## Chapter 1611 - 1615

### CHAPTER 1611

The man hesitated: "But the other party has the conditions!"

"Regardless of his conditions, he can repair Levi Garrison's martial arts!"

"Yes, repair Levi Garrison's martial art at all costs!"

...

Messiah was free this time.

"Well, in that case, it should be a big deal!"

"What we are looking for is an ancient medical family! It is the family of Erudia Doctor King! They have amazing ancient medical skills, which may

be a resurrection for ordinary people.

It is said that they can turn an ordinary warrior into a supreme powerhouse by relying on medicine and ancient medical techniques! "

"hiss!"

Hearing this, everyone gasped.

Relying on ancient medical techniques and magical medicine to create a supreme powerhouse? ..

This is too scary, right?

Messiah even gave birth to an idea.

Let this ancient family of medical skills help Erudia build a supreme powerhouse.

Messiah contacted the family of medical kings at any cost.

The medical king family sent a senior elder Wang Xing to follow Messiah to find Levi Garrison.

Wang Xing himself is also a supreme powerhouse!

It is the legendary medical and martial arts double repair.

Even medical skills are also practiced, and martial arts are also practiced.

“Wu Mai was completely shattered and destroyed?”

Wang Xing heard Levi Garrison’s situation, his face was solemn.

“is it hard?”

Someone asked Messiah.

“It stands to reason that it is basically impossible to repair! Martial veins are different from other veins! Especially if you destroy them directly!”

“Even if it is repaired, it will not reach the previous state!”

“But the specific situation depends on the individual!”

Wang Xing said seriously.

Messiah’s face was solemn.

Soon, everyone came to Jiangbei.

Zoey and Mia followed the three elders of Wushuang City to practice.

Only Levi Garrison and his mother were there.

“Levi Garrison, we want to bring you good news!”

Messiah told Levi Garrison his future intentions.

Levi Garrison was taken aback.

What martial art does he need to repair?

He’s all well long ago.

Besides, the old man said that there are few people in this world who can repair the martial arteries.

Most of the things that can be repaired are deceptive.

“I don’t need it! It’s nice to be an ordinary person!”

Levi Garrison refused directly.

“Are you still angry with Messiah in Levi?”

“No, I don’t care about it!”

“Since I am angry, let the master show you!”

Levi Garrison was helpless.

It can only be checked by Master Wang Xing and his disciples.

After the inspection, Master Wang Xing and a few disciples probably walked far away.

Several people began to discuss.

Wang Xing is a supreme powerhouse, and soundproofing is a piece of cake for him.

So he talked to the disciple.

Not to mention that ordinary people can hear it, even the supreme-level powerhouse may not be able to hear it.

But Levi Garrison heard it clearly.

“Master’s situation is not good? This boy’s martial art is directly ineffective!”

“Yes, it’s okay to be destroyed. The point is that this kid’s martial art no longer exists! How can we fix it?”

Master Wang Xing nodded: “Yes, it’s wrong. Don’t say it’s us, even if the doctor is here, there is nothing to do?”

“If you tell the truth directly to Messiah, not only will the face of my medical king family be lost, but we will also have no benefit at all!”

“Master, what should I do?”

Several disciples asked.

“Then let’s drag the Messiah first!”

“Lied to them that Levi Garrison’s martial arteries can be repaired, but it is extremely difficult and requires a great price!”

“Then we can make a request!”

Several disciples also laughed: “Yes, yes, so we can get more!”

## The Return of the God of War [The Protector] Chapter 1612

## CHAPTER 1612

“Not only that, we can still drag on. It is said that Levi Garrison’s situation is rare in the world, and it will take a long time to recover!”

Master Wang Xing touched his beard and showed a successful smile.

Levi Garrison, who was not far away, could hear clearly.

This group couldn’t find out where their martial art was.

That’s because the prison elders repaired their martial veins while turning them into invisible veins.

It’s just that other people can’t find out where the martial art is.

But it does exist.

This group of people couldn’t find out, but they still wanted to deceive Messiah to get benefits.

Really shameless!

Soon Messiah surrounded him.

“How is the master?” m.bg.

Wang Xing looked solemn, his brows were full of sorrow.

“I want to know if he is important to you?”

Wang Xing asked.

Messiah was taken aback for a moment, and then said: “Important, extremely important! He is very important to Erudia!”

“Then you are willing to pay a huge price for him?”

Wang Xing asked.

“It can be said at all costs!”

Messiah showed his attitude.

“I can rest assured that!”

Wang Xing showed a smile.

In this case, he can put forward any conditions at will.

“To be honest, his situation is more serious than we thought! We have encountered many martial arts damaged or even destroyed! But he is not as serious!”

Wang Xing began to flicker.

But this word came out.

Messiah started to panic.

After all, what a master like Wang Xing said is authority.

“Does the master have a way to fix it?”

Everyone asked.

“Yes, yes, but we need to consume the most precious magical medicine and medical skills of my family of medical kings. We pay the greatest price!”

“If it consumes the most resources of the family, I am afraid that the family will not agree. Unless...”

Messiah was anxious immediately: “Unless what?”

“Unless you have to meet all the conditions put forward by the medical king family! Otherwise, you won’t be washed!”

Wang Xing finally said his purpose.

“Master, rest assured! Any request, we will meet! We have said before, at all costs!”

See Messiah like this.

Wang Xing and his disciples were happy to blossom.

Erudia is vast and abundant.

What they want, the other party will give it.

Just as Wang Xing was about to make a request, Levi Garrison’s voice sounded: “Hold on!”

“Ok?”

Everyone looked at Levi Garrison in surprise.

I don’t know what he is going to do.

“My martial art does not need to be repaired, you don’t need to mention any conditions!”

Levi Garrison said.

“No way, Levi, for Erudia’s future, your martial arteries must be repaired!”

Messiah strongly demanded.

“They are a group of liars, they can’t repair my martial arts! What’s more, I have no martial arts, and they can’t find it if they find it!”

The language is not surprising and endless.

As soon as Levi Garrison said this, Wang Xing was taken aback.

Did this kid just overheard them talking?

Several disciples all looked at Wang Xing.

Wang Xing shook his head directly.

It means impossible.

Just now he blocked everything with vigor, and no sound could be heard.

How can an ordinary person hear it?

“Who said that we can’t repair it? We are a family of medical kings! Not to mention repairing the martial arteries, we can even create the supreme powerhouse!”

“Messiah, what is his attitude? Don’t believe us, well, we won’t treat him anymore!”

Wang Xing wanted to come up with lust and indulgence.

As a result, Levi Garrison shouted directly: “Then get out!”

## Chapter 1613

### CHAPTER 1613

Levi Garrison’s words angered Wang Xing and several others.

“Okay, you guys have a seed!”

“But you have to remember that they asked me to repair the Martial Arteries, not by themselves!”

“Then we’ll leave. If we want to repair the martial arteries, this kid has to kowtow!”

Wang Xing and several people left directly.

They were right Messiah.

Since Levi Garrison’s martial art needs to be repaired at all costs.

Will never let them leave easily.

Sure enough, few people took a few steps, and Messiah immediately chased it out.

“Master, calm down, his character is like this! He is malicious towards you!”

“Also ask the master to take action and help him repair his martial arteries!” m.bg.

Several Messiah arched hands.

“No, no one has ever dared to speak to Master like this!”

“I want to repair the martial art, unless the kid kneels and asks!”

Several apprentices sneered.

“Yes, he asks for it himself, I will do it!”

Wang Xing left a word and left with his apprentice.

In his opinion.

Messiah did not hesitate to pay any price.

They just mentioned that condition, letting Levi Garrison kneel to ask for the simplest condition.

But what he didn't think was that Levi Garrison would never be like this.

Don't say he is invincible now.

Even an ordinary person, he would not do anything to lay down his dignity.

After returning to the villa.

"What's the matter with you in Levi? Everyone is good for you! If you don't agree with you, you lose your temper and leave the master!"

The senior officials of Messiah bury the grievance a bit.

Levi Garrison smiled: "I know you are good for me, but they are just a bunch of liars!"

"They couldn't even find out my martial arts, so they threatened to fix it. The purpose is to deceive you and get rich benefits!"

Hearing Levi Garrison's explanation, naturally no one believed it.

It is said that he heard the conversation between Master Wang and the others, and no one would write it.

"Levi, your hot temper has changed!"

"Look, you have offended the master, people want you to kneel and beg, only then promised to repair your martial arteries!"

"But we all know that your character must never kneel down!"

...

Messiah left.

It is absolutely impossible for Levi Garrison to kneel and beg for help.

They can only use other conditions to ask Master Wang to agree to repair the martial arteries.

Levi Garrison didn't think that Messiah would bow down to ask Master Wang.

He obviously doesn't need to repair the martial art.

What's more, these crooks can't fix it.

On the other side, Master Wang knew that Levi Garrison could not kneel and beg him. Messiah wanted to use other conditions to let him take

action.

He has been hanging on Messiah's appetite.

The longer the delay, the greater the benefits they will get.

In a blink of an eye, a month's time came.

It was when Levi Garrison came to visit Levilia.

When the time came, Levi Garrison immediately followed Zoey and Mia to Wushuang City.

The two are the registered disciples of the Three Elders, and they are familiar with Wushuang City.

Wushuang City is an ancient city in the depths of the bamboo forest in Shuzhong.

If it weren't for someone to lead the way, you wouldn't find it.

Because the ancient city is full of institutions and formations.

Coming to the nearby area will only drive you far, unable to approach Wushuang City.

After coming to Wushuang City.

There are many people inside.

When I saw Zoey and Mia, many people gathered around.

Because of their beautiful faces and extremely high talents, the two are deeply loved by the men of Wushuang City.

If it hadn't been for hearing that Zoey had a husband, there would be many suitors.

"Sister Zoey has such a high talent and such a beautiful face, why did she follow an ordinary person?"

...

Everyone's eyes fell on Levi Garrison.

Say something bad.

"Shut up! Whoever talks nonsense, I smash someone's mouth!"

Levi Garrison suddenly became angry.

## The Return of the God of War [The Protector] Chapter 1614

### CHAPTER 1614

In the eyes of Levi Garrison.

These disciples of Wushuang City are just kiddies.

Dare to hit Zoey's idea?

court death!

In his eyes, Wushuang City could level off at any time.

Not to mention these little kids.

Everyone was stunned by Levi Garrison's words.

Zoey and Mia were both taken aback.

Levi Garrison's character is too hot.

It can cause trouble everywhere.

But here is Wushuang City.

Everyone is a warrior who flies away from the sky.

Killing is invisible.

What are you doing as an ordinary person to provoke others?

"what?"

"On the site of Wushuang City, did we let an ordinary person provoke?"

Several people came to Levi Garrison step by step.

"Come on, aren't you going to slap my mouth? Come on!"

The person who just mocked, facing Levi Garrison.

"Levi must hold back! This is Wushuang City!"

Zoey and Mia reminded.

"I just said, what's the matter? Your wife and you are a waste! Your kind of waste is not good for her! She should have left with you and find

someone else!"

The man continued to speak.

“Snapped!”

Suddenly, the next moment, Levi Garrison lifted his slap on the man’s face.

The voice was crisp and resounded throughout the audience.

Hundreds of people around were stunned.

No one thought that Levi Garrison would make a move.

I don’t even think that an ordinary person would have such power...

“What? Do you dare to hit me? You are looking for death!”

Only then did Lin Gan, the one who was beaten, reacted, and he was about to act on Levi Garrison.

“father!!!”

But at this moment, a crisp child voice came.

Seeing Levilia a few jumps, he appeared in front of Levi Garrison and threw himself in Levi Garrison’s arms.

Immediately, the surroundings were quiet.

Lin Gan abruptly retracted the trick that he had stretched out, and looked stupidly.

Levi Garrison is not afraid of him.

Zoey is not afraid of the two.

But this kid alone.

He is scared!

In other words, the whole Wushuang City is afraid!

She is the little ancestor of Wushuang City.

All the seniors are pampered.

I'm afraid of turning it in my mouth, and I'm afraid of losing it when I hold it in my hand.

Everything depends on her.

If you beat or kill her father.

That is the sky is falling.

Lin Gan clenched his fists and stared at Levi Garrison with red eyes.

"I took this punch, I have a chance!"

Lin Gan looked at Levi Garrison.

"Don't, just report it on the spot!"

Levi Garrison sneered.

Lin Gan wanted revenge, but he glanced at Levilia and held back.

"But you really shame a man!"

"At this age, I have to rely on the protection of a daughter who is a few years old! If I hit you to death, forget it!"

...

There was such a voice around.

In this world where the strong are respected.

Everyone looks down on the soft fan man the most.

Especially Levi Garrison not only eats his wife's soft rice, but also his daughter's soft rice.

Rely on the daughter to spend a lifetime.

This is what they hate most!

This is how a man has the most dignity...

"You are not allowed to say that about Dad, what happened to my mom and I protecting him?"

Levilia's milk stared at her fiercely.

"I'm so ridiculous! Rely on a child to protect you! If you are a little self-aware, don't come out and hang around!"

"Yeah, it's better to just hit the head to death!"

"Don't say men can't stand it, I can't stand it a woman!"

...

Faced with such a scene, everyone couldn't help but make a similar mockery.

"Shut up all! Go back all!"

At this moment, suddenly there was a thunderous sound from the sky.

"City Lord!!!!"

"It's the city lord who has appeared!"

...

This group of people ran away like a mouse seeing a cat.

Levilia said excitedly: "Dad, it is the master who is here. I will take you to see the master!"

## Chapter 1615

### CHAPTER 1615

"it is good!"

Levi Garrison followed.

He was also very curious about the city owner of Wushuang City.

And looking at Levilia's state, you know that she is very happy in Wushuang City.

Levilia took Levi Garrison all the way to the ancient buildings in the depths of Wushuang City.

This is the forbidden area of Wushuang City, and it is also a place for high-level activities such as the city lord and the four elders.

"Master, this is my father!"

Levilia shouted excitedly.

There was a tall figure in front, a white gown, with a dusty temperament on his body.

He looks like he is in his thirties.

Good-looking face, kind smile. m.bg.

Putting it in the general population is like a teacher.

Just an ordinary person, you would never think that this person may not even be killed by nuclear weapons.

“Levilia!”

Fu Qiufeng touched Levilia’s little head.

But when facing Levi Garrison, he changed his expression.

Majestic, unsmiling, aloof, the palm of the hand is overpowering.

As if he is the god who rules the world.

Levi Garrison was just like an ant in front of him.

Of course it is so wrong!

Fu Qiufeng is a powerhouse of the Supreme Level Fifth Heaven. He can survive the bombing of artillery bombs, and nuclear bombs may exist helplessly.

He is like a god to ordinary people.

“You are Levilia’s father?”

Fu Qiufeng asked coldly.

“it’s me!”

However, what surprised Fu Qiufeng was that this ordinary person was so powerful.

Not timid at all.

Even face him directly.

“I heard you were instructing Levilia before?”

Fu Qiufeng asked with an unhappy expression.

“Wrong! In fact, it is best for Levilia to stay by my side! But the grandmother and mother of the child hope Levilia will have more experience and experience! I only agreed, otherwise you are not qualified to be the master of Levilia!”

Levi Garrison said seriously.

But these words angered Fu Qiufeng.

Enraged all the high-levels of Wushuang City.

Wu Qiufeng, the lord of Wushuang City, is not qualified enough?

Is there any qualification for a Supreme Level Five Heavenly Powerhouse?

Is Levi Garrison crazy?

Is this ordinary person shameless when talking big?

“Levi Garrison, what are you talking about?”

“Don’t do whatever you want because you are Levilia’s father! You are in a hurry, you won’t end well!”

“Hurry up and apologize to the lord!!!”

...

Several elders immediately urged.

Regardless of Fu Qiufeng’s superficial kindness, in fact, he doesn’t match his appearance at all.

He is a big killer who doesn’t blink!

Kill if you don't agree!

Countless people have died in his hands, about hundreds of thousands.

Has the title of "Blood Drinking Sword Sovereign".

On weekdays, the people in Wushuang City saw him and stayed away.

That's why the people who were about to bully Levi Garrison ran away as soon as they heard the sound.

The reason for showing a kind side is entirely because of Levilia.

Her talent is too high and too high.

So Fu Qiufeng regarded her as a treasure.

Zoey and Mia have also heard the legend of the city lord.

The two immediately persuaded in a low voice: "Levi, you quickly apologize! The city lord has a bad temper!"

This is different from the life of ordinary people.

There are even no rules at all.

The lord himself is the rule.

Want to kill people, no one will do anything to him.

They were really afraid that Levi Garrison's stubborn temper would annoy the city lord.

Upon hearing this, Levi Garrison was unhappy.

"What does it matter to me that he has a bad temper? He is not qualified!"

Levi Garrison said.

Everyone: "...".

What are you really afraid of?

"You said I'm not qualified?"

Fu Qiufeng's voice changed obviously, as cold as from hell.
