

Chapter 396

Qin Ming and Chen Muling were able to talk about the economist exam questions for an hour, because both of them took the certificate.

If the other people in Qin Ming's dormitory are here, I must think that both of them are crazy. If you don't talk about luxury car brands, you can talk about movie stars and so on. How can you talk about learning? I almost vomit blood, Qin Ming, are you a straight man with advanced cancer? Will other girls like it?

As a result, Chen Muling really liked it and asked Qin Ming some questions, which Qin Ming didn't expect.

In fact, Qin Ming is quite good at coaxing girls. When Nie Haitang was with him in the past, Qin Ming found out that Nie Haitang likes shopping and sports. He never talked to Nie Haitang about what to learn, and he went to eat, drink and play with her.

Chen Muling's interest surprised him, and he deserves to be a female student.

Chen Muling also became more and more interested in Qin Ming. She felt that she really regretted not knowing Qin Ming well before. She found that Qin Ming not only had good grades, but also spoke humorously.

However, when the two of them continued to sit down, they found that Qin Ming was suspected of having "derailed" Mu Sichun, and was very angry.

If it's an ordinary girl, Mu Sichun is very relieved. Her sister Mu Xiaoqiao is a big beauty, and she is not worried about being uncompetitive. Most of them are ordinary friends of Qin Ming.

But Chen Muling is obviously also a beautiful woman, so it's hard to say whether Qin Ming can hold the bottom line, so she is very anxious, maybe her brother-in-law cheated.

She immediately took a picture of the two talking and laughing, and sent it to Mu Xiaoqiao, who started a business in Beijing, to sue her husband for derailment.

Mu Sichun exchanged glances with his best girlfriends and said, "Xiao You helped me shoot, sisters, it's time to test your acting skills."

Several girls nodded firmly, and set off one by one.

The first girl to wear a pleated skirt walked in front of Qin Ming and immediately put on an expression of surprise and disbelief. She covered her crying mouth with one hand and pointed at Qin Ming with the other.

"You, you, Qin Ming, you... You have other women out there with me behind your back? So you didn't have time to say that you just accompany other women to dinner, scumbag, let's break up. Woo..."

After the girl finished speaking, tears burst out in a straight line, and that feeling broke out. It definitely didn't look like a fake.

Qin Ming, who was chatting happily, was stunned. No, the students who were eating around were stunned. What is this girl doing?

Did you cheat on the scene?

The key is that this woman is growing up pretty well, her voice is loud, and her feelings are in place. It's hard not to attract attention.

This girl had just left, and Qin Ming was still in a daze. The second girl in a yellow dress was killed and pointed at Qin Ming. She cried with a wow, covered half of her face and said, "I slept yesterday. , I broke up today, so I have a new love. Qin Ming thinks you are cruel, and break up when you break up. You give me my underwear and return it to you."

With that said, this long-haired girl with tears on her face stretched her hand into her clothes, not knowing how to dig it for a while, she just took out a bra with warmth, threw it directly in front of Qin Ming, and then turned her head and left. .

This move caused exclamations from the surrounding students. Is this practiced? Through the clothes, can you take off the underwear inside without leaving it out?

"Tsk tusk, who is this person? Those two girls were pretty just now."

"Men are all perverts, cheating one after another."

"Oh my God, this Qin Ming is too good at picking up girls, right? The beauties in our school don't say so, but those few are students from the Xiqu University next door."

"It's miserable. Our goddess of the University of Science and Technology is going to be sad. This Qin Ming is a scourge."

Qin Ming is speechless, what is this all about?

Chen Muling was also shocked. If you want to say one, let's have two more? Could it be that Qin Ming is hiding deep? Are you in contact with girls from other schools?

Speaking of it, I heard that Mu Sichun from the Xiqu University next door had come to Qin Ming personally, but he didn't seem to explain clearly.

Chen Muling grabbed the warm cup and asked, "Qin Ming, what's the matter? How many girlfriends do you have? They just aim at you for no reason, right?"

Chen Muling felt a little bit lost in her heart. She had a good impression of Qin Ming, but she actually hammered the evidence of Qin Ming's scumbag. Why did this man be like this every time?

Suddenly, her mood became messy, and she lost all the relaxation and joy that she had just chatted with.

Qin Ming is about to vomit blood, how many girlfriends can he have? Those few don't know each other at all.

"Cough, hum!" Suddenly, with a familiar hum, Mu Sichun's eyes widened, her lips pressed, her hands on hips, her legs spread apart, looking down at Qin Ming, and at Chen Muling. .

She asked directly: "What's the matter? Who are you? I don't know if Qin Ming is my boyfriend? How big is your face? Don't you know that his name has a master?"

After speaking, Mu Sichun sat down on Qin Ming's lap, then raised Erlang's legs coquettishly, a pair of jade arms enchantingly hooked Qin Ming's shoulders, and deliberately made a kiss in Qin Ming's ear: "Boom."

Surprised!

The student in this hotel vomited blood part-time, and another superb beauty was still sitting on Qin Ming's lap. That intimate action, it didn't matter, it was a lie.

Qin Ming understood, he was calculated by this dead girl again.

Qin Ming asked angrily, "Mu Sichun, what are you doing? Come down quickly, what is it like? It's a misunderstanding."

Mu Sichun didn't come down on purpose. She twisted her waist and said coquettishly: "Yeah~! Qin Ming, you are good or bad, we are all a family, what are you afraid of misunderstanding? You moved so quickly to fall in love, others It will be sad to be with my sister. Did she, the vixen, use any spells on you?"

Qin Ming knows that Mu Sichun is messing around, but there is no good way, can't he be rough with her?

Chen Muling also had an ugly face, and the pointing of the students around made her look ugly.

"Fuck, I didn't expect Chen Muling to be recruited too?"

"It's probably all played by Qin Ming."

"A flower rots on cow dung."

Chen Muling was very uncomfortable listening to all kinds of crazy words. She stood up quickly, bit her lip, and said, "Qin Ming, you disappointed me too much."

Qin Ming originally wanted to chase him, but after thinking about it carefully, Chen Muling won't have to entangle him so much in the future.

That's not bad.

As soon as he figured this out, Qin Ming didn't worry anymore. He returned his arm and hugged Mu Sichun, and said, "Baby, are you here?"

Suddenly, Mu Sichun was shocked, and her whole body was electrocuted. Qin Ming's hands hugged her waist, which made her feel a little sensitive.

Mu Sichun said quickly: "Brother-in-law, that vixen is running away, let me come down quickly."

Qin Ming deliberately said: "Why do you want to let you down? Didn't you mean my girlfriend? My girlfriend sat on my lap."

Mu Sichun was anxious, trying to struggle, but was stuck in the table position, she twisted a few times, but felt the familiar thing under her buttocks against her, frightened her tenderly.

Mu Sichun suddenly remembered the last time when the two evaded kidnapping in a car together, when she sat on Qin Ming's buttocks and drove through the bumpy road, it was strange that Qin Ming rushed through her skirt.

Her cheeks were flushed suddenly, and she bit her lip: "Brother-in-law, brother-in-law, I was wrong. I, I...I am for my sister, take care of you and keep other bad women from approaching you."

Qin Ming looked at his back. There was another girl who was recording a video with her mobile phone. Qin Ming knew she was with Mu Sichun.

He was also angry, and said: "Come on, baby, let's kiss and send the video to your sister to see who is hooking up with your brother-in-law?"

"Ah, brother-in-law, no, brother-in-law..."

Mu Sichun was so frightened that Hua Rong was pale, and Qin Ming hugged her backhand, his arm was strong, and she couldn't tolerate her to break free.

Qin Ming pretended to kiss her in public, Mu Sichun looked at Qin Ming's eyes, she was a little lost, swallowed her saliva, her heart was beating faster, and she forgot to resist.

She put her small hand on her chest, pressed her nervous heart, and squinted her eyes in fear. She didn't dare to resist and looked scared.

And the students in the restaurant grew their mouths in shock, are they really going to kiss them? Another goddess is going to suffer?

Is no one to stop it?

Chapter 397

Mu Sichun looked at Qin Minglong grabbing her slender waist and forcibly not letting her go. She still seemed to be angry. Is the fake act true? If you want to kiss me, it's worth it?

The students watching the excitement all around couldn't help but booze. Chen Muling walked out of the hotel door, saw this scene through the glass window, and shook her head in disappointment. She felt that she had been deceived by Qin Ming again, and that Qin Ming was a liar!

Mu Sichun sat between Qin Ming's thighs, not daring to be embarrassed with too much movement, she squinted shyly and scaredly.

"Brother-in-law, brother-in-law, this is not possible... My sister will know, and she will be angry."

Mu Sichun shyly restlessly pushed Qin Ming's chest with his hands, but he didn't have much strength.

The students who watched the excitement around were greatly stimulated, feeling another flower stuck in the cow dung, and the regret that didn't dare to stop or step forward to stop, only turned into a low roar in the throat.

"Oh! Going to kiss, kiss."

"Oh, oh! Isn't this no resistance?"

When Qin Ming was about to kiss him, Qin Ming suddenly changed from a smirk to annoyance: "Mu Sichun, you stinky girl."

Qin Ming suddenly bumped his forehead, bumping Mu Sichun's forehead.

Bang!

"Ah!" Mu Sichun felt a pain in her head, stars in her eyes, and a feeling of spinning around the world, and then she staggered back to stand up as soon as her body became loose.

"Oh, brother-in-law..." Mu Sichun covered his forehead and looked at Qin Ming pitifully, "You bully me."

Qin Ming stared angrily: "It's still cheaper for you. I'm doing things for me all day."

"Hush~!" Seeing that the two of them did not kiss, the surrounding students burst into cheers and boos, as if they were grateful that Qin Ming hadn't harvested another school flower because he didn't have his own.

After today's incident, Qin Ming inexplicably added a nickname "School Flower Harvester" on the campus of the Polytechnic University. Qin Ming was also very depressed. He confiscated the school flowers. I felt that the sprays on the school website were too good for spraying. Now, spray him to the sky.

Qin Ming was about to go back to the dormitory, and Mu Sichun ran up holding his red forehead: "Brother-in-law, I was wrong, brother-in-law... wait for someone else."

Qin Ming said in a bad mood: "I'm not your brother-in-law, don't call my brother-in-law, I and your sister are over, you can ask your dad to go."

Mu Sichun didn't even know about Qin Ming's fake marriage with Mu Xiaoqiao, right when Qin Ming was still angry, she hugged Qin Ming's arm and said coquettishly, "Ah~! Brother-in-law, don't be angry, I'm also afraid of you. Fascinated by the exquisite color of the fox, on the impulse, I raised a small child outside. I saved your reputation as brother-in-law."

Qin understood her with a glance and said, "You and your friend pretended to be my ex-girlfriend, and cried about breaking up. My reputation has been ruined, and my scumbag really beat me."

"Um..." Mu Sichun was said to be unable to refute, and then said, "Well, at least my sister is okay. My sister is known as the first goddess in Guangzhou. The men who proposed to her used to line up. From the Pearl River row to the Xijiang River, as long as those people know that you are my sister's husband, they are guaranteed not to have that kind of thought."

Qin Ming felt that the Mu family's affairs were really messed up. He asked, "Your father is here? Didn't you go to foreign countries to discuss business today?"

Chapter 398

Qin Ming is really depressed. All of these people have higher eyes and arrogant attitudes. They are commonly known as snobs. Because he is poor, he is inexplicably used as an excuse to ridicule them to set off their superiority?

He was about to have a seizure, and the old lady Mu who was drinking tea leisurely on his side pulled him and motioned for him to drink tea and stay calm.

Qin Ming thought for a while, let's stop arguing, give the Mu family a bit of face, and Mu Hao will come back later, catch him and clarify the matter, and he will leave.

Don't quarrel with these unqualified people, so as not to shame your identity.

Xu Shulan said, "Although Xiao Qin was born as a farmer, Xiao Qin is amazing. Last time, Mu Hao and his two brothers wanted to rebel and defraud the company's money and equity. Zhaoyang was deceived. Thanks to Xiao Qin's report to the police and arrested him. ."

Xu Kuang laughed and said with disdain: "Aunt Xu, who wouldn't call the police? Everyone can do it. However, it proves that he is still loyal to his family. It is also true that he is used to the life of a wealthy family and can't go back to death. I was poor at the beginning."

Xu Kuang didn't have such self-righteous superiors, and what was even more arrogant was that this was still in someone else's house.

The second uncle also didn't give Qin Ming any good color, saying, "Mu Hao is still superstitious. This is a new era, and they all believe in science. Look at this young couple, they separated soon after they got married, Mu Xiaoqiao Isn't that resisting?"

Xu Shulan said: "No matter what, they have a good relationship. Xiao Qiao went to Beijing to set up a company, that is to go international. After all, she is a luxury brand, and she has to get a relationship with foreign countries in order to grow bigger."

The uncle exclaimed: "The cousin is really capable. After graduation, she doesn't rely on the family, she does business by herself, and she does her own business. Unlike me, who is not a good person, she gnaws on the old after graduation and does not go to find a job. She is so mad at me. Up."

After speaking, I looked at one of the fashionable girls wearing glasses.

The girl was also violent, and said angrily: "Dad, what do you say I do? Bibibi, every day I know to compare me to my cousin, at least I will not find a door-in-law to disgust you? How many men I know Friends are all second-generation rich and highly educated. I won't find someone who is poor, and I won't need you to raise them in the future."

The uncle said: "Look, you know enjoyment, but the last time you met, Master Zhao from the diamond family, when will you bring it back for a look?"

Xu Shulan exclaimed: "Oh, Wan'er knows the young master of the Zhao family? That's the only child, really amazing."

Xu Waner said triumphantly: "Yes, she is still a doctoral student from Cambridge University, with a net worth of over ten billion, and has been chasing after me, but I still have many choices. My man will not be a farmer, let alone be like a cousin. The poor and sour family. This cousin is not as good as me."

Qin Ming is already very generous if he doesn't come. He feels that this is not his own home, so he can give others a little face.

But what does this family do? Why do you look down on farmers? Is it necessary to use Qin Ming as a negative teaching material to educate children? Did I provoke you?

Xu Shulan smiled awkwardly, and said, "Although Xiao Qin was born in poverty, he has good grades. He is a high-achieving student of the University of Science and Technology and receives scholarships every year."

The second uncle smiled: "How many scholarships can I have? It's not as good as our business, and I earned it in a few minutes. My export container has more than 30 containers a day, and it sells millions of dollars a day."

The second aunt looked at her daughter, and said, "Daughter, have you seen it? Find a man to look good. You also said that your mother often interferes in your dating, and your cousin's family matters are not determined by your parents? Your cousin and husband Your cousin is not familiar, so she married because of the combination of her eight characters. I asked you to keep in touch with the noble son of the old Qin family. Are you still not happy?"

The girl from the second uncle's family was relatively simple. She said very upset: "Mom, what do you say I do? You have to force me to marry a silly son-in-law like Aunt Xu? I'm dead. Forget it."

Qin Ming is dissatisfied, your sister, is this a reflection of me, am I a waste?

The second aunt was also dissatisfied: "Hey, you child, is the noble son of the old Qin family a waste of money? Why is he better than your cousin, family background, education, appearance, and cultivation, everything is better."

The girl said: "But he was abandoned. People in the entire sea market are spreading. They were attacked two months ago, and the following is not working. Who sent their daughter to the fire pit, isn't it? Stay a widow for a lifetime."

The second aunt taught: "But people are rich and powerful. What does your cousin-in-law have?"

Qin Ming tapped on the table with a "bang", and said, "Enough, you don't have to give me face when you see me for the first time. But I was insulted by you for no reason. Why did I become useless? My ancestors What's the matter with the peasants? Did you provoke you? When I trouble you to educate your children, don't use me to teach.

Qin Ming's temper has improved a lot, and he really can't get used to these so-called "relatives."

But the eldest uncle and the second uncle did not have the slightest intention of introspection. Instead, they felt that Qin Ming was too unruly.

The uncle frowned and said: "Why? The other way around, what is your son-in-law talking about? Did we make a mistake? What do you want? The son-in-law who clings to the power of the Mu family is really unruly. We are in Xu's family. Haishi is also a wealthy family, and the Mu family is also an old-fashioned wealthy family in Guangzhou. The rich have to behave well. When the elders speak, your son-in-law should shut up first."

Xu Kuang laughed and said: "Cousin-in-law, if you want people to be respectable, you have to show us something first. Don't talk about academic performance, don't laugh at others' big teeth? You are a son-in-law, and you will pass on to your cousin. What else can you do with children? My cousin has built a brand company in three years, can you?"

Another junior said: "Brother, don't talk about it, I have to save some face for my cousin."

Xu Kuang disagreed and said, "The facts I said. The cousin doesn't know where he is, and he holds it as a kind reminder, so as not to cause trouble in the future, he is the one who is unlucky. Alas, I know, I'm unsatisfactory and speak badly. ."

The second uncle also said: "Sister, your son-in-law is really ill-educated. People are divided into six or nine grades. If you come from a lower grade, you have to face the reality. The son-in-law should serve the girl's house well."

Qin Ming can also be considered to have seen a lot of weird flowers. The two families are even more weird. They both take care of other people's noisy matters, and they seem to be reasonable.

Xu Shulan didn't feel right, and found it a little difficult to handle.

But Qin Ming didn't seem to dare to refute her two older brothers and sister-in-law, feeling dilemma, it seemed that Xu Shulan's status in front of her brothers and sisters was a bit low.

Qin Ming thought it was another plastic relative.

Xu Shulan whispered: "Xiao Qin, why don't you go back to the room first. Your dad went to the airport to meet Xiao Qiao, and they will come back later, okay?"

He was very annoyed, and obviously he was right, why should he hide?

But seeing Xu Shulan begging him for the first time, Qin Ming came to Mu Hao to clarify the divorce. Now it is noisy, and it will make the Mu family more embarrassed later.

Qin Ming shook his head, then agreed, who made him more kind.

He simply found an excuse and went back to the room first.

As soon as Qin Ming left, the uncle became dissatisfied again, and said, "Hey, this door-to-door son-in-law, does he take himself seriously? Oh, when will Xiao Qiao come back?"

Xu Shulan said: "It should be soon, right? What? Did you make a special trip to find her? What's the matter?"

The eldest uncle and the second uncle looked at each other and said, "Yes, there is really something."

Chapter 399

Xu Shulan was actually a little strange. Why did the eldest and second elder brothers suddenly come to her house, still under the name of visiting.

How many times do you usually see each other during the holidays?

Xu Shulan knew that they had nothing to do with the Three Treasures Palace, so she asked, "Brother, are you here specifically for Xiao Qiao?"

The uncle nodded and said, "No. We want to talk to Xiao Qiao. We heard that she has a nine-eyed dzi artifact in her hand, which was used by the living Buddha during his lifetime. We want to ask if she can do it."

The second uncle also said: "There are many types of dzi beads, and nine-eyed dzi beads are not necessary. She is a girl, what can she do with such antique things? Wouldn't it be better to wear some diamonds and emeralds? Right?"

Xu Shulan was surprised: "Nine-eyed Dzi Bead? That thing is strange now."

The aunt said, "Isn't it? We can't get one if we want to. Don't your family all have brokers? Why did Xiao Qiao buy something for a living Buddha? Wearing something conflicting."

Xu Shulan was upset again when she heard it. The Taoist chief she visited, but she never said that.

The second aunt also said: "Sister, you see that we are all our own. Later you may persuade Xiao Qiao, and we will also make some compensation here."

Xu Shulan asked curiously: "Does it have to be? Are the others gone?"

The uncle and the second uncle nodded at the same time: "Yes, it must be. We have been looking for a long time, but I couldn't find anything else. This dzi was originally collected by the Xie family. No one expected that the Xie family would secretly make it. Ten years ago When Ms. Xie competed with Lao Qin's family, she won and won."

"Our group has a big business with the old Qin family in Haishi, and the old lady Qin has always been thinking about these nine-eyed dzi beads. We want to use the dzi beads to make this business by using flowers to present the Buddha, and then we will compensate Xiaoqiao three times the price Up."

"Actually, there is no protection for antique instruments. If you believe it, there is nothing, right? We are all highly educated and can't be too superstitious. No matter how powerful Dzi beads are, they are also jewelry."

The two brothers kept talking, they would definitely feel very reasonable if they wanted Xu Shulan before, and all superstitions were wrong.

But now Xu Shulan's thinking has changed. She feels that people are working, the sky is watching, and the retribution cycle is unsatisfactory. As a person, she still has to deny herself and return to rituals, and she has a good faith. Like her husband Mu Hao, she has completely believed in Taoism.

Xu Shulan concealed her, and said, "Well, I have to wait for Xiao Qiao to come back."

The old lady Mu who had been drinking tea and watching TV watched and grunted coldly, very disgusted that her daughter-in-law was so low-pitched in front of her family, she continued to drink tea on her own, she and her daughter-in-law's family members , It really doesn't fit.

If weren't for her son's status in Mu's family and additional financial support, she had to rely on the wealthy and powerful Xu Shulan family at the time. She was actually not satisfied with Xu Shulan, who

had a vase. This woman was small in size and short-sighted. , There is limited help to her son Mu Hao, but he wins in obedient and filial piety.

Granny Mu took out her cellphone and typed on Mu Xiaoqiao's cellphone slowly: "Your uncle and family just humiliated your husband, and they asked you for nine-eyed dzi beads."

At this moment, after getting off the plane, Mu Xiaoqiao, who was on the way back, was looking at the photo sent by his sister Mu Sichun, a photo of Qin Ming and Chen Muling chatting and laughing.

She was panicked, this girl is very beautiful, could it be Qin Ming's transference?

She opened the school network of the Polytechnic University again, which has a school flower appraisal and a lot of gossip content.

Mu Xiaoqiao bit her little cherry mouth, and muttered: "Chen Muling...the third most popular school flower vote, the daughter of the Chen family who makes food in Guangzhou, a small merchant. Another school flower, ho ho, I was also said to be a school flower in the past. , Qin Ming, your sunshine is so high, can't you be a school flower harvester?"

"It's been two months, you haven't contacted me, neither talked to me about divorce, nor contacted me, what do you want?"

"Are you still waiting for me to bring it up?"

At this time, when the phone rang and received a message from grandma, Mu Xiaoqiao frowned. Uncle and Uncle are here? Still humiliating Qin Ming? Want nine-eyed dzi from her?

Mu Xiaoqiao immediately pinched the nine-eyed dzi that hung around her neck with her fingers. It was photographed more than 16 million yuan, and Qin Ming photographed her.

In fact, Mu Xiaoqiao did not say what the channel agent said, but after she married Qin Ming, her grandfather Mu Hairan recovered from the illness. She somewhat believed, and the condition was similar to that of Xu Shulan, but not as serious as Xu Shulan, in order to be credible. It's not credible, it's not.

When Zhang Quanzhen was there last time, she was married to Zhang Lao Dao and asked Zhang Lao Dao how to get her true love.

Zhang Quanzhen said that Mu Xiaoqiao had a soft hit but lacked strength. Wearing a nine-eyed dzi, he was protected by the living Buddha, and he could keep the true life of the emperor.

Mu Xiaoqiao thought that her personality was indeed tough on the outside and soft on the inside. She went to bid for the Nine-Eyed Dzi Beads in total, but in the end it was smoothly shot thanks to Qin Ming.

But when Mu Xiaoqiao got her hands, she had experienced some things earlier and found out that Qin Ming's position in her heart was already important, and she was also willing to accept Qin Ming as her husband.

But in the end Qin Ming wanted to leave instead, which made her panic. She simply used entrepreneurship as an excuse to avoid Beijing.

Mu Hao, who was driving ahead, asked, "What's the matter? I'm frowning when I look at the phone?"

Mu Xiaoqiao brushed the hair on her forehead and said, "It's nothing, the first uncle and the second uncle are here."

Mu Hao said, "Come here as you come, and they haven't come. But your sister may be angry again. Haha, I don't know whether to introduce things to your sister."

Mu Xiaoqiao smiled, remembering that in the past, her uncle and his family often introduced her to the rich and powerful in the sea market, hoping that she would marry to the sea market, but Mu Xiaoqiao was not interested at all. She believed that her true son would be there. Appear at the right time.

As a result, when his grandfather became ill, the real man was revealed.

At first, Mu Xiaoqiao was a little bit resistant to such false things as marriage Chongxi. She is such an excellent woman, her education, figure, appearance, and family background, she was not a princess or a daughter of a prince and minister in ancient times?

In the end, she married a door-to-door son-in-law who had never met before, because of the combination of the two.

But because of Mu Hairan's illness, for the sake of Chongxi, she also admitted.

But after contact with Qin Ming, she discovered that Qin Ming is very mysterious and capable, especially the several troubles of the Mu family, Qin Ming helped to resolve.

A capable man attracted Mu Xiaoqiao. She began to re-examine Qin Ming and discovered many of Qin Ming's advantages. Apart from his poor family background, Qin Ming's advantages are simply impeccable.

But Qin Ming always wanted to leave.

In her bones, she didn't want to become a divorced woman. She would feel very embarrassed and a hundred unwilling in her heart, so Mu Xiaoqiao hid and went to the capital to start a business, let Qin Ming calm down.

Mu Xiaoqiao asked, "Dad, did Qin Ming mention a divorce to you during my absence?"

Mu Hao smacked his lips, not only filed for a divorce, but also because he didn't notify other people, calling him every day to bother him, making him use the excuse to go abroad to discuss business and avoid him every time.

However, Mu Hao's trick is going to go on. As Zhang Quanzhen said, Qin Ming really prospered the Mu family. For Mu Hao who believes in Zhang Zhenren's fortune telling, he will not easily backhand it.

Mu Hao said, "No. You two are still married. If you don't believe me, you can go to the Civil Affairs Bureau to investigate. Xiao Qin is also busy with work during summer vacation. He said that he doesn't want to be a man who doesn't deserve you. With money, he won't work hard. He also said that he will make a lot of money in the future, and hide your golden house. This kid is motivated."

Mu Hao's nonsense and deceptive talk made Mu Xiaoqiao exasperated, and said in his heart: "It turns out that he worked so hard. I blamed him."

Mu Xiaoqiao looked at the scenery outside the car window with joy in her heart. She looked at some pictures of Chen Muling on her mobile phone and muttered to herself: "When we meet this time, we must be a formal couple with him, so that he won't be tainted by other women. "

Chapter 400

In the Mu's compound, Qin Ming was sitting in the study and reading, and Mr. Mu Hairan was next to him.

Mu Hairan was very polite to Qin Ming and recommended a lot of books about life philosophy, such as the thick black studies, Murphy's law, and so on. He also gave Qin Ming the majestic deeds of his youth and talked very happily. .

Qin Ming was quite embarrassed. Mu Hairan seemed to like his “grandson-in-law” very much, but Qin Ming could hear it by knocking on his side, and Mu Hairan didn’t seem to know that he had left Mu’s house.

Although Mu Xiaoqiao is a standard beauty, Qin Ming still hides another woman in his heart.

There is no real husband and wife, why bother others?

Qin Ming was very annoyed: “Mu Hao, no one said, is the divorce certificate fake? Huh? Where did I throw my divorce certificate?”

With a dizzy sound, a car came in downstairs in the Mu’s compound, and Mu Xiaoqiao dragged the suitcase in.

Qin Ming smiled coldly and immediately called Mu Hao: “Hey, Boss Mu, where are you?”

Mu Hao was excited, and quickly said: “Oh, Xiao Qin. I’m talking about business abroad, what’s the matter?”

Qin Ming smirked, opened the window and waved to the bottom, and said, “Really? Then look up, I’m there?”

Mu Hao looked up and saw Qin Ming waving at him. He rolled his eyes suddenly. There was nowhere to hide. He also sighed. Does this kid like Qin Ming hate their Xiao Qiao so much?

Mu Xiaoqiao habitually looked up at her room, but she saw Qin Ming waving to Mu Hao. She was startled, and it was like waving to Mu Xiaoqiao from this distance.

Mu Xiaoqiao was a little nervous and shy in her heart, and her heart was beating faster, as if love was sweet: “Is he welcoming me? How does he know that I am going home today? Is he waiting for me at home?”

A smile suddenly appeared on Mu Xiaoqiao’s face, in a happy mood.

And upstairs, Qin Ming snorted viciously, and said: “Boss Mu, I have given you a lot of face and respect. I didn’t make a big noise in your house, and I also endured the unprovoked humiliation of your relatives. You come up to me right away Make it clear, otherwise don’t blame me for putting your Mu family to shame...”

Mu Hao continued to pretend to be stupid, and said, “Xiao Qin, what’s the matter so anxious? Wait a moment, I’ll be up right away.”

He said he was going to come up, but he didn’t. Instead, he stayed in the hall to greet the two family members warmly.

Xu Shulan was very happy to see that Mu Xiaoqiao was back, and she took her hand and said, “Xiao Qin is here too. You are all eating at home tonight. I’ll let Sister Fang make some delicious food. Go up and see him. . Let your dad talk to your uncles first.”

Mu Xiaoqiao nodded shyly, and did not say hello to the two uncles and uncles.

Mu Xiaoqiao was about to go upstairs, and the old lady Mu who had been watching TV immediately grabbed her precious granddaughter and said, “Xiaoqiao, have you missed Qin Ming?”

Mu Xiaoqiao said embarrassedly: “Grandma, what are you asking? It’s not a special idea, after all, work is very busy and I am very fulfilling every day.”

Granny Mu smiled mysteriously: "When you see someone Qin Ming, don't be impatient. If you have anything, you must first ask Qin Ming's opinion."

Mu Xiaoqiao didn't understand the meaning of Mrs. Mu's words at all. It seemed that there was something in the words, but she couldn't guess it, but she was careful.

Qin Ming wanted to wait for Mu Hao to come up, but only waited for Mu Xiaoqiao.

When Qin Ming saw Mu Xiaoqiao, he was inexplicably strange. He almost overthrew Mu Xiaoqiao last time, but she avoided him the next day.

Qin Ming asked, "I'm back? Where's your father?"

Mu Xiaoqiao said, "I'm chatting with my uncle and my second uncle downstairs."

After two sentences, both of them have nothing to say. This kind of relationship is familiar but also has a great sense of distance, which is very strange.

Qin Ming said uncomfortably, "Your dad always avoids me."

Mu Xiaoqiao bit her lip and said with satisfaction: "You can tell me if you have something. I'm very happy that you didn't file for a divorce with me. Actually, I don't like to be a divorced woman."

Qin Ming frowned, and that's what he wanted to say.

But before he spoke, Mu Xiaoqiao pinched the nine-eyed dzi bead on his neck and said, "Uncle and second uncle, they seem to want you to give me the nine-eyed dzi. What do you think?"

Qin Ming was naturally upset, and immediately responded: "Snobbish, don't give it. This thing is more than 100 million yuan, and it has been reorganized to the new price of the industry. It is still the artifact that the living Buddha once wore. It is priceless in the antique market. Baby. You can't do it just because of relatives."

Mu Xiaoqiao replied, "That's right. Zhang Zhenren asked me to take this photo. It can protect us."

Qin Ming's heart moved, and he was quite touched by the words "Bless us". It turned out that Mu Xiaoqiao was selling these nine-eyed dzi at the time, and he was also thinking of Qin Ming? It's not in vain that he pays for it.

Mu Xiaoqiao's attitude from the beginning was indifferent and gradually became enthusiastic, which made Qin Ming very uncomfortable.

He is a person with strong feelings, he can't bear to hurt Mu Xiaoqiao, and for a while, he doesn't know how to speak.

After thinking about it, let's talk to Mu Hao to make it clear.

Mu Xiaoqiao saw that Qin Ming was still wearing the old clothes, so he opened the suitcase and took out a few sets of new clothes, and said, "When I came back, I bought you clothes. Do you think it fits?"

Qin Ming passively took over the clothes and looked at the brands. Versace and Anima are world famous brands with high-quality materials and the latest styles.

Qin Ming was actually a little touched. It was the first time that he received clothes from someone else. Should this be accepted or not?

When Qin Ming hesitated, Xu Shulan came up and called Mu Xiaoqiao, saying that it was her eldest uncle and second uncle who were looking for her.

Seeing that Qin Ming didn't resist, Mu Xiaoqiao said, "These are all cleaned up for you. You can try it first and stay for dinner tonight."

Mu Xiaoqiao went on, and as soon as the person arrived, the uncle said: "Oh, we Xiaoqiao is here, and now we have changed from a female student to a female president."

The second uncle also said: "No, I heard that your Xinglong brand has already firmly established itself as a domestic luxury brand, and it is about to go international."

The eldest aunt also praised: "That's right, my bastards, if Xiao Qiao has half of his skills, then feel relieved."

After the elders' praise, the conversation turned around and asked, "That Xiao Qiao, are you wearing the nine-eyed dzi that was auctioned off in our Guangzhou city a while ago?"

Mu Xiaoqiao knew that the first uncle and the second uncle wanted this antique artifact of their own.

She said, "Yes, uncle, what's the matter? The one hundred and sixty million shots were taken at that time, and the new prices in the domestic dzi market have been reorganized."

Mu Hao immediately added: "That was Xiao Qiao's own money, and I didn't give her any support. Therefore, it is entirely up to Xiao Qiao's own wishes to not make a move."

The two girls from the eldest uncle and the second uncle's family heard that Mu Xiaoqiao had no support and help from home, and they were so envious that they were very jealous. After all, they were only one year apart in age, but they were still gnawing old.

At the same time, I felt very upset. I guess I would have to be trained again when I went back. After all, they were all relatives.

Fortunately, knowing that Mu Xiaoqiao had married a poor son-in-law this time, he could save a bit of face.

Both cousins thought to themselves: "In the future, I have to find a rich man, otherwise I won't be able to raise my head forever."

The uncle rubbed his hands and asked, "Well, can you give us these nine-eyed dzi beads?"

Mu Xiaoqiao said very plainly: "No."

The second uncle asked wonderingly: "Uh? Why? In fact, there are many types of dzi beads on the market. This is not necessary, right? We have to do this."

The second aunt also said: "Yes, Xiao Qiao, we have been relatives for many years. This is not a big deal. After all, this dzi bead is also an antique artifact. There are too many substitutes."

Mu Xiaoqiao said: "Auntie, these nine-eyed dzi are not photographed by me at the expense of money, but they are a token of love from him. They have a different meaning to me."

The uncle said immediately: "Oh, Xiao Qiao, you can keep your words quiet. Even if the door-to-door son-in-law of Qin Ming is not here, you are afraid that he has ears on the wall. Then, who is that gentleman? We can call over. Let's talk together."

Mu Xiaoqiao rolled her eyes silently and said, "Okay, I call him over."
