

The Return of the God of War [The Protector]

Chapter 1351

CHAPTER 1351

“Yes, Levi Garrison, don’t you say that this path is dangerous? We have walked out safely! Where is the danger?”

“Also make us divert? Are you crazy?”

Several people from Fire Phoenix shouted coldly.

The four members of the wolf group and dozens of secret whistles also laughed out loud after learning about the incident.

“Do you really treat us as fools? The area around this road is under our control, there is no danger in any way!”

“Are you here to find a sense of presence? This time escorting you has no effect!”

...

“Do you still think the proposal you just said is right?”

Several people asked Tyrannosaurus.

Levi Garrison nodded: “Yes, I firmly believe that this road will go wrong! So I asked you to change the road just now!”

“I really took it! Throw him here? Let him go back in a wheelchair by himself!”

Tyrannosaurus almost exploded in anger.

“Yes, I also think throw him here!”

Other people think the same way.

Levi Garrison repeatedly provokes their majesty!

“Forget it, just complete the task, there is no need to influence trivial things!”

“Yes, the first task is to send it back!”

Bing Phoenix persuaded.

Everyone just gave up.

“Okay, go ahead! It’s safe to arrive in the capital, and it will be a success if it is handed over to Messiah!”

The convoy, wolves and secret whistles moved forward.

Now it has entered the boundary of the capital.

Everyone is laughing.

In their concept, no one would do it in the capital.

Capital = Forbidden Land.

This concept is really wrong.

When Levi was the god of war in Erudia, every inch of land in Erudia was forbidden.

Not to mention the capital of the top priority.

The long road ahead is unmanageable.

It’s even impossible to do it in Oakland City!

But it’s just a concept, not a fact.

“Swish swish...”

In the next second, bursts of raging roars suddenly came out in the air.

“boom!”

“boom!”

“boom!”

...

I saw big buckets thick trees shooting from all directions.

Hit on a modified off-road vehicle and almost overturned the car.

“puff!”

“puff!”

“puff!”

...

Many secret whistles were hit and vomited blood to death on the spot.

The four wolves in the surrounding wolves were more or less injured!

Three high-speed cars were forced to stop abruptly.

This scene was caught off guard and happened instantly.

Tyrannosaurus face changed drastically.

Zhanhu’s face changed drastically.

Ice Fire Phoenix’s face changed drastically.

...

Everyone's complexion became extremely pale at this moment.

Someone really did it?

Let Levi Garrison get it right...

This is the boundary of the capital!

Known as the forbidden area in the forbidden area!

Still choose to do it during the day...

Thousands of kilometers of road and the timing of heavy rain at night, they did not choose to do it, but chose to do it in the capital openly.

This is unexpected!

This is a possibility they never thought of!

Even Messiah didn't think of it.

Otherwise they had sent someone to greet them at the entrance of the capital.

The main owner believes that the capital is safe.

No one would dare to fight in the boundary of the capital even if he was killed.

But he has the courage.

It happened to be in the boundary of the capital.

Open hands...

The four members of the Feng group's eyes fell on Levi Garrison with complicated eyes.

He was really right...

The key is that he persuaded in advance.

If he listened to him at that time and changed his course in time, these enemies would fall through.

They will complete the task silently!

There will be no casualties!

God!

What a god!

How did Levi Garrison anticipate the danger on this road?

The Return of the God of War [The Protector]

Chapter 1352

CHAPTER 1352

regret!

I regret it!

Let the enemy hit a surprise!

This time the damage is heavy!

At least the wolf group and the dark whistle are seriously damaged...

At this moment, they also understood why Messiah would send Levi Garrison.

What do they mean by command?

Even if Levi Garrison was absent from the shocking force.

But his head is still there.

It's definitely a military division level.

The faces of the Phoenix people were hot...

A moment ago, they were still humiliating Levi Garrison.

It was fulfilled a moment later.

But now regret has no use.

"Everyone protect things and never lose them!"

Tyrannosaurus and Zhanhu have rushed outside to meet the enemy.

"How about casualties?"

Tyrannosaurus checked the casualties.

"Four people in the wolf group were slightly injured, twelve people were killed and four people were killed in the secret whistle, and the other eight people were all injured!"

Mountain wolf said.

"Zhanhu, Ice and Fire Phoenix, you are optimistic about things! I will deal with the enemy!"

Tyrannosaurus led everyone to watch the surroundings vigilantly.

The smoke in the mountains and forests on both sides is not heavy, but it gives people a feeling of fear.

“Where is the bolder? Dare to rob things in the capital?”

The Tyrannosaurus roared.

“boom!”

The next moment, a killing aura surged.

From both sides suddenly appeared masters wearing various masks.

“Chichichichi...”

They are in the shape of electricity, and they shoot out of the abyss like a dragon.

“puff!”

“puff!”

“puff!”

...

In one round of attack, all the other eight people in the secret whistle fell.

Fortunately, the four members of the wolf group are stronger, otherwise all the heads will fall to the ground.

The enemy appeared.

But it brought death threats to everyone in Tyrannosaurus...

Strong!

Extremely strong!

But the truly terrifying people are still behind, and those wearing masks in front have given way.

Four people appeared from behind.

As soon as these four appeared, the Tyrannosaurus people took a breath.

“It turned out to be you!!!”

The Fire Phoenix exclaimed.

The four old men looked at each other and laughed, “Haha, I didn’t expect anyone to recognize us!”

, a renegade butcher who is a traitor of the East Erudia Sea!”

“Tang Yulong, the hidden weapon of the traitor of the Western Shu family!”

“Fan Dongsheng, the traitor poisonous Yama of the Southern Frontier clan!”

“Chen Yuezhen, the traitorous king of swordsman of Beiliang Clan!”

The Fire Phoenix called out their names one by one.

As an intelligence agency under Messiah’s command, Feng Group naturally controls world affairs.

Especially these four people in front of me.

They are even more familiar.

Because of notoriety!

Everyone is extremely cruel, doing all bad things.

It is the demon that everyone fears.

They all entered the WTO privately, ignoring the agreement of the four main gates nearly a hundred years ago, harming the world and causing disaster.

He was hunted down as a sinner by Erudia.

Listed as a traitor by the four main gate lords.

But these four people are too strong, and they are all top in the four gate valves.

It's hard to catch.

After exhausting manpower and financial resources for several years, I was not caught...

However, the four of them were also forced to hide from the world by Messiah and disappeared for decades.

Unexpectedly, it will appear at this time.

What is even more frightening is that the enemy can call these four.

At the beginning, Messiah tried hard to catch it.

If caught, it must be imprisoned in the highest-level and most mysterious prison.

Now someone ordered them to do something!

This is also terrible!

"We are not opponents! There is only dragging now!"

"Some people drag, some protect things, and then wait for the rescue to come!"

Encountering these people, Tyrannosaurus and the others did not even have the courage to fight.

He can only procrastinate.

"Give us things! We promise not to kill you!"

The Return of the God of War [The Protector]

Chapter 1353

CHAPTER 1353

The other three smiled and said: "Yes! Don't think of other tricks! No use! Before your reinforcements arrive, we can definitely kill you and take things away!"

"It's better to hand over it obediently, we only need things, not human life!"

In their view, stealing things is just a momentary thing.

"Don't think about it!"

"Take things away from us? Are you joking?"

Tyrannosaurus sneered.

Zhanhu roared: "Yes, it's not wrong! Let's rely on real skills for things!"

Sixteen masters in the four major groups are ready to die.

But everyone understands.

The opponent is too strong.

It will take a long time for reinforcements to arrive. ..

They are in danger during this period.

It is possible that the thing has been robbed.

"At the beginning we should have listened to Levi Garrison, and there is no such thing as a change of course!"

Bing Phoenix said dissatisfied.

“Yes, he expected it! But in that case, who could have predicted it?”

The Fire Phoenix said dissatisfied.

“Also, Levi Garrison should insist on changing his course just now! You see that he compromised again later! It means that he himself is not firm!”

“If you want to blame this thing, you must blame Levi Garrison for causing us to lose so many people!”

Other humane.

Levi Garrison kindly reminded him, but it turned out to be his fault.

“Wrong! He also said casually! Besides, it’s time to really use him, how about him? Can sitting in a wheelchair help us?”

“Isn’t it a burden now?”

“Listen to my orders, no one can protect Levi Garrison later! Only responsible for things!”

Tyrannosaurus ordered.

“Then you are looking for death!”

“Kill!”

The four demon heads led all the mask masters to kill together.

All the tyrannosaurus rushed forward and fought together.

As soon as the two sides played against each other, they felt a huge gap.

The fighting power of these sixteen people of Tyrannosaurus is equal to those of the masked masters.

But they still have four big monsters here...

They are the point!

But who can stop it?

The opponent's offensive was impenetrable.

They have no way to break out with something.

In layman's terms, you can only wait to die.

The battle between the two sides has become fierce...

The four members of the wolf group were knocked to the ground first.

Immediately afterwards, the three of the Dragon Group couldn't support it.

In the end, the tiger group and the phoenix group all fell to the ground.

In the end, only Tyrannosaurus, Zhanhu, Ice, Fire and Phoenix were left to hold on to things.

But the four of them were already seriously injured.

"Hand over things?"

"At this time, what are you still resisting?"

Feng Buqun, a 10,000-person butcher, and Chen Yuezhen, the king of swordsmen, came step by step.

"Impossible! Even if things are destroyed, they won't be given to you!"

The Tyrannosaurus shouted.

"Hurry up and activate the destruction device! Destruction can't fall into the enemy's hands!"

Ice Fire Phoenix takes the box to operate.

“Chichichichi...”

But in an instan

t, a hidden weapon struck, shooting everyone’s wrists and arms.

“Uh...”

Everyone screamed.

The box in his hand fell to the ground.

Several people in Tyrannosaurus no longer have the ability to control it.

Poison Yama Fan Dongsheng came over and wanted to pick up the box.

The Tyrannosaurus people tried their best to stop them, but they were all knocked to the ground in an instant.

Several people struggled to get up, unable to get up at all.

Can only watch Fan Dongsheng pick up the box.

The fighting time is too short.

Not enough to get reinforcements here.

Watching the pace of Fan Dongsheng’s departure.

The Tyrannosaurus people are desperate.

Their mission failed.

“The things are in hand, let’s leave!”

“Have you asked me about things?”

Suddenly, a voice came from inside the car.

The Return of the God of War [The Protector]

Chapter 1354

CHAPTER 1354

The four demon heads and mask masters are all leaving.

I didn't expect a voice to come...

"Huh? There are still people?"

Poison Yama Fan Dongsheng said curiously.

Everyone stopped and looked into the car.

The eyes of the dying tyrannosauruses who were lying on the ground flashed a touch of anger.

This is the time, what else do you add to the chaos?

Do you think you are living too long?

Everyone is gone.

You are out of the limelight and want to give away a person.

"Idiot!"

"What an idiot!"

The Tyrannosaurus scolded.

Soon, everyone opened the door and saw Levi Garrison sitting in a wheelchair.

"You? So familiar!"

Toxic Yama Fan Dongsheng was surprised.

“Former Erudia war god Levi Garrison!”

Overlord called out Levi Garrison’s name.

Levi Garrison smiled.

Sure enough, as he expected.

He got in the way of the dark forces like Erudia.

“Why didn’t you find him just now?”

“What? Are you going to stop us?”

Feng Buqun, a 10,000-person butcher, sneered.

“No, just kill you!”

Levi Garrison smiled indifferently.

The gene liquid medicine and the lives of these people are dead for him.

“Puff!”

The four demon heads and other mask masters all laughed out loud.

This is simply a dream!

Levi Garrison, a person in a wheelchair, kill them?

How can it be?

Even if he was the Erudia God of War at his peak, the four demon heads were not afraid.

Not to mention now.

"It's really looking for death!"

"It's so stupid, it's a burden!"

The Tyrannosaurus scolded.

Originally, the mission failed and things were lost, and the mood of the few people sank to the bottom.

Now that Levi Garrison did such a stupid behavior, everyone was going crazy.

The hidden weapon prodigy Tang Yulong smiled: "You are all disabled, what do you use to kill us?"

"Who told you that I am disabled?"

Levi Garrison said with a smile.

The language is not surprising and endless.

The words came out.

Everyone present was stunned.

The four demon heads and the masked masters had weird faces, chewing on the meaning of Levi Garrison's words.

As for the Tyrannosaurus people looked at each other, everyone showed an incredible look on their faces.

Could it be...

"you....."

Poison Yama still didn't say a word, but Levi Garrison stood up.

He got out of the car.

Steady footsteps, where's a little useless?

"Boom!!!"

Everyone is going crazy if they are struck by lightning.

Deceived!

Everyone was deceived!

It turned out that Levi Garrison had nothing to do.

Everything is a scam!

The eyes of the Tyrannosaurus people were about to fly out.

Until this moment, they did not understand Messiah's intention.

Messiah is not a fool.

How can such an important task be a burden?

The fact is that Levi Garrison's body has recovered!

The complexion of the four demon heads changed.

Some things seem to come to mind.

Many forces at home and abroad have been eliminated recently.

Their inquiries were made by the one-word king who had just taken office.

Now it seems...

"Levi Garrison turned out to be something wrong with you! You deceived everyone!"

Poison Yama sneered.

“Otherwise, how can you show your feet?”

Levi Garrison smiled.

However, the four demon heads looked fearless: “Even if you recover? What if you reach the previous peak?”

“We are not afraid of you!”

“It’s only a matter of time before you kill you!”

The four demon heads and all mask masters are the pinnacle of combat power.

Fearless on his face.

Everyone in Tyrannosaurus panicked.

I saw a little light of hope.

But even if Levi Garrison recovers, he is not the opponent of the Four Demons.

The Return of the God of War [The Protector]

Chapter 1355

CHAPTER 1355

The strength of these four is unfathomable, and they are definitely not the enemy of the Erudia God of War at his peak!

Otherwise, the four demon will not be listed as the ultimate sinner by Erudia to hunt down!

In addition, there are a group of mask masters with unknown strength.

How to fight this?

More powerful than thousands of troops!

Levi Garrison is alone.

The same is also going to die!

What's the use...

Hope is also desperate!

The tyrannosaurus smashed the ground with their fists.

They are not as good as others! ..

They are too trash!

"Now you have two options in front of you-"

"First, surrender on your knees and hand over things!"

"Second, I will kill you guys to get things back!"

"Choose one! I suggest you choose the first one!"

No one would have thought that Levi Garrison would say these words calmly.

"Ok???"

Everyone was taken aback.

Did you make a mistake?

Levi Garrison is clearly in danger, right?

Why is it the other way around?

Instead, Levi Garrison gave them a chance.

Is this Levi Garrison stupid?

Even the Tyrannosaurus felt so.

Did Levi Garrison not figure out the situation?

Several people in Poisonous Yama were also very angry.

Never seen such an arrogant young man.

“Presumptuous! You provoke us?”

The four demon heads were blown up.

“Four adults, Levi Garrison is delaying time, right? Let’s fight quickly!”

Seeing this, a mask master couldn’t help reminding.

“Yes, this kid is probably delaying time!”

“Kill him! Let’s go quickly!”

Toxic Yama gave an order.

More than 20 mask masters rushed to Levi Garrison.

These twenty-odd people are all first-class powerhouses, and they were unscathed in the first battle.

Tyrannosaurus they dare not watch the next battle.

If Levi Garrison had an accident, they would fail completely.

Levi Garrison, don’t die!

Everything is dead!

“No one can go!”

Levi Garrison grabbed a saber casually and said coldly.

“Boom!”

In the next moment, he turned into a flash of lightning, pulled out afterimages, and shuttled among the crowd.

“Chichichichi...”

A ray of Dao Senhan’s blade flashed.

In an instant, Levi Garrison passed through the team of more than twenty people and stopped in front of the four demon heads.

Everyone was stunned.

In the next moment, more than 20 masked masters suddenly shot bloody arrows and fell to the ground one after another.

There is a thin blood stain on their necks!

“This.....”

The four demon stunned.

The members of the four major groups including Tyrannosaurus were all stunned.

so horrible!

Kill more than 20 masters in one move!

Tyrannosaurus they just fought against each other.

In addition to the four demon heads, these twenty-odd mask masters, they just got a tie.

Doesn't it mean that Levi Garrison kills the ** masters of their four major groups in one shot.

This is too scary, right?

Just now everyone said he was a burden!

I don't think they are the real burden, waste!

There is no Levi Garrison.

Their mission will definitely fail!

Now there is Levi Garrison, and there is still a glimmer of hope.

"As expected to be the Erudia God of War! Sure enough, there are two times! But we have eaten more salt than you have eaten!"

"What are you using to fight us?"

Each of the Four Demons is a master-level powerhouse for nearly a hundred years.

It is equivalent to the existence of four Hamdan Demon Sword level!

He can kill a demon sword!

Four demon knives are fine too!

"Hurry up and kill the Erudia God of War! Take your things and go back. It is not appropriate to stay here for a long time!"

Overlord Chen Yuezhen said solemnly.

"kill!!!"

All four moved.
