

# The Best Son in Law Chapter 114 – 116

## Chapter 114

“No, I’ve never heard of it!”

Jiao Yuchun’s voice was surprised, “It’s no use looking for my master for a patient you can’t even cure!”

Haoden Ye heard that he had misunderstood, and quickly explained, “Today someone said that they were not feeling well after taking my medicine, and the doctor’s test report also said that there was something wrong with this person, but I just diagnosed him, and this person is obviously here to cause trouble, and my friend from the MCA said that if there was a more authoritative doctor with the same diagnosis as me, then they wouldn’t make things difficult for me!”

Jiao Yuchun laughed as he heard, “I thought it was something, why bother my master with this little matter! I’ll just go!”

Haoden Ye listened to him, his face was difficult, if he said no, I don’t know if Jiao Yuchun would be angry.

He looked at Lin Yu and lowered his voice, “Professor Hua’s disciple, Dr. Jiao Yuchun Jiao, is it okay to come?”

Everyone here didn’t believe that Haoden Ye people were Professor Hua, but when they saw Haoden Ye’s phone call, it didn’t look like a fake, and they all looked surprised.

Hearing Haoden Ye’s words, Lin Yu recovered from his surprise and nodded busily, “It’s okay for Dr. Jiao to come!”

Haoden Ye was delighted and quickly said to the inside of the phone, “When will Dr. Jiao arrive?”

“I’m on my way, soon!” There was the sound of a car engine on the phone.

Haoden Ye put away the phone and said to Dean Li and Lin Yu, “Dr. Jiao is on his way!” Finished looking coldly at Lawyer Liu’s three people.

Three people’s faces were extremely ugly at this time, who would have thought that Haoden Ye really knew Professor Hua, Lawyer Liu was not only ugly, his eyes were also cold and frightening, he didn’t understand how could this trash Haoden Ye know so many powerful doctors.

“I can’t believe that Mr. Ye knows Professor Hua, I was just surprised, but on second thought, it’s reasonable.” Dean Li seemed to have forgotten about the matter at hand and his face was filled with excitement, “I’ll get a little bit of glory today and have a good exchange with Dr. Jiao as well, haha!”

Jiao Yuchun was not as famous as Professor Hua in the medical world, but among the younger generation of doctors, his status was not low, and even an old-timer like Dean Li had to be inferior to him in medical skills.

Jiao Yuchun came to Dan City only, and President Li wanted to invite him to the Central Hospital several times to conduct an academic seminar on TCM, but unfortunately Jiao Yuchun didn’t like small units like the Dan City Center Hospital.

In less than five minutes, Jiao Yuchun’s car pulled up in front of the door and the extraordinary British drama got out of the car.

Seeing him coming, Dean Li and Lin Yu immediately revealed a respectful look, and even Zhang Wen had a look of awe on his face.

As soon as Jiao Yuchun entered the door, his eyes just gave them a quick glance, and he quickly walked over to Haoden Ye, looking respectful, “Mr. Ye, we meet again!”

A few people saw his respectful attitude towards Haoden Ye and once again revealed their surprise that Professor Hua’s senior apprentice was so respectful to Haoden Ye.

Haoden Ye also smiled and hurried forward, “Do me a favor this time and help me taste this patient’s diagnosis!”

When Zhang Peng saw Jiao Yuchun coming, he already panicked and took a step back, saying angrily, "He knows you, and I can't trust him!"

Jiao Yuchun knew what was going on at a glance, he had been a doctor for so many years, and had encountered as many scoundrels as a cow's hair, he smirked at the words, "That's fine, but think about it, just because you can't trust my word alone, even in court the judge will think you're guilty!"

What is the status of Spiritual Medicine Hall in the TCM world, and is Professor Hua's disciple authoritative enough? This is a total case where you either just let him diagnose it or you simply admit it, and that's the power of authority!

Zhang Peng's face instantly paled, and Lawyer Liu, looking anxious at the side, even whispered in his ear, "What are you afraid of! As long as he asserts in one breath that he was not feeling well yesterday, he has no proof and can't embarrass you!"

Zhang Peng could only laugh bitterly at his words and snorted, "Fine, I'll just let you diagnose!"

Jiao Yuchun smiled slightly and swept her gaze over Zhang Peng's body, carefully observing his eyes and face before saying, "You said you had physical problems from taking Mr. Ye's medicine?"

"Good!" Zhang Peng mentioned cautiously and was busy.

Jiao Yuchun nodded gently, "I have also taken Mr. Ye's medicine... Cough, of course it's not because I need it, but because I want to test the true effect of the medicine, so that I can recommend it to my patients... Cough, this medicine benefits Qi! It's an aphrodisiac and regulates the meridians, and judging from the fact that you're now flushed and bright-eyed, you did take this medicine, and it would have been yesterday afternoon, right?"

Zhang Peng turned slightly pale and was about to nod his head subconsciously, but hesitated before nodding because he was wary.

Lin Yu's heart warmed up as soon as he heard that Jiao Yuchun had recommended Haoden Ye's medicine to his patient.

Haoden Ye could be a liar, but Jiao Yuchun couldn't lie, which meant that Haoden Ye's medicine was really effective ah.

At this point he couldn't wait, he really wanted to get this over with and buy two pills to take back.

"You took the drug, but you did not have sex with women, but ate a lot of spicy food, this drug enhances blood circulation, after taking the drug avoid spicy food, otherwise you are bound to vomit and diarrhea, but it is not serious!" Jiao Yuchun smiled, "So your symptoms are not caused by drugs!"

He had a point and a sentence that pointed out the possibility that Zhang Peng had deliberately framed Haoden Ye.

Isn't taking an aphrodisiac instead of having sex with a woman right away and eating spicy food trying to use the drug reaction to get in trouble with the pharmacy?

"You...you're lying, I had sex with a woman yesterday, and I didn't eat any spicy food at all!" Zhang Peng had been waiting for this moment for a long time and did not hesitate at the news.

"Oh!It doesn't matter if you don't admit it, whether you have eaten spicy food or not, just look at your nose, your nose is slightly bulging right now, this is a sign that you have eaten spicy food, this is justifiable in Chinese medicine, even in court, it can be used as evidence!" Jiao Yuchun smiled slightly.

When Haoden Ye heard this, his eyebrows couldn't help but furrow, the Chinese medicine he studied didn't have this, Jiao Yuchun was obviously fooling Zhang Peng.

However, Zhang Peng was already guilty and became even more flustered upon hearing this, subconsciously touching his nose and fidgeting, "I... my nose was hit by a door yesterday, it's normal for it to bulge, what kind of evidence are you calling this?"

"Oh?What a coincidence to have been hit by a door!" Jiao Yuchun had an amused look on his face at the news, "Then I have other ways to prove it as well, look at your palm to see if it's whitening, that can be used as evidence too!"

Zhang Peng subconsciously looked over to his palm, and indeed saw that it was slightly white.

## Chapter 115

“I...my palm...I forgot to cover up when I went to bed last night and my body got cold...what’s wrong with my white palm?”Zhang Peng continued to cunningly argue.

“Oops, another coincidence!”Jiao Yuchun laughed and pointed at Zhang Peng’s hair, “It’s also simple, your hair is on the greasy side now, and that can be used as evidence!”

“I...I haven’t washed my hair in a few days, and my hair grease is normal!”Zhang Peng face cold sweat want to come down, one by one to make up reasons, he is also tired.

“How many days without washing your hair?You’re really open-minded!”Jiao Yuchun smiled and shook her head, “I have one more thing to prove, and that is that your hair is black, which can also be taken as proof that you eat spicy food!”

“I just dyed my hair, before...eh?My hair is already black!”Zhang Peng subconsciously had to explain, saying that the general returned to the future, and his entire body was stunned.

Jiao Yuchun’s face also turned icy cold and sneered, “Mr. Zhang, if I tell you one piece of evidence, you have one reason to forget that you even have black hair, and you still say it’s not intentional fault-finding?”

Zhang Peng’s face turned ugly, and he realized that Jiao Yuchun didn’t have any evidence at all, and had been leading him by the nose for half a day.

“You...you have no proof, I’m the one who had physical problems with his medication!”Zhang Peng blushed and argued forcefully.

Liu lawyer saw the scene, know the trend has gone, jiao yu chun completely mastered the initiative, will Zhang Peng play a trick, he its quietly step back, ready to take advantage of others do not pay attention to leave.

But he just walked out of two, a shadow in front of him, lawyer Liu raised his eyes, but it is a girl whose appearance.

The girl's slender figure, according to reason he just a push will be able to push the girl away, but when his eyes touched the girl's moment, lawyer Liu instantly turned pale.

The pair of eyes of this plain-looking, very weak-looking young girl shone with a palpable terrifying light, like the cold, incomparably cruel gaze of a powerful man who controlled the life and death of millions of people when he looked down upon his life.

"You...you get out of my way!" Lawyer Liu was afraid of disturbing Haoden Ye and whispered to the girl.

The corners of the girl's mouth slightly hooked up, revealing an indifferent smile as she whispered, "I advise you not to leave, and take the blame for the crime you should bear honestly, otherwise, I can't say what will happen after that!"

Lawyer Liu was shaken and stared at the girl with wide eyes, "You... who are you!"

The girl's face regained its flatness and her tone was as light as a willow's, "You don't have the right to know that! All you need to know is that my last name is Lin!"

Lawyer Liu's face instantly paled, with such a terrifying momentum, able to kill a person with a glance, this girl, is she a member of the Lin family?

The first time I saw it, I thought it would be a good idea to take a look at it, but I didn't think it would be a good idea to do so."

Zhang Wen was just a lad less than thirty, already defeated by the face defense under this scene, and even more so when he heard this, his legs went soft and he almost fell headlong.

"Huh? It's not just your city supervisors, but our central hospital will also go to hold him accountable!" Dean Li also came out and looked at Zhang Wen coldly, "You can stop working tomorrow, feel free to wait at home for the results of the hospital's processing."

Zhang Wen was shaken and wore it on the spot as if his soul had been taken away.

He regretted in his heart ah, lawyer Liu let him help, not a penny to him, but his brother-in-law is a favor, the results did not expect that his job may not be able to keep.

“It’s all you!” Suddenly, Zhang Wen had a furious look on his face and pointed at Zhang Peng, “My sister was really blind to marry you, if you hadn’t asked me to help you, how could I have gotten to this point today!”

Zhang Peng would have had to continue to pretend, a hearing Zhang Wen this face will also be white, he subconsciously stepped back, eyes in the store to find, soon found Liu lawyer, quickly pointed to Liu lawyer: “are him, he let me help, I just sell him a favor, but a penny did not that his.”

At this point, he suddenly thought of something and hurriedly said to Dean Li, “Dean Li, if I expose this lawyer’s crime, will you forgive my brother-in-law!”

Dean Li frowned slightly at this.

By the way, he didn’t really want to open Zhang Wen, after all, he was a doctor who came out of a ten-year cold, and if he lost his job at the central hospital, I’m sure the other hospitals wouldn’t hire him either.

And if a disciplinary action of being fired from the hospital appears on his resume, no hospital would dare to use him even if he leaves Dan.

But the person he wanted to harm this time was Haoden Ye, if Haoden Ye didn’t know Jiao Yuchun, I’m afraid he wouldn’t be able to keep his pharmacy open.

Thinking of this, he looked over at Haoden Ye.

Haoden Ye was not unforgiving, he knew the culprit was Lawyer Liu and didn’t want to embarrass Zhang Wen too much, nodding to Dean Li, “I don’t want to hold him responsible either, let’s just give him a lesson this time!”

As soon as Zhang Peng heard this, he was tempted to kneel down to Haoden Ye.

Although he is a scoundrel, however, scoundrels have moved, his own brother-in-law but he and his father-in-law of the pride of the two families, if the brother-in-law lost his job, not to mention his father-in-law, his wife will first divorce him.

“Mr. Yeh, I deserve to die, I shouldn’t have harmed you!”

Zhang Peng gave himself a fierce slap and looked touched to Haoden Ye.

Chapter Man was thrilled to learn that the job held, but it was also as if he had been pulled back from the dead, and tears came out of his eyes.

Haoden Ye smiled at the two men and gazed at Lawyer Liu, "Chief Lin, can I hold him legally responsible?"

Lin Yu slightly smiled: "We are not the public security system, we can only report to our superiors, if the people above also want to pursue, scruple this lawyer Liu may not be able to do lawyers in the future, right!"

These are the things that are done at the official level, and if the MCA reports attorney Liu to the bar, attorney Liu may actually lose his law license.

Lawyer Liu paled as he heard this.

Haoden Ye also hated this man, the last time he tried to insult his wife, this time he defused a bomb and caused himself to be closed store, obviously he didn't provoke him, but he kept looking down on himself with the superiority of a lawyer.

"I get it!" Haoden Ye smiled slightly and said to Lin Yu, "Today's matter is also troublesome for you."

Lin Yu laughed and quickly waved his hand, "Work... ahem, I'm here anyway, why don't I sell something back too!"

## **Chapter 116**

Everyone listened and looked over strangely, Lin Yu smiled apologetically and rubbed his hands, "This... Mr. Ye's medicine... I want to buy it back and try the effect, I don't know how much!"

The realization dawned on everyone and they all laughed dryly.

Men, apart from Haoden Ye, who was a virgin, it was Jiao Yuchun who occasionally needed it.

“This pill sells for ten thousand!”Haoden Ye smiled slightly.

Hearing the price, Lin Yu’s face was bitter, the medicine was good, but it was a bit expensive, and he didn’t know if the effect was long term.

“But if Chief Lin wants one, I can give you two for free!”Haoden Ye to Lin Yu.

Lin Yu was overjoyed, since Haoden Ye’s medicine could be sold at this price, it was obviously worth the price, he was taking advantage of it today.

“Haha, thank you so much!”Lin Yu revealed a grateful look.

When Dean Li saw Lin Yu’s happy face, his old face turned red and he coughed, “This, Mr. Ye, if there is any extra, I would also like to take two of them back and study them...cough, purely academic research, cough!”

All three of them sounded a little amused, but it was hard to point out.

While they talked, Zhang Wen and Zhang Peng had stayed, leaving Lawyer Liu stuck and unable to leave, staying and not daring to squeak.

Haoden Ye got the medicine for the two people, only to find that Lawyer Liu was also there, and Lin Xiang was wiping the counter not far from him.

“You go!”Haoden Ye said indifferently, “I’ll definitely get to know you and !!”

“Well, do you think I’m afraid of you?”Lawyer Liu snorted, looking as if not afraid, but the heart has made up its mind, as soon as he leaves the store he will immediately leave Dancheng, even leave this province.

Someone in the Lin family is backing this kid. Why don’t you run and die?

After Lawyer Liu finished speaking, he looked at Lin Xiang, who was expressionless as if he had nothing to do with what was going on around him.

Haoden Ye sent the two people away before he arrived at the counter and said to Lin Xiang, “Miss Lin...”

“Just call me cheerful, boss!” Lin Yao said faintly, but didn’t even look at Haoden Ye.

“Ahem! Little cheerful, how did you just scare that lawyer Liu like that!” Haoden Ye looked at Lin Xiang curiously.

“Well?” Lin Xiang showed a confused look and said, “I didn’t scare him!”

“Don’t lie to me, I saw it clearly just now, you said something to Lawyer Liu, and he didn’t dare to run away!” Haoden Ye was very certain.

Lin Xiang was surprised that Haoden Ye, who looked so muddled and confused, was paying attention to Lawyer Liu’s side of the situation.

“The store manager misunderstood, I didn’t say anything to him!”

Lin cheng continued to deny it and spun around to change the subject: “But I was surprised that you knew Professor Hua too.”

Haoden Ye scratched his head and smiled apologetically, he had defeated Professor Hua for such a thing, of course he wouldn’t say it everywhere, he smiled and said, “We had an exchange in medical arts!”

At this point, he suddenly remembered about Figmen Lin and frowned, “Right, last time Figmen Lin asked me not to go to Yuzhou, I went there to help someone read the feng shui, I don’t know what bad consequences will happen, will you ask him for me?”

Lin Xiang looked at him and frowned slightly, “There have been many people who have been instructed by my master, and every time my master would point to the end and never would make things too clear.”

Haoden Ye was not very disappointed when he heard that.

Lin Xiang saw his face and said, “Don’t worry too much. Master has said that people’s fate can be changed.....”

Lin Xiang said and raised his head to look at Haoden Ye with deep eyes, “Some people’s destiny is to die, but someone is able to change his life against the heavens and bring him back to life!”

Haoden Ye's face changed slightly as he stared at Lin Xiang's face and said, "Who exactly is your master and why does he know so much!"

While being stared at by his gaze like that, Lin Xiang didn't have any expression on his face and his tone was still light, "I'm not too sure about Master's identity, but I know his skills, he can make a person ascend to the top of the mountain, become a figure above ten thousand people, and even allow a family to climb to the top!"

Haoden Ye sighed in his heart as he heard, "I don't know who this old gentleman is, next time I run into him, I'll definitely ask him for more advice, maybe there's a way for Maya and her father-in-law and the others to get to know me again."

As he was thinking about it, his phone suddenly rang, and when he pulled it out, it was his father-in-law's number.

Haoden Ye answered the phone, and the father-in-law's excited voice came from the other end: "Haoden Ye, are you free now? Hurry up and come over to our school."

The first thing that I want to do is to tell my father-in-law that I'm not going to be able to do anything about it.

As soon as I reached the school, I saw a crowd around the school entrance, while my father-in-law's voice came from the crowd.

Haoden Ye hurriedly get off the car, approached the crowd to hear a sour woman's voice: "You are at least a university professor, how the character is so low, I tens of millions of cultural relics, to your mouth is a fake, causing me this treasure are no one to buy! You have to give me an explanation for everything you say today!"

"Mrs. Li, this jade pendant of yours is originally fake, what I said is absolutely true, why don't you believe it, this expert Xu you hired is simply a liar!" Robert Shen said patiently with anger in his voice.

Haoden Ye hurriedly squeezed into the crowd, and saw a woman in a voluptuous dress standing across from his father-in-law.

The woman was less than thirty years old, very attractive in body and appearance, dressed in expensive clothes and carrying a lot of jewelry.

Behind her stood three people, all dressed in Tang costumes, like the experts on top of many domestic TV shows for treasure hunting.

“Professor Shen, that’s not right, the three of us can be PhD’s in history, we have studied antiques very deeply, this jade pendant is definitely real, you prefer to say it’s fake, this is to take the opportunity to lower the price and pocket it yourself!” One of the three men with dark glasses and a very old looking face smirked.

“Good! I’ve seen people like you too often, who like to talk about good things as worthless and then secretly buy them at low prices themselves to make money!” A short man behind the dark glasses also snickered.

Hearing the two people scoffing and mocking, Robert Shen blushed.
