

The Best Son in Law Chapter 105 – 107

Chapter 105

“Yes, Shen, how can you say that your husband can’t do business? Men need encouragement, though!” A girl’s next to Haoden Ye’s followed.

Although the two girls’ tone was clearly teasing, the words moved her heart in Maya Shen’s ears.

Is it because you lacked encouragement and support for Haoden Ye in the past?

Thinking of the way she had treated Haoden Ye in the past, Maya Shen’s heart could not help but start to reflect.

When Haoden Ye lost his own parents, he did comfort him, but did he really encourage him with all his heart when his academic performance declined?

Haoden Ye dropped out of school and went out to work, and every time he was fired for various mistakes, at that time, did he help him get out of the shadow of failure?

He runs a two dollar store and business is dismal, do you think he’s useless because the money was given to Haoden Ye by his parents?

While Maya Shen was contemplating, her ears suddenly recalled Haoden Ye’s voice, “Oh, you two don’t misunderstand Maya, she’s only saying this because I’ve done several failed businesses!”

Hearing Haoden Ye’s words, Maya Shen’s delicate body trembled slightly, recalling countless similar scenes like this in her mind.

Every time he blamed him, misunderstood him, or even belittled him in front of others who couldn’t see it, Haoden Ye would help explain himself.

Many times, when things are clearly their own fault, Haoden Ye will take the blame for the mistakes and make her feel that they are deserved?

Hasn't he been trying to be a good husband and trying to defend himself?

How is it that you never think about these questions?

For a moment, Maya Shen was deep in thought.

"Shen, what do you think of my song?" Long's voice suddenly sounded in his ears.

When Maya Shen raised her head, she saw Long looking at her with a charming smile on his face.

"Of course Long sings beautifully!"

The executive has already snapped his hands and mouth in a constant stream of praise: "It's like an international superstar!"

"Oh, Mr. Xu is overpraised!" Long smiled, his eyes always looking at Maya Shen, waiting for her answer.

"Long sings well!" Maya Shen returned with an indifferent look.

A coldness flashed in Long's eyes, he had just suffered a loss from Haoden Ye and hated Haoden Ye in his heart, so when he just sang, he thought of a poisonous trick.

"Yeah? It's a little worse than the last time we went on a business trip together, when I sang in a hotel room!" Long always pretended not to mean it.

"Hotel?" When the people in the booth heard this, their faces changed slightly and their eyes became ambiguous.

And Maya Shen was also pale at this point, the thing that Long mentioned just four days ago, when Holander's group officially announced their cooperation with their company, Holander's group asked her to pick up Long, who had just returned to China.

Because the place where Mr. Long got off the plane was in the capital, so Maya Shen drove four hours to the airport to pick up Mr. Long, and that day she and Mr. Long got a room in the hotel to rest, of course, one room per person.

Long's words were true, but parked in someone else's ear, they meant something else.

Especially if this was heard by Haoden Ye, what would he think?

Thinking of this, Maya Shen even turned her head to look over at Haoden Ye.

But Haoden Ye's face was calm, without any anger, much less any suspicion of himself.

Maya Shen's eyes flashed with a touch of warmth, such ambiguous words, Haoden Ye still believed in himself so much!

Haoden Ye did believe in Maya Shen, firstly because he believed in Maya Shen's character, and secondly, he could heal, and the fact that Maya Shen was a virgin, it didn't take too much medical skill to see that.

However, he believed it, but others did not, and for a time, he didn't know how many despicable eyes were thrown at Haoden Ye, as if Haoden Ye's head was greatly a cuckold.

"Looks like there's a bit of a story between Long and Shen!" Someone started whispering.

Facing these eyes and voices, Haoden Ye was never half angry, but instead smiled confidently, looking at Long who frowned.

"Mr. Long, what do you mean, please make your words clearer!"

Maya Shen was angry, though she didn't know why she was so angry.

Obviously she was already dead to Haoden Ye, why was she still so angry when she saw that Long had deliberately caused Haoden Ye's misunderstanding?

But then she didn't want to think about it!

“Shen, why are you so angry, am I wrong for saying that?” Long’s eyes flashed with a touch of anger, his words were ambiguous, deliberately making Maya Shen unable to pick a fault and making Haoden Ye misunderstand.

I never thought that not only was there no Haoden Ye himself, but Maya Shen even spoke to him like this in public.

“Of course Mr. Long’s words are right, but can we make it clear that I picked you up at the airport that day and arranged a hotel room for you no lie, but I was resting in the room opposite yours, and I wasn’t in your room when you were singing! Are you saying that to deliberately cause a misunderstanding with my husband?”

Maya Shen’s angry face was full of anger towards Long, her tone not polite at all because of Long’s identity and status.

“Shen, what do you mean, what kind of status am I, Long O. Is it necessary to cause your husband’s misunderstanding? Is that how you talk to your own clients with that attitude?”

Long was so rudely exposed by Maya Shen, and his face showed shame and anger.

“Huh? You know best what you mean, although I, Maya, am only the vice president of a small company, I don’t care about people of your character, so in the future, you don’t play such little tricks in front of others!”

Maya Shen smiled coldly and spoke even more rudely, “From the first time I met Mr. Long, I loathed you to the extreme in my heart, bragging every day that you’re from some Wharton College, showing off that you’ve spent a few years outside, thinking you’re something? Get out of our country if you worship your foreign father so much!”

“You... you... you dare to talk to me like that, aren’t you afraid I’ll withdraw my funds?” Long trembled with anger and pointed at Maya Shen with an angry face.

Maya Shen was open-minded this time, and wasn’t going to show any mercy at all: “Don’t worry, I’ll think back to Holander’s Group tomorrow to file a complaint and tell them what General Manager Long has been doing these days, and if Holander’s Group decides to withdraw its investment, I’ll be responsible!” Maya Shen cut off the nail.

The faces of the people in the private room all looked wonderful when they heard this, especially Senior Manager Xu.

Long always listened to Maya Shen's words, his face also began to turn white, whether or not to withdraw, he really can't care, need Zyden which friend to say the final word.

While everyone was dazed, Haoden Ye slowly stood up and smiled slightly to Mr. Long, "Mr. Long, I'm also a bit friendly with your company's lawyer Jin, I don't know if in the Holander Group, his words have weight or yours?"

Chapter 106

"Lawyer Kim?" Hearing Haoden Ye Long always directly dumbfounded, but soon he laughed: "Really laughing me to death, just you also deserve to know lawyer Jin! Just a loser!"

The people of Shengwen International in the private room were all general small staff, even the vice president like Maya Shen didn't know who Lawyer Jin was, but the two people of Holander's group knew.

They listened to Haoden Ye's words with expressions as if they were hearing a big joke.

"Who is this lawyer Kim! Is that great?" Mr. Xu whispered to Maya Shen.

Maya Shen had met Lawyer Jin the last time she was at the Commerce and Industry Bureau, so when she heard Haoden Ye say he knew Lawyer Jin at this time, she immediately associated it with two things.

She didn't pay any attention to Mr. Xu, but looked at Haoden Ye dumbly, and said to herself, "Did he also help Mom last time? When did Haoden Ye know such a status recognition!"

"Don't believe it? No relation!" Haoden Ye smiled slightly and pulled out his own cell phone to dial Lawyer Jin's number.

Soon, the call was answered and the voice of Attorney Kim sounded on the other end of the line, "Hello! Mr. Ye, if you're calling me this late, you're not inviting me to dinner, are you?" It totally sounded like he was joking with someone he knew.

Hearing this voice, Long couldn't laugh anymore, and the other two people from the Hongs were also dumbfounded.

"It's... it's really Lawyer Kim's voice!" The two men looked at each other and one of them whispered.

Long's face was pale, his heart still reluctant to believe it.

How could a punk like Haoden Ye know Lawyer Jin?

"Huh? It just sounded like it! Lawyer Kim is a popular person around the president, how could he know him!" Long O looked at Haoden Ye coldly.

Hearing his words, only then did the people from Shengwen International understand who the Lawyer Jin that Haoden Ye was talking about, and their faces all changed.

"Oh, Gene, I'm having dinner with your Hongs, and they don't believe I know you!" Haoden Ye smiled slightly at the phone.

"Someone from the group? Which department?" Lawyer Jin heard Haoden Ye's tone of displeasure and lowered his tone, "Do you want me to go over there myself?"

"No! He's from your group's team with Shengwen International, called Long O. I don't know if Lawyer Jin recognizes him!" Haoden Ye lifted his head and looked at Long O slowly.

Hearing Haoden Ye say his name, Long Ao's face began to grow white, knowing that he was completely wrong.

"Long O? I've never heard of it, but the Dragon family does have a few people working in the investment department, so I'll contact someone there right away!" Attorney Kim said and hung up.

Haoden Ye put down his phone and looked at Long O with a sneer.

Soon, Long O's phone rang and he quickly pulled out his phone to see that it was his dad calling.

Long O hurriedly pressed the answer button and heard his father's growling voice on the other end of the phone, "Bastard, what have you gotten yourself into out there again, Lawyer Jin called me personally!"

Long O's face turned into a bitter melon and his tone was pleading, "Dad, I had a little trouble with someone, and that person knows Lawyer Jin!"

"A minor conflict? Is Attorney Kim calling? You get your ass home, you don't need to be in charge of the company's business!" Father Long growled and hung up the phone.

Long O put the phone down, his face already gray.

In the eyes of others, he might be a second son, but he only realized that the Dragon family was just working for the Holander family and was not in a high position.

Zyden chose the Long family to be in charge of working with Sheng Wen International because they weren't actually the core staff of the Holander Group, and having them manage the money was a way of telling Haoden Ye that the money wasn't the Holander Group's anymore.

In other words, Long O actually worked for Haoden Ye, and now he's lost his job.

"Haoden Ye!" Long Ao's eyes revealed a cold glow as he looked at Haoden Ye deadily, "Count you cruel, we'll see!" Finished stepping outside.

The other two Hongs looked at each other, but did not follow.

Just because they had just sided with Long O, it didn't mean they were interested in being on good terms with him.

"Mr. Ye, I can't believe you know Lawyer Kim!" The two men didn't even bother with Long O, but stood up with flattering smiles on their faces and walked up to Haoden Ye.

"Mr. Yeh, sit here, it's too crowded over there!" Haoden Ye was pulled out of the crowd by them indiscriminately and pressed into the seat where Long O had just been sitting.

Maya Shen and the rest of Sheng Wen International were dumbfounded as they watched this dramatic change.

The form has changed too fast, Haoden Ye is such a loser, and all of a sudden, he has shaken his body and become someone that the people of the Holander Clan all bow down to.

What surprised them even more was that Haoden Ye didn't show any unnatural look at the change in attitude of the two people from the Holander Clan.

"Maya, come here too!" Haoden Ye beckoned to Maya Shen.

Maya Shen came back to her senses and stood up and walked to sit down in front of Haoden Ye.

Although the chair is wide, but it is also relatively crowded, two people sitting together, hard body inevitably contact, Haoden Ye's heart surged with feelings of happiness.

And when Maya Shen felt the envious gazes of her contemporaries, her pretty face also blushed slightly.

Her colleagues envied her when she was promoted to Vice President, but at that time there was more than envy, there was awe.

And at this point they are completely envious and even jealous because her husband knows Holander's very high status lawyer Kim.

"Oh, I can't believe that Mr. Ye knows Holander's gold medalist lawyer, he's really deep in the dark!" General Manager Xu smiled at Haoden Ye, his eyes filled with jealousy and a deep sense of resignation.

Why would a trash like Haoden Ye be able to know a big shot like Lawyer Jin? And yet, he, a company executive, even speaks to Long O. in a low voice.

"Yes! Shen, your husband is too low-key, knowing a hit man like Lawyer Kim, but still only opening a two dollar store!"

"Really, Shen is hiding too much from us, and everyone in the company is lying to you!"

The company at the same time an incomparably envious to Maya Shen.

Maya Shen's pretty face was faintly red, feeling like they were envious of themselves because of Haoden Ye, simply happier than if they were envious because they had gotten the achievement themselves.

What woman likes to be out there working her ass off while her husband is a loser, and who wants to be the little princess to everyone else!

Of course, in addition to being happy, Maya Shen was also worried.

After all, these were not Haoden Ye's own achievements, but rather the respect gained by relying on the position of others, and knowing Lawyer Jin did not mean that Haoden Ye had been very competitive and hardworking all this time.

Chapter 107

"Where? Compared to Mr. Xu, I just know some big names, I don't have much ability myself!" Haoden Ye smiled faintly.

General Manager Xu's face immediately looked embarrassed.

You don't think you're good at knowing big people? Haoden Ye was clearly mocking himself in secret!

"Haha, Mr. Ye is too modest, Shen has such an excellent husband like you, no wonder he was promoted so quickly in the company!" Xu's heart was gritting his teeth, but his face looked like he was praising it.

That's fine, but when it stops in the ears of someone who cares, it naturally has a different flavor.

It's a pity that his mind didn't work in the right place, Maya Shen naturally also heard out Xu always hinted at others that her promotion speed was so fast, just because Haoden Ye knew lawyer Jin.

Although unhappy in heart, Maya Shen did not get angry, she has seen this kind of workplace tricks too many times.

However, Haoden Ye was uncomfortable in his heart and smiled faintly, “Maya’s fast promotion is her own merit, it has nothing to do with me.”

Mr. Xu laughed and said, “Of course, we trust in Shen’s work ability, and I’m sure Attorney Jin has a lot of trust in Shen’s work ability.” I said, with an ambiguous glance at my colleague.

Maya Shen’s face immediately became stiff, while Haoden Ye’s face also sank.

What is Mr. Xu implying, is it that Maya Shen’s fast promotion is actually an affair with Lawyer Jin?

This unwarranted insult is outrageous.

However, CEO Xu’s words still made everyone in the company give strange looks as well.

It’s also true that how could a loser like Haoden Ye know a character like Lawyer Jin? It may be that Haoden Ye is willing to give his woman to Lawyer Jin, only with Lawyer Jin’s relationship so good.

Maya Shen quietly clenched her fists, her petite body couldn’t help but tremble.

A fire ran up in Haoden Ye’s heart, and his eyes stared at General Manager Xu.

Mr. Xu is making a big deal out of seizing on the fact that he used to be a loser and trying to smear Maya Shen.

“Old boy, I’ve put up with you for a long time!” Haoden Ye snorted angrily and reached out to pull on General Xu’s collar.

Everyone in the private room jumped, no one had expected Haoden Ye to be so impulsive.

“What...what are you doing, where have I messed with you!” Of course, Mr. Xu didn’t expect Haoden Ye to dare to be so violent, and he said with an angry face, “If you dare to do anything, I’ll sue you!”

“Haoden Ye, you let go of Shen!” Maya Shen was also terrified, and even grabbed Haoden Ye’s arm, “Can’t you be more mature and not hit someone when you get angry!”

“That’s right, there’s always Xu who didn’t say anything, so what right do you have to hit someone?”

“This man is not psychotic and violent again!”

Seeing Mr. Xu being beaten, several people in the company who were close to him were busy getting angry.

“Do you need a reason to beat this bitch? I’m offended that he dared to insult you!” Haoden Ye’s eyes flashed with anger inside, actually standing hidden to reveal a murderous aura.

“What...what are you doing!” Xu’s hands and feet were cold with fear.

He dared to sarcasm Maya Shen because he knew that Maya Shen’s husband was a loser with a weak character: “When have I ever insulted Shen, don’t be unreasonable and brainless!”

“Huh? I’ll be unreasonable, so come and bite me!” Haoden Ye laughed coldly and kicked General Xu in the abdomen, followed by a kick to his chest.

Xu was in his forties, his body was demented and fat, and when Haoden Ye went two feet down, he was half-dead.

“Call the police, this maniac is going to kill someone!” Xu shouted in fear.

And seeing that Haoden Ye really dared to fight, the few people who had just spoken for General Manager Xu kept quiet.

Maya Shen was so angry that she wanted to kill someone, Haoden Ye just made himself feel a little more mature, how come he’s like a crazy person now.

This is a sarcastic Xu, Haoden Ye, not to mention from the law, not to mention from human emotions, it does not make sense, people Xu just need to say that she was unintentional, even she has no reason to say Xu what.

“Haoden Ye what are you doing,” Maya Shen was busy walking between Haoden Ye and General Manager Xu, blocking Haoden Ye with an angry face, “Hurry up and stop!”

“I don’t care, if he insults you, I’ll fight him to the death!” Haoden Ye’s face looked a little crazy at this point, and he was clearly furious to the extreme.

Seeing his appearance, Maya Shen’s anger was even quickly gone, Haoden Ye was so angry because he had been insulted.

She remembered that when she was a child, she was bullied by her class and Haoden Ye also ran to fight with others like this.

Maya Shen’s heart surged with emotion and held Haoden Ye’s hand, “What’s the use even if you really killed him? Don’t bother with such people!”

When Haoden Ye saw her gentle eyes, his heart was slightly touched, and he finally suppressed his anger.

“Don’t you run, I’m calling the police, I’m calling the police to arrest you!” When Xu saw that Maya Shen had persuaded Haoden Ye, he got up from the ground and covered his face to roar.

He pulled out his cell phone and dialed the police.

Maya Shen’s face changed slightly at the sight, although Haoden Ye didn’t have any skills now, but at least he wasn’t a criminal, if the police really came, he would at least be in the detention center.

“Mr. Xu, my husband was drunk and only fought you on impulse, I’ll pay for your medical expenses and I’ll give you another 20,000 yuan in compensation, do you think it’s okay?” Maya Shen’s face was kind to General Manager Xu.

“20,000 and you want to settle things? I’m going to get this for nothing? I’m not just going to put him in jail, I’m going to report you at work!” Xu tugged at his voice and roared.

A veteran employee like him has no low status in the company, not to mention that Maya Shen is the vice president, which is also a duty, and in terms of seniority and relationships, General Manager Xu is not low in the company.

He usually in the company also rely on the fact that he is the person who accompanied Li Mingsheng to fight the rivers and mountains is unstoppable, even Maya Shen, the vice president of the company does not even put in his eyes.

“Haoden Ye, quickly apologize to Mr. Xu!”When Maya Shen saw that General Manager Xu was in full fury, she quickly looked stern to Haoden Ye.

Although she knew she was doing it for her own good, Haoden Ye never regretted doing it.

Not for a few days in a holding cell?He’s not afraid to go to jail for insulting his women.

“I don’t apologize for him insulting you, and the next time I hear him insult you, I’ll hit him!”Haoden Ye blushed and raged.

“You!You’re so arrogant!”General Manager Xu was even more furious when he heard this, pointing at Haoden Ye, “Count you as having guts, don’t you run!”

Maya Shen was also angry and anxious at Haoden Ye’s words, the good feelings she had for Haoden Ye just now went up in smoke.

“Can’t he be a little more mature?Do I have to be so worried?”Maya Shen couldn’t help but feel aggrieved, but on second thought, why was she worrying so much?It was already dead to Haoden Ye anyway.
