

The Protector Novel Levi Garrison Chapter 2135 – 2136

Soon a series of news came out!

Levi did not die in the First World War on Golden Harbor Island. He was a fake death and deceived everyone.

Then the news continued.

The guardianship of the Morendam Sunstone and the destruction of the bases of the Gods Laboratory around the world, and the killing of Richard and the major spokespersons were all done by Levi.

It's all Levi!!!

After knowing the truth, the parties shook.

It turned out that Levi didn't die, but guarded Da Xia secretly.

He has been fighting against Richard!

The major gods and generals of Tiance Mansion also understood.

Why do some people say that they are not as good as Levi?

Why did Tianji Pavilion ask them to save people at the last moment?

It turns out he is Levi!

But what's the situation now?

Soon everyone learned that the strong in the Lab of the Gods suddenly returned to the star country to kill Levi by surprise.

Under the circumstances of being poisoned and besieged by the Lords, Levi lost to death in the end.

But in the end, he died with a strong man.

...

Many people almost fainted when they knew about Wesley.

I thought he was safe.

Knowing that he is Levi.

But everything is too late.

Logan Chengmin cried loudly.

She didn't care about Sanxing Group's accusations.

Now that Sanxing Group discovered that she was hiding Levi privately, this was a felony.

But she only hopes that Levi is alive, nothing else matters.

The senior management of Sanxing Group decided to destroy Levi's body, and Logan Chengmin was also forcibly separated.

But after a dazed effort, one person appeared.

"He, you can't move!"

Soon, under their noses, Levi disappeared, and this person also disappeared.

"What's the situation? What's the situation?"

Everyone only felt very dreamy, and Levi disappeared without seeing one person.

It was Huoyun Cthulhu who took Levi away.

After he learned the news of Richard's death, he has been paying attention to Levi.

Knowing that Levi was safe, he also left, but what he didn't expect was that the Lab of Gods returned and killed him.

"You can't die!"

Looking at Levi's body, Huo Yun Cthulhu was anxious.

After a while, a group of people hurriedly arrived.

Ancient races and forces!

They arrived immediately after receiving the notice from the Huoyun Cthulhu.

"Yes... is it him?"

The crowd swallowed fiercely and looked at Levi uncertainly.

"You can find something on him!"

Huoyun Cthulhu said that someone carefully searched for Levi.

Soon the black token was searched out.

"Puff!"

"Puff!"

...

Seeing the black token, everyone fell to the ground one by one.

All tears filled their eyes and wept with joy.

This token means too much to them.

If you hold this token, even if you let these people die, they will have no hesitation.

“Really! It’s confirmed this time! Really!”

The crowd shouted excitedly.

“Save him! We must save him!”

Huo Yun Cthulhu shouted.

“Yes! We must save him! Even if we exhaust all the means, we must save him!”

“In a word, even if all of us are dead, he can’t die!”

...

Levi’s condition made these people crazy.

They will do everything possible to make Levi come alive.

Just do it!

Everyone started to take action.

“Huh? Strange! He...”

Someone soon discovered the problem.

“What happened?”

Everyone gathered together.

Chapter 2136

“impossible!!!”

The man exclaimed.

He comes from an ancient race and is good at magical medicine.

“what happened???”

Everyone became more and more confused.

“He was obviously dead just now, and now he has a breath, and his body is recovering on his own!”

The man looked in astonishment.

It looked like a ghost.

“It’s impossible!”

Others were also shocked: “Doesn’t that mean that they are not dead at all?”

Hearing the news, everyone wept with joy.

“It’s great, it’s great!”

The man continued to shout, “It’s not right, it’s not right, this is terrible! He is not only recovering, but also recovering like a phoenix nirvana! He seems to be stronger and more terrifying!”

Everyone felt it carefully.

The aura on Levi’s body is indeed getting more terrifying!

Is there such a thing? ? ?

If you don't die, can you recover?

Is it stronger?

Who is going to make sense!

...

"What's the situation? Everyone is well-informed, can you tell me what's the situation?"

Everyone is very confused about this.

"Forbidden technique! It's the reason he used the forbidden technique!"

"Yes, I heard that one of the forbidden spells of Mr.

It is used when you are on the verge of the most dangerous moment!

But it seems that this taboo technique does not end up at the same time! It is just testing whether you have the determination to truly die with others! Most people dare not try it easily! After all, there is no such courage!

But once you try it, you don't actually end up with it! And a taboo technique for Nirvana rebirth! "

This person glanced at Levi: "Now it looks like this is really the case!"

"Great! It's great that he can live!"

...

Lucifer was not dead, everyone did not expect.

But Levi was not dead, and everyone didn't expect it.

In front of the attic of Tiance Mansion Tianji Pavilion.

Several great gods were kneeling unexpectedly.

“Sir, did you know that Levi is still alive?”

They asked.

“Yes.”

“Then why didn’t you tell us earlier?”

The great gods will be very puzzled.

An angry voice came from the attic of Tianji Pavilion: “I need to explain to you when I wait for the action?”

“Don’t dare, don’t dare! The juniors are just wondering!”

Several great gods immediately changed their expressions.

Whatever these people want, even the supernatural commander can’t intervene, let alone them.

“Senior, the news just came that Levi is really dead, the Lab of the Gods...”

Soon, everyone passed the news to Tianji Pavilion.

“We knew it a long time ago! This is his fate, let him go! I’m just waiting for Morendam to have more such characters!”

“In addition, did you see the Lab of the Gods this time? It’s terrifying!”

“Be prepared, you are too far behind! We don’t want to wipe too much ass!”

The great gods will be terrified: “Understand, understand!”

After waiting until the great gods will leave.

The voices of several old men in the attic of Tianji Pavilion echoed.

“The taboo technique! It’s reproduced!”

“Will he die?”

“Difficult!”

...

In the laboratory of the gods.

“The ancient ethnic forces are active, what makes them like this?”

Asked the clown emperor.

“Well, I also found out that the old guys I knew before have come out to breathe!
It’s not easy!”

“The news of these guys is hard to find! One by one is tight-lipped! I won’t reveal
it at all!”

The man in the suit sighed, “So we have to hurry up! Hurry up to get the first
chance, and control everything in our hands!”

The clown emperor was silent.

What the people in front of me are talking about are the future plans of the Lab of
the Gods.

This is the real secret.

The secret is what the gods’ laboratory is going to do? ? ?

“Come on, I’ll arrange a task for you, and do it right away!”

The man in the suit suddenly thought of something and arranged a task for the clown emperor.

The Protector Novel Levi Garrison Chapter 2137 – 2138

Chapter 2137

The clown emperor left immediately after receiving the task.

The news came from the laboratory soon after.

Lucifer was rescued and returned.

The doctor took action.

Lucifer was rescued abruptly.

The man in the suit showed a smile: “If he makes a move, there is nothing that can’t be saved!”

“Well, I’m starting to work on my plan!”

The man in a suit no longer pays attention to other things.

I don’t know what the future plans of the Gods Lab are.

In short, it’s crazy.

...

“Ok?”

“Am I still alive???”

Soon after, Levi woke up.

Not only that, he found that his physique changed and strengthened again, and his strength also increased.

wrong!

It's a taboo technique!

He immediately thought of the taboo technique of ruining together!

That is not the same thing!

Just let you use it in times of crisis, more precisely, it is an unbreakable taboo technique.

It turns out that there is a hidden mystery in this taboo technique.

Of course Levi is excited to be alive.

“I'm still alive! Even I didn't expect it! Haha...”

For a while, Levi laughed out loud.

It seems that everything is clear.

At this moment, he knew how reluctant he was to bear his mother, child, wife, and them.

And those brothers...

“Huh? Someone outside???”

Levi noticed someone outside.

When he opened the door, he was taken aback by the scene before him.

Because there were hundreds of people kneeling outside the room.

what's going on?

Levi was dumbfounded.

“You are...”

Levi couldn't help asking.

“I'll be here as early as possible, waiting for you to wake up, Sir!”

Everyone said together.

“Waiting for me? So you saved me?”

Levi asked.

“No, we just tried our best! The main thing is you, sir! To be exact, it has something to do with the use of taboos by your husband!”

Someone said below.

Levi was shocked.

Even the taboo technique is known.

Could it be that the trouble of running out of taboos that Lord said is coming?

“Who are you?”

Levi asked curiously.

But these people are not enemies.

Otherwise he won't live.

This group of people will not guard here!

“Sir, let's ask you first, where did the black token on your body come from?”

Hundreds of kneeling people raised their heads and stared at Levi curiously and nervously.

Levi replied: “My Lord gave it to me!”

But then Levi felt that something was wrong, and said, “No, it should be said that I treat him as a Lord. He never admits it, and doesn't like me calling him like this!”

“boom!!!”

Hearing Levi's answer, everyone knelt on the ground and kowtowed.

“First worship-worship heaven and earth!”

“Second worship-worship order!”

“Third worship-Mr. Bye!”

The crowd knocked three heads on the ground.

Levi understood that the second head was knocked to Lord.

Is this all related to Lord?

“this is...”

But I said that I just called Lord myself, but he didn't admit it.

“No, sir, he can pass the divine order to you and give you the taboo technique! You are his disciple! Or the only one! He has never confiscated his disciple!”

“Yes, you are his heir! This token alone is enough!”

“All of us recognize you! There are others who recognize you too!”

...

Everyone said in seven words.

Levi also confirmed that these people came because of the Lord.

Know their identities even more.

Ancient forces from all over the world.

How old is it to say?

I have never heard of it before.

Some are so old that they are even comparable to the Morendam Baolong clan.

Existed for too long, too long.

But it goes back to the time when Tiance Mansion was established!

Even the time when Tiance Mansion was established was their younger brother.

“By the way, having said so much, where is my Lord sacred?”

Chapter 2138

This is Levi’s curious question.

The reason why these ancient forces and races are so crazy is their Lord.

Everything about myself is given by the Lord.

He is too mysterious...

There are still many mysteries to this day.

Especially seeing these ancient races and forces rushing crazy, this made Levi even more curious.

Obviously these people know the identity of the Lord.

“Sir, don’t you know??”

Everyone looked at Levi in amazement.

“Lord never told me his identity! I really don’t know anything!”

Levi approached.

Everyone looked at each other and couldn’t help saying, “Yes! According to his personality, it would be wrong to tell you.”

“Mr. Actually, we don’t know a lot! He’s not something we mortals can know, nor do we dare to know!”

“He is a strange man! In our time, he is like a god! All of us present have more or less received his favor!”

“Yes, if it weren’t for him, our clan would have been destroyed! He is the creator of our clan!”

“The same with us! For so many years, we have always wanted to see him again!”

“He is the lifelong belief of our clan! Our clan is worshiping him!”

...

Levi completely underestimated the madness of this group of people.

Whenever I mentioned Lord, this group of people went crazy.

The point is that they worshipped the Lord as if they were a god.

I don't know what the Lord did.

Are these ancient races crazy to such an extent?

It's hard to imagine!

What kind of existence is Lord in their time?

What level is it in your own time?

But after asking for a long time, I didn't get any important information.

Because the Lord is also very mysterious in the eyes of these people, and it can even be said that he passed by in a flash, leaving little things and impressions.

But everything is vital to these ancient races and affects them.

"Do you know sir? We really want to call him Lord, but we are not qualified!"

"Let's put it this way, as long as he wants to take slaves and shout, those old guys in this world can fight for months, even a year!"

"If you want to be his servant, line up? Where do you have to line up!"

"We can only call him God!!!"

"There is no god in this world, but he is a god to us!"

...

Levi felt shocked again.

crazy!

All are crazy!

How strong are the men called gods by these ancient races?

“Actually, we shouldn’t call you a sir. You are the inheritor of God! But we dare to call you sir!”

“As for the specific situation of that person, you have to dig a little bit! I guess he didn’t explain to you, and I don’t want you to know too much, so get involved too much!”

...

The meaning of these people is very simple.

They also knew some things about Lord, but they couldn’t tell, they had to rely on Levi to dig it out by himself.

But there is one thing, they will fully obey all the orders of Levi in the future.

As long as Levi has something to do, they will help immediately.

God order came out.

Quartet ancient tribe surrendered.

This is a good thing for Levi.

Today is also the tip of the iceberg of the real situation of Lord.

Finally, the evil god Huoyun approached Levi.

“Please rest assured, Mrs. Porter was rescued by me and she is safe. I can take you to see now!”

Huoyun evil divine way.

“You are in the same vein as my practice. It seems that you are also related to Lord! You deliberately let me go that day. Did you find the token?”

Levi had thought of everything.

Huoyun Cthulhu nodded: “That’s right.”

“Then tell me about your relationship with the Lord, I would also like to know the secret about you.”

Levi asked.

The Protector Novel Levi Garrison Chapter 2139 – 2140

Chapter 2139

Actually, Levi would like to know why Huoyun Cthulhu wanted to form the Black Sun organization?

Why target the Morendam martial arts world?

There are a few more words to let Richard unconditionally trust, why are these?

Why did it suddenly disappear in his time?

Everything is a mystery!

“In fact, sir...no, I am not qualified to call him appearing, it is God! God has the grace to recreate me!”

“Basically, like the people outside, he is our creator god! He gave us life!”

Huo Yun Cthulhu was very excited when he mentioned Levi’s Lord.

That kind of reverence and awe and gratitude are carved in the bones.

Levi listened carefully without interrupting.

“Actually I come from the Baolong clan!”

Huo Yun Cthulhu’s words shocked Levi.

This...

He actually comes from the Baolong clan?

It’s so shocking!

Huoyun Cthulhu actually came from the Baolong clan? ? ?

I don’t know how many people are surprised when it spreads out!

“go on!”

Levi could not help stabilizing his emotions.

“The Baolong clan and the Tiance Mansion are stricter than you think. There are too many rules! In order to preserve the pure blood heritage, they will never allow their members to marry foreigners! Otherwise, they will kill you!”

“My mother is a foreigner, or a mundane ordinary person! I met and fell in love with my father and then got me!

According to the strict rules of Tiance Mansion and Baolong clan, my parents must die! In addition, my father’s line is only marginal figures and has no right to speak at all! My parents can only die...”

“They ruined everything about me, and even they wanted to get rid of me! I was abolished by my martial art, and my veins were broken! At my most desperate moment, it was God who appeared and saved my life, and Point me!”

“This is what you know, sir-not to break or stand, and to pursue the ultimate strength and speed!”

This is why Huoyun Cthulhu would use exactly the same technique as Levi, and even imitated him to frame him.

Sure enough, they are in the same vein!

“From then on, I vowed to make them pay! Let them know that I was wrong! So I started the era of evil gods belonging to me, and there are 13 evil gods under my command! I want to be strong enough to threaten them, strong enough to make them fear!”

Huo Yun Cthulhu’s face changed.

“But in the end, I found that my own power was insignificant in front of them! What kind of evil god era, but people are not willing to look at you!

I have done so much, and I don’t even have the qualifications to let people take a look! The power I possess can’t resist a finger! “

Levi asked, “That’s why you disappeared?”

“Yes, that’s right! I thought I could fight them, but I didn’t expect that I was as small as an ant in front of them! So I disappeared immediately and left Morendam!”

“However, Tiance Mansion and Baolong Clan have always been my enemies, and I will not give up! Over the years I have been trying to make myself strong enough to fight them!”

Levi looked at him indifferently: “So you established the Black Sun organization to target the Morendam martial arts world, and framed me to cause civil strife, all for revenge?”

The evil god Huoyun showed a look of guilt: “Yes! They are too powerful, I can only unite with other people to use conspiracy to strike and target!”

“It’s also the reason why you and Richard are cooperating?”

The evil god of fire cloud nodded: “Yes, I can’t do it on my own, I can only use Richard to achieve my dream! Because Tiance Mansion is my enemy, Richard has no doubt about my cooperation with him. !”

“I did help Richard a lot during this period! Including watching the Tiance Mansion and their movements! This may be difficult for others! But it is easy for me, because I know them!”

Chapter 2140

This is why the Fire Cloud Cthulhu was able to stare at Tiance Mansion when Richard was transporting the Sun Stone in Morendam.

...

Basically, Levi understood the secret of Huoyun Cthulhu.

It’s actually very simple.

Huoyun Cthulhu wants revenge...

“You’re right to take revenge! But it’s not right for you to hurt the innocent! If it weren’t for my special status, you would still not stop!”

Levi said.

Huo Yun Cthulhu listened obediently.

“From now on, I will not stop you for revenge, but if you hurt the innocent and do something that threatens Morendam, I will definitely kill you!”

Levi said.

Huoyun Cthulhu nodded.

He was willing to let Levi let him die only by the kindness of that person.

“By the way, where is this?”

After talking with Huoyun Cthulhu, Levi asked.

“Sir, this is still in Star Country, we haven’t left!”

Huo Yun Cthulhu answered.

Levi smiled helplessly.

It seems that everyone now uses the Star Country as a base.

Fights and troubles are all here.

It is absolutely absolutely.

After Levi was alive this time, he planned to go back to see the child’s mother and them.

As for Sarah, Levi also knows where she is now.

The Bible Organization!

According to the people of Underworld God, Sarah is safe now.

After watching his mother and Jun Jun, Levi will go and pick up Sarah.

Under the leadership of Huoyun Cthulhu, Levi saw his mother.

“Go, mom, let’s go see Junjun!”

No one doesn’t want a daughter.

Levi wanted very much.

But according to the current situation, in fact, Junjun is the safest in Tiance Mansion.

She was guarded by a group of ancestors, and she had no worries all her life.

And with her talent, under the guidance of this group of ancestors, it is estimated that by the time he comes out, Junjun will be able to be alone.

This is why Levi never disturbs Junjun.

But after this “death”, he missed it so much.

You have to take a look at Jun Jun.

But where is Tiance Mansion?

How can Levi see Junjun?

Others may not know.

But Huoyun Cthulhu is here!

He used to belong to the Baolong clan of Tiance Mansion.

Even marginal figures.

But I must know where.

Tiance House.

The strongest Guwu institution in Morendam!

Not only is Morendam's highest combat power, but also where Morendam's many secrets are located.

It is also a mysterious place to the extreme, comparable to the 51 Special Zone of the War Eagle Nation and the headquarters of the Gods Laboratory and so on!

These places hide the great secrets of the war eagle country.

May affect the whole world...

But the world only knows that there is this place, but they don't know where it is.

The same goes for Tiance Mansion and Baolong clan.

There are other countries and other forces who don't know how many years they have been searching, and they have never found it.

Now Levi stepped into the Tiance Mansion.

He was taken aback.

A town full of modern technology appeared before his eyes!

In his impression, Tiance Mansion should be an ancient mansion or something.

Ancient buildings are everywhere.

But all this subverted Levi's imagination.

The location of Tiance Mansion turned out to be a modern style!

Never imagined!

It seems that Tiance Mansion is not completely divorced from the modern world, let alone concealed from the world.

They are always staring at the changes in Morendam.

I am afraid that the strong inside are also the combination of ancient martial arts and modern technology.

It can even be said that Morendam's strongest modern technology is also in their hands.

They control the strongest combat power!

Has been in control, whether it is the past, the present, or even the future.

Huo Yun Cthulhu saw the strangeness of Levi, and couldn't help saying: "Sir, see it, this is the power of Tiance Mansion! No one knows how strong they are!"

Standing at the gate of Tiance Mansion.

Levi stomped on the ground: "Levi is here to visit!"
