

Chapter 486

“Qin Ming, what are you going to do? I just moved here.” Liao Qingjing was about to collapse. Facing his old father’s stubbornness, Qin Ming was still cooperating and didn’t help her, which made her very sad and tired. .

Qin Ming said: “Sister Jing, you don’t want me to rent it out? Oh, uncle, you heard that, I can’t rent it.”

Yuan Bing was immediately unhappy. After holding his hands, he sternly said, “Xiaoqing, what are you doing? Where can I rent a house? This house is great. Since your friend is willing, you are against it. What? Go back to the school dormitory.”

“But Dad...” Liao Qingyong really didn’t know what to say, she had already given in again and again, why did her dad keep oppressing her living space for the sake of her brother Yuan Haohua.

Rent outside? Let’s not say if the living is not good, the money is still a lot, but an acquaintance like Qin Ming has a good house and cheap rent.

Liao Qingjing suddenly discovered that she had become dependent on Qin Ming. Although she was a few years younger than her, she always felt very reliable. Qin Ming was by her side every time something happened, giving her a sense of security, as if Qin Ming could do anything. It’s flat.

Yuan Bing said, “Xiao Ying, where are you renting? Your brother and your sister-in-law are here tonight. I said you have a house in this community. How can a small house have a big house? Since Xiao Qin is your friend, Do each other a favor, what’s the problem? Do you want you to brag and lose your face? You watch your brother quarrel with your sister-in-law, so happy?”

Liao Qingjing blushed with anger, and said angrily: “Yuan Haohua doesn’t have that big head, so don’t wear such a big hat? Isn’t it, he brags about his career success, has a car and a house, and deceives other girls. So. You just give him all of mine, are you still lying to me?”

Yuan Bing was stern, not daring to look at his daughter from the left and right, and said, "Oh, didn't I? When the matter is over, I took your sister-in-law's dowry and gave you the money back? Did your brother marry? A wife, don't you want to help?"

Liao Qinghuang was so angry that tears poured in his eyes. He wanted to say something to refuse, just like a throat, unable to say it.

She cried angrily: "Okay, I'll help, I'll move out! I'll give you all, please be satisfied."

After speaking, she carried a box of clothes and went out in tears.

Yuan Bing frowned and said, "Hey, what are you kid doing? I can't bear any grievances."

Qin Ming didn't chase it out, and said: "Well, Uncle Yuan, do you want to rent? I asked my secretary to come over and talk to you. Actually, the rent can be cheaper, but the decorations in the house must not be broken, otherwise the original price will be compensated."

Yuan Bing said: "No problem, this house is good, I rent it, but Xiao Qin, don't show up and say this is our rented house."

Qin Ming laughed and said, "Don't worry, Uncle Yuan, I understand."

Qin Ming informed Song Ying to come over and rent a house contract with Yuan Bingqian, and he didn't care about the matter here.

In fact, Qin Ming's gourd is not selling any medicine. When he first saw Yuan Bing, he felt that this man was here to collect debts. He was completely patriarchal. His son held the sky and his daughter stepped

on the ground, relying on Liao Qingjing's attention. This affection of the relatives is too much to ask for too much.

It just happened to find that the good things between the elder brother and the secretary Wang Xiaoli were about to happen. Qin Ming was also afraid that Wang Xiaoli's family was the best, so he planned to let the eldest brother pretend to be poor and test it out and vacate the house by the way.

In the end, Qin Ming will treat this house as the last straw to crush Liao Qingjing's psychological bottom line, and at the same time, he wants to make a routine for this Yuan Bing. He has to help Liao Qingjing get her lost money back, right?

Qin Ming went downstairs and wanted to call Liao Qingjing, only to see her sitting on the lawn outside the badminton court alone, crying while holding a suitcase.

Qin Ming sighed. Although he was a university teacher, he was still a woman after all, weak as water.

Qin Ming walked over and said, "Old Liao? Teacher...?"

"You go, you leave me alone." Liao Qingjing choked up and said, "You helped my dad to bully me. I thought you were my reliable little brother."

The corner of Qin Ming's mouth twitched. Isn't it the big boy next door?

Qin Ming said solemnly: "Ahem, Liao Qingjing, in fact, I think your status as a first-class dancer in the country is too cheap to live in this commercial house."

"Are you going to laugh at me?" Liao Qingjing red eyes, stretched out his hand to hit Qin Ming's thigh, and said angrily: "I don't live in a commercial house, do I live in a big villa? Do you know how difficult it is to have a commercial house in a location like Guangzhou? Ordinary? People buy a toilet for the whole life of a part-time job."

Qin Ming didn't move either, Liao Qingjing's fist didn't have any strength, and it seemed to be tickle.

He smiled and said: "Yes, you only deserve to live in a big villa. Come, I will take you to live in a big villa."

Liao Qingjing gritted his teeth and said: "I won't go, you fudge me day by day, do your routines. If you have the ability, you can hold me and go."

Before he could finish his words, Qin Ming really leaned over and picked up Liao Qingjing. A princess wrapped him in his arms, and said, "Okay, go for a walk. Sister Jing will stay in the big villa today."

Seeing that she was easily picked up by Qin Ming, Liao Qingjing's heart trembled. She didn't know why, so she didn't dare to move. She felt that Qin Ming would really take her to live in a big villa. She knew it was impossible, but she always felt that there was a fantasy. The hope is also good.

Maybe, because he is Qin Ming.

Qin Ming held Liao Qingjing and found that she was leaning on his shoulder without saying a word, which made him a little bit shy.

He definitely didn't have any unhealthy thoughts in his mind. He helped Liao Qingjing. In addition to his personality like helping friends, it was also because Principal Liao used to help him as a poor student a lot.

Qin Ming walked along the main road of the community to the independent villa at the back of the community.

Liao Qingjing asked suddenly: "I'm not heavy, am I?"

“It’s not heavy, you’ve asked it several times.” Qin Ming responded, saying that he looked down, tortoise, so immortal, Liao Qingying’s posture opened the collar of his shirt, revealing the beige underwear inside and a strip of his chest. Gully formed by extrusion.

White and tender, the words that flashed through Qin Ming’s mind.

“It’s so beautiful.” Qin Ming thought to himself as he peeked at the snow-white scenery on the collar of Liao Qingjing’s shirt, “Old Master Liao is so good-looking, he looks good, he has a good cook, and he values his family. Enterprising, alas, the best woman. Just love to buy luxury goods and love to drink, otherwise there are no shortcomings.”

Qin Ming hugged Liao Qingjing and came to the door of his big villa. Liao Qingjing stunned and said: “Your? Qin Ming, don’t joke with me. This Huiyuan Pavilion is the best villa in this community, with private swimming pools, sports fields, and gardens. , Driveway... the rent alone can cost hundreds of thousands a month.”

“Wait”

Qin Ming had already opened the electronic door when Liao Qing was chatting, and then a gentleman made a gesture of asking, saying, “Beauty, do you want to move in? The rent is halved, and the water and electricity are free.”

Liao Qingjing’s questioning stopped abruptly, he was dumbfounded, looked at Qin Ming incredulously, and said, “Is it really yours?”

Qin Ming took Liao Qingjing’s little soft hand and dragged her in in a shocked state, and said, “Nonsense, otherwise I can let you live in?”

Liao Qingjing resisted, “That’s not possible. My dad is in good measure. He wants to know that this villa is still yours. He doesn’t shamelessly pull me to rent this house with you? If you want to rent it out cheaply, you can’t lose money. ?”

Qin Ming said, "What? Haven't you seen it clearly? Your dad cares about his son at all, he doesn't care about you at all, so you have to bear it again and again? Until he is bruised and bruised? Where is the Liao Qinghuang who usually lives out of himself?"

When Liao Qingyong heard Qin Ming's words, it was like a divine enlightenment. Yes, the company was defrauded of mortgages, deposits were deceived to start a company for the elder brother, the car was defrauded to give to the eldest brother, the house was deceived to be a wedding house, even Qin Ming Commercial houses were also rented out at a low price based on her favors. Old father Yuan Bing was like a bottomless pit, constantly squeezing her value.

Liao Qingjing held his face in pain again, and said, "But what can I do? What can I do?"

Qin Ming said: "Master Liao, you listen to me, let's come like this..."

Chapter 487

"Do you still believe your dad?" Qin Ming asked seriously.

"I..." Liao Qingying covered his face in pain, and said: "Ration tells me that my dad is lying to me. He took everything from me to fill my brother's gnawing old man. He is thirty years old. God knows that he is proficient in playing games, buying hands, eating, drinking and having fun, and he has never tried to earn a penny on his own.

"My dad spoiled my brother too much. His company used to have almost billions of dollars in assets, but now it has been defeated by my brother by only tens of millions. I don't see any growth in my brother, he is just a spoiled social giant. I feel that the money I was scammed can't get back."

"But as soon as I, I faced my dad, I couldn't refuse, I couldn't say it. I looked at him and felt that what he said was true, and he would pay me back."

“Because, because I don’t want to lose them, you don’t know. I have been with my mother before. At the school meeting, parents will see other people’s fathers attending, and I am very envious.”

“Every New Year’s Day, my mother has to work, and I have to do it alone. My dad will call me, I especially don’t want to lose them.”

Qin Ming said again: “I understand your feelings. The less you are, the more you care too much. Listening to me this time will not only make you lose your dad, but also your career and house.”

Liao Qingjing looked up in surprise. She looked at Qin Ming and asked, “You really can?”

Qin Ming packed the ticket and said: “Of course, I learned some skills from a fortune teller. Teacher Liao, you have a good life, you have a lucky star, and the help of the nobles will go smoothly throughout your life.”

Liao Qingjing couldn’t help but couldn’t help himself, and said, “What you said is coaxing people.”

Qin Ming said: “Should I stop showing you palmistry? I can guess your recent luck, so you should believe that I have a fortune-telling ability, right?”

“Okay, look at it.” Liao Qingjing stretched out his hand and Qin Ming took it, only that Liao Qingjing’s fingers were long and thin, and the palm was tender and easy to touch.

He pretended to wipe the oil for a while, and then learned what Zhang Quanzhen looked like, and said, “Well, Master Liao, your palmistry is not good in the first half of your life, but it will be fine in the second half of your life. It’s difficult, but in the mid-term, it will be connected to the marriage line, which implies that if you can get married with a destined person, you will stabilize, otherwise you will end up in silence and work for a lifetime.”

Liao Qingjing heard what Qin Ming said so pretentiously, "Really? Let me see..."

Liao Qingyong also lowered his head to study, and muttered: "I don't understand, so what should I do? To eliminate calamity? Live a good life? Meet Prince Charming?"

Qin Ming said: "Now you don't need to do anything, just do what you should do. I will do a ritual for you later, heaven and earth mystery, Dao, once your luck arrives, everything you have lost now All came back naturally."

Liao Qingjing was so upset by Qin Ming that she thought it was false and unreliable, but she couldn't help but believe that she has a lucky star. If she survives this tragedy, she will meet someone destined, Prince Charming, and live a happy life. Days.

Liao Qingjing finally nodded and replied: "Let's do it, let's do it. But I don't have the money to do it for you now. I have another program contract with the TV station, and all the dancers under me are waiting for my salary."

Qin Ming said, "Teacher Liao, what are we doing? What kind of money do I charge you for the method? I'm free. In addition, I can temporarily lend you a little money to let you complete the TV station's dance contract first, saving you from breaching the contract. How about losing money and losing reputation?"

"Woo...Qin Ming, you are so kind." Liao Qingjing nodded gratefully, hugged Qin Ming when he was happy, and almost kissed him. Liao Qingjing regarded Qin Ming as his lucky star.

But she was full of doubts again, and said, "Oh wrong, Qin Ming, aren't you a poor student? Your white rich and beautiful friend Nie Haitang's family is also bankrupt. After leaving, where do you have so much money?"

Qin Ming said, "I don't make much money from stocks. I will give you all of my money."

“Stocks? Is your stock god unsuccessful?” Liao Qingjing was stunned: “Don’t lie to me, China stock market can make money, sows can fly to the sky. Big capital can make money, how can you make money as a small investor?”

Qin Ming said, “Oh, did I stop learning fortune-telling? I recognized a big fortune-telling boss, and I followed the insider boss to buy stocks. If that person is very powerful, I will be a kid for him. People are very low-key, not allowed I’m talking nonsense.”

Liao Qingjing patted Qin Ming and said, “Yes, you still know that you followed the big capitalists to make a villa and a house. Alas, he is still a good boy. No wonder my father is so patriarchal.”

Qin Ming persuaded: “Why? Teacher Liao, you are so good. You are a national first-class dancer at a young age. Whether this person is good or not has nothing to do with gender. It depends on the educational ability of the family.”

Liao Qingjing smiled with satisfaction and said, “Okay, I like to hear that. Don’t call me teacher, call me sister Ying. Anyway, I won’t be how old you are, so I will accept you as my reliable little brother.”

Qin Ming wanted to say in his heart, this is really not easy. Liao Qingjing has always been regarded as an immature hairy boy. Now she finally got her approval and was regarded as a man.

Qin Ming deliberately said, “Good Xiaoying.”

“Oh, you bad boy, don’t shout that the seniority has passed.” Liao Qingjing said strangely: “Want to take advantage of me?”

Qin Ming said with a hippie smile: “Sister Jing, don’t I call you young.”

Liao Qingjing smiled and was full of joy. He didn't expect to move out of the commercial house, but lived in a big villa. Moreover, Qin Ming's skillful tongue made her exasperated, feeling that Qin Ming really had something to do.

She also helped Qin Ming open the altar.

Naturally, Qin Ming didn't know how to do anything. He just learned from the Taoist priests in the TV series, danced swords and screamed, shouting Tian Lingling and Earth Lingling, then spouted a line of fire with a sip of wine, and nodded a three-flower gathering on Liao Qingjing's forehead. The vermilion seal of the top.

Qin Ming saw Liao Qingjing kneeling in front of Sanqing and praying sincerely, Qin Ming laughed in his heart: "Hahaha, I found that I was able to fool you, and successfully deceived Liao Qingjing."

After Qin Ming finished this, he went back to school.

In his newly opened Chaoyang Group, several alumni in the school have already started work and entered the Universe Century Group under the name, while Chang Hongxi has gradually handed over the global business within the group to Qin Ming.

Aaron also shuffled the assassination team again, as long as the team leader who was nostalgic for the Lord, gradually tore off and replaced with someone who was only loyal to Qin Ming.

Everything was carried out step by step, because the people under him were very capable, and Qin Ming didn't need to do anything. It was great to be a shopkeeper.

When the evening came for self-study, the eldest brother Qin Chaoyang called.

Qin Chaoyang said, "Xiao Ming, that's great. Xiaoli promised to take me to see her parents."

Qin Ming said: "Very good, brother, Sister Xiaoli seems to want to marry you too."

"Hehehe..." Qin Chaoyang smirked and said, "I think so too. Xiaoli's parents live in Hangzhou, not far away. They will be there tomorrow. Well, brother, can you borrow a car? I'll pick it up. They have to get a car and be decent."

Qin Ming said, "Brother, that won't work. You have to go by yourself."

Qin Chaoyang said: "This...Isn't the impression not so good?"

Qin Ming continued: "Brother, what's so bad? I'll accompany you. Our family is really poor. There is no need to pretend to be forced."

Qin Chaoyang gritted his teeth and said, "Okay, let's go together tomorrow."

Chapter 488

Early the next morning, Qin Ming secretly arranged for Wang Xiaoli to supervise a batch of goods from the supermarket to the warehouse and let her supervise it.

In this way, his two brothers are left to pick up Wang Xiaoli's parents at the airport.

Qin Ming was still like that, washed white jeans, a white t-shirt with a round neckline, and a pair of old shoes.

On the contrary, Qin Chaoyang wore a watch and made his hair in a suit and shoes in order to take into account his image. He looked like a successful manager.

The two took a taxi to the airport and Qin Ming asked, "Brother, did Sister Xiaoli tell you what is their home like?"

Qin Chaoyang said: "By the way, she is an only child, the pearl of the family, and her family is a migrant worker, but they are not ordinary migrant workers. They all work as managers and supervisors in the unit. There is a small bungalow in her home, and there is also a small house in Hangzhou. A house worth more than one million yuan."

Qin Ming said, "It's pretty good, brother, is this the first time Xiaoli has with you? Did you see red?"

Qin Chaoyang was a little embarrassed, and said, "Why are you asking this? Is the first time important? Brother, you don't respect women."

Qin Ming asked with a smile, "Brother, I'm not curious."

Qin Chaoyang nodded: "This is the first time. Shouldn't you buy a batch of imported snacks that day? I found a trading company to get the goods. In order to lower the price, I drank a lot of wine with the customer. Then we went back and it was fine."

Qin Ming squinted his eyes, tortoise, and drunk messing around again, men really can't get drunk casually, these two brothers have suffered a lot.

However, our brother is not at a loss, and Qin Ming doesn't say much.

Qin Chaoyang said: "I think Xiaoli really likes me and doesn't care whether I have money or not, because I am stupid and can't settle accounts. To be a manager, it is better to be a manager than I am. She is the company. Everyone here listens to her and does things very quickly. When I see me, they are all yin and yang. They secretly laugh at me for relying on the relationship."

Qin Ming's heart moved, those old oil employees would still pick leaders? Of course, Qin Ming didn't plan to go ahead for his eldest brother. This kind of trivial matter, the eldest brother passed through, and it was also a kind of experience.

Qin Chaoyang continued: "But, Xiaoli didn't look down on me. She taught me and encouraged me. She was also very patient. At night, I was tired and gave me coffee. In the house in the community, she also paid for breakfast. ,dinner."

Qin Ming listened, tusk, this is really a personal secretary in the true sense, and everything in life has caught up.

Qin Ming said: "It's okay, I'm also quite satisfied with Sister Xiaoli. The college student who has just graduated, has the ability, is beautiful, and has good key qualities. It depends on her parents."

Qin Chaoyang said: "Actually, it doesn't matter what her parents are doing at all, it doesn't matter if I feel wronged by myself."

Qin Ming shook his head and said, "Brother, you can't say that. Marriage is not only a matter for your couple, but also for the family. The matter here is long-term. If you want to be a sandwich biscuit, it will be uncomfortable. Well. Let's not suffer anyway, take the initiative in hand, let's take a look first."

They didn't wait long before they saw a middle-aged couple come out from inside and walked towards Qin Chaoyang who was holding a sign.

The uncle came up and asked: "Hey, you are our Xiaoli's boyfriend, right? Your name is Qin..."

Qin Chaoyang nodded hurriedly and said: "Hello, uncle and aunt, my name is Qin Chaoyang, this is my brother Qin Ming, Xiaoli came with us originally, but she has a temporary job."

The two elders said, "Oh, work is important, let's go to where you live first."

Aunt Wang, who has been looking at Qin Chaoyang, suddenly said, "Huh? Do you have no cars?"

Qin Chaoyang pursed his lips and said, "No."

Qin Ming said quickly: "Uncle and aunt, I've already called Didi, the same, waiting there."

Upon hearing that Qin Chaoyang had no car, Aunt Wang frowned and seemed a little unsatisfied.

Uncle Wang was more open-minded, and said: "Get used to it. Let's go to the place to live. I heard Xiaoli say that you now live in a high-end community with a very good environment. Is it the house you bought?"

Qin Chaoyang shook his head again and said, "No, it belongs to someone else. It has been taken back now. Xiaoli and I are temporarily renting a house in the city village of Dongwei."

Aunt Wang frowned again and said loudly: "What? The village in the city of Dongwei? That place, we visited last time, it's too messy, dirty and smelly, there is a stinky drain outside the window, tut... ..Xiao Qin, I heard from Xiao Li, are you not a manager? A monthly salary of 30,000 yuan, can't be better to my daughter? Renting an apartment is only 5,000 or 6,000."

Qin Chaoyang was embarrassed by this questioning, and said: "Auntie, I... I have more than 20,000 left after deducting social security. The family will give 10,000, and my sister can study, including the daily meal expenses. There is not much left. But I will save some money next month."

Aunt Wang looked like she was buried, and muttered to herself: "Tsk, so stubbornly, so generous to the family, she still stays in my Xiaoli's rented house. My sister enjoys the blessing, my daughter can't be a nanny?"

The voice is not loud, but everyone can hear it. Qin Chaoyang is anxious and said: "Auntie, no, I am very young and I am not willing to suffer her hardship. I will buy her a big house if I earn money in the future."

Uncle Wang said: "Okay, what are you bothering about? We have been to the rented house in the village in Dongwei. We only live in one room. We will not go. Let's go directly to your supermarket. It's almost noon. We will have a meal together. rice."

Uncle Wang didn't complain too much. Aunt Wang complained as soon as she got in the car: "Didi, who's home or house doesn't have a car these years? Don't be a Mercedes or a BMW, there will always be Azeri and Geely, right? ?"

Uncle Wang persuaded: "Don't say a few words, people's career is not just starting? What's more, how difficult is it to buy a car with a monthly salary of 30,000? This kid is also a filial person who gives money to the family."

Aunt Wang whispered and said, "Hoho, talk about a girlfriend, don't you still love a man? We Xiaoli grew up, how did we suffer? After she graduated, we bought a Volkswagen Sagitar for her. I was thinking of leaving her to work in our Hangzhou city, but in the end, she came to Guangzhou to work hard. On the contrary, she didn't live well, didn't eat well, and didn't have any means of transportation. Alas, when I think of her hard work, I feel distressed. Li Ke is my heart and liver."

Qin Chaoyang sounded very uncomfortable, blushing, and immediately promised: "Uncle, aunt, buy, I will buy a joint venture car as soon as I save enough money at the end of the year and give it to Xiaoli."

Qin Ming looked at the anxious look of his elder brother Qin Chaoyang, and shook his head secretly.

Uncle Wang smiled awkwardly: "Well, Xiao Qin, we are not forcing you, don't get me wrong, Xiaoli is our only daughter, we pay more attention to it."

The four people came to the university town. The October sky is also very poisonous. A batch of goods is being imported into the back of the supermarket. Wang Xiaoli is making a serious inventory under the sun, sweating profusely.

As a result, Aunt Wang shouted as soon as she saw it, "Oh! My goodness, do you still want her to do things like clearing goods? Qin Chaoyang, aren't you the manager? Are you ruining your girlfriend like this?"

Qin Chaoyang didn't know how to answer, so he hurried to call Wang Xiaoli over and let Cangguan accept it.

"Xiaoli, why did you order the goods?"

Wang Xiaoli shook her head and said with a smile: "It's okay. This batch of goods is more important. The quantity is large. I have to check it personally. Huh? Mom and Dad, are you here?"

Aunt Wang saw her daughter who was sweating profusely, and she suddenly became angry and said, "I said, poor boys can't get married."

Chapter 489

Aunt Wang hurriedly held an umbrella to cover the sun for Wang Xiaoli, and said: "Look at you, you were originally white and tender, but now you are so tanned? Don't you work as a secretary? You still want to make such a hot day. Your job? Last time you said to accompany the boss to the construction site for a day, alas, I feel so sorry for my girl."

Qin Chaoyang was not very good at talking, and he would not deal with such emergencies. He didn't know that Wang Xiaoli had a temporary job, so he did this.

Wang Xiaoli didn't complain much, and said, "Mom, you don't know. This batch of goods are all electronic products. One piece is thousands of dollars, and there are also laptops. One set costs five or six thousand. This large quantity of goods is huge. Nothing can go wrong, the boss trusts me before letting me order the goods."

Uncle Wang also said: "Yes, it's all jobs, and it's not good or bad? It's okay for young people to suffer a little loss, and it's not just basking in the sun every day."

Aunt Wang hummed: "You don't feel sorry for your daughter, I feel so sorry. If you want me to say, poor boys can't marry, and marrying them will be hard. We are just a daughter, don't we need maiden love subsidies?"

Qin Chaoyang hurriedly said: "No, no, no, auntie, I, I will work hard to make money, and I will pay Xiaoli all my salary in the future."

Qin Ming also helped, "Yes, Aunt Wang, my brother is very motivated and will not live poorly in the future."

Aunt Wang disliked: "There are many good young people who are working hard and motivated. Now, who is a young man like you who has no house or car? I don't dislike your coming out of the countryside. I question you for giving my daughter happiness. ability."

"Originally, when I saw my parents this time, Xiaoli said that you are filial, motivated, honest, and still the boss, with a monthly salary of 30,000, a native family, and my younger brothers and sisters are of good character. Tsk... you just have the same character. Tie Hanhan, how to treat my daughter like this?"

Wang Xiaoli frowned and said, "Mom, don't you say Chaoyang like that, Chaoyang is very good to me."

"Are you afraid of losing your job? Don't you dare to say it?" Aunt Wang said, "Don't be afraid, come to mom's unit. Mom is now the general manager. Arrange for you to be the assistant to the president in

the administrative department. With your ability, It's not easy to be a director in the future? Besides, the son of our company's boss is also young and unmarried."

When Uncle Wang heard this, he scolded: "What are you crazy? What kind of nonsense? How old are the children, and you want to find objects? Today is to see the children's objects."

Aunt Wang snarled and said annoyedly: "I watched it. I firmly disagree, the poor boy is determined not. Qin Chaoyang, I am not targeting you, I am targeting all the poor boys. You may have potential in the future, but 30,000 yuan In Guangzhou, it is just the life of ordinary people. This kind of life is the basic and the bottom line for us Xiaoli. She has lived this kind of life since she was a child."

"But as the saying goes, people go to high places and go to low places. Our Xiaoli's life is naturally better than our two husband and wife. It is impossible to get back alive. You said, you give her better. Life?"

"You want to marry Xiaoli from our family. According to the gift money environment in Hangzhou, it is about 100,000 in rural areas and 200,000 for ordinary people in the city. Our Wang family is not rich, but we know many people in Hangzhou. It costs 400,000 yuan? You are going to buy a house and a car in Guangzhou again. You can marry Xiaoli in the year of the monkey? Give Xiaoli a good life?"

"You don't want to make our Xiaoli's belly bigger, let's post it upside down, right?"

Aunt Wang became more angry as she talked, her mouth frothed and said that Qin Chaoyang's spit star, Qin Chaoyang did not dare to wipe his face, Wang Xiaoli on the side couldn't hold her back.

Wang Xiaoli is also anxious, but it is impossible for her to disrespect her parents' opinions in this important marriage.

"I..." Qin Chaoyang was choked and couldn't say, whether he could give Wang Xiaoli happiness, he was totally unconfident.

Because Qin Chaoyang knew that everything he had was given by his younger brother Qin Ming, he did not expect Wang Xiaoli's mother to ask him so much.

For Qin Chaoyang, a monthly salary of 30,000 yuan is a high salary that he dare not hope for. In their hometown, Baishui Town, the girls who are not married in the whole town will be chosen by him? The future father-in-law must step through the rhythm of the threshold.

He didn't expect to marry a good and desirable wife in a big city, and for so much money, he would be looked down upon with a monthly salary of 30,000 yuan.

Qin Ming said: "Auntie, don't be so excited. My brother will be promoted and raise his salary soon. He is appreciated by the boss. Moreover, the two husbands and wives work hard together and the problem is not big. Feelings are the most important thing."

Uncle Wang also nodded and said: "This young man is right. The relationship between husband and wife is the most important thing. Don't you see your daughter like it? I think Xiao Qin is strong, honest, and filial. The two should work harder. It's only in the past few years that there is true feeling.

Aunt Wang was still dissatisfied, and said: "Even if I live a normal life, how is he to Xiaoli? Let Xiaoli come to the sun on a hot day, so I am not afraid of heatstroke?"

Qin Chaoyang immediately said: "Okay, of course I treat Xiaoli well. I regard her as my princess, my only one is more important than my life. I wash the dishes and mopping the floor at night, and she likes to kick the quilt at night. I was afraid that the air conditioner would catch her cold, so I woke up twice a night and covered her with a quilt."

"Puff....." Wang Xiaoli couldn't help but stared at Qin Chaoyang in embarrassment. She was also very angry. Did you speak like this? Can you speak?

Qin Ming is also very speechless, brother, didn't you tell your parents, you two are already sleeping together? How big are you?

“Uh...ah... I killed you asshole.” As expected, Aunt Wang felt that she was not okay. She stretched out her hand and hit Qin Chaoyang twice before covering her forehead, as if she was about to faint, feeling uncomfortable .

Uncle Wang also shook his head and sighed, “Oh, I don’t want to stay in the female congress.”

Uncle Wang stepped forward, patted Qin Chaoyang, and said, “Well, since Xiaoli chose you, I also respect my daughter’s opinion. I warn you, you... if you dare to be sorry for my daughter, our whole family will not let it go. Pass you.”

Uncle Wang was straightforward and respected Wang Xiaoli’s choice. Although he didn’t approve of Qin Chaoyang, he could not accept it.

Qin Chaoyang said nervously, “Uncle, I, I, I must take care of Xiaoli as her biological parents.”

Wang Xiaoli smiled and cursed: “Chaoyang, speak up, what are your biological parents like?”

Aunt Wang said weakly, “Ah, I’m dying, ah...husband, I’m dizzy. We Xiaoli have suffered a lot. Xiaoli, are you not pregnant yet? Don’t tell me to get married?”

Wang Xiaoli’s cheeks flushed, and said: “Mom~! Nothing. We have been in love for more than a month, then, that kind of thing...Oh, what are you talking about here? Let’s rest in the cafe next to it, with air conditioning. .”

The group will be transferred to the Starbucks coffee shop next to the supermarket to continue the conversation.

But before leaving, suddenly a Mercedes on the side of the road stopped. Song Ying got out of the car, wearing a professional dress and holding a file bag. She suddenly became a beautiful landscape, like a female in an idol drama movie. The protagonist is breathtakingly beautiful.

Song Ying walked directly in front of Qin Chaoyang and said, "Qin Chaoyang, you are fired. In the future, the general manager of Yongli Supermarket will have someone else take over."

When everyone listened, they were all startled, even Qin Chaoyang himself was shocked, what's the matter? He suddenly became unemployed?

"Ah!" Aunt Wang screamed even more: "It's over, the last hope is gone."

Wang Xiaoli was dumbfounded, looked at Song Ying, then at Qin Ming, and said anxiously: "No, Secretary Song, what's going on? What is Chaoyang doing badly? President Xiao Qin, you..."

Chapter 490

Wang Xiaoli knows the bottom line, and Qin Chaoyang became the general manager based on Qin Ming's relationship.

To put it bluntly, there is a big supermarket here in the university town, which Qin Ming gave to his brother Qin Chaoyang. Why was Qin Chaoyang suddenly fired? Did the two brothers turn against each other?

"Creating evil." Aunt Wang stomped with anger, and said: "It's fine now, not only is an illiterate person who has no job. There is no house or car. Is it possible that Xiaoli will go back to his hometown to plow the fields with him?"

Uncle Wang was also silent, and silently took out a cigarette, wondering what to do next?

I thought I heard my daughter say that I had a boyfriend, and she said a thousand words and ten thousand on the phone, all kinds of satisfaction, but in the end, she was an iron man.

It doesn't matter if you are ashamed of yourselves, our daughter is smart, she won't be bullied after marriage, and she can manage the family well. You have a job, with a monthly salary of 30,000 yuan, which may be more in the future. Although your life is a little bit ordinary, you can get by. Marriage is a priority.

It's fine now, and was suddenly fired by the head office.

Wang Xiaoli didn't understand at all, and asked, "No, Secretary Song, why is this? Is the supermarket not profitable now?"

Song Ying said flatly: "Secretary Wang, this is the decision of the head office. From now on, Qin Chaoyang will no longer be the general manager of Yongli Supermarket. Please complete the handover within a week."

After hearing this, Aunt Wang rushed forward in a stride, and pulled away the hands of the two of them, saying: "Xiaoli, go, this man must not take it. People who are almost 30 years old, nothing is done, there is more useless than this Man?"

With that, she took Wang Xiaoli to leave.

Qin Chaoyang was in a hurry. He hurried to catch up and said, "Auntie, please wait a minute. I will definitely work hard. I will treat Xiaoli well and give her happiness. Please, give me one time opportunity."

Uncle Wang also said: "Wife, why are you anxious? Speak well, can you? Not just a job, this is not good, find another job. Haven't you lost your job too? I've never been fired? The tree moved to death. , People move to live."

Qin Ming looked at the family's situation and felt it was okay. Uncle Wang was more sensible and more open-minded.

Aunt Wang is similar to most of China's mother-in-law. Although she looks at money, she is also very concerned about the happiness of her daughter. You can marry, but there is a rigid indicator, which is mainly based on expressing and caring for your daughter.

This is much better than Liao Qingjing's father, Yuan Bing doesn't care about his daughter's life or death.

Qin Ming is most afraid that Wang Xiaoli's parents are weird. After that, the eldest brother will have a hard time, but now it is not too much of a problem.

"Wang Xiaoli's parents, it's okay. It's not the type that requires the man to be rich and expensive, nor is it insatiable. The only daughter of her own has some basic requirements for the man, and it is human nature." Qin Ming muttered in his heart, and then gave Song Ying A look.

Song Ying smiled softly and wanted to dig out another file.

However, when Aunt Wang pulled Wang Xiaoli to leave, one accidentally ran into three exposed women on the side of the road, holding milk tea and wearing heavy makeup.

"Oh, do you die? My milk tea is all spilled." Several women who were exposed to this exasperated voice exclaimed, "Don't you walk with eyes long?"

"Huh? Wang Feng, isn't this your ex-boyfriend?"

"Ah, really, Qin Chaoyang, are you going to die? You killed me and lost money."

Qin Chaoyang was startled, what a coincidence? Why is Wang Feng here?

Qin Ming smiled faintly when he saw this, and quietly threw away a small advertisement card in his hand. He secretly investigated the fellow Wang Feng. Since he entered the police station last time, he was fortunate that he did not possess drugs, but was imprisoned for a while on suspicion of engaging in the sex industry. , And return to the old business after coming out.

Qin Ming estimated the time, and as a “guest”, asked Wang Feng to join him here.

Naturally, it was all Qin Ming’s calculations.

Aunt Wang said strangely: “Do you know each other?”

Qin Chaoyang confessed honestly: “Auntie, she is my ex-girlfriend and my fellow. But it has nothing to do with her, and I have never had any relationship with her. Please don’t get me wrong.”

Aunt Wang was shocked. These Wang and Feng were dressed up in this way, showy and exposed, half of their breasts were exposed, all of them forced their little skirts, like a lady standing at the intersection to invite guests.

For a decent person like Aunt Wang who has received higher education, she looks disgusting and dirty at the first time, and then she separates the two positions.

Qin Chaoyang also looked disgusted. An honest person like Qin Chaoyang looked down on the young lady who sold for money the most.

Wang Feng is very sensitive, and she can’t stand the look in others’ eyes that despise her, which is a huge tramp on her dignity.

Wang Feng cursed angrily: “Qin Chaoyang, you are a trash, what about your mother? Are you qualified to sleep with me? Do you earn more than me? Why are you doing here if you don’t go to the construction site to move bricks? A country Poor sex. You can’t marry a wife in your life, only a bitch is willing to sleep with you, so you will be a bachelor’s trash for a lifetime, rubbish, you still think I am dirty, I think you are poor, peeing and taking photos... ..”

Snapped!

Abruptly, slapped, slapped loudly, and slapped Wang Feng firmly on the face.

“Shut up to me! I am Qin Chaoyang’s girlfriend!” Wang Xiaoli was so angry that her chest trembled and her face was red. She couldn’t tolerate her boyfriend who was scolded like this.

“Ah!” Wang Feng screamed and suddenly lost control. She pointed at Wang Xiaoli and cursed: “You bitch, bitch, hahaha, you can also admire such a poor woman as Qin Chaoyang, he can What can I give you? I can’t give you anything! He can only suck your blood and eat soft food. What can he do if he didn’t graduate from junior high school? Will he do you?”

Snapped!

Before he could say anything, Wang Feng was slapped again in the face. This time it was Qin Chaoyang who stood in front of Wang Xiaoli and slapped him.

Qin Chaoyang gritted his teeth and said: “Wang Feng, don’t act arbitrarily because of the relationship between you and me. You dare to scold Xiaoli again, I can beat you back today.”

Wang Feng was itchy with anger, covering her face, she didn’t dare to do anything, she could only continue to laugh: “Oh, Qin Chaoyang, are you able to bear it? This aunt, this is your son-in-law? Hahaha, let me tell you, Qin Chaoyang’s family They are all farmers, so poor. I used to pity him and be his girlfriend, but I can’t hold back my youth was wasted on a waste. Your daughter is so beautiful, you are willing to marry him and go to Baishui Town’s poverty Plowing fields in impoverished counties?”

Aunt Wang looked disgusted. Although she had done nothing to Qin Chaoyang, she was very annoyed that she was fired, but Qin Chaoyang's move to protect Wang Xiaoli just now was quite manly, pulling back some impression points.

Aunt Wang thought for a while and hummed: "Our business, you don't need to worry about it. What does it matter if Qin Chaoyang has money but not money? I have money, I have a house, I have a car, and I have a deposit. What do you think? Compared with my daughter? Qin Chaoyang still has a good vision. He knows how to fall in love with my daughter and throw away the filthy goods you sell yourself."

"You!" Wang Feng was so angry that one Buddha was born and two Buddhas were born in Nirvana, and his eyes burst into flames, and said, "Okay, okay, okay, if you regret something, you will suffer. You want this poor woman. It depends on what you will do in the future. Live."

At this moment, Song Ying came up with a file contract and said, "Ahem... Qin, don't go too fast. I haven't finished talking yet?"

Everyone was startled, is there anything else to say after this dismissal?

No, why did this beautiful female secretary call Qin Chaoyang to be President Qin?

Song Ying smiled slightly and said: "This is the appointment letter of the President of Chaoyang Group. After several months of inspections at the headquarters, it was felt that Qin had become a manager in the supermarket, so Qin Chaoyang was appointed as the branch company and the CEO of Chaoyang Group. This is A letter of appointment from the headquarters."

Jing, on the side of the road, a few people looked at Song Ying and then at Qin Chaoyang with a bewildered look. They all calmed down. Is this true? Which play did you sing?

Only Qin Ming stood behind the crowd with a smile on his mouth.

He was really happy for his eldest brother, he found his happiness, Qin Ming was very envious.
