

The Return of the God of War [The Protector]

Chapter 1646 - 1650

CHAPTER 1646

Several people urged Fu Qiufeng.

Even Zoey and Mia felt that everyone was right.

Just as the king of Shu Tian saved the emperor before, this time the old city lord saved the emperor.

Levi Garrison, the father, should kneel down and thank you.

"In Levi, you just kneel down and kowtow to thank you. They are the elders, and they saved Levilia again!"

"What's more, you all knelt down to thank the King Shu at the beginning! What is this?"

Upon hearing this, Levi Garrison was stunned.

"When did I knelt down to thank that kid?"

His apprentice, dare to make him kneel down?

"A lot of people have seen it, you kneel down for him, you don't want to be brave!"

Zoey looked helpless. m.bg.

I think Levi Garrison is too strong.

Obviously see the facts.

Little did he know that when he was too far away, it was the King of Shu who knelt down for Levi Garrison.

“Okay, I don’t need him to kneel! Annoying!”

Fu Qiufeng looked impatient.

After letting the monarch thank you, let them leave.

However, Fu Qiufeng sent a large number of masters to protect Levilia, and he almost came with him.

“Cracking...”

After returning to Jiangbei.

Li Zhao’s family and the Western Shu gates prepared a grand welcoming ceremony.

Firecrackers sounded, gongs and drums roared.

Levilia, Zoey and Mia are everyone’s hope.

It’s not just because of identity.

Even if the strength of the three people is now placed in the West Shu gate clan, they are all very important.

“We are not disappointed! Zoey and Nanyan are both great masters now!”

“You two are really the proud girls of heaven, you are not bad in every aspect! What do you want?”

“Today’s banquet is for you!”

...

Several companies jointly hosted a grand dinner.

“Levi Garrison is here, you sit at another table! Is this a place where you can sit?”

Levi Garrison was going to sit at a table with Zoey and the others, but was rushed to another table.

Think he is qualified.

Too.

In everyone’s eyes, Levi Garrison is just an ordinary person with a past.

It doesn’t match the rosy plum dye at all.

Neither one is good enough!

Especially when Zoey became a master-level powerhouse, he was even more unqualified.

The three of Levilia were arranged on the most important table.

Li Wenyuan and Zhao Yalan also fully accepted Zoey as their current martial artist.

After all, times are changing.

Many hidden warriors have already lived with ordinary people.

“Hey, I said my daughter is capable! I got married early!”

Zhao Yalan sighed.

Other people are also in the mood of eating flies.

Now that the identity gap between Levi Garrison and Zoey is getting bigger and bigger, Levilia will stand at the top in the future.

Everyone can’t understand it.

You have no idea.

“Levi Garrison also contributed! After all, there is no such genius as Levilia!”

The Emperor Xi Shu said with a smile.

“Haha, that’s true! His greatest value is to give birth to a monarch!”

Tang Beidao also smiled.

...

“Hahahaha!”

Everyone laughed.

When Li Songkui and Zhang Wentao heard them, they leaned forward and laughed directly.

“A man’s greatest contribution is to have children! Hahaha...”

“Levi Garrison, you have lost our man’s face completely!”

“You really are not a man! You have become a tool for childbirth!”

...

Everyone looked at Levi Garrison with strange eyes.

When the Western Shu Emperor and Tang Beidao said so, everyone in the audience ridiculed Levi Garrison.

Suddenly Levi Garrison stood up and hooked his fingers at the two of them: “Come out!”

CHAPTER 1647

Levi Garrison said this.

The audience quieted down instantly.

The Western Shu Emperor and Tang Beidao were stunned, and couldn't help but smile:
"Are you talking about us?"

"Just you two, get out!"

Levi Garrison got up and left.

The Emperor Xishu and Tang Beidao looked at each other and smiled, and got up and followed.

"Don't follow anyone!"

The two said.

They are very excited.

He had been oppressed by Levi Garrison before, and he dared not speak.

But now Levi Garrison has become an ordinary person.

They want to return everything before.

Came to a remote place.

"What's wrong with Levi Garrison? Very upset? Want to hit us?"

The two laughed.

A weird smile appeared at the corner of Levi Garrison's mouth: "Who gave you the courage to talk to me like this?"

"Who gave us the courage? Levi Garrison, do you think it is your own era? You can see clearly, now you are an ordinary person! Still thinking of letting us be a cow and a horse for you? Funny!"

The two naturally disdain Levi Garrison.

Levi Garrison stared at the two and asked, "You said I was a tool for giving birth?"

"Yeah, don't you think this is of great value? We hope you can give birth to a few more children, each of them resembling Levilia!"

"At that time, everyone will confess you and look forward to your childbirth every day! Hahaha..."

The Western Shu Emperor and Tang Bei Dao laughed.

The existence that once stood on their heads is now so humiliated by them.

It's so cool.

"What are you laughing at? Is it that funny?"

Levi Garrison asked.

"Funny, of course...Bang!"

As soon as the emperor of Xishu was halfway through his words, he slammed his mouth with a heavy fist.

"puff!"

The emperor of Western Shu splashed with blood in his mouth, and all his teeth flew away.

"Papa....."

Levi Garrison slapped the mouth of the Western Shu Emperor several times in a row.

His mouth was soaked.

"Levi Garrison, what are you doing?"

Tang Beidao roared.

"And you!"

As soon as the voice fell, Levi Garrison appeared in front of Tang Beidao instantly.

"boom!"

With a kick, he kicked Tang Beidao away.

"puff!"

This kick almost killed Tang Beidao's life.

But the two were dumbfounded.

This... is this an ordinary person?

Levi Garrison is not an ordinary person at all.

It's just that others think so.

He never said he was.

"That's how you talk to me?"

Levi Garrison asked.

"No... we dare not... we were wrong, we were wrong!"

The two squatted their heads on the ground, and the floor was knocked to pieces.

“Take care of your own mouth, if you don’t want it, you can tell me, I’ll break it!”

Levi Garrison then left the dinner.

The banquet scene.

“Huh? Levi and the three of them have been out for a while? Isn’t something going to happen?”

“Haha, maybe they are teaching Levi Garrison, right?”

...

Everyone laughed.

The old lady and Wu Mulan sneered and said, “Levi Garrison doesn’t know how to promote it, so it’s good for people to educate them!”

“Yes, is it wrong to say that he is a child-bearing tool? He is worth this point!”

Zhao Yalan also followed.

With the rise of Zoey’s status, their views on Levi Garrison became more and more.

Mia saw that Zoey was worried, and couldn’t help but comforted: “Sister-in-law, don’t worry, they dare not take brother anymore!”

At this moment, the Emperor Xishu and Tangbei Road walked in.

“From now on, everyone can’t insult Levi Garrison!”

The two warned.

The old lady said in horror: “Big brother, what’s wrong with your mouth?”

The Return of the God of War [The Protector]

Chapter 1648

CHAPTER 1648

“hiss!”

Everyone noticed that the Emperor Xi Shu’s mouth was bloody and pale, and his face was pale.

Even Tang Beidao looked like he was injured.

The two of them were obviously injured.

What exactly happened here?

What about Levi Garrison?

Why is he missing?

Could it be that Levi Garrison fought these two?

If it’s true, isn’t Levi Garrison...

A terrible thought lingered in my mind, and everyone was shocked in a cold sweat.

“The mouth is beaten, everyone will shut up in the future, and the mouth will be beaten!”

The Western Shu Emperor said coldly.

“Ming...understood...”

Everyone nodded nervously.

No one dared to ask what happened.

A banquet ended like this.

“What are you talking about?”

Everyone is very puzzled.

Li Mengyue glared at a few people contemptuously and said: “This is still not clear, Wushuang City must have warned and shot!”

“Yes, Levilia’s status in Wushuang City is too high now! Levi Garrison is his father, and Wushuang City will naturally protect him!”

“Understood, no wonder the Western Shu Emperor both were beaten and warned us all specially!”

...

Even Zoey and Mia think so.

Wushuang City values Levilia too much.

Before, Levi Garrison had spoken harshly in front of Fu Qiufeng, and he had to bear it.

Wushuang City tolerates him.

How to make Levilia’s father be insulted by others.

After Zoey returned home, he said, “Look, Wushuang City has helped you again, so you should thank them!”

“Ok?”

Levi Garrison was taken aback first.

Then I understood what was going on.

They misunderstood again.

Whatever they think!

“By the way, Xiao Qin will be back in two days. If I’m in Wushuang City then, if you bring her here, I haven’t seen her for a long time!”

Zoey reminded.

Speaking of Xiao Qin, Levi Garrison was in a trance.

It’s true that I haven’t seen this girl for a long time.

Because Wushuangcheng gave two days of rest.

So Levi Garrison took Levilia to play everywhere, living the life of ordinary people.

Zoey didn’t see his classmates and friends for a long time.

Specially connect everyone together and have a party.

After receiving the notice, Levi Garrison hugged Levilia to attend the class reunion.

Many students have not seen it for a long time.

When we get together again, we all feel kind.

“Da da da.....”

Suddenly there was a sound of footsteps.

I saw a tall figure appeared.

He is in a suit and leather shoes, with a grandeur.

Everyone didn’t recognize it for a moment.

“You... are you Xu Zhengjie?”

Zoey asked tremblingly.

“What? Is it him?”

As soon as he heard it was Xu Zhengjie, there was an uproar in the audience.

Even Levi Garrison felt shocked.

Xu Zhengjie is their high school and college classmate, and has always been a nerd image.

In addition to good academic performance, there are no other advantages.

But he was a science madman in high school and university!

Passionate about it!

I even squatted in words, especially when I saw Zoey, I couldn't say a word for a long time.

But he likes Zoey, everyone knows.

Previously, his image was rough, sloppy, with a big greasy head, wearing black-rimmed glasses, and ugly, with very poor background conditions,

and he was a single-parent family.

No girls will like it.

But after seeing it today, I changed my head completely.

Both the appearance and the temperament are completely changed.

If I didn't say anything, I thought it was the little star Internet celebrity.

“Xu Zhengjie, you have changed too much, right?”

Everyone looked incredible.

Xu Zhengjie smiled: “Everyone has changed even more! I just changed my appearance!”

The Return of the God of War [The Protector]

Chapter 1649

CHAPTER 1649

Ok?

Levi Garrison was taken aback.

This is completely different from the previous one who was only a promise.

Through the chat, I learned that Xu Zhengjie was not satisfied with his appearance and went to the star country where the plastic surgery industry is

developed.

"I think everything can be changed. There is nothing to hide about my plastic surgery!"

Xu Zhengjie expressed his views.

"Zhengjie, what are you doing now?"

Someone asked.

"After graduating from university, I entered a science and technology institution, and then I went it alone. Now I run a science and technology

enterprise, mainly researching and producing ultra-new weapons, and have cooperation with many large foreign consortia!"

When Xu Zhengjie finished speaking, everyone was amazed.

In terms of achievements, Xu Zhengjie is second only to Zoey, right? ..

"Our classmates, you and Zoey are the most prosperous. Do you know the martial artist? Zoey is now a supreme powerhouse, the kind of

destroying the world!”

But Xu Zhengjie smiled contemptuously: “This kind of warrior is exaggerated, and modern technology is not incapable of defeating them!”

“How is it possible? The Supreme Martial Artist can compete with small nuclear weapons...”

...

Then everyone fell into arguing.

Levi Garrison frowned.

He felt that Xu Zhengjie was bragging.

Even what he said is true.

He is too confident.

Judging from his demeanor, he knows the supreme-level powerhouse very well.

An ordinary person actually ignores the supreme-level powerhouse.

this is too scary.

But Levi Garrison didn't care how much.

After the banquet, Levi Garrison hugged Levia to drive.

When they came out, Zoey and Xu Zhengjie were arguing.

Plum dyed angrily and got into the car.

Through the car mirror, Levi Garrison saw Xu Zhengjie's gloomy eyes.

It turned out that Xu Zhengjie actually confessed to Zoey.

Frankly does not care about her past, willing to accept Levilia.

Said that Levi Garrison was no longer worthy of her.

“Crazy! Xu Zhengjie was such an honest child when he was in school, how has he become like this now?”

“I look a bit like a demon!”

Zoey was still angry.

Levi Garrison nodded: “I think so too, maybe his career has grown bigger and his personality has changed too!”

“Well, let’s not mention him! I don’t want to see him in the future!”

In the meeting room of the 100-story building in the headquarters of Sanxing Group, the capital of Star City.

They received a mysterious guest today.

“Not much nonsense, I just want to invite Sanxing Group to join the Alliance Army! This is the list of people and organizations that have already joined!”

The mysterious guest handed everyone a mysterious list.

“What? They all participated too?”

...

When they saw the list, everyone was shocked.

The sound of cold air was endless.

“We Sanxing Group join!”

Almost without hesitation, Sanxing Group considered joining.

In fact, Sanxing Group is not a consortium on the surface.

In fact, it is a super powerful force.

The horror and mystery have always been hidden.

It wasn't until the covenant of the gods was torn apart that they gradually became visible.

"But I have only one request from Sanxing Group!"

"what?"

That person is puzzled.

"When the time comes, leave Levi Garrison to me!"

Requirements of Sanxing Group.

After listening to that person, he was amused: "What exactly did Levi Garrison do? So many people have to target him! Everyone's requirements are

surprisingly consistent, as long as Levi Garrison!"

Everyone in Sanxing Group was taken aback, and couldn't help saying: "What? Is there anyone else who wants Levi Garrison?"

"It's too much. According to incomplete statistics, there are no less than 30 forces in the Alliance Army who want Levi Garrison to die, and there are at

least hundreds of people who want Levi Garrison to die!"

Chapter 1650

CHAPTER 1650

“Yes, you must know that everyone is a supreme-level powerhouse, I don’t know how Levi Garrison offended you?”

The man was surprised.

The expressions of everyone in the Sanxing Group changed.

“Because Levi Garrison drove us out of Erudia and disrupted our layout!”

“He even beheaded the future heir of Sanxing Group! How can I bear this!”

...

“That should be killed! At that time, Levi Garrison’s family will give you all. You can torture as you want!”

The man smiled.

“I heard that Sanxing Group has advanced technology and biological gene technology, and you have created a lot of existences comparable to the

supreme-level powerhouses in private! We need you to give clear numbers! We need to work out a detailed combat plan!”

The senior officials of Sanxing Group looked at each other, and finally told the general data.

“Hiss!” m.bg.

After the man finished reading, he gasped.

“This, this... is terrifying, the combat effectiveness of the Sanxing Group is five times stronger than we thought!”

The man looked surprised.

“It is estimated that this is not even the supreme-level powerhouses you recently recruited. It is estimated that all of them are seven or eight times stronger than we expected!”

The man smiled.

Several people in the Sanxing Group did not refute it.

Because after the covenant of the gods was torn up, they recruited many supreme powerhouses in the name of Sanxing Group.

Many companies cooperate with Sanxing Group.

“As long as it is dealing with Erudia, we are willing to contribute all our efforts!”

“Originally, we wanted to keep this secret desperately. Since the Alliance army is going to deal with Erudia, it doesn’t matter if we say it!”

The Sanxing Group suddenly wanted to tell a secret.

This made the person stunned.

“What’s the secret?”

“Now everyone knows that the supreme-level powerhouse represents the strongest force! Even artillery bombing is not useful!”

“But do you know? But there is a weapon specifically aimed at the supreme powerhouse!”

...

“what???”

After listening, the man’s face changed drastically.

An unbelievable look.

“There is this weapon?”

“Wrong, we witnessed it with our own eyes! A supreme-level powerhouse was beaten and disappeared by this weapon! Even the corpse can’t be left! Even the soul consciousness is defeated!”

“The chief engineer who designed this weapon said that this weapon is based on a one-point explosion, and no supreme powerhouse can stop it unless the realm is very high!”

“Once it is put into use, it will be a devastating blow to the Supreme Power!”

...

After listening, the person felt more shocked.

“Once it is used in the battle against Erudia, can all Erudia Supreme Powers be bombarded to death?”

The man asked quickly.

“Wrong! This is the result of our loss of Supreme-level powerhouses! If used in large quantities, Erudia’s Supreme-level powerhouses will be useless, let’s kill one by one!”

Several people from Sanxing Group laughed.

“That’s great! Where is this weapon? Did you make it? We will get it at all costs!”

The Alliance Army liaison began to get excited.

“It’s not us, it’s made by a company in Erudia! But we supported Xu Zhengjie, who runs this company!”

“However, we have provided them with a lot of technology and money. It is not impossible to get this weapon, and even mass production!”

“Okay, then this matter will be left to you. You must take it, if you have any needs, just say it!”

“Okay, then we are happy to cooperate!”

...

A conspiracy was achieved.

Erudia faces greater danger.
