

But Qin Ming didn't think too much about it. People were already superintendents at a young age, so it wouldn't work if they didn't give face.

Qin Ming wiped the sweat off his body. Sun Changxi on the side looked at Qin Ming's body. His sweat, muscles, and strong outfits were all full of man's charm.

Sun Changxi was surprised in her heart: "He has a good figure, tsk tsk, the panel is bronzed, your idol Gu Tianle is not a success?"

Qin Ming changed his clothes and went out with Sun Changxi, and said, "Sister Changxi, you look so beautiful in uniform and have a good body. You ask me out, are you afraid that your boyfriend will be jealous?"

Sun Changxi said: "I don't have a boyfriend, who is jealous? Tsk tsk, you bad boy, ask me? Make me an idea? Do you know, I went to your school, looked for you all the way, and asked three boys, two Girls, they all gave me advice, saying that you are a scumbag, tell me to be careful, they are all worried that I was deceived by you."

Qin Ming laughed and said, "So I am a thief, a heart, a thief, and a thief. That's right. Sister Chang Xi, don't fall in love with me, I am not responsible."

Sun Changxi laughed and said: "Look at the one who is proud of you, so I will treat you to a meal. The last time you arrested a large group of scammers that used lectures as a cover, you helped me. Forget about your meal."

Qin Ming's heart moved. When he talked about the last time, he even dressed as a man and went to the hot spring with a group of beauties.

At that time, she was misunderstood by Chen Muling and touched her chest.

Qin Ming still hasn't forgotten the soft feel of his hand and his incomplete plumpness.

And Sun Changxi's figure also seemed very hot and impressive.

Especially when he was wearing a uniform, his waistline and long legs were outlined. Qin Ming couldn't help taking a peek. The bulge in his chest was really tempting. Qin Ming seemed to touch it, but he didn't dare.

When they arrived at a small restaurant on the side of the road, although the two did not meet often, they got along very well, and they ordered a bunch of things and beer.

Qin Mingdong asked Sun Changxi some interesting things about catching the thief.

Suddenly a Bentley car drove up on the side of the road, and a man in a domineering suit got in and out of the car. He held a bunch of flowers and walked directly towards Sun Changxi.

Qin Ming narrowed his brows, feeling that something was wrong.

Sun Changxi saw the visitor and said, "It's really disappointing. The blind date items arranged at home have bothered me for several days. I didn't expect that I hid here and found it for him."

Qin Ming bit the chicken wings and said with a smile: "Sister Changxi, or I pretend to be your boyfriend and let you pass it?"

Sun Changxi gave him a white look and said, "I'm single when I'm single, and I'm not shameless. Why do I want to pretend to be you and trouble you as a shield? Extra! He is a gentleman, he won't taunt you and won't hit you. Don't worry, it's just too, too annoying."

Qin Ming smiled. He sees too much of this situation and is jealous. How can it end well? But Qin Ming is not in a hurry. He is not what he used to be. We are the world's richest man afraid of you as a rich second generation?

The man sent the flower to Sun Changxi and said, "Changxi, congratulations on your promotion and become the director of the Dagang District Police Station."

Qin Ming said, "Fucking" in his heart, how old is this Sun Changxi, and he has been promoted one after another?

Sun Changxi took the flower and said, "Thank you, but I am having dinner with my friends. Huang Shaohao, can you please not disturb us?"

Huang Shaohao smiled and said, "Yes, I will open another table next to you. You eat yours and I will eat mine. After you have eaten, I can drive you back. You see the typhoon coming right away. It's not good if it rains. Boss, open a table for me and get a grilled fish."

Qin Ming squinted, he was actually ignored? Tortoise, at this time, shouldn't Huang Shao be scorning him, mocking him for being a poor woman?

Sun Changxi covered her forehead speechlessly, and said, "Look, this person has to send me back. Isn't it annoying?"

Qin Ming grinned and said, "Sister Chang Xi, he might be afraid that I will get you drunk and send you to the hotel."

Sun Changxi said angrily: "Qin Ming, you bad boy, do you have the courage? You dare not dare to give you a bear-hearted leopard."

On the contrary, Qin Ming broke the can and said with a smile: "Sister Changxi, if you dare to be drunk, I dare to go to the hotel."

Sun Changxi shook her fist "angry", indicating that Qin Ming, you should pay attention to me, and if you talk nonsense, you will suffer.

She said again: "Do you have a way to drive him away? I have rejected him many times, but he has always been very gentle and patient. I don't want to marry him so early, I still want to help me I continue to struggle in my career, and I have been annoyed by the arrangements at home for several days."

Qin Ming laughed and said, "That's not easy. Let him know. If he loses, he won't be better than me, so he will end up? I see a lot of this kind of rich second generation, so I like to use money to slap people in the face, Sister Chang Xi Don't worry, look at me."
