

The Protector Novel Levi Garrison Chapter 1757 – 1758

Chapter 1757

Levi's attitude was firm and he didn't give any chance at all.

Let them fend for themselves.

Not only that.

Levi immediately issued the order-

All people who left Morendam nationality before are not allowed to enter Morendam again, let alone restore their status.

This order was issued by Levi himself, no matter what the identity of the other party, it won't work!

When this order came out, it caused dissatisfaction among countless people.

Now Morendam has demonstrated unprecedented strength.

Plus, most people are not so happy living abroad.

After all, the network resources are in Morendam, and the money is also in Morendam.

In foreign countries, they just eat their laurels.

There will always be one day to finish eating.

And they found that foreign countries are using their value to squeeze them.

They are not really welcome.

When they are drained of value, they will be driven out.

Especially the recent big moves of War Eagle Nation made them deeply aware of this.

Morendam is the best.

They have to return to Morendam as soon as possible.

Therefore, due to various factors, those who fled before want to come back.

Even some celebrities have already bought tickets and want to take the flight back.

As a result, Levi suddenly gave such an order, which made many people directly dumbfounded.

Several old people could only scold Levi's six relatives for not admitting, but there was no way.

After Levi's order was issued, it was quickly implemented everywhere.

However, there was a lot of opposition and resistance.

Some people, relying on their power and status, have to forcibly break in, and the two sides may even clashed.

The next day, Levi received a call from Xiao Feng to say something important.

It turned out that the largest port in Jianghai City is about to arrive at a 10,000-ton cruise ship

The passengers on this cruise ship are all wealthy celebrities who have left the Morendam nationality before.

Now that the danger of Great Xia is lifted, these people will come back.

As a result, Levi's order blocked their plan to return to Morendam.

So some of them are in the East Island, Star Country's rich and famous celebrities gathered together.

They want to come back together.

Therefore, they chartered a cruise ship and returned with thousands of upper class people.

In their view, all of their cruise ships are elites.

No matter where they are, they are valuable.

They believe that Morendam will not reject their elite group.

What's more, the people on the cruise ship are powerful and powerful.

Who dares to stop?

What's more terrifying is that the big celebrities on the cruise ship unexpectedly released the news that they were coming back to Morendam and asked fans to pick them up!

The news that dozens of hundreds of celebrity Internet celebrities came back came out.

Their fans are not calm.

The cruise ship arrives at 12 noon.

These fans came to the port early at five or six o'clock to grab a spot, and they all wanted to be the first to receive their favorite star.

The tricky problem is that there are more and more fans.

According to the news from Xiao Feng, the port has already gathered 50,000 fans, and the number is still increasing.

He can't handle this matter.

Then I asked Levi for help.

Levi's face changed drastically when he heard it.

This group of actors really have the means to come up with such a trick to get fans to pick it up.

This is absolutely impossible for ordinary people to deal with.

You can't beat fans or drive them away.

In that case, the impact will be too great.

Therefore, even if Xiao Feng was a supreme-level powerhouse, he was helpless in the face of this matter.

Especially the fans are getting more and more, it is difficult to control.

"Wait for me, I will take care of this myself!"

Levi immediately went to the port of Jianghai City.

"This group of fans is so pitiful, I don't even know that they have been used."

Chapter 1758

Levi was sitting in the helicopter and saw a crowd of fans on the ground.

He couldn't help sighing.

A group of innocent people!

“This trick is very vicious! Use fans to counter us! Once we have any excessive behavior, it will definitely have a huge impact!”

Xiao Feng explained after seeing Levi.

Xiao Feng is also an extremely intelligent person, but he can't handle this kind of situation.

You can't use force, right?

At this moment, the number of fans is almost 100,000.

Crowded the small port.

As soon as Levi arrived, the cruise ship from Star Country had also arrived at the port.

About to log in!

On the deck of the cruise ship, thousands of elites are looking at the port.

Everyone smiled when they saw the crowds of fans.

The leading stars Gao Xiangcheng and Zion Xuebing were even more excited.

“Look, how about our approach?”

It turned out that the fans were the ones who came up with the idea.

The more fans came, the less Morendam dared to target them.

So before they set off, they incited fans to pick up the ship...

Not only that, they also invited dozens of internationally renowned media on the cruise ship.

In this way, even if they are driven out, these media will release the news, which will have a great impact.

I have to say that they are very smart.

A lot of preparations were made, so Morendam had no reason to drive them away.

Under the public opinion of all parties, they can only be allowed to enter Morendam and restore their identities.

They can continue to make money and continue to have a high position in Morendam.

The things that fled Morendam before had no effect on them at all.

“boom!”

Finally, the cruise ship docked at the port.

These fans are starting to go crazy.

Can you not be excited to see so many stars at such close range?

The fans were crazy about rushing over, but fortunately, Xiao Feng arranged someone in advance to keep them out.

But it was just blocking.

If anything happens, this group of fans may get out of control.

These can't stop them at all.

“Gao Xiangcheng!!!”

“Zion Xuebing!!!”

...

“Welcome back!”

“Welcome, welcome, warm welcome!”

“Morendam’s door is always open for you! You are always welcome back!”

...

The fans screamed frantically, it was as if whoever dared to stop these celebrities, they would be desperate.

Nearly 100,000 fans chanted together, the scene was too grand.

Xiao Feng and others couldn’t stop it if they wanted to.

The situation is more serious than they thought.

They only have to dare to say a word.

These 100,000 fans can eat them.

Not to mention the impact.

After stopping at the port.

Gao Xiangcheng and these people first let the international media go round.

“This is the number one Korean media company in Eastern Continent!”

“This is the largest Kevin Media company in Western Continent!”

...

These media began to introduce identities as soon as the downstream rounds, and used equipment to start filming, and even live broadcast.

“This...”

Upon seeing this, Xiao Feng was dying of a headache.

In this way, they don't even have a chance to block the news.

Unless all these media are killed.

But how is it possible?

The matter is more serious than they thought.

Xiao Feng clenched his fists: “I'm afraid this matter will be difficult to deal with, or it can't be dealt with anymore!”

At this time, the elites of Gao Xiangcheng went down one by one.

“Who let you down, get me back!!!”

The Protector Novel Levi Garrison Chapter 1759 – 1760

Chapter 1759

The sound was like muffled thunder.

Everyone present was frightened.

Especially the elites who had just been on the downstream wheel, all stopped and stared at the distance in a daze.

I saw Levi walking slowly at the station.

Levi suppressed everyone with a voice just now!

Even Xiao Feng and the others were shocked.

In Xiao Feng's opinion, this issue has to be handled softly.

If we can discuss the solution, we can solve it, and we must not use strong means to solve it.

The harder you are, the harder you can handle this matter.

It can be said that tough methods are the most stupid behavior to deal with this matter.

As a result, they just finished thinking like this, Levi shouted out.

They were also dumbfounded.

What is Levi doing?

Should we take the strongest way to resolve this matter?

In the past dozens of seconds, Gao Xiangcheng and other talents reacted one by one.

"You...what are you talking about?"

Zion Xuebing asked tremblingly.

"I tell you to go back!"

“You guys, don’t set foot on Morendam’s land for half a step! Go back to me!”

Levi said word by word.

The sound was like thunder, scared everyone’s pupils to shrink, and the foot that had just stepped out abruptly retracted.

People like Gao Xiangcheng were really frightened by Levi’s powerful aura.

I dare not say a word!

But the thousands of fans behind him refused to agree!

Dare to treat their idols like this, don’t they dare?

“What did you say? Let them go back? What right do you have?”

“They are all elite talents, and keeping them out is Morendam’s loss!”

“I urge you to settle this matter peacefully. If you use tough methods, don’t blame us for not agreeing!”

...

“Yes, we don’t agree!”

“We don’t agree!”

...

The fans started to be restless, and they were out of control.

Dozens of international media quickly recorded this scene.

Put these news stories out.

When Gao Xiangcheng saw this, they all smiled.

No matter how tyrannical these people are, they can be covered by fans.

He looked at Levi triumphantly: “Yes, my family fans are right! Rejecting us is Morendam’s loss! I urge you to look at the situation clearly, and obediently invite us back to Morendam, this is what you want made!”

Zion Xuebing also agreed: “Yes! The value we bring is incomparable! I have 17 million fans, what are you? Dare to tell me to go back?”

“Yes, my assets are 3 billion. Is my value not great? How much investment can I bring?”

“No, I have hundreds of factories, how many jobs can I provide?”

...

These elites all spoke out one by one.

There is one saying, and a lot of what they say is right.

But there is one thing, they are not only giving, they are also asking for it?

Without Morendam, where did their fans come from, where did their assets come from, and where did their factories come from?

Isn’t this because you can’t hang around abroad and just want to return to your country to gain benefits from your compatriots?

He said that he was so tall, in fact, it was all for himself.

“well said!”

“We support you! If anyone dares to drive you away! Unless you step over from us!”

“Yes, yes, we are blocking, who dare to stop, I see?”

...

Fans are easily moved.

With a few words from the idols, their blood boiled over.

Once Levi wants to stop people, they will stand in the front.

Seeing the effect of the fans, these people laughed.

They looked at Levi arrogantly.

Chapter 1760

“Everyone welcomes the idol back! Welcome!”

...

The fans started cheering.

Some fans even broke free and rushed to the front to meet their idols.

Gao Xiangcheng and these people took advantage of the trend to go down the wheel one by one.

As long as they come to Morendam, restoration of their identities will no longer be a problem.

The most important level is over!

Thousands of elites set foot on the land of Morendam proudly, and many people’s eyes were still provoking Levi.

Everyone in Xiao Feng looked ugly.

Things have developed to a scene they don't want to see.

It's not easy to control this time.

I can only watch it.

Peaceful methods are no longer possible, let alone violent methods.

"Who let you down?"

At this time, Levi's voice sounded.

"Ok?"

All eyes in the field focused on Levi.

I saw Levi walking towards the crowd step by step, and then stopped opposite them.

Levi stepped on a line, and he said coldly: "I see who dares to go one step further!"

"Who dares to cross this line, I'm merciless!"

Xiao Feng and the others were furious when they saw Levi.

"Lord, is this inappropriate? Things won't make a big deal, will they?"

Xiao Feng whispered in Levi's ear.

"If something goes wrong, I will be responsible for it!"

Levi was determined.

"Why are you so domineering? Who do you think you are?"

...

Fans began to refuse to agree.

Gao Xiangcheng smiled and said, "I want to see what happens when I step out of this line?"

Gao Xiangcheng looked at Levi arrogantly and crossed the line designated by Levi in two steps.

"Now? What do you want to do with me?"

Gao Xiangcheng looked at Levi and sneered.

Levi frowned, he stared at Gao Xiangcheng.

"boom!"

In the next second, Levi raised his foot and blasted Gao Xiangcheng out.

Gao Xiangcheng drew a parabola in the air, and then smashed heavily on the deck of the cruise ship.

At this moment, everyone was stunned.

No one expected to do it!

"This is a lot of trouble!"

Xiao Feng let out a low voice.

"Are you crazy? Do you dare to hit someone?"

"Who are you? Do you dare to hit someone?"

...

The people who reacted became angry one by one, and they accused Levi one after another.

“My name is Levi, and I gave that order!”

Levi said.

“Then you can’t beat people, he is a superstar with 20 million fans, how dare you?”

“Yes, why are you? Hurry up and apologize!”

...

Everyone is angry.

Levi smiled lightly and shook his fist: “What do you say I rely on? Rely on this!”

“boom!”

With a wave of his right hand, an invisible force pushed away all the fans in front of him.

These fans didn’t understand what was going on, so they were pushed behind Levi.

Not only that, Levi also erected an invisible wall of air in front of all fans.

The fans were restless and wanted to rush over one by one.

“Boom boom...”

One by one was blocked by an invisible gas wall.

While everyone was angry, they were terrified.

No matter what they do, they just can't break through the air wall.

Levi stopped one hundred thousand fans with his own power.

The thousands of people waiting for Zion Bingxue were all dumbfounded.

They have thought about many kinds of accidents.

Only did not expect Levi to be so tough.

Levi glanced at everyone and sneered: "Want to come to Morendam? Impossible! Get all of you back!"

"I don't believe you can bear such a big responsibility?"

"Don't roll, do you? I will do it myself!"

The Protector Novel Levi Garrison Chapter 1761 – 1762

Chapter 1761

"Dare you give it a try?"

"So many people are watching, so many international media are here, do you try with a finger?"

...

These people were not convinced, and stared at Levi one by one.

"boom!"

“boom!”

“boom!”

...

Levi didn't bother to talk nonsense with them, kicking these people one by one onto the cruise ship.

The overbearing methods are shocking.

Even the international media were stunned.

Levi looked at them: “Who allowed you to set foot on Morendam Land? This is an unconventional entry, right? According to Morendam rules, I have reason to drive you out!”

Thousands of people were choked by Levi's words.

They did not go through any immigration formalities.

After all, they are not of Morendam nationality.

All such hurried entry is illegal entry.

What Levi did was right.

“Go away, get me back!”

Levi roared.

Drive away all these international media.

“Whoever dares to come again is dead!”

Levi blasted out with a punch.

The sea surface not far away was split in half forcibly, forming a big crack of thousands of meters...

Not only that, the powerful force pushed the cruise ship back.

Can't control it at all!

This scene shocked everyone in the audience.

Is that human being?

After dealing with these people.

Levi turned around and walked away from the wall of anger in front of the fans.

All this group of fans exploded.

"Who are you? Why do you drive them away?"

"They are our idols! Why are you?"

...

One by one stared at Levi angrily.

Levi smiled: "Then I would like to ask you, some time ago, when Morendam was in crisis, where was your idol?"

"This..."

"they..."

"In the..."

...

Levi left 100,000 fans speechless with a single sentence, unable to speak a complete sentence.

Soon, no one of the 100,000 fans spoke.

Everyone looked at each other, quietly a bit scary.

“I’ll tell you! When the national crisis is at stake, your idol idols have sought refuge abroad!”

“Even at the most critical moment of Morendam, when it was rumored that it was going to be destroyed, they resolutely quit Morendam nationality and join another country!”

“When you were in dire straits, your idols ran away. Are they worthy of you?”

...

A few words of Levi asked the fans.

Everyone is not a fool, except for those who are too obsessed or have a brain disease, can basically respond?

“You keep saying that idol idols give you motivation, but at your most critical moment, who is the one who saved you? Is it them?”

“No!! It’s a great summer warrior, every great summer warrior is not afraid to bleed! It is they who save you from the water and fire!”

“You have also deeply felt that this time, the real moment is when those people are protecting you in obscurity! On the contrary, all the idols who usually occupy resources and occupy positions are gone!”

“Of course you can’t kill with one shot. There are also many celebrities who set an example by donating supplies to the frontline, etc.! But what did this group of people you like do?”

“It’s okay to follow a star, it’s okay to find a role model! Please keep your eyes open and find a good character, okay?”

...

silence.

A long silence.

All fans are inspired.

One of them asked tremblingly, “May I ask who you are?”

“Listen well, he is the greatest hero who saved Morendam-the king of the word side by side!”

Chapter 1762

Xiao Feng shouted.

Now hundreds of thousands of people can’t sit still.

Looking at Levi with all admiration.

Now everyone in Morendam praises these Morendam warriors.

Hearing the title of the word side by side king, everyone was not calm.

“Brothers and sisters, heroes like the King of One Word and Mr. Qin Beishan and Lao Qin are the idols we really want to pursue!”

“Don’t be fooled by the surface! We must pursue a beautiful appearance, but also a beautiful inside!”

...

Seeing that these people were so conscious, Xiao Feng laughed at them.

Levi's personality charm keeps growing in their minds.

He just used violent means to solve this kind of thing.

Let so many people realize the correct value.

After this time, no one dared to defy this order.

The traitors who once fled Morendam can never come back...

The most ridiculous thing is that everyone found that without these "elites", what Morendam should do or what, everything is working normally.

Without them, there are others who have come forward to replace them, better than they did.

When Levi was instructing Junjun on this day, suddenly a few people covered in blood suddenly rushed in.

"Mr. Garrison save us, save us..."

These people lay on the ground, pleading.

"Are you... a member of the Northern Devil?"

Levi judged their identities by breath.

"Yes, Mr. Garrison save us, save us!"

Several people were emotional.

"What happen to you guys?"

Levi stopped their injuries first, and then asked.

“Mr. Garrison, this morning our clan and other sect forces were suddenly attacked by unknown Lords! They are brutal and aiming at exterminating the clan!”

“We admit that we have made a mistake, but we are holding the capital behind! We can be regarded as defeating the merits, don't we need to destroy the clan?”

...

Several people immediately explained the situation.

Levi checked, Xiao Feng and the others knew about it.

It turned out that the Baolong clan took the shot and wanted to eliminate these evil ways.

Those forces that surrendered to Levi were among them.

The people of the Northern Demons were almost wiped out.

The few people who had escaped hurriedly ran to Levi to ask for help.

Levi immediately informed Xiao Feng and told Colin and the others to stop.

“Dad, here comes someone!”

Jun Jun reminded.

At this moment, there was a slight noise outside.

Soon, eight figures appeared in the yard, all wearing black costumes and black face towels.

Carrying a crossbow and holding a long knife.

The Baolong clan who once appeared on the battlefield of the Eastern Territory.

As soon as the eight people appeared, the aura opened up.

The terrifying sword aura and killing intent were condensed together, swept like a violent wind in this courtyard.

Slashing across his cheeks, like a blade cut, it hurts fiercely.

“Mr. Garrison, that’s them!”

Several people were frightened when they saw these swordsmen.

Not long ago, these people directly slaughtered all their families.

Only a few of them are left.

Extremely scared of these swordsmen.

“Hand them over!”

The voices of the eight people were hoarse, and their tone of command was full of meaning.

“Sorry, this is my house, you are not welcome! Hurry up!”

Levi approached.

“These are evil ways that the Baolong clan wants to kill. I advise you not to be nosy! Otherwise, you will die too!”

The few people were very murderous, and they didn’t pay attention to Levi at all.

“I have to die too? Haha!”

“Tell your Lord, they are my Levi people, you can’t move!”

Levi smiled.
