

The Return of the God of War [The Protector]

Chapter 1661

CHAPTER 1661

“At present, the strongest is the enemy in the west! Next, in the east, the north and south are slightly weaker, but they are also extremely powerful!”

“The enemies in the southern waters seem to be able to control the sea, and the enemies in the snow-capped mountains in the north seem to be able to control ice and snow!”

“They have too many supreme-level powerhouses! They are all over the world, they can’t stop them at all!”

“They have different skin colors, they are not from a certain country, but from all regions of the world! It seems to be a coalition formed by the supreme powerhouses!”

...

Messiah also moved quickly and quickly checked out the enemy’s general information.

“Listen to everyone, Erudia is facing an unprecedented crisis! It can even be said to be an epic disaster!”

“The strength of the enemy is too great! The gap is too big! We don’t even know who the enemy is!”

“But now the enemy is near the city! The second line of defense is about to be broken, and the third line of defense is also in danger!”

“But Erudia never admits defeat! Even if the enemy is strong, we must use our sword!
We must use all our strength to stop the enemy! Don’t let

Erudia fall into dire straits!”

.....

Everyone present was ignited.

“We are bound to do our best to protect Erudia!!!”

“Send an order, Xiao Feng and other Qianlong plan a hundred people and Zhentian
Temple, as well as the nine heavenly kings and their armies to

go to the east immediately! By the way, send another guardian deity to go!”

“Order the medical king family to lead half of the supreme powerhouses under Messiah
to the west to stop the enemy!”

“The rest are divided into two armies, and the two great protectors of the country, Dai
Lin, will go to the north and south to support! Then send out

all the weapons and equipment at hand to support the four major war zones!”

...

For a time, all the forces reserved by Messiah attacked and supported.

An unprecedented battle is about to unfold.

“Today is the wedding of the young master of the medical king family, can it work?”

“Now the eyebrows are burning, what kind of wedding? Let the medical king family join
the battle!”

In the wedding car.

There was a smile on Wang Qingyu’s mouth.

He finally got Xiao Qin.

Xiao Qin met all his requirements.

The key is Xiao Qin can also help him improve his strength.

Xiao Qin felt Wang Qingyu's hot gaze, and she was very bored and disgusted.

But considering Levi Garrison's safety, Xiao Qin still gritted her teeth and clenched her fists tightly.

"Xiao Qin you will be the young lady of the medical king's family from now on! I will treat you well!"

A touch of greed flashed in Wang Qingyu's eyes.

Soon, everyone came to the wedding venue.

All the senior members of the medical king family gathered together, and many of them came to join in.

The status of the medical king family is very high.

The scene is extremely hot.

Levi Garrison and others also attended the wedding as a family member.

The family of medical kings performed in the way of ancient weddings.

Xiao Qin and Wang Qingyu want to worship heaven and earth and Gaotang and so on.

Although Xiao Qin was reluctant in every possible way, but for Levi Garrison's safety, he could only worship Wang Qingyu.

The wedding takes place.

"Wow!"

The moment when Xiao Qin and Wang Qingyu stood together, they were about to kneel down.

Xiao Qin's heart is dead.

As long as she kneels, she has no hope.

She is equivalent to marrying Wang Qingyu, a husband and wife.

For brother-in-law!

Bye!

Xiao Qin slowly bent down and knelt...

"boom!"

Just at the juncture.

There was a sudden noise.

"It's not good, the big thing is not good! Erudia is in crisis and is under attack from all directions! Erudia's biggest disaster is here!"

Chapter 1662

CHAPTER 1662

One person rushed over in a hurry, telling everyone the message with his throat.

The language is not surprising and endless.

The words came out.

The expressions of everyone in the room changed drastically.

“Papa, puff!”

The cup of tea in the hands of the master of the medical king family fell to the ground.

Xiao Qin and Wang Qingyu also stopped abruptly.

“what???”

Levi Garrison was shocked.

Although he had expected it, he did not expect it to be today.

On the day of Xiao Qin’s wedding, they launched an attack.

Zoey and many of his maidens looked at Levi Garrison in surprise.

He really got it right.

Today is indeed not a good day.

Such a big thing happened!

Erudia was attacked? Stuck in the biggest dilemma?

“This, this...what the hell is going on? Who is so bold to attack Erudia!”

Everyone feels about to split.

“I don’t know who the enemy is yet? I only know that there are enemies in all directions, and they are especially strong. Countless supreme-level

powerhouses are attacking Erudia dead!”

“It is estimated that all Erudia soon, the whole world will know!”

The person who came to report the message said helplessly.

At this time, a helicopter came outside.

Several people came from Messiah.

“The medical king is not good! Now Erudia’s peripheral enemies are attacking wildly! Please also ask the medical king family and the seniors to

preside over the overall situation! The Messiah has made arrangements, and the medical king family and the seniors and half of the supreme powers

under Messiah You can go to the Western Territory Theater for support!”

“This order is urgent! I hope the Doctor King will leave immediately!”

“One second late, Erudia will be a minute more dangerous!”

...

Messiah didn’t dare to directly order the medical king family.

Instead, use a negotiating tone.

After Messiah conveyed the order, he left immediately.

They have other tasks.

But the wedding scene was deadly silent.

Especially Wang Qingyu was dumbfounded.

Such a thing happened at his wedding.

“Grandpa, let’s just leave it alone? Let’s have the wedding first!”

Wang Qingyu pleaded.

The same is true of most people in the medical king's family.

After all, they and Messiah are cooperative.

They don't do this desperate thing to die.

After thinking about it for a moment, the medical king shook his head: "No! The medical king family and its affiliates must join the war! It's about the safety of the summer, and it's also about our medical king family!"

Nowadays, the family of medical kings and Messiah are a community of interests.

If Erudia is in distress, the current status and resources of the medical king family will no longer have.

If they want to keep what they have now, they have to go to war.

"Hey! This thing!"

Although Wang Qingyu and others were unhappy, they could only participate in the war.

"The marriage is over, we'll talk about it when we come back!"

"I am still one of Erudifeng's four great protectors of the country, and I must personally take people there!"

"The medical king family immediately prepared, and follow Messiah's instructions!"

...

After the marriage ended, he went directly to the battlefield.

Xiao Qin was surprised and delighted.

However, after Xiao Qin glanced at Levi Garrison, he asked Qin Beishan: "Master, I also want to go to the battlefield! My dream is to be a military

doctor!"

"go Go!"

Qin Beishan smiled.

Had he not been a little older, he would have gone.

About a few hours later.

The news that Erudia was attacked by foreign enemies spread.

The streets and alleys are full of messages of disaster in Erudia.

News from newspapers and major websites are flying all over the sky.

"Erudia has suffered a catastrophe that has not been seen in hundreds of years!"

"National disasters are at stake, and everyone needs to unite to resist foreign enemies! Erudia will win!"

The Return of the God of War [The Protector]

Chapter 1663

CHAPTER 1663

Everywhere in Erudia, there were panic, calm, and excited.

Some are clamoring to go abroad for asylum, and some give up Erudia nationality and join another country.

Especially after receiving the message, many celebrities and wealthy people left Erudia for the first time and sought refuge abroad.

There are negatives, and there are negatives.

Naturally there are positives too.

And it is the overwhelming majority!

There were enthusiastic youths clamoring to go to the battlefield, and there were also veterans who picked up their sabers again.

There are angels in white rushing to the battlefield, and there are also vehicle teams that spontaneously transport supplies.

All of Erudia became active in an instant.

Everyone is working hard for Erudia.

Even if everyone's contribution is trivial. m.bg.

But these forces gather together, it is the vast ocean.

An immortal nation and a powerful country are never powerful because of a single person.

It is the strength that unites all people and is the most powerful.

...

At the moment when the disaster came, the soldiers of Erudia did not fall, and the people of Erudia did not fall even more.

Erudia's tenacious will and hard-working spirit are vividly manifested at this moment.

Erudia can't be defeated!

Even if the enemy is very different!

But the victory is Erudia after all!

No matter how strong you are, you cannot defeat this tenacious nation!

Because this nation is too tenacious!

The broken bones and the stubble are all directed at the sky!

This is not available elsewhere!

This is Erudia!

A heroic country!

Now all Erudia has exploded.

The same goes for Jiangbei.

Zhao's house.

"Now that the national disaster is at stake, we can't ignore it! We must also do our best!"

Although Wu Mulan and Zhao Jianguo made things difficult for Levi Garrison before.

But at the moment of the Great Xia crisis, it still showed the righteous side.

"I voluntarily joined the battlefield! I will do my best for Erudia!"

Zhao Yuan was the first to stand up.

"Okay, then my Zhao family will pay for supplies and provide full support!"

Compared to Zhao's enthusiasm.

There was dead silence on the Li family's side.

When danger comes, they think about how to protect themselves.

All thinking about the way out in the future.

Even Li Songkui, Zhang Wentao and others are already god-level powerhouses.

Possess a lot of resources for combat skills and cultivation magic medicine.

But they hide like ordinary people.

"The ability I've acquired can't be wasted in vain! I also want to go to war!"

"Sister-in-law count me! I'll go too!"

Zoey and Mia will also go to the war.

"Parents don't agree with you to go! What should the children do if you leave? Levilia is still so young!"

"Yes, if you want something good or bad, what shall we do?"

Li Wenyan and Zhao Yalan firmly disagree.

"Parents, the national disaster is at the fore! If the country is dead, can there still be a family? If everyone thinks like this, can Erudia still be able to

keep it?"

"If Levilia is not too young, I would like to take Levilia to the battlefield together!"

Zoey argued.

"Hey!"

Many people sighed.

This is a cruel war!

Sometimes the elderly and children are also forced into the battlefield...

There is no way!

“Levi Garrison, what are you doing???”

“Your wife is going to the battlefield. How old are your children! Are you a big man so calm?”

“Yes, fortunately, you used to be the god of war in , so you are afraid of fighting against a hundred countries, you are unparalleled! You are

born in a good age!”

“When the real crisis comes, you are nothing!”

“Yes, what can you do in the age of warriors? What can you do to protect your wife and children? What do you use to protect your country?”

The Return of the God of War [The Protector]

Chapter 1664

CHAPTER 1664

Everyone pointed the finger at Levi Garrison.

Even Li Songkui who was hiding in hiding was also accusing Levi Garrison.

Everyone is on the same moral high ground.

“You don’t even dare to fart at a moment like Levi Garrison! Are you a man? Are you Erudia’s warrior? What are you protecting?”

Suddenly Levi Garrison’s eyes burst into cold light: “Guard with your fist!”

“Hahaha...”

Everyone was taken aback first.

Then everyone burst into laughter.

Are you an ordinary person holding a fist?

It’s hilarious!

“Zoey, sister, you haven’t practiced at home yet, you don’t need to go, I can go!”

Levi Garrison approached.

“Huh? Are you going?”

“Then why don’t you go now?”

Everyone questioned.

Levi Garrison sneered: “I’m waiting for someone!”

“Hahaha, dare not go or dare not go, I didn’t find an excuse like that!”

Zoey ignored the others and insisted: “Levi, let me go now, you are optimistic about the child!”

Mia also echoed: “Yes, don’t worry, brother, we have nothing to do! Master taught us how to escape!”

No one can stop the tempers of these two people.

I'm going.

At this moment, the people from Wushuang City came.

The third elder of Zoey's master, directly said: "Wu Shuang City ordered that no one can participate in the disputes of Erudia."

"Go, you two will go back with me!"

Wushuang City had just received the message that the evil sects and crooks who had been overwhelmed by the Domination Alliance issued

a warning to the martial arts world.

If that force or warrior participates in the dispute between Erudia and the Domination Alliance, they will be hunted down collectively.

These crooked ways are all stronger than the Black God Sect.

Almost every force has a supreme-level Sixth Heavenly Powerhouse in charge.

Plus their dozens of evil forces unite.

Who is not afraid of Erudia's warriors?

Wushuang City is even more scared.

If you provoke these evil clans, you will be wiped out every minute.

So Wushuang City gave this order deliberately.

Let the three elders take Zoey and Mia away.

They have a genius like Levilia, so they can hide and store their strength.

Why go to participate?

In this way, Zoey and the two were forcibly taken away.

At this time, there are constant messages coming.

All the second line of defense was breached.

The third line of defense has also been smashed.

The fourth line of defense is also threatened.

The reinforcements sent by Messiah finally arrived and fought against the enemy.

Messiah was also idle, and continued to win over Erudia's supreme powers and forces.

Actively persuade them to join Erudia and resist foreign enemies together.

But the evil folks have warned them a long time ago, and few people can agree to them.

In the ancestral home of the Li family.

Levi Garrison was still waiting.

There was more and more ridicule around.

"Levi Garrison, can you look like a man?"

Zhang Wentao pressed.

Levi Garrison was happy: "You talk about me day by day, what about yourself? Why don't you go to the battlefield?"

"We...we are different from you!"

"What's the difference? Aren't they all of Erudia's people?"

Levi Garrison asked rhetorically.

"Yes, we are the citizens of Erudia, Erudia should protect us. But you used to be Erudia's God of War, and a veteran like you should be on the

battlefield at this time!”

“Hahaha, what a double standard! Keep talking about others, but when it comes to yourself, it’s another rhetoric!”

Levi Garrison laughed wildly.

At this moment, there was a loud rumbling noise outside.

“Please come out of the mountain side by side!”

The Return of the God of War [The Protector]

Chapter 1665

CHAPTER 1665

This sound penetration is extremely strong.

All over every corner of Li’s ancestral home.

Everyone was shocked by this huge sound, and they all came outside the house of Li Jiazhu.

“hiss!”

Seeing the scene before him, everyone gasped.

Because outside the Li family’s ancestral home, there are densely packed soldiers...

Can’t see the head at a glance.

Looking at the flying flags, everyone recognized that this was the one hundred thousand Iron Brigade.

Next to him are Ray's Shura Army and Fan Shengnan's Great Wall Army.

Azure Dragon, Qilin, White Tiger...

Heavenly Tribulation and Eighteen Horses;

Dragoon

Ghost army

Heavenly Army, Earth Army, Xuanzi Army, Yellow Army;

...

Familiar faces.

A hot-blooded man.

Once they followed the God of War battlefield to kill the enemy.

But the times have changed, after the era of warriors.

These modern armies have all been abandoned, and few people can remember them anymore.

They almost disappeared from public view.

These are all undefeated teams!

But now the national crisis is at stake.

They stood up again.

Even in the face of powerful warriors, they resolutely wanted to fight.

Everyone has the same idea-to shed blood and sacrifice for Erudia!

Shocked!

Everyone in Jiangbei was shocked by the army in front of them!

“Three hundred thousand troops, please go out of the mountain to protect Erudia and repel foreign enemies!”

The 300,000 army knelt down to the ground and shouted together.

Today's main forces are all warriors, especially those who take the lead are the powerhouses of the supreme fourth and fifth heavens.

They are completely ignored!

The significance of their existence may be the human sea tactics...

But they still have to fight!

The Thirty Army must be led by a coach.

They chose Levi Garrison.

In their minds, he will always be the undefeated God of War!

Hearing Thunder Wanjun's voice, everyone in the Li family was almost dumbfounded.

This this this...

At this time, Levi Garrison walked out slowly.

The 300,000 army cheered.

Li Wenyuan and Zhao Yalan are stupid.

At this moment, Levi Garrison seemed to have light!

This ordinary person is so shining!

Levi Garrison looked at everyone and sneered: "Who said that Levi Garrison didn't dare to participate in the war? This is what I'm waiting for!"

"Listen to my orders, all stand up!"

Levi Garrison shouted.

"?!"

Three hundred thousand troops got up together.

Everyone looked at Levi Garrison with fiery eyes.

Some soldiers recalled the bloody scenes of that year and couldn't help crying.

Finally one day, they were able to fight side by side with Levi Garrison again.

"From now on, restore Comrade Levi Garrison's identity as a king by the side! Leading the Iron Brigade to quickly support the front line!"

Messiah also came to order immediately.

Even if Levi Garrison was an ordinary person.

He was the coach and had the ability to command wars, and Quan Erudia couldn't find a second one.

Therefore, Messiah hurriedly let Levi Garrison lead the army to counter the super-powerful fighters with modern combat methods.

Trying to open up a piece of world...

"Brothers, our enemy is stronger than ever before, are you afraid?"

Levi Garrison asked.

“Don’t be afraid!!!”

The answer to him was a series of firm voices.

All soldiers regard death as home.

“From now on, you are no longer someone’s father, and no longer someone’s son. You are Erudia’s warriors! All you have to do is fight the

invaders back!”

Levi Garrison roared.

“Zhanzhanzhan!!!”

“Listen to my order and set off now!”

Levi Garrison gave an order.

Three hundred thousand troops set off together.
