

# The Protector Novel Levi Garrison Chapter 1979 – 1980

## Chapter 1979

“Mr. Garrison, we should be faster! Don’t let them react!”

A commoner could not help but urged.

“No, they have reacted and already know everything! Knowing that we will find them one by one next!”

Levi smiled.

The Black Sun organization is not simple.

It is normal to be able to react in a very short time.

“How can that be good? They must have been prepared! This is not good for us!”

The Common Killer showed a trace of worry.

“It’s okay! In fact, in their concept, although your strength is restored now, it is not enough to pose a threat to them! They are still despising you! So there is no need to worry for the time being!”

At Levi’s words, Common Killer nodded.

indeed so.

Levi’s voice sounded again: “But they will react soon! By then, the strongest forces must be gathered to attack us!”

“That’s for sure! As long as we get rid of one or two forces, they will react!”

The Common Killer nodded.

“But fearless! Who can stop me in East Island?”

Levi said coldly.

Commoner Killing God was full of enthusiasm.

correct.

Everyone’s attention is on him.

Little did he know that the real god was by his side.

Is his own “disciple”.

This is his highest light moment.

The Yamaguchi Foundation is located in Edo Castle, the capital of the East Island.

As the largest consortium, its status is very close to that of Star Country’s Sanxing Group.

Sometimes they will also affect some decisions on the East Island.

Especially the head team of the Yamaguchi Foundation is the most terrifying.

Controls the economic lifeline of the East Island.

They established a special bodyguard organization to guard the safety of these high-levels.

Over the years, they have dug out super Lords from all over the world and formed the “Kamikaze” team.

Even the major martial arts families must be jealous.

A luxurious villa.

It occupies a huge area, just like a small town.

You should know that the land on the East Island is very small, and sometimes it is necessary to reclaim the sea to make land.

In this kind of golden area, such a big mountain villa is terrible.

This is where the head of the Yamaguchi Foundation lives.

Built according to the scale of the military base.

They spent a lot of money to build it.

With the most advanced defense system, the details go to every corner.

Then equipped with hundreds of Lords of the Kamikaze group.

This villa is solid.

Over the years, many people have wanted to assassinate.

However, a total of ninety-eight assassination teams, a total of more than 600 people died outside the villa.

So now this villa has become a taboo.

Don't want to break in.

The leaders of the Yamaguchi Foundation are all in the largest chamber in the villa.

Yamaguchi, the helm of the consortium, was sitting in the upper seat.

There are four seats on each side of the conference table.

These nine people are the top existence in East Island's financial world!

They may sneeze, and the stock market will change drastically.

"I just received news from Watanabe Tensho! Next, Morendam's common killer is going to trouble us!"

"The matter has been determined. The Common Killer is here to avenge Levi!"

Yamaguchi said.

"Immediately activate the first-level defense system! I want to let Commoner Kill God see how powerful our defense system is!"

"Yes, this is the strongest defense system developed by the Sun Company, the No. 1 Technology Company in East Island, and it is also the strongest in the world! There is no one! Even Morendam and the technology of the Eagle Nation cannot be compared. !"

"Once it is activated, no one will ever want to come in! If you can't even enter the gate, you will all die!"

...

The major leaders began to brag about how powerful their defense system was.

They are the best in the world.

Masaichi Yamaguchi also smiled and said: "What's more, I have recalled all the Lords of the Kamikaze group, and now they will not even want to come in!"

"Yes, don't talk about them, even ghosts don't even want to come in!"

"Really? How did I get in?"

## Chapter 1980

It's not that the Yamaguchi Consortium brags about how powerful their defense system is, how terrifying are their kamikaze Lords?

This is indeed the case!

For many years, under this tight defense.

No matter how strong the Lord is, he has never been close to the villa.

Not to mention entering the villa.

No one has ever been.

Therefore, the Yamaguchi Consortium has confidence.

The Watanabe clan has confidence!

The commoner killer dare to provoke them is a dead end.

But no one thought that a voice blasted in the chamber like a bolt from the blue sky.

It shocked everyone.

“Who?”

“who?”

...

Everyone was scared to stand up.

Look around.

At this look, everyone was scared to death!

Because there are two more people in the room without warning.

Take a closer look, isn't this Levi and Commoner killing the gods?

When did they come in?

Quietly like a ghost?

Are they ghosts?

How can it be?

The appearance of Levi shocked them.

Everyone was so scared that they were going crazy.

“Commercial Killing God??? What? How did you get in?”

Yamaguchi looked incredible.

Levi smiled: “How did you get in? Of course you walked in through the gate!”

“impossible!!!”

Yamaguchi Shoji shouted in unison.

Their strongest defense system was activated at the highest level.

The five hundred Lords of the Kamikaze group have all been in place, guarding them outside.

How can anyone come in?

This is impossible!

Absolutely impossible!

This must be dreaming!

“Impossible! Why would you come in directly? The defense system independently designed by our East Island is the highest level in the world! Absolutely impossible!”

Masaichi Yamaguchi was still making an excuse.

Levi was happy.

Dong Dao’s defense system is here to be funny, right?

Still the strongest in the world?

Not to mention the defense system of the Shenlong Science and Technology Base.

Their defense system was even strong when Levi went to the Eagle Nation to arrest people, and the laboratory where Jefferson was hiding.

Is this the number one in the world?

Funny?

It took Levi less than a minute to break this defense system.

As for the top five hundred kamikaze groups...

Worse.

Over time.

Yamaguchi Masaichi realized that this was not a dream.

Levi did indeed kill the two of them.

Their defense system has failed.

Failed to stop the two.

“Come on! Call all the members of the Kamikaze group to kill these two people!”

“Hurry up!”

...

They immediately called the Kamikaze group to protect them.

Just shouted for a long time, and there was no response at all.

Levi was happy.

He opened the door of the chamber.

Immediately, a pungent smell of blood came out.

Make everyone sick...

“Are you looking for them?”

Hearing Levi’s voice, everyone looked outside.

At this sight, everyone was shocked in a cold sweat.

Outside the chamber was full of corpses, blood and pungent smell intertwined, like hell...

died.

All the guards of the Kamikaze group and the villa were quietly resolved by Levi and Common Killing God.

None of them were left.

The Yamaguchi Consortium thought that the tightest defense was dismantled by Levi so easily.

Levi looked at them with a sneer: "It's up to you next!"

"What? I don't believe it, I don't believe it..."

Before dying, these heads of the Yamaguchi Consortium were unwilling to accept all this.

The Yamaguchi Consortium is destroyed!

Without waiting for everyone's reaction, Levi and Levi wiped out the underground world of Dongdao overnight with a destructive posture.

The earth emperor Yoshikawa Yonghui and others in the underground world of Dongdao have all been eliminated!

Overnight, the largest consortium collapsed and the underground world was wiped out...

The commoner killer became famous.

His time has come...

Morendam is excited.

Dong Dao panicked.

# The Protector Novel Levi Garrison Chapter 1981 – 1982

## Chapter 1981

The Yamaguchi Consortium was destroyed.

The Black Sun organization was speechless.

The forces of Emperor Yoshikawa Yonghui were destroyed, and the Black Sun organization was going crazy.

how come?

In their expectation, no matter how strong the Common Killing God is, it will not destroy these two forces?

But this is indeed the case.

If they don't accept it, they have to accept it.

“At present, the strength of Common Killer is unknown! We don't know what hole cards he has! So the remaining six of us must unite! We can't let Commoner Kill God destroy one by one! We can't afford to lose!”

“Yes, it doesn't matter if we lose! The key is to lose the face of the black sun and lose the face of Dongdao!”

“We can't let Levi make trouble in the Heavenly Palace alone like the previous War Eagle Nation, but there is nothing we can do!”

“From now on we must put away our contempt for the Common Killer God! No matter what he is, we must first punish him!”

...

Under the advice of the Watanabe clan, the remaining major forces of the Black Sun all united.

Five great ancient martial arts families and advisors are united.

That's pretty scary!

The fact that the commoner kills the four superpowers in the East Island quickly spread all over the world!

The popularity of Common Killer God has skyrocketed!

Gradually have the momentum to replace Levi!

At this time, Tiance Mansion Tianji Pavilion updated the new big summer list.

The Common Killer soared directly from fifth to second!

Overtake Nandi and Sarah in one fell swoop!

What he did was too influential.

Simply unstoppable!

Everyone in Morendam found comfort in Common Killing God.

I hope he can replace Levi and become the pillar of Morendam.

The commoner who knew all this laughed at himself and laughed at himself.

“Hey! I didn't expect the peak moment of my life to be fake!”

Levi also smiled: “The peak? It hasn't arrived yet! At least the entire Black Sun must be uprooted, right?”

The news that the commoner killed the gods spread more and more widely.

Even Richard began to notice him.

Thoughtful, he started investigating Commoner Killing God.

However, there seems to be no problem after checking.

“Keep watching! I’m going to see the results of the experiment!”

This day is the official start of the experiment to restore Wood Zhengjie.

...

In the expectation of everyone, the first formal experiment was successful.

Although nine of the ten people who participated in the experiment exploded and died, not even a scum was left.

But one person succeeded.

Although it was only a low-profile version of Wood Zhengjie’s pure energy body, it was considered a success.

Only this low-profile version is now out, it can also stir the world, and it is difficult to kill.

Richard and the Lab of the Gods began to cheer.

Then, as long as they improve and continue the experiment, they will be able to completely restore Wood Zhengjie’s experiment.

Richard couldn’t help thinking of something, “By the way, did you find the person you were looking for?”

“Mr. Richard, all the people have been found and brought!”

Richard Yin smiled and said: “Okay, strengthen their physique recently! Let them become the best test subjects! I want them to succeed in this experiment! How to do it, don’t I need to tell you?”

“Understand! We must do it!”

Thinking of future plans, Richard couldn’t help but smile.

“Levi, Levi, you are so lucky! You didn’t see Wood Zhengjie’s pure energy body! You didn’t see the pure energy body that I restored next!”

“I really want you to come back to life and have a good fight with the pure energy body, and see how long you can hold it?”

...

Levi couldn’t help but sneezed.

“Is Richard you? Don’t worry, it’s you next!”

Levi smiled.

At this moment, he and Common Killer are heading to the headquarters of Black Sun.

The Black Sun organization has gathered all its strength.

Even the Lords are coming to Edo Castle from all over Higashishima.

Even the Lords on the Dongdao Sun List are dispatched...

## Chapter 1982

The sun list of Dongdao is equivalent to the sky list of Morendam!

Although the sun list is generally not as good as the big summer list.

But this is also a list of all the strong players in the East Island.

The strongest samurai, the strongest onmyoji are among them.

At the invitation of the Black Sun organization, many sun list powerhouses have arrived.

The Black Sun organization is even more powerful.

The advisor family Watanabe clan!

Taiyin Shrine.

The Beidao tribe, the clothing tribe, the Yechuan tribe, and the Jiuye tribe have all gathered.

Only the Liu Sheng clan remained unmoved!

Hao Yuxuan understood that the Liu Sheng clan did not move.

That's because the Liusheng clan is too powerful!

It is not an exaggeration to call it the first force on the East Island.

The Liusheng clan is called the Sword Saint clan!

Rumor has it that the Liusheng clan has an extraordinary sword sage!

Not to mention how brilliant the Liusheng clan was in the past!

The ancestors are also famous ancestors, swordsmanship, and become a new swordsman!

The sword shadow of Liu Sheng, the first genius of the Liu Sheng clan, was terrifying to the extreme!

However, at the age of more than 30 years, Liu Sheng Jianying is already No. 1 on the Dongdao Sun List!

Known as the Little Sword Saint!

Many people in Dongdao compare Liu Sheng Jianying with Levi!

There is even such a conjecture in Dongdao, who is better than Levi and Liu Sheng Jianying?

In addition to Liu Sheng Jianying, the Liu Sheng clan is a Lord like a cloud!

The strong with nearly half of the sun list!

Therefore, no one of the Yanagis dare to order, and the Watanabe clan can only inform and discuss, and absolutely cannot order.

The Liu Sheng clan hasn't moved for a long time because they disdain to unite with so many forces.

Combining with other forces is slapping them in the face.

They are a clan of dignified sword saints, and they have to join hands with others.

What's more, in their opinion, their Liusheng clan is enough to deal with a common killer god.

No, there is no need for a family to send out to kill the commoner.

Liu Sheng Jianying alone is enough!

Each of the Yanagyu clan is extremely proud!

Once Liu Sheng Jianying even let out a rhetoric, he could kill Levi alone.

Therefore, in the action against Levi on Golden Harbor Island, the arrogant Liusheng clan did not send anyone.

This is their arrogance!

In the headquarters of the Black Sun organization, almost all the Lords gathered.

This basically brings together all the power in the world of Higashishima Budo.

“I just got the exact news that the Liu Sheng clan will not make a move!”

Several members of the Watanabe clan smiled and said, “We had expected it a long time ago!”

“By the way, Mr. Richard just sent a message asking if he needs his help? He said he is our eternal ally!”

“Hurry up and send the news to Mr. Richard! Just say thank him for his kindness! We can solve this little trouble by ourselves! If this can't be solved, we will lose face!”

...

“From now on we are waiting for the commoner to kill the gods! I promise he can't get out of here!”

The Lords present sighed.

I want to compete with Commoner Killing God.

Levi has come to Edo City with Common Killer.

“Mr. Garrison, according to the spy news, the major forces of the Black Sun Organization have gathered together, waiting for us to go!”

“But the strongest Yanagyu clan hasn’t acted yet, they haven’t moved yet! According to the news, they disdain to join hands! They want to solve us alone!”

...

The Common Killer read the collected news.

Levi touched his chin and asked, “I want to ask where is Qiang?”

“At present, the Liusheng clan is stronger! They not only have the sword shadow of Liusheng, but it is said that there is also an ancestor alive! That is the sword sage of Dongdao!”

“Even if the number of Lords gathered in the Black Sun headquarters is useless! They can’t stop these two people!”

The Common Killer explained.

Levi thought about it, and couldn’t help saying: “Okay, change the route and go directly to the Liusheng clan! Get rid of the strongest first!”

Commoner killed the god for a while in shock.

Is it so casual?

Why is this kind of thing as simple as eating and drinking here in Levi.

## The Protector Novel Levi Garrison Chapter 1983 – 1984

### Chapter 1983

Who makes people like a god-like powerhouse?

At this moment, Commoner killed God so envious!

He silently vowed to become stronger.

I also want to reach the realm of Levi!

Act like him!

“Mr. Garrison, you may not know that this Liu Shengjianying repaired the Red Dust Sword!”

The Common Killer said.

“Ok?”

Levi was taken aback.

“Sword Shadow of Liu Sheng has always been in the dust, and he has been lingering in various places of wind and moon all year round. It is a famous sex monster! He has been mixed in the wine for a long time. The kendo he practiced is also in this!

Most people practice painstakingly, and these worldly things will never be touched! But Liu Sheng Jianying was the opposite. Touching these things not only had no effect on him, but made him stronger! “

The Common Killer explained.

Levi nodded: “It’s indeed an alien!”

“My people found out that Jianying Liu Sheng is not in the family, but in Fengyue Place!”

“Where are you going?”

Commoner Killing God asked.

“Go to Liu Sheng Jianying!”

Hit the strongest first.

The most luxurious clubhouse in Ginza, Edo Castle.

In a presidential room.

Dozens of young people stood.

These dozens of young people are incredible. They are the top rich second generation in the East Island.

All hands and eyes open to the sky.

But at this moment, they all stood respectfully.

Everyone is arched, their faces are full of panic, and their eyes are full of awe.

Sitting on the sofa in front was a man in his thirties.

Young girls are all around.

“Trash! A bunch of trash! Is there no beauty in Dadongdao?”

The man on the sofa scolded.

He is the famous Liu Sheng Jianying!

That’s why dozens of rich second generations stand so respectfully and nervously!

They are responsible for finding all kinds of beauties for Liu Sheng Jianying.

But looking for it every day, I have no resources.

They also couldn't imagine that Liu Shengjianying clearly indulged in wine every day.

Why is it so strong?

Still getting stronger!

This is not fair!

You work hard for a hundred years, and you can't compare to others' indulging in alcohol for a month.

Who is going to make sense?

But Liu Sheng Jianying is too strong, anyone has to listen to him.

All the disobedient were killed by him.

At this moment, Liu Sheng Jianying was furious.

"Lord! I have sent someone to Morendam to search for it! It is estimated that I will find a beautiful woman soon!"

One person said.

Others also said: "Yes, it is rumored that Morendam beauty is like a cloud! Liu Shengjun, wait two days, we promise to catch hundreds of Morendam beauties!"

"Yes, we found that Levi's wife Sarah is a big beauty, and a female scientist Wen Lei is also a big beauty! And Levi's younger sister Regina..."

"Huh? I want women related to Levi! There are also female scientists? I have never tried this type of thing! Good, very good! I'll wait for you to find it!"

When it heard that it was a beauty of Morendam, Liu Sheng Jianying was relieved.

But he stared at the crowd and warned: “If you can’t find it, I will kill all of you!”

“Understood! We will definitely!”

Everyone nodded in fear.

Everyone stared at the man who said Sarah.

The other beauties in Morendam are easy to play, but where did Sarah get them?

Isn’t this pushing everyone into the fire pit?

The man also realized that he had said the wrong thing.

Immediately shut his mouth.

At this moment there was a noise from outside, and the box door opened.

Two people walked in from outside.

The Common Killer stood at the door, and Levi walked straight inside.

Everyone was dumbfounded.

Including Liu Sheng Jianying, who also looked at Levi suspiciously.

“That is Sword Shadow of Liu Sheng?”

Levi asked.

This made everyone even more stunned.

“I’m!”

Jianying Liu Sheng wondered what Levi was going to do.

Levi stepped forward, patted his face and said, "I'll kill you, do you have any comments?"

## Chapter 1984

The language is not surprising and endless.

When Levi said this, everyone was really dumbfounded.

Especially he also patted Liu Sheng Jianying's face!

It's unprecedented!

Who is Liu Sheng Jianying?

Number one on the sun list!

Little Sword Saint!

It is a famous big devil!

Kill if you don't agree!

No matter where you see a beautiful woman, you must grab it back!

On the East Island, whoever it is, as long as he hears that he sees the sword shadow of Liu Sheng alive, then he must avoid it?

For fear of running into him.

After all, if you are not careful, you will die!

No matter what the big guys are, they are very afraid of Liu Sheng Jianying!

But today, a stranger unexpectedly stepped forward and patted Liu Sheng Jianying's face!

This is touching the tiger's ass!

This is the ground breaking on Tai Sui!

Not only that, he actually wanted to kill Liu Sheng Jianying!

This is too much life!

There are hundreds of lives who dare not provoke this one?

What background status?

Dare to mess with him?

Liu Sheng Jianying was dumbfounded.

He has always been doing his own way, what he wants to do.

He is the strongest anyway!

No one can be his opponent.

But someone came to pat him on the face?

This...

It seems that he wants to kill himself?

Isn't it a mistake?

"What the hell am I asking you? I'm deaf? I'll kill you, do you have an opinion?"

Levi was stunned when he saw Liu Shengjianying.

"Papa....."

He slapped Liu Sheng Jianying's face several times, making a crisp sound.

In the quiet private room, it is especially loud.

Everyone looked crazy.

too crazy!

Repeatedly provoke Liu Sheng Jianying?

crazy!

This is completely crazy!

Liu Sheng Jianying did not expect that Levi would pat his face again!

“Snapped!”

When he was about to have an attack, Levi slapped his face again.

Everyone in the box suffocated to death.

Looking at them, Levi didn't know how big a mistake he made!

“Die to me!!!”

Jianying Liu Sheng let out a roar, unparalleled power exploded from his body.

He wants to shake Levi into blood mist!

He wants Levi to die thoroughly!

“boom!”

The terrible power exploded.

But when he faced Levi, it was as if a mud cow entered the sea, and that power disappeared.

This surprised Liu Sheng Jianying!

It turns out that this is a Lord!

“I do not believe!”

Jianying Liu Sheng was furious, his horrible vigor seemed to erupt like a tsunami.

Go straight to the sky!

Levi smiled and said, “That’s it? No. 1 on the Sun List? Rubbish!”

He slapped his right hand and slapped his breath away.

This makes other people’s scalp numb.

This is too scary, right?

“you wanna die!!!”

Two attacks were blocked, which made him angry.

Angry to the extreme!!!

He was going to stand up and punish Levi to death.

But when he was about to stand up, he found that above his legs and above his body, it seemed as if a mountain was crushed.

He can’t get up at all.

“what!!!”

Jianying Liu Sheng tried all his strength, shouting to stand up.

“Kacha Kacha...”

Everything in the private room was broken to pieces.

Including those young and old, those who were not standing behind Levi came to pieces and turned into blood mist.

The sword shadow of Liu Sheng wants to shatter like mountains and rivers!

He wants to get up!

He is going to kill Levi!

“what!!!”

He is still going on!

His strength is still skyrocketing!

“Humph!”

Levi snorted and slapped it again.

This slap is like the one used by the Tathagata Buddha to suppress Monkey King!

Unprecedented power is under pressure!

“puff!”

Liu Sheng Jianying seemed to be under the pressure of ten mountains, and a mouthful of blood spurted out on the spot.

He stood up and failed again.

He looked incredulous.

“who are you?”

Levi smiled: “Levi!”

“What? You are Levi???”

“|...”
