

The Protector Novel Levi Garrison Chapter 1961 – 1962

Chapter 1961

Under the eyes of hundreds of dignitaries on Golden Harbor Island, the Destroyer slammed Levi's head with a punch!

“puff!”

Suddenly blood spattered!

“No!”

He Qingxue showed a hideous expression.

“This...”

The gambler was dumbfounded.

Kyushu Xuanzun was dumbfounded.

Golden Harbor Island is dumbfounded because of its expensive ownership.

what's going on?

Is the abused Levi?

That's the number one in the big summer list!!!

He was defeated?

You lost so badly?

He was beaten again!

There is nothing to fight back!

how can that be?

But even if you don't believe it, you have to believe it.

Because the facts are here!

All of them saw that Levi was abused!

This is Richard's purpose!

At this time, he asked the Destroyer to cancel the wind wall that isolated the outside world, so that the entire Golden Pot Island could see the fall of Levi!

So that the entire Morendam, let the whole world know that Levi was beaten to death alive!!!

Richard is going to kill people!

Because they didn't know the whole battle, the gambling king thought it was the destroyer in front of him that wounded Levi like this.

How terrifying is he?

“boom!”

Another punch, blood shot!

“Boom boom...”

After counting the punches in a row, Levi's whole body was already soaked in blood.

Seeing everyone anxious!

Especially He Qingxue, who could not move and talk, had tears in her eyes.

She feels distressed!

She blames herself!

If it weren't for him, why did Levi come here!

The dignitaries of Golden Harbor Island were silent collectively.

Looking at the scenes in front of you incredulously...

In the far corner, a pair of eyes were watching everything silently.

Half fairy and half ghost!

He couldn't see any expression on his ugly face, he just watched.

Levi suffered heavy blows continuously, and his breath was gone!

The destroyer is still beating cruelly!

“kill him!!!”

Richard issued an order.

The air flow above the Destroyer's right hand is dazzling, comparable to a magic weapon.

“boom!”

He attacked with his right hand, and the terrifying power in his right hand was like a sword piercing through Levi.

“A few more!”

Richard was still worried.

“boom!”

“boom!”

...

The Destroyer used energy to penetrate Levi ten times in a row!

“Puff!”

Levi hit the ground heavily.

There is no breath, the breath of life is completely dissipated, and any body energy is gone.

“Do not!!!”

“No!!!”

He Qingxue let out a heart-piercing roar in her heart.

She can't accept all this in front of her!

Falling to the top of the list?

This this this...

It was too shocking!

The dignitaries of Golden Harbor Island were immersed in a huge shock!

They couldn't imagine that they would be beaten to death at the top of the summer list!

How is this possible?

Everything seems to be dreaming.

“Buzzing...”

Several unmanned aerial vehicles also flew to the scene to conduct various scans and inspections on Levi.

To confirm whether Levi is dead!

“Confirmed that it is dead!”

“The features have ceased! The death is correct!”

...

The detection data from the aircraft confirmed that Levi was dead.

“The Destroyer will check again!!!”

Richard was an extremely cautious person, especially when he dealt with Levi's problem, he was even more cautious to make people afraid.

He still didn't worry and asked the Destroyer to check again.

“Lord, he is dead!”

Said the destroyer.

“call!”

Richard breathed a sigh of relief, his face was already sweating profusely.

Both legs are unsteady.

The leaders of the East Island forces burst out cheers.

It shows how much Levi threatened them!

Dead, they can be so happy!

“Okay, destroy his body! Just withdraw it!”

Richard also wanted Destroyer to destroy Levi’s body.

“understand!”

Light beam energy appeared on the Destroyer’s hands, and electric light radiated everywhere.

He wants to dissolve Levi and destroy his body. Now it is impossible for Levi to resurrect.

Chapter 1962

At this moment everyone’s hearts are hanging in their throats!

Everyone has difficulty breathing, almost suffocating.

The gambling king, Kyushu Xuanzun and He Qingxue are waiting for a miracle!

“It’s cruel! Even if you kill someone, you won’t even leave the body!”

They didn’t want to watch Levi’s body being destroyed.

Especially He Qingxue!

For her, it was a piercing pain!

I don’t know why, at this moment, even Richard is extremely nervous.

The legs were trembling, and the teeth were trembling.

Intuition told him that when Levi's body was destroyed, there would be an accident!

But he had to see Levi's body destroyed with his own eyes, so that he could prove that Levi was dead.

Otherwise he would not believe it.

Can sleep and eat!

The beam of light on the Destroyer's hands condensed and slowly stretched towards Levi.

"Shit!"

The light beam shone on Levi's body, dissolving him bit by bit.

No miracle happened!

Levi did not resurrect and resist!

No one can save Levi!

His body was dissolved by the destroyer...

"Puff!"

Richard sat down on the floor.

"boom!"

The big rock hanging in his heart finally fell.

At this moment, his unprecedented emptiness!

As if life lost its direction all at once.

Everything is blank.

Since he was entrusted with the important task of the Lab of the Gods, he has always treated Levi as the enemy of his life.

In other words, his goal in life is to deal with Morendam and kill Levi.

Now Levi is dead, but he is empty and lonely.

When the forces on the East Island saw Levi being dissolved, they shouted in exclamation and danced and celebrated.

No one is watching the real-time view of the video anymore.

At this moment, the real-time picture began to jump, with new changes...

It's just that everyone is immersed in joy, no one will watch the video anymore...

“Withdraw all drones!”

Richard also withdrew the drone from here, and now all the video footage is gone.

No one knows the changes just now.

In the eyes of Richard and the others, Levi's body was dissolved.

The possibility of resurrection is gone!

No matter how powerful the exercise technique, no matter how advanced the technique is, it can't do this.

In the field, under everyone's eyes, the Destroyer abruptly dissolved Levi away.

There is not even a scum left in his body.

He Qingxue's blood attacked her heart, and after a mouthful of blood spurted out, she fainted.

The gambling king and Kyushu Xuanzun, all of them are desperate!

Don't say the number one in the big summer list was defeated!

The body was dissolved directly!

awful!

It's terrible!

This is also the shortest big summer list in history!

It was only a few days before it became a fall, and it fell!

Everyone on Golden Harbor Island was silent.

Everyone is in grief and despair...

"Unbearable!"

After destroying the bodies of other people, the destroyer quickly left here.

From now on, the Destroyer will be famous in the world!

He killed Levi solo!

In fact, many Lords killed it together, but Richard would not say it.

It would only be said that he alone killed Levi!

Even if He Qingxue saw it, it was useless.

No one believes it!

The feat of killing Levi is enough to make the Destroyer become the top existence!

The destroyer left.

The gambling king looked at everything in front of him, and exclaimed: "Let's go, go back! Take Qingxue away! Everything is over!"

"Mr. Garrison still didn't survive! What a pity! What a jealous talent!"

Kyushu Xuanzun sighed and left the scene.

Now, there is no one here.

Only a puddle of blood is left!

Levi was finally dissolved into a pool of blood!

After everyone left, half fairy and half ghost appeared.

The pool of blood on the ground suddenly disappeared...

What's more terrifying is...

The Protector Novel Levi Garrison Chapter 1963 – 1964

Chapter 1963

Levi's body unexpectedly reappeared again.

The blood stains disappeared and the corpse appeared.

If other people knew about this, they would be shocked to drop their chin.

how can that be?

Is everything you saw just now fake?

That's right!

all fake!

Everything they saw was an illusion produced by half-fairies and half-ghosts using magic techniques to disrupt everyone's consciousness!

The scene where they saw Levi being dissolved is nothing but an illusion!

Not only passers-by are affected by the illusion, but also the destroyer.

He thought he was dissolving Levi's corpse, but they were all fake, and they were all hallucinations produced by his brain.

But his brain development is too strong and too strong.

If he can disturb his consciousness and produce hallucinations, he has to let the half-immortal and half-ghost do all he can, take out the strongest magic technique, and use the greatest effort to fool him.

“puff!”

The half fairy and half ghost walked staggering, and suddenly a mouthful of blood spurted out.

He almost fell!

It's not difficult to fool others with a spell just now, but it's too difficult and too difficult to fool the Destroyer.

The half fairy and half ghost tried their best to disturb the consciousness of the destroyer, causing him to hallucinate.

But in this way, it consumes too much of his own vitality.

This time, the half fairy and half ghost made him at least twenty or thirty years old by using spells.

His hair turns white at a speed visible to the naked eye...

To fool the destroyer, he paid a very painful price.

“Fortunately, I lied!”

Half fairy and half ghost smiled.

In fact, the half fairy and half ghost only fooled the people present, but could not fool the cold machine.

But Richard in front of the screen only looked at the front a little bit, and they didn't look at it again if they were sure that the Destroyer could dissolve Levi.

If they keep staring at the screen, they will find that there is none at all.

The Destroyer was deceived...

Half a fairy and half a ghost looked at Levi's corpse and said, “Hey, you can't save your life, you can only save your corpse!”

It turned out that the half fairy and half ghost also thought that Levi was dying completely!

There is no way to save his life from the Destroyer, only his corpse.

Because from the very beginning when I saw Levi, half a fairy and half a ghost knew that he could not escape today's catastrophe.

In order not to involve himself, he left under the pretext.

“This is the price you paid for saving people! You rest in peace! I will save your wife!”

Said the half fairy and half ghost.

Anyone who asks a half-immortal and half-ghost to take action will have to pay a price.

It turns out that Levi’s price is to sacrifice his life?

“Buy you well!”

The half fairy and half ghost looked at Levi’s body and muttered to himself.

He was going to take Levi’s body away.

But at this moment, the expression of half immortal and half grimace changed.

“No, someone is coming!”

The half fairy and half ghost took advantage of the situation and threw Levi’s body into the sea next to him, and then he also disappeared.

The old guy, half fairy and half ghost, consumes too much energy and can’t drag Levi’s corpse away.

Once you have done it, you will be discovered by someone who comes to you.

After the half fairy and half ghost disappeared, several people appeared.

They were secret spies of Tiance Mansion, and came here as quickly as possible after receiving the news of the accident.

When they came here, they looked around.

“Confirm that Levi is dead!”

After confirmation, the spies left.

After the spies left, the half fairy and half ghost reappeared.

Immediately rushed to the sea next to it.

He used spells to search for the location of Levi.

However, he was surprised to find that Levi’s body was missing.

“It shouldn’t be... it’s calm and the sea is calm, and the sea is not motionless!
With such a short period of time, he can’t float far away!”

Half fairy and half ghost muttered to himself.

He dived into the sea again to search.

In a few hours, I searched the surrounding seas.

Did not see Levi’s body at all.

Levi’s body has disappeared...

Even half a fairy and half a ghost find it incredible.

“No, he can’t be alive! Why did his body disappear?”

Half fairy and half ghost...

Chapter 1964

Levi can’t live!

It was confirmed by Richard Destroyer and Half Immortal and Half Ghost again and again!

Now that Levi's body disappeared, the only possibility is that Levi's body was salvaged by others.

"Hey! Just keep the corpse!"

Half fairy and half ghost left.

This past few hours.

It was as if a major earthquake occurred on Golden Harbor Island.

Almost all the owners are shocked, even ordinary people are shocked.

Levi, the number one on the big summer list, fell on Hong Kong Island!

Under the gaze of thousands of people, he was beaten to death and dissolved the body...

The influence of this matter is too great!

Let everyone be overwhelmed!

Not only that, but all parts of Morendam quickly learned about this!

Levi has fallen!

This news is like a bolt from the blue!

Exploded in every corner of Morendam!

The number one in the big summer list is dead, and the news is like a thunder.

unbelievable!

Tiance Mansion is dumbfounded!

The Baolong clan dumbfounded!

Colin was even more dumbfounded!

After the seven evil gods and the major evil god forces know about it, they will all go crazy!

One by one went crazy to Golden Harbor Island!

Not only them, but also many people rushed to Golden Harbor Island like crazy!

They don't believe it!

How could Levi die?

Even Levi's secret team and the Western Heavenly King are going crazy!

They didn't even know what happened suddenly.

In the past, Levi had a situation, it may be a conspiracy, and planned it with them in advance.

But this time, it happened too suddenly.

Does anyone know what the situation is?

Not even the Western Heavenly King who had been collecting information for Levi.

After receiving the news of Levi's death, she was distraught!

The sky is falling!

The patron saint of Morendam, the king has fallen side by side!

Now his identity as the descendant of the Heretic God has been clearly explained.

Everyone knows that he is still the God of War of Morendam!

Especially after he became the number one in the summer list!

Countless people are excited!

With him, you can continue to protect Morendam!

Together with Tiance Mansion, he convinced him...

He just smashed the enemy's conspiracy before and helped Da Xia save her face!

Save Morendam in distress!

The people of Morendam feel that hope has come again...

But within a few days, Levi actually fell.

I was beaten so that I didn't even leave any bones...

miserable!

Very miserable!

But the scene where Levi was killed was seen by thousands of people.

Not fake at all!

Levi is really dead!

After Wen Lei of Tiance Mansion got the news, it was almost thunderous.

She almost fainted.

There is blood overflowing from the corner of the mouth!

“What? He is dead? How is this possible?”

Wen Lei didn't believe it.

“Levi is dead? That's great! No, who killed him? I should kill him myself!”

Sarah was excited at first, then showed an angry look.

As soon as Levi was mentioned, her hatred value skyrocketed!

I'm complaining about who killed Levi, why didn't she kill it herself!

Wen Lei resisted crying and told others: “Don't tell Junjun, her grandma and Regina!”

The news of Levi's fall spread all over the world!

It was Richard who took the initiative to stand up and be sure!

Levi was confirmed dead, and the body was dissolved!

There is no possibility of resurrection!

After getting the definitive news, Dong Dao was cheering, and Xing Guo was cheering.

The areas that were hostile to Levi were cheering.

They set off fireworks to celebrate!

They treat it as a holiday!

Levi is like a knife stuck in their hearts, it is difficult to sleep without pulling it out.

Now everything is over!

When Levi died, there was nothing more excited than War Eagle Nation!

Levi once brought them great shame!

Everyone has a grudge!

If Levi dies!

Cheers from the war eagle nation!

They even want to add this day as a holiday...

Richard and the Destroyer become the superheroes of the Eagle Nation!

The Protector Novel Levi Garrison Chapter 1965- 1966

Chapter 1965

The Destroyer appeared in the eyes of the public for the first time!

Become the superhero of the Eagle Nation!

And the one who has benefited most is Richard!

Because he planned to kill Levi, he received a generous reward!

Originally, he was just a spokesperson for the Lab of the Gods, and could only be counted as the lower level.

But after killing Levi this time, he was directly promoted to the core layer of the Gods Laboratory!

Has the right to enter and exit the major base laboratories of the Gods Laboratory, and can mobilize 90% of the equipment and personnel of the Gods Laboratory.

This made Richard almost exhilarated.

This means that he can access more core technologies, more mysterious secrets and mobilize more powerful people.

You are no longer limited to destroyers!

Can mobilize existence stronger than Destroyer!

The Eagle Nation rewarded Richard with a lot of worldly things.

Such as power and wealth!

But Richard doesn't catch a cold!

His goal is to become the core of the Lab of the Gods...

Double happiness is coming!

Levi was dead, and his goal was achieved again.

"Thank you Levi! I thought I would never be the core of the Lab of the Gods in my life!"

Richard looked up to the sky and smiled.

Richard immediately started Wood Zhengjie's transformation energy body experiment again...

No one stopped next.

The East Island forces are as excited as Richard!

If Levi is alive, he will always suppress the Dongdao Budo Realm, and it will even affect them.

As soon as Levi died, their plan could also be carried out...

After Levi died, some people mourned, some were crazy, some were excited, and some were insulting.

Even more people get promoted and get rich!

This is a painful blow to Morendam!

During this time, how many enemy conspiracies he smashed!

At this time, Golden Harbor Island is about to be flattened!

I don't know how many strong people have come here.

Looking for all clues.

Except for the traces of fighting, there was only a pool of blood on the scene.

Half a fairy and half a ghost deliberately manipulated it...

They can't find anything.

"Brothers, please remember two names! Richard and Destroyer! I swear I will make them pay a tragic price!"

The Evil Sword screamed.

"To avenge the Lord!"

“revenge!!!”

The seven evil gods and the forces of the evil gods shouted.

“Also remember! Even though the Lord is no longer there, we must abide by everything the Lord taught!”

Sword Evil God ordered.

Levi not only conquered them with strength.

It even convinced them with charm.

“What? Levi is dying?”

Coincidentally, the Bible organization has just sent eighteen dark angels to find him.

Halfway there, news of Levi’s death came out.

They were also shocked.

“This kind of genius suitable for biblical organizations is gone?”

Everyone was surprised.

“Could everyone be fooled by Levi? He wasn’t dead at all?”

The person who spoke was the strongest of the thirteen evil gods under Huoyun Cthulhu.

“According to the information we have checked, there have been several times that Levi did not die! He deceived everyone!”

Underworld God is very sure.

“It’s excusable that Levi didn’t die before, but this time Levi’s body was destroyed! And it was Richard who stared at Levi’s death! Richard was cautious, everyone knows that?”

After another dark angel came out with this theory.

Everyone was silent collectively.

This is indeed the case!

Richard and the Bible organization understand!

Others say it is dead, it may be fake.

But Richard said he was dead, it was absolutely true.

“Well, let’s go back!”

The eighteen dark angels turned back halfway.

After a few days of silence, there was no news of Levi.

Half fairy and half ghost never found Levi’s body again.

There is also no clue in this regard.

He also gave up.

“I tried my best!”

...

But where did Levi’s body go?

Chapter 1966

Was there a shark or something?

Or was someone rescued?

No one knows about the disappearance of Levi's body!

Except for the half fairy and half ghost, everyone thought that Levi's body was dissolved.

So where did Levi's body go?

Everything has a cause.

It is impossible to disappear for no reason.

What Richard didn't realize was that the international darknet actually sent a message: Levi was not killed by the Destroyer alone, he was killed by a combination of many Lords, and the Destroyer just missed it.

They also made a list of the Lords who came to kill Levi.

And all the details of Levi's battle with them are listed one by one.

All the spearheads are directed at Richard and the East Island forces!

Richard was extremely shocked!

What is the identity of the dark web publisher?

Actually know all the details of the battle!

They used it to isolate everything, how did the other party know?

It is impossible for the East Island forces to speak out!

Who is it?

He also released a lot of evidence!

Beat this thing to death!

He claims to be an admirer of Levi!

Although Levi was about to die, the truth had to be revealed.

Let everyone know how brave Levi was at that time!

But after all, two fists are hard to beat four hands!

But it was not that Levi was killed by the Destroyer alone, as Richard was propagating!

“Oh my God! So many Lords? Are they all killed by Garrison Zhanshen?”

“Is there a burden to kill so many Lords by my side? It deserves to be the number one in the summer list!”

“Damn, this destroyer doesn’t speak martial arts! What a rubbish!”

“A group of despicable and shameless villains, can’t die!”

...

When everyone praised Levi’s bravery, they were also fighting against Richard and the Destroyer.

Levi was great when he was alive, and still great after he died!

Even Tianji Pavilion has not updated the Big Summer Ranking!

For the time being, Levi is still No. 1 in the summer list!

This is also a situation that has never happened before!

Dead, still on the list, still number one!

This is the charm of Levi!

But in fact, what everyone understands is different from Tianji Pavilion!

Tianji Pavilion seems to have discovered something, and has a different idea.

But they don't say.

No one else knows.

Tianji Pavilion was so mysterious that even Tiance Mansion didn't know it.

After all, Tianji Pavilion can even find the Bible organization.

They didn't update the ranking list, but also ranked Levi at the first place, for fear that it had something to do with it.

After knowing the truth, the seven evil gods are even more angry!

They are already planning how to take revenge.

The Eighteen Dark Angels came to a place in the Northern Continent, where the sky was gloomy, flying sand and rocks, and the wind swept with rage.

There is a huge black castle ahead!

It was like the bloody mouth of an ancient behemoth.

Mysterious and terrifying.

Eighteen dark angels entered.

In a hall.

They knelt to the ground in unison.

A look of piety!

As fanatical as believers!

There is a vague black shadow on the high seat above!

“Dark God, Levi is dead, we can’t bring him back!”

Underworld God cautiously.

“Yes! Richard of the Gods Lab personally designed and killed him! The information is confirmed!”

Others added.

...

silence.

A long silence.

The eighteen dark angels knelt on the ground, uneasy.

They don’t know what the dark god thinks.

No one dared to ask aloud.

A full minute passed, suddenly a majestic and strange voice came: “The whole world is deceived by him!”

“boom!”

“what???”

The words are not astonishing and endless, and the words of the dark god come out.

The eighteen dark angels were all stunned.

There was an incredible look in his eyes!

what?

The whole world was deceived by him?

Doesn't that mean...

“Did Levi lied to us? He didn't die?”

A terrible question was born in everyone's mind.
