

The Protector Novel Levi Garrison Chapter 2003 – 2004

Chapter 2003

Soon after, several figures appeared.

Wesley!

Kirin!

Owen!

Ron!

Suzaku!

Heavenly Tribulation and Eighteen Cavaliers

Dragon Cavalry Forbidden!

Ghost Army!

Heaven, Earth Xuanhuang Four-character Army!

...

These were the invincible teams that followed Levi. In the previous years, they were the invincible army!

Killed to the point where the major countries were timid and abandoning their armors and armors!

But after all, the times have changed.

Now the warrior superpower is coming out!

All kinds of science and technology, all kinds of genetic technology transformation experiments succeed!

No matter how good they were before, they were actually just better than ordinary people.

If they were on the battlefield today, they would be cannon fodder!

Therefore, in the era of warriors, Wesley, who was once Levi's most loyal and most sturdy subordinates, have disappeared one after another.

It's not that Levi doesn't use them.

He really doesn't want them to die!

All of them are his brothers and sisters!

But Levi won't stop there!

Some time ago, while he healed the great arrogances of Morendam, he also quietly guided these former comrades-in-arms.

During this time, they have made a qualitative leap.

In addition, the fighters of Morendam used to practice martial arts collectively. They have already developed a good foundation and are now under the guidance of Levi.

Everyone is advancing by leaps and bounds.

Take it out, you can already be alone.

The gathering of so many people is a terrorist force that cannot be ignored.

Levi's reason for using them is simple.

That is, no matter who it is in the eyes, people like Wesley are too weak and have been eliminated by this era.

They are only suitable for battle camps, and are of no use in today's warrior superpower wars.

No one will notice them!

Even people like Richard!

They would not believe that in this very short period of time, what can this group of people do, can they not jump from ordinary people to strong?

That's why Levi will enable them.

This time, Levi didn't even dare to use the super team he secretly established and the Western Heavenly Kings.

After all, having used these people before, it is inevitable that there will be clues.

Now if they are enabled, it is inevitable that Richard and the others will not be able to track them down.

If it is exposed at that time, it will be a failure.

So Levi didn't need any of these people!

He just wants to use the old Wesley people!

"Boss (God of War)!"

"We knew you were alive! It was great! I knew it was you when I got the news!"

...

When Wesley and the others saw Levi, tears filled their eyes, they immediately rushed up, and hugged Levi tightly.

Their feelings are different from Levi!

Whether it was the later Xiao Feng, or the strongest Gemini, Zhong Qiu and the secret team he established.

They can't compare with Wesley's relationship with Levi!

They were born to death together!

Witnessed each other's growth!

They kiss even more than their brothers!

The kind that can give up their lives for each other!

"Now I recall you, are you ready?"

Levi looked at everyone and asked.

"always be ready!!!"

Wesley and others shouted hysterically!

"Boss, when we know that the gap with you is getting bigger and bigger, even as if the chasm is insurmountable! We are desperate!"

"We vowed to work hard and work hard! To narrow the gap with you! Not to mention how strong we are, but we want to follow you all the time! But we have no hope!"

"Until the boss, you personally point us to the right path! We see hope! We work hard to improve ourselves day and night, for the day you recall us!"

...

Wesley and the others turned red, and their eyes were full of desperate fierceness.

Levi knew that they must have suffered too much.

He even felt a little pain!

“I declare you back home!”

“Wesley is here!!!”

“The unicorn is here!!!”

...

Chapter 2004

Wesley and the others have really prepared for this day for too long and too long.

Their will is so strong that it is frightening.

He almost died in practice several times, and almost lost his mind a dozen times.

They train like crazy.

Just to be able to stand in front of Levi again, and follow him to charge into the battle.

They really waited until this day.

“Now when I am hiring people, your next task will be very heavy! You need to be careful!”

“Don’t worry, we promise to complete the task!”

“We can fight with you again!”

...

Wesley and others were extremely excited.

Levi didn't talk nonsense, and quickly arranged tasks for everyone to carry out his next plan.

Levi went to a place...

The other side.

Sarah and the others went to other places just after seeing the commoner killing the gods.

On the way, but met a weird old man.

Wen Lei originally wanted to expel him.

But the old man claimed to be half a fairy and half a ghost, and was entrusted by Levi to find Sarah.

Wen Lei believed it.

She put Sarah aside and asked Regina about the situation.

“In fact, Mr. Garrison's death is directly related to this!”

Half ghost and half fairy said.

“Ok?”

Both Wen Lei looked surprised.

“Actually, I am a person of natural disability, or be cursed! Anyone who asks me to take action will have to pay the corresponding price! I asked Mr. Garrison whether he will bear the corresponding price? He is willing!”

“At the time I had guessed that he was going to die, but I couldn’t keep it! Hey, now I can only let Madam Garrison return to normal!”

...

Later, half ghost and half fairy helped Sarah heal.

But at this moment, a group of people sneaked into here quietly.

They were sent by Richard to catch the three of Sarah back.

This time, Richard sent a full ten strong men to arrest people.

Including destroyers!

Because Richard is cautious and knows that Sarah is powerful, then he must target them accordingly.

They lurked around, observing every move, ready to take action at any time.

After the treatment of the half fairy and half ghost, Sarah kept screaming.

It was as if the half fairy and half ghost had pulled out the other things in her mind abruptly.

Why can’t modern technology work, but half a fairy and half a ghost can?

That’s because of the mystery of the magic!

Some things are unclear scientifically!

In the eyes of Banxian and Bangui, he popularly believed that there was another person in Sarah's mind.

All he has to do is to pull this person out.

...

After a long time, plum dyeing returned to normal.

The half fairy and half ghost were sweating profusely, and they looked older and older.

After helping the half fairy and half ghost, the two asked.

"How about you Sarah?"

Sarah rubbed his head: "I'm fine!"

"Levi..."

Wen Lei proposed the name cautiously.

"What's wrong with King's Landing??"

Sarah asked anxiously immediately.

"That's not right!!! King is over him..."

At this moment, Sarah thought of everything.

Although she had previously regarded Levi as an enemy because of the influence of Wood Zhengjie's consciousness.

But she remembers everything now.

"What happened to me before? How could I kill King's Landing?"

Sarah went crazy.

Wen Lei quickly told Sarah what had happened.

“Wood Zhengjie’s consciousness invaded my brain? Formed the consciousness of revenge? I...”

Sarah was stunned.

“But nothing matters anymore!”

“Levi is gone, it’s too late to say anything!”

...

Wen Lei sighed.

“Is Jun Lin really gone?”

Sarah asked.

“This senior watched him die with his own eyes, and he hasn’t saved the body yet!”

“what!!!”

Sarah let out a miserable sound, trying to pierce it like this day.

At this moment, the Destroyer led the other nine strongest men to appear.

“Yes, Levi is dead, I killed him personally and destroyed his body!”

The Protector Novel Levi Garrison Chapter 2005 – 2006

Chapter 2005

The Destroyer looked mad!

It is nothing new that he killed Levi and dissolved his body.

Therefore, everyone in the warhawk country regards him as a hero.

The Destroyer raised this matter with excitement on his face.

It seems to recall the situation that day.

The other nine strongest men also looked the same.

Arrogant, joking...

Speaking of Levi's death, they were proud of the destroyer.

"It was him! It was he who killed Mr. Garrison! I saw it with my own eyes!"

The half fairy and half ghost also shouted.

Wen Lei and Regina looked at the ten people who suddenly appeared in amazement.

I don't know what they are going to do.

He also directly claimed to be the one who killed Levi!

The rattling atmosphere is on the verge.

“What are you doing here?”

Wen Lei asked quickly because she was afraid of something wrong with Sarah.

Regina has been fully guarded.

The opponent is coming fiercely.

The Destroyer sneered coldly: “Of course it will bring you back! Don’t struggle! Otherwise, your fate will be the same as Levi!”

“Yes! Whoever is struggling, like Levi’s end, the corpse can’t be kept!”

...

The more they talk, the more excited they become.

I didn’t notice that Sarah’s complexion had changed drastically next to him.

The Destroyer sneered: “We killed Levi, the number one on the Big Summer Ranking! No one in Morendam can stop us! The three of you should follow us obediently!”

Even if the Commoner Killing God fought to conjure the God on the East Island, the Destroyer still didn’t take it seriously.

So this time I came to Morendam, almost unscrupulous.

“You don’t know how painful Levi was at that time, especially when I dissolved his body. Although he was dead, I could feel his soul screaming...”

The Destroyer is still remembering the scene of dissolving Levi...

At this time, Wen Lei and Regina, as well as Half Immortal and Half Ghost, were stunned.

Looking at Sarah on the side incredibly.

Sarah is now hostile!

As if a demon god descended...

Soon, the Destroyer and others also noticed the changes in Sarah.

They are also full of unbelievable and confounded faces.

Because they felt threatened by Sarah!

“what!!!”

Suddenly Sarah let out a roar.

Her eyes were red and murderous.

“dead!”

She spit out a word coldly.

“Shit!”

Sarah actually tore the person beside the Destroyer into two directly...

Splashing blood!

Oh my god!

Everyone is dumbfounded!

We must know that the ten people sent by Richard this time are all super strong.

Even if the other nine are weaker than the Destroyer, they are not much weaker.

But it was torn abruptly by plum dyeing?

This...

“kill!”

Sarah fell into a state of madness and started her killing.

Although others have reacted.

But after all, he was a step slower, and Sarah punched his head...

These people have super physiques, but they are as fragile as a watermelon in front of Sarah.

shocked!

Everyone is dumbfounded!

Especially the Destroyer, watching their teammates be killed by Sarah for two consecutive times.

They are going crazy!

Is this woman so strong with a punch?

This...this is too scary, right?

Although Richard had done a combat evaluation of Sarah's trio before, it wasn't that scary?

In particular, Richard sent people to arrest them in a targeted manner.

The top ten destroyers are enough to easily bring people back.

But it seems a little different now.

Plum dye is too fierce!

The shot was a blockbuster, it was too shocking!!!

“Stop her! Take her down!”

The destroyer hurriedly ordered.

The remaining seven strong men reacted and joined forces to attack Sarah.

Sarah killed everyone more crazily.

The two sides fought together.

The Destroyer also saw the right time, joined the battle group, and dealt a fatal blow to Sarah.

Chapter 2006

During Sarah’s time in Tiance Mansion.

Guided by various powers.

She has probably controlled the terrible power in her body.

It’s not like before, just use anger to release power.

Although the power is strong like that, part of the energy is not used, or not concentrated, dissipated, and wasted.

But now, Sarah has Lorded the use of power.

Concentrate all the power on one point.

“boom!”

In the enemy camp, there is also one who feeds on pure power.

He can easily overturn a cruise ship by strength.

He hit Sarah with a punch.

Only in the next moment, thin blood stains appeared on his arm, and then his arm burst open.

It spreads all the way to the shoulders, and then to other parts of the body, all burst and exploded...

Under Sarah's punch, this person was beaten abruptly.

...

Shocked!

It was shocking!

Even half a fairy and half a ghost were stunned!

Sarah's combat power is too terrifying, right?

Strong!

too strong!

This is better than Commoner Killing God!

...

Next, Sarah continued to fight with digital Lords!

The frightening thing is that Sarah has the highest strength, the fastest speed, and the most terrifying defense.

No matter what kind of attack the other party hits her, she will be like a okay person.

The Destroyer group is desperate.

How the fuck is this?

The power is completely crushed!

The speed can't keep up with others!

No one's body is exquisite!

The key is that she can be immune to any attack...

This is totally bullying!

“puff!”

“puff!”

...

Gradually, fewer and fewer people stood beside the Destroyer.

One by one, he was beaten to pieces by Sarah!

“boom!”

“boom!”

...

The Destroyer and Sarah began to fight each other.

The Destroyer released super energy, and he was barely able to get involved with Plum.

“Shit!”

The Destroyer released super beams from both hands.

It was the energy that dissolved Levi’s body at the beginning.

“boom!”

But Sarah was not afraid at all.

Not only blocked all the beams, but also slammed a punch.

“boom!”

Even though the Destroyer blocked the punch, he still backed away several steps.

Looking at the blood in a place.

None of the strongest who came with him were left.

It’s all dead.

This mission failed.

The assessment of Sarah’s combat power was wrong.

He can’t keep it anymore.

If he keeps it, he may not even be able to go.

“Call headquarters, danger, danger! Ask for support and cover me to leave!”

The destroyer activated the flying device and fled immediately.

While asking for support.

“You killed King’s Landing, I won’t let you leave alive!”

Sarah turned into a flash of lightning and immediately chased after him.

Richard did not expect that the Destroyer would send a signal for support.

Is this something wrong?

Richard knew that the Destroyer was a guy who never showed weakness.

Once he shows weakness, the situation may be more serious than he said.

Richard was frightened and immediately ordered the power of the Gods Laboratory in Morendam to support the Destroyer.

“Buzzing...”

The drones set off first, followed by the super-powers lurking in Morendam one by one.

The setting of Destroyer is similar to Superman.

Power and speed are the ultimate.

But what he didn’t expect was that Sarah was faster than him, catching up instantly.

“Boom boom boom...”

But at this moment, a drone appeared and started bombarding Sarah.

Taking advantage of this effort, the Destroyer fled immediately.

Sarah quickly destroyed all drones.

When she wanted to catch up again, someone appeared again.

Although these superpowers looked like paper in Sarah's eyes, it was enough to delay time.

The Destroyer took advantage of time to flee far, far away.

“Want to keep me? Impossible!”

The Destroyer sneered.

The Protector Novel Levi Garrison Chapter 2007 – 2008

Chapter 2007

After Sarah had processed the cannon fodder, he looked for the Destroyer, and he had no trace.

“I will avenge you in King's Landing!”

“Participants in everything must die!”

Sarah roared with anger.

At this time, Wen Lei had already caught up with her.

“Sarah, are you okay?”

“You calm down, you were terrible just now!”

...

After Sarah calmed down, he said, "Don't worry, I'm fine, I'm back to normal."

"That's good! People can't come back from death! You should be sorry!"

Wen Lei sighed.

Sarah looks calm, but his heart is like a volcanic eruption.

Next, she will inherit Levi's will and follow the path that Levi took!

She has this strength now!

And she must avenge Levi!

No matter how powerful the other party is!

The enemy must be succeeded!

She had to hold Wen Lei and the others first, otherwise she would never let herself go if she let them know what she thought.

The other side.

The Destroyer was forced to leave in the opposite direction by Sarah.

He can only go south.

He is fast in the mountains.

But when it came to a triangular intersection, a quick figure appeared on the other side.

The two almost ran into each other.

The two also stopped abruptly, looked at each other, and looked at each other.

Although this face destroyer didn't know it, he felt very familiar.

As if I have seen it somewhere.

The Destroyer was very puzzled.

Levi was also dumbfounded.

After he arranged the task for Wesley and the others, he went south to find the gambling king clan on Golden Harbor Island.

He wanted to know exactly what Richard and the others took away in Morendam.

So he went all the way south.

Unexpectedly, I encountered a super power here who was as fast as lightning.

He was shocked.

But when he stopped, his eyes facing each other, Levi was even more shocked after seeing the face clearly.

Destroyer!

The destroyer who killed himself to dissolve himself!

Yuanjia has a narrow road!

You can also encounter it like this!

Levi smiled at the corner of his mouth, and gradually became crazy.

There is really a way to heaven, you don't go, and there is no way to hell.

Didn't this come to Morendam to die?

The Destroyer was even more surprised.

Why does this stranger show such an expression when he sees himself?

"The destroyer, right?"

Levi said suddenly.

This makes the destroyer even more puzzled.

Can the other party recognize himself?

Who is he?

Destroyer brain thinker.

"Since you are here in Morendam, stay here forever!"

Levi's icy voice sounded.

Murderous!

The Destroyer has already felt the intense murder!

The other party wants to kill him!

"boom!"

Levi fisted to the Destroyer!

The Destroyer is developed to a certain limit in terms of power, speed and brain.

Can judge the power and speed direction of Levi's punch.

Everything is in the calculations of his super powerful brain.

He smiled contemptuously.

I can block a punch of the crazy Sarah just now, not to mention you?

The Destroyer looked arrogant, he completely ignored Levi.

“boom!”

This punch seemed to him too slow.

He predicted anything.

Strength, speed, angle...

All in his precise calculations.

This punch hit him, like a tickling, without any harm at all.

So he does not hide.

Seeing the shadow of the fist on the retina getting bigger and bigger, he didn't panic on his face.

It's not that he is arrogant.

Instead, his brain is developed to such an extent, he is cautious to die.

It's just that there is really no threat to him!

“boom!”

The punch hit the Destroyer firmly.

The same as he accurately calculated.

Without any lethality, not even the qualifications to tickle!

weak!

too weak!

Want to kill yourself with this ability?

That's funny, isn't it?

“boom...”

But at this moment, a roar came from his body.

The Destroyer's face changed wildly!!!

Chapter 2008

An abnormal situation has occurred!

Levi's punch on the Destroyer was really not lethal.

However, after a punch penetrated into the body.

A terrible second force unexpectedly broke out!

Wreak havoc in the destroyer!

He never expected that Levi's unremarkable punch would still imply the second punch!

Destroying his body tissue madly!

“not good!”

The Destroyer's brows frowned, not only with dual strength!

There is also a third level!

“boom!”

“Crack!”

...

A popping sound came from the Destroyer.

He also let out a scream of pain.

Although he is the only successful person in the god-making experiment, he is still a human being after all!

I will feel pain too!

“boom!”

“Crack!”

...

Do not!

The fourth strength!

There is actually a strong spirit in it!

The fourfold strength exploded in the destroyer’s body, madly destroying his body’s organs and tissues.

“Boom boom...”

Multiple vigors exploded in his body, and blood holes were exploded one after another.

Very miserable!

“what!!!”

The Destroyer let out a scream.

The multiple strengths were realized by Levi in the battle of Golden Harbor Island.

Let multiple strengths be implied in one move.

These multiple strengths are what Levi compresses the true energy power into it.

It is equivalent to an infuriating bomb.

As long as it erupts, it will be extremely powerful.

Especially after entering the enemy's body.

It erupted progressively one after another.

Not to mention the extremely lethality, but also unexpected.

This multiplicity of power even deceived the destroyer's super brain.

Let him be hit hard by this wave!

“what!”

The Destroyer let out a scream, and he was madly healing to restore his damaged body.

His physique has reached a certain limit, which is different from ordinary people.

He recovers extremely fast!

Even the internal organs can be restored and healed!

More terrifying than the healing of the undead warrior!

“Haha! Want to recover? No way!”

Levi deceived him.

A few more punches blasted out!

“Boom boom...”

Multiple strengths continue to bombard the destroyer’s body...

“what!!!”

The Destroyer was completely enraged, he frantically bombarded Levi with beams and other energy.

But Levi didn’t hide at all, shaking hard with a pair of fists.

Disperse the energy of the Destroyer one after another, blasting all his beams away.

Even the Destroyer himself was stunned.

What the hell is going on?

I just met a perverted Sarah, just like a lunatic, any attack is useless.

Now another one?

Nothing less than the perversion of Sarah!

Even the Destroyer sighed like this, which shows how strong Levi is.

“boom!”

“boom!”

...

Next came the power of Levi and the Destroyer.

The Destroyer has raised his power to the limit!

Otherwise he will die!

Levi's pure strength is stronger than him, and it also contains multiple strengths.

too frightening!

Richard felt that he was fighting through the chip on the Destroyer.

He quickly asked what was going on.

Didn't you send someone to entangle Sarah and let the Destroyer escape?

Why are you still fighting?

Haven't you broken free yet?

It's just that the Destroyer is now exhausted, and there is no space or opportunity to answer Richard's question.

“boom!”

Levi slammed a punch from an angle that the Destroyer could not predict.

The speed of this punch once again exceeded eight times the speed of sound!

No matter how powerful the brain of the Destroyer is, it cannot be captured, and it cannot be stopped at all.

Under this punch, multiple strengths broke out again.

This time, the Destroyer's chest and shoulders completely exploded.

“boom!”

Another fist hit his face fiercely.

The multiple strengths continued to explode, hurting the Destroyer's brain, and half of his face was gone.

The speed of his healing and recovery couldn't match the speed of Levi's destruction.

Levi wants to see how quickly he recovers?

Or is he ruining quickly?
